menstrual cycle & hormonal variations & behavioral tolerance to alcohol, blood alcohol discrimination ability, 18–30 yr old females, 6133
morphine, behavioral tolerance & sensitization, hamsters, 30292
naloxone & development of morphine tolerance, effects of ECS vs footshock stress on inhibition of recurrent kindled seizures elicited by amygdaloid stimulation, male rats, 11549
naloxone, LSD effects & development of tolerance, monkeys, implications for etiology of schizophrenia, 27592
neonatal administration of monosodium glutamate, morphine induced analgesia & tolerance development & weight & hypoactivity, rats, 24788
neurochemical characteristics of opiate tolerance & dependence, 31031
neuropharmacology of drug tolerance & dependence & abuse, 31011
nicotine & dextroamphetamine, intracranial self stimulation of medial forebrain bundle, male rats, 24730
operant & classical conditioning, alcohol tolerance, college students, 24794
operant conditioning, behavioral tolerance to ethanol & muscarinic cholinergic receptor binding, male rats, 5875
opiate-mediated control of luteinizing hormone & development of narcotic tolerance & dependence, male rats, literature review, 30211
opioid-neurotransmitter interactions, analgesia & drug dependence & tolerance, conference presentation, 30250
opioid receptor mechanisms in morphine tolerance & dependence, guinea pigs, 30293
oxytocin & Z-prolyl-dextro-leucine, role of limbic system in morphine tolerance & dependency & withdrawal, male mice, 30258
perinatal caffeine treatment, tolerance to caffeine induced & spontaneous locomotor activity, 24878
phenomenology & basic mechanisms of drug tolerance & dependence, application to drugs of abuse, 31049
prazepam & lorazepam, anxiolytic effects & tolerance, 18–70 yr old patients with neurotic anxiety, 26154
priming model of habituation of A. R. Wagner, development of tolerance to morphine, 15275
prolonged exposure to nicotine vs footshock stress & exposure to novel stress, pituitary-adrenocortical response, rats, 3415
psychodynamics of alcohol tolerance & dependence, 6921
repeated cannabinoid & marihuana treatment, CNS sensitivity & tolerance & auxoesthesia, 30253
repeated exposure to high concentrations of toluene, tolerance & reverse tolerance & open field behavior, male rats, 22173
repeated high doses of phencyclidine, drug tolerance & depletion of catecholamine stores, rats, 13914
role of drug associated environmental cues, heroin overdose, former heroin addicts who had survived overdose, 28357
role of dynorphin in brain in development of narcotic tolerance, 30261
role of learning in development of ethanol tolerance, animals, criticism of study by J. R. Wenger et al, 9026
role of learning in development of ethanol tolerance, animals, reply to criticism by B. Tabakoff et al, 9038
sedative effects & tolerance, chlordiazepoxide & lorazepam, rats, 6120
self administration of ethanol, sensitivity & tolerance, genetically heterogenous mice, 16785
single-dose tolerance to diazepam-induced neurologic deficits assessed by rotarod test, male mice, 3453
sodium & potassium adenosine triphosphatase activity hyposensitivity in brain membrane & cell fluidity during development of functional tolerance to ethanol, male rats, 8933
stress, morphine-induced hypothermia, rats, implications for drug conditioning & tolerance development, 27671
systemic atropine sulfate vs nitrate, memory of positively rewarded discrimination response, male rats, 22178
time interval between sequential exposures to ethanol, development of tolerance indicated by sleep, female mice, 3445
tolerance induced by ethanol alone vs with norepinephrine, differential sensitivity to inhibition of adenosine triphosphatase in different brain regions, male rats, 27632
tolerance to neuroleptic drugs, rate of eye blink, psychiatric patients, 7464
tolerance to vs dependence on vs pharmacodynamic effects of barbital, drug-taking behavior, male rats, 6135
tripelennamine in conjunction with pentazocine, potentiation of antinociception, morphine-tolerant vs drug-naive mice, implications for drug abuse by heroin addicts, 6166
unidirectional non-cross-tolerance to etorphine analgesia, morphine-tolerant male rats, implications for independence of tolerance & dependence, 27636
usual vs alternative drug-administration environment, drug tolerance, 9022
2- vs 4-hr iv infusion schedules, induction of physical dependence on ethanol & withdrawal reaction, male rats, 11610

Drug Usage [See Also Alcohol Drinking Patterns, Drug Abuse, Drug Addiction, Drug Dependency, Marihuana Usage, Tobacco Smoking]

alcohol & drug usage, medical students & hospital interns, India, 31923
alcohol & drug use, patients aged 65 yrs & older, 17415
alcohol & illicit drug use, incidence of alcohol related consequences, 14–15 yr olds, Scotland, 3731
alcohol & marihuana use & abuse, 23–37 yr old regular marihuana users, 6–7 yr followup, 20430
alcohol & marihuana use & self rated adjustment to conditions & peer evaluations & personality correlates of adjustment in isolated work groups, 24–58 yr old research station personnel, Antarctica, 29534
alcohol & nicotine & marihuana use 1 yr prior to & during pregnancy, females, 1978–79 vs 1980–82, 6604
alcohol & sedative drug use & perceived anxiolytic effects, adult neurotic outpatients in behavioral psychotherapy unit, 17552
anxiety reduction program, methadone dosage & alcohol & illicit drug usage & withdrawal symptomatology, methadone maintenance clients, 7729

attitudes & perceptions toward drug usage assessed by "informer" method, lower class 14–62 yr old homemakers & laborers & students, 30750
attitudes toward drugs & drug usage, adolescents, Senegal, 25034
augmenting-reducing & sensation seeking & use & perceived & preferred effects of alcohol & tobacco & cannabis, male vs female college students, 17292
behavioral vs pharmacological intervention, reduction in illicit opiate use, 29–40 yr old male methadone maintenance patients, conference presentation, 5060
biological & psychological effects of cocaine usage, college students, 11985
cannabis use, 16 yr olds & older, Great Britain, 1969 vs 1981, 30752
cessation of alcohol & drug use, 7th–12th graders, test of R. Akers's social learning theory of deviance, 22380
changing patterns & consequences, cocaine use, social-recreational users, 1975–83, 11989
cigarette & alcohol behaviors & attitudes & knowledge, 5th–7th grade students, 19764
cocaine use, methadone maintenance clients vs addicts not in treatment, 9778
comprehensive approach to drug prevention & education, drug use & abuse, adolescents, 4870
concurrent & construct validity of MacAndrew Alcoholism Scale, assessment of alcohol abuse & polydrug & marihuana use, at-risk male 16–20 yr old offenders, 5639
concurrent validity of questionnaires in population studies, assessment of drug use, 18 yr old male military conscripts & 9th graders, Sweden, 29734
contingency contracting intervention, reduction of illicit drug use, male 25–60 yr olds on methadone maintenance, 31794
daily vs occasional heroin use, lifestyle, male vs female heroin users with mean age of 28 yrs, 4298
distribution of drug usage, Mexico, 6600
drug- & alcohol-using friends, propensity to use same drugs, respondents 17 yrs old & older, assessment of differential association theory, 11980
drug & marihuana usage, physicians & premedical & medical & nursing students, implications for education & prevention & treatment for health professionals, 7810
drug abuse prevention program, drug usage & knowledge, 7th graders, 18584
drug education course, drug knowledge & attitudes, female vs male 7th–8th graders, 1-yr followup study, 21322
drug self administration & reinforcing effects, humans vs animals, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 807
drug usage & family relations, high school students from intact vs father-absent homes, 22360
drug usage in work environments, conference presentation, 28008
drug usage, perception of effects on emotional functioning & motivation, 11–18 yr olds who use drugs or alcohol, 25065
drug usage, teenagers, 2-yr longitudinal study, 30382
drug usage, 23–78 yr old alcoholic outpatients, 28991
drug use intervention model, 18375
drug use trends & behavior patterns, adolescents, 1965 to present, 14210
eating behavior & alcohol &/or drug usage & social behavior & other characteristics, 18–48 yr old female bulimics, implications for treatment, 20563
etiology & prevention of drug use, adolescents, 19910
evaluation of classroom management course involving communication & problem solving & self esteem enhancement techniques, classroom environments & student use of drugs, teachers & 4th–6th graders, 26549
facilitation of coping & goals for drug use intervention, intervention agents & agencies, 18374
family environment, drug use, adolescents, literature review, 14162
family factors, drug use, 15–19 yr old drug users vs abusers, 17623
family wealth & fame, drug use & abuse, adolescents, 14214
functional approach to drug use intervention focusing on functions associated with chemical substances, 23081
gay bars, alcohol & drug use & social behavior, male homosexuals, North America, 30748
heroin & other opiate use vs abuse, 18–45 yr old moderate opiate users vs 20–42 yr old compulsive users, 1530
history of cocaine usage, 18–25 yr old college students, 11986
humanistically based "Here's Looking at You" drug education curriculum, drug usage, 8th graders, 32039
incidence of cyanide-laced Extra-Strength Tylenol capsules, attitudes toward use & administration of over-the-counter drugs, parents, US, 17285
influence of peer association & identification, drug use, rural junior & senior high school students, 19776
interpersonal influences & biological factors & epidemiology, alcohol & drug usage, adolescents & young adults, 3974
LSD, evolution of music through "acid rock", 16836
LSD experiences, self awareness, feminist psychotherapist, 10619
medical & pharmaceutical & mass media & paraphernalia establishments, psychoactive drug use, US, 14464
mental health & social & familial disturbance, urban residents 14 yrs & older, Italy, 14613
mental health & social role & demographic characteristics, drug usage & tobacco smoking & alcohol drinking patterns, Ss aged 18 yrs & over, 6603
MMPI & MacAndrew Alcoholism Scale results, psychiatrically hospitalized 11.5–17 yr old substance users & their parents, 1333
motivation for drug taking, 15–19 yr old drug users vs abusers, 17624
multivariate behavioral genetic analysis of drug usage, Sweden, 22565
parent training based on social learning model, prevention of drug use, adolescents, 15243
participation in sports, use of illegal substances & tobacco, high school students, 6393
patterns of alcohol & inhalant & drug usage during adolescence, adult American Indians, literature review, 14212
peer & family & school bonds as 1st graders, substance use, male vs female Black adolescents, 10-yr followup, conference presentation, 3699
personal drug use & attitudes toward prevention, junior high school students living in high risk inner-city environment, 19765
personality characteristics, drug users, 11979
personality correlates, psychotropic drug & alcohol use, female vs male French- vs English-speaking college students, Canada, 20066
post-high-school living arrangements/marital status & employment status & educational experience, drug use, young adults, 3970
predictive power of measures assessing psychosocial characteristics & differentiation of responses according to drug use designation, 14–18 yr old light vs moderate vs heavy users of drugs, Mexico, 17025
prevalence & patterns of substance use, 14 yr olds, 19897
prevalence & usage of chewing tobacco & relation to cigarette smoking, 7th–10th graders, 30518
prevention of drug dealing in work environment, 5478
psychodynamics of alcohol use & associated illicit drug usage, 16–39 yr old drinkers, 1540
psychosomatic symptoms & substance use, 23–79 yr old mothers of public school 7th–9th graders, 7149
relationship between use of alcohol & cigarettes & hard drugs, & other health-related behaviors, high school, 25382
reliability & validity of Primary Prevention Awareness Attitudes & Usage Scale, assessment of alcohol & drug usage & attitudes, 7th–12th graders, 13607
role of physician, controlled drug use, drug addicts, UK, 5062
Rutgers Health & Human Development Project, analysis of factors in development of substance use, 12 & 15 & 18 yr olds, longitudinal study, 14194
self derogation & peer influence & social control & early substance use, drug use, adolescents, 1971–73, 22377
self reported vs peer-reported voting & intake measures & multiple analytic criteria, assessment of construct validity of reports of alcohol & marijuana & cigarette use, college students, 30757
sex & age & time in US, drug use prevalence, Nigerian college students, US, 14454
sex differences, alcohol vs prescription tranquilizer usage, 17–35 yr olds, 28006
sex habits & recent venereal disease & drug use, male homosexuals, Scandinavia, 17253
smoking & use of drugs & alcohol & sexual behavior, 16 yr olds, 2-yr longitudinal study, 3700

social & psychological antecedents, drug usage, high school students, 9300
social bond elements, use of alcohol & marihuana & tobacco & amphetamines & barbiturates, Ss aged 17 yrs & older, 14456
social structure of heroin black market at Kensington Market, England, 22558
sociocultural context & correlations of drug use, 7th–12th graders, Israel, 30512
stress during &/or prior to adolescence, drug usage & abuse, high school students & adolescents in residential treatment, implications for school counselors, 12231
subjective & clinical effects & toxicity & diagnosis & treatment, phencyclidine usage, college students, 6609
task approach to drug use intervention facilitating healthy growth & maturation, intervention agents & agencies, 23082
test-retest reliability of self report measures of drug usage, 7th graders, 13553
tobacco & alcohol & marihuana & hashish usage, 9–17 yr olds, 36-mo longitudinal study, 3692
tradition & cultural patterns & drug availability, prediction of drug usage, 11–18 yr olds, Malaysia vs Iran, 30542
youth subculture attitudes & alcohol & drug use patterns, 17–21 & 14–21 yr old males, 10- & 7-yr studies, 9306
Drug Usage Attitudes [See Also Alcohol Drinking Attitudes]
age & sex & race & regional differences, smoking intentions, 6–12th grade nonsmokers, extension of work by L. Chassin et al, 22390
alcohol & drug education teacher training, assertiveness skills & knowledge level & attitudes toward drug & alcohol abuse & values clarification, teachers, 21281
attitudes & perceptions toward drug usage assessed by "informer" method, lower class 14–62 yr old homemakers & laborers & students, 30750
attitudes toward drug abuse & treatment & expectations for clients & clients' attitudes, ex-addict vs non-ex-addict paraprofessional drug abuse counselors vs degreed professionals, 15629
attitudes toward drugs & drug usage, adolescents, Senegal, 25034
attitudes toward marihuana, 20–65 yr old police officers, replication of study by K. H. Beck, 28005
attitudes toward smoking & smokers, college students, Czechoslovakia, 20065
attitudes toward use of drugs & alcohol & tobacco, 33–50 yr old members of Parent-Teacher Association in suburban high & junior high schools vs high school students, 6359
changing conceptions of race & drugs, sentencing outcomes during antidrug crusade, drug offenders, 1963–76, 1148
cigarette & alcohol behaviors & attitudes & knowledge, 5th–7th grade students, 19764
cigarette smoking attitudes, college students, Nigeria, 6610
demographic & sociocultural factors, attitudes toward substance use, Black adults living in urban areas, 1208
demographic characteristics & drug use & attitudes toward health & law, marihuana vs cocaine use, criminals vs students, 31053
dextroamphetamine vs ephedrine, smoking attitudes & behavior, light vs heavy smoking college students, 31803
drug education course, drug knowledge & attitudes, female vs male 7th–8th graders, 1-yr followup study, 21322
knowledge of alcohol abuse related labels, kindergartners & 1st & 3rd & 4th & 6th graders, 22391
level of training & speciality, knowledge of opiate abuse & attitudes toward opiate abusers, medical students & residents & physicians, 12960
motivation for drug taking, 15–19 yr old drug users vs abusers, 17624
personal drug use & attitudes toward prevention, junior high school students living in high risk inner-city environment, 19765
reliability & validity of Primary Prevention Awareness Attitudes & Usage Scale, assessment of alcohol & drug usage & attitudes, 7th–12th graders, 13607
smoking attitudes & parent & peer influences, smoking cessation, middle & high school students, 1-yr longitudinal study, 30496
social knowledge of drug, experiences with lethal highs, experienced drug users, 22846
traditional vs assertiveness drug education programs, drug knowledge & attitudes, 7th graders, 29190
TV viewing & over-the-counter drug advertisements, use of cigarettes & recall of drug advertisements & drug abuse, college & graduate students, 25383
youth subculture attitudes & alcohol & drug use patterns, 17–21 & 14–21 yr old males, 10- & 7-yr studies, 9306
Drug Withdrawal
abrupt discontinuation of alprazolam, grand mal seizures, 19 yr old female & 35 yr old male psychiatric patients, 12623
abrupt discontinuation of desmethyldiazepam, withdrawal reactions & anxiety, 38 & 39 yr old females with generalized anxiety disorder, 10319
abstinence for 1–6 wks vs 27 mo, cardiac vagal reflexes, alcoholic 47–62 yr olds, 28362
abstinence phobias, model for explanation of relationship between anxiety & abuse of opiates & alcohol & tobacco, implications for treatment & staff training, 28988
ad libitum smoking followed by deprivation, tobacco withdrawal symptoms, hospitalized smokers, 26383
adenosine analogs, suppression of naloxone-precipitated withdrawal, opiate dependent guinea pigs & mice, conference presentation, 3524
adrenergic blocking drugs, treatment of mental disorders & schizophrenia & anxiety & drug withdrawal reactions, 10263
alcohol abuse & withdrawal, status epilepticus, 19–80 yr old males & 16–80 yr old females, conference presentation, 20540
Alcohol Alert Week, 8-day voluntary alcohol abstention program, Department of Health employees, New Zealand, 23608
alcohol withdrawal, erythrocyte aldehyde dehydrogenase activity, 22–57 yr old chronic alcoholic patients, 31045
alcohol withdrawal, extrapyramidal symptoms, 48–73 yr old alcoholics, 22867
anticonvulsive drug withdrawal, susceptibility to audiogenic seizures, mice & rats, 30313
Anton's syndrome with visual hallucinations during withdrawal, 60 yr old blind male alcoholic, 14833
anxiety reduction program, methadone dosage & alcohol & illicit drug usage & withdrawal symptomatology, methadone maintenance clients, 7729
barbital withdrawal with vs without pilocarpine, levodopa accumulation in striatum, male rats, 13898
benziodiazepine withdrawal, rebound anxiety, outpatients with panic & anxiety disorders, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1978
benztropine mesylate challenge vs brief neuroleptic withdrawal, tardive dyskinesia ratings & symptom measures, 25–65 yr old neuroleptic-treated psychiatric patients, implications for prevention of tardive dyskinesia, 10268
brief consultation & stress management, drug & alcohol dependency & sleep onset & quality & sleep efficacy & stress, 36–71 yr old females with insomnia, 18053
caffeine withdrawal, insomnia & urinary incontinence & behavior requiring physical & drug restraints, psychiatric inpatients, 4159
carbamazepine vs barbital, alcohol withdrawal symptoms, 19–62 yr old hospitalized patients, 7723
cessation of marihuana smoking, withdrawal symptoms, 23 yr old female, 4327
chlormethiazole vs chlordiazepoxide treatment, acute alcohol withdrawal syndrome, patients with mean age of 44.9 yrs, 5046
cholinergic drugs UM-1046 & physostigmine, symptoms resembling naloxone-induced opiate withdrawal in morphine dependency, rhesus monkeys, 24856
cholinergic-monoaminergic interaction model of antidepressant withdrawal-induced activation, literature review, 12634
chronic intragastric lorazepam vs CGS 9896 followed by flumazepil, precipitated & spontaneous withdrawal signs, baboons, 22186
chronic lithium & withdrawal & stimulant dosage, hyperactivity & stereotypy induced by dextroamphetamine & apomorphine, rats, 768
chronic low doses of morphine, behavioral response & movement patterns, intact & caudate nuclei lesioned & hemispherectomized cats, 30239
chronic sodium barbital treatment & abrupt cessation, sleep patterns, cats, 755
cigarette withdrawal, urinary secretion of epinephrine, smokers, 24965

clonidine, treatment of passive narcotic addiction induced by maternal methadone maintenance, neonates, 28989
clonidine vs alprazolam, cigarette craving & smoking withdrawal, heavy smokers, 26170
clonidine vs lofexidine, alcohol withdrawal, male rats, 16764
clonidine withdrawal, catecholamine metabolism & cardiovascular & behavioral changes, 53–67 yr old male patients treated for alcohol amnestic disorder, 26186
cognitive behavior psychotherapy & extinction & relaxation training, reduction of conditioned withdrawal-like responses, opiate-dependent male methadone patients, conference presentation, 5035
continuous phencyclidine infusion & withdrawal, operant behavior, rhesus monkeys, 19728
controllability of stress, severity of subsequent morphine withdrawal, male rats, 22094
course of disease following neuroleptic withdrawal, 32–83 yr old patients with tardive dyskinesia, 2-yr followup, 23372
delta sleep-inducing peptide, treatment of ethyl alcohol vs opiate withdrawal symptoms, patients, 7722
dependence & withdrawal from diazepam or lorazepam or clobazam or other benzodiazepines, psychiatric patients, 7453
dependence-inducing properties of benzodiazepines, literature review, 2000
development of Moro Scale, evaluation of immediate & long term effects of neonatal narcotic addiction & withdrawal, neonates with drug-free vs methadone-addicted mothers, 14774
dexamethasone suppression test, diagnosis of depression, newly abstinent alcoholics, reply to C. M. Swartz & F. J. Dunner's answer to author's comments, 12236
dexamethasone suppression test & withdrawal from alcohol, detection of depression, alcoholic patients with mean age of 40 yrs, 9798
dexamethasone suppression test abnormalities, withdrawing alcoholic inpatients, 9813
diagnosis & treatment of acute alcohol withdrawal syndromes, 31800
drug blockage of catecholamine synthesis or dopamine receptors, effect of Z-prolyl-dextroleucine on morphine withdrawal, mice, 27604
electrical stimulation of caudal periaqueductal gray & naloxone, analgesia & opiate withdrawal behavior, male rats, 24744
elimination of analgesic & psychoactive drugs in treatment, benign chronic pain patients, 18100
environmental & temporal cues associated with morphine administration, withdrawal symptoms, rats, 3537
ethanol withdrawal, behavioral & EEG changes, rats, 11613
false positive dexamethasone suppression test results related to antipsychotic drug withdrawal, 27 yr old nonmelancholic schizophrenic male, 10260
guanfacine, treatment of acute opiate withdrawal, patients with mean age of 22.2 yrs, 5056
haloperidol vs ECS withdrawal, CSF levels of dopamine metabolites dihydroxyphenylacetic & homovanillic acids, male rats, 24727
haloperidol with & without drug-free intervals, oral movement, female rats, implications for time-course of neuroleptic-induced tardive dyskinesia, 790
history of withdrawal seizures, intellectual & neuropsychological differences, White vs Black male alcoholics, 17613
imipramine or methylphenidate vs withdrawal from medication, paired associate learning & recall, hyperactive 5.3–14.9 yr olds, 4808
initiation of outpatient withdrawal, chemically dependent patients & family physicians, 5043
intra-arterial vs intrathecal subarachnoid space vs 4th ventricle injection of naloxone, withdrawal, morphine-dependent male rats, 30268
intranigral muscimol administration, ethanol withdrawal seizures, rats, 753
long term benzodiazepine treatment & withdrawal, 10267
long term neuroleptic drug treatment & drug withdrawal, growth hormone peak levels after apomorphine, 29–54 yr old schizophrenic patients with vs without tardive dyskinesia, 26189
longterm withdrawal from cigarette smoking, conventional & quantitative EEG & visual EPs & contingent negative variation, adults, 24679
lysine acetylsalicylate, withdrawal syndrome, 18–34 yr old heroin addicts, implications for drug rehabilitation, 7749
magnesium sulfate, ethanol withdrawal syndrome, 16–65 yr old alcoholics, 31825
male tendency to switch from cigarettes to cigars, sex differences in cigarette cessation rates, UK & US, 28990
metabolic changes after acute alcohol withdrawal, dexamethasone suppression test, alcoholics, reply to criticism of C. A. Dackis et al, 12282
microinjection of carbachol vs morphine vs methylatropine vs naloxone into periaqueductal gray, central cholinergic processes in opiate abstinence syndrome, morphine-dependent vs nondependent dogs, conference presentation, 3510
morphine infusions into ventral tegmental area vs periventricular grey, morphine dependence vs reward properties, rats, implications for independence of dependence & reward mechanisms, 8937
naloxonazine, withdrawal signs & analgesia associated with morphine, rats with dependence to morphine, 24876
neuroleptic suspension, REM reduction, 31 yr old male schizophrenic, 28798
nicotine replacement or substitution, cigarette withdrawal, smokers with mean age of 39 yrs, 5064
nicotine, tobacco withdrawal symptoms, smokers with mean age of 36.7 yrs with tobacco dependence, 7731
nicotine vs placebo gum, alleviation of withdrawal symptoms during smoking cessation, Ss with mean age of 39.3 yrs, 12871
opiate withdrawal, MMPI profiles, 21–54 yr old opiate addicts, 2207
opiate withdrawal using oral methadone vs electrostimulation, insomnia, drug dependent inpatients, 7728
oxytocin & Z-prolyl-dextro-leucine, role of limbic system in morphine tolerance & dependency & withdrawal, male mice, 30258
paregoric vs phenobarbital vs diazepam, drug abstinence, neonates born to heroin- or methadone-dependent mothers, conference presentation, 5038
perceptions of readiness to detoxify from & problems associated with methadone maintenance, methadone maintained females, 23611
phenobarbital, methadone biotransformation & withdrawal symptoms, 28 yr old male methadone maintenance patient, 5047
rapid withdrawal from long-term ingestion of lorazepam, multiple seizures, depressed 81 yr old female, 15302
role of beta-phenylethylamine in methadone withdrawal depression, 19–61 yr old steady-dosed vs withdrawing methadone patients, 7734
role of nicotine, withdrawal from cigarettes, conference presentation, 29006
self administration of clonidine vs oxazepam, withdrawal symptoms, 23–41 yr old methadone maintenance patients, conference presentation, 5052
shoplifting, relief of diazepam-withdrawal syndrome, 54 yr old female, 26150
single & repeated alcohol withdrawal, kindling, male rats, 6101
smoking attitudes & parent & peer influences, smoking cessation, middle & high school students, 1-yr longitudinal study, 30496
stress & acute antagonistic challenge, weight loss during opiate withdrawal, morphine-dependent male rats, 13893
substitution of high potency for low potency neuroleptics in long term treatment, withdrawal symptoms, 40–63 yr old chronic schizophrenic outpatients, 28746
sudden withdrawal of clozapine after long term treatment, supersensitivity psychosis, 23 yr old male & 21 yr old female chronic schizophrenics, 15285
switch to low nicotine cigarette, subjective & physiological indices of withdrawal, smokers, 24964
symptoms & pattern of tobacco withdrawal syndrome, human Ss observed during repeated periods of abstinence, implications for use in within subjects research design, 31037
techniques for increasing patients' motivation & success in cigarette smoking cessation, physicians, 31807

tetrabamate vs chlormethiazol, alcohol withdrawal syndrome, hospitalized patients, 15578
thiothixene & benztropine withdrawal, development of anticholinesteraselike syndrome, 18 yr old female chronic marihuana user treated for delusions, 18102
tolerance & dependence & withdrawal of chlordiazepoxide, spinal reflex function, male rats, 27638
tolerance to vs dependence on vs pharmacodynamic effects of barbital, drug-taking behavior, male rats, 6135
tricyclic antidepressant withdrawal, syndromes, literature review, 7421
tripelennamine &/vs pentazocine, suppression of morphine withdrawal syndrome as indication of substitution ability, male morphine dependent mice, implications for abuse of tripelennamine-pentazocine combinations by heroin addicts, 22224
withdrawal from amantadine, facilitation & exacerbation of neuroleptic malignant syndrome, 60 yr old male with mild bilateral tremor & cogwheel rigidity, 15318
withdrawal from diazepam vs pentobarbital, anxiety, rats, conference presentation, 3434
withdrawal from long or short term use of benzodiazepines, depression, 28–61 yr old patients, 4 case reports, 31525
withdrawal from periciazine, mechanism & symptomatology of neuroleptic withdrawal, 32 yr old female with atypical affective disorders, 23311
withdrawal from scopolamine administration, play soliciting & play fighting, juvenile rats, 3520
withdrawal of neuroleptic treatment after 3 yrs, decrease of CSF dopamine & metabolites & noradrenalin, chronic schizophrenic patients, 18094
withdrawal syndrome after abrupt discontinuation of alprazolam, 31 yr old agoraphobic female, 15312
withdrawal syndrome associated with clonazepam treatment, 28–38 yr old patients with temporal lobe epilepsy, 15323
2- vs 4-hr iv infusion schedules, induction of physical dependence on ethanol & withdrawal reaction, male rats, 11610
Drug Withdrawal Effects [See Drug Withdrawal]
Drugs [See Also Related Terms]
anxiogenic substances vs benzodiazepine antagonists vs antidepressants, regulation of intracranial self stimulation, male rats, 30232
attitudes toward psychotropic medication, medical vs psychology students in clinical training, 26429
beta-carboline ZK 93426 as benzodiazepine receptor antagonist, 13890
bronchodilator drugs with vs without corticosteroids, children under 15 yrs of age with asthma or bronchitis, 2007
caffeine & inhaled methyl chloride & false performance feedback, attribution of ability & efforts on tasks of coordination & visual vigilance & time discrimination, 18–53 yr olds, 30217
calculations of mebicar dosages, borderline psychopathological abnormalities, alcoholics, 31548
chemical substrates & neocortical & limbic brain programs, reactions associated with biofeedback therapy, 4748
chronic levo-alpha-acetylmethadol, effects of drugs on FR FI schedule-controlled behavior, male rats, 8994
citicoline treatment, neuropsychological performance & EEG activity, 50–70 yr old males with chronic cerebrovascular diseases, 18128
clinical effects & pharmacokinetics of psychotropic drug mebicar, patients admitted to narcotics clinic, 2225
cliquinol, functional disturbances of polymodal sensory receptors, dogs, implications for myelo-optico-neuropathy paresthesia, 22185
color preferences, perceived potency of medication capsules of various hues, males & females with mean ages of 26.3 & 24.1 yrs, implications for patient compliance, 2998
compliance with psychoactive drug prescriptions, adults, 4757
cytidine 3,5-cyclic monophosphate, aggressive behavior, male mice, 723
dependence features of 47 new chemical compounds, rhesus monkeys & rats & mice, conference presentation, 3397
development of computerized classification system for psychotropic medications, 2001
discriminative stimulus properties, beta-carbolines characterized as agonists vs inverse agonists at central benzodiazepine receptors, mice, 13912
drug abuse liability & behavioral toxicity, conference presentation, 4400
drug self administration & reinforcing effects, humans vs animals, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 807
elimination of analgesic & psychoactive drugs in treatment, benign chronic pain patients, 18100
encephalotropic & psychotropic properties of actovegin hemoderivative, vigilance, performance on psychometric tests, Ss with mean age of 65 yrs, implications for therapy, 27640
encephalotropic & psychotropic properties of vinconate, 54–77 yr olds, 16800
ethimizol, formation of passive avoidance behavior & memory, adult vs aged mice & rats, 13875
ethological approach, effect of drugs on animal aggressive & defensive behavior, implications for humans, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 775
guidelines for use of psychotropics in treatment, epilepsy, 28785
hypoxic hypoxidosis, brain function & attention & memory & RT & effect of aniracetam on EEG changes, 20–30 yr old males, conference presentation, 678
ingestion of isosafrole, development of schizophrenic-like psychosis, 19 yr old male, implications for biochemical model for schizophrenia, 14688
intracranial self stimulation & conditioned place preference & iv self administration, study of drug reinforcement, rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 784
mandate of health psychology to educate psychological & medical & wider community on role of psychological factors in drug effects & illness & immune function, 25991
melitracen & flupentixol vs mianserin therapy, depressive anxiety states, 16–65 yr old outpatients, 4821
method & apparatus, evaluation of emotionally positive effects of drugs, 21728
methodology for schedule-induced self injection of drugs, acquisition & maintenance of drug intake behavior, 6164
minaprine, memory & vigilance & visual motor capacities, patients with structural neuropathy, 4775
naloxone treatment, dextropropoxyphene & aspirin & antipyrine & vinbarbital & phenthiazine derivative poisoning, 17 yr old female patient, 28750
need for caution in use of psychotropic drugs, treatment of agitation or psychosis or depression or anxiety or insomnia, geriatric patients, 31535
neonatal 6-hydroxydopamine, disruptive effects of dexamethasone vs metyrapone on pituitary-adrenal system & avoidance acquisition, male rats with vs without norepinephrine depletion, 725
neural receptor antagonists to mu & kappa & opiate receptors, opioid & nonopioid mediated analgesia, rats exposed to intermittent vs continuous footshock, 13897
neurotropic drug vs placebo, mental & memory functions, patients over 65 yrs of age with organic brain syndrome, 4800
patient/package inserts about information on drug side effects, perceived risk of prescription drugs, college students & physicians, implications for consumer drug information, 2728
perceived controllabilty of patient's life-events, willingness to prescribe psychotropic drugs, medical students, 21161
perspectives on use of psychotropic medication, hyperkinesis, children, North America vs Asia vs Europe, literature review, 15320
pharmacokinetic & pharmacodynamic interactions of psychotropic drugs, 22152
physical & psychological & social & environmental variables, sleep quality, 20–60 yr old patients, 19550
precocial ovariectomy & allatectomy & ZR-515, sexual receptivity during 1st gonadotropic cycle, female bluebottle flies, 13855
preferences for journal vs commercial advertising in selection of new drugs for medical practice, general practitioners vs specialists, 2291
psycho- & neurotropic activity of neurometabolic stimulants, 4799
psychoactive & psychotropic drugs, learning, mentally retarded, literature review, 1973
psychopharmacodynamics of interactions between alcohol & psychotropic drugs, occasional & chronic alcohol users, 10318

psychopharmacological treatment, sexual dysfunction, literature review, 23365
psychotropic & anticonvulsant drug prescription data, mentally retarded 16–90 yr olds in community vocational vs residential placements, 20925
psychotropic drugs, locomotor hyperactivity induced by nucleus accumbens injection of picrotoxin, male rats, implications for role of dopamine & acetylcholine & GABA transmission systems within nucleus accumbens, 22198
psychotropic medication, unanticipated adverse behavior & psychiatric hospitalization, 5–13 yr olds at 1st admission, 15287
role of stereoisomers of drugs in neurotransmitter function, implications for treatment of mental disorders, 19729
severity of criminal sanctions, interpersonal networks, dealers of illicit drugs, 6-yr longitudinal study, 22505
sites of action for anxiogenic drugs in animal models of anxiety, behavioral & electrophysiological & biochemical correlates, literature review, 24911
strategy for differentiation of pharmacological effects from psychological & behavioral effects of drugs, biological assessment of addiction, 1537
type of child-resistant reclosable container, ability to open container, 24–41 vs 42–51 mo olds vs 61–65 vs 65–75 yr olds, implications for accidental poisoning prevention, 1813
use of psychotropic & other prescription drugs, Finland, 28790
ZK 91296 as partial agonist at benzodiazepine receptors, mice & rats, 13899
Drunkenness [See Alcohol Intoxication]
Dual Careers
androgyny & negotiation, parental role fulfillment & family functioning, White dual career families, 14290
critique of dual-career family analysis, US, 9392
designing dual-career marriage seminar, managers, 5465
dual career families & sociopsychological stress factors, implications for family therapy, literature review, 6488
dual careers & role strain & conflict, females, 9468
employment, family life & child development & marital quality & parent-child relations & household labor & power, females, 25303
full- vs part-time employment, mother-father-infant interaction, 3 mo olds, 25313
job & life satisfaction & role distress & number of children, mental health, husbands & wives in dual career families, 30645
labor force behavior & occupational distribution & attainment patterns, married vs unmarried females, 1085
psychological adjustment, school age children of dual career parents, 25169
satisfaction with family & employment & community roles, 40–59 yr old couples, 17162
self nurturance through leisure, dual career females, 10447
stress reduction & treatment strategies, dual career couples, 12543
stress, working females, West Germany, 5469
terminology & typology problems, research in dual-career family counseling, 26296
use of power strategies, dual-career vs traditional married couples, 25289
wife's employment & attitudes toward employment, depression & stress, married couples, US, 1086
work vs nonwork related variables, job & life satisfaction, dual career couples, India, 27954
workshop on role expectations & coping style & joint planning & problem-solving, dual career college couples, 10835
Dualism
development of East-West psychiatry through interaction of Occidental & Oriental approaches to wholistic medicine, 15055
dualism of desires & actions, 2769
emotionality & self & interaction, reply to comments by J. D. Baldwin, 14468
formulation of type identity theory & token identity theory & critique of J. A. Fodor's functionalism, 5533
materialistic analysis of mind-body dilemma, 16203
mentalistic vs behavioristic approaches to issue of consciousness, critical comments & author's reply, 29643
mind & brain & role in ego identity, 16646
mind-body dichotomy & problems of contemporary scientific thought, 16161
mind vs brain from psychiatric vs religious perspective, 17854
neurobiology of consciousness & functions of brain, 8778
opposition to rejection of physiological variables in sociological theories, comment on article on emotionality & self & interaction by N. Denzin, 14465
Western mind-body dualism & Eastern concept of self as ground of being, implications for psychosomatic medicine, 24112
Ducks
cumulative reproductive effort & pair-bond behavior, male vs female canvasback ducks, 19342
kind &/or amount of auditory self stimulation & maternal calls, auditory self-stimulated vs unstimulated wood ducklings, 5898
natural visual & auditory stimulation, control of maternal preferences, domestic Peking ducklings, 27267
patterns of egg laying, blue-winged teal & mallards, 16554
reproductive success & hybridization, mallards & grey ducks, New Zealand, reanalysis of data obtained by M. Williams & C. Roderick, 11438
selection of suboptimal mussel size, tufted ducks, 27245
single vs paired placement on platforms of various heights, distress calls & cautiousness in descent from platform & role of social influence, ducklings, 21986
use of rate vs period for description of temporal patterning in maternal calls & responses, ducklings, C. S. Evans, 18990
use of rate vs period for description of temporal patterning in maternal calls & responses, ducklings, comments on D. B. Miller's data, 18981
Duodenum [See Intestines]
Duration (Response) [See Response Duration]
Duration (Stimulus) [See Stimulus Duration]
Dwarfism (Pituitary) [See Hypopituitarism]
Dyads
age & attention to & verbal labeling of target & nontarget stimuli, question asking in referential communication, 5 vs 8 yr old dyads, 6318
alcohol intoxication, escalation of aggression, intoxicated vs sober vs mixed male college student dyads, 767
attribution of feminine vs masculine traits to achieving opposite-sex dyads, male vs female college students, 25423
conceptual framework for understanding & analysis of person-to-person service encounters, implications for service marketing, 24083
disposition of White S to initiate interracial interaction & race of E & gender composition, unstructured interaction, dyads of Black & White college students, 1234
dyadic verbal interaction, 31–45 yr old spinal-cord-injured veterans & nondisabled military staff, 31228
friendship development, college students, 1-yr longitudinal study, 21379
gender & romantic availability status of leader, self ratings of dominance by subordinate, mixed-sex dyads, 28114
homogeneous vs heterogeneous pairing of students with different levels of academic achievement, mastery of stressful motor task, male students in military paramedical training, 32049
intimacy motivation trait & degree of reciprocity, frequency of laughter & eye contact & smiling in same-sex dyads, college students, 20070
perceived satisfaction with conversation, college student in same- vs mixed-sex dyads, 9460
responsiveness in dyadic interaction & irrelevant response, processing & retention of response content & attributions concerning speaker, college students, 22599
sensation seeking & misattribution of arousal, dyadic interactions, similar vs dissimilar strangers, 20097
social behavior, same vs opposite sex sibling pairs when younger at 8 & 14 mo old, 6354
social-organizational constraints of dyadic verbal interaction, acquainted vs unacquainted college sociology students, 30786
topic intimacy & importance & relationship level, communication satisfaction & satisfaction with self & other, dyads of 10–95 yr olds, 22580
unequal power in competitive vs cooperative context, influence strategy & perspective taking in negotiation, college student dyads, 4012
Dying [See Death and Dying]
Dying Patients [See Terminally Ill Patients]

Dynamics (Group) [See Group Dynamics]
Dynorphins
central dynorphin & zinc deficiency, food ingestion & immunoreactive dynorphin levels in hypothalamus & cortex & opiate receptor activity, male weanling rats, 6116
dymorphin injection following induced focal cerebral ischemia, neurological function & survival, cats, stroke treatment implications, 27554
dynorphin injections into spinal cord, analgesia & electroacupuncture analgesia, male rabbits, 6132
intracranial dynorphin injection & pretreatment with naloxone, grooming & eating & spontaneous locomotor activity as measured by multidimensional analyzer, mice, 801
intrathecal dynorphin A, antinociception in tailflick & limb flexion tests & paralysis, male rats, 27597
role of dynorphin in brain in development of narcotic tolerance, 30261
Dysarthria
closed head injuries, aphasia & dysarthria, 16–78 yr old patients, replication of author's study, 1716
differentiation of subsystem & motor system impairment & decomposition of respiratory movement, 59 yr old female with cerebellar lesion & ataxic dysarthria, criticism of R. Kent & R. Netsell's study, 9946
EMG activity patterns of speech muscles during repetitions of sentence, normal vs cerebral-palsied dysarthric 19–34 yr olds, 14970
microcomputer-based wearable biofeedback device, improvement of transfer of speech intensity information, 67 yr old male with Parkinsonian dysarthria, 10 & 20-week followup, 26225
patient selection methodology for use of speech prostheses, dysarthric 13–75 yr olds, 26229
Dyskinesia
apomorphine vs haloperidol, buccolingual dyskinesia, ovariectomized monkeys with upper midbrain lesions, 27456
asymmetric abnormal involuntary movements, 1–80 yr old inpatients on neuroleptic drug therapy, 7465
benztropine mesylate challenge vs brief neuroleptic withdrawal, tardive dyskinesia ratings & symptom measures, 25–65 yr old neuroleptic-treated psychiatric patients, implications for prevention of tardive dyskinesia, 10268
choline, 26–29 yr old patients with tardive dyskinesia, 23343
cholinomimetic drugs, treatment of tardive dyskinesia, 12617
clonidine &/vs mesoridazine, tardive Tourette-like syndrome, 60 yr old female chronic schizophrenic with tardive dyskinesia, 31521
clozapine & benzamides, treatment of tardive dyskinesia, 12654
cognitive impairment, schizophrenic patients with vs without tardive dyskinesia, 20189
course of disease following neuroleptic withdrawal, 32–83 yr old patients with tardive dyskinesia, 2-yr followup, 23372
CSF homovanillic acid & cyclic adenosine 3',5'-monophosphate & serum prolactin, 40–60 yr old male chronic paranoid schizophrenics with tardive dyskinesia vs symptoms of chronic neuroleptic parkinsonism, 6732
depression at 1st hospitalization, development of tardive dyskinesia, manic depressive patients with mean age of 60.4 yrs, 9743
development of computer based algorithm for tardive dyskinesia diagnosis, 21719
dosage of chronic haloperidol or apomorphine, behavioral hypersensitivity, rats, implications for risk of tardive dyskinesia as side effect of neuroleptic treatment in humans, 24858
ECT, reduction of tardive dyskinesia, comments on article by R. C. Chacko & L. Root, 7174
epidemiology of tardive dyskinesia, chronic schizophrenia patients hospitalized for 2 yrs or more, Japan, 6788
etiology & prevention of tardive dyskinesia, 22937
fluperalapine, movement disorders, 42–71 yr old patients with dyskinesia or parkinsonism, 26176
fluphenazine, early extrapyramidal symptoms & tardive dyskinesia, monkeys, 24865
GABA receptor agonists, basal ganglia & treatment of tardive dyskinesia, 12620
haloperidol & fluphenazine, GABA synthesis & glutamate decarboxylase activity & tardive dyskinesia, monkeys, 11594
haloperidol with & without drug-free intervals, oral movement, female rats, implications for time-course of neuroleptic-induced tardive dyskinesia, 790
identification of subtypes of tardive dyskinesia, 18156
incidence of tardive dyskinesia, 46–74 yr old psychiatric outpatients, 12666
intermittent haloperidol, behavioral sensitivity to apomorphine & striatal spiroperidol binding, male guinea pigs, implications for prevention of tardive dyskinesia using drug holidays, 24862
intermittent neuroleptic drug therapy, tardive dyskinesia, literature review, 26171
iron deposition in basal ganglia & substantia nigra, 64 yr old with manic depression & tardive dyskinesia due to overdose of lithium & haloperidol, 18099
lateralization & pathophysiology, tardive dyskinesia, 23–69 yr old patients, 7148
lawsuits for neuroleptic-induced movement disorders, mental health professionals & medical care facilities, 23680
lithium carbonate, tardive dyskinesia, neuroleptic-treated 49–65 yr olds with manic depressive illness, 4825
long term administration of fluphenazine, development of model of tardive dyskinesia, monkeys, 12635
long term drug administration vs association with schizophrenic disease process, etiology of dyskinesia, 12338
long term neuroleptic drug treatment & drug withdrawal, growth hormone peak levels after apomorphine, 29–54 yr old schizophrenic patients with vs without tardive dyskinesia, 26189
molindone vs haloperidol, stereotyped behavioral responses in animal model of tardive dyskinesia, male guinea pigs, 24861
neuroleptic drug adjustment, psychiatric symptoms, 30–77 yr olds with tardive dyskinesia, 12626
neuroleptic drugs, induction of tardive dyskinesia & other movement disorders, handicapped children & youth, literature review, 7435
opioids, tardive dyskinesia, outpatients in methadone maintenance clinic, 26165
reversible tardive dyskinesias, implications for therapy & prevention, 12643
tardive dyskinesia litigation & liability of medical community, 22509
tetrabenazine, chronic spontaneous oral dyskinesia, 47–81 yr old patients, 23295
training program using Abnormal Involuntary Movement Scale, physical measurement & clinical quantification of tardive dyskinesia, nurses & psychiatrists, 18441
validity & reliability of Abnormal Involuntary Movement Scale, patients with tardive dyskinesia, 24254
video feedback vs self control procedure, orofacial movement, 62 yr old female with tardive dyskinesia, 7365
within-rater & within-patient variability, ratings of fluctuations in tardive dyskinesia, 42–58 yr old outpatients, 7014
Dyslexia
anomaly in structural linguistic capacity, sentence comprehension, adults with developmental dyslexia, conference presentation, 9839
auditorily vs visually presented letters, recall & letter-matching, dyseidetic vs dysphonetic vs dyseidetic-dysphonetic 9–10 yr olds, conference presentation, 9864
blank flash vs verbal stimuli, hemispheric asymmetry in visual EPs, 11 yr old dyslexic males, conference presentation, 19447
brain changes in learning disorders & giftedness & relationship of dysmusia to dyslexia, conference presentation, 9834
cerebral laterality & dyslexia, discussion of S. T. Orton's early work, conference presentation, 9845
characteristics of surface dyslexia, 1st–6th graders & adults, 22894
childhood dyslexia or hyperactivity or learning disorder or other cognitive difficulties, problems in adulthood, adult male in psychoanalysis, 28625
clinical model of special education programs in private sector, dyslexic children, 10813
cognitive & linguistic strategies in oral storytelling, reading retarded & dyslexic Ss with mean age of 9 yrs, 1604
cognitive theory & interactive-compensatory hypothesis, subtypes of developmental dyslexia, literature review, 9849

common etiology of speech & language & reading & writing difficulties, dyslexic & dysphasic children, literature review, 22886
construct validity of Boder Test of Reading-Spelling Patterns, classification of dyslexia subtypes, dysphonetic vs nonspecific vs normal readers, 8423
contribution of neuropsychology, dyslexia, children, 17677
coping & childrearing behavior, parents of dyslexic male, conference presentation, 9837
decomposition of words into their constituent morphemes, lexical access during reading, 33 yr old male with crossed phonological dyslexia, 20441
deficits in temporal & phonetic processing, recall of order of stimuli, dyslexics, comments on study by R. B. Katz et al, 14870
developmental insufficiency & lack of social utility of psychodiagnostic categories of learning disabilities, 16 yr old male diagnosed as dyslexic, 8088
EEG spectra during resting conditions, 9–13 yr old dyslexic males, 1–3 yr longitudinal study, 31082
experience of being dyslexic, conference presentation, 9851
eye movement patterns, diagnostic test of dyslexia, 12305
function of right hemisphere in reading & dyslexia, comment on M. Coltheart's hypothesis, 27388
function of right hemisphere in reading & dyslexia, comments on K. Patterson & D. Besner's view of M. Coltheart's hypothesis, 27417
function of right hemisphere in reading & dyslexia, comments on K. Patterson & D. Besner's view of M. Coltheart's hypothesis, 27395
function of right hemisphere in reading & dyslexia, reply to B. Rabinowicz & M. Moscovitch & F. Zaidel & A. Schweiger, 27389
horizontal eye movements associated with visual tracking of smoothly moving target, dyslexic 8–13 yr olds, 12291
hypnosis, reading ability & academic achievement & self concept & academic behavior & dyslexia, 6–17 yr olds, 18168
identification & use of corrective methods, prevention of learning failure, students at high risk for dyslexia, followup study, 25713
imageability, reading of words, deep dyslexics, 17675
impairment in spatial thinking as reflected in right-left disorientation & poor visuomotor abilities, etiology of dyslexia, conference presentation, 9826
inspection time & intelligence, 9–11 yr old dyslexic males, 25744
logograms & phonological & semantic therapeutic approach, dyslexia, school age children, 10811
metaphonological skills of sound blending & segmentation, reading & spelling, 1st graders & dyslexic elementary school students, 15901
"neolithic" face drawings, preschool children & reading disabled or retarded children & Australian Aboriginal school children, criticism of assumptions & conclusions of A. A. Pontius, 20445
neurolinguistic model of naming process, development of reading, children tested from kindergarten through 2nd grade, longitudinal study, implications for reading disabilities, 9867
neurological & neuropsychological deficits, adolescents with dyslexia, 31077
perceptual-spatial dysfunction, reading difficulties, Aboriginal children, Australia, criticism of A. A. Pontius's neuropsychological explanation, 1592
performance on peg placement section of Purdue Pegboard Test in unimanual vs bimanual conditions, normal vs dyslexic 9–12 yr olds, 20442
phonemic processing instruction model, reading achievement, 8.2–11.6 yr old reading disabled children, 26661
phonological & morphemic & visual impairments, reading development, 11–25 yr olds with developmental dyslexia, 14866
piracetam, reading speed & accuracy, dyslexic male 8–13 yr olds, 12665
piracetam, verbal memory, 8–13 yr old dyslexic males, 26201
reading of content & noncontent words, dyslexic male children, 25701
reading of Nepalese vs English words written in syllabic script & Roman alphabet respectively, bilingual 15 yr old dyslexic male, 20434
reevaluation & perception of handicap & occupational choice, 20–28 yr old dyslexics diagnosed during adolescence, 7–10 yr followup, 28377
right hemisphere lesion due to surgical incision, dyslexia, right handed 44 yr old male, 17787
saccadic eye movement patterns, 6–16 yr old poor vs normal readers, implications for dyslexia, 4361
sequential saccadic eye movements, dyslexic 8–13 yr olds, implications for early detection of dyslexia, 20433
social & psychiatric & heredity & neurological factors in symptomatology of dyslexia, school failure, Swedish-speaking 10–24 yr olds, Finland, 26635
speaking tablet, acquisition of reading skills, dyslexic vs normal readers with mean age of 12.7 & 8.7 yrs, 21449
speech & tone sequence segmentation, dyslexic vs normal 6–9 yr olds, 1607
surface dyslexia, 13 yr old male with epilepsy, 25938
test performance on nonverbal color association, 8–12 yr old dyslexic vs 3–8 yr old normal children, 25739
text presentation in upright vs inverted position, eye movements & reading performance, dyslexic 2nd graders, 9843
timing analysis in serial naming tasks of coding & articulation processes, 8–10 yr old dyslexics, 25697
training program, administration & scoring of screening battery for differential diagnosis of dyslexia vs hyperkinesis, psycho-educational technicians, 5178
ultrasound exposure, birth weight & hearing loss & congenital anomalies & dyslexia, human fetuses, 20998
usefulness of neurological concepts in definition & diagnosis of dyslexia, comments on article by G. W. Hynd & C. R. Hynd, 31078
visual input, maintenance of postural stability, dyslexic children with mean age of 10.9 yrs, 12293
visual perception & Chinese character recognition & auditory perception, 7.8–9.9 yr old dyslexic males, Hong Kong, 28379
visual sequential memory tasks, holistic vs verbal analytic cognitive strategies, 9–11 yr old dyseidetic vs dysphonetic males, 25699
visual vs auditory vs mixed vs no sensory confusions, reading decoding & silent comprehension & specific errors & verbal retention, 8–11 yr old dyslexics, Chile, 21399
voluntary & reflex ocular movements, 8–14 yr old dyslexics, 9833

Dysmenorrhea
validity of Menstrual Symptom Questionnaire & scoring procedures, discrimination between spasmodic vs cogestive dysmenorrhea, female college students, 11176

Dysmetria [See Ataxia]

Dysmorphophobia
dysmorphophobia, 15 yr old male & female, 6866
dysmorphophobic contraindications of plastic surgery, 17884
symptoms & treatment methods & outcomes, dysmorphophobia, young male with fears of lip swelling, 30949
tranylcypromine therapy, dysmorphophobia, 21 yr old female, 10276

Dysphasia [See Also Alexia]
common etiology of speech & language & reading & writing difficulties, dyslexic & dysphasic children, literature review, 22886
communicative activities, 40–82 yr old dysphasic stroke patients, 31258
costs & feasibility of using trained volunteers, community vs hospital speech therapy program, 51–82 yr old dysphasia patients, 18174
nonpsychotic dysphasia & audio-mutism & prognosis, children, conference presentation, 25747
postmortem neuropathological investigation of crossed dysphasia, right handed monolingual 57 yr old male with right-hemisphere cerebrovascular accident, 1684
severe dysphasia without neurological abnormalities & psychotic manifestations, 3 yr old female & 4 yr old male, conference presentation, 25755
severity of senile dementia & nominal dysphasia, 69–88 yr olds with dementia, 17805
use of sign language, facilitation of speech development, 3 yr old dysphatic male, 28387

Dysphonia
acoustic measurement of voice quality, 17–75 yr olds with central dysphonia, 14935
acoustic parameters, evaluation of recovery of phonation in dysphonia following severe head trauma, 17–32 yr old patients, 17694
cluster analysis, acoustic analysis of speech characteristics, 25–60 yr old college students vs dysphonic speakers, 25757
computer-assisted long-time-average-spectrum analysis, measurement of breathiness & overpressure in pre- vs postsurgical speech segments, patients with spastic dysphonia, 6991
EMG activity of intrinsic laryngeal muscles before & during temporary unilateral lidocaine-induced laryngeal muscle paralysis, 52 yr old female with spastic dysphonia, 22918
emotional motivation, treatment duration & outcome, patients with impaired vocal functions, 26224
etiological vs perceptual vs kinesiologic vs mass & approximation classification systems of voice disorders, literature review, 14878
etiology & treatment methods, functional aphoria, 11–15 yr olds, 6995
hyperventilation, 19–50 yr olds with functional aphonia & dysphonia attending speech therapy clinic, 17693
long-time-average spectra of voice vs N. Yanagihara's sonographic classification, evaluation of degree of hoarseness, Ss with hoarse voice & pathological larynx, 9873
quantitative spectral analysis of shimmer & jitter in functional voice disorder, 27–53 yr old females, implications for acoustic diagnosis of voice disorders, 28383
selective attention & speech discrimination of noise, 16–28 yr old vocal abusers, 20466
treatment of hypernasality, comments on paper by M. Andrews et al, 15080
visual sequential memory tasks, holistic vs verbal analytic cognitive strategies, 9–11 yr old dyseidetic vs dysphonetic males, 25699
voice clinic program in public schools, public understanding & management of voice disorders, followup study, 23852
voice disorder training, perception of disorders, public school teachers, 29127
voice function therapy, patients with functional dysphonias, 18173
Dysphoria [See Depression (Emotion)]
Dyspnea [See Also Asthma]
dyspnea in exercise, 11512
Dysthymia [See Depression (Emotion)]
Dystonia [See Muscular Disorders]
Dystrophy (Muscular) [See Muscular Dystrophy]
Eagerness [See Enthusiasm]
Ear (Anatomy) [See Also Cochlea, External Ear, Labyrinth (Anatomy), Middle Ear, Semicircular Canals, Vestibular Apparatus]
brain stem electrical responses of right vs left ears, adult male vs female active vs recovered stutterers, 17697
Ear Canal [See External Ear]
Ear Disorders [See Also Labyrinth Disorders, Menieres Disease, Motion Sickness, Tinnitus]
assessment & incidence & treatment of fluctuating conductive hearing losses, children, developmental & linguistic implications for educational psychology, 29391
impulse-traced craniocorpograms & acoustically evoked brain stem potentials, vestibular-spinal investigation & discrimination of inner ear diseases from lower brain stem disorders, 22941
Melbourne multichannel cochlear implant, recognition of consonants & vowels & words & speech tracking & lipreading, hearing impaired 33 & 45 yr old males, 15396
sinusoidal rotation, quantitative analysis of visual vestibulo-ocular reflex, patients with Meniere's disease vs benign paroxysmal positional vertigo vs sudden deafness, 23003
toluene exposure, hearing loss & acquisition of avoidance task, weanling vs adult rats, 19720
Ear Ossicles [See Middle Ear]
Early Childhood [See Preschool Age Children]
Early Childhood Development [See Also Early Memories]
behavioral development, preterm infants assessed at 35 & 38 & 40 & 44 wks postconceptional age, longitudinal study, 14081
classification of adaptive & pathologic personality organizations using developmental structuralist approach, infants & children, 28197
cognitive & perceptual & personal-social development, 3 yr olds who were born prematurely, 859
cognitive development & emotional excitability, behavioral development in early childhood, infants, 19785
comprehensive care program, obstetrical & neonatal outcomes & child development, pregnant drug addicts, 12735
delayed onset of respiration at birth, subsequent development & mortality & cerebral palsy & bronchitis, children studied from birth through 5 yrs of age, 5-yr followup, 6257
development of dialogue through therapy, aggression & lack of awareness of danger due to father's instability, 2.5 yr old male & mother, 7207
developmental assessment, premature vs full term hydrocephalics with gestational age of 26–34 wks & mean age of 35 mo, 12406
early childhood intervention, lower socioeconomic status families, 20637
evaluation of home-based early learning project for dissemination of ideas on child care & development, parents of young children, 13050
extreme deprivation in early childhood, cognitive & emotional & social development & prognosis, children, literature review, 6721
extreme social & emotional deprivation, social & emotional development, daughters of mentally retarded & microcephalic & mentally disordered mother, 6978
head circumference & size at birth, developmental status, 4 yr olds who were small vs average vs large-for-dates at birth, 6256
infant & early childhood development & adaptation & diagnosis & treatment & prevention of psychopathology, 4176
integration with handicapped classmates, development, nonhandicapped preschoolers, 2525
marketing techniques, early childhood programs, 29174
mentally ill vs non-mentally ill mothers, developmental patterns, 2–49 mo olds, 20350
neonatal hospitalization, psychomotor development & behavior problems, twins & triplets studied at 4 mo & 4 yrs & 5 yrs, 875
perceptions of actual & ideal parenting behavior in relation to child's cognitive & physical & social development, 22–44 yr old White parents of 2.5–6 yr olds, 9406
Piagetian theory on role of play & creativity, development, children, 6249
psychosocial development, 6 mo to 3 yr olds, 3735
research of New York State Psychiatric Institute's child development program, children born with cosmetic & orthopedic anomalies studied at 9 & 12 & 18 & 25 mo & their mothers, 7142
social development stages, children from birth to 2 yrs old, 17094
stage-related patterns of early cognitive development, mentally retarded vs at-risk 4–42 mo olds, 6977
value of play & effects of cognitively oriented nursery curriculum on disadvantaged children's intellectual & cognitive achievement, 11706
voluntary attention, child development, 14110
Early Experience
abnormal early visual experiences, temporal modulation sensitivity, 1 mo old rhesus monkeys, 664
abnormal early visual experiences, visual contrast sensitivity, 1 mo old rhesus monkeys, 665
abuse in childhood, subsequent massive defensiveness, adult male patient, implications for parallels in G. Orwell's "1984" & autobiography, 28355
adult mental health & psychosexual adjustment, 18–24 yr old females removed from home in childhood due to sexual or physical abuse or neglect, 6889
attachment theory & family experience, security & autonomy in marriage, males vs females, Australia, 22475
attendance at cognitively-oriented day care program, aggression during early years in public school, children identified at birth as at risk for poor intellectual development, 26593
behavior disturbances in childhood & stability of upbringing, 22 yr old mildly mentally retarded males vs females, 20451
cancer survival, psychiatric symptomatology & adjustment problems, former childhood cancer patients with mean age of 18 yrs, 7102
cancer survival, psychiatric symptomology & adjustment problems, former childhood cancer patients, 28479
childhood & adult life experiences, heroin addicts vs their nonaddicted brothers with median age of 39 yrs, 4320

childhood abuse & emotional development levels, 22–51 yr old battered females, 4313
childhood antecedents, schizophrenia & emotional & affective & antisocial personality disorders, adults, 22769
childhood behavior disturbances & family relations, quality of marriage, female psychiatric inpatients 20 yrs old & older, 17444
childhood experience in foster care & psychosocial development, 19–31 yr olds, 4898
childhood peer status & social class & subsequent high school activity, mental health, young adults followed from 3rd–6th grade, 6392
childhood relationship with mothers, etiology of anorexia nervosa, 4525
childhood separation anxiety as origin of agoraphobia, agoraphobics vs simple phobics, 20355
clinical indicators of childhood incest & treatment & legal issues in civil actions, adult females, 20400
cognitive functioning & early experiences, competence & persistence at mastery tasks, 13 mo olds, 6334
death of mother & remarriage of father at 8–12 yrs of age & affection in own marriage, depression, females with mean age of 32.7 yrs, 4225
early burying experience under shock vs nonshock conditions, defensive burying of shock prod, adult rats, 24577
early deficit vs negative recognition & treatment of bad self object relations, counseling clients, 4921
early deprivation, emotional development & psychotherapy, 66.5 yr old female in foster care, 7226
early experience & relative plasticity, social development, animals & humans, 25210
early experience, development of aggressive behavior, ant workers reared in presence of homospecifics vs conspecifics vs isolation, 19378
early experience, habitat selection, linnets, 21956
early exposure to auditory stimulation, subsequent choice of acoustic environment in nest site selection, mice, 16489
early factors predictive of schizophrenia, children of schizophrenic mothers with mean age of 15.1 yrs, Denmark, 20-yr longitudinal study, 20344
early family background & relationship with parents, 22–62 yr old gay fathers, 3840
early housing conditions, open field behavior & morphine consumption & physical dependence, male rats, 24736
early incest experiences, attempted suicide, 24 & 15 yr old Chinese females, Singapore, 20402
early institutional care & return to biological mother vs placement in adoptive vs foster home, adjustment & school performance, 15 yr olds registered for adoption as infants, longitudinal studies, 27824
early institutional care vs return to biological mother vs placement in adoptive or foster home, adjustment & school performance, 15 yr olds registered for adoption as infants, longitudinal study, 6341
early life experiences, composites of strategic behavior to address problematic & cognitive aspects of daily grocery shopping tasks, mildly & borderline mentally retarded adults, 31089
early malnutrition, social behavior in home environment, school age children, Barbados, 28431
early memories & early experiences, personality, 1st vs 4th yr college students, 4033
early mother-child interaction, cognitive development, 11 & 12 yr olds, Japan vs US, followup study, 25106
early parental attitudes & divorce/separation, adaptation, 18–22 yr olds studied from infancy, 22-yr longitudinal study, 30497
early parental loss or separation, natural mother–child relationships & outcome of replacement care & mental health, 40–49 yr old females whose mothers died before age 11 vs evacuation from mothers during WW II vs separation for other reasons, 25284
early social isolation, reward & punishment thresholds of self administered electrical stimulation to lateral nucleus of hypothalamus & cortico-medical section of amygdaloid complex, rats, 3352
early traumatic experiences & denial in fantasy & action, 35 yr old mother in analysis, support for B. D. Lewin's theory of elation, 26015
early visual experience & later left vs right hemisphere neocortical ablations, open field & spatial & visual behavior, light- vs dark-reared male rats, 27486
early visual social stimulation, development of social behaviors, juvenile stumptailed macaques, 24563
elementary school grade retention or participation in junior 1st grade, attitudes toward early school experience & academic achievement, high school students, 21358
family history & mother's unresolved grief for spouse's death, psoriasis & burn accidents, 20 yr old female with psoriasis outbreaks since 3 yrs old, 31279
family size & sibling order & parent loss before 18 yrs of age, personality traits as measured by MMPI, 18–25 yr old males, 28113
heterosexual molestation in childhood, 20–54 yr old males convicted of raping females, 4335
history of childhood sexual experience within vs outside of family, current symptoms, female college students, 4347
identification & treatment methods, female adult survivors of childhood incest, 12472
illumination conditions during rearing, phototactic behavior, marine mollusk Hermissenda, 11534
images of God & ambivalence about religion & experiences in infancy, 27924
incest experience, 14.5 yr old female with multiple personality, etiological implications, 28166
infant care patterns, cognitive performance, 4.6–5.1 yr olds in subsistence-level horticultural community, Kenya, longitudinal study, 16973
isolation & rearing with mother & social surrogates, attachment & exploratory behavior, newborn monkeys, 24591
length of contact at delivery, affectionate behavior, mothers & their infants assessed 1 & 3 & 28 days after birth, 27936
long term tracheostomy, physical & emotional development, infants less than 13 mo old, followup at ages 3–8 yrs, 31608
loss of parent by death & age at time of loss, depression, patients of general practitioners, 14626
maternal-infant contact & prolonged separation following birth, attachment behavior, premature & seriously ill full-term neonates at 12 mo, 27873
maternal rejection during childhood, depression as child & young adult, 8–19 yr olds, 1425
maternal representation of own childhood experience & relationship with mother & behavioral traits of child abusers, prediction of rejection of own infant & predisposition to child abuse, mothers, 9785
memories of parental rearing practices & adult personality traits, male vs female 18–72 yr olds, 6653
MMPI assessment of psychlogical health, young adults who experienced death of parent prior to or during age 6 vs between ages 12–18 vs those who had not experienced death of parent, 1327
model of intellectual development & early experiences & intellectual functioning, 27802
neonatal food & sensory deprivation, maternal behavior, female rats, 22088
neuropsychiatric & intellectual & educational status & history of abuse, extremely violent vs less violent incarcerated male delinquents, 6924
own childhood conflicts, maternal relationships with infant, mothers, treatment implications, 15119
parental death in childhood & demographic characteristics, subsequent depression as adult, literature review, 6865
parental marital & parent-child relationships in family of origin, marital adjustment occasioned by birth of baby, couples, 22459
peer-peer vs mother-peer early rearing experiences, development & performance of affinitive & approach behaviors, baboons studied at 12 mo & 42 mo of age, 24574
perceptual preferences for background patterns of habitats & early experience, tadpole larvae of larval anurans vs Rana pipiens, 27247
personality characteristics & life circumstances & psychodynamics, suicidal children, literature review, 25662
postnatal rearing with inanimate maternal surrogate, plasma cortisol & moderation of stress by presence of companion, squirrel monkeys, 27470

prenatal interpsychic material & psychoanalysis, patients, 23170
preweaning exposure to cricket killing & litter size & consummatory experience, cricket predation, grasshopper mice, 5909
prolonged separation from mother following birth, secure vs anxious avoidant vs anxious resistant attachment to mother & development level, premature 12 mo olds who were seriously ill at birth, 6391
psychic trauma due to severe burn accident, adolescent development & emotional trauma, 13 yr old Black male, 9278
psychosocial functioning & parenting difficulties & marital support, 21–27 yr olds reared in institutions, 3832
puerperal psychosis & narcissism, neonates & their mothers, 30965
quality of parenting, mothers raised in institutions & their 2–4 yr olds, 30617
racial distribution & sexual history & family background, male-to-female preoperative transsexual prostitutes aged 15–35 yrs & older, New Zealand vs Australia, 17265
rearing in heterosexual vs isosexual groups, display of sexually dimorphic behavior, male vs female infant monkeys, 24586
recognition of littermates & associations prior to weaning, mating behavior & incest avoidance, prairie voles, 8596
sense of personal identity & early experience of security & knowledge of own background, confidence & security, adoptees & Ss who grew up in foster homes & were in early or mid-20s, 11839
severe childhood discipline & family conflict, self destructive behavior, psychiatric inpatients, 17663
sex of parent & parent-child compatibility, abusive child punishment in single- vs 2-parent households, noninstitutionalized adults, 20420
sexual abuse in childhood, compulsive shopping behavior, adult female patient, 28281
sibling & parental behavior & visual exposure, sexual imprinting, male zebra finches raised by mixed zebra & Bengalese pairs & with Bengalese vs conspecific sibling, 30019
social class, perception of rejection & emotional warmth & overprotection in parental rearing practices, 21–65 yr old depressed patients, 28187
social deprivation during infancy, sensitivity to dextroamphetamine-induced psychotic-like behavior & CSF norepinephrine levels, rhesus monkeys, 3350
unfavorable prenatal & perinatal & neonatal events, autistic children, 6766
unhappy childhood as origin for W. Churchill's need for power, 30701
use of psychological constructs, 17–28 yr old males formerly diagnosed as having schizoid personality in childhood, followup study, 6747
visual experience in early life & flocculectomy, vertical vestibulo-ocular, reflex, dark-reared 3 mo old rabbits, 30183

Early Infantile Autism

analytical psychotherapy, autistic children, conference presentation, 7229
attachment phase in early mother child relations & psychotherapy, infantile autism, 1391
autobiographical account of autism, 22 yr old male first evaluated at 26 mo of age, 20368
biochemical research in etiology of early childhood psychoses, literature review, conference presentation, 6742
cerebral metabolic rate for glucose, 18–36 yr old males with history of infantile autism, 22768
childhood hyperlexia, 13–25 yr old males with infantile autism, 7–17 yr followup, 1495
computerized axial tomography scan, patients with mean ages of 10.5–19.6 yrs with infantile autism vs attention deficit disorder vs developmental language disorder vs Tourette syndrome, 28138
conceptual problem solving & social adaptive functioning, nonretarded 18–39 yr old males with childhood diagnosis of infantile autism, 20336
congenital rubella, mental retardation & behavior disorders & neurosis & autism & neurologic damage, preschool age children, 4–5 yr follow up, 9907
contemporary research, early infantile psychosis, literature review, conference presentation, 6748
diagnosis of infantile autism between ages of 40–52 mo & reevaluation at 11.5 & 9.4 & 4 yrs, 3 brothers, 17554
early detection & prevention of infantile psychoses, conference presentation, 6863
electrophysiological knowledge of infantile autism, conference presentation, 6774
family SES & infantile autism, literature review, 6846
fenfluramine, neurochemistry & electrophysiology & behavior, 5–13 yr old autistic outpatients, 7400
fragile X chromosome disorder, 2–14 yr olds with infantile autism or psychosis psychiatric or mental retardation with language or behavior disorders, 25552
genetic disorders in etiology of infantile autism, 30931
genetic factors, infantile autism, conference presentation, 6844
infantile autism as illness of Western civilization & high technology & rarity among Blacks & Hispanics, literature review, 4241
interrelationship & interchangeability of PPVT & Test for Auditory Comprehension of Language, assessment of language comprehension, 4.6–16.3 yr olds with infantile autism, 25601
levodopa provocation test, levels of plasma growth hormone, 2.6–7.2 yr olds with infantile autism, implications for hypothalamic dysfunction & dopaminergic abnormalities in infantile autism, 28183
organismic vs psychological approaches to etiology of infantile autism & early childhood psychoses, conference presentation, 6805
parental attitudes & family background, results of long term treatment of infantile autism, male vs female autistic patients & their mothers who had received 25 yrs of treatment, followup study, 31367
pluridisciplinary approach to autism & childhood psychosis, conference presentation, 6765
presence of cavum velum interpositum, male 4.9 yr old with infantile autism, 20310
pros & cons of institutional care & treatment, autistic children, conference presentation, 7667
psychoanalytic observation of normal infants, detection of subtle signs of autistic behavior, 11 mo old normal female & 3 yr old autistic male, conference presentation, 6759
psychopharmacological treatment, childhood psychosis & autism & attention deficit disorder & enuresis & appetite disorders, literature review, 31551
unfavorable prenatal & perinatal & neonatal events, autistic children, 6766
XYY chromosome syndrome, 4 yr old male with infantile autism, 9651

Early Intervention

age at intervention & parental involvement & degree of structure & efficacy of early intervention programs, environmentally at-risk infants, meta-analysis, 29347
application of early stimulation programs in intensive care units, premature infants, literature review, 21060
assessment issues & augmentative communication intervention, nonspeaking children, 1623
assessment of communication skills & needs, development of intervention strategies, preschool age mentally retarded children, 10332
assessment of speech & language development & early augmentative stimulation procedures, infants at risk for speech & language & communication disorders, 4382
Capon perceptual motor lesson plans, perceptual motor ability & self concept & academic readiness, kindergartners, 5237
Carrow Elicited Language Inventory, identification of intervention needs, language impaired children with mean age of 6.2 yrs, 1614
classification of factors related to early intervention for prevention of school truancy, 8120
cognitively & socially oriented program with emphasis on language, high risk for school failure & mild mental retardation, infants & children, longitudinal studies, 18710
conceptual & empirical assumptions of development & early environmental stimulation, infants, 27710
developmental coaching intervention program, infants from birth to 48 mo old with Down's syndrome, 4555
early childhood intervention, lower socioeconomic status families, 20637
early detection & prevention of infantile psychoses, conference presentation, 6863

early educational intervention program & individual differences, cognitive development, 4 yr olds identified before birth as at risk for developmental retardation, longitudinal study, 10822
early intensive family support intervention, parenting skill & child development, impoverished mothers & their children, 23423
early intervention & resource teacher support & mainstreaming, social adjustment & academic performance, 6.9–8.9 yr olds with Down's syndrome, 8078
early intervention, childbearing & childrearing, adolescent mothers & their infants, 28836
early intervention, developmentally delayed & developmentally at risk children, 4566
early intervention during hospital stay, mother-infant interaction & maternal perceptions, mothers & their preterm infants, 15478
early intervention programs, handicapped & medically at-risk infants, 29344
early intervention, severely handicapped under 6 yrs of age, 7152
early intervention through multidisciplinary outpatient treatment & diagnosis, infants & small children, 4841
early intervention training program for parents, acquisition of early language skills, developmentally delayed 19–55 mo olds, 31323
early psychotherapeutic treatment, incest victims from preschool age through adolescence, 7200
early seizure control & educational-therapeutic intervention, subsequent normal development, female child diagnosed with severe tuberous sclerosis with prognosis of mental retardation, 12373
effectiveness of parental participation in therapeutic intervention programs, infants & children with cerebral palsy, 23124
efficacy issues & cost effectiveness & other data on early intervention, handicapped preschool children, literature review, 21403
efficacy of early intervention programs, biologically impaired infants & handicapped preschoolers, 15026
evaluation of early infant stimulation demonstration programs, children with Down's syndrome, 15045
family centered early age intervention program, family interaction patterns & adolescent development, lower-SES families, 10-yr longitudinal study, 3820
family factors interfering with prenatal & postpartum nurse home visitation program, 17–18 yr old mothers with at risk children, 18229
guidelines for communication intervention, young trainable or educable mentally retarded, 10329
home- vs school-based speech stimulation programs, speech development, 3–4 yr olds, 22327
identification & use of corrective methods, prevention of learning failure, students at high risk for dyslexia, followup study, 25713
infant & early childhood development & adaptation & diagnosis & treatment & prevention of psychopathology, 4176
infant-parent psychotherapeutic intervention techniques of S. Fraiberg during pregnancy, family with unborn child at risk for affective disturbances, 4682
IQ vs social competence, evaluation of early childhood intervention programs, 10742
model early intervention programs & problems encountered, infants, 29367
need for early identification & services & home-based intervention programs, visually handicapped infants, 29377
need for research-based assessment & curricula, early intervention, visually impaired infants, 20658
parent training intervention program, maternal adaptation & psychopathology & infant cognitive development & temperament, mothers of low birthweight babies, 10196
perceptions of temperament & activity of high risk or developmentally delayed infants, mothers & early intervention program home visitors, 9882
preschool intervention programs for disadvantaged & handicapped, literature review, 2099
prevention of emotional problems, Native American children & adolescents, literature review, 7585
prevention oriented home- vs center-based programs & parent vs child curricula, intellectual development, disadvantaged infants, review of longitudinal studies, 29345
professional & parental involvement in orientation & mobility training & relationship to other curriculum areas, visually handicapped preschoolers, 29366
program for prevention of learning disabilities, 1st grade promotion rate, preschool age children & elementary school students, conference presentation, 12-yr longitudinal study, 26648
psychological service & counseling for prevention & early diagnosis of behavioral disorders & retardation & working with parents & child guidance clinics, ki dergarten teachers, 8146
risk factors, probability of developmental handicaps, infants, 16875
risks involved in early intervention programs & psychobiological development, infants, 29360
screening & early remedial intervention project, low- vs high-risk disadvantaged school age children, Wales, 2-yr followup study, 29411
social interaction intervention, 18 mo old male with cerebral palsy & 34 mo old female with limited vocalization & normal 2 mo old female with their mothers, 10077
social policy in construction of intervention programs, children & their families, 2068
stimulation & intervention programs, infants, comments on 8 previous articles in special issue, 29384
theoretical explanations for "sleeper effects" in development, implications for early intervention, 6286
time-limited school-based intervention groups, children of divorce, 8114
validity of Milwaukee Project & ease with which tentative information becomes widespread in textbooks & technical literature, reply to comments by R. Sommer & B. A. Sommer, 24145

Early Memories
development of Comprehensive Early Memory Scoring System, differentiation of diagnostic types, 8–12 yr old delinquent vs hyperactive vs somatic complaints vs schizoid males, 24256
dream imagery & recovery of early memories, 31–52 yr old psychotherapy patients, 12502
earliest emotional childhood memories, 17–36 yr old college students, 9268
earliest memories & effective associations, male vs female college students, 19283
early memories & early experiences, personality, 1st vs 4th yr college students, 4033
early recollections & social interest & activity, reactions in social stress situation, college students, 1242
inferences of personality characteristics from earliest memories, 22–45 yr olds, 25472
memories of parental rearing practices & adult personality traits, male vs female 18–72 yr olds, 6653
perceived imputations of deviance, reconstruction of early recollections, male homosexuals, 3955
perceptions of family structure during childhood & adolescence, 18–40 yr old borderline inpatients, 12210
phenomenon of memories hidden in patient's recollection in terms of cryptic imagery, patients in psychoanalysis, 12459
recall of childhood home environment, alcoholic & depressed patients vs their siblings, 17419
use of A. R. Bruhn & J. Last's cognitive-perceptual method of early memory interpretation, analysis of earliest recollections of D. D. Eisenhower, 1267
use of early recollections as projective technique in counseling, 35 yr old male psychiatric patient, 23485

East German Democratic Republic [See East Germany]

East Germany
aggression research, German-speaking countries, literature review, 3983
changes in scientific policy & research implemented by Nazi regime, development of psychology in academia during WW II, Germany, 21674
development of ergonomics in industry, East Germany, 8249
ethical principles & moral standards for psychiatry in socialist society, East Germany, 18500
influence of brain-damage development theory in mental retardation research, East Germany, 9841
minimal values of health- & personality-promoting job content, East Germany, 13319
neurological & psychiatric viewpoints of 1982 medical guidelines for assessment of drivers' fitness, East Germany, 4105
psychology as profession, East Germany, 2276
relations between perpetrators & victims of homicide, East Germany, 4351

Eating [See Also Diets]
amount & percentages of food leftovers, thin vs average weight vs overweight male vs female college students, 22990
articulation & mastication & deglutition & tasting, 31–73 yr old patients with partial tongue resection for malignant neoplasms, 9989
behavioral & group treatment, eating habits & weight loss, obese 14–53 yr olds, 23287
chewing movements & cycles, 4 & 5 yr olds with Down's syndrome, 22890
dementia-associated eating problems & malnutrition, mortality, 86 yr old female with Alzheimer's disease, 28451
eating attitudes & disorders, 14–27 yr old females, Great Britain vs West Germany vs Canada, 23038
eating behavior & alcohol &/or drug usage & social behavior & other characteristics, 18–48 yr old female bulimics, implications for treatment, 20563
eating behaviors, anorexia nervosa & bulimarexia & bulimia, 10003
eating patterns & characteristics of binge & nonbinge episodes, female binge vs nonbinge eaters, 25802
food & praise & self approval contingent on increasing meal duration, decrease in rapid eating habits, 43 & 42 & 20 yr old family members, 31444
food-associated external stimuli in classical conditioning paradigm, meal initiation, rats, 21944
food deprivation & preferences, micro-structure or chewing or swallowing of meals, 22–52 yr olds, 22044
homeostatic control of hypothalamus, ingestive behavior, 22050
impaired masticatory ability, perceptual judgment of food acceptability, 25–75 yr old males with partial vs full dentures vs natural dentition, 6332
impasse theory of R. I. & M. M. Goulding, depression & anxiety about eating & weight loss, 20514
lenient alternative vs strict behavioral program for refeeding therapy, rate of weight gain, 13–35 yr old females & males with anorexia nervosa, 7391
mood states & eating behaviors, 14–40 yr old male & females with bulimia nervosa, 25842
morning vs afternoon, acceptability of breakfast vs dinner foods, 3–5 yr olds vs 23–44 yr olds, 21821
nutritive sucking behavior, female neonates classified as optimal vs suboptimal feeders, 9131
obesity & gender & hunger & food preferences & body size, rate of eating & bite size & speed, college students, 22048
plan for high- vs low-calorie dinner, eating patterns, college student chronic dieters vs unrestrained eaters, 5693
play activities, food intake & sense of control, hospitalized children, 31684
quantity of food ingestion & rumination, profoundly retarded 22–34 yr olds, 4370
restraint of eating, perception of sweetness intensity & pleasantness, 20–45 yr old females, 21824
therapeutic effects of ice cream on mental health, 28586
tongue movements during eating, 4 & 5 yr olds with Down's syndrome, 22889
ultradian cycles of eating & drinking, 18–39 yr old smokers vs nonsmokers, conference presentation, 3972
vagotomy vs peripheral cholinergic blockade with atropine methyl nitrate vs combined antagonism of H1 & H2 histamine receptors, drinking elicited by preabsorptive pregastric food-contingent stimulation, male rats, 3351
Eating Disorders [See Appetite Disorders]
Eating Patterns [See Eating]
Echinodermata
nutritional condition, chemoreceptive & telereceptive food preferences & rates of ingestion, starved vs fed starfish, 8889
Echolalia
echolalia, autistic children, 14629
music therapy, assessment & treatment of echolalia, 14 yr old severely echolalic male, 15029
psychoanalytic view of origin of echolalia, 8–15 yr olds, 20462
Echolocation
binaural spectral cues, horizontal & vertical sound localization, echolocating mustache bat, 13771
echolocation, 7 yr old male harbor seal, comments on D. Renouf & M. Davis's article, 5950
echolocation, 7 yr old male seal, reply to D. Wartzok's comments, 5933
frequency modulation echolocation calls, detection of fluttering insect prey, bats, 19345
mechanisms for spatial filtering & image enhancement in echolocation, bats, literature review, 592
sonic & ultrasonic signals, bats, 540
Eclectic Psychology [See Theoretical Orientation]
Ecological Factors [See Also Pollution, Topography]
aquatic vegetation & wave action, social density & preferences for ambush sites, semi-aquatic fishing spiders, 5882
displacement from home range & vegetation density, navigational & homing ability, 10–32 mo old alligators, 6055
distribution of food & predation risk, foraging behavior, hoary marmots, Alaska, 24590
ecological context of career development, adolescents, 3614
ecological factors in psychological problems, implications for clinical psychology, 12427
ecological factors, water speed in swimming & thrust modulation response, aplysia, 8694
flight behavior during fall migration, hawks, 27271
flight behavior over water during migration, hawks, 27270
integration of family systems theory & ecological psychology, interventions within & across settings, disruptive children, 20654
litter & noise & overuse & visual encounters with others, displacement process in recreation, implications for management control, 5428
perception of security & scenic quality, urban recreation sites, college students, 13365
social & behavioral aspects of carrying capacity of natural environments, 16124
subsistence change, mobility & settlement pattern in tropical forest foraging economy, Batak tribe, Philippines, implications for archeology, 25269
time of day & dominance rank, access to nectar, bellbirds, 8679

Reaganomics as sacrificial ritual, 14397
reason & value theory & economic rationality, 19936
role of merchant banks & sociological issues in financial system, England, 30564
social & economic factors, participation in higher education, 1974–78, 18523
social structure of heroin black market at Kensington Market, England, 22558
subjective meaning of consumption, 20–52 yr old college student majoring in psychology & education vs economics vs homemakers vs workers, 24076
toward psychological theory of economic growth, 9357
understanding of economics & development of complex cognitive structures, 7–17 yr olds, Israel, 925

Economy

activities as political Os vs market participants, cognition, citizens, 11938
age & sex & income & use of credit cards, estimation of size of new vs withdrawn British notes during inflationary period, adults, UK, 2607
background of epidemiological study of effect of economy on psychological disorders, 22642
beliefs about likelihood of scarity &/or decline in standard of living, social relations & problem solving methods & attitudes toward community leaders & protest politics, community residents, 3775
chronic mental disorder, economic loss & loss of productivity & treatment expenditures, mentally ill 15–68 yr olds, Laos, 6875
cognitive maps & conceptions of causes of past vs future inflation & unemployment & consequences, professional decision makers, conference presentation, 21876
complexity of social structure, focus of valve transmission in socialization, children from diverse societies, examination of orientational expansion vs economic diversification hypotheses, 17104
current economic conditions, work assessment of patients in transition from hospital to work, occupational therapists, 23570
desire to manage resources & market power, organizational merger behavior, 2676
economic conditions, alcohol consumption & impaired driving & motor vehicle crashes, 28015
economic conditions, unemployment, male vs female doctorate degree recipients, 1972–82, 21253
economic deprivation & change, social pathology, literature review, 6918
economic growth, development of new roles & educational competencies, teachers, 21267
economic marketing study, health care services supply & demand, rural community, 7570
economic stress, mental health services, 4904
economy & unemployment, social development, elementary school students & their families, implications for school counselors, 32157
evolution from industrial to information based technology & social trend toward increasing simplicity & spirituality, 14226
father-son relationship & oedipal complex, economic development & strength, 1022
folk biological taxonomies & nomenclature, hunter-gatherers & small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22450
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22441
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, criticism of C. H. Brown's cross cultural study, 22435
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22433
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22442
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, criticism of C. H. Brown's cross cultural study, 22443
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, reply to criticisms of C. H. Brown's cross cultural study, 22431
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22444
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22449
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22445
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22438
folk biological taxonomy & nomenclature, hunter-gatherers vs small-scale agriculturalists, 22432
goals for rehabilitation in emerging economic recovery, 2185
increase in number entering paid employment & growth in service sector, females, US, 22422
indoctrination of patriotic ideologies in public schools during economic recessions, New Zealand, 15666
inflation & raise, economic satisfaction, Ss with vs without formal training or experience in economics, 10911
locus of control & economic crisis, political affiliations, college students, 25340
military & economic development, national security & health & other threats, less developed countries, criticism of A. Gellhorn's article, conference presentation, 25253
military & economic development, national security & health, conference presentation, 25246
military & economic development, national security & health, criticism of A. Gellhorn's article, conference presentation, 25248
military & economic development, national security & health, criticism of A. Gellhorn's article, conference presentation, 25245
military & economic development, national security & health, criticism of A. Gellhorn's article, conference presentation, 25254
minisociety economics instruction, perceptions of entrepreneurship & occupational sex stereotyping & risk taking & persistence & economic success, male vs female 3rd–6th graders, 2475
natural resource development & political & social & economic changes, Australia & New Zealand, 27926
need for achievement, economic growth, implications for D. McClelland's theory, 22420
opinion survey, professional economists, US & Europe, 14228

perceptions regarding future socioeconomic development, young adults, Asian-Pacific nations, 1970 vs 1983, paper presented at Third Asian Regional Conference of International Association for Cross Cultural Psychology, 1028
possibility of society of general reciprocity, 14405
retrenchment & decrementalism, human resource erosion, government personnel managers, 8203
role in formulation & administration & evaluation of economic & social development policies, psychologists, Western societies, 10617
role in industrial reorganization, managers, 8212
Scanlon Plan compensation system, sharing of decision making & organizational gains with employees, management, 8202
SES & work experience, development of economic concepts, male 7–9 vs 11–13 yr olds, Egypt, 3676
subsistence change, mobility & settlement pattern in tropical forest foraging economy, Batak tribe, Philippines, implications for archeology, 25269
unemployment rate & self report of undesirable job & financial events, psychosomatic symptoms & help-seeking for emotional problems, Anglos, 1978–80, 14599
voter behavior & impact of economic conditions, government electoral behavior, Western democracies, 25353
ECS Therapy [See Electroconvulsive Shock Therapy]
ECT (Therapy) [See Electroconvulsive Shock Therapy]
Educable Mentally Retarded
adaptation of productive thinking program, creative problem solving, 10–12 yr old educable mentally retarded students, 2507
adaptive learning environments model, special education, learning disabled & emotionally disturbed & educable mentally retarded students, 10832
adjunct question aids & hierarchical organization of text materials, text comprehension, educable mentally retarded high school students vs normal 1st graders, 12304
adjustment problems, educable mentally retarded vs behaviorally disordered vs learning disabled 8–16 yr olds, 23832
adverse conditions of upbringing vs CNS impairment, later emotional disturbances & aggressive & antisocial behavior & hyperkinesis, mildly mentally retarded young adults, longitudinal study, 31099
age & sex & intellectual functioning, emotional & behavioral problems, 4–55 yr old mentally retarded, implications for mental health service planning, 20431
age, social interpretation task performance, educable mentally retarded vs learning disabled vs socially/emotionally disturbed 7–17.9 vs 13–17.9 yr olds, 4367
application of diagram theory, analysis of personality structure, mildly retarded 18–19 yr old males, 9842
arithmetic & spelling ability & achievement, Black vs White educable mentally retarded 1st–12th graders, replication of J. E. Whorton & R. M. Wilson's study on reading discrepancies, 15903
assessment of adaptive behavior, parents vs teachers vs 6–10 yr educable mentally retarded students & slow learners, 5336
behavior disturbances in childhood & stability of upbringing, 22 yr old mildly mentally retarded males vs females, 20451
behavior problems, 7–18 yr old female educable mentally retarded elementary & middle & high school students, treatment implications, 2500
behavioral weight control program, weight & physical fitness & nutritional behavior, educable mentally retarded, 20855
characteristics & outcomes, young adults with mild or moderate mental deficiency with & without psychosis, 1347
classroom behavior problems, educable mentally retarded 13–18 yr old students, 5326
cluster analysis, validation of coin-skills curriculum, educable mentally retarded children with mean age of 116.6 mo, 5347
comparison of California Test of Mental Maturity-Short Form with WISC-R, Black vs White 6–15 yr olds referred for suspected mental retardation or learning disorders, 13545
comparison of WAIS & WAIS-R scores, mildly & moderately mentally retarded 16–51 yr olds, 9859
computer-based approach, teaching of word decoding skills, mildly mentally & physically handicapped children, application of cognitive model, 8062
concerns about mainstreaming, 8–13 yr old educable mentally retarded students awaiting placement vs already in regular classrooms, 5349
concurrent validity of WISC-R factor scores & relation to WRAT scores, educable mentally retarded 6–17 yr olds, 148
construct validity of Kaufman Assessment Battery for Children, learning disabled & educable mentally retarded kindergartners through 5th graders, 26712
creativity training program, creativity & self esteem, 10–16 yr old mentally retarded students, Greece, 8087
cross cultural validity of Developmental Test of Visual—Motor Integration, mildly retarded 13–15 yr olds, Japan, 218
custody of 1 yr old with Down's syndrome, mildly retarded mother & father with low-average intelligence & learning disability, case law, 14355
delayed punishment procedure mediated by playing segment of tape recorded tantrum behavior, suppression of tantrum behavior in public, psychotic vs emotionally disturbed vs mildly retarded 10–13 yr olds, 20880
depression & learned helplessness, male vs female educable mentally retarded adolescents, 31098
development of classification scheme for family lifestyles, families with slow-learning child in educable mentally retarded program, 4369
development of organizational classification strategies, educable mentally retarded 13.6 & 17 yr olds, 4373
direct instruction with vs without self monitoring checklist, transfer of "neat paper" skills, 10–12 yr old mildly retarded & emotionally disturbed & learning disabled & low performing students, 18670
direct vs mnemonic instruction, vocabulary learning, educable mentally retarded 7th–9th graders, 21439
discrimination performance & teacher-rated behavior anomalies, trainable & educable mentally retarded 6–18 yr olds, 15892
early life experiences, composites of strategic behavior to address problematic & cognitive aspects of daily grocery shopping tasks, mildly & borderline mentally retarded adults, 31089
educational program for normalization of social interaction, functionally mentally retarded adults, 4705
encoding time of pictures vs letters, short term memory, mentally retarded 16–29 yr olds, 14851
Estimated Learning Potential vs WISC-R IQ, prediction of performance on learning task, Black vs White educable mentally retarded children, 29477
evaluation of adaptive behavior in assessment, mildly mentally retarded children, 15988
executive activity during toy construction task, educable mentally retarded adults, 25721
factor structure & reliability of Perceived Competence Scale for Children & scales of motivational orientation & school concerns, educable mentally retarded 9–12 yr olds in segregated vs mainstreamed classes, 21507
factors in educational diagnosis by multidisciplinary team, 1st–6th graders with IQs of 63–75, 15929
familial patterns of mental retardation, family members of Black vs White mildly vs severely mentally retarded, 17683
family environment, psychosocial & cognitive development, educable mentally retarded children, 6964
food & nutrition education, knowledge of nutrition, 6.9–12.8 yr old educable mentally retarded vs 8.2–11.2 yr old trainable mentally retarded, conference presentation, 15898
free time, grammar skills, 12–16 yr old mildly handicapped male students, 2496
frequency & intensity of professional burnout, 20–50 yr old teachers of educable mentally retarded & learning disabled & emotionally disturbed students, 31977
frequency & type of disruptive classroom behavior, educable vs trainable mentally retarded 11 yr olds, 15886
generalization of adaptive coping behavior skills to home & school environment, mildly & severely mentally retarded 11–20 yr olds in self contained special school, 2493
guidelines for communication intervention, young trainable or educable mentally retarded, 10329
heredity & environment, behavioral development, normal Puerto Rican vs mildly mentally retarded vs multihandicapped children, longitudinal studies, 27832

high vs low levels of intelligence, school performance, educable mentally retarded 4–27 yr olds, 8052
identification of vocally expressed emotions, normal preschool age children vs trainable vs educable mentally retarded, 20444
initial planning time vs first-move strategies & assessment pauses, performance on Tower of Hanoi problem solving task, moderately & mildly & borderline mentally retarded adults vs nonretarded kindergarten & 3rd & 5th graders, 31102
intraclass peer tutoring, sight word recognition skills, 11–13 yr old mildly mentally retarded students, 26636
IQ & performance speed, mildly retarded vs nonretarded adults with mean age of 23.8 yrs, 9855
knowledge about & attitudes toward sexuality & sexuality research, 14–17 yr old mildly mentally retarded students, 32117
listener-adapted communication strategies, educable mentally retarded children with MAs of 6 vs 8 vs 10 vs 12 yrs, 14846
long term stability of WISC-R & Wide Range Achievement Test special education classifications, special education students, 10857
microcomputer/videodisc-based instructional system, time telling, 7–9 yr old learning disabled & educable mentally retarded 1st & 2nd graders, 8057
moral & cognitive reasoning, socioculturally mildly retarded vs organically impaired mildly vs moderately retarded children, support for similar-structure hypothesis of J. R. Weisz et al & partial support for E. Zigler's 2-group approach, 14855
moral reasoning & cooperative skills, educable mentally retarded 6–17 yr olds, 31090
need for variety of clinical services in treatment of emotionally disturbed & mildly retarded in foster care, 17 yr old borderline retarded male with neurocognitive deficits, 31643
neuroleptic malignant syndrome, 22 yr old mildly mentally handicapped female with acute schizophrenia, 18146
oral vs total communication training, facilitation of sentence repetition, mildly & moderately mentally retarded 4.7–8.1 yr olds, 18081
order memory & item-identification speed on digit span test, educable mentally retarded vs normal 4th graders, 25709
peer & self monitoring, reduction in negative interaction during recess, mildly retarded 9.8 yr old male & his 8.5–9.6 yr old peers, 29351
peer training strategy, facilitation of social skills of autistic children, 5.5–8.7 yr old autistic students & mildly mentally retarded peer trainers, 18758
performance on Boehm Test of Basic Concepts, educable mentally retarded with mean age of 9.5 yrs, implications for psychoeducational assessment, 2587
performance on Brigance Inventory of Basic Skills & Peabody Individual Achievement Test & Wide Range Achievement Test, educable mentally retarded & learning disabled with mean ages of 13 & 10.7 yrs, implications for educational decision making, 5394
performance on Brown-Peterson short term memory task for pictures & words, trainable & educable mentally retarded 17–30 yr olds, 25711
performance on high speed memory scanning task, mildly mentally retarded adults, 31093
personal values, 6th–9th grade physically vs emotionally handicapped vs learning disabled vs educable mentally retarded vs hearing impaired, 9580
personality construct & pupil's race & classroom behavior, attitudes toward mainstreaming mildly mentally retarded students, teachers, 15866
picture prompts, learning accession to & termination of microcomputer program, mildly mentally retarded 11.3–13.6 yr olds, 29358
poor social skills & support, depression, mildly mentally retarded adults, 25700
procedure for teaching parents to be reading tutors, generalization of reading skills from home to school, mildly retarded 8.8–10 yr olds, 5341
process assessment of intelligence, learning disabled & educable mentally retarded children, 20457
profile analysis, intellectual development & academic achievement & social adjustment, emotionally disturbed vs learning disabled vs educable mentally retarded children, 4097
prompting & generalization learning, solving missing minuend problems, educable mentally retarded 8.4–15.4 yr olds, 32148
protection of rights of hearing impaired mildly mentally retarded defendant & attorney-client confidentiality, case law, 3867
Quantitative Concepts subtest, Woodcock-Johnson Psychoeducational Battery scores, learning disabled & educable mentally retarded & nonhandicapped elementary & secondary school referrals, diagnostic & predictive implications, 26710
reading & spelling & written expression & mathematics skills, measurement of academic performance differences, learning disabled vs educably mentally retarded vs low-achieving 4th–6th graders in Chapter 1 services vs regular classes, 23866
regression through music therapy, self confidence & ability to cope with stress, 5 yr old with mild mental retardation, 10038
rehearsal & self instructional techniques, recall & skill generalization & maintenance, educable mentally retarded 25–35 yr olds, 1610
repeated closing & opening of eyes, EEG, mildly retarded vs normal 10–13 yr olds, 9836
response deprivation, establishment of reinforcement schedules for academic performance, educable mentally retarded, 21420
response inhibition on discrimination & reversal tasks, mildly & moderately mentally retarded 8–10 yr olds, 14844
school ability & achievement, self concept, educable mentally handicapped & learning disabled & achieving & academically gifted 9–12 yr olds, 1589
self contained special day class vs resource room programs, social status & socioempathy abilities, mildly learning handicapped children, 21431
self management training, educable mentally retarded, 4738
self management training of coping responses & facilitation of motivation, mildly & moderately mentally retarded adults with behavioral/emotional difficulties, 31446
self monitoring & reinforcement, attendance in physical fitness program, mildly & moderately retarded 21–39 yr olds in sheltered workshop, 18339
semantic processing, serial recall, adolescent educable mentally retarded, 25717
SES, families with mildly vs severely mentally retarded children, West Germany, 17668
sex education program, socio-sexual knowledge & attitudes, mildly mentally retarded institutionalized vs community resident 16–52 yr olds, 8079
social support & perceived stigmatization, depression, mildy mentally retarded adults, 14863
stimulus shaping vs fading procedures, learning word meanings, trainable vs educable mentally retarded vs normal 8–12 yr olds, 7387
stressful conditions & work experiences & social activity, situational anxiety and performance on observational task, mildly mentally retarded adults, implications for understanding emotional life & competence of retarded adults, 31088
structured learning & self monitoring, facilitation & maintenance & generalization of social skills, 18 yr old mildly retarded male in residential state mental health facility, 12811
suggestibility, performance on paired associate learning task, mildly mentally retarded 12.4–17 yr olds vs nonretarded 10.5–13 yr olds, 1612
teacher questioning, problem solving behavior, 17–20 yr old mentally retarded students, 23822
teacher-rated incidence of behavior problems, educable mentally retarded 6–18 yr old students, implications for curriculum development, 23860
teacher-student verbal interaction in special education classroom, educable mentally retarded 8–13 yr olds, 15878
teaching pencil & paper vs calculator algorithms, mathematics performance, educable mentally retarded 12–16 yr olds, 23845
team assisted individualized instruction, social behavior & academic achievement & mathematical ability, mainstreamed academically handicapped 3rd–5th graders, 10826
therapeutic recreation, self concept, learning disabled 6–16 yr olds, 28600
traditional vs highly structured social skills training, 14–16 yr old mildly & borderline mentally retarded, 15256
training package, teaching of menstrual care skills, 28–44 yr old mildly & severely mentally retarded females, 18073

transition from adolescence to adulthood, emotional adjustment, mildly retarded 23–60 yr olds, 25745
tutoring by emotionally disturbed high school students, academic performance, educable mentally retarded 9–12 yr old elementary school students, 2521
use of rehearsal strategy in self paced recall readiness task, mildly mentally retarded 10 & 12 & 14 yr olds, 31104
use of unvalidated IQ tests for placement into classes for educable mentally retarded, disproportionate placement of Black children, case law, 5353
verbal-mediated modeling presented in mass vs spaced format, transfer to criterion referenced paper/pencil test of concrete-operational reasoning, educable mentally retarded & learning disabled high school students, 26664

Education Students
comprehension skills & price knowledge, reading comprehension, education majors, 29259
conceptual model & solved prototype vs transfer procedure, problem solving, female education majors in physical science course, 7949
education programs on use of reflection & rational thinking, students in elementary teacher education program, 12994
mainstreaming knowledge & attitudes, undergraduate & graduate education students, implications for teacher education, 31992
Miller Analogies Test, prediction of academic achievement & success, education doctoral students, 23921
oral communication skills program, health education, college students, 29147
perceptions of status of 25 occupations, business & education & law students, 8042
personality & academic factors, attrition rate, college of education students, 4-yr longitudinal study, implications for counseling, 8009
personality profile, industrial cooperative training students, 8011
self- vs experimenter-generated questions, learning from museum case exhibits, college education majors, 26571
self esteem, college physics students in inductive vs deductive preservice teacher education course, 26616

microcomputer-based audiovisualization of pitch contours of sentences, learning intonation, foreign language learners, 25008
therapeutic signs & sayings for teaching self control & prosocial behavior, emotionally disturbed students, 21423
use of audiovisual equipment, mainstreamed students, 10834
use of "talking chart" problem solving model based on conflict cycle by N. Long, clarification & acceptance of responsibility for behavior, language impaired & learning disordered students, 21452
Educational Background [See Also Parent Educational Background]
academic degrees & primary beliefs about unidentified flying objects, 26–89 yr old ufologists, 2746
age & educational level & amount of time spent working with elderly, stereotyped attitudes toward elderly, nurses from intermediate & skilled care nursing homes & hospitals & home health agencies, 31845
age & educational level, performance on Trial Making Test & Wechsler Memory Scale, 40–69 yr old medical & surgical patients, 210
age & educational level, sex role attitudes, college students vs their mothers vs maternal grandmothers, 22544
age & educational variables & church attendance, attitudes toward premarital & extramarital relations, males vs females aged 21–50 yrs & older & 20 yrs & younger, 17261
age & pay grade & educational level, hospitalization for accidents vs respiratory diseases vs mental disorders, high risk White US Navy enlisted males, 23928
age vs educational level vs IQ vs family structure vs geographic location, rate of violent crime, female juvenile delinquents, 28288
age vs level of education & degree of assimilation, fertility patterns, 15–49 yr old migrant Hispanic farm females, 19976
assessment & management activities in well child care, master's- vs nonmaster's-prepared pediatric nurse practitioners, 31872
attributed value of years of school completed in estimation of family income, 25–50 yr old White married males vs females, US, 22468
college attendance & moral judgment development, Ss tested 4 vs 6 yrs after high school graduation, 30387
cross-national differences, effect of industrialization & educational enrollment & social democracy & income inequality, social mobility, males, 1026
demographic & educational background factors, perceived academic benefit, aged, 21291
education & occupational prestige & income, "religious salience," "community" vs "church participant" White adult residents, US, 17155
education level, performance on 8 spatial ability tests, 20–39 vs 40–55 vs 56–75 yr olds, 19816
educational & general ability level, strategy & type of hypothesis used in concept learning, 20–25 yr old vs 45–50 yr old males, 8573
educational & literacy background, acquisition of reading skills, adult Japanese vs Arabic vs Spanish speaking second language learners, 27681
educational attainment & timing of entry into parenthood, female high school students, 15-yr followup, 19998
educational attainment, retirement, White male 57–71 yr old wage & salary workers, 8170
educational background & school & social & occupational adjustment & employment, learning disabled adults, literature review, implications for intervention, 6967
educational background, acoustic problem solving, blind & visually impaired 18–50 yr olds, 25765
educational experience & goal & institutional commitment & social & academic integration, differentiation of college students who dropped out vs continued study, test of V. Tinto's model of institutional attrition, 15834
educational level & IQ, attrition in longitudinal study, head-injured veterans, 40-yr longitudinal study, 25932
educational socialization, perception & definition of poverty, adolescent males from comprehensive vs public school, England, 14157
expansion of education, wage gaps between different groups of employees, 1970–82, West Germany, 2604
experimental vs conventional vocational training course, educational & professional career, workers who were 16–17 at time of course, Netherlands, 18566
family & college background & SES, personal & work fulfillment & alienation, occupationally successful young adults, 32308
high level of educational attainment & onset of anorexia nervosa, female anorexics seen over 6-yr period, 22988
home background & intelligence & personality & education, prediction of unemployment, male vs female adolescents, Northern Ireland, 1-yr followup, 26746
home environment in single- vs 2-parent Black family & mother's educational level, IQ, 3 yr olds, longitudinal study, 25078
IQ & educational & family background, military paratroopers vs prison inmates with vs without tattoos, 4281
level & type of education & sex discrimination, allocation in work force, females, 1196
level of education, work satisfaction, workers of varied occupational groups, 13332
level of schooling & credentials & earnings, 18–64 yr old Hispanics & non-Hispanic White males, 26768
levels of unmarried people vs education vs employment, suicide rates, Inupiat Eskimos, test of E. Durkheim's theory of suicide, 17153

maternal vs paternal education vs occupation vs encouragement, educational attainment, White vs Black 14–24 yr old females, 17089
maturation & class structures, cognitive level & linguistic performance, 1st vs 8th graders vs younger vs older children not in school, Brazil, 22277
measurement of social class using operational criteria of E. Wright vs Swedish social group typology, relationships among class & income & education, 15–75 yr olds, Sweden, 9366
parent SES & educational variables, prediction of happiness & interest in life & confidence in institutions & club/group memberships & health & income & occupational prestige, adults, 7860
post-high-school living arrangements/marital status & employment status & educational experience, drug use, young adults, 3970
quality of schooling & exposure to pictures, pictorial comprehension, 9–11 yr olds, India, 6312
relation between formal educational attainment & subjective well-being, adults, meta analysis, 2326
risk factors & education & value orientation & self concept & moral judgment, juvenile delinquents & their families, 31067
sex & age & church attendance & education, attitudes toward homosexuality, 21–50 yr old residents vs college students, Australia, 9464
sex & education level & rural vs urban origins, space-time beliefs, Fiji Indian vs Indigenous vs Caucasian peoples, Fiji Islands, 29815
sociopsychological characteristics & degree of commitment to future expansion of cycle-making units, entrepreneurs in cycle industry, India, 8232
specific experience of weaving vs schooling, generalizability of cognitive skills, 16–75 yr old Navajo females, 27155
type of employment & sex segregation of job & age & birth cohort & education, job satisfaction, female white collar workers, 13326
validity of Military Applicant Profile, prediction of early attrition, US Army enlistees from various educational & racial backgrounds, 8178
variables affecting grade level attainment, Mexican American migrant farm workers, 18647

Educational Background (Parents) [See Parent Educational Background]

Educational Counseling

academic peer counseling program, college students, 15963
analysis of complexity of academic advising tasks, college students, 10897
communication problems in advising & counseling, college students & professional faculty, 8141
content & structure of career center & cooperative education program at the American University, college students, US, 26725
counseling & advisement services, enhancement of elective system operations & self determination, college students, Kuwait, 10890
counseling & special arrangements & preparation plans for taking Scholastic Aptitude Test, learning disabled students, 21488
counseling strategies, Black college students, 13189
development of educational & vocational guidance & counseling, Pakistan, 10866
development of French immersion bilingual program & need for improved counseling & guidance services, elementary schools, Canada, 29416
development of medical college counseling program, medical students, 15601
educational & occupational & personal-social counseling, Nigeria, implications for influence of modernization, 10429
educational guidance & work experience programs, unemployed youth, UK, 10902
educational therapy, self image, functionally illiterate 40 yr old male, 29400
establishment of advising system for large psychology department, 2566
evaluation of admissions counseling procedures, minority applicants to health professions programs, 18508
imposed vs freely chosen field of study & sex differences in fields studied & reasons given for anticipated success or failure, 1st yr college students, Togo, 29268
perception of campus counseling & placement center, day vs evening community college students, 8127
preparation for college admissions essay by guidance counselors or teachers, 11th–12th graders, 5375
problems & counseling needs, Black vs White female reentry college students, 10889
problems in research on educational guidance, conference presentation, 15944
reduction in failure & dropout rates & proposed educational guidance model, school psychologists & guidance counselors, Brazil, 5372
regulation of guidance & counseling services, students, Spain, 10883
socioeconomic & political systems, intuitive educational & vocational guidance, Togo, implications for counselor training, 23902
strategies for helping students overcome sophomore slump, student personnel administrators, 32194
use of computer database to track advisement caseloads & academic progress of students, counseling center advisors, 32155

Educational Degrees

attitudes toward external degree programs, college faculty, 13001
degree level, perception of supervisory relationship, male vs female graduate counseling students vs their supervisors, 18512
economic conditions, unemployment, male vs female doctorate degree recipients, 1972–82, 21253
level of education, professional practice, occupational therapy graduates from baccalaureate vs master's degree programs, 10581
level of education, professional practice, occupational therapy graduates from baccalaureate vs master's degree programs, comments on G. E. Gilkeson & W. P. Hanten's article, 10584
patterns of college honor degrees awarded, female vs male college students, 1967 vs 1978 vs 1979, Great Britain, 2445
perceptions & importance of nontraditional degree program & negotiability of degree, alumni of external degree program, 5300
problems & solutions during education doctoral thesis-writing process, doctoral students, 31838
rationale for PhD system in psychology, 5124
relation between formal educational attainment & subjective well-being, adults, meta analysis, 2326
sex bias in evaluations for awarding 1st class & honors degrees, male vs female college students, Great Britain, comments on E. Rudd's paper, 32048
sex differences in abilities & psychological characteristics vs sex bias, awarding of university honors degrees, males vs females, Great Britain, reply to C. Bradley's criticism, 32070

Educational Diagnosis

abbreviated intelligence tests, educational diagnosis, 10.3–10.6 yr olds with vs without learning disorders, 29444
adaptive behavior & ability-achievement discrepancy criteria, determination of learning disability severity subtypes, learning disabled 8–11 yr olds, 25733
adequacy of norm-referenced vs continuous monitoring in educational diagnosis, mildly handicapped students, 21454
advocacy information for independent evaluation, parents of exceptional students, 26704
analysis of Assessment of Language Proficiency of School Beginners, assessment of language development, foreign workers' children, West Germany, 23913
analysis of educational assessment & diagnosis, school psychologists, 15954
application of statistical ranking & selection tables in diagnosis, learning disabled students, 8135
assessment & placement under 1975 Education for All Handicapped Children Act, autistic male 14 yr old, 26633
assessment issues, culturally diverse exceptional children, literature review, 13204
assessment of exceptional academic achievement using Washington Pre-College Test, junior high school students, 2564
assessment of sustained attention & distraction using classroom analog task, 7–9 yr old males with attention deficit disorder with hyperactivity, 13213
behavior ratings & psychometric profiles, 7–12 yr old males with attention deficit disorders vs developmental reading disorders, 32165
Bender Visual Motor Gestalt Test, diagnosis & prediction of reading achievement & ability, literature review, 1962–81, 15949

canonical correlation analysis of WISC-R & Woodcock-Johnson Tests of Cognitive Ability, evaluation for learning disabilities, 7.3–12.8 yr olds, 15927
Carrow Elicited Language Inventory, identification of intervention needs, language impaired children with mean age of 6.2 yrs, 1614
Classroom vs Ekwal Reading Inventory, identification of grade level designation, 1st–7th graders with reading problems, 18751
comparison of rating scales, assessment of prevalence of hyperactivity, elementary school students, 2569
comparison of scores on Woodcock-Johnson Tests of Cognitive Ability & WISC-R, Mexican American & Black & White 1st–4th graders, 21463
computer applications in educational diagnosis, 29434
conceptual issues & problems in diagnostic strategies, learning disabled in post-secondary settings, 21428
conceptual level, identification of giftedness, high school students, 13145
confirmatory factor analysis & multitrait-multimethod procedure, assessment of discriminant validity of diagnostic reading tests, 10876
considerations in use of difference scores, identification of learning disabilities, children, 15972
consistency of clinical diagnosis of reading disabilities, reading specialists vs graduate students, 8142
constant discrepancy vs regression method, diagnosis of learning disabilities, 11–12 yr olds, New Zealand, 21462
construct validity of Boder Test of Reading-Spelling Patterns, classification of dyslexia subtypes, dysphonetic vs nonspecific vs normal readers, 8423
construct validity of Kaufman Assessment Battery for Children, learning disabled & educable mentally retarded kindergartners through 5th graders, 26712
content & structure & validity of Diagnostic Achievement Battery, screening for learning disabilities, 6–14.9 yr olds, 26717
content validity of Diagnostic Achievement Battery, screening for learning disabilities, 6–14.9 yr olds, 26707
content validity of WRAT, identification of underachievement, kindergartners through 2nd graders suspected of having learning disabilities, 21495
cost effectiveness analysis, choice of tests for identification of learning disabled students, 6–11 yr olds, 2601
course model, multifactored assessment skills, counselor trainees, 18421
creativity as criterion in identification, gifted & talented students, 23870
criteria for special education placement, 13150
criterion related validity of psychoeducational tests for reading ability, learning disabled 4th–7th graders, 21516
critical psychometric properties of & systematic profile interpretation procedures for Woodcock-Johnson Tests of Cognitive Ability, psychoeducational assessment, 1st & 3rd & 5th & 8th & 12th graders, 10879
definition & identification criteria & operationalization procedures, learning disabilities, state departments of education, US, 17682
description of Project Potentially Academically Talented Students, identification of gifted, middle school students, 26550
development & use of Gift Inventory for Finding Creative Talent, elementary school children, 23911
developmental insufficiency & lack of social utility of psychodiagnostic categories of learning disabilities, 16 yr old male diagnosed as dyslexic, 8088
developments in psycho-educational assessment, infants, 10854
diagnostic-prescriptive scheme using diagnostic tests vs screening instruments vs classroom tasks, assessment of learning strategies, children with learning difficulties, 15980
diagnostic role in assessment of developmentally disabled children, school psychologists, 23699
diagnostic validity, Slosson Intelligence Test, 6.5–7.5 yr olds with suspected learning disabilities, 2572
discrepancy scores vs unadjusted low-achievement criterion, identification of learning disabilities, 1st graders in rural elementary schools, 15937
Draw-A-Person test, assessment of improvement in behavior & attitudes, learning disabled children, 15952
dynamic model for comprehensive oral &/or signed language diagnosis, children, 4383
early identification of visual-perceptual problems & remedial activities, learning or reading disabled school age children, 21434
editions of Vineland Adaptive Behavior Scales, assessment & educational program planning for self help & social skills, mentally retarded 7.8 & 8.3 & 11.3 yr olds, 32129
educational diagnosis & approach to education, students with special needs, US vs USSR, 7853
educational diagnosis & tutoring, reading & arithmetic performance, incarcerated handicapped adolescents, 2510
educational diagnostic assessment, literature review, 10840
effectiveness of teacher-based identification of high ability, 13 yr old secondary students, 13136
errors of overinclusion vs underinclusion, screening gifted students, 1st–11th graders, 23898
ethical dimensions in education & educational diagnosis, gifted, 8037
evaluation of adaptive behavior in assessment, mildly mentally retarded children, 15988
factor analysis of teacher ratings, identification of 2 dimensions of cognitive deficits, 2nd–5th graders, 15955
factors in educational diagnosis by multidisciplinary team, 1st–6th graders with IQs of 63–75, 15929
functional vs traditional assessment approaches in special education, severely mentally retarded children, 21445
guidelines for academic assessment, Indo-Chinese students, 10892
guidelines for administration & interpretation of intelligence test results & identification verification, gifted students, 23918
identification & diagnosis of mathematically gifted students, 18677
identification in schools, learning disabled children, implications for research sampling, 18704
identification techniques, gifted Mexican American children, 15920
importance of screening for language disabilities, kindergartners, 32128
importance of teachers' referral decision making in special education, mildly handicapped, 21410
inappropriate psychological assessment methods used by school psychologists, hearing impaired students in mainstreamed & special educational programs, 26674
informal reading inventories, assessment of reading behavior & criteria for instructional reading level, discussion of P. A. Killgallon's study & W. R. Powell's critique, 5396
intellectual competence & motivation & adjustment, educational assessment & intervention, children, 8132
interdisciplinary team approach & ethical & legal considerations in identification & treatment of students with special needs, middle & elementary school counselors in large urban school district, 32134
Kaufman Assessment Battery for Children, identification of giftedness, minority & majority children, 18745
laboratory methodologies vs observation of parent-child interactions vs play behavior, process-oriented assessment, preschool age handicapped children, 21407
listening comprehension, determination of reading potential, 1st–3rd graders, 5413
long term stability of System of Multicultural Pluralistic Assessment's Health History Inventories, 6–12 yr old middle- & lower-class Anglos & Blacks & Mexican-Americans, 4-yr longitudinal study, 8443
long term stability of WISC-R & Wide Range Achievement Test special education classifications, special education students, 10857
microcomputer-based learning package, diagnosis of multiplication errors, children, 10686
model for writing & evaluating educational assessment reports, 15970
multiple profile analysis of WISC-R scores, 1st–6th graders referred for evaluation & placed vs not placed in special education, implications for teaching strategies, 21506
need for replacement of current identification/placement paradigm, gifted & talented children, implications for school psychologists, 23827
needs & identification & enrichment activities, learning disabled gifted students, 10795
nonbiased language assessment for speakers of nonmainstream English dialects, Black children, literature review, 32192

parent recommendation vs performance on Woodcock-Johnson Psychoeducational Battery & Raven Progressive Matrices, educational diagnosis, gifted 4–6 yr olds, 10861
parental vs professional referrals, educational placement, kindergartners through 10th graders, 23891
perceptions of data used in identification of behaviorally disordered students, elementary school teachers & school psychologists, 13163
performance on Boehm Test of Basic Concepts, educable mentally retarded with mean age of 9.5 yrs, implications for psychoeducational assessment, 2587
performance on Brigance Inventory of Basic Skills & Peabody Individual Achievement Test & Wide Range Achievement Test, educable mentally retarded & learning disabled with mean ages of 13 & 10.7 yrs, implications for educational decision making, 5394
performance on kindergarten tests of language skills, prediction of reading difficulties in 1st grade & suggestions for prevention, children, longitudinal studies, conference presentation, 10874
performance profiles on informal reading inventories, 1st–9th graders & adults attending Adult Basic Education, 5392
phonological awareness & verbal short term memory, prediction of deficiencies in spoken language skills & reading disabilities, elementary school students, 13154
PPVT vs Test of Early Language Development vs Preschool Language Scale, language assessment, 3.3–5 yr olds, 13581
practice & perceived importance of school psychological reevaluations, handicapped children, 18686
predictability of giftedness identification measures & bias toward economically disadvantaged & minorities, gifted 2nd & 3rd graders, 18743
predictive validity of First Grade Screening Test, identification of educational handicaps, kindergartners, 13208
predictive validity of Kaufman Assessment Battery for Children, 7.1–11.9 yr olds, 23905
prereferral intervention model, referrals & placement in special education, 18688
preschool screening, school psychologists, 5386
presentation method & response format, responses on Piagetian reasoning problem, college students, 8138
problems in identification, gifted & talented children, 23834
problems in use of abbreviated cognitive tests, assessment of special educational needs, 10 yr olds referred for learning or adjustment problems, 2526
psychometric profiles, psychoeducational multidisciplinary team evaluation, 1st–5th graders suspected of having learning disabilities, 18736
Quantitative Concepts subtest, Woodcock-Johnson Psychoeducational Battery scores, learning disabled & educable mentally retarded & nonhandicapped elementary & secondary school referrals, diagnostic & predictive implications, 26710
readability of psychoeducational reports, parents, 26477
reading & spelling & written expression & mathematics skills, measurement of academic performance differences, learning disabled vs educably mentally retarded vs low-achieving 4th–6th graders in Chapter 1 services vs regular classes, 23866
recognition & treatment of language disorder in international schools, students, 32138
referral of students for evaluation for suspected handicapping conditions, inner- vs outer-directed elementary & secondary school teachers, 13151
relationship of short form of WISC-R & McCarthy Screening Test, 4.3–7.6 yr olds, 214
reliability of diagnostic & remedial decisions of reading difficulty, reading specialists, 6985
reliability of Leeds modeling system, computerized assessment of algebraic understanding, 14 yr old students, 26956
requirements for school screening for physical & emotional & behavioral & learning problems, young children, US, 5380
Retrieval & Acceleration of Promising Young Handicapped & Talented Project, identification & education, gifted handicapped 3–5 yr olds, 10810
retrospective identification & stability of subtypes, 2nd grade disabled readers previously assessed in kindergarten, 13201
revolving door identification model & program planning, gifted & talented children, 23862
role in identification & placement of exceptional students, school psychologists, 26728
Rotter Incomplete Sentences Blank-High School Form, assessment of grammatical skills, students with mean age of 13.8 yrs referred for diagnosis of learning problems, 2558
scores on Slosson Intelligence Test vs McCarthy Scale of Children's Abilities, retarded vs gifted preschool children, 21458
screening & referral using curriculum-based measurement of academic performance vs traditional referral, referral rate & cognitive functioning & achievement & social behavior & sex & identification as learning disabled, 3rd–6th graders, 5399
self concept &/or locus of control as identifiers of giftedness, 2nd–5th graders, 18742
self report vs teacher rating vs interviews vs rating scales vs direct observation, identification of Ss at risk for anxiety, 1st–5th graders, 18727
self selection or try-out procedures for identification, gifted students, 23838
Special Needs Insight Focus Form, educational diagnosis, children with emotional disorders &/vs learning disorders, 10848
spelling error pattern analysis, diagnosis & type of treatment, elementary school & college students with language-learning disabilities, 13141
state level financial & demographic characteristics, identification & degree of mainstreaming, mildly handicapped & learning disabled students, 32140
student background & rural vs suburban vs urban school setting, diagnostic & educational program decision making, school psychologists, 23894
subscale performance on Adaptive Behavior Inventory for Children, assessment of adaptive behavior, 5–11 yr olds, implications for educational diagnosis, 15968
system-level screening procedures for identification, gifted-disadvantaged students, 13137
System of Multicultural Pluralistic Assessment, nondiscriminatory learning evaluation, handicapped students, 8098
talent search identification model & screening & verification & placement, gifted & talented junior high school students, 23871
tasks & time required in clinical psychoeducational assessment of children, school psychologists, 15945
teacher education & inservice training, mainstreaming & identification, learning disabled children, 26641
teaching experience, rated efficacy of Learning Potential Assessment Device vs standard psychological reports in education programing, special educators vs nonteaching students in graduate special education courses, 10864
temporal stability of Woodcock-Johnson Tests of Cognitive Ability, learning disabled 2nd–5th graders, 23880
training modules developed by National School Psychology Inservice Training Network, assessment & intervention strategies, school psychologists, 7866
types of data used in identification of behavior disorders, elementary school students, 2582
use of estimated learning potential in reevaluation by multidisciplinary teams, declassification, Black vs White students in classes for mentally retarded, 15856
use of intelligence measures, educational assessment, learning disabled children, 13205
use of Kaufman Assessment Battery for Children, diagnosis of reading & learning disabilities & educational applications, 13186
use of WISC-R subtest scores, identification of gifted handicapped children, 10842
use of WPPSI, identification & prediction of reading disabilities, 5 yr olds at risk for learning disabilities, 13170
validity of cognitive & achievement test batteries vs single measures, diagnosis of learning disabilities, 3rd graders, 32193
validity of Detroit Test of Learning Aptitude, evaluation of learning disabilities, children with mean age of 118.8 mo, 10870
validity of H. W. Light's retention scale, determination of benefit of repeating grade in school, students, 26726
validity of Lewis Counselling Inventory, identification of students in need of guidance & counseling, 4th form secondary school students, 21497
validity of Scales for Rating the Behavioral Characteristics of Superior Students, 3rd & 4th graders identified as candidates for gifted program, 5382

validity of self report measures of anxiety, identification of learning disabilities & emotional handicaps, Anglo American vs Mexican American vs Black 1st–3rd graders, 23877
validity of Woodcock-Johnson Psycho-Educational Battery & Stanford-Binet Intelligence Scale, Black 3.3–6.1 yr old preschool children, 5356
WISC-R verbal performance, Black vs Hispanic vs White 6–11 yr olds, implications for educational diagnosis, 26722
Educational Field Trips
class visit to participatory science museum &/or classroom science lesson, science achievement, 5th graders, 26524
self- vs experimenter-generated questions, learning from museum case exhibits, college education majors, 26571
Educational Financial Assistance
parents' SES & willingness to use financial aid, students' options to attend college, parents, 12982
Educational Guidance [See Educational Counseling]
Educational Incentives
classroom instruction & control of subject matter through reinforcement, teachers & students, 29118
cooperative incentives vs tasks, academic achievement, students, 13063
Good Behavior Game Plus Merit, reduction of disruptive behavior & improved motivation, 2nd grade males designated as high risk for placement in behaviorally impaired classroom, 15737
lecturer expressiveness & incentives, academic motivation & examination performance, college students, 2438
operant conditioning based motivational technique, examination performance, college students, 32176
Educational Inequality [See Equal Education]
Educational Laboratories
brown adipose tissue thermogenesis laboratory exercise, college students in physiological psychology class, 2418
cooperative vs competitive vs individualistic science laboratory interaction patterns, science achievement & acquisition of practical skills, 9th graders, 26543
microcomputers in psychology laboratory courses, conference presentation, 2371
use of student reaction cards, student feedback & teacher-student interaction in reading/study skills programs & laboratories, college students, 5301
Educational Measurement [See Also Entrance Examinations, Grading (Educational), Minimum Competency Tests]
absolute vs relative pass-fail decisions in educational testing, 23923
accuracy of protocol measures during actural test sessions of performance of language handicapped preschoolers, experienced vs inexperienced raters vs examiners, 10852
adequacy of norm-referenced vs continuous monitoring in educational diagnosis, mildly handicapped students, 21454
analysis of computer-assisted testing system for college assessment resource center, 29441
analysis of educational assessment & diagnosis, school psychologists, 15954
analytic procedure for direct evaluation of expository prose, students, 29420
anxiety & sensitivity to stress & neuroticism & achievement motivation & cognitive style, learning test performance, literature review, 5383
application of traditional assessment methodology & assessment of reading skills, hearing impaired children, 29390
appropriate vs inappropriate uses of norm-referenced tests of reading comprehension, 5412
assessment & special education needs, deaf-blind children, 29341
assessment of delineation of psychopathology, medical students, 10582
attitudes toward & usage of testing for instructional purposes, 3rd & 7th & 10th grade teachers, 7900
attitudes toward reports of standardized reading test results, parents of 3rd graders, 23685
attitudes toward testing & test results of reading achievement, teachers, 10680
canonical correlation analysis of WISC-R & Woodcock-Johnson Tests of Cognitive Ability, evaluation for learning disabilities, 7.3–12.8 yr olds, 15927
characteristics of Otis-Lennon School Ability Test, assessment of ability to successfully cope with school learning tasks, 26676
chi square in educational measurement, 32175
construct & concurrent validity of Dimensions of Self-Concept-Form H vs Total Score of Academic Self-Concept Scale, measurement of academic self concept, Hispanic community college students, 13187
construct validity of figural & symbolic & semantic dimensions of Structures-of-Intellect Learning Abilities tests, 2nd graders, 5411
construct validity of general & academic self concept, literature review, 23883
construct validity of Self Description Questionnaire III, multidimensional self concept assessment, college students & female 11th graders, 10877
construction & validation of group test of formal operational logic in content area of environmental science, 13–18 yr old science students, 21512
construction of test of literary intelligence, educational diagnosis & occupational guidance, 23904
contruct validity of Developmental Profile II & condensed Learning Accomplishment Profile, measurement of adaptive behavior, 4.1–6.9 yr old Head Start students, 23900
corrective testing feedback vs multiple choice, attributions & rating of test difficulty & evaluation of own performance, high- vs low-test-anxious college students, parametric extension of S. L. Pressley's procedure, 10837
correlates of communication skills, 3rd-grade Francophone & Anglophone immersion students, Canada, implications for objective evaluation procedures, 23777
cost effectiveness analysis, choice of tests for identification of learning disabled students, 6–11 yr olds, 2601
credentialing guidelines in measurement & evaluation, counselors & student personnel specialists, criticism of views of L. C. Loesch, 21226
criterion related validity of psychoeducational tests for reading ability, learning disabled 4th–7th graders, 21516
cues, testwiseness, 21–45 yr old professional paramedics, 15602
data from Third National Assessment of Educational Progress in Mathematics, White vs Black vs Hispanic 9 & 13 & 17 yr old students, 2440
design & purpose & content of North Carolina Marital & Family Therapy Certification Examination, 16344
development & administration of tests, learning disabled students in mainstreamed classrooms, 21521
development & norms & validity of Basic Achievement Skills Individual Screener, assessment of reading & mathematics & spelling & writing achievement, 1st–12th graders, 15965
development & use of Gift Inventory for Finding Creative Talent, elementary school children, 23911
development of Basic Achievement Skills Individual Screener, measurement of mathematic & reading & spelling achievement & educational diagnosis, students in 1st–12th grade & beyond high school, 10865
development of Concepts in Secondary School Mathematics & Science test, assessment of generalized arithmetic comprehension, 13–15 yr olds, 8415
development of diagnostic process test, assessment of diagnostic reasoning skills, medical students & psychiatric residents, 8402
development of testing methods with focus on determination of pass vs fail criteria, 15917
development of tests, measurement of choice of objectives & conditions & ability to grasp sequence & information & following oral instructions, 10–12 yr olds, 21480
development of true-false test items, assessment of knowledge of relationships between concepts in undergraduate psychology course, college students, 2557
dictation & report & story writing tasks, assessment of spelling skills, 12 yr olds, 21457
discussion of measurement vs assessment & development of psychometric assessment, 15990
educational assessment & test selection for skill & ability, profound sensorineural hearing loss children, 29359
educational diagnostic assessment, literature review, 10840
essay vs multiple choice portions of SAT, assessment of English writing ability, Mexican-American & Puerto Rican college candidates with English vs Spanish as most fluent language, 29403

ethical considerations in use of computers in psychological testing & assessment in schools, 21515
evaluation methods for preschool students, teachers in daycare centers, 26716
evaluation of development & current applications of learning tests, 21517
extent & advantages & disadvantages of standardized testing in schools, England, 15975
factor analysis of Assessment of Reading & Language Maturity, measurement of progress in reading, 5398
factor structure of English vs Hungarian language inventory, assessment of school motivation, 12–13 yr olds, Great Britain & Hungary, 8117
formal & content guidelines for construction & adaptation of teacher-made classroom tests, mainstreamed handicapped students, 26719
forms of assessment for linguistic & mental ability & development, deaf children, 29475
FORTRAN IV program, computer analysis of spelling & vocabulary in written prose, children, 21482
framework for assessment of competence based on course objectives, social work students, UK, 12905
functional vs traditional assessment approaches in special education, severely mentally retarded children, 21445
growth of testing programs & multiple choice tests, teaching & learning, 5376
guidelines for educational research by P. Levy, computerized testing of individual differences in learning achievement, 15913
guidelines for examiners giving oral examinations in psychiatry & behavioral sciences, medical students, 5127
history of educational testing, 32180
history of research & measurement & education of artistically talented students, 1850 through present, 21245
homogeneous vs heterogeneous item grouping, science test reliability & student performance, 6th graders, 13168
identification of "potent" testing cues in science testing, high vs low test anxious college students, 21479
importance of developmental aspects of knowledge & cognitive skills & measurement context and construct-irrelevant influences, use & interpretation of achievement tests, 21489
instructional validity as measured by proportion of students receiving instruction in competencies measured on Alabama High School Graduation Examination, teachers of grades 7–10, 21468
intellectual competence & motivation & adjustment, educational assessment & intervention, children, 8132
item banks, educational testing, 29476
iterative logit model, test item bias detection, students, Tanzania vs Kenya, 10900
knowledge of & attitudes toward standardized tests, educational personnel vs legislators, 26504
laboratory methodologies vs observation of parent-child interactions vs play behavior, process-oriented assessment, preschool age handicapped children, 21407
latent class model analysis of mathematics items in National Assessment of Educational Progress test, 17 yr olds, 10860
live voice vs taped presentation method, performance on subtests of Woodcock-Johnson Psycho-Educational Battery, Black vs White students with mean ages of 8.3 vs 13.4 yrs, 21483
local curriculum & national standardized tests, 10881
mean score discrepancy between WISC-R & Woodcock-Johnson Tests of Cognitive Ability, comments on papers by J. A. Cummings & E. M. Moscato & P. L. Thompson & M. R. Brassard, 5426
mental conditioning in preparation for oral psychiatry board examination via role playing & self hypnosis & desensitization, anxiety & fear & inhibition, candidates, 10615
microcomputer programs, classroom testing, 29438
microcomputers & assessment of academic achievement & instructional performance, 2586
microcomputers & educational measurement, 2553
microcomputers & problems in assessment of academic achievement & instructional performance, teachers, 2592
microcomputers & test administration, 2600
microcomputers & test administration, comments on W. Ward's thesis, 2585
microcomputers & test development, 2567
microcomputers & test development, comments on R. Hambelton's article, 2561
microcomputers, classroom testing of learning disabled students, 13219
model for assessment of intuitions on mathematical notion of functions, 7th & 8th graders, 5274
model for use of standardized tests, assessment of local learning objectives, 10906
Monitoring Achievement in Pittsburgh testing program, mathematics achievement, 2nd & 5th & 8th graders, 2578
motivational & adjustment factors in educational assessment of intellectual competence, children, implications for learning disabilities, 29454
multicultural pluralistic assessment, bilingual special education, 13130
need for integration of vocational assessment & special education triennial reevaluation, facilitation of better instructional programming, secondary handicapped students, 29372
need for item analysis, classroom achievement tests, 29426
norms & reliability & predictive validity for Spanish version of Boehm Test of Basic Concepts, prediction of academic achievement, kindergartners through 2nd graders, Puerto Rico, 15962
operant conditioning based motivational technique, examination performance, college students, 32176
oral examination, specialist qualification in psychiatry, 18458
parallel multiple-choice vs matching tests, assessment of student knowledge & test anxiety reduction, high school students, 13222
parent recommendation vs performance on Woodcock-Johnson Psychoeducational Battery & Raven Progressive Matrices, educational diagnosis, gifted 4–6 yr olds, 10861
past academic performance in college & medical school, specialty in-training examinations, graduate medical students in anesthesiology & orthopedic surgery, 7824
peer tutoring questionnaire, evaluation of tutoring training course & assessment of competence, college students, 21460
performance-based evaluation of interviewing skills & sensitivity to emotional aspects of illness, medical students, 2288
performance on Boehm Test of Basic Concepts, educable mentally retarded with mean age of 9.5 yrs, implications for psychoeducational assessment, 2587
predictability of giftedness identification measures & bias toward economically disadvantaged & minorities, gifted 2nd & 3rd graders, 18743
predictive validity of First Grade Screening Test, identification of educational handicaps, kindergartners, 13208
predictive validity of subscales of Form S of Dimensions of Self-Concept, 7th graders, 5368
problems in use of abbreviated cognitive tests, assessment of special educational needs, 10 yr olds referred for learning or adjustment problems, 2526
procedure for development of local test norms, kindergarten students, 8099
professional & ideological issues, school readiness testing, 2555
psychological testing, educational & personnel selection, Africa, 10849
rational powers required by standardized high school science tests, 21492
reinforcement & modification of evaluation system, aversion to school-test anxiety, comprehensive school students, 15769
reliability & discriminant validity of institutional integration scales, measurement of academic & social integration, disadvantaged college students, 13180
reliability & validity of Academic Motivation Scale, college students, 29398
reliability & validity of Artes de Lenguaje, assessment of academic achievement in language arts, Spanish-speaking 1st graders, 13211
reliability & variability between raters, ratings of clinical oral examination in psychiatry, medical students, 18463
reliability of instrument for analysis of subject matter for instruction, teachers, 29468
repeated curriculum-based measurement/evaluation vs conventional special education evaluation, pedagogical decisions & student knowledge & achievement, female special educators of emotionally or physically or mentally handicapped students, 8105

response to language arts test items, 7–19 yr old hearing impaired students, 5354
review & suggestions for improvement of reliability & validity of informal reading inventories, 15946
review of Basic Achievement Skills Individual Screener, norm & criterion referenced information on mathematics & reading & spelling & writing performance, 1st–12th graders & post-high-school Ss, 18741
review of 1981 revised edition of Diagnostic Reading Scales, assessment of reading ability & skills & listening comprehension, students functioning at reading levels 1–7, 23897
rights vs formula scoring on College Board Scholastic Aptitude Test, students, 2548
role in definition of educational basics & communicating limitations of testing, educational measurement specialists, 10845
scale linkage algorithm, construction of universal criterion scale for families of institutions, law school applicants, 15911
Scholastic Aptitude clusters vs Broad Cognitive Ability Cluster of Woodcock-Johnson Psycho-Educational Battery, evaluation of aptitude-achievement discrepancies, comments on paper by J. A. Cummings & E. M. Moscato, 5427
scores on objective vs subjective clinical intraining evaluation, medical students, 29743
scoring procedure allowing credit for synonyms, cloze test protocols of 4th & 6th grades, college students, 13192
screening & referral using curriculum-based measurement of academic performance vs traditional referral, referral rate & cognitive functioning & achievement & social behavior & sex & identification as learning disabled, 3rd–6th graders, 5399
sex & general vs college preparatory curriculum & evaluation of Career Development Survey, career skills, 12th graders, 29423
sex bias in evaluations for awarding 1st class & honors degrees, male vs female college students, Great Britain, comments on E. Rudd's paper, 32048
shift from training to actual data collection context, O agreement scores, college students trained to use observational code for psychoeducational assessment of preschoolers, 21721
skill evaluation of training in behavior therapy, qualified psychiatric nurses, 7813
spelling performance on standard written vs computer-administered test, underachieving 3rd graders from regular class & learning disabled 8.8–12.9 yr olds from self contained class, 2598
standard educational test norms & Rasch-calibrated item-banks, 29469
standardization & reliability & validity of measures of paragraph reading, elementary & high school students, 23882
standardized interview, current practices & problems in public school testing programs, program coordinators, 26694
statistical validity, universal criterion scale for families of comparable institutions, law school applicants, 15910
subjective vs objective tests, evaluation of medical ethics content knowledge, medical students, 7795
subtest scores on Vane Evaluation of Language Scale & Vane Kindergarten Test, prediction of academic achievement & placement in special education or high achievement programs, students tested at beginning of kindergarten & end of 2nd grade, 21505
survey of methodology used in student assessment, England, 32200
survey of technical characteristics of published achievement tests in "Tests in Print III", 29418
System of Multicultural Pluralistic Assessment, nondiscriminatory learning evaluation, handicapped students, 8098
tasks & time required in clinical psychoeducational assessment of children, school psychologists, 15945
tolerance vs confidence intervals, score interpretation in educational measurement, 21477
updated group norms & reliability & validity data of School Edition of American Association on Mental Deficiency Adaptive Behavior Scale for Children and Adults, regular vs educable & trainable mentally retarded students, 21514
use of College Outcome Measures Project, assessment of outcome of trsditional vs nontraditional programs, graduating college seniors, 5414
use of desk-top scoring unit, errors in scoring mathematics & reading proficiency tests, 8th graders, 5407
use of inferential & non-inferential tests with nonrandom sample in educational research, 2549
use of prescribed guidelines for post hoc analysis of teacher made tests, 3rd & 7th & 10th grade teachers, 29415
use of propositions from psychodiagnostic interviews, assessment of conceptual knowledge, science students, 29412
utility of instructional sensitivity indices in achievement tests, 5385
validity & reliability & standardized scores of Peabody Individual Achievement Test vs Wide Range Achievement Test vs Diagnostic Achievement Battery, 2552
validity of CA & standardized algebra prognosis test & standardized scales of verbal & quantitative abilities & measure of Piagetian cognitive development, prediction of success in algebra, 9th–10th graders, 13172
validity of Edmonds Learning Style Identification Exercise, evaluation of relation between preference for sensory modality in learning & achievement in beginning Spanish, college students, 10847
validity of H. W. Light's retention scale, determination of benefit of repeating grade in school, students, 26726
validity of Lollipop Test, screening of school readiness, kindergartners, 13176
validity of Minnesota School Attitude Survey, assessment of attitudes & feelings about school experiences, 1st–12th graders, 18731
validity of Scales for Rating the Behavioral Characteristics of Superior Students, 3rd & 4th graders identified as candidates for gifted program, 5382
validity of Student Study Time Survey, assessment of study time, graduate & undergraduate students, 13214
validity of teacher's rating scale, assessment of behavior & learning in classroom, 1st graders, 32178
validity of Woodcock-Johnson Psycho-Educational Battery & Stanford-Binet Intelligence Scale, Black 3.3–6.1 yr old preschool children, 5356
violation of item construction principles, validity of item construction principles & importance of testwiseness, college students, 15985

Educational Objectives

alternatives for educational reform, 10647
assigned vs self selected goals, motor skills performance, 5th graders, 29213
basic goals of teaching & public education, 29114
Black educators, educational change & instillation of morality, college students, 13005
campus experience & parental socialization, occupational preferences & personal goals, college students, 21393
confirmation of National Institute of Mental Health training objectives, consultation liaison psychiatry residents, 10621
counseling & advisement services, enhancement of elective system operations & self determination, college students, Kuwait, 10890
development & philosophy & structure of Manhattanville Music Curriculum Project, children, 21344
education reform & career education, 13064
educational objectives in engineering design courses, Australia, 23759
educational reform programs & career education, attitudes & behavior, middle school students, 13044
educational vs professional plans, decision to enroll in psychology program, students predominantly 17–20 yrs old, 21388
effort & expectancy & goal setting & college entrance exam grades, academic achievement, college students in psychology, Sweden, 10769
environmental analysis & individualized education & quality circles, integration of vocational education objectives in remedial & counseling settings, 23758
essential knowledge needed for specialized & continuing education, curriculum content in medical education & student evaluation methods, 29097
formulation of educational & career plans, high vs low level college student athletes attending schools that do vs do not award athletic scholarships vs nonathletes, 32078
framework for assessment of competence based on course objectives, social work students, UK, 12905
goal structures & academic achievement motivation, students vs teachers, 13090

humanistic educational reforms, materialism & conflict in self fulfillment, 2323
incorporation of Marxist-Leninist world outlook theories into basic subjects, technical high school students, Czechoslovakia, 10720
instrumental enrichment program, teaching colleges, 2407
integration, achievement of individual education plan objectives, 3–22 yr old severely handicapped students, 8050
intrinsic vs extrinsic motivation, academic achievement, high school students, England & Wales, 8000
lifelong learning & educational goals, 18514
model for use of standardized tests, assessment of local learning objectives, 10906
morality as objective of moral education, 26552
need for training in critical thinking & problem solving & other fundamental skills in premedical & medical education, 29098
neglect of issues related to learners & educational goals & school counselors in national reports on reform in schooling, 10648
objectives of medical psychology as presented in medical education curriculum, 5132
perception of self actualization as major purpose of higher education, university students vs faculty vs administrators, 29107
perceptions of psychiatry clerkship objectives, psychiatric clerkship supervisors, 5080
performance contingent rewards & goals, motivation & self efficacy & performance, 9–11 yr olds, 21332
postulative evaluation, educational reforms of career education, 13053
proposals for educational reform & career education, 13046
realistic vs unrealistic criteria for perfomance, studying behavior, college students, 7951
relationship between centrally stated vs actual classroom-level educational aims, Finland, 29143
school absenteeism, educational & occupational aspirations, male vs female high school students, Canada, 21374
school based programs, reduction of interpersonal alienation, children & adolescents, 15783
self help model based on systematic observation of instruction, instructional improvement & learning outcomes, 2393
standards for promotion, achievement, students, 5282
views on educational & professional future, high school students, France, 21370
vocational guidance, conflicts between employers' demands & individual choices, college students, West Germany, 16015

Educational Personnel [See Also College Teachers, Elementary School Teachers, High School Teachers, Junior High School Teachers, Preschool Teachers, Resource Teachers, School Administrators, School Counselors, School Nurses, School Principals, School Psychologists, School Superintendents, Special Education Teachers, Student Teachers, Teacher Aides, Teachers]
assessment of usage of performance appraisals & staff training with student affairs staff, college student affairs officers, 31982
attitudes toward disabled persons, employed collegiate coordinators for disabled students, 10668
attitudes toward minimum competency testing, surveyed educational personnel, 29425
attitudes toward suitability & professional practice & administrative capabilities of males in early childhood education, males & females working in early childhood education, 13010
boundary management role, program supervisors for gifted & talented students, 29379
construct validity of Learning Styles Inventory, assessment of learning styles & instructional preferences, educators & health professionals in continuing education program, 27005
detection & intervention & treatment & long-term management & prevention of sexual victimization, children, implications for educators, 26501
development of teamwork & role of technical educators, 23996
evaluation of national demonstration project on service-learning in aging, faculty & college students, 10703
framework for evaluation of staff development programs, educational personnel, 26487
guidelines for effective communication in small group meetings, hearing impaired & hearing professional educators, 26497
health habits & burnout & social support & job performance & psychological distress, college student resident assistants, 31988
in-service discipline training program, educational staff, 23711
instrumental vs conceptual models, evidence & knowledge & decision making, educators, 13002
interactive research & development project on schooling, researchers & developers & teachers, 15698
knowledge & application of criteria recommended to evaluate performance as psychotherapist during 1st yr of psychotherapy training, graduate clinical psychology students & clinical faculty members, 2299
knowledge of & attitudes toward standardized tests, educational personnel vs legislators, 26504
knowledge of type of coverage & employer contribution & market & cash values of medical insurance benefits, university employees, 29559
Labor Market Information model, training in dynamics & structure of labor market & local job opportunities, college career counselors, 10667
lifestyles of singlehood vs lesbianism vs single parent vs Black vs White parent in dual career marriage, female student development professionals, 29136
perception of self actualization as major purpose of higher education, university students vs faculty vs administrators, 29107
perceptions of seriousness & recommended treatments for behavior problems of nonhandicapped vs mentally vs physically handicapped students in mainstreamed classroom, school personnel, 15859
perceptions of truancy & court referral process, middle & high school students with unexcused absences or court referrals for truancy & school staff members, 8046
resident evaluator-based approach to implementation of evaluation research in education, 12979
response to medical students' personal problems, full-time medical school faculty members with mean age of 44.9 yrs, 2240
role expectations of teacher centers, professional educators, 26493
roles & functions of chairperson of department of psychology, psychologist, 10681
satisfaction with university affiliated programs for developmentally disabled, staff from local & regional & state educational agencies, 13128
sex & race & inside vs outside appointment & proportional representation, institutional selection patterns & trends, chief student affairs officers, 29116
sociographic technique, assessment of organizational communication, public school district staff, 31997
use of Delphi technique for organizing & sharing forecasts of future issues in emotional disturbance/behavioral disorders, expert educators, 26637
workshop for induction into pastoral-care system, secondary school staff, England, 5169

Educational Placement
accelerated instruction, achievement, elementary & secondary school students, meta analysis of controlled studies, 23744
acceptability of placement in state program, emotionally disturbed child, case law, 3849
assessment & placement under 1975 Education for All Handicapped Children Act, autistic male 14 yr old, 26633
attitudes & competence, participation in psychoeducational decisions, 7–20 yr old students with learning & behavior problems, 21448
attitudes toward mainstreaming & special placement knowledge, special education teachers in labeling vs nonlabeling states, 10812
comfortable vs uncomfortable reading materials & educational placement, reading ability & achievement, 3rd–8th graders, 26525
comparison of classroom behavior, decisions on placement in least restrictive environment, handicapped vs nonhandicapped high school students, 5322
comparison of Kaufman Assessment Battery for Children vs WISC-R vs Stanford-Binet Intelligence Scale, gifted 9.5–12.5 yr olds, 5400
criteria for reading ability group assignments, 4th–6th grade teachers, 29202
criteria for special education placement, 13150
educational placement, graduates of preschool programs for handicapped, 8056
effectiveness of special education placement decision making & bias in categorization of exceptionality & handicap, 18669

elementary school grade retention or participation in junior 1st grade, attitudes toward early school experience & academic achievement, high school students, 21358
factors in educational diagnosis by multidisciplinary team, 1st–6th graders with IQs of 63–75, 15929
grade level & placement, deviant behaviors, learning disabled & behaviorally disordered elementary vs secondary school students, 18720
Head Start/Title I vs learning-to-learn program participation from nursery school through 1st grade, academic achievement & educational placement, Black 4th graders, 2-yr longitudinal studies, 32038
importance of teachers' referral decision making in special education, mildly handicapped, 21410
intermediary placement program, academic & reading achievement, learning disabled & low-achieving 6th–12th graders, 18725
IQ & adaptive behavior data, educational placement decisions, school psychology vs special education graduate students vs practitioners, 7873
legal mandate & issues in identification & placement, behaviorally disordered students, 26675
manifestations of learning disabilities in adolescence, 15–17 yr old special vocational school students vs regular grade 10 & 11 students, educational placement implications, 9865
mathematical model for optimal use of criterion referenced tests, retention in educational setting, 23922
minimum competency testing programs & standards for promotion & retention in public education, 26574
mixed- vs ability-grouped classes, academic achievement, 4th–9th graders, Sweden, 29216
multiple profile analysis of WISC-R scores, 1st–6th graders referred for evaluation & placed vs not placed in special education, implications for teaching strategies, 21506
parental vs professional referrals, educational placement, kindergartners through 10th graders, 23891
placement in segregated enrichment programs, self concept, gifted 4th graders with higher vs lower IQ, 18678
prereferral intervention model, referrals & placement in special education, 18688
problems related to ability & attainment & prediction & bias in Test of Scholastic Abilities, educational classification, New Zealand, comments on reply by N. Reid et al, 29437
program for prevention of learning disabilities, 1st grade promotion rate, preschool age children & elementary school students, conference presentation, 12-yr longitudinal study, 26648
psychological testing, educational & personnel selection, Africa, 10849
retention in grade, academic & personal & social adjustment, elementary school students, literature review, 26573
retention vs social promotion, academic achievement & personal & social adjustment, slow learners & immature & learning disabled students, literature review, 18676
role in identification & placement of exceptional students, school psychologists, 26728
scores on Test of Scholastic Abilities vs Progressive Achievement Tests, ability group placement, Maori vs European students, New Zealand, 29461
social & psychological factors in school selection & failure, students, 21367
social skills training, 17 yr old deaf female, implications for educational placement, 4729
socioeconomic characteristics vs parental education level vs family compositional factors, grade retention, Hispanic vs Black vs White school age children, 18611
structural & organizational constraints, ability group formation & stability, elementary school children, 2390
student background & rural vs suburban vs urban school setting, diagnostic & educational program decision making, school psychologists, 23894
student temperament characteristics, classroom management & placement decisions, elementary school teachers, 8029
systematic decision making, grade retention for elementary school students, school personnel, 13019
teaching experience, rated efficacy of Learning Potential Assessment Device vs standard psychological reports in education programing, special educators vs nonteaching students in graduate special education courses, 10864
Test of Scholastic Abilities, educational classification, students, New Zealand, reply to R. Nash's criticism, 8126
transition classes for children not ready for reading, conference presentation, literature review, 26646
use of unvalidated IQ tests for placement into classes for educable mentally retarded, disproportionate placement of Black children, case law, 5353
use of 1981 vs 1961 norms in scoring Slosson Intelligence Test for Children & Adults, kindergarten through 6th grade applicants to program for gifted & talented, implications for selection of gifted, 15982
validity of Test of Scholastic Abilities, prediction of future academic attainment & educational classification, comments on reply by R. Nash & criticism of study by K. D. Ballard, 29450

Educational Process [See Education]

Educational Program Evaluation

age & educational intervention program & IQ, test taking behavior, low income 4–5 yr old Mexican Americans, 27774
alternative strategies for evaluation & diagnosis of educational organizations, 29436
appraisal & recommendations for premedical & general professional education of physicians, 29067
assessment of effectiveness of family therapy education, comments on studies by D. C. Breunlin et al & F. P. Piercy et al, 7785
attitudes toward effectiveness of rehabilitation counselor education programs, administrative personnel in state vocational-rehabilitation agencies, 31879
attitudes toward open education & achievement of program goals, high school seniors who participated in open-education program in grades 2–6 & their parents, followup studies, 29210
Bereiter-Engelmann vs DARCEE vs Montessori vs traditional prekindergarten preschool education, academic achievement & IQ, low income Black Ss followed through 9th & 10th grades, 10728
childcare quality & variations in development as function of facility, children, implications for evaluation, 23449
conflict & quality & time in information use, program evaluation & decision making, graduate students simulating school board members, 2363
conflict vs social process models, enhancement of evaluation utilization in educational research, 29106
consultation approach to educational program evaluation, school psychologists, 5162
contingent approach to strategy & tactics in formative vs summative program evaluation, assessment of modifications to teacher education curriculum, teacher educators & evaluators, 23698
cost-effectiveness evaluation of Channel One as alternative approach to drug abuse prevention, youths, 20682
curriculum evaluation methodology, psychology graduates of National School of Professional Studies, Spain, 31826
databases, program evaluation & educational improvement, 11074
design & dissemination of Early Childhood Education program evaluation & maintenance of political support & development of ethnographic resources, 23688
development & implementation & evaluation of program for instruction in problem solving skills, 12–17 yr old students in school for disturbed & delinquent youth, 21416
development & implementation of district-wide instructional information systems, 13069
educational value of hospital group medical practice vs general medical clinic experience, medical students, 21172
effectiveness of continuing education program, job performance, recently hired nurses, 5078
effectiveness of elementary reading programs, literature review, 10714
effectiveness of prototype of low-cost cockpit procedures trainer, instruction for normal & emergency cockpit procedures, pilots, 18781
evaluation of correspondence course, school counselors, West Germany, 2349
evaluation of counselor training, degree of empathy, interns, 18430
evaluation of drug education course, 7th graders, 7923

evaluation of educational programs, gifted students, 13159
evaluation of effectiveness of instructional program on microcomputer usage, visually impaired 12.5–18.7 yr olds, 8081
evaluation of elementary school's implementation of whole language approach to reading instruction using nonverbatim responses to cloze procedure, 7–15 yr old hearing impaired students, 2513
evaluation of family therapy training program, 26–54 yr old family therapy trainees, 21232
evaluation of home-based early learning project for dissemination of ideas on child care & development, parents of young children, 13050
evaluation of institutions for preschoolers, England & Scotland & Wales, 29255
evaluation of national demonstration project on service-learning in aging, faculty & college students, 10703
evaluation of preparation program for National Board of Medical Examiners, medical students who failed Part 1 of exam, 18409
evaluation of principal-mediated inservice training program on minority issues in special education, 22–60 yr old teachers, 7881
evaluation of program for instillation of knowledge & attitudes & behaviors to improve health, 5th–7th grade students & teachers, 7894
evaluation of self referral program, referral to social work services, 4th vs 5th vs 6th graders, 32166
evaluation of short term rehabilitation training program for job placement skills, counselors of blind or visually impaired clients, 21180
evaluation of special education programs, mildly handicapped children, literature review, 15900
evaluation of systematic group training approach, verbal use & discrimination of leadership skills, female graduate students in counseling & guidance, 29036
evaluation of Technician Evaluation Council programs, faculty & college students & associated employers, England, 15770
evaluation of Unique System of Practice, education for psychological practice, college students, Mexico, 31902
evaluation SUMS computerized instruction program, addition & subtraction & multiplication & division skills in traditional setting, 8 yr old, 15775
evaluation training program, graduate education, 12939
evaluation use, education & school systems, 12981
experimental vs conventional vocational training course, educational & professional career, workers who were 16–17 at time of course, Netherlands, 18566
gestalt skill-training group, acquisition of perceptual skills & use of 2-chair dialog intervention, counselors, 7787
health education curriculum, learning & health-related behavior, preschool age children, 18587
history & current status of program evaluation in music teacher & music education, literature review, 15690
history of approaches to educational evaluation & quality assurance, 2400
implementation of individualized education program in public schools, kindergarten through 5th grade regular & special education students, 15881
informal assessment for program planning & evaluation in special education, 21455
IQ vs social competence, evaluation of early childhood intervention programs, 10742
measurement issues in assessment of developmental programs, students, 31955
methodology & research design for evaluation of Head Start project, 7888
model for identification of salient variables, assessment of curriculum implementation, program directors of continuing education pediatric nurse practitioner programs, 23676
multi matrix sampling, evaluation of health education programs, 5th graders, 18573
music education objectives & program evaluation in music teacher education, comments on R. J. Colwell's review, 15686
National Foundation for Education Research "My World" preschool program, rate of development, normal 4 yr olds, 15741
parent attitudes & treatment at "all-day school", school adjustment, students with behavior problems, 2.5-yr followup, Denmark, 21404
participation in field placement program, interpersonal attitudes & career maturity, psychology majors, 18605
participation in neighborhood based educational support program, 18–39 yr old low income & working class White mothers of young children, 21327
postulative evaluation, educational reforms of career education, 13053
re-evaluation of psychiatric training program & teaching staff, former residents, 10-yr followup, 12958
report to trainer vs peers, participant evaluation of interpersonal skills training course, health care workers, implications for research methodology, 10197
resident evaluator-based approach to implementation of evaluation research in education, 12979
scope & structure & evaluation of educational programs, gifted students, 29348
self assessment of instructional competence, special education student teachers, 31973
self rating of social & cognitive competence, mainstreamed vs resource room exceptional & handicapped kindergartners through 3rd graders, 2541
standardized interview, current practices & problems in public school testing programs, program coordinators, 26694
statewide evaluation programs, improvement of state & local education programs, 13068
statewide planning article by C. L. Mayer & M. M. Scheffelin, advances in program evaluation for improvement of special education, 15889
teacher training & student age, effectiveness of alcohol/drug education curriculum, 7th–9th graders, 7924
traditional vs new education program, perceived needs & proficiencies, student teachers, 29150
tutoring by emotionally disturbed high school students, academic performance, educable mentally retarded 9–12 yr old elementary school students, 2521
validity of qualitative data in educational research, 26940

Educational Program Planning

alternatives for educational reform, 10647
design of education programs on arthritis, 23–61 yr old vocational rehabilitation counselors, 12948
development & implementation & evaluation of program for instruction in problem solving skills, 12–17 yr old students in school for disturbed & delinquent youth, 21416
development & implementation of nursery school program for bridging generation gap, children & nursing home residents, 18582
development of educational programs for creative excellence, gifted & talented students, 26673
development of Structured Learning Program, handicapped high school students overreactive in mainstream settings, 8071
editions of Vineland Adaptive Behavior Scales, assessment & educational program planning for self help & social skills, mentally retarded 7.8 & 8.3 & 11.3 yr olds, 32129
environment vs acceleration approaches to programing gifted education, 18696
establishment of peer counseling program in educational settings, school psychologists, 32177
functional grouping of handicaps with emphasis on etiology & management needs & education, multiply hearing-impaired children, 29343
important organizational characteristics in planning & implementing & maintaining education programs for gifted, administrators of gifted programs, 26659
informal assessment for program planning & evaluation in special education, 21455
model of participatory research, educational program planning, 5227
parent-professional partnership, planning & implementation of individualized education plans, parents of mainstreamed handicapped children & school personnel, 21411
perceptions of usefulness of individualized education program, teachers of learning disabled & emotionally disturbed children, 15865
planning & implementation of National Literacy Campaign, Burma, conference presentation, 5239

process for designing self management programs, 14 yr old aphasic male with attention deficit disorder with hyperkinesis & cerebral palsy, 18059
proposed rape awareness lesson guide, US Navy recruit & follow-on commands, 10946
review & renewal of undergraduate education in psychology department, 2402
Educational Programs [See Also Project Head Start]
academic-learning-time teacher training model, classroom organization & management & student time-on-task & achievement, public school junior high teachers, 29179
acceptability of placement in state program, emotionally disturbed child, case law, 3849
age & sex, social participation & playmate selection, preschool & kindergarten & elementary students in mixed-age experimental program, 2485
alternative summer-school-based parent training program, low teaching proficiency mothers & grandmothers of moderately to severely retarded children, 21396
attitudes toward open education & achievement of program goals, high school seniors who participated in open-education program in grades 2–6 & their parents, followup studies, 29210
attitudes toward resource room program for gifted students, teachers, 10672
bibliography on reading leadership in education, reading administrators, 15784
boundary management role, program supervisors for gifted & talented students, 29379
Capon perceptual motor lesson plans, perceptual motor ability & self concept & academic readiness, kindergartners, 5237
career development program, learning disabled college students, 21435
computer literacy course, students & professionals in human services, 32006
concentrated educational program, attitudinal & informational levels regarding adjustment to hearing loss, hearing impaired 27–62 yr olds, 23581
content & methods of program of group lessons & activities, cognitive planning abilities & social skills, 9–16 yr old students, 29203
cost-effectiveness analysis of religion vs health vs social studies curricula in educational drug abuse prevention program, 9th graders in parochial school, 5- & 9-mo followup, 21318
description of Project Potentially Academically Talented Students, identification of gifted, middle school students, 26550
description of project to encourage graduate study & careers in educational research, females & minority group members, implications for professional development, 29129
dropout intervention program, dropout rates at beginning of next school yr, 9th–11th graders, 5208
educational programing needs assessment, midlife offspring in same geographic area as parent aged 65 yrs & older, 10654
educational programs with mutual & self evaluation techniques, elderly, France, 29176
entry IQ & direct instruction & mastery learning educational program, annual academic gains, low SES kindergartners & 1st graders, 3–4 yr study, 2386
evaluation of preparation program for National Board of Medical Examiners, medical students who failed Part 1 of exam, 18409
evaluation of preparatory seminar for Law School Admission Test, college students, 29187
exposure to human relations child abuse program, knowledge & attitudes, 5th & 6th graders & teachers, 23767
extracurricular programs, self concept changes, gifted White 8–12 yr olds, South Africa, 29383
Frostig Program for Development of Visual Perception, performance on Frostig Developmental Test of Visual Perception & Bender tests, 1st vs 2nd graders, 18569
Gifted Students Institute summer program, self concept, gifted, 10–14 yr old middle school students, 29363
goal instability & achievement motivation & study behavior, college students in learning skills classes, 32071
guidelines for increasing parental involvement in educational programs for gifted children, 26662
home- vs school-based speech stimulation programs, speech development, 3–4 yr olds, 22327
implementation of delinquency prevention research & development program, secondary teachers & students, 15727
implementation of educational & criminal justice programs, implications for R. G. Havelock's Modified Research & Development & Diffusion model, 23730
important organizational characteristics in planning & implementing & maintaining education programs for gifted, administrators of gifted programs, 26659
indirect intervention methods, improvement in reading ability & achievement, hearing impaired 11–15.6 yr old students, 5348
informal seminar, transition to psychiatric residency, medical residents in psychiatric training, 23643
instrumental enrichment program of R. Feuerstein, learning disabled, comments on study by J. Messerer et al, 13143
interethnic contact in alternative educational environments, ethnic stereotypes, 12th graders of Western origin, Israel, 26598
judicial & legislative decisions influencing preschool programs, prevention of academic failure, handicapped children, conference presentation, 10821
Kamehameha Early Education Program, provision of culturally compatible educational experiences, low SES primary grade students, Hawaii, 21312
minimal competency concept in French short-secondary program, achievement in vocational education, students, Canada, 7942
modern dance class, college students, 5228
need for early identification & services & home-based intervention programs, visually handicapped infants, 29377
need for expanded public policy to encourage schools & agencies & industry & military to provide programs to teach cognitive skills, adolescents, literature review, 6298
nutritional & health care & educational treatment program, cognitive ability, chronically deprived preschool age children, 10078
objectives & special features of IMPACT program, gifted high school students, 10801
orientation program, prevention of school adjustment problems, 1st–7th grade transfer students, 18744
peer counseling training program, social interest, 11th & 12th graders, 10687
peer education, coping with cancer, 3rd–12th grade cancer patients returning to school, 18738
planning & implementation of National Literacy Campaign, Burma, conference presentation, 5239
program for development of leadership skills, college students, 32023
program guide for senior health care centers, development & redevelopment of motor skills & cognitive functioning, aged, 26374
provision of living arrangements on college campuses & reciprocal volunteer work in departments of their expertise, retired & elderly professionals, 23732
psychological influences, work activity, schoolchildren, USSR, implications for transition from study to adult work, 23740
psychosocial vs primary prevention models of school social work practice, work study programs, high school students, 23737
pull-out vs in-class program, roles & activities of reading specialist, reading specialists & classroom teachers, 23826
role of community colleges, perpetuation of inequality in wealth & power & status, applicants to community college allied health career programs, 29196
school-based antismoking program, tobacco smoking behavior, 9–10 yr olds, followup study, 23751
school group counseling program for prevention of drug abuse, adolescents, 2577
scope & structure & evaluation of educational programs, gifted students, 29348
screening & early remedial intervention project, low- vs high-risk disadvantaged school age children, Wales, 2-yr followup study, 29411
SES & bias in interschool sports programs & educational achievement/aspirations, high school students, Canada, 2399
Special Program Responding to Intellectual Needs of Gifted project, individualized instruction & intellectual abilities, gifted elementary & middle school students, 3-yr longitudinal study, 18682

structure & implementation of home-school contingency plan using reports & parent-teacher cooperation, learning & problem behaviors, junior high school students, 29386
summer residential educational programs, gifted 8th–12th graders, 18716
survey of resource room programs for learning disabled & educable mentally retarded & emotionally disturbed students, 26657
systemic/behavioral strategies employed in behavior disorder program, public high school students, 26667
teacher education in generic primary prevention drug abuse program, male vs female 7th–9th graders, 5230
themes & interacts & explorits challenge program, gifted students, 18701
university outreach clinician program, attracting & retaining qualified speech-language personnel in rural environments, 23903
voice clinic program in public schools, public understanding & management of voice disorders, followup study, 23852
week-long leadership training course, gifted 9–15 yr olds, 18694
Women Mentor Project, development of self esteem & leadership abilities & career awareness, female elementary & middle & senior high school students, 29245
2-wk moral education programs, maturity of moral reasoning stages, 25–58 yr old male inmates of medium-security prison, 12830

Educational Psychologists [See Also School Psychologists]
role in curriculum development & classroom instruction, psychologists, 2366
role in development of models of learning principles & teaching, educational psychologists, 18540

Educational Psychology [See Also School Psychology]
balancing Type I risk & loss of power in ordering Bonferroni procedures, educational applications, comments on article by R. Rosenthal & D. B. Rubin, 15925
brain growth theory, applications to educational psychology, comments on theory of H. Epstein, 11677
communication in terms of invisible college hypothesis & work patterns, 30–70 yr old prolific scholars in psycho-educational research, 23726
computer-based instructional techniques for application of psychological knowledge, conference presentation, 2403
content analysis, Journal of Educational Psychology, 1910–81, 15663
contributions of psychological research to education, 7851
course & student characteristics & study activities & academic achievement, framework for research on studying, literature review, conference presentation, 7986
educational & developmental & cognitive psychology research publications that publish articles on reading, 26844
educational psychology & parental & societal influences on behavior, children, report of Danish Child Commission, 31947
guidelines for design & statistical analysis in psychoeducational research, 24346
historical roots & development of experimental & developmental & educational & social psychology, Japan, conference presentation, 16156
history of scientific outlook in psychology & education theory, 18949
issues in development of applied educational psychology, South Africa, 18517
multilevel & factorial Solomon 4-group designs, research in developmental & educational psychology, 2828
procedures based on Bonferroni inequality for avoiding increases in Type I errors when computing multiple contrasts, educational applications, 15969
Sir C. Burt's impact on British educational psychology, reactions by prominent colleagues, 29112
status & problems of child & developmental & educational psychology, USSR, 9120
summarization of R. M. Gagne's work on learning hierarchies & conditions of learning, 1962–80, implications for instructional psychology, 13696
thoughts on theory of constructive failure, implications for educational psychology, 15664

Educational Television
distortion-free humor vs compatible vs incompatible humorous distortion with vs without correction in educational TV program, perceptual distortions of educational information, kindergarteners vs 1st vs 4th graders, 10772
reasons for popularity of TV documentary "Scared Straight" describing prison Juvenile Awareness Project, 22236

Educational Therapy [See School Counseling]

Edwards Personal Preference Schedule
need patterns assessed using EPPS, adolescents & young adults of non-scheduled vs scheduled castes, India, 19887

EEG (Electrophysiology) [See Electroencephalography]

Effect Size (Statistical)
attitudes toward significance of test results & utility of positive controls, behavioral teratologists, Japan, 19156
challenge to beliefs that extremely nonnormal distributions are rare & that classical statistical tests on means are robust against violations of normal distributions with equal variance, 27061
effect sizes in consumer behavior research, meta-analysis, 1970–82, 29594
heterogeneous regression slopes, robustness of 2 test statistics in ANCOVA, 2994
issues of power in statistical tests & implications for research interpretation, 29789
measurement of effect size for statistical tests used in occupational therapy research, 24338
methods for effect size estimation in meta analysis, 2967
nonparametric effect size estimation in meta analysis, 11217
nonparametric effect size estimation, reply to comments by J. Krauth, 11226
summary & integration of research on effect size estimates in chemical aversion treatments of alcoholism, 18397
theory dependence of interpretation of effect size & actual estimation of coefficient of determination, 19147

Efferent Pathways [See Also Extrapyramidal Tracts, Pyramidal Tracts]
brain stimulation reward, sensitivity of caudate nucleus & nucleus accumbens & amygdala, rats, 6066
carbamylcholine chloride microinjection into rostral pontine tegmentum, somatomotor & sympathetic visceromotor & nociceptive somatosensory function, cats, 3465
course of paraventricular hypothalamic efferents to autonomic structures in medulla & spinal cord, male rats, 30080
decerebration vs spinalization vs bilateral dorsolateral funiculus lesions, vaginal stimulation-induced analgesia, ovariectomized rats, 8927
efferent connections of centrum medianum & parafascicular nucleus of thalamus, cats, 27402
efferent innervation, retinal function, horseshoe crab, 19433
electrical stimulation of diencephalon & mesencephalon, forelimb & hindlimb stepping, male anesthetized rats, 22103
electrical stimulation of medial preoptic area & dorsomedial hypothalamus, flight behavior, cats, 16712
electrical stimulation of pineal organ & optic chiasma & illumination of lateral eyes & dorsal surface of brain, neuronal activity in habenular nuclei, pigeons, 3379
electrical stimulation of pons & medulla, forelimb & hindlimb stepping, anesthetized male rats, 22101
examination of basal forebrain efferents in cerebral cortex, cats, 16636
identification of angiotensin II immunoreactive cells in afferent & efferent pathways of subfornical organ, male rats, 27378
lesions of nucleus accumbens efferent fibers in substantia innominata & lateral preoptic area, apomorphine-induced locomotor response, 6-hydroxydopamine-infused rats, 16731
pulmonary afferent inputs, discharge properties of dorsal respiratory group inspiratory neurons, decrebrate paralyzed cats, 8763
role of GABAergic mechanisms in nigrotectal projections in control of saccadic eye movements, monkeys, comments on study by O. Hikosaka & R. H. Wurtz, 24692
small vs large sustained forces vs large phasic forces in plantar vs dorsiflexion directions, motor cortical neuronal activity patterns, monkeys with lesions of thoracic dorsolateral spinal cord, 22032
structure & types of Golgi tendon organ, literature review, 5990

strychnine, elimination of alternating spinal motor neuron output during fictive swimming, lampreys, implications for independent oscillator control of alternation & rhythmic output, 552
transection of stria terminalis or amygdaloid nucleus pathways, sexual behavior, female rats, 6081
unilateral midbrain lesions, stepping induced by medial forebrain bundle stimulation, male rats anesthetized with pentobarbital, 22090
Efficacy Expectations [See Self Efficacy]
Efficiency (Employee) [See Employee Efficiency]
Effort [See Energy Expenditure]
Egalitarianism
construction & validity of 2 parallel forms of Sex-Role Egalitarianism Scale, police officers vs senior citizens vs business vs psychology college students, 8392
egalitarianism & independence & structural features & orthoepy of languages, western Melanesia, 22249
Ego
anal stage & ego autonomy & transitional objects, 6260
analytically oriented art therapy, 29 yr old male with restrictive ego ideal, 17876
art therapy, impaired self image & ego functioning, leukemia & terminal cancer patients, 4554
child ego state reprograming technique by conditioning through music script, adults, 12526
chronic cocaine usage, ego states, 21–44 yr old drug abusers, 12281
classic psychoanalytic theory as accusatory interpretation & ego analysis as nonaccusatory, 12524
clinical model based on cognitive developmental stages of social perspective-taking by R. Enright & S. Deist, enhancement of adolescent ego identity, college students, 14151
clinical vs metapsychological analysis of M. Klein's view of ego, 16193
cognitive complexity & social interactional patterns & development of ego identity, male college students with mean age of 22.1 yrs, 4084
combined individual & group psychotherapy, transference & alliance formation, ego impaired vs ego intact 8–16 yr olds, 31388
concept of "false self" in psychoanalysis, 7214
conceptions of ability & affects in task- vs ego-involving situations, high school & college students, 9294
death of ego & transcendental experience, phenomenology of R. D. Laing, 5528
development of ego identity through intergroup tensions, minority national group, 25262
development of Ego State Energy Inventory, personality profile of 5 ego state functions, college students, 11132
developmental theory of ego psychology, children, implications for school counselors, 11832
discrimination among ideal ego vs ego ideal vs superego, implications for ego development, 11033
ego & complementary perspectives of psychosis & physiological aging, 5530
ego & moral & conceptual development, 18–65 yr old college students, 3592
ego activity & self representation, psychotherapy, psychotic patients, conference presentation, 4642
ego development, 17008
ego development, male vs female technical institute vs liberal arts college students, 19904
ego development, 24–50 yr old female-to-male transsexual couples, 25365
ego identity, temporal perspective, male college students, 28104
ego involvement, attribution for competition success vs failure, alpine ski racers, 30831
ego strength, job involvement & satisfaction, 1st-level industrial supervisors with mean age of 45 yrs, 5466
factor analysis of Washington University Sentence Completion Test & Impulsivity & Risk-Taking scales, measurement of ego development & impulsivity, adolescents, 2918
Freud's drive theory & psychoanalytic ego psychology, comment on G. Blanck & R. Blanck's discussions, 8315
functions of ego with regard to consciousness & thought & language, 19297
genetic & functional differences of ego ideal vs ideal ego, differentiation of types of narcissistic disorders, conference presentation, 20279
identity & ego & career development patterns, immigrants with mean age of 16 yrs, 5-yr study, 9252
importance attributed to ego in Tibetan Buddhism & Jungian psychology, 25
interrogative suggestibility, performance on Arrow-Dot subtest of Id-Ego-Superego Test, 17–60 yr olds, 1281
jury sex & authoritarianism & ego level, deliberation style & problems during deliberation, college students, 17209
knowledge of geography as psychoanalytic metaphor for development of body ego & separation individuation, young homosexual male, 28653
long term heavy & chronic use of barbiturates & sedative-hypnotics, ego state, 22–48 yr old males, 14830
magic & religion & participating consciousness & development of ego as aspect of total personality, 21695
metapsychology as theory of psychoanalytic understanding, concept of ego, 2768
MMPI Ego Strength level, size of Pearson correlation coefficients computed between scores for posttreatment alcohol use & MMPI scores on standard & research scales, alcoholics with mean age of 41.3 yrs, 13518
moral & ego development as measured by verbal ability, high school vs college vs graduate students, 2-yr followup, 25047
objects, development of ego & id & oedipuis complex, 16216
paradoxes generated by concept of self, critique of debate between J. Redfearn & N. Schwartz-Salant, 30871
paradoxical nature of self, reply to L. Zinkin's criticism, 30864
paradoxical nature of self, reply to N. Schwartz-Salant's criticism, 30870
parental communications, ego development, adolescent & adult patients with neurotic vs character vs borderline disorders, 4229
performance on oral vs written versions of Washington University Sentence Completion Test, male vs female college students vs community residents vs retired citizens, 28117
personal concerns, ego identity status, college students with mean age of 20.5 yrs, 3738
preliminary treatment issues before analytic therapy, psychosomatic patients with deficient ego functions, 15145
primitive survival mechanisms as self destructive tendencies, 14550
psychoanalysis in groups, creative potential of diegophrenics, comments on A. Wolf & I. L. Kutash's paper, 1881
psychoanalysis in groups, creative potential of diegophrenics, criticism of A. Wolf & I. L. Kutash's paper, 1906
psychoanalysis in groups, creativity of diegophrenics, 1923
ratings of global psychiatric impairment & DSM III-axis II diagnosis, maturity of ego defense mechanisms, urban males with vs without personality disorder, conference presentation, 31004
reliability of written & telephone interview versions of Loevinger Sentence Completion Test of Ego Development, 13–91 yr olds, 13555
role of art therapy & capacity to symbolize in ego development, 28599
sex differences, intellectual & ego development in areas of occupational choice & interpersonal relationships & sexual identity, 17–30 yr old college students, 25026
shame vs guilt in relation to sense of self, narcissistic patients, 20317
struggle between ego & superego in literary & philosophical development of J. P. Sartre, 3566
subject-object division in language acquisition & ego development, 9130
suggestions from "hero" during brief hypnotic treatment, ego & identity & reality problems, 5–12 yr old males with encopresis &/or enuresis &/or hyperkinesis &/or other disorders, 31568
theoretical issues regarding psychoanalytic concept of self in groups, conference presentation, 17378
validation of Washington University Sentence Completion Test, assessment of ego development, 13–30 yr old psychiatric inpatients, 26992
validity of Objective Measure of Ego Identity Status, predictive relation between ego identity status & conformity behavior & personality, college students, replication of study by N. Toder & J. Marcia, 14532

validity of revised Sentence Completion Test, assessment of ego development, adult females vs males, 19081
views of K. Horney on ego & guilt & self idealization, conference presentation, 16204
Egocentrism
age differences, visual perspective taking ability & role of egocentrism, 3.2–8.5 yr olds, 6283
amount of reward & type of relationship & salience of co-worker's distress, egocentric bias, college students, 17322
changes in fantasy play & role taking & egocentrism & receptive vocabulary, 2–6 yr olds in play dyads, 16859
construct validity, construct of egocentrism, 22314
convergent & discriminant validity, concept of egocentrism, 22354
correlations between Rorschach Egocentricity Index & MMPI & Exner Comprehensive System Rorschach variables, 14–69 yr old psychiatric inpatients, 24207
dispositional self consciousness, overperception of self as target, college students, 12057
distributive & immanent justice & egocentrism, 4–5 yr old preschoolers & 2nd graders, 22276
egocentrism in attributions of artistic preferences, 3 & 5 & 7 yr olds, 14165
psychotherapy, selflessness, females, 10137
spiritual egocentrism & spiritual maturity, 6438
stage of cognitive development, memory & search for hidden objects, 8–12 mo olds, 897
understanding of spatial points of view, correct comprehension & production of I/you pronouns, 2 yr olds, 9205
unintentional egocentrism biases in available information & in responsibility attributions, 15–58 yr old athletes & coaches, implications for attributional research, 21525
Egotism
expectancy confirmation vs egotism models, causal attributions for expected vs actual examination outcome, high school students, New Zealand, 2428
Egypt
attitudes toward family planning, male vs female medical students, Egypt, 23633
attitudes toward mental health issues & professionals & services, Egypt, 28877
SES & work experience, development of economic concepts, male 7–9 vs 11–13 yr olds, Egypt, 3676
teacher's sex & inservice training & certification, achievement in Arabic & mathematics, 4th graders with certified vs noncertified teachers, Egypt, 7867
use of media by political action groups, examination of Camp David agreements, 6560
vocational counseling in schools, Egypt, 15908
Eidetic Imagery
emotionality & eidetic imagery, primary school students, 27743
Ejaculation [See Male Orgasm]
EKG (Electrophysiology) [See Electrocardiography]
Elavil [See Amitriptyline]
Elbow (Anatomy)
elastic load applied to right wrist, estimation of position & force of elbow flexors, right handed 19–42 yr olds, 29825
Elected Government Officials [See Government Personnel]
Elections (Political) [See Political Elections]
Elective Abortion [See Induced Abortion]
Elective Mutism
background factors & speech development & behavior, elective mute vs speech retarded vs normal 6–8 yr olds, 6992
behavioral management procedures, elective mutism & selective nonresponding behavior, 9.5 yr old male, 26101
case reports, 8–10 yr olds with elective mutism, 4155
factors related to improvement, children with diagnosis of elective mutism, 8–18-yr followup, 6874
factors related to improvement, children with diagnosis of elective mutism, 8–18 yr followup, 28278
family systems approach to elective mutism, 23221
group treatment with behavior modification & desensitization techniques, elective mute 6–9 yr olds, 20837
in-school behavior modification-oriented counseling, electively mute 11 yr old male, 23885
psychological development & background factors, 6–8 yr olds with elective mutism, 5–10 yr followup, 28210
shift from Haley strategic model to Milan model of family therapy, family with 13 yr old electively mute & immobile female, 20821
Electric Fishes
computer model of individual & sex differences, electric organ discharge, electric fishes, 27412
electrolocation during exploratory behavior, locomotor & electric displays, mormyrid fish, 19410
Electrical Activity [See Also Alpha Rhythm, Auditory Evoked Potentials, Cortical Evoked Potentials, Delta Rhythm, Evoked Potentials, Kindling, Olfactory Evoked Potentials, Postactivation Potentials, Somatosensory Evoked Potentials, Theta Rhythm, Visual Evoked Potentials]
acetylpyridine in inferiorolivary nucleus, time order of glucose consumption & axonal transport & electrical activity & harmaline-induced tremor, adult rats, 27562
activity of sympathetic neurons in inferior mesenteric ganglia, 3–24 mo old dogs, 8805
acute vs chronic antipsychotic drug administration, electrical activity of dopaminergic cells, animals, 13876
adaptation to horizontal vestibulo-ocular stimulation, electrical activity of flocculus Purkinje cells, Japanese monkeys, 6011
airpuffs to skin of hand & arm as mechanical tactile stimuli, cortical single unit responses & somatosensory EPs, monkeys, 30064
alert vs defensive behavior, visual unit activity & EEG & sustained potential shift responses in tectum, freely moving toads, 5987
anticonvulsant drugs, GABA responses & electrical activity of spinal cord neurons, mice, 13892
application of strychnine & bicuculline & pentylenetetrazol onto mesencephalic reticular formation, neuronal responses to sensory stimulation, cats & rats, 13883
asymmetrical electrocortical activity in schizophrenia, conference presentation, 1401
auditory & somatosensory stimulation, vestibular nuclear neuron activity, frogs, 24630
auditory stimuli, response of auditory neurons in superior dorsolateral prefrontal cortex, monkeys, 11465
ballistic arm movements, first agonist EMG burst, 28–36 yr olds, 13790
behavioral correlates of basal ganglia neuronal activity, literature review, 27344
bilateral corticostriatal projection ablation, excitated vs inhibited striatal neuron response to dextroamphetamine, rats, conference presentation, 30193
bilateral synchronous ultradian EEG rhythms, 19–65 yr olds, 572
binocular deprivation, interneuronal connectivity, cats, 11489
blue spot & raphe nuclei stimulation, neuronal activity of cerebellar intermediate nucleus, 3373
body image distortion & physical anhedonia, slow brain potentials, male college students, conference presentation, 636
bursting activity in globus pallidus during grooming behavior & stereotyped jaw movements, rats, 19494
calcitonin vs prostaglandin E2, anorexia & gastrointestinal motility, male rats, 16757
calmodulin blockade, plasticity of electro-excitable neuronal membrane, 3303
capsaicin topical application to sural nerve, peripheral nerve valleys & responses of neurons of spinothalamic tract, monkeys, 30210
caudate nucleus unit activity & somal diameters, intact vs substantia nigra lesioned cats, 3273
cerebellar hemispherectomy, electrical activity in red nuclei, rats, 11565
characteristics of convulsive activity in EEG's, 12–18 yr old patients with classic phenylketonuria, 9844
chloral hydrate induced sleep, electrocortical sleep patterns, 9–20 day old rats, 3421
chlordiazepoxide, stress induced anterior cingulate cortex unit activity & gastric pathology, rats, 22172
chronic lithium, electrophysiological activity in hippocampus, male rats, 16734
circadian rhythms of multiple unit activity in & surrounding superior chiasmatic nucleus, male diurnal chipmunks, 11515
classical conditioning of nictitating membrane response, amygdaloid nuclei unit activity, rabbits, 583

classical conditioning with rewarding brain stimulation, neural activity in dentate & hippocampus & septum & medial forebrain bundle, male rats, 3278
cliquinol, functional disturbances of polymodal sensory receptors, dogs, implications for myelo-optico-neuropathy paresthesia, 22185
combinations of CS & UCS applied to neurons, postsynaptic membrane function, mollusk, 22010
conditioned placing reflex formation, spike activity in limbic cortex during & after CS, cats, 27418
corpus callosum stimulation, activity of precentral neurons in distal limb & proximal limb & trunk representation areas, monkeys performing motor task, 27502
dextroamphetamine, striatal multi-unit activity during free movement vs immobilization, rats, 27663
dextroamphetamine treatment, dopamine autoreceptor subsensitivity, male rats, 19736
diazepam vs p-chloro-derivative Ro 5-4864, spontaneous & GABA-induced responses of spinal cord & dorsal root ganglion neurons, mice, 22219
differential pulse voltammetric determination of 5-hydroxyindoles in nuclei raphe dorsalis & centralis & pontis & magnus during sleep-waking cycles, male rats, 8769
diffuse light, directional response characteristics of optic nerve fibers, squirrels, 19492
discharge patterns of single-spindle primary afferents from forelimb muscles during locomotion, decorticate cat, 16611
discharges of single neurons in primary auditory cortex during acquisition of pupillary CR, cats, 3305
dopamine, long-lasting modification of population responses & cell membrane properties of hippocampal CA1 pyramidal cells, rats, 563
dorsal hippocampal stimulation with single vs trains of pulses, activity of subicular neurons, anesthetized cats, implications for memory process, 30171
elaboration vs extinction of conditioned defensive response, interaction of pairs of neurons in visual & sensorimotor neocortical areas, rabbits, 22029
electrical self stimulation of medial forebrain bundle & nucleus accumbens & food intake, neuronal activity in lateral hypothalamic area, male rats, 27506
electrical stimulation of lateral hypothalamus during iontophoretic application of acetylcholine vs norepinephrine vs cycloheximide, neuronal activity, rabbits, 16720
electrical stimulation of pineal organ & optic chiasma & illumination of lateral eyes & dorsal surface of brain, neuronal activity in habenular nuclei, pigeons, 3379
electroresponsiveness of mammalian thalamic neurons in slice preparation of diencephalon, guinea pigs, 8797
electrostimulation of frontal & motor neocortical zones, reflection of interneuronal connections in long term memory, rabbits, 6064
EMG & method for recording multiple unit activity in reticular formation in continuous monitoring of sleep-wakefulness cycles, implications for evaluation of dose- & time-response parameters of sedative-hypnotic drugs, 779
ethanol, after discharge activity evoked by electrical stimulation of amygdala & septum & hippocampus, cats, 19697
ethanol, membrane properties & postsynaptic potentials of trigeminal motorneurons during sleep & wakefulness, cats, 16733
firing repertoires of hippocampal theta cells during voluntary vs automatic motor behaviors & alert immobility, rabbits, 8754
fluorescent tube lighting, flicker response in retina & lateral geniculate nucleus, cats, 24642
food or nonfood presentation vs barpressing vs food acquisition & ingestion stages of operant feeding task, electrical activity of neurons in globus pallidus, monkeys, 30091
free motor activity, activity of neighboring motor cortex neurons, rats, 22036
functional integration of rat septum & hippocampus xenotransplanted into brain, rabbits, 27472
functional role of neuronal activity of supplementary motor area, primates, 19527
guanosine triphosphate vs cyclic guanosine monophosphate phosphodieterase, retinal rod membrane voltage, toads, 551
haloperidol, impulsive activity of locus ceruleus noradrenergic neurons, rats, 16753
haloperidol vs tisercin treatment, enzymatic acetylcholinesterase activity & metabolism & electric interphase potential, children with schizophrenic psychosis, 4761
high levels of spontaneous activity, velocity of impulses in optic nerve fibers, cats & frogs, 13797
high magnesium diet, hippocampal frequency potentiation & reversal learning, 25 vs 9 mo old rats, 27607
hyperconnection theory of D. M. Bear, 14956
illumination & time of day, multiple unit activity in suprachiasmatic nucleus in retino-hypothalamic island, male rats, 3281
in situ & isolated nerve cord activity vs body wall movement, intersegmental phase lag, leeches, 11492
indalpine & zimelidine, electrophysiological aspects of serotonergic forebrain activity, male rats, 24816
information train procedures, analysis of functional interaction of neuronal spike trains in nucleus parabrachialis medialis during sleep-wake states, cats, 27350
injection of bradykinin vs coronary artery occlusion, response of spinothalamic & spinoreticular neurons, monkeys & cats, 8877
intensity & frequency of sinusoidal displacement stimuli, intensity & frequency of neural firing in pacinian corpuscles, cats, 8755
intensity of tactile stimulation of siphon, neuronal reflex activation, aplysia, 13795
investigatory sniffing & rhythmic slow wave activity in dorsal hippocampal formation, 3 vs 18 vs 30 vs 36 mo old rats, 13796
lateral hypothalamic glucose-sensitive vs glucose-insensitive neurons, feeding-related neuronal activity, female monkeys, 11464
levodopa-induced fictive locomotion, synaptic potentials of hindlimb extensor motor neurons, acute vs chronic spinalized cats, 16694
light adaptation, dynamics & sensitivity of visual responses of retinal horizontal cells to temporally-modulated light, turtles, 16665
light conditions & perforant path stimulation, circadian rhythms in hippocampal responsiveness, male rats, 30166
light vs dark moving stimuli, neuronal activity of suprasylvian area, cats, 5980
LSD, behavior & electrical activity of dorsal hippocampus neurons, rabbits, 13913
mathematical model, intradental nerve activity induced by cold stimulation & estimated pain, 40–55 yr olds, 5974
meditation, electrocortical arousal & related phenomena, literature review, 24517
mefenamic acid, bioelectric activity in cerebral cortex & hippocampus & mesencephalic reticular formation, cats, 22211
methodological & theoretical issues in biochemical & neurohistological & physiological & behavioral approaches to analysis of higher nervous activity, 558
morphine vs naloxone vs pain, physiological characteristics of pressure immobility, rabbits, 11532
motor-set, responses of somatosensory cortical neurons to vibrotactile stimulation, monkeys, 13862
moving source of illumination, organization of functional connectivity between array of visual interneurons & motor neurons in oculomotor reflex pathway, crayfish, 19465
multiple floating microelectrode for implantation & single unit recording of cerebral cortex, cats, 16246
need for sleep, neuronal firing patterns in barpressing, cats, 573
neuronal discharge in superior colliculus before vs after saccadic eye movements, cats, 19508
neuronal discharge plasticity in secondary auditory cortex during acquisition of pupillary CR, cats, 3268
neuronal interaction & central inhibition, cats, 5984
neurosyntergic approximation of levels of consciousness, 30070
nigroneostriatal pathway lesions induced by 6-hydroxydopamine vs dextroamphetamine, apomorphine-induced inhibition of neostriatal activity, rats, 22073
odorants, electrophysiological responses of olfactory bulb neurons, frogs, 13794
optical imaging, neuronal activity in brain slices, mammals, 8786
partial sensory deprivation, periodicities in basic rest-activity cycle during waking stage, 20–40 yr olds, 613
patterns of discharge by hippocampal neurons during delayed-response task, monkeys, implications for working-memory hypothesis of hippocampal function, 30111

perforant path stimulation during classical conditioning of nictitating membrane response, responsivity of dentate gyrus granule cells, rabbits, 13817
periplanone concentration, activity of pheromone-sensitive neurons in antennal lobes of brain, adult male American cockroaches, 27337
phasic & tonic modulation of impulse rates of gamma motorneurons, locomotion, premammillary decerebrate cats, 24774
phasic auditory & visual stimuli, caudate nucleus neuron activity, unanesthetized freely moving cats, 30108
photic stimulation & moving stimulus, neuronal responses of tectum, frogs, 5964
plane of rotation, optimal response of secondary vestibular neurons & relationship to convergence of semicircular canal input, cats, 8749
plane of rotation, spatial & temporal response characteristics of secondary vestibular neurons, alert cats, 8750
polarization of taste cells, sucrose responses & reversal potential, mice, 27406
postnatal development of sensory functions of lateral hypothalamic neurons, 1–25 day old vs adult rats, 557
potassium homeostasis & membrane potential of sensory neurons in CNS, leeches, 8823
prenatal vs postnatal protein malnutrition, spontaneous electrical activity of frontal cortex neurons, rats, 16707
pulmonary afferent inputs, discharge properties of dorsal respiratory group inspiratory neurons, decrebrate paralyzed cats, 8763
punctate burns to skin, response properties of group of lamina 1 projection cells in dorsal horn of spinal cord, decerebrate adult rats, 19592
quinuclidinyl benzilate vs atropine vs kainic acid lesions of substantia innominata, neocortical & hippocampal slow wave activity, rats, implications for Alzheimer's disease, 27646
relations of biopotentials of hippocampus & amygdala & neocortex during instrumental alimentary behavior or brain self stimulation, dogs, 21996
REM sleep, electrical activity of basolateral amygdala & cingulate gyrus & dorsal hippocampus & thalamic nucleus & sensory motor cortex, cats, 19442
removable stereotaxic micromanipulator for chronic single unit recording in olfactory bulbs, free moving rats, 26950
reserpine, EEG analysis of activating vs inhibitory mechanisms of brain, rabbits, implications for "reserpine depression" & clinical depression, 13921
residual latency, heterogeneous strain vs 5 strains of inbred mice, 16594
response characteristics & synaptic interactions of receptors & interneurons & motor neurons in visual pathway, nudibranch mollusk, 8784
rest vs problem solving task, 40 Hz EEG activity, patients with Alzheimer's disease vs multi-infarct dementia, 31205
rhythmical jaw & tongue movements induced by cortical & amygdaloid stimulation, differential activity of hypoglossal motorneurons, adult rats, 19606
saline-filled pipettes, assessment of olfactory receptor cell activity, 11397
self-regulation of single unit activity & EEG & EPs & slow potentials, implication for biofeedback training, literature review, 24677
septal cholinergic & entorhinal glutaminergic inputs to hippocampus, modulation of hippocampal rhythmical slow activity during exposure to novel stimuli, rabbits, 27348
short term anoxia, bioelectrical activity of pyramidal neurons & state of redox system, cats, 6001
simultaneous changes in linear vs angular accelerations during rotation, vestibular nucleus neuronal responses, rats, 22012
sinusoidal displacement stimuli, intensity of & amplitude-frequency characteristics for receptor potentials & neural spikes in pacinian corpuscles, cats, 8756
small vs large sustained forces vs large phasic forces in plantar vs dorsiflexion directions, motor cortical neuronal activity patterns, monkeys with lesions of thoracic dorsolateral spinal cord, 22032
spatial response properties of optic nerve fibers, squirrels, 19491
spontaneous impulse activity of neurons in intact vs chronically isolated cortex, rabbits, 22105
static & dynamic properties of lateral suprasylvian visual receptive fields, cats, 16617
statistical description of electrical activity of single neurons, 22013
stimulation of amygdala & substantia nigra, orthodromic & antidromic response of nucleus accumbens neurons, anesthetized cats, 19614
stimulation of ipsi- & contralateral visual hemifields, impulse activity of neuron clusters in suprasylvian area, adult cats, 16658
stimulation of midbrain reticular formation, neuronal activity in visual cortex during CR, rabbits, 27499
stimulation of posterolateral hypothalamus & nuclei raphe, response crosscorrelations in cortex, rabbits, 22098
stimulation of thalamic ventrolateral & cerebellar nucleus, responses of pyramidal cells in layers II–VI of motor cortex, cats, 16717
stimulus novelty & environments related to attention & emotionality, behavioral & hippocampal electrical activity, rabbits, 30060
sucrose vs sodium chloride vs sodium saccharin vs quinine stimulation of tongue, preferences & responses from chorda tympani nerve, male mice, 19479
synaptic activity of command neurons for defensive response of spiracle closing, snails, 16641
systems analysis, integrated neuronal activity, 8747
taste stimuli, response properties of cortical neurons, rats, 8842
technique for long term recording of unitary spikes of basal ganglia neurons, moving cats, 19015
technique for recording neuronal activity from spinal dorsal horn, healthy restrained cats, 26924
telemetry system for neuronal discharge recording, monkeys, 2849
tetrodotoxin, regenerative action potentials & receptor potentials of pacinian corpuscles in response to sinusoidal displacement stimuli, cats, 8936
thermal discrimination task, activity of trigeminothalamic neurons in medullary dorsal horn, male rhesus monkeys, 8760
trimethyltin, recurrent inhibition using electrical stimulation of perforant path, rats, 27582
ultrasonic vocalization during copulatory behavior & correlation with hippocampal & cortical electrophysiological activity, male rats, 27383
ultrasound-related & expiration & inspiration unit discharges associated with ultrasonic vocalization, 3307
unit activity of motor cortex during acoustically-signaled reaching, male rats with left vs right forepaw preference, 19523
urethane anesthesia vs wakefulness vs immobilization stress, neuronal activity in medial thalamus, rats, 22078
vagus nerve stimulation, electrical activity of olfactory bulb, rats, 16713
vasopressin desglycil-8-arginin, activity of cortical neurons, cats, 22142
visual discrimination of food & barpressing for access to food & ingestion, neuron activity in dorsolateral prefrontal cortex, monkeys, 24669
visual discrimination task performance, unit activity in posterior temporal cortex, rhesus monkeys, 16610
visual recognition of patterns, momentary discharge frequency of thalamic & striopallidal neurons, humans, 3288
visual recognition of patterns, spatiotemporal correlation between momentary frequencies of neuronal electrical activity in thalamus & internal capsule & corpus callosum, humans, 3289
visual stimulation & consequent eye movements, neuronal responses of saccade-depressed vs saccade-excited cells in striate cortex, alert cats, 8832
visual stimuli, directional & orientation selectivity of neurons in middle temporal visual area, male monkeys, 19429
visually-guided vs flutter saccades vs spontaneous microsaccades, Purkinje image eye movement activity, 18–35 yr olds with voluntary nystagmus, 3280
weakening of monosynaptic neural pathways, development of habituation of caudal tailflips, crayfish, 27349
X-like vs Y-like simple cells in visual area 17 & excitatory regions & receptive field properties, cats, 24665
zetidoline vs levosulpiride, cerebral bioelectrical potentials, psychiatric patients, conference presentation, 1991
5,6-dihydroxytryptamine, olfactory bulb responsiveness during wakefulness & sleep, male rats, 13885

Electrical Brain Stimulation
acute & chronic electrical stimulation of caudate nucleus head, conditioned postural reorganization, dogs, 22102
acute or chronic stressors vs desipramine, responding for electrical brain stimulation, mice, conference presentation, 30165
afferent stimuli & phase relationships with phasic events, hippocampal theta rhythm during paradoxical sleep, rats & cats, 30173
alcohol dose, escape latency & threshold for aversive electrical stimulation of periaqueductal gray, rats, 27565
blue spot & raphe nuclei stimulation, neuronal activity of cerebellar intermediate nucleus, 3373
brain stimulation reward, sensitivity of caudate nucleus & nucleus accumbens & amygdala, rats, 6066
chronic stimulating electrode in granule cell layer of dorsal dentate gyrus, electrical self-stimulation, rats, 24750
corpus callosum stimulation, activity of precentral neurons in distal limb & proximal limb & trunk representation areas, monkeys performing motor task, 27502
cortical stimulation, transient neuropsychological abnormalities & Gerstmann's syndrome, 17 yr old right handed male with partial seizures, 14966
current & frequency of stimulation, mapping of midbrain sites for circling, male rats, 3382
degree of response control, reinforcement strength of electrical brain stimulation, male rats, 19613
desmethylimipramine, attenuation of shock-induced reduction in response to electrical self stimulation, male mice, 24970
diazepam, conditioned potentiation of startle electrically elicited from brain stem, male rats, 3407
diazepam, lateral hypothalamus vs dorsolateral hippocampus vs lateral entorhinal cortex self-stimulation, mice, 11533
diazepam vs bromazepam, self stimulation of lateral hypothalamus & dorsal central gray, male rats, 24895
dopaminergic input to medial prefrontal cortex, self stimulation, rats injected neonatally with 6-hydroxydopamine, 24778
dorsal hippocampal stimulation with single vs trains of pulses, activity of subicular neurons, anesthetized cats, implications for memory process, 30171
duration of intertrial interval of 1-Hz brain stimulation, kindling behavior, rats, 27495
duration of self stimulation to lateral hypothalamus, reinforcing effect, rabbits, 22095
effect of 1 hertz electrical stimulation of amygdala, kindling behavior induced by 60 hertz stimulation of contralateral amygdala, male rats, 30169
electrical brain stimulation & atropine, thresholds for self stimulation in lateral hypothalamus & cannulas & ventral tegmentum, male rats, 30164
electrical hypothalamic stimulation, blood glucose levels, male rats, 24747
electrical self stimulation of medial forebrain bundle & nucleus accumbens & food intake, neuronal activity in lateral hypothalamic area, male rats, 27506
electrical stimulation discrimination & self stimulation of lateral hypothalamus &/vs mesencephalic central gray, male mice, 27493
electrical stimulation of anteromedial cortex, head orienting behavior, male rats, 22104
electrical stimulation of bulbar reticular formation vs prefrontal cortex, skeletal activity & behavioral inhibition, rats, 3381
electrical stimulation of caudal periaqueductal gray & naloxone, analgesia & opiate withdrawal behavior, male rats, 24744
electrical stimulation of cerebral cortex, mandible movements & EMG of masticatory muscles, rabbits, 19608
electrical stimulation of cortical vs basolateral nuclear mass, kindling of nucleus of amygdala, male rats, implications for neural connections, 3369
electrical stimulation of diencephalon & mesencephalon, forelimb & hindlimb stepping, male anesthetized rats, 22103
electrical stimulation of dorsal dentate gyrus granule cells & naloxone, selective impairment of spatial memory processes, male rats, 24731
electrical stimulation of globus pallidus following injections of amphetamine, organization of stereotyped behavior, cats, 3336
electrical stimulation of hippocampal perforant path, shaking behavior, rats, 19604
electrical stimulation of hippocampus, passive avoidance learning, male rats, 13861
electrical stimulation of hypothalamic structures, paw tapping, rabbits, 3370
electrical stimulation of hypothalamus, mechanisms underlying septal area control of quiet biting attack behavior, cats, 24748
electrical stimulation of lateral hypothalamus, self stimulation of mesencephalic central gray, male mice, 19601
electrical stimulation of midbrain periaqueductal grey, vocalization, monkeys, 27501
electrical stimulation of pons & medulla, forelimb & hindlimb stepping, anesthetized male rats, 22101
electrical stimulation or amphetamine injections into nucleus accumbens & tegmental area & hypothalamus, brain reward circuitry, rats, 6063
electrical stimulus of latero-posterior & pulvinar nuclei, enhancement of fixation task performance & inhibition of area 7 neurons, monkeys, 19435
electrostimulation of frontal & motor neocortical zones, reflection of interneuronal connections in long term memory, rabbits, 6064
ethyl alcohol, affective defense induced by hypothalamic stimulation, male cats, 8977
haloperidol & metoclopramide vs clozapine & sulpiride & stimulation of putamen & caudate nucleus, head-turning, cats, 30143
haloperidol vs clozapine, detection thresholds for electrical brain stimulation of midbrain or forebrain, male rats, 22229
hippocampal electrical stimulation & training to drink water on VI reinforcement schedule, EEG sharp waves during drinking, male rats, implications for long term neuronal excitability changes, 8900
hippocampal stimulation, acquisition & performance of food-reinforced learning, male rats, 19600
hippocampal stimulation, retention & extinction of 1-way active avoidance responses, male cats, 16714
hippocampal theta-driving septal stimulation, proactive behavioral effects on conditioned suppression & punishment, rats, 27498
horseradish peroxidase injections in midbrain periaqueductal gray region vs hypothalamus, defensive behavior, cats, 30200
induction of epileptiform syndrome by prolonged stimulation of negative emotiogenic area, rats & cats, 16721
intracerebral self stimulation, effect of positive emotional excitation on normalization of stomach acidity, dogs, 6065
intracortical microstimulation, motor responses of single vibrissae & facial muscles, rabbits, 3375
intracranial self stimulation, glucose utilization & forebrain metabolic activity, male rats, 3378
intracranial stimulation, 1-sec occupancy of target area in open field, male albino rats, 6067
lateral entorhinal cortex electrical stimulation, retention & extinction of conditioning of appetitive task, mice with lesions of perforant path, 22096
lateral vs medial hypothalamic electrical stimulations, escape & approach responses, male rats, 691
light conditions & perforant path stimulation, circadian rhythms in hippocampal responsiveness, male rats, 30166
naloxone doses & current intensities, rates & duration of intracranial self stimulation at medial forebrain bundle & central gray sites, male rats, 3342
naloxone, frequency threshold brain-stimulation induced hunger & feeding, rats, 6046
naloxone, suppression of self stimulation by antagonism of endorphin-mediated reward vs analgesia, male rats, 16772
neocortex electrical stimulation, CRs in delayed spatial choice task, cats, 27492
nicotine & dextroamphetamine, intracranial self stimulation of medial forebrain bundle, male rats, 24730
noradrenaline, electrical self stimulation of hypothalamus & hippocampal response, 24796
opioid peptides, neurochemical substrates of self stimulation in medial prefrontal cortex, rats bilaterally implanted with monopolar electrodes, 13906
oxazepam vs diazepam, emotional responses induced by stimulation of lateral vs medial hypothalamus, rabbits, 22183
paradoxical sleep deprivation induced by platform method, intracranial self stimulation response rates, male rats, 22081

polarization of thalamic median center, response of caudate nucleus neurons to CS, cats, 22099
posttrial stimulation of mesencephalic reticular formation, generalization performance of spatial learning problems, male rats, 19599
priming effects of brain stimulation, self deprivation, male rats, 8902
pulse current & electrode distancing, rewarding brain stimulation, rats, 30168
relationship between ingestive behavior evoked by hypothalamic electrical stimulation & schedule-induced polydipsia, male rats, 8904
response to visual cues contralateral vs ipsilateral to rewarding hypothalamic stimulation, male rats, 19502
rewarding hypothalamic stimulation, plasma catecholamine, male rats, 8901
rewarding natural vs intracranial self stimulation & cue signals, integrated lateral hypothalamic unit responses, rats, 27504
rhythmical jaw & tongue movements induced by cortical & amygdaloid stimulation, differential activity of hypoglossal motorneurons, adult rats, 19606
self stimulation of anterior forebrain vs lateral hypothalamus vs dorsal raphe nuclei vs mild electric footshock, production of endogenous opiates & analgesia, rats, 16719
septal & cortical self stimulation reward & density of dopaminergic innervation, rats, 11495
serial patterns of electrical brain stimulation rewards, rule learning, rats, 24541
serotonin blocking agent metergoline vs catecholamine receptor blocker chlorpromazine, self stimulation of habenular complex, male rats, 8891
slow secondary negative wave & sensory afterdischarge VEP components under influence of amphetamine vs apomorphine, genetically high vs low self stimulation lines of rats, 677
stimulation intensity & frequency, discrimination of aversive brain stimulations applied to medial hypothalamic or mescencephalic control gray site, male rats, 19607
stimulation loci & pathways & neurohumoral mechanisms in electrical brain stimulation, pain modulation, humans & animals, conference presentation, 30175
stimulation of amygdala & substantia nigra, orthodromic & antidromic response of nucleus accumbens neurons, anesthetized cats, 19614
stimulation of dorsal hippocampus with carbachol & dioxolane vs electricity, head-eye-body turning, cats, 19707
stimulation of midbrain reticular formation, neuronal activity in visual cortex during CR, rabbits, 27499
stimulation of midbrain reticular formation, reactions to light flash in visual cortex, 3372
suppression of kindling behavior, rats, 24751
temporal organization of intracranial self stimulation of medial forebrain bundle & role of motivational & priming factors, male rats, 27500
temporal structure & motivational basis of intracranial self stimulation in provoked vs spontaneous episodes, adult rats, 19615
tetanic stimulation of cerebral cortex, cats, theoretical implications of results, 11557
thresholds for detection of electrical stimulation in forebrain & midbrain, rats, 609
trimethyltin, recurrent inhibition using electrical stimulation of perforant path, rats, 27582
unilateral midbrain lesions, stepping induced by medial forebrain bundle stimulation, male rats anesthetized with pentobarbital, 22090
unilateral vs concurrent electrical stimulation of substantia nigra or ventral tegmental area & apormorphine & haloperidol, locomotor activity & contraversive circling behavior & postural asymmetry, male rats, 22092

Electrical Injuries
accidental high voltage electrical shock, neuropsychological & emotional consequences, 23–51 yr olds, implications for use of head trauma model as framework for treatment, 25804
psychotherapy, penile loss due to electrical burns, 10 yr old male, 4645

Electrical Stimulation [See Also Electrical Brain Stimulation, Electroconvulsive Shock]
behaviorally arousing electrical stimulation of mesencephalic reticular formation, 2-deoxyglucose uptake in auditory system, albino rats, 11553
change in intensity of electrical shock & morphine & clonidine, stimulus discrimination & conditioned responses & response latency, male squirrel monkeys, 8881
chronic footshock stress & hemispherectomy with vs without thalamic lesions, adrenocortical response, pigeons, 19612
confinement in narrow cylinder & tail shock, target biting behavior, male mice, 693
continuous vs partial reinforcement schedule, learning of shock-escape response, toads, 16508
cutaneous stimulation of anterior paw muscle, transcortical reflex generation in same muscle & role of cortical regions 3a & 4, cats with motor epilepsy, 687
effectiveness of transcutaneous electrical nerve stimulation, experimentally induced heat pain, healthy volunteers, 17883
electrical fields, mental performance & feelings of well-being, soldiers, 30170
electrical pain-induced vocalization & its modification by morphine vs diazepam vs physical restraint, rats, 689
electrical stimulation of lateral hypothalamus during iontophoretic application of acetylcholine vs norepinephrine vs cycloheximide, neuronal activity, rabbits, 16720
electrical stimulation of optic chiasm, leverpress conditioned response & visual EPs during sleep, mongrel dogs, 27217
electrical stimulation of optic chiasm as CS, leverpress conditional response & visual EPs, mongrel dogs, 27218
electrical stimulation, olfactory perception, epileptics, 7129
electroshock, adenosine triphosphate activity in cortex & medulla & cerebellum, rats, 16718
ethanol, after discharge activity evoked by electrical stimulation of amygdala & septum & hippocampus, cats, 19697
exposure to 60-Hz electrical field, conditioned emotional response, rats, 27494
filter setting & body height & age & uni- vs bilateral posterior tibial nerve stimulation, subcortical & cortical somatosensory EP norms, 9–37 yr olds, 16666
individualized imagery of drinking situations with vs without painful electric shock, treatment of alcoholism, 21–73 yr old patients, 12856
intensity & duration of shock as UCS in classical conditioning of hindlimb flexion, latency & amplitude of flexion response, cats, 3377
intensity of posterior tibial nerve stimulation, subcortical & cortical somatosensory EPs, 12–34 yr olds, 16667
manual vs electrical acupuncture applied to same hand Hoku point, sympathetic vasomotor tone in face & hand & foot, Ss with mean age of 32 yrs, 30149
mechanical vs electrical stimulation of left middle finger, scalp somatosensory EPs, 20–34 yr olds, 3284
methodological aspects of alternating current visual electrically EP, steady state responses, human S, 686
methodology for electrical stimulation of auditory nerve, humans, implications for deaf, 19610
opiate withdrawal using oral methadone vs electrostimulation, insomnia, drug dependent inpatients, 7728
reactivity to dorsal tactile stimulation & intruders & shock, aggressive behavior, male rats, 692
repeated electric footshock, agonist behavior & adrenocortical secretion, castrated vs normal mice, 3371
repetitive electrical conditioning stimulation of sural nerve, inhibition of spinothalamic tract lumbosacral spinal cord cells, decerebrate vs spinalized vs intact monkeys, 19603
repetitive peripheral nerve conditioning stimulation with high intensity & low-frequency pulses, inhibition of spinothalamic tract cells by young monkeys, 19602
self stimulation of anterior forebrain vs lateral hypothalamus vs dorsal raphe nuclei vs mild electric footshock, production of endogenous opiates & analgesia, rats, 16719
shock parameters & naloxone, footshock-induced analgesia, rats, 30177
shock punishment contingent on interresponse time, response rate & cessation of responding, adult squirrel monkeys, 8625

size of stimulated tongue area & electric current intensity, taste & somatosensory & undefined sensations, 19–20 yr old female college students, 19598
spontaneous vs mimetic-pretend role playing, readiness & responsibility attributions associated with delivery of electric shock to others, college students, 1236
stimulus intensity & duration, electrocutaneous sensitivity, adults, 24374
surgically implanted stimulator & stimulation of radial nerve, improvement of function of paretic hand, 56 yr old male with cerebral hemorrhage & right lateral hemiplegia, 31767
transcutaneous electrical nerve stimulation vs acupuncture, cold-induced pain, 19–23 yr olds, 24726
transcutaneous electrical nerve stimulation vs aspirin, reduction of chronic myofascial or musculoskeletal pain, 18–69 yr old males & 22–71 yr old females, 4855
transcutaneous electrical nerve stimulation vs aspirin, somatosensory EPs, 19–23 yr olds, implications for evaluation of analgesia treatment for chronic pain, 6041
transcutaneous electrical nerve stimulation, endurance to induced ischemic pain, healthy volunteers, 22100
transcutaneous electrical nerve stimulation, headache pain, patients with migraine &/or muscle contraction headache, 31609
transcutaneous electrical nerve stimulation, pain relief of internal bleeding into joints, patients with hemophilia, 31604
transcutaneous nerve stimulation, nociceptive flexion reflex threshold & plasma opioids in sustaining analgesia, 21–34 yr old Ss, 19605
transcutaneous nerve stimulation, phobias, 34 & 35 yr old females, 17892
vagus nerve stimulation, electrical activity of olfactory bulb, rats, 16713
vibratory stimulation vs transcutaneous electrical nerve stimulation vs electroacupuncture vs placebo, pain reduction, 27–63 yr olds with chronic myalgia, 20993

Electro Oculography

calibration & standardization of eye movements using vertical & horizontal FOG, Ss with mean age of 21 yrs, 6013
electromotilo-oculography, measuremental eye movement in bidimensional space, normal vs pathological Ss, 18980
lithium, visual functions, healthy 20–30 yr olds, 30226

Electrocardiography

CS & commercial video game as UCS, arterial pulse & EKG initiated transit time & interbeat interval response, college students, 30127
exposure to psychoemotional factors, use of EKG rest-relaxation intervals in prediction of error-free performance on tracking operation, 19–24 yr old males, 3334
heart period patterns at 40 wks conceptual age, developmental outcome at 8 & 12 mo, premature vs term infants with vs without medical complications during postnatal period, 16939
heart rate & finger & ambient temperature & EKG & self reported anxiety, 24–62 yr olds with panic disorder, 20265
self disclosure & biofeedback situations, GSR & EKG responses, college students with good vs poor student-teacher relationships, 16684

Electroconvulsive Shock [See Also Electroconvulsive Shock Therapy]

acute vs repeated administration of antidepressant drugs & ECS, phenylephrine-induced activity as model of central alpha adrenoceptor function, male mice, 27468
antiepileptic drugs, amnesia induced by ECS, male mice, 11543
ECS administered postnatally at 18–19 days, subsequent avoidance & food-reward discrimination, 48–68 day old rats, 6068
ECS, long term memory of light discrimination learning, male rats, 11556
ECS, neurotransmitter receptor systems, male rats, implications for ECT mechanism of action & adverse effects, 8903
ECS preexposures, retention of passive avoidance learning & retrograde amnesia, rats, 3376
ECS vs no-shock, learned helplessness, male rats, 16715
ECT treatment or haloperidol, pre- & postsynaptic dopamine receptors, rats, 11547
endogenous opioids, ECS-induced catalepsy at supraspinal level, rats, 16760
flavor preexposure & electroconvulsive shock, attenuation of taste aversion conditioning, male rats, 16514
haloperidol vs ECS withdrawal, CSF levels of dopamine metabolites dihydroxyphenylacetic & homovanillic acids, male rats, 24727
naloxone & development of morphine tolerance, effects of ECS vs footshock stress on inhibition of recurrent kindled seizures elicited by amygdaloid stimulation, male rats, 11549
pituitary opioids in ECS postictal electrogenesis & behavioral depression, rats, 3521
RU 24969 administration with vs without pretreatment with antidepressants or ECS, locomotor activity & synthesis of 5-HT, rats & CD-1 mice, implications for role of 5-HT1 & 5-HT2 receptors, 11593

Electroconvulsive Shock Therapy

age & number & frequency of seizures, response to conventional ECT, depressed inpatients with mean ages of 55.6 & 46.1 yrs, 7184
age & sex & response to ECT vs antidepressant treatment, depressed patients with psychomotor retardation vs agitation, 15022
autonomic monitor for ECT, psychiatric patients, 26003
bilateral vs nondominant unilateral ECT, memory, depressed inpatients, 7182
bilateral vs right unilateral ECT, perceptual learning, 36–77 yr old male inpatients with major depressive disorder, 28544
bilateral vs unilateral ECT & dexamethasone sodium phosphate, memory & depression, depressed inpatients, 1784
bilateral vs unilateral ECT, serial post-ictal serum prolactin levels, male psychiatric patients, 12457
bilateral vs unilateral ECT, subjective perceptions of memory function, depressed 22–78 yr olds, 1803
bilateral vs unilateral ECT vs antidepressant drugs, performance on rod & frame test, depressive patients, 12453
cardiovascular medical problems as result of ECT, psychiatric patients above vs under 65 yrs of age, 17825
clinical characteristics, prediction of response to real vs simulated ECT, endogenous depressed 30–69 yr olds, 10049
consent necessary for ECT, 87 yr old female under conservatorship, case law, 14354
current status & use of ECT, 1817
current status of electroconvulsive therapy, 15032
ECT, change in brain-type creative phosphokinase isoenzyme, depressed 23–70 yr olds, 7197
ECT, endogenous depression, aged, 1801
ECT in different waveforms, memory performance, depressed patients with mean age of 55 yrs, 7196
ECT, lower insulin requirements, 73 yr old insulin dependent diabetic female, 10084
ECT, monoamine metabolites & growth hormone & plasma prolactin, depressed 34–80 yr olds, 1793
ECT, plasma endorphin levels, patients with major depressive disorder, 10080
ECT, reduction of tardive dyskinesia, comments on article by R. C. Chacko & L. Root, 7174
ECT, treatment of schizophrenia, Canada, 23132
efficacy of bilateral vs unilateral ECT, treatment of melancholia, comments on study by R. Abrams et al, 15040
efficacy of bilateral vs unilateral ECT, treatment of melancholia, reply to comments by R. Fontaine & T. Young, 15016
efficacy of ECT, phencyclidine-induced psychosis, 17–18 yr old patients with history of drug abuse, 15579
efficacy of ECT, 62–85 yr old psychiatric inpatients, 1789
electrode placements, efficacy of ECT, depressed patients, 10037
etomidate vs Althesin vs methohexitone, seizure duration in unilateral ECT, 41–71 yr old severely depressed patients, 17847
guidelines for use of ECT, suicidal patients with major depressive illness, 1778
historical use & efficacy & regulations regarding administration, ECT, 10060
indications for unilateral vs bilateral ECT, endogenously depressed 21–79 yr olds, 17885
lateralized affective states immediately after ECT, 41 yr old male, 15034
medical & judicial & statutory regulation of ECT, US, 10105

meta analysis of efficacy of ECT vs simulated ECT vs antidepressants, severe depression, 17855
necessity for evidence showing inability to consent to ECT, patient under conservationship, case law, 25316
postdexamethasone cortisol concentrations, ECT-responsive nonmelancholic depression, 79 yr old female, 28191
recent status of ECT, 23107
safety & efficacy of multiple-monitored ECT, endogenous depression, 28–80 yr olds, 1796
seizure duration & anesthetic dose, verbal recall & depression following ECT, depressed patients, 28570
sleep EEG investigation & CSF 5-hydroxyindoleacetic acid & homovanillic acid & dexamethasone suppression & urinary 3-methoxy-4-hydroxyphenylglycol before vs after ECT treatment, 31 yr old catatonic male, 3-mo followup, 15067
use of electroacupuncture therapy & relationship to ECT, treatment of neurasthenia & depression, mainland China, comment on report of D. L. Dunner & P. Z. Dunner, 23073
Electrodermal Response [See Galvanic Skin Response]
Electrodes
electrode combinations & monaural vs binaural stimulation, auditory middle latency responses, right handed college students, 19232
interelectrode distance & size, amplitude & bandwidth of frontalis surface EMG, college students, 27407
multiple floating microelectrode for implantation & single unit recording of cerebral cortex, cats, 16246
removable stereotaxic micromanipulator for chronic single unit recording in olfactory bulbs, free moving rats, 26950
Electroencephalography [See Also Alpha Rhythm, Delta Rhythm, Theta Rhythm]
activation vs inhibition, perception of control of EEG activity, college students, 26113
acute vs chronic ip desipramine vs amitryptiline vs mianserin, clonidine effects on EEG synchronization & behavioral depression, male rats, 24864
adaptation to sleep laboratory & quantitative analysis of sleep EEG, Ss at sleep center, 3298
administration of hypnotic drugs, alpha-sleep pattern, 19–66 yr olds, 3506
age & sex & weight loss, dexamethasone suppression test & sleep EEG, Ss with endogenous vs neurotic or bipolar vs unipolar endogenous depression, 9640
age, electrophysiological measures, male hyperactive vs normal 6–12 yr olds, 4-yr follow up, 23029
alert vs defensive behavior, visual unit activity & EEG & sustained potential shift responses in tectum, freely moving toads, 5987
all-night spectral analysis of sleep EEG, 23–43 yr old drug-free depressive patients, 14638
amitriptyline vs diazepam vs diazepam antagonist, topography of EEG changes, patients with primary depression & normal 20–40 yr olds, conference presentation, 766
analysis of ratio of integrated EEG amplitude from left & right temporal areas during sleep, determination of presence of information in ratio, normal adults, 27352
application of Comstat algorithm model to EEG spectral data, 21–75 yr old healthy Ss, 2966
attention, regulation of EEG alpha-attenuation responses, 20–40 yr olds, 7377
bilateral synchronous ultradian EEG rhythms, 19–65 yr olds, 572
brain function abnormality measured by EEG & event-related potentials, 6–12 yr old hyperactive delinquent vs nondelinquent males, followup at age 14–20 yrs, 1717
brief spindle episodes & sleep spindles in EEG, DBA/2 vs C57BL/6 mice, 19516
cardiac & electrodermal & EEG responses to active vs passive tasks with auditory clicks, 14–16 yr old high vs low aggressive males, 27718
centrally active drugs & evoked potentials, hippocampal EEG, freely moving rats, 30262
centro-midtemporal spikes & epilepsy & structural lesions, 2–13 yr olds, 1731
characteristics of convulsive activity in EEG's, 12–18 yr old patients with classic phenylketonuria, 9844
chloral hydrate induced sleep, electrocortical sleep patterns, 9–20 day old rats, 3421
chlorpromazine vs imipramine injections into posterior lateral hypothalamus & lateral preoptic area, muricide & catalepsy & cortical & limbic EEGs, male olfactory bulbectomized rats, 24843
chronic administration of diazepam, EEG & coupling between GABA receptors & benzodiazepine binding sites, male rats, 27618
chronic morphine vs ethylketocyclazocine administration, sleep & REM sleep & wakefulness & EEG & EEG power spectra & cross tolerance, rats, conference presentation, 3536
circadian changes in frequencies & powers of close-eyed waking EEG, 16–28 yr olds, 5978
citicoline treatment, neuropsychological performance & EEG activity, 50–70 yr old males with chronic cerebrovascular diseases, 18128
clinical & EEG evaluation, seizures & seizure-like disorders, children, 28501
clinical EEG & personality, mentally ill offenders, 22826
clinical EEG sleep measures & serum cortisol level, prediction of treatment response time, recurrent depressive outpatients receiving pharmacotherapy & psychotherapy, 30932
clomipramine treatment, intra- & interhemispheric EEG changes, chronic schizophrenics, conference presentation, 1984
clonidine administered at onset of daily light, EEG activity associated with sleep, male rats, 9001
combinations of quantitative EEG variables, psychiatric diagnostic discriminations, neurotics vs personality disordered vs overt vs latent schizophrenics vs major depressives vs manics, 12204
computed tomography vs measurement of regional blood supply in brain & EEG, quantification of disintegration in dementia, 20541
computer software for 6502-based microcomputer, data collection & period analysis of EEG, 2822
correlational analysis of right & left frequency band activity of sleep EEG & REM/NREM sleep cycle, 24–28 yr olds, 21997
cortical & hippocampal EEG activity, cerveau isole vs pretrigeminal rats, 24694
cortisol & thyroid-stimulating hormone & EEG sleep variables, 22–64 yr old outpatients with unipolar depression, 30952
diagnosis based on DSM-I & II & EEG recordings, schizophrenic adults, 6859
different degrees of running, sleep power & EEG power density, 30–35 yr old physically-fit males, 6038
drugs, EEG changes, right vs left handed college students, 30247
EEG & biological validation of occupational therapy on rehabilitation, epileptic patients, 4988
EEG & creation of emotional states of sexual arousal vs depression, right handed acting students, 19572
EEG & tooth-pulp EPs & neuroadenolysis of pituitary gland, neuronal activity in pituitary gland & involvement in pain perception pathways, monkeys, conference presentation, 27651
EEG & videotaping, evaluation of localizing significance of head turning as 1st sign of epileptic seizures, 12–46 yr old patients, 14971
EEG abnormalities, Gilles de la Tourette's syndrome, 6–49 yr old patients, 10023
EEG abnormalities, hospitalized males with borderline personality disorder, 1474
EEG analysis of functional development of central & occipital regions of cortex, 1–4 wk olds, 871
EEG-based multivariate statistical analysis of sleep stages & wakefulness, male Ss, 19498
EEG biofeedback, obsessive neurotics, 4747
EEG biofeedback of sensorimotor rhythm or beta activity, 10–19 yr olds with attention deficit disorder, 26115
EEG biofeedback training of sensorimotor rhythm, pathological interhemispheric dysfunction, 10–11 yr old learning disabled males, 4752
EEG characteristics, 7–9 yr olds with delayed mental development vs limited mental backwardness vs mild oligophrenia, 3–4 yr followup, 17684
EEG clinical diagnosis, 7.3–10 yr olds with minimal brain or motor perception or attention deficit disorders, 25822
EEG electrode placement outside hairline, sleep monitoring, 20–34 yr olds, 13491
EEG findings, autistic 9.3–44.8 yr olds, 30990

EEG findings in obsessive compulsive disorder, 20–61 yr old psychiatric patients, 4183
EEG markers of migraine, 5–12 & 21–57 yr olds, 1724
EEG measures vs subjective estimates of amount & frequency of awakenings, 50–70 yr olds, 11506
EEG parameters, prediction of working capacity, 19–24 yr old operators participating in psychophysiological tests after physical exertion, 30130
EEG profiles during religious experiences, 32 yr old female practitioner of Transcendental Meditation & 20 yr old female Pentecostal with episodes of glossolalia, 1045
EEG reactivity to information, acute vs recovered schizophrenics vs neurotics vs normal Ss, conference presentation, 1419
EEG sleep abnormalities, conduct disordered male 8–13.3 yr olds, 17601
EEG sleep measures as neurophysiological markers of depression, conference presentation, 28213
EEG sleep patterns during treatment with lithium salts, 27–52 yr olds with bipolar affective disorder, 7422
EEG sleep patterns prior to vs during amitriptyline treatment, depressive syndrome, 26–56 yr old patients with bipolar affective illness, 6761
EEG spectra during resting conditions, 9–13 yr old dyslexic males, 1–3 yr longitudinal study, 31082
EEG techniques, psychiatry & schizophrenia, 4545
EEG, 9–14 yr olds with basilar artery migraine, 28480
EEGs, elementary school students with vs without behavior problems, 31056
electrophysiologic characteristics & heart rate of spontaneous respiratory suspension during practice of Transcendental Meditation program, 21–43 yr olds, 5953
electrophysiological & positron emission & X ray tomographic studies, schizophrenic 51 yr old female monozygotic Genain quadruplets, 22675
electrophysiological knowledge of infantile autism, conference presentation, 6774
electroretinographic & EEG & evoked response studies, 7 mo old & 3.5 mo old females with adrenleukodystrophy, 31268
enantiomers of SKF-10,047, EEG & behavior, female rats treated with or dependent on morphine, 16773
encephalotropic & psychotropic properties of vinconate, 54–77 yr olds, 16800
eserine & sodium pentobarbital & phencyclidine, theta phase shift of hippocampal CA1 region, freely moving rats, 27612
ethanol withdrawal, behavioral & EEG changes, rats, 11613
ethyl beta-carboline-3-carboxylate, sleep organization & EEG modifications, cats, 16771
exercise under hot vs cool conditions, sleep EEGs, physically fit female college students, 30121
extended 15 hrs of sleep after normal night's sleep, EEG slow wave activity, college students, 16621
extraversion, EEG arousal under moderately stimulating conditions, literature review, test of A. Gale's hypothesis, 27386
extraversion, EEG during moderate physiological arousal, reply to comments by J. G. O'Gorman & L. R. Mallise, 27353
eye movements & body acceleration, hippocampal EEG, cats, 13789
factor analysis, EEG potentials during recognition of learned words, 5986
factor analysis of frequency-specific patterning of covariance in multichannel EEG data, 8458
factors affecting consistency of circadian distribution of interictal epileptiform EEG activity, epileptic 20–66 yr old patients, 14960
familiarization sessions in pharmaco-EEG studies placebo control, analysis of drug effects, male Ss under 30 yrs of age, literature review, 2812
formation of delayed conditioned reflex before vs after neocortex lesion, spatial-temporal EEG characteristics, cats, 22122
hypothalamic pretreatment of atropine sulphate vs hexamethonium & intrahypothalamic injections of carbachol, hippocampal EEG & oculomotor activity & vocalization, cats, 8967
hypoxic hypoxidosis, brain function & attention & memory & RT & effect of aniracetam on EEG changes, 20–30 yr old males, conference presentation, 678
induced hypothermia by cold water immersion, changes in EEG frequency & amplitude of visual EP, conscious male with mean age of 24.6 yrs, 13850
intensity of white noise & interstimulus interval & attention, EEG & eyeblink & skin conductance & heart rate, male college students, 11497
intrahippocampal ibotenic acid injection, EEG changes & seizures & stereotypic behavioral activity & reversal by levo-2-amino-7-phosphonoheptanoic acid, rats, implications for epilepsy, 719
introduction of serotonin into neocortex, EEG spectral characteristics, rabbits, 16780
laterality & hemispheric EEG activation, literacy development, reading disabled 20–38 yr old males, 20436
lesions of superior colliculus, cortical EEG desynchronization to light flashes, rats, 27514
levels of CSF noradrenaline & C-EEG indicators of activation & psychosis ratings, 18–36 yr old drug-free acute schizophrenic patients, 30944
light stimulation, phase relations among EEG waves in sensorimotor & visual cortical areas, rabbits, 8751
linear function of frequency-amplitude relation in NREM sleep EEG, 18–29.3 vs 65.5–78.2 yr olds, 16619
longterm withdrawal from cigarette smoking, conventional & quantitative EEG & visual EPs & contingent negative variation, adults, 24679
low- vs moderate- vs high-arousal conditions, EEG, introvert vs extravert college students, test of A. Gale's hypothesis, 27387
mental task performance, EEG measurement, 11–13 yr olds, 22341
microcomputer analysis of long term stability of sleep, rats, 16678
microcomputer-based EEG technique using hippocampal EEG & nuchal EMG for automatic online sleep-wake classification, rats, 26958
multivariate EEG analysis, depressive psychotics vs manics vs schizophrenics, conference presentation, 1384
naloxone, antagonization of effects of methadone & ketocyclazocine & allyl-normetazocine on cortical EEGs, female rats, 24969
neurological & EEG alterations, development, 7 & 13 yr olds, 3-yr longitudinal study, 31145
neuropsychological assessment & EEG, reading as effective stimulus in reflex epilepsy, 53 yr old nonphotosensitive male, 4518
nocturnal iv cannulation, sleep-EEG measures, 18–55 yr olds, 30156
occipital EEG frequency analysis of stages of Alzheimer's disease, patients, 31231
omission of tone stimulus following repeated presentation, elicitation of electrodermal orienting response, labile vs stabile Ss, 22067
orienting reaction to auditory stimulation, 6–48 yr old post-meningoencephalic epileptic patients, 7113
patterns of resting, EEG asymmetry, bilingual Japanese vs Western females, 30087
pemoline, EEG patterns, 8–11 vs 18–47 yr olds with attention deficit disorder, 20897
periodic oscillations of EEG & behavioral activity consisting of vigilance vs inattentiveness, male Guyanan squirrel monkeys, 27423
pilocarpine dosages, behavioral & EEG & forebrain neuropathological changes, male mice, 27655
positive vs negative brain potential shifts, facilitation of paired associate learning & concept identification task performance, human Ss, conference presentation, 19469
potential distribution on scalp of vertex sharp wave & saw-toothed wave in NREM & REM sleep, 25–28 yr olds, 13818
propranolol vs metoprolol, EEG vs subjective measurement of vigilance decrement side effect, 23–29 yr old males, 24884
psychopathology & central arousal & time experience & psychometric variables before vs after thyreostatic therapy, 20–55 yr old female hyperthyroid outpatients, 20635
psychotropic properties of nimodipine, 19–33 yr old males, 3461
recognition time of meaningful photic stimuli, spatiotemporal correlations of brain potentials, humans, 3296
reliability of automated REM vs delta sleep analysis, assessment of abnormal sleep patterns, 20–45 yr old normal Ss vs depressed patients, 30950

REM & delta wave analysis, testing of two-process model of sleep regulation in assessment of abnormal sleep patterns, 20–45 yr old normal Ss vs depressed patients, 30951
REM sleep vs wakefulness, EEG wave amplitude recorded at visual cortex & lateral geniculate body & eye movement direction, cats, 19499
repeated closing & opening of eyes, EEG, mildly retarded vs normal 10–13 yr olds, 9836
reserpine, EEG analysis of activating vs inhibitory mechanisms of brain, rabbits, implications for "reserpine depression" & clinical depression, 13921
rest vs problem solving task, 40 Hz EEG activity, patients with Alzheimer's disease vs multi-infarct dementia, 31205
right-posterior accentuation phenomenon in EEG, psychiatric patients, 20360
saline vs pentobarbital injections, changes in EEG, rats, implications for placebo effect, 24881
selective referral vs routine screening in clinical EEG assessment, psychiatric patients, conference presentation, 12212
self-regulation of single unit activity & EEG & EPs & slow potentials, implication for biofeedback training, literature review, 24677
sensory vs cognitive information processing levels, production of asymmetries in average EP & power spectral measures of EEG, right handed 19–33 yr olds, 11499
signal detection theory framework, verbal report vs EEG discrepancy in sleep research, 20–35 yr olds, 588
signs of brain damage in EEG responses to pattern reversal visual stimuli, 13–19 yr old glue sniffers, 31028
single ultradian rhythm disturbance methodology, measurement of distribution of REM latencies & other sleep phenomena, depressed patients, 14628
sleep deprivation as provocation method in EEG, patients with non-epileptic organic cerebral disorders, 8886
sleep EEG measures & adaptation to laboratory conditions, 29–65 yr old patients with depression, 30925
sleep reduction of 1–2 hrs daily, vigilance performance & EEG measures of daytime sleepiness & possible practice effects, 22–25 yr olds, 29971
sleep stage transitions & tonic REM, 17–25 yr old primary depressives, 25600
somatic & autonomic & EEG changes elicited by auditory stimulation, 11–72 yr olds with epileptogenic cerebral tumors, 31246
specific vs correlated arousal vs common pacemaker hypothesis of arousal effects on internal clocks & pacemakers, EEG during time perception task, college students, conference presentation, 3333
spectral content of EEG signal during various sleep stages, 24–29 yr olds, implications for standardization of automatic analysis of sleep recordings, 5975
stimulus presentation contingent on occurrence of positive vs negative spontaneous shift in frontal lobe slow potentials, RT performance, right handed young adults, conference presentation, 19437
strategies used in analysis of EEG measurement, literature review, 5573
stress of ether-pentobarbital anesthesia or longterm sexual conflict, EEG activity of hypothalamus, rats, 8892
tactile vs auditory vs visual stimulation & atropine vs pentobarbital, activation vs habituation of EEG in hippocampus & neocortex, male rabbits, 3306
technique using period & amplitude analyses, measurement of alterations in cortical arousal, rats, 29692
therapist's physical presence, EMG & EEG measures during biofeedback, 22–56 yr old patients with chronic tension headaches, 20836
time between learning & test in short term memory task, EEG activity of dorsal hippocampus, cats, 8833
unilateral intrahippocampal injections of ACTH & dextro-Ala 2-Met-enkephalinamide, spreading depression & EEG & DC potentials & locomotor activity & grooming, male rats, 16788
use of EEG coherence analysis, study of hemispheric function, literature review, 5673
use of light flashes in study of electrical activity of visual pathway beyond retina, 24402
use of signal correlation vs coherence techniques, analysis of EEG measurements, literature review, 5685
weak acoustic stimuli, EEG alpha & nonalpha epochs & RT, 22–47 yr olds, 22000
word vs music perception, EEG manifestations of functional asymmetry of cerebral cortex, right handed 20–30 yr olds, 5985
zopiclone, sleep & EEG & psychological test performance, 22–45 yr old males, conference presentation, 3475
Electrolytes [See Also Calcium Ions, Potassium Ions, Zinc]
lithium carbonate, salivary & tear secretion rates & salivary electrolyte concentrations, manic depressive patients, 23296
long term lithium & rubidium & cesium ion treatment, motor activity, rats pretreated with pargyline, 16779
sodium lactate, decrease in ionized calcium levels & precipitation of panic attacks, patients with panic disorder or agoraphobia with panic attacks, 28195
Electromyography
absorption & trait anxiety & instructions to relax with vs without biofeedback, frontalis muscle activity, college students, 3321
affective imagery & posed facial expressions, pattern recognition of self reported emotional states from facial EMG activity, college students, 27440
application of loads to lower lip, compensatory responses in multiple facial muscles & lip movements during speech, female adults, 8744
ballistic arm movements, first agonist EMG burst, 28–36 yr olds, 13790
bilateral symmetric rapid elbow flexions vs extensions while standing free vs strapped to wall, EMG measures of postural adjustment, 25–65 yr olds, 24700
biofeedback vs autogenic training with vs without music, self regulation of cultivated low arousal state, 22–24 yr old college students, 26123
biomechanical & EMG analysis, motor patterns for gait, Ss with mean ages of 25.6 & 22.2 yrs, 630
contingent vs noncontingent feedback, EMG training & subjective responses, college students, 26124
cycle characteristics & reciprocal action pattern between flexor & extensor muscles & muscle recruitment patterns during paw-shake responses, cats spinalized at 2 or 12 wks or 10–12 mo of age, 8919
divided attention in RT task, correlation between contingent negative variation & EMG activity of extensor muscles, 17–32 yr olds, conference presentation, 19528
efficacy of EMG biofeedback vs group psychotherapy vs cognitive retraining, stroke patients, 10062
electrical stimulation of cerebral cortex, mandible movements & EMG of masticatory muscles, rabbits, 19608
electromyographic & laryngeal correlates of whispered speech vs breathy speech vs conversational phonation, adult females, 9054
EMG & GSR measurement of stress in nonvisual travel, blindfolded college students, implications for problems of visually handicapped travelers, 14977
EMG & method for recording multiple unit activity in reticular formation in continuous monitoring of sleep-wakefulness cycles, implications for evaluation of dose- & time-response parameters of sedative-hypnotic drugs, 779
EMG & skin conductance & thoracic respiratory amplitudes during perceptual motor task, telic- vs paratelic-dominant 18–23 yr olds, validation of reversal theory constructs, 16689
EMG activity & self report data in headache vs pain-free states, differentiation of muscle contraction headache vs psychogenic pain, 17–60 yr olds, 31166
EMG activity level in corrugator & zygomatic face muscles, prediction of treatment outcomes, drug-free females with endogenous depression, 30935
EMG activity of arbicularis oris superior & inferior & masseter muscles, articulatory disordered 7.3–8 yr olds, 1621
EMG activity of intrinsic laryngeal muscles before & during temporary unilateral lidocaine-induced laryngeal muscle paralysis, 52 yr old female with spastic dysphonia, 22918
EMG activity of orbicularis oris superior & inferior & masseter muscles in bite-block condition, articulatory disordered children, 1622

EMG activity patterns of speech muscles during repetitions of sentence, normal vs cerebral-palsied dysarthric 19–34 yr olds, 14970
EMG analysis of neuromotor programs underlying control of rapid sequential limb movements, right handed females, 24634
EMG-based relaxation training, treatment outcome, chronic pain patients, 23286
EMG biofeedback, respiratory rehabilitation, patient with chronic bronchial pneumonopathies, 5010
EMG biofeedback training from m. masseter or m. frontalis muscle region, 19–60 yr olds with acute vs chronic mandibular dysfunction, 26092
EMG biofeedback training vs progressive muscle relaxation, anxiety, gifted 11–14 yr old 6th–8th graders, 29380
EMG vs position vs force feedback, rehabilitation of neuromuscular disorder, patients, 2188
facial & limb muscle tension training, peak expiratory flow rate & respiration & heart rate, male 18–25 yr olds, 8859
fatigue & task repetition, surface EMG during isometric motor control task, 22–39 yr olds, 19548
forehead muscle tension & pain-related behaviors & MMPI prediction of pain reduction biofeedback training outcome, patients with tension headaches vs posttraumatic pain, 4740
heart rate & eye movements & EMG during foreperiod in simple auditory RT task, 18–37 yr olds, implications for cardiac-somatic coupling hypothesis, 11523
in vivo EMG biofeedback, pedagogical tool for removal of unwanted left handed tension, violin & viola players, 26112
index finger positioning movements, somatosensory EPs & EMG responses, 27–56 yr old right handed males, 30071
interelectrode distance & size, amplitude & bandwidth of frontalis surface EMG, college students, 27407
level of perceptual discrimination & short term memory in repetitive work, tension in neck muscles assessed by EMG & subjective feelings, college students, 13833
lower lip muscle EMG & displacement during bilabial disfluencies, 23–62 yr old stutterers, 1620
meditation, respiratory & cardiovascular & electrodermal & peripheral vascular & EMG responses, literature review, 31448
mental vs active performance of sensorimotor task, task-specific myoelectric activity & frequency distribution, right-handed college students, 29826
meta-analysis of EMG frontalis biofeedback vs alternative procedures, muscle relaxation, 31475
movement & insertion of objects of different weights with telemanipulator, time course & organization of muscular activity, 29811
muscimol injections into ventral vs dorsal striatum, tonic activity in EMG & catalepsy & ipsiversive posture, rats, 27654
muscular force required for response, correlation between contingent negative variation & EMG amplitude, 18–32 yr old females, conference presentation, 19529
muscular relaxation & EMG biofeedback, chronic anxiety patients, 4714
neuromuscular physiology, myogenic back pain, implications for EMG assessment & biofeedback treatment, 22948
personally relevant vs general stress, EMG reactivity, chronic back pain vs non-back-pain patients, 25818
physical & attitudinal tasks, integrated EMG activity, 18–24 yr old right handed males, 6031
position & movements, frontalis & sternocleidomastoid & trapezius muscle activity, Ss with vs without muscle contraction headache, implications for muscular activity assessments, 4521
pretreatment EMG level & age & degree of hyperactivity & locus of control, prediction of success of EMG biofeedback intervention, 8–15 yr old hyperactive males, 26095
pure tones, response latency of EMG in circothyroid muscle, adult rats, 11507
reactions to & attitudes toward EMG biofeedback relaxation training, agorophobic vs anxious nonagoraphobic vs normal Ss, 4709
reflex-spasm vs stress causality model, relationship between paraspinal EMG & chronic low back pain, literature review, 25890
resting vs ice water immersion vs alpha biofeedback vs being touched on wrist, heart rate & EMG & skin resistance response & respiration, 18–34 yr olds, 30132
role of EMG biofeedback in motor learning, literature review, 31459
somatic & autonomic & EEG changes elicited by auditory stimulation, 11–72 yr olds with epileptogenic cerebral tumors, 31246
starting positions of arm, EMG RTs of biceps brachii muscle for elbow flexion & forearm supination, male college students, 11516
stress, EMG & cardiac rate, extraverts vs introverts vs neurotics, 24718
therapist's physical presence, EMG & EEG measures during biofeedback, 22–56 yr old patients with chronic tension headaches, 20836
thermal or EMG biofeedback, anxious-phobic or vascular headache patients, 1–3 yr followup, 4715
thermal or EMG biofeedback training, patients with musculotensive vs migraine headaches, 4733
VOLTWIN computer software, establishment of criteria for reinforcement of stable levels of EMG activity in biofeedback training, 2836

Electronystagmography
use of Southern California Postrotary Nystagmus Test & electronystagmography, measurement of nystagmus duration & excursion under bright vs dim vs dark light conditions, 18–35 yr olds, 13653

Electrophysiology [See Also Alpha Rhythm, Auditory Evoked Potentials, Cortical Evoked Potentials, Delta Rhythm, Electrical Activity, Electrical Brain Stimulation, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electronystagmography, Electroretinography, Evoked Potentials, Galvanic Skin Response, Olfactory Evoked Potentials, Rheoencephalography, Skin Electrical Properties, Skin Potential, Skin Resistance, Somatosensory Evoked Potentials, Theta Rhythm, Visual Evoked Potentials]
acoustic stimulation & dominant motivation, interrelations between alpha activity of auditory analyzer, cats, 27366
bioelectric measures of blink amplitude under lead stimulus conditions designed to facilitate vs inhibit vs not alter startle blink amplitude, college students, 8355
cardiac & electrodermal & EEG responses to active vs passive tasks with auditory clicks, 14–16 yr old high vs low aggressive males, 27718
clinical & electrophysiologic symptoms of Miller Fisher syndrome, 18–74 yr old patients with ophthalmoplegia & ataxia & areflexia, 14988
cutaneous receptive fields, detection of hamstring flexor reflex, rats, 8841
digit span testing & P300 latency, 5–87 yr olds, comments on research by J. Polich et al, 27403
electroclinical features of neuroleptic drug-induced neurotoxicity, 29–82 yr old patients, 7486
electrophysiological & positron emission & X ray tomographic studies, schizophrenic 51 yr old female monozygotic Genain quadruplets, 22675
electrophysiological correlates of rapport in hypnosis, adults, 27384
electrophysiological correlates of sex differences, literature review, 589
electrophysiological evidence for involvement of prefrontal cortex neurons in short term memory & anticipatory set, behaving primates, 27351
electrophysiological features of brain development & autonomic & motor functions, healthy 7–8 yr olds, 16870
electrophysiological knowledge of infantile autism, conference presentation, 6774
electrophysiological measurement of interhemispheric interaction using light stimuli, psychopathic patients with excitatory vs inhibitor cycles, 6852
electrophysiological measures of hemispheric laterality, implications for methodology, literature review, 605
electrophysiological properties of opioid peptide morphiceptin in hippocampal slice, rats, 24629
electrophysiological techniques, measurement of differences in ontongenesis of resources, children, 3596
electrophysiology of sleep, Caspian seals, 8811
eseroline, electrophysiology, male albino rats, 728
fenfluramine, neurochemistry & electrophysiology & behavior, 5–13 yr old autistic outpatients, 7400

imprinting stimulus exposure, spontaneous impulse activity in intermediate & medial hyperstriatum ventrale & visual Wulst, chicks, 24670
information train procedures, analysis of functional interaction of neuronal spike trains in nucleus parabrachialis medialis during sleep-wake states, cats, 27350
interocular P100 latency differences vs amplitude ratios of monocular pattern shift visual EPs, 50–79 yr old stroke patients, 17812
lithium, visual functions, healthy 20–30 yr olds, 30226
longterm withdrawal from cigarette smoking, conventional & quantitative EEG & visual EPs & contingent negative variation, adults, 24679
measurement by play audiometry with peep show test &/or electrophysiological audiometry by auditory brain stem response, incidence of hearing impairment, 10 mo through 15 yr olds with Down's syndrome, 4377
mental effort in digit span testing & incentive, phasic T-wave amplitude & heart rate, college students, 642
methodological & theoretical issues in biochemical & neurohistological & physiological & behavioral approaches to analysis of higher nervous activity, 558
mu- & kappa-like binding properties of levo-3H-N-allylnormetazocine in brain homogenate, mice, 24664
perceived & nonperceived sound stimuli, formation of motor CRs, human Ss, 27411
performance on electrophysiological tasks & visual EPs, 42–68 yr olds with right or left middle cerebrovascular accidents, 28437
refractive state & depth of focus & ocular accommodation, ground squirrels, 30082
REM latency & polysomnographic observations, nonschizotypal borderline outpatients vs patients with primary major depression vs personality disorders, 14622
removable stereotaxic micromanipulator for chronic single unit recording in olfactory bulbs, free moving rats, 26950
right-hemispheric activation during waking vs awakenings from REM vs NREM sleep, left-hand superiority in tactile recognition, right handed male college students, 11466
spectral properties of retinal ganglion cells & neurons of geniculostriate pathway, color vision, monkeys, conference presentation, 24638
statistical description of electrical activity of single neurons, 22013
subdural electrode recording of pattern & luminance EPs, alert rhesus monkeys, 6009
visual experience, neuronal responsiveness in hyperstriatum accessorium, chicks, 24671

Electroretinography

electroretinogram & visually evoked cortical potentials in studies of electrophysiology of color vision, conference presentation, literature review, 24695
electroretinographic & EEG & evoked response studies, 7 mo old & 3.5 mo old females with adrenleukodystrophy, 31268
electroretinographic indices of color vision variations, monkeys, conference presentation, 24655
lithium, visual functions, healthy 20–30 yr olds, 30226
perphenazine vs bromocriptine, electroretinogram of dopaminergic activity, 25–30 yr olds, 24831
psychophysical & electroretinographic assessment, severely amblyopic 21–62 yr olds, 31175
retinal eccentricity & luminance & spatial & temporal frequencies & contrast of visual grating patterns, electroretinographic responses, human Ss, 8791
special sensitivity of red & yellow retinal fields, pigeon, 24693
spectral response pattern of electroretinogram, normal vs deutan vs protan Ss, conference presentation, 25943
sustained selective attention, forebrain & electroretinogram potentials, human Ss, replication & extension of study by R. G. Eason et al on early sensory filtering, 22059
uniform field vs patterned visual stimuli, electroretinographic responses as analyzed by transient vs steady-state methods, human Ss, 8748

Electroshock Therapy [See Electroconvulsive Shock Therapy]

Elementarism [See Reductionism]

Elementary Education

academic performance in basic school, scores on secondary school entrance examinations, students, Czechoslovakia, 10771
analysis of poetry teaching methods in 6th grade basal reader manuals, 23761
anxiety about teaching science, preservice elementary science teachers, 26510
assessment of elementary reading text readability, 7925
brief waiting-time activities, elementary & secondary special education students, 23851
changes in educational concepts since 1950's regarding education of handicapped elementary school children, Denmark, 21444
children's rights, ethical dilemmas & changing roles, elementary & middle school counselors, 32171
classroom storytelling in reading/language arts curriculum, kindergartners through 6th graders, 15774
classroom uses of microcomputers in elementary reading program, 5202
content & format of Alcohol & Drug Education in the Schools Program, public & parochial & alternative elementary school teachers, 18595
content & music analysis, instructions for development of children's voices, teachers' editions of 1st & 3rd & 5th grade music series, 1945–75, criticism of J. M. Kavanaugh's study, 2396
developmental guidance programs in Catholic schools, emotional development, elementary school students, 2603
effectiveness of elementary reading programs, literature review, 10714
immersion vs partial immersion vs foreign language in elementary school programs, French or Spanish language learning, elementary school students & 7th graders, 29180
model of elementary school science curriculum based on learning processes & skills, 29223
moral development & education, school age children, 32020
need for physical education specialists in elementary education, 29125
perception of effectiveness of public elementary & secondary schools, superintendents vs principals vs teachers, US, 29140
primary-level word list, individualized literature based beginning reading instruction, kindergartners through 3rd graders, bibliography, 15742
problems encountered in teaching material on plant growth & photosynthesis to 5th graders, elementary school teachers, 21338
problems in elementary education & teacher training & proposal of teaching model, elementary school teachers, Brazil, 13006
streaming vs mixed ability grouping, academic progress & social adjustment in primary & secondary schools, 50-yr literature review, 29199
types & number of reading comprehension questions in teachers' guides for basal reading textbooks used at 4th-grade level, 13027
use of picture books in elementary school curriculum, 7935

Elementary School Students [See Also Intermediate School Students, Primary School Students]

abbreviated intelligence tests, educational diagnosis, 10.3–10.6 yr olds with vs without learning disorders, 29444
ability grouping, academic achievement & self esteem, 4th graders, 2424
ability level & comprehension monitoring cards, comprehension & recall of science & social science text, 4th graders, 7884
ability tracking, discriminatory practices in type of reading instruction received, elementary school students in urban schools, 10697
academic & nonacademic reading problems, reading disabled 6–14 yr old students, implications for reading remediation, 5331
academic &/vs social skills training, academic achievement & sociometric scores, socially rejected low achieving 4th graders, 1-yr followup, 10696
academic achievement & motivation & causal attributions of success & failure, male vs female 5th–6th graders, 18618
academic achievement & self concept & creativity & teacher expectations, American Indian 3rd & 4th graders, Canada, 26575
academic self concept & projected academic achievement & locus of control, Maori vs Pakeha students with mean age of 11.2 yrs, New Zealand, criticism of P. Ranby's article, 8005
accelerated instruction, achievement, elementary & secondary school students, meta analysis of controlled studies, 23744
accuracy of judgments of students' achievement level, teachers & 3rd–8th graders, 10666
acquisition of addition & subtraction concepts, 1st–3rd graders, 3-yr longitudinal study, 10747

acquisition of word meaning through context, 5th graders assigned to high vs low ability groups, 32066
actions & interactions during learning task, 5–9 yr olds, 21351
activity level & cognitive impulsivity, cognitive task performance & academic achievement, 2nd graders, 7999
adaptation of productive thinking program, creative problem solving, 10–12 yr old educable mentally retarded students, 2507
Adlerian approach to psychotherapy, children following parental divorce or remarriage, implications for elementary school counseling, 10862
administration of comprehensive test battery in kindergarten, prediction of reading achievement in grades 1–6, elementary school students, 7-yr longitudinal study, 29267
age & cognitive development & structured inductive vs semideductive content inquiry, science achievement, 6.2–11.3 yr old elementary school students, 21365
age & homogeneous vs heterogeneous aged classroom setting, social preference ratings of other students, female vs male 8 vs 9 vs 10 yr olds, 2486
age & reading proficiency & type of standard, spontaneous vs instructed use of multiple standards for evaluation of comprehension, 9 vs 11 yr olds, 5270
age & sex, social participation & playmate selection, preschool & kindergarten & elementary students in mixed-age experimental program, 2485
age differences, tolerance of others' behaviors, 3rd–6th graders, implications for mainstreaming of behaviorally disordered children, 18659
agreement on classification of observed classroom behavior, teachers & school age children from regular & special education classrooms, 13225
alternative distributions criterion for fall vs spring achievement test scores, evaluation of teacher effectiveness, 6th grade students & teachers, 32206
amount & mode of assigned contextual reading, 1st & 3rd & 5th graders designated as good vs poor readers, 13071
amount of & emphasis on comprehension instruction in university reading clinic, 3rd–7th grade remedial readers reading at middle- & upper-elementary levels, 5201
analogy strategies, word recognition vs transfer, normal achieving 2nd vs 5th graders vs educationally handicapped or learning disabled 5th graders, 15799
application of J. S. Renzulli's Enrichment Triad model to curriculum, development of investigative & analytical skills, gifted 5th graders, 10816
assessment of sustained attention & distraction using classroom analog task, 7–9 yr old males with attention deficit disorder with hyperactivity, 13213
assigned vs self selected goals, motor skills performance, 5th graders, 29213
assistance in selection of schema for understanding passage, comprehension-monitoring abilities, 6th graders, 8002
attendance at cognitively-oriented day care program, aggression during early years in public school, children identified at birth as at risk for poor intellectual development, 26593
attention & understanding & cognitive processes & affect during mathematics instruction, 5th graders, 23785
attitudes toward academic subjects & discrepancy between predicted & actual school performance, 4th graders, 2484
attitudes toward elementary exceptional children, elementary school teachers, 10674
attitudes toward mathematics, school achievement, 11 yr old elementary school students, France, 21375
attitudes toward parental involvement in teaching reading at home, 7 yr olds & head teachers & classroom teachers of 7 yr olds, 2466
attitudes toward peers wearing hearing aids vs glasses vs no aids, 5th–6th graders, 15828
attitudes toward persistence vs help seeking in solving difficult problems, elementary school teachers vs preschool students vs kindergartners vs 1st graders, 26609
attitudes toward reading & classroom activities to foster positive attitudes, gifted vs average vs below average 6th–8th graders, 18652
attitudes toward reading & types of reading interests, 1st–6th graders, 5295
attitudes toward reading acceleration & enrichment for gifted elementary school students, elementary school teachers, 5332
attitudes toward reports of standardized reading test results, parents of 3rd graders, 23685
attitudes toward science & technology upon entering secondary education, science achievement, male vs female 11 yr olds, 26619
attitudes toward science, gifted vs nongifted 5th graders, 8019
attitudes toward social acceptance of learning disabilities, 2nd–6th graders, 13108
attitudes toward spacious vs space-restricted classrooms, 11 yr old students, 32082
attitudes toward standardized achievement tests, performance on Stanford Achievement Test, female vs male 6th–9th graders, 15813
attributions for academic success vs failure, 5.2–14.7 yr olds, Great Britain, 21383
attributions for failure & success in different aspects of reading, 3rd vs 6th graders, 15838
basic child health & development education, knowledge level & health behavior, 3rd & 5th & 7th graders & their guardians, rural Jamaica, 32019
behavioral correlates of sociometric status in teacher-led vs assigned-task classroom situations, 4th–6th graders, 26591
behavioral intervention program, mild emotional/behavior problems, elementary school students, 32017
behavioral reinforcement program, leisure reading at home, 2nd–8th graders in remedial reading class, 26521
behavioral skills training, parochial school 3rd–5th graders, 13031
bibliotherapy, reduction of fear, 2nd graders, 5405
bilingual education, academic achievement, Mexican-American 1st–3rd graders, 3-yr longitudinal study, 32034
bilingual education, mathematics & reading achievement, 1st–6th graders, use of meta analysis in reanalysis of C. F. Leyba's data, 13055
biofeedback relaxation training, academic achievement, male learning disabled elementary school students, 26638
birth order & time of measurement, academic self concept, female vs male 1st–12th graders, 13103
Black English speech patterns, errors in writing samples, Black 3rd & 6th graders, 7960
books to implement triad enrichment activities, gifted elementary school students, bibliography, 18717
brief contingent procedures, severe behavior disorders, developmentally disabled 8 & 11 yr olds in special classroom setting, 13152
car-in-the-garage technique & social work implementation of Individualized Educational Program involvement, students, 32169
categorization strategy, word recognition ability, 3rd grade remedial reader, 5238
causal attributions for success & failure on WISC-R subtests, gifted vs low achieving elementary & junior high school students, 21371
causal models, science achievement, 5th–8th graders, 10760
child-centered developmental model of parent-teacher conference, handicapped & normal & gifted preschool & elementary school students, 21328
class visit to participatory science museum &/or classroom science lesson, science achievement, 5th graders, 26524
classroom behavior, 3rd–5th grade persistent absentees, South Wales, 8031
classroom seating position, frequency of receipt of teacher questions, 2nd–3rd graders, 8025
classroom social status & classmate likeability & compromising skill & temperament & neighborhood social interactions, 3rd–7th graders, 26603
classroom socialization, Black female 1st graders in desegregated classrooms & their teachers, 8016
Classroom vs Ekwal Reading Inventory, identification of grade level designation, 1st–7th graders with reading problems, 18751
cognitive & emotional difficulties, academic achievement in mathematics, elementary school students, 18623
cognitive ability & achievement in reading & mathematics, 1st & 5th graders, US vs Japan vs Taiwan, 26580
cognitive-monitoring &/vs creative problem solving programs, oral comprehension, reading disabled 3rd graders, 5343

cognitive morality & moral behavior, 6th graders from secular vs religious school, Israel, 8017
cognitive processes & language awareness & reading, 2nd vs 4th graders, 7973
cognitive processes in multiplication & division of fractions, 6th & 8th & 10th graders, implications for teaching objectives, 26569
cognitive style & concept attainment activities & teaching method, social studies achievement, 5th graders, 15726
cognitive style & task variables, assessment of reading comprehension, hearing students with mean age of 12 yrs & deaf students with mean age of 15 yrs, 15924
collaborative project between school counselors, adjustment to junior high school, 7th grade elementary school students, Canada, 13167
color & lighting & midrange ultraviolet lighting, absence due to illness, elementary school students, longitudinal study, 13125
comfortable vs uncomfortable reading materials & educational placement, reading ability & achievement, 3rd–8th graders, 26525
comparison of Kaufman Assessment Battery for Children vs WISC-R vs Stanford-Binet Intelligence Scale, gifted 9.5–12.5 yr olds, 5400
comparison of rating scales, assessment of prevalence of hyperactivity, elementary school students, 2569
comparison of scores on Woodcock-Johnson Tests of Cognitive Ability & WISC-R, Mexican American & Black & White 1st–4th graders, 21463
competition motive, school achievement, 4th graders, 18619
components of precrisis curriculum for providing stress immunization to hospitalization, healthy nursery & elementary school children, 29234
comprehension monitoring, 5th graders assessed as skilled vs less skilled readers, 10743
computer assisted instruction, reading & mathematics achievement & attitudes toward school & self esteem & locus of control, 4th & 5th graders, 29200
computer-assisted vs small group learning, spelling skills, 8–9 yr olds, 21292
computer-automated reading in reading instruction, word recognition & phrase reading & reading comprehension, 1st & 2nd graders, implications for role of school psychologist, 26539
concentrations & interactions of metallic toxins, aggressive classroom behavior, elementary school children, 32098
concept-text-application teaching method, comprehension of expository text, elementary school students, 23771
conceptions of & strategies used in spelling, 1st–6th graders, 15829
conceptions of student explanations as possible mediators of relation of instructional stimuli to seatwork achievement, 2nd & 3rd graders, 29231
conceptual tempo, reading task performance, 2nd graders, 29275
concurrent & construct validity of Expressive One-Word Picture Vocabulary Test & WISC-R & Illinois Test of Psycholinguistic Abilities, 6–12 yr old learning disabled students, 5378
concurrent & predictive validity of Battelle Developmental Inventory, assessment of achievement, children tested during kindergarten & 1st-grade yrs, 1-yr study, 13185
concurrent validity of Creativity scale of Scales for Rating Behavioral Characteristics of Superior Students, Mexican American vs Anglo American 3rd & 5th grade gifted students, 15906
concurrent validity of Expressive One-Word Picture Vocabulary Test, Mexican American 3rd–5th graders, 29466
concurrent validity of Kaufman Assessment Battery for Children with WISC-R & Peabody Individual Assessment Test & Wide Range Achievement Test, kindergarten students through 6th graders with learning disabilities, 5404
consonant identification patterns & rates in filtered or attenuated natural speech simulation of hearing impairment, 3rd & 6th graders, classroom noise implications, 23872
construct validity of figural & symbolic & semantic dimensions of Structures-of-Intellect Learning Abilities tests, 2nd graders, 5411
construct validity of Kaufman Assessment Battery for Children, learning disabled & educable mentally retarded kindergartners through 5th graders, 26712
construct validity of Stanford Achievement Test-Level 1, assessment of academic progress, 1st graders, 13229
content & methods of program of group lessons & activities, cognitive planning abilities & social skills, 9–16 yr old students, 29203
content validity of WRAT, identification of underachievement, kindergartners through 2nd graders suspected of having learning disabilities, 21495
context of parental & teacher modeling of silent recreational reading behavior, low- vs high-achieving 7.8–9.9 yr olds, 29233
contingency analysis in descriptive study of verbal interaction, teacher & pupils in 1st grade classroom, 16249
contingency management & token economy, actual classroom acting out behavior vs acting out indicators on Bender Gestalt Test, emotionally disturbed elementary school students, 26658
cooperative experiences in structured vs unstructured class activities vs home activities, cross-ethnic & cross-sex relationships, 4th & 6th graders, 18606
cooperative games, interracial interactions, Black & White 5th & 6th graders in desegregated schools, 10786
cooperative group instruction, spelling skills, 4th grade academically deficient students, mainstreaming implications, 21421
cooperative school counseling referral process, elementary & middle school teachers & counselors, 32163
cooperative small groups vs individualized learning, creativity in science education, 5th–6th graders, 29194
cooperative vs individual learning experiences, achievement & interpersonal attraction & interaction, handicapped & nonhandicapped 4th graders, 8064
cooperative vs individualistic learning contingencies, interpersonal attraction & social acceptability & self esteem, handicapped vs nonhandicapped 4th graders, 21453
correlates of communication skills, 3rd-grade Francophone & Anglophone immersion students, Canada, implications for objective evaluation procedures, 23777
cost effectiveness analysis, choice of tests for identification of learning disabled students, 6–11 yr olds, 2601
counseling, self-esteem & educational achievement level, 10 yr olds, 32161
counselor-led divorce groups, attitudes toward divorce & classroom behavior & academic achievement, 3rd–6th graders from divorced families, 10836
course in study & written language skills, knowledge of study skills & written language proficiency & improved self concept, academically able 6th–9th graders performing below expectations, 2381
creative abilities, school progress & academic achievement, 6th & 8th graders, 5288
crisis intervention, acceptance of death of classmate, elementary school students, 15905
cultural socialization vs structural explanation of sex differences in school deviance, male vs female 6th–8th graders, 23800
daily parental tutoring, achievement in reading/language arts & mathematics & student attitudes toward reading & self concept & motivation & parental attitudes toward school, 1st vs 2nd graders & their parents, 5252
data from Third National Assessment of Educational Progress in Mathematics, White vs Black vs Hispanic 9 & 13 & 17 yr old students, 2440
dealing with death, learning disabled children bibliography, implications for teaching, 23849
death education puppet program, prevention of suicide, elementary school students, 21289
DEBUGGY computer program, analysis of errors in subtraction procedural skills, 3rd–5th graders, 18629
declarative knowledge & reflexive access to current memory states & flexible control of cognitive processes, text comprehension & retention, elementary school students, 29276
demand eye contact by teachers, compliant behavior, 11 yr olds, 18643
desk arrangement, classroom behavior, 5th–6th graders, 18658
detection of informational inconsistencies in narratives, 4th vs 6th vs 8th graders with different reading comprehension levels, implications for attentional assistance, 13074
development & motivational function of expectations & performance, 4th & 6th & 8th graders, 7955
development & reliability & validity of inventory, assessment of students' attitudes toward mentally handicapped, 4th & 7th graders, 32160

development & role of inner speech in reading, elementary school students, 21346
development & use of Gift Inventory for Finding Creative Talent, elementary school children, 23911
development of group climate survey, assessment of classroom climate, 4th–6th graders, 2562
development of Illinois Classroom Assessment Profile, measurement of behavior disorders, 2nd & 3rd graders, 21499
development of IMPACT Problem Solving program, grade school students, 13028
development of inventory, assessment of reading knowledge of mathematical vocabulary & concepts, elementary school students, 5366
development of Reading Attitude Imagination Technique, assessment of positive & negative attitudes toward reading, high- vs low-achieving 5th grade readers, 5395
development of tests, measurement of choice of objectives & conditions & ability to grasp sequence & information & following oral instructions, 10–12 yr olds, 21480
developmental achievement scales as measurement of basic skills, elementary school students, reply to comments by G. R. Burket, 15934
developmental shifts in focus of social comparison & expression of comparative & evaluative interests & conflicting goals in classroom, kindergartners through 4th graders, 21376
direct instruction, main idea comprehension, 6th graders, 10689
direct training of comprehension monitoring, detection of reader-based vs text-based inconsistencies, 6th & 7th graders with poor reading ability, 10734
directed art counseling technique, elementary school students with reluctant & nonverbal behavior, 15904
discrepancy scores vs unadjusted low-achievement criterion, identification of learning disabilities, 1st graders in rural elementary schools, 15937
distortion-free humor vs compatible vs incompatible humorous distortion with vs without correction in educational TV program, perceptual distortions of educational information, kindergarteners vs 1st vs 4th graders, 10772
drama vs conventional teaching methods, science education, 10–11 yr olds, 7882
early education, subsequent school adjustment, 2nd graders, 26520
economy & unemployment, social development, elementary school students & their families, implications for school counselors, 32157
effectiveness of affective education programs, male vs female 6th & 7th graders, 15730
effectiveness of mathematics education, primary school students, Czechoslovakia, 15722
effects of teacher expectancies on student performance as regression artifact, comments on results of W. B. Seaver's study, 21387
efficacy of behavioral peer tutoring training, reading achievement, 12 yr old remedial readers tutored by 16 yr old low achievers, 23873
efficacy of direct instruction model, analogical reasoning, 4th & 6th graders, 29257
efficacy of miscue combination scores, prediction of reading comprehension performance, 5th graders, 29453
efficacy of social problem solving program, 4th graders, 32002
efficacy of text lookback strategy training, elementary & middle school remedial readers, 29361
EMG biofeedback training vs progressive muscle relaxation, anxiety, gifted 11–14 yr old 6th–8th graders, 29380
emotional maturity, 11 & 12 yr old middle vs comprehensive school students, 32076
emphasis on meaning vs accurate oral reading, sentence recall, 3rd graders, 10685
enrichment program, self concept & creative thinking ability, gifted 3rd–6th graders, 13147
entry IQ & direct instruction & mastery learning educational program, annual academic gains, low SES kindergartners & 1st graders, 3–4 yr study, 2386
environmental & lighting design based on psychodynamics of color, disciplinary problems, elementary school students, longitudinal study, 13124
error analysis, spelling, 5th graders vs learning disabled college students, implications for spelling development, 1587
errors of overinclusion vs underinclusion, screening gifted students, 1st–11th graders, 23898
ethnicity & classroom social status, ratings of stressful experiences, Hispanic vs Anglo 4th–6th graders, 2492
ethnicity & gender & SES, performance on mathematics strands, American Indian vs Asian vs Hispanic vs Black vs White female vs male kindergartners through 4th graders, 21364
ethnicity, stability of Stanford Achievement Test reading & mathematics scores, Black vs White vs Hispanic hearing impaired students, 5-yr followup study, 15989
ethnographic analysis, teachers' misinterpretation of copying as indicative of low academic ability & poor work habits, Mexican American 1st–3rd graders, 18638
ethnographic approach, teacher interaction with students & student progress, learning disabled 4th–6th graders in mainstreamed classrooms, 13156
evaluation of classroom management course involving communication & problem solving & self esteem enhancement techniques, classroom environments & student use of drugs, teachers & 4th–6th graders, 26549
evaluation of program for instillation of knowledge & attitudes & behaviors to improve health, 5th–7th grade students & teachers, 7894
evaluation of self referral program, referral to social work services, 4th vs 5th vs 6th graders, 32166
evaluation of tutoring program using college students in elementary & junior & senior high science & mathematics & engineering courses, students & tutors & teachers, 32014
explicit translation teaching strategy, mathematical word problem solving, 4th graders, 18564
exposure to human relations child abuse program, knowledge & attitudes, 5th & 6th graders & teachers, 23767
exposure to pre- & posttest versions of reading games vs similar games, improvement of comprehension-monitoring skills, 4th–5th graders & college students with different levels of reading ability, 13076
extended foreign language experience & ability, intellect & verbal & nonverbal abilities & motivation, gifted 5th–8th graders, Czechoslovakia, 21447
external & self instruction primary preventive approaches, generalization & transfer of fire emergency responding, Black 3rd graders, 10717
EXTRA after-school tutorial program, mathematics & reading skills, inner-city elementary school students, 7937
eye hand coordination & answer marking format, test performance, 1st & 2nd graders, implications for test validity, 29449
facilitative questioning vs practice with feedback, ability to infer literary characters' motives, 4th–6th graders, 7891
factor analysis of Learning Styles Inventory, planning of individualized instruction, gifted 3rd–10th graders, 18692
factor analysis of Metropolitan Readiness Test, 1st graders, 26727
factor analysis of teacher ratings, identification of 2 dimensions of cognitive deficits, 2nd–5th graders, 15955
factor structure of item responses & ability level differences, California Short-Form Test of Mental Maturity, 3rd graders tested in 1956 vs 1977, 13178
factor structure of 6 subtests of California Achievement Tests, Black vs White vs Hispanic male vs female 5th vs 7th graders, 13209
factorial validity & item analysis of Social Behavior Assessment, learning disabled vs emotionally disturbed vs normal elementary school students, 23884
factors in decision to repeat 1st grade, promoted vs nonpromoted 1st graders identified as candidates to repeat 1st grade, conference presentation, 26577
factors in educational diagnosis by multidisciplinary team, 1st–6th graders with IQs of 63–75, 15929
familiarity with oral vs written language structure, reading comprehension, 2nd graders, 7974
family counseling intervention using school counselor & family therapist, families of emotionally distressed kindergarten through 6th graders & their parents, 10858
family SES & ability grouping, self concept & academic achievement, 6th graders, criticism of C. C. Kulik & J. A. Kulik's study, 29325

field dependence vs independence, academic achievement, male vs female 1st vs 3rd graders, 13087
formal vs progressive teaching methods, coping strategies, 6 & 7 yr olds & their teachers, 13112
frequency & type of disruptive classroom behavior, educable vs trainable mentally retarded 11 yr olds, 15886
Frostig Program for Development of Visual Perception, performance on Frostig Developmental Test of Visual Perception & Bender tests, 1st vs 2nd graders, 18569
gender & SES, performance on WISC-R vs Test of Scholastic Abilities vs Progressive Achievement Tests, 10.8–12.3 yr olds, New Zealand, 29405
gender differences, teacher-student interaction, male teacher & male vs female 10–11 yr olds, 15833
general vs specific self instruction training, generalization, academically deficient 7–11 yr olds, 32041
Good Behavior Game Plus Merit, reduction of disruptive behavior & improved motivation, 2nd grade males designated as high risk for placement in behaviorally impaired classroom, 15737
goodness-of-fit model of temperament with teacher expectations, academic ability & adjustment, 4th graders, 23805
graphic organizer as aid in text lacking in unity, retention of relevant vs irrelevant ideas, above average 4th graders, 5267
group counseling, development of Black consciousness & self respect, Black 3rd–6th graders, 32189
group counseling, poor peer relations & classroom behavior problems & limited self concept & attitude toward school & withdrawal, 6th graders, 15912
guided imagery relaxation, classroom tension & interpersonal conflict, 3rd–5th graders, 10880
guidelines for classroom implementation & teacher response, dialog journals, 3rd graders & their teachers, 26527
guidelines for conversation & speaking with young children in educational environment, adults, 21293
handedness, reading achievement & symbol reversal, 6–7 yr old 1st graders, 2433
Head Start/Title I vs learning-to-learn program participation from nursery school through 1st grade, academic achievement & educational placement, Black 4th graders, 2-yr longitudinal studies, 32038
heightened awareness program for information extraction, question- answering behavior, 5th vs 8th graders, 10733
hierarchical model, intellectual development in science, elementary & secondary school students, implications for teaching methods, 29201
hierarchical model of intellectual development in science, primary & secondary science students, 2432
homework & homework strategies, academic achievement & attitudes, elementary & secondary school students, 29287
homogeneous vs heterogeneous item grouping, science test reliability & student performance, 6th graders, 13168
hugging as counseling technique, 5th graders judged as unmotivated & inattentive, 15933
human figure drawings, measurement of self concept development, kindergarten through 3rd graders in bilingual education program, 5384
hypothetical examples approach, change of attitudes toward handicapped, 4th–6th graders, 15851
imagery training, reading comprehension, 3rd & 6th graders, 7922
imitation/modeling procedure, spelling performance & learning transfer, learning disabled 11 yr old female, 2504
immediate vs delayed token reinforcement, performance on WISC-R, Black & White low income 2nd graders, 21459
immersion vs partial immersion vs foreign language in elementary school programs, French or Spanish language learning, elementary school students & 7th graders, 29180
implementation of individualized education program in public schools, kindergarten through 5th grade regular & special education students, 15881
implementation of technically adequate curriculum-based measurement & evaluation system for instructional decision making, reading achievement, 1st–7th graders, 2419
incidence & degree of mental retardation as cause of learning difficulties, primary school students in Nairobi, Kenya, 2501
individual differences in prediction of teacher's motivation and responses to vignettes portraying inappropriate student behaviors, 1st–5th graders differing in classroom adjustment, 18657
individual responses & literature conferences, 10–11 yr old elementary students, 15753
individualized language experience vs basal reader approach, reading ability & skills, kindergartners through 3rd graders, 23733
inductive concept-identification model of text processing as basis of instructional model, comprehension of expository text, 4th vs 6th graders with mean ages of 9.6 & 11.8 yrs, 10741
informational vs controlling limit-setting styles, intrinsic motivation & creativity & enjoyment & quality of artistic production, 1st & 2nd graders, 21315
informed instruction, use of comprehension skills & reading awareness, 3rd & 5th graders, 15780
Informed Strategies for Learning curriculum, improvement of reading awareness & comprehension, 3rd & 5th graders, 15779
inserted questions, studying behavior of course related materials, college students & 5th graders, 10737
instruction in critical listening, critical reading & attitudes toward reading, 4th–6th graders in remedial class, 5206
instruction in narrative structure, reading comprehension, average & below average 4th graders, 10704
instruction of text structure, information recall, elementary school students, 29221
instruction using D'Nealian alphabet vs Zaner-Bloser manuscript forms, cursive handwriting, 1st graders, 18601
instructional explanations of main idea identification in 4 basal readers, 1st–6th graders, 21309
instructional program, reading & writing skills, primary school students with learning difficulties, India, 8090
intellectual & creative potential, classroom emotional adjustment, 1st–4th graders, Brazil, 13123
intellectual abilities & motivation & personality traits, foreign language abilities, 5th–8th graders, Czechoslovakia, 18665
intergroup cooperation & competition, in- vs outgroup cross-handicap relationships, learning disabled vs emotionally disturbed vs handicapped 4th graders, 32136
intergroup cooperation vs completion, cross-ethnic relationships, Black vs White 4th graders, 29321
intervention, reduction of early nonattendance, elementary school students, 8097
intervention strategies, coping with teacher's sudden death, latency-age 3rd graders, 32080
IQ & sex & physical dexterity, teacher ratings of classroom performance & motivation & learning potential, White vs Black vs Hispanic 5–11 yr olds, 18654
item analysis & test standardization of Durrell Listening-Reading Series, assessment of reading & aural comprehension, English-speaking school children, South Africa, 5371
item bias on PPVT-R forms L & M, Anglo American & Mexican American 1st–4th graders, 5357
Jigsaw cooperative learning techniques, achievement & attendance & attitudes toward self & peers & schools, 5th graders, 21321
kindergarten personal task management program, perceptions of teacher vs learner roles, 2nd graders, 29228
kindergarten task management programs, perceptions of teacher-learner roles, 2nd graders, followup study, 2441
knowledge of orthographic elements, pronunciation of synthetic words containing variant-predictable vowel patterns, 1st & 3rd & 5th graders with high vs low reading ability, 13085
language analysis skills & rapid naming ability, 1st grade reading achievement, kindergartners & 1st graders, 10745
language experience approach for teaching expository prose structure, 1st graders, 26537
language experience approach to science education, kindergarten through 3rd grade students, 7886
language experience in remedial mathematics program, problem solving, 2nd graders, 26645
language of instruction & use of locally developed mathematics curriculum, mathematics test scores, 3rd grade English-speakers in English vs French immersion programs, Canada, 7898
language of instruction, understanding of print-related concepts, 1st graders, 13048

latent class model analysis of reading comprehension test items, 4th graders, 2565
lateral preference, passage comprehension & short term memory, 4th grade males, 29288
learning computer programing, cognitive style vs metacognitive ability vs cognitive development vs ability to describe directions, 1st graders, 15733
learning styles & preferred instructional strategies, 4th–6th grade regular vs gifted students, 26576
lecture-demonstration vs filmed modeling procedure in preventive hospital education, fear & knowledge of hospitals, well 4th–5th graders, 5244
level of importance of postquestions, understanding & recall of expository text, 5th grade readers, 7948
level of reading acquisition, performance on word boundry tasks written at 4 readability levels & validity of word boundry tasks as measure of reading ability, 3rd & 5th & 7th graders, 7966
levels of aspiration & causal attributions & self evaluation for mathematics test, 2nd vs 4th graders, 10764
listening comprehension, determination of reading potential, 1st–3rd graders, 5413
live voice vs taped presentation method, performance on subtests of Woodcock-Johnson Psycho-Educational Battery, Black vs White students with mean ages of 8.3 vs 13.4 yrs, 21483
local test norms development project with PPVT, Mexican-American kindergarten through 6th graders, 15943
long term stability or variability in individual reading achievement, 6th graders, development & educational implications, 10744
low vs medium vs high teacher enthusiasm level, concept acquisition, 1st graders, 5235
main idea prequestions, understanding cause-effect in prose, low average & good 6th grade readers, 10727
maintenance & generalization of learned social skills, behaviorally disordered elementary school students, 21427
male vs female perceptions of sex stereotypes in reading & math & intellectual ability vs achievement in standardized tests, 3rd & 6th graders, 29292
mastery learning concepts & techniques to make school learning more play-like, learning & involvement, elementary school students, 13030
mathematics achievement & self perceptions of ability, children tested at Grades 2 vs 5 vs 10, longitudinal study, 10759
mathematics education, deaf elementary school students, 10808
mathematics education, 3rd graders, Switzerland, 15757
mathematics vs reading help seeking classroom behaviors, male vs female 1st & 3rd & 5th graders in high vs average vs low ability classrooms, 15846
Matteson Four-Dimensional Reading Project vs Scott Foresman Reading System, reading achievement, 6th graders with high vs low ability levels, 21302
McCarthy Scales of Children's Abilities as predictor of academic achievement, 6th graders 1st tested in kindergarten, 5-yr follow-up, 15951
meta-analysis of grade level retention, elementary & junior high school students, 2434
metal levels & combinations of hair lead & arsenic & mercury & cadmium & aluminum, classroom behavior, 1st–6th graders, 26605
metaphonological skills of sound blending & segmentation, reading & spelling, 1st graders & dyslexic elementary school students, 15901
method for improving mathematical skills, poor & minority & low-ability preschool & elementary school students, 26512
method of spelling acquisition & remediation developed by J. Carlin, spelling & reading & mathematics achievement, 3rd vs 4th graders, 13033
methodology for assessment of language &/or system most beneficial in learning academic material, deaf 6–7 yr old White females, experimental replication, 2516
microcomputer spelling program, 5th & 6th graders vs learning disabled college students, 2540
microcomputer/videodisc-based instructional system, time telling, 7–9 yr old learning disabled & educable mentally retarded 1st & 2nd graders, 8057
minimal training intervention, training-related teaching behavior & student achievement, teachers of 4th–6th graders, 23702
minisociety economics instruction, perceptions of entrepreneurship & occupational sex stereotyping & risk taking & persistence & economic success, male vs female 3rd–6th graders, 2475
misconceptions in letters & notation & convention & symbolization of method leading to errors in elementary algebra, 1st–5th graders, 10746
mixed- vs ability-grouped classes, academic achievement, 4th–9th graders, Sweden, 29216
model for teaching music, primary school students, England, 18578
models of counseling, reading & classroom behavior, 4th–6th graders with learning & behavioral problems & their parents & teachers, 10851
Monitoring Achievement in Pittsburgh testing program, mathematics achievement, 2nd & 5th & 8th graders, 2578
motivation & attributions for school success & failure, 6th vs 7th vs 8th vs 9th vs 11th graders, 23786
multi-ability classroom model, 5th & 6th graders, 10695
multidimensional instructional approach, remediation of handwriting deficiences, male gifted 1st grader, 29382
multiple profile analysis of WISC-R scores, 1st–6th graders referred for evaluation & placed vs not placed in special education, implications for teaching strategies, 21506
multivariate assessment skills required for successful school adjustment, kindergartners to 5th graders rated by teachers as high vs low in social adjustment, 26608
music games, learning of rhythms & musical terminology, 4th–5th graders, 18583
music instruction, vocabulary in descriptions of music, 3rd–4th graders vs college students, 21349
naturalistic test taking conditions, cognitions, test anxious 5th–6th graders, 26730
nontraditional educational setting, 1st & 2nd graders, 15782
observation of peer models learning cognitive skill, self efficacy & achievement, 8.5–10.8 yr olds with difficulties learning subtraction, 29291
oral vs silent reading of passage, literal vs inferential reading comprehension, 2nd–5th graders, 29284
order of test administration of PPVT-R & WISC-R, correlation of test scores, 2nd graders, 29409
orientation on autism followed by tutoring experience with autistic child, attitudes toward autism, 2nd & 3rd graders, 26614
orientation program, prevention of school adjustment problems, 1st–7th grade transfer students, 18744
page format & grade level & sex & content, ability to read science material measured by cloze readability method, 4th vs 5th vs 6th graders, 29299
paraphrasing skills, reading comprehension, 4th–6th graders, 29277
parental reinforcement behavior in homework situation, achievement motivation, 8–10 yr olds, 23778
parental rejection, negative attention-seeking behavior, 3rd graders, 13111
parental rejection, negative attention-seeking classroom behavior, 3rd graders, 32102
parental vs professional referrals, educational placement, kindergartners through 10th graders, 23891
patterned sentence story writing, development of print concepts, kindergarten through 2nd grade students, 7892
peer & self monitoring, reduction in negative interaction during recess, mildly retarded 9.8 yr old male & his 8.5–9.6 yr old peers, 29351
peer interaction within classroom setting, preschool & kindergarten & elementary school students, literature review, 2468
peer led weight reduction program, maintenance of weight loss, obese 2nd–5th graders, 32172
peer training by 4th graders, school cafeteria skills, severely retarded 8.8–11.8 yr old students, 23847
perceived cognitive competence, subjective standards & expectancies & internal-external motivation orientation & classroom achievement behavior, academically competent 5th graders, 15848
perceived self efficacy & attributions for success vs failure with TV vs printed material, investment of mental effort in learning, 6th graders, 10765
perception of student teachers, elementary school students & their parents, 26592

performance contingent rewards & goals, motivation & self efficacy & performance, 9–11 yr olds, 21332
performance-controlled status mobility, elementary school students, 2443
performance feedback, self efficacy & attributions of achievement while learning novel mathematical task, male vs female 6th & 8th graders, 23813
performance on Luria-Nebraska Neuropsychological Battery-Children's Revision, mildly vs severely 8–12 yr old learning disabled students, 5418
performance-oriented vs teacher-directed didactic method, operant preference & achievement of concepts of Indonesian music style, 6th graders, 21335
performance profiles on informal reading inventories, 1st–9th graders & adults attending Adult Basic Education, 5392
personal & social adjustment, gifted vs nongifted 1st–5th graders, 2477
phonemic processing instruction model, reading achievement, 8.2–11.6 yr old reading disabled children, 26661
phonological awareness & verbal short term memory, prediction of deficiencies in spoken language skills & reading disabilities, elementary school students, 13154
phonological recoding skills following kindergarten, reading acquisition & achievement, 1st & 2nd graders, longitudinal study, 32058
photograph &/vs scenario design &/vs editing in filmmaking courses, improvement in cognitive skills, 5th graders, Israel, 10740
Piagetian tasks vs intelligence tests, prediction of early arithmetic performance, kindergartners & 1st graders, 10756
pictorial &/or textual visual cuing strategies, reading scores, 4th graders with average vs low reading ability, 26515
placement in segregated enrichment programs, self concept, gifted 4th graders with higher vs lower IQ, 18678
plans-&-goals activity prior to silent reading, reading comprehension, learning disabled 8–9.9 yr olds, 2533
practice exercises with words from spelling list vs topographically similar words, spelling performance, 10–11 yr olds, 5269
precis writing vs outlining, social studies content learning, 5th graders, 15728
predictability of giftedness identification measures & bias toward economically disadvantaged & minorities, gifted 2nd & 3rd graders, 18743
prediction of students' reward preferences, elementary school teachers & their female vs male 5th & 6th graders, implications for classroom behavior modification, 26586
predictive validity of Kaufman Assessment Battery for Children, prediction of academic achievement, 4th–6th graders, 15919
predictive validity of PPVT-Revised, prediction of academic achievement, Navajo 5–12 yr olds, 13203
predictive validity of readiness vs school achievement tests vs teacher ratings for alphabet learning, male vs female 1st graders from low vs high SES schools, 18748
predictive validity of reading measures, rural 1st graders, 29464
predictors & sources of individual differences in reading acquisition, Ss during kindergarten & 1st grade, Australia, 15817
preferences concerning teachers & teaching methods, male vs female school students with mean age of 11.1 yrs, 8027
preschool education, school achievement, 2nd & 3rd graders from low income families, followup study, 18576
presence of & training program for insight skills involving selective encoding & selective combination & selective comparison, normal vs gifted 4th–6th graders, 13134
prevalence of school refusal & school-related fears, 3–14 yr olds, Venezuela, 13102
prevalence of teacher identified behavior problems, kindergartners through 6th graders, longitudinal study, 10790
printed writing prompts, handwriting legibility, preschool age children & 2nd graders, 18596
prior knowledge activation, comprehension of compatible vs incompatible text, 6th graders, 32044
prior knowledge, learning new information from text & ability to correct old information, average- vs below-average 3rd graders, 7975
prior knowledge of answers, question answering, 5th graders with good vs poor reading ability, 10753
probable passages writing strategy, elementary school students, 5263
procedures for phasing out token economy programs, special education students with academic & motor & social problems, 32137
process & effects of publishing as part of language arts program, 2nd graders, 23739
process measure of learning rate during phonics instruction, prediction of retention & transfer, remedial reading students with mean age of 7.2 yrs, 10855
program for prevention of learning disabilities, 1st grade promotion rate, preschool age children & elementary school students, conference presentation, 12-yr longitudinal study, 26648
progress in basic educational skills, native Britains vs West Indian & Asian immigrants with mean ages of 7.2 yrs, longitudinal study, England, 2444
proportions & locations of difficult vocabulary, free recall & summary recall & sentence recognition, 6th graders, 10750
prose passages with picture adjunct aids, memory & verbal comprehension, 4th graders, 7964
psychometric profiles, psychoeducational multidisciplinary team evaluation, 1st–5th graders suspected of having learning disabilities, 18736
purposes & procedures of Biemiller Test of Reading Processes, assessment of ability to identify letters & words & use context, 2nd–6th graders, 8145
qualitative vs quantitative free association scores of topical knowledge, production of comprehension of passage, 6th grade exceptional readers, 7965
question-answer relationship training, comprehension question performance, 6th graders, 23756
question-response-feedback interactions during basal reader instruction, 4th grade teachers & their reading groups, 29215
question structure & sequence of items of different difficulty, performance on multiple choice chemistry test, 5th graders, 26697
questioning cueing before reading, reading flexibility & attention allocation in question answering, 4th vs 6th graders vs college students, 10763
quieting reflex & success imagery training, stress & anxiety & test taking, 5th graders, 15923
racial isolation among faculty in urban schools under court-ordered faculty desegregation, achievement, Black vs White vs Hispanic elementary students, 23812
ratings by teachers on Classroom Behavior Inventory, classification & validation of behavioral subtypes of learning disabled children, recently identified learning disabled 1st–2nd graders, 18722
ratings of classroom behavior of Hispanic vs Black vs Anglo 5.6–11.3 yr olds, teachers, 29331
ratings of student teaching performance, college supervisors vs supervising teachers vs elementary school students, 13207
ratings of teachers' domain appropriate vs inappropriate responses to student social transgressions, 3rd & 5th & 7th & 9th graders, 8026
readability level & story context, vocalization latency of target words congruous vs noncongruous with story context, 3rd vs 6th graders, 7990
readiness to help others in school setting & tolerance toward socially deviant & handicapped people, 10–15 yr olds & teachers, 1969 vs 1979, 29308
reading & spelling & written expression & mathematics skills, measurement of academic performance differences, learning disabled vs educably mentally retarded vs low-achieving 4th–6th graders in Chapter 1 services vs regular classes, 23866
reading ability & instruction method, oral reading strategies, 1st graders, 5262
reading ability & selective attention, high- vs low-test-anxious 2nd & 4th & 6th graders, failure to replicate findings of J. Dusek et al, 13073
reading basal vs student-authored stories, interest in reading, 1st graders, implications for reading education, 29289
reading comprehension & mathematics performance & classroom behavior, learning disabled vs normally achieving 6–7 yr olds, 2522
reading comprehension interview, perceptions of classroom reading activities, 3rd–8th graders, 5425

reading comprehension using cloze procedure, 3rd & 6th & 9th grade speakers of Black English vernacular vs standard English, 7994
reading instruction in 2nd language, reading concepts & phoneme segmentation ability, students 8 yrs old & younger vs 9 yrs old & older, Papua New Guinea, 5273
reading of content & noncontent words, dyslexic male children, 25701
reading performance instability, learning disabled 3rd–8th graders vs emotionally handicapped 4th–9th graders, implications for diagnosis & treatment of exceptional students, 18685
reading skill, incidental learning of word meanings from context, 5th graders, 29280
reading skill, word recognition with vs without context, 1st graders, longitudinal study, 10766
recognition of sentence structure in meaningful prose, 3rd & 4th grade skilled decoders vs good comprehenders, 7959
reductions in size of average academic achievement differences, White vs Black elementary & secondary school students, 26568
relationship of short form of WISC-R & McCarthy Screening Test, 4.3–7.6 yr olds, 214
reliability & correlations between teacher version of Child Behavior Profile & Conners Revised Teacher Rating Scale, behaviorally disordered 6–11 yr old males, 26688
reliability & statistical analysis & norms for Survey of Reading Attitudes, 4th–6th graders, Canada, 26700
reliability & validity of Artes de Lenguaje, assessment of academic achievement in language arts, Spanish-speaking 1st graders, 13211
reliability of single rater judgments of cloze test responses, assessment of reading comprehension, 3rd & 5th & 7th & 9th & 11th graders, 23887
remedial instruction in depth cues, understanding diagrams of 3-dimensional spatial relationships, 10–17 yr olds, Nigeria & Kuwait, 13088
remedial instruction involving rule-based approach & token reinforcement, spelling skills, 11 yr old male, 21451
remedial lessons, symbol reversals, 1st graders, 13079
remedial tracking program, writing performance, dysgraphic 3rd graders, 26670
remediation & compensation/accommodation education, learning disabled elementary & secondary school students, 5324
reports of causes & effects of problem solving difficulty in mathematics, 3rd–6th graders, 13113
responses to reading miscues during oral reading sessions, 2nd grade teachers & their students, 5226
responsibility for younger siblings, school grades, Black vs White 6th & 8th & 10th & 12 graders, 7992
retention in grade, academic & personal & social adjustment, elementary school students, literature review, 26573
retrospective identification & stability of subtypes, 2nd grade disabled readers previously assessed in kindergarten, 13201
reverse mainstreaming, nonhandicapped elementary school students, 18702
review of Basic Achievement Skills Individual Screener, norm & criterion referenced information on mathematics & reading & spelling & writing performance, 1st–12th graders & post-high-school Ss, 18741
review of 1981 revised edition of Diagnostic Reading Scales, assessment of reading ability & skills & listening comprehension, students functioning at reading levels 1–7, 23897
risk & resource factors, school adjustment, 1st–4th graders, 13096
role of mathematics & science instruction vs development, reasoning skill, 6th vs 8th vs 10th vs 12th graders, 7910
role of word features & basal text characteristics, acquisition of word identification skills, 1st graders, 15758
RT vs tachistoscopic training in identification of high- and low-frequency words, time required to read simple sentences containing trained words, elementary & high school students, 5205
rule-governed vs GIST intuitive instruction, summary writing & reading comprehension, 6th graders, 32005
S sex & science teaching strategy, development of logical thinking, elementary school students, 29182
sample composition vs procedural differences, measurement of achievement motivation, 3rd–8th graders, 23917
schema-based & generative learning strategies, comprehension of narrative & expository material, 4th–6th graders with comprehension problems, 18675
school-based antismoking program, tobacco smoking behavior, 9–10 yr olds, followup study, 23751
school climate & discipline & student achievement & self concept & parental attitudes, 4th & 6th & 8th graders of fundamental vs regular schools, 26624
school entry age of 62 vs 66 vs 71 mo, academic achievement in kindergarten & 2nd & 4th grade, female vs male students, 4-yr longitudinal study, 15805
school intervention program for coping with stress caused by war & terrorism, 3rd & 5th & 6th & 7th graders & their teachers & school staff members, Israel, 2397
school size, attitudes toward school & communication & change, elementary & secondary school students, 29307
school size, individual & society section scores on statewide test, elementary & secondary school students, 29271
school support groups, 5th graders of divorced parents, 10844
schooling, acquisition of literacy & cultural transmission, 1st graders, 18521
science vs social studies vs literature text, reading strategies for comprehension, low vs average vs high ability 5th graders, 23782
scores on WISC-R & Stanford Binet Intelligence Scale, gifted 3rd–6th graders, 2602
screening & referral using curriculum-based measurement of academic performance vs traditional referral, referral rate & cognitive functioning & achievement & social behavior & sex & identification as learning disabled, 3rd–6th graders, 5399
second language teaching styles, attitudes toward second language learning, elementary school students, 10706
selective attention & planning skills, mathematics achievement, 5th graders, implications for diagnosis & remediation of learning disabilities, 5390
self- vs externally-managed response-cost system, out-of-seat behavior & inappropriate verbalization, learning disabled male 2nd graders, 21436
self- vs teacher-rated school adjustment, mono- vs dizygotic same vs opposite sex twins in grades 3–6, longitudinal study, 16576
self attribution & self concept & academic achievement, 5th graders, Australia, replication of study by H. W. Marsh & colleagues, 15814
self concept &/or locus of control as identifiers of giftedness, 2nd–5th graders, 18742
self concept, academic achievement & choice of seating position in classroom, male vs female 4th graders from lower vs middle class, 2487
self confidence in regular classroom, mainstreamed 4th–10th form students, Denmark, 32135
self control strategy training, composition skills, 12 yr old learning disabled students, 18691
self instructional training program, increase in reflecting, elementary school children, 8122
self instructional vs strategy training, mathematics task, 9.7–15.5 yr old distractible students, 26642
self monitoring form & meetings with psychologist, completion of school work, male 3rd grader, 29445
self monitoring, on task behavior & time for assignment completion, 7.5 yr old learning disabled female in elementary school, 18711
self perceptions vs teachers' perceptions of behavioral competence, academic achievement, Black 9–10 yr old students from low to moderate income families, 29278
self questioning procedure modeled on cognitive behavior modification, sentence elaboration & recall, 5th–7th graders, replication of research by J. D. Bransford et al, 2422
self rating of social & cognitive competence, mainstreamed vs resource room exceptional & handicapped kindergartners through 3rd graders, 2541
self report vs teacher rating vs interviews vs rating scales vs direct observation, identification of Ss at risk for anxiety, 1st–5th graders, 18727
self vs peer vs teacher nomination, identification of leadership giftedness, 4th–5th graders, 18684

semantic mapping vs verbal readiness instruction, reading comprehension & recall of concepts, 2nd–8th grade reading disabled students, 26668
sensitivity to passage organization, recall, normally achieving vs learning disabled 5th–7th graders, educational implications, 5352
sequence of ability & effort attributional feedback, task motivation & attributions for success & self efficacy & skillful performance, elementary school students, 15788
serial position of semantically-related words, free recall of words & role of semantic processing, learning disabled 7 vs 10 vs 13 yr olds, 4363
SES & race, self esteem & academic achievement & achievement orientation, Black vs White 5th graders, 8018
SES & special class placement & achievement expectations, self concept, mildly handicapped elementary school students with high vs low achievement in special vs mainstream classes, 13131
sex & age & intelligence, performance on Hooper Visual Organization Test for diagnosis of brain damage, elementary school students referred for psychometric evaluation, 26696
sex & introversion-extraversion & teaching strategy & word complexity, reading accuracy, 7 yr olds, 29241
sex differences, academic achievement, students tested in kindergarten & 1st grade, 1-yr longitudinal study, 2431
significance of scribble in writing processes, 1st graders, 26566
silent vs listening previewing, oral reading, mainstreamed behaviorally disordered 9–12 yr old students, 13160
simultaneous vs successive information-processing tasks, good vs poor 9–11 yr old 5th grade readers, 13086
small group counseling, attitudes & classroom behavior, 5th & 6th graders, 26711
small group instruction, attitudes toward gender stereotypes & cooperation, male vs female 4th–5th graders, 7913
smoking prevention program focused on skill development to resist social pressure, tobacco smoking, 6th–8th graders, 18570
social & educational adjustment, physically abused 6 yr olds who received social work support, 23801
social & psychological & educational factors, school absenteeism, 3rd–5th yr students, 23810
social competence & peer friendship & likability, 1st vs 6th graders, 30489
social influences smoking-prevention program vs routine health education, smoking risk, 6th graders, 13029
social interaction in classroom, development of cognitive processes, elementary school teachers & students, 29224
social interaction patterns within self contained classroom setting, high vs low status behaviorally disordered 8–11.8 yr old students, 13153
social status & impact & peer acceptance, academic achievement, 3rd–6th graders, 23774
socioeconomic characteristics vs parental education level vs family compositional factors, grade retention, Hispanic vs Black vs White school age children, 18611
spatial ability, geometry learning, 1st–6th graders, Jamaica, 10758
Special Program Responding to Intellectual Needs of Gifted project, individualized instruction & intellectual abilities, gifted elementary & middle school students, 3-yr longitudinal study, 18682
spelling & grammatical errors, evaluation of language achievement, low vs middle class 3rd graders, 10768
spelling instruction based on sound theory of language development, elementary school students, 15738
spelling performance on standard written vs computer-administered test, underachieving 3rd graders from regular class & learning disabled 8.8–12.9 yr olds from self contained class, 2598
spelling strategies as reflected in errors on Wide Range Achievement Test, 1st–5th graders, implications for teaching, 7980
stability & predictive validity of Peabody Picture Vocabulary Test, prediction of academic achievement, 1st–5th graders, 11 mo longitudinal study, 10841
stability of IQs from group- vs individually-administered tests, students tested in 1st & 4th grade, 2593
standard vs columnar vs vertical segmentation text structure, learning performance, 3rd graders, 21348
Stanford-Binet vs McCarthy Scales of Children's Abilities vs WISC-R, achievement prediction, Mexican American children assessed at 3 & 4 & 7–9 yrs of age, 26702
statistical relationship between WRAT & California Achievement Test scores in reading & math & spelling, gifted 1st–6th graders, 2574
status scales vs developmental scales, measurement of academic achievement, elementary school students, 15935
story grammar categories, composition of written book reports, elementary school students, implications for reading teachers, 5241
story mapping vs questions/discussions following basal reading lesson, reading comprehension, 5th graders, 29240
story maps vs directed reading activity, comprehension of narrative & expository basal lesson text, 5th graders, 15785
story structure instruction, recall learning, low-SES 6th graders with poorly developed story concept, 32040
strategy & control methods, inferencing skills, reading disabled 5th graders, 8074
strategy self-verbalization during remedial listening comprehension instruction, self efficacy & performance, 2nd–4th graders with language deficiencies, 21438
structural & organizational constraints, ability group formation & stability, elementary school children, 2390
structure & type & size of school & health education programs & social class & peer influences, prevalence of smoking, 11–12 yr old students & teachers, UK, 21381
structured vs unstructured oral discussion in cooperative learning groups vs individualistic learning, daily & postinstructional achievement & retention, 2nd graders, 18609
student-administered group-oriented contingencies, mathematics achievement, Black male 5th graders, 23770
student-administered group-oriented contingency intervention in regular classroom, mathematics achievement, underachieving 5th grade males, 23755
student administered group-oriented contingency intervention technique, arithmetic performance & disruptive behavior, male 5th grade underachievers, 13070
student temperament characteristics, classroom management & placement decisions, elementary school teachers, 8029
student temperament characteristics of adaptability & approach/withdrawal, prediction of teacher-student interaction, 1st graders, 8028
subscale performance on Adaptive Behavior Inventory for Children, assessment of adaptive behavior, 5–11 yr olds, implications for educational diagnosis, 15968
subtest scatter on Tests of Cognitive Ability for Woodcock-Johnson Psycho-Educational Battery, 1st–12th graders, 13198
subtest scores on Vane Evaluation of Language Scale & Vane Kindergarten Test, prediction of academic achievement & placement in special education or high achievement programs, students tested at beginning of kindergarten & end of 2nd grade, 21505
supplements to keyboard method instruction, strategy transfer, 8.9–13.2 yr old 5th & 6th graders vs 18.3–21.8 yr old college students, 5284
suppression vs substitution vs remind vs normal instructional models, comprehension of text with unfamiliar vs recently taught words, 4th graders, 15776
systematic decision making, grade retention for elementary school students, school personnel, 13019
systemic instruction strategy vs corrective feedback, text-based inferences, 5th graders, 7890
task & structure & teacher location & activity, responding during reading instruction, special- vs regular-education 3rd & 4th graders, 2546
task planning & organizing skills, low- vs average-achieving 2nd graders, 13081
tasks allocated by teacher in science instruction, task involvement, 6th–8th graders, 7943
tasks requiring instructions vs independent problem solving, task preference, 2nd graders, 15841
teacher- vs peer-mediated instruction, academic achievement, 3rd–6th graders, 18574
teacher- vs student-directed instruction & visual & verbal cues, spelling performance, 8–13 yr old poor spellers, 29195
teacher academic vs cognitive-developmental ideology, student production of narrative text, 6th grade teachers & students, 23749

teacher characteristics & teacher-student interaction & students' perceptions of teacher behavior, student academic achievement, female teachers & 1st graders, 18617
teacher feedback on mathematics homework, achievement & attitude toward mathematics, 6th graders, replication of authors' previous research, 21300
teacher-led vs seatwork lesson formats, acquisition of mathematical concepts, 4th graders, 21336
teacher proximity, modification of disruptive behavior, 10 yr old male, 21405
teacher-rated reading achievement & social acceptance, 2nd vs 6th graders, 8006
teacher-rated temperament & problem behavior & observed classroom behavior, learning disabled vs normal 3rd & 6th graders, 18673
teacher socialization style, students' social cognition & classroom behavior, elementary students & teachers, 15849
teacher-student cognitive style, reading & mathematics achievement, 4th graders, 5285
teacher-student interaction patterns in mainstreamed classrooms, regular classroom teachers & high vs low achieving vs handicapped 3rd & 4th graders, 10830
teacher use of negative &/vs positive consequences, maintenance of on-task behavior, hyperactive 2nd & 3rd graders, 8032
teacher wait time, discourse characteristics & academic achievement, 6th & 7th graders, 29253
teachers' reasons for referral to special education services, kindergarten through 12th grade students, 15875
teacher's sex & inservice training & certification, achievement in Arabic & mathematics, 4th graders with certified vs noncertified teachers, Egypt, 7867
teaching method with vs without feedback & cognitive style, retention & transfer of science information, 6th graders, 1-yr longitudinal study, 29250
teaching methods, literacy & writing skills, 1st graders, 26526
teaching methods, social studies education, 6th graders, 21317
Team Assisted Individuation, mathematics achievement, academically handicapped vs nonhandicapped 3rd–5th graders, 10827
techniques for counseling stepchildren, elementary school counselors, 10853
techniques for improving rate of silent reading, 4th–6th graders, 26516
temperament & behavioral factors & intellectual ability & time on task, mathematics achievement, 2nd & 4th graders, Israel, 32067
temperament & classmate likability & social perspective coordination & parent-rated Type A behaviors, 3rd–8th grade males vs females, 26602
temperament & school achievement, 3–7 yr olds referred for developmental assessment with vs without diagnosis of learning or behavior problems, 26578
test anxiety before & during written examination, 6th & 9th graders, 23899
test lookbacks, assessment of reading comprehension, good vs poor comprehenders in 6th & 7th grade, 5217
text characteristics, types of reading errors & self corrections & comprehension, elementary school students, 7904
thematic-fantasy play paradigm, facilitation of immediate & maintained story recall, Black kindergartners & 1st graders, 23753
theme shifts in orally presented passages, schema shifts & comprehension, 3rd grade good vs poor readers, 7996
therapeutic value of music, school counseling, elementary school students, 32181
time-on-task program, peer rating of classroom behavior task orientation & social acceptance, low achieving 3rd & 6th graders, 2370
time spent in learning & time needed for learning, reading & spelling achievement, 4th–5th graders, 23781
time-spent vs -allocated vs -needed task presentations, degree of learning & achievement scores, 4th & 5th graders, 18616
traditional vs experimental curricula & classroom activities & teaching styles, reading achievement & related cognitive & linguistic abilities, 1st & 2nd graders, 29191
training as peer facilitators, response skills & helping responses & attitudes, helpers & elementary school students, 26519
training in development of inferential skills, comprehension of expository text, 6th graders, 10693
training program in questioning strategies, remedial reading, intermediate & middle school students, 23865
trait & state anxiety & cognitive behavior & mathematics performance under stress, 4th graders, 15840
transition classes for children not ready for reading, conference presentation, literature review, 26646
transparent overlays for assessment of own handwriting, handwriting performance, 1st graders, 15729
tutoring by emotionally disturbed high school students, academic performance, educable mentally retarded 9–12 yr old elementary school students, 2521
TV viewing & study habits & home viewing environment & social class, achievement in reading & mathematics & written expression, 6th graders, 5276
types of data used in identification of behavior disorders, elementary school students, 2582
types of writing included in basal reading programs, kindergarten to 2nd grade readers, conference presentation, 10705
underachievement, students with superior intellect, implications for learning disabilities, 7971
use of developmental achievement scales for reflection of development in basic skills, elementary school students, comments on essay by H. D. Hoover, 15916
use of meta-analysis, desegregation effects on achievement, Black elementary school students, 24173
use of psychoanalytic concepts in relationship with 11 yr old students, teacher with psychoanalytic training, 15826
use of "Safe at Home" game, training in prevention & safety skills, 8–9 yr olds occasionally without parental supervision, 26544
use of story grammar, composition of original fairy & folktales, bicultural/bilingual 6th graders, 7939
use of word processing in writing instruction, postinstructional scores, learning disabled 4th–6th graders, 13146
use of 1981 vs 1961 norms in scoring Slosson Intelligence Test for Children & Adults, kindergarten through 6th grade applicants to program for gifted & talented, implications for selection of gifted, 15982
utilization of Adlerian principles in songs for elementary emotional development program, understanding of misbehavior & development of self esteem, elementary school students, 7903
validity of Clinical Evaluation of Language Functions, assessment of language development, 5–17 yr old recommended for special education classes, 8129
validity of cognitive & achievement test batteries vs single measures, diagnosis of learning disabilities, 3rd graders, 32193
validity of D. Lawrence's self esteem questionnaire, anxiety & academic self image & achievement & ability, 10–11 yr olds, 32183
validity of Kindergarten Teacher Rating Scale, prediction of reading achievement, 2nd graders, 15981
validity of Minnesota School Attitude Survey, assessment of attitudes & feelings about school experiences, 1st–12th graders, 18731
validity of Otis-Lennon School Ability Test, Black vs White 1st graders, 18754
validity of revised PPVT using academic grades as criteria, 4th–6th graders, 26724
validity of Scales for Rating the Behavioral Characteristics of Superior Students, 3rd & 4th graders identified as candidates for gifted program, 5382
validity of teacher's rating scale, assessment of behavior & learning in classroom, 1st graders, 32178
validity of WISC-R Coding B subtest, 8.3–11 yr old elementary school students, 23878
variability of motivation & creativity & social awareness & social skills & preferred learning activities, gifted 2nd–5th graders, 29328
verbal interactions with friends vs nonfriends, popular vs rejected 3rd vs 6th graders, 29302
views on failure in reading education, urban Black children, 29270
vocabulary instruction, reading comprehension, 4th graders, replication & extension of study by I. L. Beck et al, 10726
vocabulary preinstruction, reading comprehension, 5th graders with average reading ability, 10739
webbing vs time blocks, language arts education, elementary school students, 26554

week-long leadership training course, gifted 9–15 yr olds, 18694
White vs Hispanic teachers, reading achievement, 3rd–4th grade Chicano students, 29296
whole class vs ability grouped vs individualized instruction, mathematics achievement, 3rd–6th graders, 10738
Women Mentor Project, development of self esteem & leadership abilities & career awareness, female elementary & middle & senior high school students, 29245
word familiarity & spelling difficulty, elementary school students, 2389
word identification strategies, reading achievement, elementary & junior high school students in remedial reading, 29357
word length & familiarity & syllable length & complexity, reading errors, good vs poor 8–9 yr old readers, 26564
written & talking comprehension with vs without teacher assistance in small groups, 3rd graders, 13097
Yellow Brick Road & Comprehensive Test of Basic Skills, academic achievement prediction, 3rd graders, 5373
Yoruba &/vs English language media, learning, students with mean age of 11 yrs, Nigeria, 32004

Elementary School Teachers

academic & social factors in grouping students for reading instruction, elementary teachers & student teachers, 7863
accuracy of judgments of students' achievement level, teachers & 3rd–8th graders, 10666
agreement on classification of observed classroom behavior, teachers & school age children from regular & special education classrooms, 13225
alternative distributions criterion for fall vs spring achievement test scores, evaluation of teacher effectiveness, 6th grade students & teachers, 32206
assessment of satisfaction with school psychology services, elementary school teachers, 23879
attitudes toward & usage of testing for instructional purposes, 3rd & 7th & 10th grade teachers, 7900
attitudes toward elementary exceptional children, elementary school teachers, 10674
attitudes toward mainstreaming, 20–25 yr old student teachers vs 30–35 yr old elementary school teachers, New Zealand, 7872
attitudes toward reading acceleration & enrichment for gifted elementary school students, elementary school teachers, 5332
behavior characteristics & intervention methods, integration of socioaffectively maladjusted students into regular classrooms, primary & secondary school, 32119
beliefs about how learning occurs & educational priorities & teacher-student relations, kindergarten & elementary school teachers, 15688
classification strategies in judging child abuse, elementary school teachers & court child protection officers & school & state services social workers, 12246
classroom management & instructional organization, student task engagement, junior high & middle school science teachers, 21391
classroom seating position, frequency of receipt of teacher questions, 2nd–3rd graders, 8025
considerate vs inconsiderate principals, frequency & intensity of burnout, 28–60 yr old teachers, 21265
consultant & consultee & organizational variables, preferences for school-based consultation vs traditional referral services, elementary school teachers & school psychology graduate students, 5177
content & format of Alcohol & Drug Education in the Schools Program, public & parochial & alternative elementary school teachers, 18595
contingency analysis in descriptive study of verbal interaction, teacher & pupils in 1st grade classroom, 16249
cooperative school counseling referral process, elementary & middle school teachers & counselors, 32163
counselors as resource to teachers in identification & treatment of classroom adjustment problems, elementary school students in overseas schools, 32207
criteria for reading ability group assignments, 4th–6th grade teachers, 29202
cross cultural experience, involvement in world studies, 6th grade teachers, 5198
division of vocabulary into semantically related clusters, elementary school teachers, implications for vocabulary instruction, 7918
education of culturally & ethnically different children, elementary teachers, 5172
educational training & skills & knowledge level, perceptions of problems in instruction of learning disabled students, elementary school teachers, 23714
effectiveness of mathematics education, primary school students, Czechoslovakia, 15722
effects of sex role behaviors, male preschool & primary school teachers, literature review, 1970–82, 2365
evaluation of classroom management course involving communication & problem solving & self esteem enhancement techniques, classroom environments & student use of drugs, teachers & 4th–6th graders, 26549
experience level & need for social approval, grading behavior, female elementary school teachers, 31967
exposure to human relations child abuse program, knowledge & attitudes, 5th & 6th graders & teachers, 23767
factor analysis of teacher ratings, identification of 2 dimensions of cognitive deficits, 2nd–5th graders, 15955
factorial validity of Maslach Burnout Inventory, measurement of burnout, elementary & junior high school teachers, 13184
factors affecting desirability as partner in cooperative project, elementary & secondary teachers, 21274
format & style of psychological report, comprehension, elementary school teachers, 15720
general health & illness-related absences from work, primary school teachers, New Zealand, 29135
guidelines for classroom implementation & teacher response, dialog journals, 3rd graders & their teachers, 26527
inservice program on gifted education, perception of competence, elementary & junior high school teachers, 10659
inservice training course in interactive decision making, classroom interactive decision making, elementary school teachers, 15712
interpersonal communication skill development videotape program vs stimulus vignettes, empathy & affective sensitivity, teachers in summer school guidance program, 18551
knowledge & use of social studies curriculum materials, elementary school teachers, Australia, 7917
knowledge about teaching gifted students following 2-wk summer institute, regular classroom elementary school teachers, 29207
listening & responses to logic in classroom narratives, Black vs White 2nd graders & teachers, 15845
marital status, parental involvement in children's education & teacher attitudes, parents & teachers, 10701
mathematics subject matter knowledge, expert vs novice 4th grade mathematics teachers, 29146
minimal training intervention, training-related teaching behavior & student achievement, teachers of 4th–6th graders, 23702
models of counseling, reading & classroom behavior, 4th–6th graders with learning & behavioral problems & their parents & teachers, 10851
need for physical education specialists in elementary education, 29125
occupational satisfaction & dissatisfaction, primary school teachers, New Zealand, 31970
organizational issues, stress, male vs female preschool & kindergarten vs elementary school teachers, 2358
perception of school psychologists, preservice vs experienced elementary vs junior high school teachers, 21280
perception of student teachers' competence, student teachers vs university supervisors vs sponsor teachers, 23724
perceptions of classroom psychosocial environment, 3rd graders vs their teachers, 8013
perceptions of data used in identification of behaviorally disordered students, elementary school teachers & school psychologists, 13163
perceptions of importance of fostering attitudes & actions taken to promote positive attitudes toward reading, elementary school teachers, 5305
personal & life history factors, scores on Maslach Burnout Inventory subscales, 23–66 yr old elementary & junior high school teachers, 29413
postreading question-answer segments & basal manual suggestions, 2nd grade teachers with 2–22 yrs teaching experience, 15790

prediction of students' reward preferences, elementary school teachers & their female vs male 5th & 6th graders, implications for classroom behavior modification, 26586
preferences for continuing education activities, elementary & junior & senior high school teachers, 29138
prevalence & sources & consequences of stress, elementary & junior high school teachers, Canada vs Sweden, 26478
problems encountered in teaching material on plant growth & photosynthesis to 5th graders, elementary school teachers, 21338
problems in elementary education & teacher training & proposal of teaching model, elementary school teachers, Brazil, 13006
psychosocial stress as measured by Greek adaptation of Schedule of Recent Experiences & symptoms & manifest anxiety & visits to doctor & health concerns, 28–46 yr old male vs female elementary school teachers, Greece, 18538
question-response-feedback interactions during basal reader instruction, 4th grade teachers & their reading groups, 29215
racial isolation among faculty in urban schools under court-ordered faculty desegregation, achievement, Black vs White vs Hispanic elementary students, 23812
ratings of classroom behavior of Hispanic vs Black vs Anglo 5.6–11.3 yr olds, teachers, 29331
ratings of students problem behaviors that disturb vs concern, elementary school teachers, 26597
referral of students, for evaluation for suspected handicapping conditions, inner- vs outer-directed elementary & secondary school teachers, 13151
reported administration of informal reading inventories, elementary school teachers, 29432
responses to reading miscues during oral reading sessions, 2nd grade teachers & their students, 5226
school intervention program for coping with stress caused by war & terrorism, 3rd & 5th & 6th & 7th graders & their teachers & school staff members, Israel, 2397
second language teaching styles, attitudes toward second language learning, elementary school students, 10706
self perceptions & descriptions of positively regarded students, female kindergarten teachers, 2336
self perceptions vs teachers' perceptions of behavioral competence, academic achievement, Black 9–10 yr old students from low to moderate income families, 29278
self report & ranking of teaching strategies, reading education, teachers of kindergarten through 7th grade, 15754
sex & experience level, value of institutional rewards, elementary school teachers, 5182
special education classroom experience, ability to work with handicapped, preservice elementary teachers, 29139
special education classroom experience, attitude toward mainstreaming before vs after student teaching experience, preservice elementary school teachers, 12999
structure & type & size of school & health education programs & social class & peer influences, prevalence of smoking, 11–12 yr old students & teachers, UK, 21381
student ethnic origin & studying behavior, formation of evaluation of academic achievement, 23–54 yr old elementary school teachers, 23704
student temperament characteristics, classroom management & placement decisions, elementary school teachers, 8029
support & advisory groups, problem child behavior, primary school teachers, 10669
task orientation & adaptability & reactivity of 1st–6th grade learning disabled students, decisions, special education resource & regular education mainstream teachers, 26660
teacher academic vs cognitive-developmental ideology, student production of narrative text, 6th grade teachers & students, 23749
teacher characteristics & behavior toward high vs low achieving students & quality of teaching, 3rd grade teachers, 21386
teacher characteristics & human relations training, classroom interaction with students, 2nd & 5th grade teachers, 31989
teacher characteristics & teacher-student interaction & students' perceptions of teacher behavior, student academic achievement, female teachers & 1st graders, 18617
teacher socialization style, students' social cognition & classroom behavior, elementary students & teachers, 15849
teacher-student interaction patterns in mainstreamed classrooms, regular classroom teachers & high vs low achieving vs handicapped 3rd & 4th graders, 10830
teacher's sex & inservice training & certification, achievement in Arabic & mathematics, 4th graders with certified vs noncertified teachers, Egypt, 7867
teachers' writing group, elementary school teachers, 26491
theoretical &/vs situational knowledge of elementary reading instruction, estimation of readability of materials, preservice vs inservice teachers, 5197
time spent teaching music, elementary school teachers & principals, comments on B. A. Amen's study, 2405
time spent with learning disabled students, elementary & high school teachers, 8063
tolerance of problem behaviors in classroom, elementary teachers, 15716
training in Behavioral Approach to Teaching Package, amount of time spent on task, primary school teachers, 21285
training to identify & intervene with abused children, elementary & junior high school teachers, 12998
tutoring training & use & attitudes, public & private elementary school teachers, US, 10683
use of prescribed guidelines for post hoc analysis of teacher made tests, 3rd & 7th & 10th grade teachers, 29415
videotaped presentation of disruptive vs nondisruptive classroom context, perceptions of problem behaviors, kindergarten through 8th grade teachers, 18660
years of teaching experience, attitudes toward discipline & agreement with psychologists, elementary vs secondary school teachers, 5200

Elementary Schools
evaluation of elementary school's implementation of whole language approach to reading instruction using nonverbatim responses to cloze procedure, 7–15 yr old hearing impaired students, 2513
group communication-skills training program, elementary school principals, 29124

Elephants
alcohol intoxication, elephants, 795
LSD vs musth syndrome, elephants, 794
precocity of behavior, elephant calf from birth to 5 hrs postpartum, 27303

Embarrassment
embarrassment, compliance with request for help, college students, 25393
hypnotically implanted paramnesias inducing oedipal vs nonoedipal sexual conflicts, symptoms of discomfort, male college students, 29974
locus of control & socially acceptable vs taboo stimulus words, light intensity needed for word recognition, female vs male high school students, India, 3673
personality & physiological characteristics, blushing, 15–39 yr olds, 17095
psychology & physiology of blushing, literature review, 17395

Embedded Figures Testing
administration time, performance on Witkin's Group Embedded Figures Test, 21–32 yr olds, 139
Embedded Figures Test & self concept, male vs female 4th–6th graders, 976
eye movement analysis system, identification of cognitive processes on figural tasks, applications to Embedded Figures Test & Hidden Figures Test, 2846
failure rule for Children's Embedded Figures Test, test discriminability, kindergartners to 4th graders, 143
Gestalt Completion Task & Myers-Briggs Type Indicator & visual attention & picture completion tasks, correlation with results of Group Embedded Figure Test as measure of field dependence, 9th graders, 3609
item difficulty, Tent & House series of Children's Embedded Figures Test, kindergartners through 4th graders, implications for test administration, 11149
performance on Embedded Figures Test, 20–36 yr old females before vs after childbirth, 647
red-green vs blue-yellow vs gray-white color combinations, performance on Embedded Figures Test, 15–25 vs 40–50 vs 65–75 yr olds, 25083

Embryo
ethanol exposure, brain growth, chick embryos, 16738
fresh & weathered fuel oil application to eggs, reproductive success, great black-backed & herring gulls, 18886
Emergency Services
assessment interview, families of patients using psychiatric emergency services, 18318
compliance with referrals from adult psychiatric emergency wards to outpatient services, 20 yr literature review, 23455
decision support system design factors, emergency management, county emergency preparedness coordinates, 21638
development of emergency psychiatric treatment services in general hospital emergency room, 26330
development of psychiatric emergency & crisis services, West Germany, 18220
distinguishing between physical & psychiatric disorders, hospital emergency admissions, elderly vs middle aged patients, 12826
drug therapy, acute psychotic symptomatology, patients in psychiatric emergency service, 31622
educational & research role of hospital emergency psychiatry department, 4955
emergency room diagnosis & treatment of accidental carbon monoxide poisoning, 58 yr old female & her 4 yr old grandchildren, 28847
evaluation of decay in cardiopulmonary resuscitation skills over time, trainees, 31598
guidelines for consultation with college mental health staff & deans, college students with psychiatric emergencies, 18750
guidelines for use of antipsychotic drugs & minor tranquilizers in general hospital emergency rooms, psychiatric patients, 15488
home based vs hospital emergency care for heart attack, Great Britain vs US, 2040
incidence of chronic mental illness, patients admitted to hospital emergency room, Italy, 31688
incidence of psychiatric emergencies & need for psychiatric aid, Spain, 18210
letters stressing value of continuous pediatric care & lack of continuity in emergency facilities, health care visits, parents of patients with acute illness, 20996
medical & psychiatric patient evaluations in inner city hospital emergency room, psychologists vs psychiatrists, 18331
model of program to deal with crises & emergencies, college students, 29460
nature of psychiatry emergencies, college students, 7605
parental anxious concern, birth order differences in frequency of visits to emergency departments, 1st vs laterborns with approximate age of 2.3 yrs, 26243
participation in rescue effort after hotel disaster, emotional reactions & health problems, 22–65 yr olds, 14569
peer selection of emergency medical coordinators, performance of trained volunteers, populations in rural communities, US, 29041
perception of need for hospitalization, psychiatric emergency patients, 18332
police accident reports vs hospital emergency room monitoring service records, extent of motor vehicle occupant injuries, children, 23924
psychological intervention training program, responses in role-playing emergencies, emergency medical technicians, 5093
registration vs nonregistration of patients with psychosocial problems in general hospital emergency room, nursing staff & 15–65 yr old patients, 10467
social-situational forces, impact of stress on treatment climate & emergency procedures, psychiatric emergency care units, 12757
staff & patient characteristics & diagnosis, disposition decisions in general hospital, psychiatric emergency patients, 23508
staff discussion rounds, development of coping behavior & management techniques & treatment plans for problem patients who frequently visit emergency room, hospital emergency room staff, 7828
stress management training & biofeedback & reeducation, 54 yr old female with chest pain repeatedly visiting emergency room, 10486
training in psychiatric emergency situations, psychiatric residents, 7792
usefulness of hypnotic suggestions in emergency room, burn patients, 7651
Emetic Drugs [See Also Apomorphine, Disulfiram]
apomorphine & angiotension II & neurotension & leucine enkephalin, emetic behavior & prevention by area postrema lesions, dogs, 6100
nicotine used as emetic, depressed bulimic 21 yr old female, 14994
nitrefazole, alcohol craving, 28–57 yr old male alcoholics, 29001
summary & integration of research on effect size estimates in chemical aversion treatments of alcoholism, 18397
teaching appropriate home use of ipecac syrup, lower SES mothers & their 9 & 11 mo olds, replication of study by R. S. Posner, 28819
EMG (Electrophysiology) [See Electromyography]
Emotional Adjustment [See Also Coping Behavior, Emotional Control, Identity Crisis]
ability to generate favorable slant to situation & modification of beliefs about cause & course of affliction adjustment, breast cancer patients, comments on article by S. Taylor, 25856
academic self concept & intelligence & school performance & emotional status, male vs female 9 yr olds, 6228
academic self concept & personal adjustment, 14–17 yr old high school students placed in work experience classes due to learning disabilities or mental retardation or behavioral or emotional problems or physical handicaps, 32144
acquired immune deficiency syndrome, psychosocial welfare, gay males, 25843
adaptation to combat, Vietnam veterans without posttraumatic stress disorder, 14680
adaptive behavior, 3–4.5 yr old only children vs children with siblings, 14182
adjustment to suicide of patient, therapist, 21182
age & sex, adjustment to parental separation 2 vs 6 vs 18 mo postseparation, 1–18 yr olds, 17173
age & sex differences & temperament & mothers' state in postpartum weeks, reaction of 1st-born children to birth of sibling, 6355
age & time since amputation, psychological response to amputation, 18–88 yr old amputees, 7047
allergic factors & illness severity & psychosocial variables in bronchial asthma, 15–68 yr old patients attending clinic, 31259
behavioral characteristics & self concept, American Indian vs Caucasian 4–5.9 yr olds, 964
body weight related questionnaire & self perceived overweight, emotional adjustment scores, female college students, 22622
breast reconstruction immediately vs within vs after 1 yr, psychological adjustment & social adaptation & satisfaction with reconstruction, female mastectomy patients with mean age of 48 yrs, 15389
cancer survival, psychiatric symptomatology & adjustment problems, former childhood cancer patients with mean age of 18 yrs, 7102
cancer survival, psychiatric symptomology & adjustment problems, former childhood cancer patients, 28479
childhood peer relationships, later mental health, literature review, 11793
chronic illness, psychological adjustment & neuropsychological performance, 18–47 yr old juvenile onset diabetics, 25927
clinical & psychological impact of injury & strategies for recovery process, severe burn injury patients & staff & family, 31164
clinical assessment procedure, measurement of cognitive & socio-emotional & perceptual motor functioning, preschool age children, 30889
combat experience & witnessing & participation in abusive violence as model of war trauma, postservice psychological states & war stress, Vietnam military veterans, 6803
complementarity & similarity, relationship adjustment & satisfaction, married couples, literature review, 9423
consultation, coping with emotional stages of dealing with handicapped child, parents & school consultants, 18740
coping mechanisms & blame & social support & psychological adjustment, Ss with genital herpes & mean age of 33.4 yrs, 12378
coronary bypass surgery, sexual & psychological & vocational adaptation, 46–72 yr old females, 26226
cystic fibrosis, emotional disturbance, 16–19 yr olds vs patients age 20 & older, 17723

development & validation of Ostomy Adjustment Scale, measurement of psychological adjustment, 19–83 yr old ostomy patients, 21769
developmental processes of psychic organization & self congruence, cohesiveness of analytic forms of group therapy, 28690
difficult delivery & maternal anxiety & somatic disturbances during pregnancy & fetal hypermotivity & neonatal distress, psychological maladjustment & behavior problems, 3–5 yr olds with emotional inhibition or temper tantrums, 20386
disasters & personal traumatic events, psychological mechanisms & manifestations, survivors of trauma, implications for diagnosis & treatment, 28622
disasters induced by human errors of omission vs commission, emotional phases & psychological manifestations & social processes, victims, 28162
early institutional care & return to biological mother vs placement in adoptive vs foster home, adjustment & school performance, 15 yr olds registered for adoption as infants, longitudinal studies, 27824
efficacy of extensive cognitive attention vs avoidance, adjustment to specific stressful life events 1 wk vs 3 mo vs 6 mo poststress, 45–60 yr old females, 28583
emotional & physical adjustment, ostomy patients, 31601
emotional adjustment to divorce, 31–50 yr old divorced parents, 1080
emotional health, bereaved parents 5 yrs after death of 0–12 yr old child, Israel, 25305
emotional maturity & intellectual development, understanding & concern about prognosis & functional limitations of own chronic illness, insulin-dependent 8–17 yr olds, implications for emotional support, 1625
employment status & occupation, salience of work & family & leisure/community involvement, elderly males, 10-yr followup, implications for clinical practice, 25046
epidemiology & demographic & audiological & psychosocial factors & implications for mental health, hearing loss, aged, 20498
factors affecting psychosocial adjustment to illness, cancer patients, 4495
family & marriage & parent-child & child peer cycles, independence & emotional status & psychological development, hearing impaired, 20585
feminine gender identity & preference for feminine activities & psychological adjustment, male transsexuals vs homosexuals, 25372
growth of childhood perceptions of illness & disease, S diagnosed with Legg-Perthe's disease at 6 yrs of age, 12394
hypnosis & psychotherapy, chronic myofibrositis pain & emotional adjustment, 38 yr old female, 3-mo & 1-yr followups, 23084
intellectual & creative potential, classroom emotional adjustment, 1st–4th graders, Brazil, 13123
intervention strategies, coping with teacher's sudden death, latency-age 3rd graders, 32080
IQ vs social competence, evaluation of early childhood intervention programs, 10742
Jones' Irrational Belief Test & personality measures, assessment of emotional problems irrational beliefs, college students, 25483
lifestyle & health & mood, freshmen medical students, 21238
marital status & living arrangements, well-being, community residents aged 65 yrs & older, 19900
masculinity & femininity & Type A behavior & psychosocial adjustment, female vs male medical students, 21243
methods of grouping & development of classification of patterns of adjustment problems, male vs female 10 yr olds, 19877
multidimensional category system of mental health concepts, implications for theory & research, 11042
multidimensional model, treatment of behavioral & emotional problems, 5–7 yr olds, 20639
neuropsychological rehabilitation program, cognitive & emotional functioning, 18–44 yr old closed head injury patients, 21115
ontogenic system & exosystem & macrosystem & microsystem perspectives, perceptions of adjustment, parents & children in divorced families, 27934
organizational status of human system vs psychiatric diagnosis & symptomatology, assessment of adaptive functioning, 18–59 yr old psychiatric patients, 28242
parent with Huntington's disease or multiple sclerosis, emotional reactions & coping mechanisms, 13–16 yr olds, 12391
parental adjustment to child's handicap, development & adjustment, physically handicapped children, 12380
parental divorce, adjustment & intellectual & academic performance, adolescents, suggestions for school based interventions, literature review, 27734
penile prosthesis implant, postsurgical psychological adjustment & satisfaction, patients & their partners, literature review, 31581
perception of mental health & emotional adjustment, middle aged teachers vs advanced teacher trainees, 18547
perception of obtrusiveness & sense of personal control, 19–68 yr old hemodialysis & continuous ambulatory peritoneal dialysis & posttransplant patients, 4845
personality traits & pet therapy, anxiety & despair, terminal cancer patients in nursing facility, 12816
physical & psychological health concomitants, stresses, entering medical students, 12944
physical vs psychological wholeness position, effects of divorce, Black working/lower-class adolescents, 9269
physician's affective behavior toward patient & individual & primary social resources, coping behavior & emotional adjustment, patients with chronic illness, Israel, 7012
posttraumatic memory as pathway & obstacle to recovery, survivors of war or genocide, 15021
prediction of emotional & social adjustment following heart attack, patients during recovery, 7088
prediction/assessment of adjustment & family therapy & self help groups, adjustment to resumption of work, midcareer 1st time mothers, 4681
prenatal fear of delivery, postnatal emotional balance, nulliparous & parous females, 17159
prior expectation of death & participation in funeral arrangements, grief adjustment, primary survivors, 20138
prior therapeutic abortion, psychological functioning in subsequent pregnancy, females with mean age of 28.2 yrs followed from second trimester to 12 mo postpartum, 23399
program model for dealing with emotional & psychological issues of retirement decision, employees, 16011
psychiatric morbidity & types of problems encountered, supporting relatives of patients attending geriatric vs psychogeriatric day hospitals, 26276
psychiatric symptoms & maladjustment, 13–41 yr olds with temporal lobe epilepsy, 17813
psychic conditions, 35–72 yr old chronic dialysis patients, 6-yr longitudinal study, 7514
psychoanalysis, issues of identity & emotional adjustment, adopted children, 12482
psychoanalytic view of adjustment to separation from parents, 1 yr old going to nursery, 11822
psychoanalytically oriented psychotherapy, social & emotional adjustment, adolescents with borderline syndrome, 5-yr followup study, 4626
psychodynamics of hysterectomy & need for caring doctor-patient rapport, female patients, 2050
psychogenic abdominal pain as expression of anxiety or emotional or psychological problems, children, 20221
psychological & sexual & physical functioning following non-cancer hysterectomy, methodological implications, literature review, 28846
psychological & social adjustment, married vs never-married females vs males, literature review, implications for counseling, 9548
psychological adjustment, females with tubal ligation, Hong Kong, 12736
psychological adjustment manifested in personal cure fantasies, group psychotherapy processes, 28696
psychological adjustment, school age children of dual career parents, 25169
psychological adjustment, 6–18 yr old siblings of pediatric patients with cystic fibrosis & cerebral palsy & myelodysplasia & multiple handicaps, 6704
psychological distance assessment using doll placing & family sculpting techniques, maladjustment, families with 7–13 yr old male with behavior vs neurotic problems, 12121

psychological functioning & adjustment, 31–64 yr old females who underwent radical mastectomy vs 41–68 yr old females who underwent lumpectomy & radiation therapy, 15393
psychological functioning, 4.1–6.2 yr olds of mothers who were 15–17 vs 20–24 yrs of age at birth of child, 6247
psychological ramifications of serious heart disorders, 26–77 yr old survivors of sudden cardiac death vs patients with heart rhythm disorders, 7045
psychological reaction to acquired immune deficiency syndrome, gay males, 25884
psychological status during pregnancy vs 1st postnatal yr, human females, 12697
psychosocial & emotional adjustment, spina bifida patients, 20503
psychosocial adjustment, adolescent offspring of depressed vs arthritic patients, 25495
psychosocial adjustment after divorce, human males, Norway, 30625
psychosocial outcome & adjustment, 32–60 yr old male patients 1-yr after myocardial infarction, 25955
psychosocial symptoms, 37 yr old female with multiple sclerosis, 22950
reactions to presence of handicapped patient in family, parents & extended family, 30874
role of family & social support networks, adjustment to postnatal emotional changes, mothers, Hong Kong, 27944
self reliance regarding recovery from breast surgery, relationship between stress & social support & adjustment, 29–92 yr old females with breast cancer, 7535
sex role conflicts & personal adjustment, male vs female 14.9–17 yr olds, Great Britain, 6375
situational relevance & victim's emotional adjustment, fault attribution decisions, implications for methodology used in mock jury research, 24160
social & emotional problems, single-leg amputees & their helpers, 31780
social contact & knowledge about disease, psychological adjustment, patients with multiple sclerosis, 7086
social network changes & adjustment to divorce, 18–48 yr old divorced persons, 17166
social support networks & SES, surviving & coping with heart attack, 32–60 yr old patients & their spouses, 25806
social work services, distress from pet illness or death, 12–83 yr old pet owners, 4-wk followup, 2133
sociocultural & psychological & psychiatric aspects of migration & acculturation, 19960
somatic development, self concept & emotional health, adolescents, 17079
stages of emotional process of unemployment experience, implications for treatment, 18774
stress & coping factors, individual differences in psychological adjustment to chronic illness, adults aged 40 yrs & older with hypertension or diabetes or cancer or rheumatoid arthritis, 7531
stress & reactions to parental divorce, college students, implications for treatment, 8112
surgical gender reorientation, psychological adjustment, heterosexual vs homosexual males vs biological females, 25967
test of G. P. Bray's model of reactive patterns of adjustment, 24–63 yr old females with spinal cord injured husbands, implications for counseling, 28513
theoretical & clinical aspects, psychological control & narcissistic rage & reparation of self, Vietnam combat veterans, 12503
theory of emotional & cognitive development & therapeutic acknowledgement of past, emotional adjustment, children & families, conference presentation, 18270
time limited goal focused parent aide service, parenting skills & emotional adjustment & other factors, 27-yr-old single mother, 12788
transition from adolescence to adulthood, emotional adjustment, mildly retarded 23–60 yr olds, 25745
trauma from disasters & emerging issues in treatment & measurement & psychodynamics, children, 28605
unemployment, emotional & social well-being, employed vs unemployed school dropouts, England, 13252
unemployment, psychological health & labor market commitment, 17 yr old Blacks vs Whites from urban areas, UK, 30551
unemployment vs employment vs participation in government employment training schemes, emotional stability, 11th grade school leavers, England, 32028
visible physical impairment resulting from cancer treatment, psychosocial adjustment, pediatric patients, 7101
visuomotor functions & emotional lability, children with attention deficit disorder vs problem behavior, 7-yr followup, 1723
within-family environmental differences, emotional adjustment, 11–17 yr old sibling dyads, 5-yr followup, 25181

Emotional Content

affect intensity & emotive content & relative importance of story paragraphs, recall & comprehension of stories, college students, 29955
application of Gestalt theory, expressiveness in music perception & education, 839
auditory &/vs visual information, reliability of clinical assessment of affect using rating scales, 20–63 yr old schizophrenics, 2919
category system of emotion words, training of response to client emotions, counselors vs counseling students vs noncounselors, 18448
content analysis of nonverbal behavior & emotions in person descriptions, prose written by males vs females, 9070
delayed retention testing, word associations to emotional vs neutral stimuli, reply to comments by R. Rossman, 5825
depressed mood, tachistoscopic recognition of neutral/unpleasant words, depressed inpatients, 28247
development of abstract expressivity in drawing, 4–20 yr olds, 921
emotional interest vs concreteness vs proximity as vivid information modality, attitude change in fear appeal paradigm, college students, 28111
emotional tone of pictorial stimuli, reidentification, alcoholic Korsakoff patients & nonamnesic patients with alcoholism, 31047
evaluation of own happy vs sad vs angry vs scared facial expressions, 3–7 yr olds, 22397
factor analysis of affectional expressions in proverbs, students, Japan, 3550
frequently named emotions in everyday conversations, college students & 20–50 yr old married couples, 832
GSRs & thresholds of recognition for neutral vs taboo words, replication of E. McGinnie's study on perceptual defense, 648
hedonic tone of words, decision time, college students, 3067
hedonic tone of words, signal detection analysis of recognition memory, depressed patients with mean age of 41.7 yrs, 6760
identification of emotion & dance in dynamic light displays, female vs male college students, 27706
mothers' facial expressions, instrumental behavior when presented with unusual toys, 12 vs 18 mo olds, 11686
music, emotional content of TAT stories, college students, 3121
pleasant vs unpleasant content in referential communication task, communication efficiency, college students, 12008
sad vs emotionally neutral film, depressed mood, college students, 13721
validity of computer-controlled magnitude scaling to measure emotional impact of stimuli, college students & 25–54 yr old nonstudents, 85
verbal statements of context & photographs of facial expressions, perceptions of emotions depicted, college students, 9514

Emotional Control [See Also Coping Behavior]

personality & reported emotional state & autonomic response to stress, breast cancer patients, 28518

Emotional Development

activities to enhance self esteem & influence affective development, learning disabled students, 23820
affective & cognitive-motivational development, abused/neglected & perinatal-risk infants, 9106
art therapy in preschool through senior high school, cognitive & emotional development, children with special needs, 31329
bonding & separating, emotional development, mother & child through 1st 3 yrs, 17168
childhood abuse & emotional development levels, 22–51 yr old battered females, 4313
childhood emotional development & conflict-coping behavior, psoriasis patients, 4487

childrearing practices, fulfillment of basic psychosomatic & psychosocial needs & subsequent emotional & social development, children, conference presentation, 30498
definition & development of emotions & relation to cognitive development, 6271
definition & relation to cognitive development, emotional development, 27751
development of expressivity in drawing, 4–20 yr olds, 27855
development related to autonomy & purpose of life & education & interpersonal relations, hearing & hearing impaired college freshmen, 13121
developmental guidance programs in Catholic schools, emotional development, elementary school students, 2603
early deprivation, emotional development & psychotherapy, 66.5 yr old female in foster care, 7226
effects of new baby & concept of "psychic skin", mother & her 20 mo old firstborn son, 6351
emotional & intellectual development, preterm vs full-term children at 6 & 7 yrs of age, 1- & 2-yr followup, 9105
emotional development, 5–17 yr old children of mothers with borderline personality disorder, 25525
emotional experiences & attribution style & intellectual performance, depressed 5th graders, 30908
emotional experiences, 17–34 vs 35–56 vs 57–88 yr old males vs females, 6382
establishment of individual & occupational & sexual identities, college students, 6224
experienced levels of emptiness & existential concern, level of emotional development as indicated by profile of values measure, 17–34 yr olds, 25453
extreme deprivation in early childhood, cognitive & emotional & social development & prognosis, children, literature review, 6721
extreme social & emotional deprivation, social & emotional development, daughters of mentally retarded & microcephalic & mentally disordered mother, 6978
grandmothers, emotional & superego development, children & grandchildren, 17071
interaction & cooperation with age mate & interaction with mother, 8–32 mo old twins vs familiar peers & their mothers, longitudinal study, 16574
intermittent decathexis, depression & aggression, parents, implications for emotional development of children, 25294
internalization of loss & parent child relations & attachment, emotional development & psychopathology, males followed from adolescence to middle life, 31003
issues & trends regarding role in development of play curriculum, teachers, 21304
lay health visitor intervention & maternal background & newborn history, weight & development & mother-child relations, nonorganic failure-to-thrive child inpatients & mothers, implications for child abuse intervention, 10434
long-term psychological consequences of congenital heart disease following corrective surgery, young adult patients, 14-yr followup, 18178
long term tracheostomy, physical & emotional development, infants less than 13 mo old, followup at ages 3–8 yrs, 31608
maternal language, early language development & later social-emotional status, prelingually hearing impaired 24 mo olds & their mothers, 1.5–4.5 yr followup, implications for intervention, 1744
misconceptions about learning disabilities in childhood, subsequent personality & emotional development, learning disabled adults, implications for psychotherapy, 12512
nonmaternal care, maternal attachment & intellectual development & social emotional behavior, preschool children, literature review, 6236
parental perception of total communication ability of child, social & emotional & educational growth & speechreading & speech & hearing aid use, hearing impaired 5–20 yr olds, 28462
parental survival of Holocaust, psychological & emotional development, offspring of survivors, 4506
parents' coping abilities & interaction patterns & nonverbal communication, psychological development, hearing impaired children, 20572
patterns of inner dialog which perpetuate self blame & replacement with self affirming dialogs, 1289
peer counseling training, personal growth, elderly students, 31849
perceived emotions in their 1–18 mo olds, mothers with mean age of 28 yrs, 6373
premature birth, emotional development & academic achievement, children, 22285
prenatal & postnatal maternal & child caloric supplement intake social & emotional & cognitive development, chronically malnourished 6–8 yr olds, 7008
prenatal interpsychic material & psychoanalysis, patients, 23170
prevention & environmental influences, affective immaturity, children & adolescents, 30549
psychic trauma due to severe burn accident, adolescent development & emotional trauma, 13 yr old Black male, 9278
psychoanalytic interpretation of motivation in creativity, resolution of inner conflict through literature in works of J. Goethe, 25019
psychological development & background factors, 6–8 yr olds with elective mutism, 5–10 yr followup, 28210
role of locomotion in development of sense of identity, adolescents & children, 27862
self perceived developmental theories of affective relationships with their parents, 16–20 yr old college students, 19917
SES & severity of parental psychopathology, cognitive & emotional functioning, children of mothers with vs without psychiatric disturbances followed from birth to 4 yrs of age, longitudinal study, 20337
stability of individual differences in emotional expression during interaction, 18–28 yr old mothers & their 6 mo old sons, 2 mo longitudinal study, 22400
types of self image & patterns of reaction in emotional development, gifted children, 30535
use of teddy bear to channel frustration & feelings in public school class, emotional growth & maturity, 16 yr old male, 1764
validity & reliability of parental questionnaire, measurement of temperament variables in 6 mo old infants, 27037
vulnerability & at-risk conditions & parent child relations, emotional development & mental health, infants, 9136
witnessing marital violence vs nonviolent marital discord & parenting style, emotional & behavioral problems, mothers of male children, 20395

Emotional Expressiveness [See Emotionality (Personality)]

Emotional Immaturity
prevention & environmental influences, affective immaturity, children & adolescents, 30549
retention vs social promotion, academic achievement & personal & social adjustment, slow learners & immature & learning disabled students, literature review, 18676

Emotional Insecurity [See Emotional Security]

Emotional Instability
academic underachievement & cognitive processing deficits & emotional difficulties, learning disabled adolescents, special education implications, literature review, 2542
hypnotherapy, psychiatric patients with affective instability, 2026
phenytoin & phenobarbital, treatment of emotional instability, 24 yr old male with personal & family history of rage attacks & mood disturbance & epileptiform EEGs, 10296
single vs repeated doses of carbamazepine, emotionally labile healthy 18–28 yr old males, 6136

Emotional Maladjustment [See Emotional Adjustment]

Emotional Maturity
axiological maturity as link between valuing aspects of competence & value system content & fulfillment & reflected in identity status, college students, 4082
conduct disorder vs personality problems vs inadequacy-immaturity vs socialized delinquency, mentally retarded vs behaviorally disordered vs learning disordered 12–16 yr old females, 20177
development & characteristics of maturity, 14137
emotional maturity & intellectual development, understanding & concern about prognosis & functional limitations of own chronic illness, insulin-dependent 8–17 yr olds, implications for emotional support, 1625
emotional maturity, 11 & 12 yr old middle vs comprehensive school students, 32076
importance & process of self renewal, 20147
intervention program, emotional maturity & psychological adjustment, male work release residents with mean age of 29.4 yrs, 28952

sex & age & type of school & emotional maturity, self confidence, high school students, India, 8041
Emotional Responses [See Also Conditioned Emotional Responses]
abnormal behavior & physiological arousal, military veterans with posttraumatic stress disorder, 17497
aesthetic & affective response to natural environment, literature review, 16142
affective response to job as source of bias, dimensionality of Job Diagnostic Survey, nonsupervisory employees, 29768
age & sex & cultural & situational differences, responses to infants & young children & baby animals & cries & pictures, children & adults, literature review, 6340
age & temperament & mothers' state in postpartum period, reactions to birth of sibling, 1st-born children, 27836
arousal induced by crowded situation &/vs emotion-provoking slides, perception of crowding & rating of stimulus emotionality, high school students, 13720
attributions of emotions to self in hypothetical situations, 7 vs 9 vs 11 yr old males vs females, 17021
chemical substrates & neocortical & limbic brain programs, reactions associated with biofeedback therapy, 4748
child-related vs non-child-related stressors, attributional style & annoyance, mothers with previous history of child abuse or neglect, 25611
cognitive structures & processes & behavior modification & role of affect, 15268
collision at sea, posttraumatic stress & intervention efforts by naval psychiatric intervention team, US Navy personnel, 18887
color, emotional responses, college students, 13719
consequentiality vs surprise vs emotional change vs rehearsal vs likelihood of occurrence, vivid vs nonvivid flashbulb memories of autobiographical events, college students, 11377
cooking vs craft vs sensory awareness activities, affective responses, chronic psychiatric patients with mean age of 49.6 yrs, 15539
creative dramatic experiences, learning physical & character control, children, 29186
deinstitutionalization, affective responses & adjustment, young adult chronic patients, 10385
demographic characteristics & psychological reactions to shooting incidents, police officers, 13338
development of pragmatic negation, female from birth to 24 mo of age, 16948
development of social understanding & emotional behavior in conflict with sibling & mother during 2nd yr of life, infants & their mothers & siblings, 22364
development of stress response rating scale, assessment of response to serious life events, Ss who had or had not sought psychiatric treatment, 2956
discrepancy between physiological correlates & subjective reactions of stress as indicator of defense mechanisms against anxiety, 17360
display of behavioral or characterological self blame for negative event by depressed vs physically ill individual, elicitation of negative mood & rejection, college students, 14511
dominance, approach-avoidance behavior, college students, 4037
drug usage, perception of effects on emotional functioning & motivation, 11–18 yr olds who use drugs or alcohol, 25065
elicitation of emotions of dreams & memory fragments in biopsychotherapy, 12510
emotional characteristics, mentally retarded & hyperactive 10 & 13 yr old female & male with congenital insensitivity to pain, 15015
emotional facial expressions, extinction of emotional reactions, college students, 8584
emotional feedback from others, self assessment of ability, teacher & students, 10791
emotional issues & reactions, parents raising a handicapped child, 7108
emotional reactions to gynecological surgery, females who underwent hysterectomy, China, 28505
emotional reactions vs rehearsal vs degree of surprise vs perceived consequentiality, "flashbulb memories," university faculty 1 vs 6.5 mo following assassination attempt on Reagan, 11373
emotional responses prior to birth vs during neonatal period vs 3 mo postpartum, 20–36 yr old mother having 2nd child, 14580
emotional responses to political candidates, classification of preferences, undecided vs decided voters, 30663
emotional responsiveness of separation reactions in strange situation procedure, security of attachment, infants observed at 12.5 & 19.5 mo, 11837
facial asymmetry during spontaneous emotional expression, college students, 8773
facial expression & intonation & speech as channels of emotional expression, male patients with unilateral brain damage, 31130
factor analysis of pain language & relationship to medical diagnostic categories, chronic pain patients, 9961
Freud's vs Lacan's theory of psychoanalysis, affect & effect & repression, 8318
hypnotherapy, psychological trauma & drug & alcohol abuse as result of prenatal oxygen deprivation, clinical psychology patients, 2027
increasing false heart rate feedback vs steady feedback, reactions to emotional visual stimuli, college students, 11519
induction of epileptiform syndrome by prolonged stimulation of negative emotiogenic area, rats & cats, 16721
length of illness & diagnostic setting, coping behavior & emotional state after hospitalization, myocardial infarction patients under 40 yrs of age, 4473
locus of control & type of task & performance feedback, causal attributions & emotional responses, college students, 6643
malpractice litigation, attitudes & personal & professional life, physicians who had vs had not been sued, 21165
media presentations & content, fear, 3–4 vs 6–7 vs 9–10 yr olds, test of Piagetian stages of development, 3689
melody duration & cognitive vs structural vs affective vs associative processing style, affective responses, college students, implications for noncognitive mediation theory, 27089
method & apparatus, evaluation of emotionally positive effects of drugs, 21728
model involving financial & friends/family & living/environment & new job environment costs, affective responses to plant closing, displaced workers, implications for intervention, 21611
model of cross cultural adaptation to mismatches between norms & behavior & self concept, foreign college students, Canada, 11910
multiple exposure to filmed violence against females, emotional reactions & perceived injury & worthiness & empathy for female rape victims, male college students, 13925
music, emotional content of TAT stories, college students, 3121
musical emotionality, GSR & respiration rate, female college students, 11527
neural mechanisms of opiate hedonic effects & role of endogenous opioids, regulation of motivational-affective responses, 16612
onset of expression of feelings in therapy, successful therapeutic outcome, clients classified as feeling expressive vs nonfeeling expressive in emotive reconstructive therapy, 28641
paired associate learning for socially descriptive antonyms to previously liked vs disliked words, college students, 29958
patient's suicide, emotional responses, psychotherapists, 26451
perception of & reaction to intense stimulation, 10 & 13 yr old female & male with congenital insensitivity to pain, 15014
perception of crowded interpersonal situations, behavioral & affective responses, college students, 4024
perceptions of changes in emotional behavior following stroke, 72 & 76 yr old male stroke victims vs their wives, 12358
performance expectations & personal control in task, self esteem & negative mood, male college students, 421
personality & emotions & performance, enjoyment of games, college students with mean age of 25.6 yrs, 1285
positive maternal affect, responses to pleasant vs ambiguous vs aversive toys, 12–13 mo olds, 9288
psychological aspects of illness, human females, comments on papers by G. Tang & M. Tsoi & I. Sharp, 28142
psychological research, understanding gynecological problems & patient reactions to hysterectomy & obstetrical complications & sterilization, 28509
race & emotional reactions & perceived causes of 1981 riots & proposed solutions, psychiatric hospital staff, England, 2237
reactions to termination of group therapy, 88 & 80 & 90 yr old nursing home patients, 15209
reactive facial patterning, expression of happiness & surprise & fear, 10–12 mo olds, 6369
reactive facial patterning, expression of happiness & surprise & fear, 10–12 mo olds, 27849

recovery & identification of mass suicide victims' bodies at People's Temple at Jonestown, emotional reactions, US Air Force personnel, 17490
reliability of emotion identification of context-free photographs of infant faces, untrained college students & females experienced with children, 21700
research model for measuring spread in response to imagined loss & goals, 18–47 yr old college students, 20159
responses to distress in agemates in daycare setting, disadvantaged abused vs nonabused 1–3 yr olds, 25652
responses to friendly vs unfriendly physician-patient interaction, psychosomatic patients, 4516
revised version of Willoughby Personality Schedule, assessment of social sensitivity to interpersonal stress & identification of stutterers, 16–54 yr old stutterers vs nonstutterers, 24234
ritual & religious & other contexts, response to certain sounds, Ilahita Arapesh Indians, Papua New Guinea, 14280
RT to happy vs sad faces presented to left vs right visual field, college students, 8775
sad vs emotionally neutral film, depressed mood, college students, 13721
scenarios involving social rejection vs broken social engagement, anticipated affect & communication of true reasons for action, 5–12 yr olds, 14213
scoring system for measurement of interpersonal affect in TAT responses, married couples, 27051
self consistency vs self enhancement needs, reactions to performance evaluations on important examination, college students, 13109
self-regulation of expressive behavior, 1st vs 3rd vs 5th graders, 9327
smoking-induced physiological arousal, emotional responses, cigarette smokers, replication of "Nesbitt's Paradox" study by P. D. Nesbitt, 6161
spouses report of patient's lifestyle prior to stroke & perceived changes in emotional responses, 72 & 76 yr old males with right vs left hemispheric strokes & their spouses, implications for rehabilitation, 10508
standardization of sexual opinion survey for clinical use, measurement of eroto-phobia vs -philia response to sexual stimuli & factor analysis, adult volunteers, 19060
stranger vs infant controlled method, fear of strangers, infants, literature review, 6371
stress & social support & coping processes, psychopathology, literature review, 17493
transition to first-time parenthood, sex role satisfaction & mood & social change ratings & parenthood anticipation/experience, 21–40 yr old wives vs husbands, 17171
uncertainty-provoking stimulus, selective social referencing as function of information source, infants & their mothers vs female strangers, 22358
usual vs reassuring test instructions & anxiety level, cognitive & emotional & physiological factors, test anxious college students, 26684
validity of tripartite model, affect & behavior & cognitions as components of attitude, 12049
values & cognitive vs emotional elements in environmental decision making & relation between self & nature, male vs female 12 yr olds, Finland, 27753
viewing of infant videotaped emotional expressions & physiological measurement & self rating of emotional responses to tape, responses to infants' signals, breast vs bottle feeding mothers & their 90–194 day old infants, 30141
viewing of sad film, mood changes, 2nd yr medical students & junior faculty & 19–42 yr olds, 5835
viewing slides related vs not related to alcohol, subjective & physiological & behavioral responses, 24–52 yr old abstinent alcoholics, 14780
working-through of affect on cognitive & subconscious levels using film episodes, patients with psychosomatic disorders vs organic complaints, 15017

Emotional Restraint [See Emotional Control]

Emotional Security
age differences, intensity & differences in emotional insecurity, Ss with mean age of 13.8 vs 77.6 yrs, 30510
attachment theory & family experience, security & autonomy in marriage, males vs females, Australia, 22475
attempt by guardians to convert S to Roman Catholicism, female Jewish adolescents in 19th century, France, 3712
maltreatment, security of attachment, 8.7–31.8 mo olds & their mothers, 22835
primary disappointment, fears & insecurities & adjustment to nursery school, 3 yr old male referred for therapy, 12471
security & adjustment & prospects of life, neuroticism, children from alcoholic vs nonalcoholic-disharmonic vs well-functioning families, 9091
sense of personal identity & early experience of security & knowledge of own background, confidence & security, adoptees & Ss who grew up in foster homes & were in early or mid-20s, 11839

Emotional Stability
behavioral & emotional stability between home vs public vs transit settings, 15–17 yr olds, 6345
cultural & socioeconomic factors, emotional health, bereaved Asian/African- vs Western- vs Israeli-born parents, Israel, 14729
need for achievement & extraversion & emotional instability & level of anxiety, males vs females of different social status & success, Bulgaria, 20154
personality & value preferences of stable vs unstable/extravert vs introvert personality groups, 16–18 yr old students, 20140

Emotional States [See Also Alienation, Anaclitic Depression, Boredom, Depression (Emotion), Distress, Emotional Trauma, Endogenous Depression, Euphoria, Fear, Loneliness, Mental Confusion, Neurotic Depressive Reaction, Optimism, Panic, Pessimism, Pleasure, Psychotic Depressive Reaction, Reactive Depression, Restlessness, Suffering]
accidental high voltage electrical shock, neuropsychological & emotional consequences, 23–51 yr olds, implications for use of head trauma model as framework for treatment, 25804
acute marihuana smoking during menstrual cycle phases, pulse rate & mood states, 21–36 yr old females, 24874
affective imagery & posed facial expressions, pattern recognition of self reported emotional states from facial EMG activity, college students, 27440
alterations in cognitive performance & affect-arousal state during fluctuations in motor function, 39–73 yr old patients wth idiopathic Parkinson's disease, 20489
altered cognitions of passage of time, mood & fatigue & performance, examination of cognitive theory of emotions, 5836
analysis of emotional status during hospital treatment, borderline female patients, 21080
attribution of academic success & failure to effort & ability, positive vs negative effects, college students, 13126
attribution of moods as perceived interactions between dreaming vs waking divisions of consciousness, male vs female graduate students, 19303
carbamazepine vs phenytoin, memory & word list learning & delayed recognition of pictures & visual tracking & decision making & mood, 13–66 yr old epileptics, 12618
changes in emotions & coping during 3 stages of examination, college students, 18642
childbirth vs elective Caesarians vs hysterectomy & personality, mood lability & depression, female patients, 28827
choice of situation vs congruence models, person-situation interaction, college students, 4042
comparison between repeated momentary & end-of-day daily mood reports as measured by Mood Adjective Checklist, 30–66 yr old community residents, 19024
conceptions & feelings & treatment of "cabin fever", 17–84 yr olds, 26083
contrived vs noncontrived response conditions, ability to "fake good" on Profile of Mood States, college students, implications for construct validity, 16347
depressed vs neutral mood induction conditions, negative cognitions with mood changes, recovered unipolar depressed vs anxious adults, 20226
desire & anticipation, degree of emotion, college students & staff, 27188
determinants of preferences for driving-type games in arcades & extended play, mood & motivation to play, 9–15 yr old college student males, 30527

development of instrument for longitudinal assessment of affective symptoms, affectively disordered Ss, 11136
dextroamphetamine, well being & blood levels of growth hormone & prolactin & homovanillic acid & dextroamphetamine, 19–37 yr olds, 22155
diazepam & anxiety, aggression & mood, college students, 16809
discrepancy between situational & facial expressive cues, recognition of emotions, 4–8 yr old females, 16900
discriminant validity of behavioral correlates of different emotions, 16477
disulfiram, anxiety & depression, male inpatients in alcohol rehabilitation unit with mean age of 31.8 yrs, 2216
dysphoric vs nondysphoric mood, food consumption, female college students identified as restrained vs unrestrained eaters, test of restraint theory's disinhibition hypothesis, 13840
EEG & creation of emotional states of sexual arousal vs depression, right handed acting students, 19572
emotional characteristics, mentally retarded & hyperactive 10 & 13 yr old female & male with congenital insensitivity to pain, 15015
emotional experiences during flight duty & emotional tension, flying squadron pilots, Japan, 23937
emotional reactions, unemployed 15–40 yr olds vs low stress workers & college students vs high stress cardiac patients, 28122
emotional reactions, 13 yr old female in speech therapy who had cerebrovascular accident, 22985
epidemiology, normal to pathological continuum of depressive mood swings, 19–20 yr olds, Switzerland, 4-yr longitudinal study, 9608
experience of success vs failure, moods & affects, Chinese vs American graduate students, US, 19974
exposure to odor of pig sex pheromone, ratings of photographs of human male stimulus & mood, college students, 6571
factor structure of Profile of Mood States, psychiatric outpatients & smokers, 5642
factorial validity of emotional state measures, anxiety & fatigue & other psychological states, 58–92 yr olds, 8422
family relations & needs & emotional states & information seeking related to disorder & treatment, 18–75 yr old Chinese females with ovarian cancer, Hong Kong, implications for management strategies, 28839
flying conditions, mood & affect & emotions & feelings of stress, Air Force pilots, Japan, 18770
flying situations, anxiety vs tension vs irritation, duty pilots 40 yrs & older vs administrative pilots under 40 yrs old, Japan, 23938
frequency of occurrence & intensity of happiness vs negative moods & relation to subjective well-being, college students & 33–85 yr olds, 22623
hypnotically suggested out-of-body experience, attentional & emotional shifts, college students, 24522
identification of vocally expressed emotions, normal preschool age children vs trainable vs educable mentally retarded, 20444
inadequacy of structural nature of emotional perception, excitable & hysterical psychopaths, 22834
induction of depressed vs neutral mood & word connotation, spacing effect for word recall, college students, 8578
integration of affect & cognition in behavior, comments on article by L. Greenberg & J. Safran, 15152
integration of affect & cognition in therapeutic change, comments on theory of S. Rachman, 15128
intense or unusual emotional states, life threatening ventricular arrhythmias, literature review, 31240
interaction involvement, emotional state & recall during conversation vs competitive negotiation, college students, 30766
interrelationship of state & trait variables, females vs males with mean age of 25 yrs, 9549
iv naloxone after 6.3 mi run, pain sensitivity & mood & plasma endocrine levels, male long-distance runners with mean age of 38.8 yrs, 6020
lateralized affective states immediately after ECT, 41 yr old male, 15034
lateralized visual stimuli, RT during negative vs neutral emotional states, female college students, 16639
level of affect induced by somatic vs self evaluation statements, self regulation during high vs low mastery math test, female college students, 19286
live vs tape-recorded music, anxiety & physical discomfort & mood, 17–69 yr old cancer inpatients, 10456
measurement of behavioral & emotional states, patients with affective disorders, 16240
melatonin, mood & cognitive performance, 18–45 yr olds, 19698
menstrual cycle & premenstrual syndrome, mood changes, females, 6032
menstrual cycle, mood changes & depression & anxiety & distress, female psychiatric patients, 17536
mild vs severe aversive situations, pre- vs post-exposure scores on Eight State Battery & Motivation Analysis Test, student teachers, 24513
mindfulness meditation, perceived pain & reported medical symptoms & mood, chronic pain patients, 1.5 yr followup, 1954
mood & attitude, performance on grammatical reasoning test, college students, 19292
mood & feedback favorability, cognitive processing of feedback information, college students, 364
mood & interaction formality & intimacy, interpretation of & memory for own vs others' social behaviors, college students, 30759
mood & power over enjoyable vs unenjoyable activities, perception of crowding, college students, 4025
mood & recall of pleasant vs unpleasant personality trait words, usage rates of personality trait words, female vs male college students, 28070
mood & relative performance, resource allocation, college students, 12029
mood change, behavioral weight loss, agreement with article by R. R. Wing, 26134
mood changes, cognitive & psychomotor task performance, college students, 27088
mood changes during academic year, medical interns, 2312
mood congruence between information input & output vs events & emotional state, recall & memory, college students, 29957
mood quality & response intensity, prediction of behavior disorders, nursery school children, 6403
mood state dependence, noradrenergic & cholinergic activity & plasma 3-methoxy-4-hydroxyphenylglycol, female 21 yr old with rapidly cycling bipolar depression, 17539
mood states & eating behaviors, 14–40 yr old male & females with bulimia nervosa, 25842
mood variation, learning & memory & retention, college students, 409
mood variations during days of week, married males, 30866
moods & performance & nocturnal sleep & daytime alertness & sleepiness, chronic insomniacs, 20596
moods, perceptions of professional's empathy & acceptance & regard & genuineness in interview, male psychiatric patients, 25979
multidimensionally-rated similarity of emotionally-expressive facial stimuli, 4–5 yr olds vs college students, 22395
negative air ions, mood & memory & aggression, male college students with Type A vs B behavior, 20129
palatability of food, ratings of hunger & affect & food preferences & bodily sensations, college students, 29813
patterns of emotional facial expressions, 20–84 yr old terminal cancer patients, 20474
perceived adjustment & psychosocial problems, loneliness & anxiety & depression & homesickness & low self esteem, Iranian vs Filipino physicians, US, 15616
perception of & reaction to intense stimulation, 10 & 13 yr old female & male with congenital insensitivity to pain, 15014
perception of affective states of patients, staff vs patients on physical rehabilitation ward, 23549
perceptions of freedom & environmental & personality factors, mood states, military recruits, 4053
person similarity, perceptions of affective states, 4–6 vs 10–12 vs 14–16 vs 18–20 vs 30–35 vs 45–55 yr olds vs aged, US vs India, 17032
personality, caffeine vs diazepam effects on contingent negative variation magnitude & mood, 20–27 yr olds, 24896
personality correlates, obstetrical outcome & postnatal mood, 1st-time mothers, 15395
physical & psychological & social & environmental variables, sleep quality, 20–60 yr old patients, 19550

physiological arousal & affect & physical health, prediction of marital satisfaction, married couples, 3-yr followup, 30631
physiological arousal while viewing aversive vs funny film, self reported emotional intensity, males vs females, test of S. Schachter & J. E. Singer's hypothesis, 16687
po vs iv administration of diazepam, memory & cognition & mood & psychomotor performance, 18–30 yr olds, 24835
positive affect & positive vs negative stimulus word, unusualness of word association, college students, 27148
positive vs negative affect, categorization of words or colors, college students, 11325
primacy of affect in therapeutic change, reply to comments by L. Greenberg & J. Safran, 15168
psychopathological characteristics of dysphoric conditions, patients with endogenous depression, 22797
psychosocial reaction & adjustment to possibility of nuclear war, implications for social workers, 21045
racial identity attitudes & self actualization & affective states, Black college students, 30604
ratings of adjectives descriptive of mood, amount of agreement between behaviorally-generated circumplexes & H. R. Conte & R. Plutchik's circumplex of semantic ratings, college students, 30843
ratings of moods, prediction of migraine headache occurrence, 30–51 yr old patients, implications for control & reduction of impact of headaches, 31169
reports of premenstrual emotional changes, nursing students, 6037
role of affect in human behavior & therapeutic change, reply to comments by S. Rachman & M. J. Mahoney, 15129
role of emotional arousal & hyperventilation in asthma, literature review, examination of theory supported by H. Herxheimer & P. S. Clarke & J. R. Gibson, 9909
role of endorphins in schizophrenia & affective illness & sexual behavior & mood & memory, 12214
romantic mood induction, attraction to female with dissimilar attitudes, male college students, 22601
screening of pain & emotional state, prevention of manifestation of disorder, patients, 25891
self assessment of mood, patients with migraine headache, 22971
self ratings of mood & characteristic emotions, between word differences, college students, 1320
self report of physical & mental condition & perceived condition of others while taking SAT, reasons for decline in SAT scores over last 20 yrs, college freshmen, 23920
somatic therapy, mood & lymphocyte activity, in regression cancer patients, 10365
somatic vs self devaluative statements on Velton mood induction procedure, negativistic interpretations & depression, college students, 427
structure & experience of exaltation, 12068
structure of emotions, narcissistic personality disorder, 28265
subjective past & present & future cognitive & motivational fit, affective & somatic strain & well-being, college students, 17364
telephone support groups, feelings of discouragement & loneliness & being too inactive to remain healthy, severely disabled, 15439
time, memory & experience of positive & negative affect, college students & 33–85 yr old community residents, 14548
time of day & self reported mood, changes in cortisol & noradrenaline & adrenaline & dopamine levels, male graduate students, 24699
timing & characteristics & use of "lilt" feeling in psychoanalysis, conference presentation, 26040
Type A behavior pattern, relationship between paced work & mood disturbance, male vs female paced vs nonpaced postal service employees, 21606
validation of Multiple Affect Adjective Check List, Romania, 11174
videotape-modeled progressive muscle relaxation training with vs without nitrous oxide, MMPI scores & heart rate & blood pressure & other physiological factors & subjective tension levels, patients, 12579
weather variables, moods, male college students, implications for school & office performance, 1286
weight change, mood & psychological state, 16–69 yr old obese females, 23054
weight loss, mood change, obese patients in behavioral weight loss program, 18089
word frequency, use of question mark responses in stress & arousal mood adjective checklist, hospital clinic outpatients with mean age of 43 yrs, 134

Emotional Trauma

assessment & treatment & crisis intervention strategies, disaster victims, 28597
chronic hemodialysis, psychiatric symptoms & trauma, patients, 12705
counseling problems & issues & techniques, school class that witnessed murders of 6 classmates, 31655
development of Combat Exposure Scale, assessment of trauma in Vietnam war, help-seeking Vietnam veterans with mean age of 33 yrs, 13577
disasters & personal traumatic events, psychological mechanisms & manifestations, survivors of trauma, implications for diagnosis & treatment, 28622
disasters induced by human errors of omission vs commission, emotional phases & psychological manifestations & social processes, victims, 28162
implosive therapy, incest trauma, 22 yr old female who initially sought treatment for alcohol abuse, 1966
initial trauma & anxiety, mother-child relations, mothers & their psychotic children, 6757
kidnapping by noncustodial parent, psychological trauma & social disorders, 6–11 yr olds, 12227
limitations in classification of human-made vs natural disasters & psychotherapeutic processes, survivors of traumatic disasters, 28632
mental injury based on job-related stress, workers' compensation, implications for judiciary, 11933
mentally retarded sibling & loss of parent, dual developmental trauma, 28 yr old female, 23173
past vs future time orientation, 50–60 yr old Nazi concentration camp survivors vs non-Holocaust Jews, 20300
pictures & verbal descriptions of normal vs disfigured faces, free & cued recognition of pictures & recall of descriptions, college students, implications for mechanisms of amnesia, 5690
posttraumatic memory as pathway & obstacle to recovery, survivors of war or genocide, 15021
psychiatric traumatology & role in neuropsychiatric report, 1325
psychic trauma due to severe burn accident, adolescent development & emotional trauma, 13 yr old Black male, 9278
psychoanalytic theory of S. Ferenczi on traumas & psychological problems & transference & countertransference, 23150
psychological assessment, factitious claims & compensation for injuries related to trauma, 1164
psychopathologic symptoms, misuse of hypnosis, patients with posthypnotic trauma, 20294
rape trauma syndrome as circumstantial evidence in prosecution of rape cases, 9443
school bus kidnapping & posttraumatic emotional sequelae, 5–14 yr olds, 5–13 mo followup, 28268
school bus kidnapping experience, posttraumatic emotional problems & misperception, 5–14 yr old victims, 6951
sexual victimization, sexual assault trauma, female rape victims, 2-yr longitudinal study, conference presentation, 9802
ship collision, psychological distress & reactions, US Navy personnel, 30961
similar massive traumatization of patient & therapist, psychoanalytic process, 27 & 31 yr old male patients, 20711
stress & trauma & alopecia areata, 4428
suggestions for future research, credibility of testimony & emotional trauma, child witnesses, 3918
symbolic communication with music & art & body movement, expression of feelings around traumatic experience, children in psychotherapy, 17880
trauma & development of neurosis & implications for psychiatric technique, contributions of O. Rank & S. Ferenczi, 18925
trauma from disasters & emerging issues in treatment & measurement & psychodynamics, children, 28605
traumatic arousal-inducing short story in pictorial form, amnesia, 17–25 yr old college students, 16680
validity of Rape Trauma Symptom Rating Scale, measurement of aftermath of rape, 16–53 yr old rape victims, 21753

war related vs non-war related vs no traumatic event experience, posttraumatic stress disorder symptoms, Vietnam-era veterans, 14716
Emotionality (Personality)
action- & state-oriented cognitions during success vs failure, solution strategies & performance in figure discrimination task, college students, 27140
age & sex, emotional intensity, Ss in adopting & nonadopting biological families, 25444
age at seizure onset & duration & frequency of attacks & EEG & extent of neurological impairment, emotionality, 9–13 yr olds with chronic generalized seizures, 12328
cognitive development & emotional excitability, behavioral development in early childhood, infants, 19785
concurrent validity of Bem Sex Role Inventory, measurement of instrumentality & emotional expressiveness, college students, 8438
development of expressivity in drawing, 4–20 yr olds, 27855
education about schizophrenia & support group & family therapy, expressed emotion & subsequent relapse rate of schizophrenic inpatient, relatives of schizophrenic inpatients, 17828
emotional expression, gaze patterns during interaction, mothers & their 6–8 mo olds, 17195
emotional susceptibility & irritability due to provocation by confederate, delivery of electrical shocks to confederate, male vs female college students, 1225
emotional susceptibility, aggressive behavior following exposure to aggressive content in photographs & instigation to aggress, males vs females, 16479
emotionality & eidetic imagery, primary school students, 27743
emotionality & self & interaction, reply to comments by J. D. Baldwin, 14468
emotions & emotional expressivity, behavior & social referencing, developmental implications, 9265
expressed emotion & social networks, parents of 17–55 yr old schizophrenic patients, 9606
family norms & practices of emotional expression, nonverbal communication skills, college students, 11638
frequency of occurrence & intensity of happiness vs negative moods & relation to subjective well-being, college students & 33–85 yr olds, 22623
hemispheric specialization & emotionality, individual differences in visceral perception, 18–24 yr olds, 11490
high levels of parental communication deviance & negative expressed emotion & emotional overinvolvement, risk for schizophrenia & relapse, children, 4174
opposition to rejection of physiological variables in sociological theories, comment on article on emotionality & self & interaction by N. Denzin, 14465
origin & development of concept of expressed emotion reflecting attitude of close relative toward schizophrenic family member, literature review, implications for prediction of relapse, 28203
parental expressed emotion & psychophysiological reactivity of parents & children, parents & their adolescents at risk for schizophrenia, 6870
piano improvisation as therapeutic tool, acceptance & resolution of emotions, 26 yr old female schizophrenic with avoidance personality, 15036
presence of high vs low expressed emotion parent, skin conductance, 29 yr old male schizophrenic, 17568
presence of high vs low expressed emotion relatives & social intervention, skin conductance response & relapse, acutely ill schizophrenic patients, 9-mo followup, 17566
sources of stereotyped attitudes about sex differences in emotionality, middle- vs working-class parents of 3–6 yr olds & college students & 2–4 yr olds, 9260
spinal cord injury, intensity of emotional experience, 19–63 yr olds with spinal lesions, 25861
stability of individual differences in emotional expression during interaction, 18–28 yr old mothers & their 6 mo old sons, 2 mo longitudinal study, 22400
stereotypes about sex differences in emotionality, male vs female 3–5 yr olds, 9261
tonic vs phasic central autonomic nervous system dysfunction & neurotic & depressive tendencies, patients with common migraines, 31249
transition from depression to dexpression & expression of emotions, 4168
worry & emotionality traits, test anxiety, college students, 28097
Emotionally Disturbed [See Also Autistic Children]
acceptability of placement in state program, emotionally disturbed child, case law, 3849
adaptive learning environments model, special education, learning disabled & emotionally disturbed & educable mentally retarded students, 10832
age, social interpretation task performance, educable mentally retarded vs learning disabled vs socially/emotionally disturbed 7–17.9 vs 13–17.9 yr olds, 4367
appropriateness of private residential placement, mentally retarded & emotionally disturbed & handicapped children & adolescents, case law, 25334
art therapy, 15 yr old female with difficulty in self expression, 1781
assessment of suitability of measures of emotional & behavioral disorders of childhood for general public, 21745
behavior characteristics & intervention methods, integration of socioaffectively maladjusted students into regular classrooms, primary & secondary school, 32119
behavioral assessment, institutionalized disturbed mentally retarded, 17835
behavioral intervention program, mild emotional/behavior problems, elementary school students, 32017
behavioral reorganization of day care center routine, children with behavior problems vs developmental disabilities or delays vs physical handicaps vs emotional needs, 12611
Bender Gestalt Test, measurement of acting out & withdrawal & anxiety, emotionally disturbed 12–17 yr olds, 24266
clinical characteristics, emotionally disturbed 6–16 yr old males with extremely low plasma dopamine-beta-hydroxylase levels, 4234
cognitive behavioral training, academic performance, emotionally disturbed 8.1–13 yr olds, 26672
combined music & movement & art therapy, body awareness & self concept & self acceptance, emotionally handicapped 6–8 yr olds, 10036
contingency management & token economy, actual classroom acting out behavior vs acting out indicators on Bender Gestalt Test, emotionally disturbed elementary school students, 26658
delayed punishment procedure mediated by playing segment of tape recorded tantrum behavior, suppression of tantrum behavior in public, psychotic vs emotionally disturbed vs mildly retarded 10–13 yr olds, 20880
development of Functional Limitations Checklist, assessment of functional limitations & vocational handicaps, emotionally disturbed, 7709
development of scaling system to measure self representation & object relationships on Rorschach, nonpsychotic mentally disturbed adolescents vs 2 groups of somatic patients, 11179
direct instruction with vs without self monitoring checklist, transfer of "neat paper" skills, 10–12 yr old mildly retarded & emotionally disturbed & learning disabled & low performing students, 18670
drama therapy, 10–13 yr old males with emotional problems, 23195
elimination of response cost procedure from token economy system, behavior, emotionally disturbed 11–16 yr olds, 23266
employee assistance programs, emotionally disturbed employees, 10916
extent of seeking & receiving help, emotionally disturbed adolescents, 9697
factor analysis of symptoms of emotional disorders, mentally retarded 12–55 yr olds, 20432
factorial validity & item analysis of Social Behavior Assessment, learning disabled vs emotionally disturbed vs normal elementary school students, 23884
failure in internal container-contained relationship & countertransference issues in psychotherapy, 12466
family systems therapy in school programs, emotionally disturbed children, 32170
formal & symbolic character of drawings of boats before vs during war, children with emotional problems, 1762
frequency & intensity of professional burnout, 20–50 yr old teachers of educable mentally retarded & learning disabled & emotionally disturbed students, 31977

hallucinations, children with emotional & conduct disorders, 17-yr followup, 22701
hallucinations, 8–16 yr olds with conduct & emotional disorders, 22702
holding environment in residential treatment, severely emotionally disturbed children, 18286
implementation of behavioral system of motivation in residential treatment center, emotionally disturbed children, 31742
important principles of teaching as gleaned from experience, education of emotionally disturbed students, special education teacher, 29349
intensive group experience in wilderness, self awareness & self concept & social functioning, emotionally disturbed adolescents, 17830
intergroup cooperation & competition, in- vs outgroup cross-handicap relationships, learning disabled vs emotionally disturbed vs handicapped 4th graders, 32136
IQ, empathic ability, emotionally &/or behaviorally disturbed 62–82 mo old males, implications for autistic & pervasive developmental disorder children, 28134
left vs right temporal lobe focus, genesis of emotional affective disorders, epileptic patients, 4503
long term effectiveness of Adolescent Learning Center, emotionally disturbed adolescents, 5340
magnesium pemoline, emotional disturbance, 6 yr old female, 15335
moral & ethical issues in identification of deviance, emotionally disturbed & behaviorally disordered children, 12106
musical behaviors & preferences, emotionally disturbed vs normal 7–10 yr olds, treatment implications, 14706
need for variety of clinical services in treatment of emotionally disturbed & mildly retarded in foster care, 17 yr old borderline retarded male with neurocognitive deficits, 31643
noncontingent reinforcement & response cost, learned helplessness, emotionally disturbed 7.1–15.4 yr olds, 25589
parental role in treatment, emotionally disturbed adolescents in residential institution, family therapy implications, 31730
performance on delay task of Gordon Diagnostic System, nonhyperactive vs hyperactive emotionally disturbed 6–11 yr olds, 7089
personal values, 6th–9th grade physically vs emotionally handicapped vs learning disabled vs educable mentally retarded vs hearing impaired, 9580
personality measures, prediction of success in residential treatment center, emotionally disturbed female adolescents, 4956
predictive factors, costs in behaviorally oriented residential treatment, emotionally disturbed children, 31719
predictive validity of Self Esteem Inventory, prediction of feelings & communication satisfaction toward parents, emotionally disturbed & learning disabled 11–14 yr olds, 26972
prescribed drug use & psychiatric symptoms, mentally retarded emotionally disturbed 18–71 yr olds, 12301
prevalence & pattern of behavioral & emotional disorders, 6–12 yr old males attending special school for learning disabilities vs for severe emotional disturbance, 18690
prevalence of emotional disturbances & other difficulties, child psychiatry trainees, 5138
private vs public goal setting, classroom on-task behavior, emotionally disturbed male 11.5–13.1 yr olds with conduct disorder, 2518
profile analysis, intellectual development & academic achievement & social adjustment, emotionally disturbed vs learning disabled vs educable mentally retarded children, 4097
psychoeducational training approach for preparation in teaching self control to emotionally disturbed children, teachers, 29165
psychotherapy, mentally retarded, 1851
psychotherapy, pathological body ego formation, 5 yr old male with cleft palate, 7206
Public Law 94-142, identification & categorization, children with mental retardation or learning disabilities or emotional disturbances, 32126
reading performance instability, learning disabled 3rd–8th graders vs emotionally handicapped 4th–9th graders, implications for diagnosis & treatment of exceptional students, 18685
reflection-impulsivity, short term memory, emotionally disturbed with mean age of 11.6 yrs, 4165
repeated readings & neurological impress & imitative reading, motivation in reading comprehension, children with learning disabilities & emotional disorders, 29370
requirement to provide psychotherapy for emotionally disturbed child under Education for All Handicapped Children Act, case law, 3876
residential treatment & long term care, moderately & severely emotionally disturbed orphans, 10483
rhythmic imitation task, motor coordination & musical aptitude, emotionally disturbed 11–15 yr olds with varying needs for external structure to control behavior, 9650
school based A Developmental Activities Project Team, developmental approach to education & therapy, profoundly disturbed children, 5330
self image, emotionally disturbed vs depressed vs conduct disordered vs eating disordered vs psychotic 12–19 yr olds, 9590
self management with token economy, productivity & generalization of tasks, 6–10 yr or old multiply handicapped & severely emotionally disturbed students, 18719
self perception, physically handicapped vs learning disabled vs emotionally disturbed vs normal 6th vs 7th vs 8th graders, 4092
self reported anxiety, depression, hospitalized emotionally disturbed children with mean age of 11.5 yrs, 25575
social skills training & contingency management, interpersonal functioning, seriously emotionally & socially impaired 7.5 yr old male with conduct & attention deficit disorder, 21093
sociocultural variables, referrals, culturally & linguistically different children with learning disabilities &/or emotional & behavioral problems, 21470
special education, emotionally disturbed children, 18708
special education, emotionally disturbed students, 10823
Special Needs Insight Focus Form, educational diagnosis, children with emotional disorders &/vs learning disorders, 10848
systematic approach to family therapy, emotionally disturbed children & adolescents in institutional care, 31676
teacher assessment on Behavior Problem Checklist, 6–10 vs 11–14 vs 15–18 yr old behaviorally disordered students, 13133
therapeutic effects of Moonwalk playground apparatus, 5–8 yr olds with emotional or behavioral problems, 12613
therapeutic signs & sayings for teaching self control & prosocial behavior, emotionally disturbed students, 21423
transition from residential treatment to permanency in adoption, emotionally disturbed 9–15 yr olds, 4908
TV viewing, nonhandicapped vs emotionally disturbed vs learning disabled vs mentally retarded children, literature review, 14868
type of disorder & SES & race & sex & IQ, self concept, emotionally disturbed 5.3–12.8 yr olds entering day psychiatric treatment, 22798
use of Delphi technique for organizing & sharing forecasts of future issues in emotional disturbance/behavioral disorders, expert educators, 26637
utility of WISC-R subscales in identification of attention deficit disorder vs behavioral/emotional disorders, 6–15 yr olds, 13576
validity of teacher & student scales & matching familiar figures test, assessment of aggressive classroom behavior, emotionally & behaviorally disturbed male 9–16 yr olds & their teachers, 21440
validity of 2 abbreviated forms of WISC-R, estimation of full scale IQ, emotionally disturbed 6–15 yr olds, 14757
vocational program, emotionally disturbed secondary school students, 8069

Emotions [See Also Related Terms]
ability to identify & organize emotions in facial expressions, 2–5 yr olds vs college aged adults, 25031
adjective checklists techniques, semantic vs actual structure of affective experience, 19041
Adlerian therapy, appropriate use of emotions, 7218
aerobic exercise, mood & cognition & movement, 18–35 yr olds, 19561
affection & surprise, long term recall for context information of real-world events, 20–42 vs 60–84 yr olds, implications for ecological validity of developmental memory research, 27169
affective assessment, left vs right hemisphere recognition of pictorial vs verbal materials, high school students, 11378
affective considerations in psychoanalytic relationship, 20715
affective displays during play with mothers vs peers vs alone, infants from 6–18 mos, 25167

affective participation in psychoanalytic interaction, analysts, comments on article by D. B. Ehrenberg, 20703
affective participation in psychoanalytic interaction, analysts, reply to comments by L. Breger & D. P. Spence, 20714
affective participation to resolve impasses in psychoanalysis, analysts, comments on article by D. B. Ehrenberg, 20766
ambient temperature & seating arrangement, affect & environmental evaluation, college students in same-sex pairs, 6624
anxiety as physical & emotional state & personality trait, 4059
attributional approach to social cues & affect in classrooms, teachers, 13101
biological functions & emotional & spiritual meanings of heart, implications for disease processes & heart transplant surgery, 28468
biological patterning of discrete emotions in early infancy, comments on K. A. Scherer's component process theory of emotion, 3116
blink rates & blunted affect, 20–63 yr old chronic schizophrenics, 9670
cerebral asymmetries for visual perception of emotional vs verbal material, 1st–2nd vs 4th–5th vs 8th graders, 16989
cognition vs autonomic arousal vs expressive behavior theories of emotion, 26901
cognitive & physiological & situational cues, emotion attribution, criticism of S. Schachter's & J. Singer's & S. Valins's theories, 9525
cognitive development, understanding own feeling, 4–5 yr olds vs 8–9 yr olds, 9090
cognitive processes & language & memory & emotions, schizoid vs autistic vs normal children, 6879
cognitive theory of emotion, comments on article by K. A. Scherer, 3115
coloration models, role of emotions in representation & remembering of text & real events, 413
colored surroundings, affective processes, adolescents, support for R. B. Zajonc's assumption, 27800
component process theory of emotion, 3123
component process theory of emotion, comments on article by K. A. Scherer, 3120
component process theory of emotion, comments on article by K. A. Scherer, 3111
component process theory of emotion, comments on article by K. A. Scherer, 3114
component process theory of emotion, comments on article by K. A. Scherer, 3119
component process theory of emotion, reply to criticisms of J. A. Averil & R. Buck & M. S. Clark & G. L. Clore & A. Ortony & R. N. Emde & H. Leventhal & G. Mandler, 3122
comprehension of emotional vs propositional prosody, 36–72 yr olds with right vs left hemisphere brain damage, 14936
conceptions of ability & affects in task- vs ego-involving situations, high school & college students, 9294
consistency & stability of feelings across time & situations, college students, 12054
critical visual exposure duration, affective discrimination of unrecognized stimuli, college students, 11295
debriefing sessions & consultations, emotionally abused children, conference presentation, 10055
deprenyl, cognition & emotion, 58–74 yr olds with Parkinson's disease undergoing long term levodopa treatment, 10298
development of mood-adjective scale, prediction of forced-choice ESP performance, high school students, 11123
diazepam dosages, psychomotor & cognitive functions & mood, 18–30 yr olds, 6126
discrimination & identification of emotions in human voice, right vs left & anterior vs posterior brain damaged Ss with mean age of 45 yrs, 7041
display of warmth vs anger between adults, emotions & aggression between peers, male vs female 2 yr old dyads, 25180
dissociation between processing of affective & nonaffective faces, right handed 54 yr old male with right-hemisphere lesion, 7021
divorce mediation & emotional impact, couples & their children, 20022
earliest emotional childhood memories, 17–36 yr old college students, 9268
earliest memories & effective associations, male vs female college students, 19283
emotion, meta-analysis of literature review, 19289
emotional & psychological closeness, 12073
emotional & psychosocial factors, doctor-patient relationship & treatment outcome, infertile couples, 7579
emotional blunting, blunted vs nonblunted manic vs schizophrenic patients, 22719
emotional component of environmental attitudes, college students & unemployed youth & conservative activists, 26838
emotional dimensions, environmental experiences, 13366
emotional expression through prosodic features of speech, literature review, 22244
emotional literacy & transactional analysis, 20768
emotions & emotional expressivity, behavior & social referencing, developmental implications, 9265
emotions & hemispheric asymmetries, patients with brain damage & temporal lobe epilepsy & psychiatric patients, literature review, 3272
empathy & emotion in mother infant relations, 27957
erotophobic vs erotophilia emotions, condom usage, male college students, 1179
etiological role of affect, headache activity, 17–60 yr old chronic headache patients, 7004
experience of aloneness, psychiatric patients & staff members, 12083
exposure time, judgment of facial expressions of emotions, college students, 11287
expressed emotion in family communications, 18–41 yr old schizophrenic inpatients & their families, 6817
facial- vs postural-affect recognition, 66–82 yr old geriatric inpatients with senile dementia, 7026
facial affect recognition, chronic schizophrenic 21–59 yr old inpatients, 6826
facial expression of mother, visual cliff behavior, 12 mo olds, 14205
formulation of psychoanalytic theory of unconscious affects, 8327
Freud's concepts of emotions in psychoanalysis, 15175
functional approach to affect & emotion, 19565
generation of plots dealing with human emotions for dramatic TV programs, male vs female college students, test of derivations from S. S. Tomkins's script theory, 13923
Gestalt theory of musical perception, implications for affective basis of musical interest, 838
historical development of concept of emotions, 8585
Humean view of affective vs non-affective desire, 24131
hypothalamus-cerebellum & cerebello-hypothalamic pathways, autonomic centers & affective behavior, 30073
identification of subgroups & panic-fear & emotional precipitants of attacks & role of allergic factors, asthmatic 7.5–12 yr olds, 7068
individual & cross cultural differences, antecedents & components of emotion, college students, France vs West Germany vs Italy vs Switzerland vs UK, 17397
induced emotional arousal & amnesia, memory & palmar & cardiac & cortical activity, college students, 19542
inhibition of emotion, 8580
interpretation of emotional facial expressions, 3 vs 4 vs 5 yr olds, 902
IQ, ability to discriminate emotions in others from picture stories, abused & neglected 3–5 yr olds, 22820
low & high conflict situation & self report of affect during same situation days later, married couples, 22469
majority vote technique, enhancement of reliability of forced choice ESP test performance & run score variance, 11024
memory & emotional & personality disturbances, 28 & 64 yr old females & 33 yr old male with third ventricular colloid cysts with no hydrocephaly, 25859
metacontrol of hemisphere superiority, recognition of emotional facial expressions, college students, 8820
methylphenidate, short term memory & vigilance & mood & motor restlessness, 22–43 yr old normal adults, implications for study of hyperkinetic children, 13873
misattribution of goal-directed behavior to instinctual drives, comments on article by D. A. Freedman, 11034
model of cognitive appraisal dimensions to differentiate emotional experience, college students, 19287

motivational/affective factors, recall of short stories, male patients with alcoholic Korsakoff's syndrome vs alcoholics vs normal Ss with mean ages of 58.8 & 54.3 & 56.2 yrs, 12237
need-informational theory of emotions, role of frontal neocortex & hippocampus & amygdala & hypothalamus in genesis of emotional states & behavioral organization, rats, 6004
paired-comparison novelty technique, ability to discriminate pictures of female facial expressions of anger & fear & sadness, 5 mo old infants, 22346
perceived emotions in their 1–18 mo olds, mothers with mean age of 28 yrs, 6373
perception & classification of facial emotions, 23–72 yr olds with left vs right cerebral brain damage, 25813
perception of facial expression of emotions, 20–45 yr old extraverts vs introverts, 28108
personality traits & emotional composition, college students, 20153
phylogenesis of feeling & analysis of social function of personality, comments on B. Karpatschaf's article, 8582
phylogenetic approach to concept of feeling, 8581
physical attractiveness & remorse of male trust violator, evaluation of character & trustworthiness & interpersonal attraction, female college students, 9522
positive vs negative affect from viewing tolerant vs intolerant model, perception of exercise-related physiological changes, feminine-typed female college students, 13838
predictive validity of Self Esteem Inventory, prediction of feelings & communication satisfaction toward parents, emotionally disturbed & learning disabled 11–14 yr olds, 26972
prime theory view of motivation & emotion, 29964
problems with patient who is devoid of affect, psychoanalysis, 15156
prosodic characteristics & communication of affects, literature review, 6196
ranking of words as examples of emotions, college students, implications for prototypical analysis of concept of emotion, 16442
ratings of pleasantness of emotional slides, heart rate & skin conductance & judged facial expression intensity, male college students, 6039
reification as alienation, interpersonal relations & sexuality & emotions & cognitive process & imagination & personality as corporate entity, radical therapy, 15095
relevance of G. Maranon's work to scientific psychology, 16184
reliability & validity of Izard's Differential Emotions Scale, college students, 26990
river use & visual encounters & crowding expectations & feelings, perceived crowding, innertube floaters ages 14 yrs & over, 5433
role of affective information in social-cognitive development, discrimination of moral vs conventional events, 1st & 3rd graders, 25027
role of consciousness & emotion in perception, 11250
role of facial expressions, experience of emotions, comments on studies by R. Tourangean & P. C. Ellsworth & others, 11389
role of neurochemical system in emotions, comments on K. A. Scherer's component process theory of emotion, 3113
role of right cerebral cortex in language & emotion & affective responses, 22031
role of right hemisphere in control of speech prosody in propositional & affective contexts, 36–69 yr olds with damage in right vs left hemisphere, 23036
self ratings of mood & characteristic emotions, between word differences, college students, 1320
sentient dynamics, collective emotion, 12010
sociometric status, emotion recognition from facial expressions, 8–11 yr olds, 9274
subjective feelings of hospital staff, symptoms, chronic psychotic inpatients, 7674
understanding & expression of affect in nonverbal & verbal communication, married couples, 6510
videogames, self esteem & affect, elderly residents of long term care facility, 26336
working-through of affect on cognitive & subconscious levels using film episodes, patients with psychosomatic disorders vs organic complaints, 15017

Empathy
active & passive forms & tests of empathy in psychotherapy, conference presentation, 23165
age norms & reliability & scale intercorrelations for impulsiveness questionnaire, measurement of impulsiveness & venturesomeness & empathy, males with mean age of 11.9 yrs vs females with mean age of 12.6 yrs, UK, 11140
age vs social-cognitive development, comforting skill, 1st–12th graders, 16857
all-inclusive conceptualization & empathetic understanding, counseling practicum graduate students, 7761
analyst empathy & neutrality & abstinence, psychoanalytic process, 1823
analyst's use of baseball simile, empathy & countertransference, male psychoanalytic patient, 15166
birth order, empathy, 9–12 yr olds, 11812

group cohesiveness, attitudes toward flexitime & effect on organizational attitudes & behavior, employees, 2684
group formation & size & free-riding tendency & individual productivity, implications for management, 23993
history of labor-management practices since industrial revolution, 16072
implementation of automation, management practices & organizational structure & productivity, white collar workers in life & health insurance company, 24000
interventions designed to enhance personal & organizational creativity, 13285
maintenance of high performance, managerial teams, 18822
meditation, workplace health & occupational stress & productivity & job satisfaction, employees, literature review, 21599
meta-analysis of psychological-based organizational interventions, worker productivity, literature review, 29518
noise exposure, employee productivity & work rule violations & absenteeism & accidents, textile workers, 13333
organization elements model, training for productivity improvement, 16036
quality circles & productivity, white collar workers, 5459
quality circles, increasing productivity, employees, US vs Japan, 26778
quality circles program, productivity & participation & job satisfaction, food retailing employees, 21620
quality of work life & quality circles, participation & involvement in decision making, lower level employees, 26775
review of controversy surrounding Hawthorne studies on social influences in work place, 21632
Scanlon Plan compensation system, sharing of decision making & organizational gains with employees, management, 8202
self monitoring & self administered reinforcement & performance feedback, productivity, 23–49 yr old mentally retarded clients in sheltered workshop, 18351
self monitoring alone vs with goal setting vs self administration of tokens, increased production, emotionally handicapped 25–36 yr olds in sheltered workshops, 18367
self monitoring, work productivity, mentally retarded adults in sheltered workshop, 7696
tenure & productivity & academic freedom, 21271
transfer to new location, productivity, noncommissioned officers, 26766
Type A personality & self efficacy & performance goals & work on multiple projects, research productivity, college faculty, 10682
undergraduate vs graduate occupational therapy education, professional productivity, former undergraduate vs graduate students, 29016
use of valid personnel selection tests, increase in productivity, employees, 18798
verbal statements about task duration, time spent on tasks, moderately mentally retarded employees aged 23–33, 21102
work load variations, self esteem & stress & depression & post-work load performance, college students, implications for employee stress & productivity, 21629
Employee Selection [See Personnel Selection]
Employee Skills [See Also Clerical Secretarial Skills]
age, performance on speed vs skill jobs, sewing machine operators vs quality control examiners with average age of 57 vs 49 yrs, 5456
job attributes & skill utilization & job satisfaction, employees, 10998
management development program with comprehensive diagnostic intervention, self awareness & skill development, male managers, 16065
neurolinguistic programming principles & techniques, sales personnel, 10948
occupational qualification, elderly workers, West Germany, 32236
semi-Markov model of internal labor markets, promotions due to skill vs seniority, female vs male employees of large vs small banks, 26773
technological & value changes, skills training, workers & managers, 10992
technology & temporal change in skills of labor force, literature review, 2690
voluntary skills behavior, satisfaction & adverse effects of unemployment, unemployed adults, 2622
Employee Termination [See Personnel Termination]
Employee Turnover
absenteeism & turnover, nonsupervisory production workers, 6-yr longitudinal study, 21580
analysis of performance ratings & turnover rate, nurses who leave vs stay in full-time hospital jobs, 26432
behavioral intentions, prediction of employee turnover, literature review & meta-analysis, 11003
causal attributions for job performance & job satisfaction, early turnover, hotel room cleaners, 24022
correlates of employee turnover, nursing home aides, 26459
decision-theoretic utility model of employee turnover, 32284
executive succession, university hospitals, 10630
factors in executive succession, literature review, 10966
feedback obstruction, employee turnover intent & anxiety & satisfaction, pharmaceutical sales representatives, 23945
flextime, absenteeism & turnover, male vs female nonsupervisory computer programers, 24024
information on employment application form, prediction of voluntary turnover in retailing chain, managerial trainees, 2.5-yr longitudinal study, 32261
job satisfaction & burnout & turnover, social workers in community mental health vs child welfare vs family services, 21189
job satisfaction & investment size & alternative job quality, tendencies toward exit & voice & loyalty & neglect, federal employees, application of model of responses to job dissatisfaction, 29555
job satisfaction & performance, turnover rate, national industrial firm's sales force, 13316
job turnover & job satisfaction, nursing home aides, 23678
leader-member exchange, employee turnover, bank tellers, failure to replicate findings of G. B. Graen et al, 32321
loss of commitment & absenteeism & employee turnover, nurses & accountants, longitudinal studies, 2675
magnitude of perceived physical fitness improvement in basic training, esprit de corps & performance & health & attrition, US Marine Corps recruits, 26772
organizational climate & size & managerial turnover, government employees, 32297
perception of attractiveness & availability of alternative employment, absenteeism & lateness, male blue collar workers & female nurses, 32309

presentation of realistic job previews by incumbents vs brochure, job satisfaction & turnover, bank teller applicants with mean ages of 22 yrs, 10987
realistic job previews & job enrichment, employee turnover, meta-analysis, 24013
realistic job previews, job satisfaction & performance & turnover, college students, 32311
role conflicts & ambiguity, turnover & job satisfaction & performance & involvement & other factors, insurance vs retail sales personnel, 26795
role stress & job related tension, job satisfaction & propensity to leave, accountants & hospital employees, support for A. G. Bedeian & A. A. Armenakis's model of role stress, 32306
situational constraints, job performance & satisfaction & frustration & turnover, 20–65 yr old store & district managers & supervisors, 10973
situational restrictions, work performance & attrition & emotional reactions, employees literature review, 29540
stress & hospital size, executive succession, 10590
supervisory training, turnover, oil company employees, 32258
tenure, organizational commitment & turnover, nurses with mean age of 36 yrs, 11008
unilateral clinical vs multilateral network models of counseling, scope of responsibilities of rehabilitation counseling & employee turnover, rehabilitation counselors, conference presentation, 23568
validity of M. Mobley's employee turnover model, 5475
Employees [See Personnel]
Employer Attitudes
attitudes toward handicapped workers, employers, 6711
beliefs & perceptions & cognitions, organizational behavior, 2685
dealing with incompetent vs authoritarian vs hostile boss, employees, 21600
evaluation of Technician Evaluation Council programs, faculty & college students & associated employers, England, 15770
identification of entry level job requisites for employment of severely retarded students, employers vs secondary school teachers, implications for vocational training programs, 23821
importance of educational qualifications to employers, selection & degree of competition for jobs, high school dropouts, England, 16027
need for employer social policies to support changing family, working mothers & fathers, 18828
profit maximization & equity & equality & need, employer-employee interaction, 21621
psychological contracts & role expectations, employers & employees, 32279
race & physical attractiveness, preference for male vs female job candidates, supervisors of school psychologists, 18546
reactions to racial vs psychiatric stigmata in job interviews, employers in medium-sized southern city, 23953
type & source & timing of desired information, hiring of disabled persons, potential employers, implications for vocational rehabilitation counseling & job placement strategies, 4984
Employment [See Employment Status]
Employment History
duration of unemployment & age, psychological ill health, 16–64 yr old working class males, 22718
employment & work experience, delinquent behavior & commitment to education, 6th–12th graders, 1-yr followup study, 6912
length of unemployment & other factors, psychological impact of unemployment, 16–19 yr olds, 19878
Employment Interviews [See Job Applicant Interviews]
Employment Processes [See Personnel Recruitment]
Employment Status [See Also Unemployment]
age & career progress, career attitudes, 18–30 yr old college students, 18775
ambulation & discharge & return to work, patients with myocardial infarction, 1730
assessment of work behavior by special educator vs coworker in naturalistic setting, mentally retarded 23–41 yr olds, 9857
attitudes toward effect on children of maternal employment outside home, physicians & nurses & child health associates, 18466
attitudes toward organizational structure & policies & reward systems & distribution of power & trust, job satisfaction, full-time vs part-time employees in medical rehabilitation hospital, 13311
barriers to successful vocational outcomes, blind & visually impaired 21–61 yr olds, implications for career counseling & job placement, 12396
career & marital status & personality, 29–39 vs 40–55 yr old females, 970
changes in work & family roles, females, implications for employment & family policy, 29500
consumption of alcohol & benzodiazepines & employment status, psychiatric patients, Denmark, 6-mo & 1-yr followup study, 25537
decreasing supply of work opportunities, US, implications for value of work & careers, 23944
depression & well-being & life satisfaction, mothers of preschool children employed outside home vs homemakers, implications for W. Gove's social role theory, 27996
economic marginalization & chivalry & liberation, female criminality, 1951–80, Wales & England, 28299
employment & marital & parenthood status, female college students, 1905–35, 3816
employment & prisonization & self esteem, postrelease adjustment & recidivism, ex-offenders, literature review, 4992
employment & single parenthood, personal experience of recently divorced mother, 1076
employment, delinquent behavior & school attendance, 6th–12th graders, 1-yr longitudinal study, 25632
employment, psychology doctorate recipients, 1981–1982, 29082
employment status & desire to return to work & health outlook, females under 55 yrs old with disabling health conditions, 25852
employment status & hemodialysis at home vs facility vs peritoneal dialysis, health status & locus of control, chronic renal disease patients, 26244
employment status & occupation, salience of work & family & leisure/community involvement, elderly males, 10-yr followup, implications for clinical practice, 25046
employment status & type of employment & relevance to major & course satisfaction, academic performance, college students, 5283
employment status, Type A behavior pattern & coronary heart disease, females, 28441
employment, study time & free time spent at school & class rank & knowledge of occupational tasks & dropping out, high school students, 18613
employment trends & opportunities, rehabilitation counselors, 23657
entry into rural labor force, females, Taiwan, 1181
epidemiology of disability & rates of employment of disabled, Poland vs US, 30873
experiences & satisfaction in Civilian Conservation Corps during Great Depression, young men, US, 18866
family SES & GPA, employed vs unemployed high school students, 22297
full- vs part-time employment, mother-father-infant interaction, 3 mo olds, 25313
future job market, psychologists, Norway, training implications, 10562
gender & SES, employment status, students who left postprimary school, Ireland, 23794
head injury & stroke, family & interpersonal relations & employment & leisure activities, patients, 9984
health care, children in labor force, conference presentation, 22298
health, 45–54 yr old employed vs unemployed females vs full-time homemakers, conference presentation, 25497
home background & intelligence & personality & education, prediction of unemployment, male vs female adolescents, Northern Ireland, 1-yr followup, 26746
increase in number entering paid employment & growth in service sector, females, US, 22422
industrialization of society, work life & health, aged, 25257
intellectual deficits & rate of recovery & personality or occupational change, 16–58 yr olds with minimal to mild closed head injuries without neurological signs, 4497
labor force participation & fertility, couples married 6 yrs, 11926
lack of employment opportunity, schizophrenics, 22683

language & cultural barriers & intervention strategies, employment, Indochinese high school students, 32205
levels of unmarried people vs education vs employment, suicide rates, Inupiat Eskimos, test of E. Durkheim's theory of suicide, 17153
maternal ability & employment & employment choice, child development, children at 1 vs 3 vs 6 yrs of age & mothers in traditional vs single parent families vs social contract relationships vs communal living groups, conference presentation, 30406
maternal employment & job satisfaction, self concept & vocational development & occupational aspirations & academic achievement, 7th–9th graders, 9267
maternal employment, childrearing practices & child socialization, employed vs homemaking mothers & their 2nd–5th graders, 3834
maternal employment, children, implications for family therapy, literature review, 6237
maternal employment status, infant-mother & infant-father attachments, infants at ages 12 & 20 mo, 9410
maternal vocational participation, occupational choices, public school male vs female kindergartners & 1st graders in upper-middle-class community, 16893
maternal work status, perceptions of their 3 yr old children, mothers vs fathers, 9393
neuropsychological profile & vocational outcome, epileptic adolescents, 6.4-yr followup, implications for vocational rehabilitation, 4411
organizational work experiences, overall quality of life, employees, 24026
parenthood & employment status & sex role orientation & support from confidant & spouse, mental health, 20–39 yr old wives, 30743
perceptions of incentives for employment, employed vs unemployed nurses, 18429
perceptions of rehabilitation services, employment patterns & success, former rehabilitation clients, followup study, 31774
placement in competitive jobs, employment status, mentally retarded 19–57 yr old former sheltered workshop employees, 5-yr followup, 26353
post-high-school living arrangements/marital status & employment status & educational experience, drug use, young adults, 3970
pre- vs postemployment work values, high school students vs newly hired female telephone operators & male iron workers with mean ages of 19 & 21 yrs, 8172
prediction/assessment of adjustment & family therapy & self help groups, adjustment to resumption of work, midcareer 1st time mothers, 4681
psychosocial factors, vocational adjustment & employment, 15–61 yr old vocational rehabilitation clients, 23543
readmission rates & posthospital employment rates & adjustment & prognostic variables, Mexican American psychiatric inpatients, 18299
recommendations concerning employment & retirement issues, 1982 United Nations Assembly on Aging, 5434
recruitment techniques, employed inactive job seekers, 16039
research on working mothers & influence on children, 17194
response to career disruption, doctorate level faculty who were denied tenure vs terminated vs underemployed, 32000
retired vs part time vs full time work status, subjective well-being, meta-analysis of literature, 13256
role of employment vs unemployment, psychotic patients, 17525
roles as housewives & employment status & psychosocial environments, females with handicaps, West Germany, 31251
satisfaction with family & employment & community roles, 40–59 yr old couples, 17162
satisfaction with status & perceptions of motherhood & childrearing practices & family role models, professionally employed vs unemployed mothers of 12 mo olds, Belgium, 1052
sex role attitudes, divorced & working vs married & working vs married nonworking females & their 3–6 yr old children, 17182
sex role identity & part- vs full-time homemaking, adjustment, White suburban mothers, 27994
sex role orientations & employment & parental roles, male vs female parents with infants, 9408
sociodemographic variables, employment status & perceptions of their 3 yr olds, mothers, 22455
stressful conditions & work experiences & social activity, situational anxiety and performance on observational task, mildly mentally retarded adults, implications for understanding emotional life & competence of retarded adults, 31088
survey of employment development programs & placement strategies, hearing impaired, 2190
treatment in residential program, vocational adjustment patterns, male alcohol & drug misusers, 1 & 3 & 6 mo followups, 29004
trends in labor force, working females with no children vs with preschoolers vs with adult children, 25299
volunteerism vs employment vs meal site program participation, life satisfaction, elderly 65 yrs & older, 14153
wife's employment & attitudes toward employment, depression & stress, married couples, US, 1086
work commitment & sex-role attitudes, employment, females, 8163
work satisfaction & family responsibilities, employment status, female nurses, 29029
working, marriage & motherhood, mothers, implications for counseling, literature review, 6493
working status of mothers in early childhood, levels of psychological distress, 1st yr medical students, 18415

Employment Tests
administration & content of standardized employment testing, visually impaired & hearing impaired, 18796
attitudes toward state policies on minimum competency testing, teachers, 26485
construction & validation of Illinois Department of Parks & Recreation Examination, selection of recreation & park directors, recreation administrators & directors & recreationists & business personnel, 26757
development of 1981 entry level Police Services Examination of Commonwealth of Massachusetts, police personnel, 26983
effectiveness of & alternatives to written tests in personnel selection, 18783
legal requirements & professional standards for use & scoring of personnel selection tests, 18800
preemployment selection test results & vertical dyadic exchanges between S & supervisor, prediction of managerial career progress, newly recruited male college graduates with mean age of 23.6 yrs, Japan, longitudinal study, 10982
problems of occupational testing, Zambia, 8182
use of valid personnel selection tests, increase in productivity, employees, 18798

Encephalitis
acute viral encephalitis complicating 1st manic episode, 28 yr old female, 4218
case report, human female with Behcet's disease, 10-yr followup study, 20618
encephalitis associated with catatonia & schizophreniform illness, 27 yr old female, 4101
fluent aphasia, 57 yr old female with herpetic viral encephalitis, 14887
methodology for psychological followup & neurological assessment, children & adolescents with subacute sclerosing panencephalitis receiving inosiplex, 7-yr longitudinal study, 15000
mild herpes encephalitis treated without antiviral chemotherapy, 42 & 56 yr old female & 37 yr old male, 26175
retrospective electron microscopy & immunoperoxydase study of brain tissue, herpes simplex virus encephalitis, patient with Korsakoff's syndrome & other medical patients, 25896

Encephalography [See Electroencephalography, Rheoencephalography]

Encephalopathies [See Also Toxic Encephalopathies, Wernickes Syndrome]
acquired immune deficiency, organic mental syndromes, 31 & 36 yr old male homosexuals, 9947
etiology & natural history & neuropsychiatric presentation & treatment of portal-systemic encephalopathy, literature review, 25935
etiology & symptoms & differential diagnosis & treatment, dialysis encephalopathy, 44–56 yr old males, literature review, 4457
genetic & clinical & morphological features of hereditary diffuse leucoencephalopathy with spheroids, 4 generations of relatives, 25767
influence of brain-damage development theory in mental retardation research, East Germany, 9841

iv administration of noveril for 2 vs 10 days, therapeutically resistant depression, patients with manic depressive psychoses or schizophrenia or traumatic encephalopathy, 12651
presence of T-cell leukemia virus type III in brains 4 mo to 49 yr olds with acquired immune deficiency & encephalopathy, 31254
psychiatric symptoms associated with delayed anoxic encephalopathy, male 29 & 55 yr old patients, 10030
thermal lesions & neuropsychiatric disorders & body responsiveness, literature review, 4467
Encoding [See Human Information Storage]
Encopresis [See Fecal Incontinence]
Encounter Group Therapy [See Also Marathon Group Therapy]
personal growth groups using Adlerian approach, 20–50 yr old females, 28704
proxemic exercise, encounter group participants, 15233
Encouragement
adult encouragement of reading & writing behavior, young children, 3678
teacher encouragement, learning & development, 21287
Endocrine Disorders [See Also Addisons Disease, Adrenal Gland Disorders, Cushings Syndrome, Diabetes, Diabetes Mellitus, Endocrine Neoplasms, Endocrine Sexual Disorders, Hyperthyroidism, Hypogonadism, Hypopituitarism, Hypothyroidism, Klinefelters Syndrome, Parathyroid Disorders, Pituitary Disorders, Thyroid Disorders, Thyrotoxicosis, Turners Syndrome]
bromocriptine, distress associated with hyperprolactinemia, 18–56 yr old patients, 15280
hormonal vs metabolic disturbances in anorexia nervosa, 25798
psychiatric symptoms, elderly patients with common endocrine disorders, 12354
Endocrine Gland Secretion [See Also Adrenal Gland Secretion]
response to endocrine function tests, clinical profile, depressed patients with major affective disorder, 4124
Endocrine Gland Surgery [See Adrenalectomy, Castration, Hypophysectomy, Male Castration, Ovariectomy, Pinealectomy]
Endocrine Glands [See Also Adrenal Glands, Hypothalamo Hypophyseal System, Ovaries, Pineal Body, Pituitary Gland, Testes, Thyroid Gland]
hypophysectomy vs adrenalectomy vs thyroidectomy vs gonadectomy, feeding induced by paraventricular nucleus administration of norepinephrine, male rats receiving vs not receiving corticosterone, 19590
Endocrine Neoplasms
apathy & asexuality & adiposity & headaches, male adult patients with prolactin-secreting pituitary adenomas, implications for diagnosis, 28414
Endocrine Sexual Disorders [See Also Hypogonadism, Klinefelters Syndrome, Turners Syndrome]
antiandrogen therapy, sexuality, females with hyperandrogenism, conference presentation, 28733
antiandrogen treatment with cyproterone acetate & ethinylestradiol, responses to induced stress, 21–29 yr old hirsute females with oligomenorrhea, 23334
Endocrine System [See Also Adrenal Glands, Endocrine Glands, Hypothalamo Hypophyseal System, Ovaries, Pineal Body, Pituitary Gland, Testes, Thyroid Gland]
biosocial & environmental & hormonal theories, spatial ability, males vs females, literature review, 27090
endocrine correlates of aggressive behavior, humans, literature review, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 635
endocrine gland system, causes of obesity, 9928
high altitude hypoxia, neuropsychological test performance & endocrine reactivity, 20–35 yr olds, 3362
Endocrinology [See Also Neuroendocrinology]
aggression & reproductive & hormonal activity, behavioral endocrinology research, 11459
psychological & neurological & endocrinological aspects, depression, 12156
Endogenous Depression
administration of dexamethasone suppression test, geriatric patients with dementia vs pseudodementia vs endogenous vs nonendogenous depression, 17846
age & sex & weight loss, dexamethasone suppression test & sleep EEG, Ss with endogenous vs neurotic or bipolar vs unipolar endogenous depression, 9640
age of onset & tendency for delusions, primary endogenous depression, inpatients in psychogeriatric unit, 17524
alprazolam, endogenous depression, 47 yr old female with cardiac disease, 26180
antidepressant medifoxamine, 23–75 yr old depressed endogenous & reactive & neurotic & mixed patients, 1983
attributional style & dexamethasone suppression test or DSM-III diagnosis of endogenous depressive subtype, depressed inpatients with mean age of 36 yrs, 6881
biological abnormalities as markers in classification, endogenous & nonendogenous depression, 1381
circadian rhythm of plasma melatonin, 30–66 yr olds with endogenous depression, conference presentation, 30967
clinical characteristics, prediction of response to real vs simulated ECT, endogenous depressed 30–69 yr olds, 10049
clinical factors, chronicity of depression, patients with endogenous depression, 17498
clinical features & adrenocortical function, 22–42 yr old females with premenstrual tension syndrome, implications for psychoendocrine model of endogenous depression, 6714
clomipramine, sleep structure, 25–63 yr old patients with endogenous depression, 20920
clonidine, growth hormone, 23–59 yr old patients with endogenous vs reactive depression, 30915
clonidine vs apomorphine, growth hormone response, 40–62 yr old drug-free patients with endogenous depression, 12630
concentrations of CSF corticotropin-releasing factor, 25–70 yr old depressives vs 27–66 yr old schizophrenics vs 73–92 yr olds with senile dementia, 25573
construct & concurrent validity of Hamilton Endogenomorphicity Scale, diagnosis of endogenomorphic depression, 21–60 yr old patients, 2950
cortisol concentration vs plasma cortisol response to dextroamphetamine vs dexamethasone suppression test, diagnosis of endogenous depression, 18–68 yr old patients, 30987
cortisol concentrations & dexamethasone suppression test responses, endogenously depressed patients with vs without experience of precipitating events, 1426
cortisol suppression index vs dexamethasone suppression test, detection of endogenous depression, endogenously depressed dexamethasone suppression test suppressors vs nonsuppressors, 20296
daily dosage of imipramine vs binedaline, scores on Hamilton Rating Scale for Depression vs Depression Status Inventory, 20–60 yr old endogenously depressed patients, 26162
desipramine dosage, desipramine & 2-hydroxydesipramine plasma levels & clinical response, endogenously depressed patients, 20890
dexamethasone suppression test, diagnosis of depression, 20–70 yr old outpatients, 14668
dexamethasone suppression test, differentiation of subtypes of depression, adolescent inpatients with endogenous & nonendogenous depression, 6730
dexamethasone suppression test, discrimination of endogenous depression vs other psychiatric illnesses, psychiatric inpatients, 28163
dexamethasone suppression test results, 25–64 yr old females with endogenous depression, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1354
dexamethasone suppression test results, 28–72 yr old female patients with endogenous depression vs paranoid schizophrenia, 25586
diagnosis of endogenous depression using Dexamethasone Suppression Test, psychiatric inpatients, 17440
drug therapy, chronic endogenous depression, 60 yr old female, 10248
ECT, endogenous depression, aged, 1801
EMG activity level in corrugator & zygomatic face muscles, prediction of treatment outcomes, drug-free females with endogenous depression, 30935
endogenicity & severity, consistency between clinician- vs patient-rated depression scales, 20–62 yr old inpatients with major depression, 9739
endogenous depression, severely & profoundly retarded 19–34 yr olds, 17686

endogenous vs neurotic depression, psychiatric ambulatory patients, 30928
erythrocyte cation transport during acute depressive episode vs remission, 24–56 yr olds with bipolar vs unipolar endogenous depression, 25598
etiology, relationship between Parkinson's disease & depression, 31218
genetics & prognosis of endogenous vs exogenous depression, 28199
glycopyrrolate or arecoline, peripheral alpha-adrenergic sensitivity, patients with primary major depression vs primary anxiety disorder with no depression, conference presentation, 25596
heart & breathing rates & muscle tone & eye movements & blinking, 21–61 yr old depressed patients, 4252
hypothalamic-pituitary-adrenal axis activity, endogenously depressed 19–69 yr olds, 4220
increasing doses of trazodone vs doxepin once daily, side effects & improvement, endogenous & anxious depressed 18–64 yr old outpatients, 7469
indications for unilateral vs bilateral ECT, endogenously depressed 21–79 yr olds, 17885
isocarboxazid with mianserin, antidepressant effect, 25–84 yr olds with endogenous depression/melancholia, 7471
level of 3-methoxy-4-hydroxyphenylglycol in urine & prediction of antidepressant treatment outcomes, 20–65 yr olds with endogenous depression, 31531
looking & speech pause behavior, endogenously severely depressed inpatients, 9623
morphine, cortisol secretion, psychiatric inpatients & normal Ss & endogenous depression patients with normal vs abnormal dexamethasone suppression tests, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1498
nomitensine, models predictive of antidepressant activity & cardiovascular & anticholinergic side effects, animals, implications for treatment of endogenous depression, conference presentation, 6119
objective diagnostic criteria using polygraphic studies, endogenous depressive syndromes, 23–55 yr old schizophrenic patients, 6827
paranoid symptoms, patients with endogenous depression, 20266
pituitary thyroid stimulating hormone response to thyrotropin releasing hormone, outpatients with major vs atypical depression vs inpatients with endogenous depression, 17520
premorbid severe life events & major difficulties, 5-yr outcome, inpatients with endogenous vs reactive depression or reactive vs nonreactive psychosis, 6751
psychopathological characteristics of dysphoric conditions, patients with endogenous depression, 22797
relationships with parents & peers & siblings, 6–12 yr olds with endogenous & nonendogenous depression vs nondepressed neurotic disorder, 22761
REM sleep latency & dexamethasone suppression & clonidine & apomorphine tests as biological markers, 28–61 yr old patients with major depression with endogenous subtype, 17432
rhythmicity of occurrence of endogenous depression, comments on chronological model proposed by U. Supprian, 30982
safety & efficacy of multiple-monitored ECT, endogenous depression, 28–80 yr olds, 1796
saliva vs plasma cortisol levels in dexamethasone suppression test, 18–66 yr old patients with endogenous depression vs other psychiatric disorders, 28155
social skills training, clinical responses, 31–58 yr old females with endogenous depression, 24-mo posttreatment followup, 26129
synthetic vs ovine corticotropin releasing factor iv, ACTH & adrenal corticosterone & 11-deoxycortisol & cortisol & cortisone & dexamethasone suppression responses, 27–65 yr olds with severe endogenous depression, 17487
thymoleptic Hydiphen in high doses, endogenous vs reactive vs organically induced depression, 20–60 yr old patients, 4773
thyrotropin-releasing hormone, prolactin levels, 19–75 yr old females with nonendogenous vs endogenous depression, 28282
trazodone vs amoxapine vs maprotiline, endogenous depression, 18–65 yr old outpatients, 7473
treatment with dextro-phenylalanine, outpatients with endogenous or reactive depression, 23357
trimipramine, symptoms of major depression, medical patients, conference presentation, 31534
tryptophan with vs without 5-hydroxytryptophan, 20–60 yr old patients with endogenous or psychogenic depression, 20935
type & severity of depression, risk of violent suicide attempt, 19–66 yr old inpatients, 28271
typical & atypical antidepressants, neurochemical mechanisms of endogenous depression, implications for etiology, 18096
urinary 4-hydroxy-3-methoxyphenylglycol & clinical response to amitriptyline, endogenous depressive patients, 2004
validity & reliability of Newcastle Endogenous Depression Diagnostic Index, depressed patients, 2888
validity of Research Diagnostic Criteria vs DSM-III typologies for melancholia & endogenous depression, comments on findings by J. F. Leckman et al, 31010
validity of Research Diagnostic Criteria vs DSM-III typologies for melancholia & endogenous depression, reply to comments by M. Zimmerman & W. Coryell, 30954
visual EPs during illness vs after recovery, patients with endogenous depression, 6739
zimeldine vs amitriptyline, antidepressive efficacy & effects on liver function, 30–64 yr old inpatients with endogenous depression, 7455
zimelidine, grand mal seizure, 37 yr old White female with endogenous depression, 10277

Endogenous Opiates [See Also Dynorphins, Endorphins]
benzomorphan antagonist Mr 2266 & delta receptor antagonist ICI 154,129, body weight gain, rat pups, implications for opioid receptor development, 24852
beta-casomorphin-5, reduction of social separation-induced distress vocalization, broiler chicks, 22207
central dynorphin & zinc deficiency, food ingestion & immunoreactive dynorphin levels in hypothalamus & cortex & opiate receptor activity, male weanling rats, 6116
cholecystokinin, opiate analgesia & role as opiate antagonist & in opiate tolerance, rats inexperienced with or tolerant to opiates, 9035
chronic morphine vs methadone, swim-induced antinociception as model of endogeneous opioid function, female mice, 6104
chronic saccharin exposure, morphine tolerance, genetically selected LC2-Hi vs LC2-Lo female rats, 19661
control of endogenous psychoactive substances, altered states of consciousness, 3130
development of opioid receptors, function of endogenous opioid pain-inhibitory system as measured by shock induced analgesia, 10 vs 28 day old vs 5–7 mo old male rats, 11477
endogenous opiate peptides, review of 1983 literature, 24668
endogenous opioid peptide system dysfunction & neuroendocrine abnormalities, 32–82 yr old chronic pain patients, 1628
endogenous opioids, ECS-induced catalepsy at supraspinal level, rats, 16760
glutamate administration into periaqueductal gray or ventromedial medulla & serotonergic & noradrenergic & opioid receptor antagonist, tailflick & hot plate response, male rats, 27599
icv morphine, analgesic tolerance to ketocyclazocine & D-ala-2-methionine enkephalinamide & D-ala-2-D-leu-5-enkephalin & leuenkephalin & metenkephalin & beta-endorphin, male mice, 24939
immune functions of beta-endorphin, literature review, conference presentation, 27347
iv naloxone after 6.3 mi run, pain sensitivity & mood & plasma endocrine levels, male long-distance runners with mean age of 38.8 yrs, 6020
military environment & stress & psychosis & endomorphins, soldiers, 6801
morphine, food ingestion, terrestial slugs, implications for opioid mediation of satiation, 27602
mu vs kappa vs sigma opioid agonists, accuracy of FR operant discrimination responding, male rats & monkeys, 22197
naloxone & development of morphine tolerance, effects of ECS vs footshock stress on inhibition of recurrent kindled seizures elicited by amygdaloid stimulation, male rats, 11549
naloxone doses & current intensities, rates & duration of intracranial self stimulation at medial forebrain bundle & central gray sites, male rats, 3342
naloxone, food intake, 4–5 vs 8–9 vs 12–13 wk old obese vs lean Zucker rats, implications for role of opiate peptides in obesity, 19703

naloxone, frequency threshold brain-stimulation induced hunger & feeding, rats, 6046
naloxone hydrocholoride & butorphanol tartrate, opiate-induced feeding, rats with vs without hippocampal lesions, 19679
naloxone pretreatment, methamphetamine-induced stereotypy & haloperidol-induced catalepsy, male rats, 3402
naloxone, shock-induced freezing & analgesia, male rats, implications for opiate & nonopiate mechanisms, 3343
naloxone, stress-induced analgesia, frogs, implications for involvement of opioid pathways, 3501
naloxone vs naltrexone vs naltrexone methyl bromide, hypoactivity induced by anaphylaxis, male mice, implications for role of endogenous opiates, 3399
neural mechanisms of opiate hedonic effects & role of endogenous opioids, regulation of motivational-affective responses, 16612
noxious UCS intensity interaction with stress level, onset of conditioned analgesia, male rats, implications for threshold activation of endogenous opioid mechanisms, 8888
opioid peptides, neurochemical substrates of self stimulation in medial prefrontal cortex, rats bilaterally implanted with monopolar electrodes, 13906
opioid receptor-active components in CSF, 21–36 yr old females with postpartum psychosis, 1431
opioid receptor mechanisms, appetite regulation, rats & humans, 19500
perinatal exposure to opiates & endorphins, development, organisms, bibliography, 1982–83, 19739
physiology & pathophysiology of endogenous opiates, schizophrenia, literature review, 20270
role of opioid mechanisms in regulation of hypothalamic-pituitary-adrenal function, psychiatric patients with major depression vs affective disorders, 20376
secretion patterns & circadian rhythmicity of beta-endorphin & beta-lipotropin & ACTH & response to insulin stimulation & dexamethasone suppression tests, 23–64 yr olds with chronic hebephrenic or paranoid schizophrenia, 4136
self stimulation of anterior forebrain vs lateral hypothalamus vs dorsal raphe nuclei vs mild electric footshock, production of endogenous opiates & analgesia, rats, 16719
sex differences, density of opiate receptor binding sites in medial preoptic area, rats, 16629
social & sexual experience & ovariectomy & estradiol vs castration & naloxone &/or naltrexone, sexual behavior & hormonal changes, male & female rhesus monkeys, 3395
stress & angiotensin II vs morphine, salt intake, male mice treated with naloxone, 19587
stress, endogenous opiates & pain inhibition, male rats, 24687
studies involving GABAergic systems & analgesia & opiates, rats & mice & humans, implications for drug addiction therapy, 24637
transcutaneous nerve stimulation, nociceptive flexion reflex threshold & plasma opioids in sustaining analgesia, 21–34 yr old Ss, 19605

Endorphins [See Also Enkephalins]
alpha- vs beta- vs gamma-endorphin, inhibitory avoidance behavior, male rats, 762
apomorphine vs bromocriptine vs GYKI-32887 into nucleus accumbens, locomotor activity, male rats, 6138
basal morning humoral endorphin blood levels, autistic vs schizophrenic vs normal 7–17 yr olds, 6873
beta-endorphin & ACTH plasma levels, 15–61 yr olds with classical vs common migraines vs daily vascular headaches, 31157
beta-endorphin vs gamma-endorphin vs alpha-endorphin, reduction of social isolation-induced distress vocalization, 2–4 day old chicks, 22228
beta-endorphin withdrawal, premenstrual tension syndrome, adult females, 13822
brain tissue levels of immunoreactive-beta-endorphin & luteinizing hormone releasing hormone, 5 vs 27 mo male rats, 19456
central injection of beta-endorphin vs met-enkephalin vs vasopressin vs oxytocin antisera, pain threshold & thermoregulation & activity level, male rats, 24799
chronic preoptic-anterior hypothalamic injections of beta-endorphin & ACTH, thermoregulation, male rats, 22225
clonidine, secretion of growth hormone & beta endorphins, 17–30 yr old heroin addicts, 31022
CSF endorphin levels, neuropsychiatric patients, 4202
des-tyr1-gamma-endorphin, CSF homovanillic acid & 3-methoxy-4-hydroxyphenylglycol & cortisol & growth hormone levels, neuroleptic-free patients with paranoid vs hebephrenic vs other schizophrenias, 7487
ECT, plasma endorphin levels, patients with major depressive disorder, 10080
electrical stimulation of caudal periaqueductal gray & naloxone, analgesia & opiate withdrawal behavior, male rats, 24744
endogenous opioids & naltrexone, stress & stereotypic climbing behavior, mice, 733
endorphins, placebo-induced analgesia, dental patients & normal volunteers, 19672
endorphins, role in schizophrenia & affective disorders, 20227
ethylketocyclazocine, water consumption, water-deprived rats in day vs nocturnal testing, 27653
GABA & endorphins, effect of benzodiazepines on feeding & drinking, rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 734
gamma endorphins, treatment of schizophrenia, 20943
hospitalization & presurgical stress, plasma beta endorphin levels, 25–70 yr olds hospitalized for aphthalamic surgery, 15494
icv beta-neo-endorphin, locomotor activity, male mice, 24956
icv ostrich vs human beta-endorphin, food vs water intake, satiated pigeons, 22153
icv peptidase inhibitors or beta-endorphin, analgesia & anesthesia, rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 765
immediate vs delayed posttraining injection of beta-endorphin, retention of avoidance training & role of cholinergic mechanisms, male mice, 19685
injection of beta-endorphin into preoptic/anterior hypothalamus, body temperature, rabbits, 8964
intrathecal naloxone, inhibition of tailflick response induced by intraventricular beta-endorphin vs morphine, male rats, 27652
ip vs icv ACTH vs epinephrine vs beta-endorphin, retrieval of inhibitory avoidance task, female rats, 737
link between copper & endorphin hypotheses of schizophrenia, 4190
multidimensional behavioral analyzer, study of alpha-neo-endorphin effects on behavior, mice, 3526
naloxone antagonizable changes in behavior, endorphinergic modulation of neural reward systems, male rats expecting vs having received rewards, 24827
naloxone, suppression of self stimulation by antagonism of endorphin-mediated reward vs analgesia, male rats, 16772
neuroleptic drugs, beta-endorphin serum levels & therapeutic effects, acute unmedicated schizophrenic patients, 12650
neuropathological/structural & biochemical factors in pathogenesis of schizophrenia, literature review, 28272
normal vs low protein diet, endorphin-like immunoreactivity & avoidance task, performance, rats, 3358
noxious cold stimulation, release of endorphins & cortisol & prolactin & growth hormone & opioids & relationship to pain appraisal & coping, normal adult volunteers, 16679
physiological effects of endorphins, 11510
plasma cortisol & beta-endorphin immunoreactivity, 27–58 yr old morbidly obese patients, 22942
role of endorphin system reactivity & denial of ischemia in survival of coronaries, sufferers of silent coronaries, 25900
role of endorphins & opiate antagonists in obesity & appetite modulation & weight control, implications for treatment, comments on M. S. Gold & H. A. Sternbach's study, 14910
role of endorphins & opiate antagonists in obesity & appetite modulation & weight control, implications for treatment, comments on study by M. S. Gold & H. A. Sternbach, 15012
role of endorphins & opiate antagonists in obesity & appetite modulation & weight control, implications for treatment, comments on M. S. Gold & H. A. Sternbach's study, 14965
role of endorphins in schizophrenia & affective illness & sexual behavior & mood & memory, 12214
role of opiate peptides & their antagonists in obesity & appetite modulations & weight change, implications for therapy, 14927
secretion patterns & circadian rhythmicity of beta-endorphin & beta-lipotropin & ACTH & response to insulin stimulation & dexamethasone suppression tests, 23–64 yr olds with chronic hebephrenic or paranoid schizophrenia, 4136

short-term hypokinesia, levels of methionine & leucine enkephalin & beta endorphin in brain, rats, 27405
stress induced by footshock, regulation of pro-opiomelanocortin produced by pituitary gland, rats, 27491
training & testing, beta-endorphin-like immunoreactivity in diencephalon, female rats, 27361
Endurance [See Physical Endurance, Psychological Endurance]
Energy Expenditure
associative learning to obtain water by barpressing following ad libitum water access, pack rats from barren & rocky terrain vs those from moist habitats, implications for behavioral economics, 5848
behavior & experience & effort in hypnosis as rated by Harvard Group Scale of Hypnotic Susceptibility—Form A, college students, 11395
bilateral vs unilateral denervation of interscapular brown adipose tissue, estradiol-induced body weight & food intake & thermogenesis, ovariectomized rats, 13863
cigarette smoke & nicotine, food intake & weight gain & resting energy output & brown fat mass & opiate binding & blood glucose, male rats & hamsters, 6175
cognitive effort & distinctiveness of encoded word, recall, skilled vs learning disabled readers, 9860
cognitive effort in encoding, memory performance, male college students, 3102
comprehensive maximum acceptable weignt of lift data for 8-hr work shifts, male & female industrial workers, 13349
construct validity, effort avoidance tendency, response to B. Rollett's reaction to criticism, 424
construct validity, effort avoidance tendency, response to U. J. Jopt's criticism, 420
construction of synthetic index of mental activity within stimulation demand conception, 8552
correspondence between self report vs peer vs objective report measures of energetic personality trait & energetic performance, college students, 19022
daily expenditure of time & energy during reproductive cycle, male & female towhees, 16533
effort & familiarity of food source, choice of food source, male rats, support for neophobia-optimality model, 3160
effort & task difficulty information, evaluation of subordinates, sales managers, 29527
energy loading & discharge in creative process, school age children, 9183
energy vs latency vs amplitude vs recruitment time vs duration vs efficiency of stapedius muscle contraction reflex, 20–25 yr olds, 19553
leg length & minimal energy required during climbing, visually perceived climbability of stairs of various riser heights, college students, 19223
mental effort in digit span testing & incentive, phasic T-wave amplitude & heart rate, college students, 642
metabolic energy balance & obesity, review of 5 proposed mechanisms, literature review, 9975
opportunity to run on wheels, activity-based anorexia & food intake, male rats, 19357
perceived self efficacy & attributions for success vs failure with TV vs printed material, investment of mental effort in learning, 6th graders, 10765
personal energy & approach to self evaluation & feedback, potential for burnout, social workers, 21173
preconceptions of mental demands required by TV vs printed materials in learning, 6th graders, 3606
prey & foraging site density environmental constraints, foraging behavior & patterns of optimal foraging, male rats, 5920
psychological research on energy policy & energy conservation in industry & homes & transportation, 24047
psychophysical techniques, measurement of perceived exertion during physical work, 24036
purposeful vs nonpurposeful physical activity, perceived exertion & heart rate, 19–37 yr old females, 3118
reliability & validity of physical effort index, assessment of metabolic & ergonomic costs of task performance, 2893
running direction & speed, energy expended & perceived exertion, male soccer players, 621
season & rank consortships & sex, time allocation in various activities & consorting & energetic cost, male vs female free-ranging olive baboons, 3215
short vs long term time scales & energy expenditures, foraging decisions, animals, conference presentation, 3176
simulated foraging chain with 3-component operant chain schedule, search-cost ratio & foraging & feeding, female pigeons, 21930
Engineering Psychology
engineering psychology, literature review, 18882
Engineers
coping with work-related stress, professional engineers, 6-mo followup, 24019
determinants of compensation policies & practices, scientists & engineers in high-technology firms & non-high-technology firms with research & development units, 13289
educational objectives in engineering design courses, Australia, 23759
factors influencing adjustment & attitudes toward family life & social relations & political & economic issues, returnee engineering graduates, Jordan, 9547
information processing account of use of analogs in innovation process, engineering managers & contractors, 23987
job involvement & satisfaction, scientists & engineers working in industry vs research, India, 8230
job-related noise exposure, prevalence of hearing loss, 18–59 yr old male US Army engineers, 12336
meaning of working, students vs temporary workers vs self-employed businessmen vs engineers vs teachers vs tool & die makers vs white collar workers vs textile workers vs unemployed vs retired workers, Israel, 21547
nature & consequences of acute stressors in everyday working life, young professional engineers, 21610
predictive validity of cognitive skill tests, academic success, 23–55 yr old postbaccalaureate females in engineering training program, 8144
project vs functional managers, project performance, engineers, 21584
England
ability to construct 3-dimensional models from diagrams, 6 vs 8 vs 10 vs 12 yr olds, England vs Nigeria, 22347
age & sex & cultural background, problem disclosure, 12–16 yr olds, England & Ireland, 25222
alcohol consumption, female vs male college students, England, 6596
Ardale residential community, hard-core juvenile delinquents, England, 18368
attitudes toward & evaluation of social interaction at work, male workers, US vs England vs Ghana, 29539
attitudes toward English & West Indians & Jews & Irish & Pakistanis, Indians vs Pakistani vs West Indians vs White British students in comprehensive school, England, 13119
attitudes toward teamwork in general practice, community & district nurses & health visitors, England, 5117
attributions about unemployment & perceptions of useful job search strategies, male vs female middle vs working class school leavers with mean age of 16 yrs, England, 8014
autobiography of H. G. Jones, development of behavior therapy, England, 1953
British Broadcasting Corporation guidelines on presentation of violence on TV, 30321
Castle Project, rehabilitation & supportive group housing, 16–21 yr old psychiatric outpatients, England, 26266
criteria for rejection of applicants, child adoption agency, England, 1957–76, 7611
cross cultural validation of Visual Aesthetic Sensitivity Test, 9–40 yr olds, Singapore vs England, 24222
day care at childminders vs day nurseries, infants under 2 yrs old, England, 22484
demographic & racial characteristics, compulsory psychiatric hospital admission, White vs West Indian inpatients, England, 28916
development of logical thinking & verbal ability to justify transitive inferences, middle- vs lower-class children, Brazil vs England, 948
drinking behavior, 17–25 yr olds arrested for simple drunkenness or disorderly conduct or drunk driving, England, 6914

economic marginalization & chivalry & liberation, female criminality, 1951–80, Wales & England, 28299
educational socialization, perception & definition of poverty, adolescent males from comprehensive vs public school, England, 14157
entrance qualifications, promotion & productivity, workers, France vs West Germany vs England, 18802
estimated celibacy rates & age at marriage, fertility, England, 1541–1871, 20062
ethnicity & age, emotional response to & perceived causes of & solutions for 1981 riots, female vs male nurses & doctors & other psychiatric hospital staff members, England, 1016
ethnicity & geographical factors, psychiatric hospital admission, England, 28918
evaluation of institutions for preschoolers, England & Scotland & Wales, 29255
evaluation of Technician Evaluation Council programs, faculty & college students & associated employers, England, 15770
extent & advantages & disadvantages of standardized testing in schools, England, 15975
Eysenck Personality Questionnaire, assessment of cross cultural differences in personality, males vs females, Puerto Rico vs Great Britain, 29723
factors of social & physical environment vs mass media, dissemination of information about crime & community beliefs vs fears, citizens, England, 14230
false beliefs & issues in home-based education, England, 29113
family therapy, learning & behavior problems, 5–7 yr old Asian males & their families, England, 1890
group dynamics & leadership, multiracial & ethnic clinical team, England, 2241
history of marriage patterns & celibacy, England, 30644
history of use of scientific evidence & medical expertise in legal processes, England, 3915
history of York Retreat, England, 1813–92, 31689
implications of 1981 Education Act, special education services & family involvement & integration into regular programs, preschool age children, England, 15887
importation & socialization, authoritarianism, fire & police officer recruits, England, 32286
incidence & reasons for suicide pacts, US vs England vs Japan vs India, 28311
intrinsic vs extrinsic motivation, academic achievement, high school students, England & Wales, 8000
issuance of Certificates of Unruly Character & legislative limits, male 14–16 yr olds, England, 15523
key features of approved adoption allowance schemes, England, 14301
leisure participation survey data, England & Wales, 18773
limitations of defamation & privilege as defense in legal action against psychologists, England, 18467
marriage companionship activities & marital well being & happiness, married urban males, US vs Australia vs England, 3830
mechanisms for dealing with complaints & grievances, prisoners, England & Wales & Sweden & Denmark, 4985
medication prescriptions, aged in long term care institutions, US vs England, 31516
Mental Health Act of 1982, medical discretion & procedural safeguards & civil rights, England, 3939
Mental Health Act of 1983, patient civil rights & consent to treatment & admissions procedures, England, 3923
model 1 vs model 2 Theory-in-Use governing values, reaction to Recommendations for Learning report of National Study into Future of Higher Education, college teachers, England, 2338
national characteristics & political exile & stress reactions, Chilean psychiatrist, England, paper presented at March 1983 meeting of Transcultural Psychiatry Society, 1147
national levels of unemployment, rate of first admission to mental hospitals, psychiatric patients, 1950–1976, England vs Wales, replication of findings of M. H. Brenner, 31737
needs during transition from child-oriented & school based to adult services, severely disabled 16–21 yr olds, England, 10387
number & types of hospital admissions over 10 yr period, mentally handicapped patients, England, 23493
opinions regarding spinsterhood, single females, England and US, 19th–20th centuries, 19989
outcome of psychotic mental illness following repatriation to Jamaica, England, 3.5-yr followup, 1364
patient characteristics & hospital factors, suicide, psychiatric inpatients, England, 1972–81, conference presentation, 25645
perceptions of juvenile delinquency in 19th Century, England, 22811
personality traits, 9–15 yr olds, England vs US, 9295
prescription of psychotropic drugs, 7 yr old through aged psychiatric inpatients, England, 26160
prevalence of mobility & information & employment problems, blind & partially sighted, England, 4410
private vs public vs voluntary children's homes, England & Wales, 23430
procedures for decision making, release of prison "lifer", England, 15541
progress in basic educational skills, native Britains vs West Indian & Asian immigrants with mean ages of 7.2 yrs, longitudinal study, England, 2444
psychiatric hospital admission & cross cultural comparison, 16–58 yr old Asians vs indigenous patients, England, 23530
psychohistory of Charles I, 6658
race & emotional reactions & perceived causes of 1981 riots & proposed solutions, psychiatric hospital staff, England, 2237
racism & concepts of physical & mental health & experiences with health care systems, Pathan mothers, England, 1036
rankings of aspects of educational psychologists' training & characteristics, teachers in international vs county schools, England, 7875
reading attainment, female vs male Black vs White students tested at ages 10 & 14 yrs, England, 4-yr followup, 26572
reasons for failure to apply for college admission, students over 21 yrs old who had inquired about mature student matriculation program, England, 2465
religious education in schools & crises of literacy, children & adolescents, England, 29227
role of H. J. Eysenck in establishment of clinical psychology in England & views on effectiveness of behavior therapy & psychotherapy, 1946
role of merchant banks & sociological issues in financial system, England, 30564
scope & focus of cultural studies, England, 3794
screening for psychiatric disorders in general practice, England, 9724
sex & age differences, sensation seeking, 17–60 yr olds, Australia vs Canada vs United States vs England, 9529
shifts in London police policies toward juveniles, 1893–1968, 3931
similarities & differences in families whose children have been abused, Canada vs US vs England, 17597
similarity to English word, prediction of misspelling, college students, England, 24985
social inquiry, sentencing & disposition of case, 10–17 yr olds, England, 22523
social structure of heroin black market at Kensington Market, England, 22558
status of rape, 13th century, England, 14772
study processes assessed by Biggs's Study Process Questionnaire, college students, England, 2588
subcultural practices, new middle class 16–20 yr old college students, England, 30485
survey of methodology used in student assessment, England, 32200
systems of institutional care & health status of residents & responses of staff, institutionalized elderly females & staff members, New York vs London vs Mannheim, 31707
transfer to community care, adult mentally ill & mentally handicapped, England, 15405
unemployment vs employment vs participation in government employment training schemes, emotional stability, 11th grade school leavers, England, 32028
validity & reliability of Eysenck Personality Inventory, adults & children, China vs England vs Greece, 19061
workshop for induction into pastoral-care system, secondary school staff, England, 5169
Enjoyment [See Pleasure]
Enkephalins
alcohol, dopaminergic-enkephalinergic neural pathways & memory, 3435

central injection of beta-endorphin vs met-enkephalin vs vasopressin vs oxytocin antisera, pain threshold & thermoregulation & activity level, male rats, 24799
cortically applied morphine vs dextro-ala 2-methionine-enkephalinamide, nonspecific convulsions, male rats, 8959
DALA-methionine enkephalinamide, tailflick reflex & cardiovascular system & antinociception, male rats, 27631
enkephalin-like tetrapeptide, change in motor activity, rats, 3469
enkephalin pentapeptide, nigrostriatal & mesolimbic forms of amphetamine-induced stereotypy, male rats, 731
ics vs ip leu-enkephalin administration, active avoidance learning vs activity level vs shock sensitivity, rats, 27617
icv substance P & analogs, locomotor activation & role of endogenous opioids, male rats & mice, 24897
injection of d-ala2-met5-enkephalinamide vs thiorphan &/vs naloxone into ventral tegmental area, conditioned reinforcement, female rats, 3446
intracisternal administration of morphiceptin analog & morphine sulfate & dextro-ala-dextro-leu-enkephalin, ventilation & ventilatory pattern, unanesthetized dogs, 27591
intrathecal administration of methadone vs dextro-ala 2-methionine-enkephalinamide, hindlimb catalepsy, male rats, 9036
intrathecal morphine vs methionine-enkephalin vs noradrenaline vs serotonin, antinociception assessed by tail pinch & tail flick & hot plate tests, male rats, 30259
leu-enkephalin vs met-enkephalin vs naloxone, acquisition of avoidance response & shock-induced locomotor activity in open field, mice, 8992
levo-Tyrosyl-levo-Arginine vs kyotorphin analog vs met-enkephalin injections into substantia nigra, ipsilateral rotation behavior, male rats, implications for in-vivo effects independent of met-enkephalin, 27557
Met-enkephalin-Arg-6-Phe-7 injection into periaqueductal gray, mediation of electroacupuncture analgesia, rabbits, 27593
methionine enkephalin microinfusions into nucleus accumbens, self reinforcement, male rats, 3447
metkephamid, flehmen, lambs, implications for role of endogenous opioid peptides in flehmen, 22156
monocular suture of eyelids, retinal levels of met-enkephalin & substance P & neurotensin & muscarinic & dopaminergic & opiate & benzodiazepine receptors, day old chicks after 17 days, 13788
morphine vs dextro-ala-dextro-leu-enkephalin administration into CNS, drinking behavior, male rats, 19665
morphine vs methadone vs dextro-ala 2-methionine-enkephalinamide, convulsive & cataleptic behavior, rats, implications for mediation by opiate receptors, 8958
noxious stimulation, immunoreactive met-enkephalin release from nucleus reticularis gigantocellularis of medulla oblongata, rats, 3374
REM sleep deprivation & stress & enkephalinase inhibitor phosphoramidon, handling-induced convulsions, male mice, 13856
short-term hypokinesia, levels of methionine & leucine enkephalin & beta endorphin in brain, rats, 27405
striato-pallidal infarction, loss of substance P & enkephalin immunoreactivity in substantia nigra, 38–86 yr old patients, 1706
unilateral intrahippocampal injections of ACTH & dextro-Ala 2-Met-enkephalinamide, spreading depression & EEG & DC potentials & locomotor activity & grooming, male rats, 16788
Enlisted Military Personnel [See Also Draftees]
ability to recognize & response to & recommended treatment, battle stress reaction, US Army medics & officers & enlisted personnel, 1464
attitudes toward Army & Army programs & benefits & duty environment, career intentions, officers & enlisted personnel, 8233
racial and ethnic differences, health risks & hospital admission rates, male Black vs White enlisted US Navy personnel, 1339
Enlistment (Military) [See Military Enlistment]
Enrollment (School) [See School Enrollment]
Enteropeptidase [See Kinases]
Enthusiasm
low vs medium vs high teacher enthusiasm level, concept acquisition, 1st graders, 5235
teacher enthusiasm, achievement & evaluation of teacher effectiveness, college students, 21355
Entrance Examinations
academic performance in basic school, scores on secondary school entrance examinations, students, Czechoslovakia, 10771
development of 1981 entry level Police Services Examination of Commonwealth of Massachusetts, police personnel, 26983
Enuresis [See Urinary Incontinence]
Environment [See Also Academic Environment, Animal Environments, Classroom Environment, College Environment, Communes, Communities, Home Environment, Hospital Environment, Kibbutz, Neighborhoods, Rural Environments, School Environment, Social Environments, Suburban Environments, Towns, Urban Environments, Working Conditions]
aesthetic & affective response to natural environment, literature review, 16142
ambient temperature & seating arrangement, affect & environmental evaluation, college students in same-sex pairs, 6624
behavioral & emotional stability between home vs public vs transit settings, 15–17 yr olds, 6345
behavioral science research, recreation & wilderness resource policy & management, 16126
biographical sketches & heredity vs environment controversy, F. Galton vs C. Darwin, 8331
biological & adoptive parental criminality & alcohol abuse, high frequency vs diversiform somatiform disorders, adopted 24–44 yr old females, Sweden, 7017
bivariate path analysis, genetic & cultural & environmental transmission of fear, mono- vs dizygotic twins & their parents, 16592
choice of situation vs congruence models, person-situation interaction, college students, 4042
communicative situation, production of directives, mentally retarded 8.21–12 yr olds vs nonretarded kindergartners, 14841
complementary/congruence model of well-being & mental health, need satisfaction by environment, community aged, 16123
components of variation in normal personality, criticism of analyses by R. A. Price et al, 3255
concept of nature & importance to psychology, differentiation between natural & human-made environments in picture categorizing task, 6–14 yr olds, 14121
deprived vs enriched environment following adult vs neonatal hemidecortication, acquisition of spatial mapping task, rats, 27540
development of Environmental Check List, assessment of environmental perception & effects on behavior, college & graduate students & community residents, 11133
dimensions of situational structure, behavior, 21652
ecology & sex, achievement motivation & anxiety & dogmatism & intolerance for ambiguity, 17–18 yr olds, India, 14539
effect of genetic predisposition & family influences & other life events on expression or severity of schizophrenia or other affective disorder, schizophrenics, review of 3 long-term studies, 1442
environment & genetic factors, health behavior & personality & height & weight, mono- vs dizygotic adult twins separated before age 11 yrs, Finland, 16587
environment & lifestyle & other health related psychosocial correlates, neuroticism, adult male mono-vs dizygotic twins, Finland, 16584
environmental & occupational complexity, cognitive functioning, literature review, 30863
environmental conditions, occurrence of vandalism to picnic tables, implications for managers of recreation areas, 31064
environmental determinants of self directed learning, self directed learners who did not complete high school, 23764
environmental disposition & personality & demographic factors & SES & stage in life & environmental constraints, location of activities, elderly over 60 yrs old, 27845
environmental factors in J. F. Gubrium's theory of aging, 30374
familial alcoholism, 4315
free word association, analysis of concept of nature, visually handicapped students, 22921
gene dosage effects in etiology of schizophrenia, exclusion of borderline personality from schizophrenia spectrum, comments on A. F. Mirsky & C. C. Duncan-Johnson's paper, 1397
genetic & environmental factors, etiology of stuttering, Ss from families with vs without stutterers, 14874

genetic vs environmental factors, susceptibility to alcoholism, literature review, 6899
genetic vs environmental influences, obsessional traits & symptoms, monozygotic vs dizygotic pairs of twins, 30918
genotype &/vs environment, phenotype, 30038
heredity & environment, behavioral development, normal Puerto Rican vs mildly mentally retarded vs multihandicapped children, longitudinal studies, 27832
heredity vs sociological theories of delinquency, adolescent monozygotic vs dizygotic twin pairs, 20417
hyperactive vs aggressive symptoms & stimulant medication response & parenting & environmental variables, prediction of adolescent outcome, hyperactive children, literature review, 7092
incorporation of "personality traits" & "situation" into theory of cognitive orientation, prediction of consistent & inconsistent behavior, 4054
individual & family environment pattern, Jewish vs non-Jewish 14–16 yr olds, 25225
individual characteristics & information seeking behavior & knowledge, reactions to planned extension of railway track, community residents, 16138
individual difference vs cognitive representational approach, analysis of pointing & mapping tasks as measure of representations of large-scale environment, college students, 5768
intelligence, adopted children & their natural vs adoptive parents, methodological criticism of study by J. Horn, 25157
intelligence, adopted children & their natural vs adoptive parents, reply to criticism of E. Walker & E. Emory, 25099
interaction of heredity & environment, behavioral development, normal Puerto Rican & mildly mentally retarded & multihandicapped children, longitudinal studies, 6348
intra-institutional relocation of long term care facility, changes in behavior patterns, residents with median age of 71 yrs & staff, 23519
Iowa Child Welfare Research Station, 1940 debate over effects of heredity vs environment on intelligence, 9212
litter & noise & overuse & visual encounters with others, displacement process in recreation, implications for management control, 5428
logic & methodology & evidence for explaining race differences in IQ, Blacks vs Whites, 25462
meaning of ecological in psychological research, 5561
mediation of environment, facilitation of development, young blind children, 16125
medium of presentation & evaluative context & observer sample, environmental perception, county vs local residents vs urban professionals, 8255
model for postoccupancy evaluation, severely mentally impaired elderly residents of nursing homes, 13363
model of genetic & environmental components of environment-behavior correlations in child development studies, 12–24 mo olds in nonadoptive vs adoptive families, 25055
multivariate normal model for pedigree analysis, magnitude of correlations between family members for medical & psychological traits as result of genetic &/or environmental factors, 3257
nature vs nurture, etiology of schizophrenia, comments on A. F. Mirsky & C. C. Duncan-Johnson's paper, 1429
nature vs nurture, etiology of schizophrenia, comments on A. F. Mirsky & C. C. Duncan-Johnson's paper, 1468
need for study of transformation of risk status into manifest disorder, nature & nurture in etiology of schizophrenia, criticism of A. F. Mirsky & C. C. Duncan-Johnson's paper, 1390
neural plasticity & inclusion of biology in psychoanalytic metatheory, 26898
neuroendocrine system, adaptation to psychological environmental change, animal & human Ss, conference presentation, 27434
parental divorce & environmental changes, cognitive & behavior changes, psychopathology, 6–16 yr olds, 881
perception of coping self efficacy, effects of environmental events on catecholamine secretion, 19–40 yr old female phobics, 25509
perceptions of freedom & environmental & personality factors, mood states, military recruits, 4053
permanent vs relative or environmental psychiatric disorders, 20304
person-environment congruence, review of research on J. L. Holland's theory of career choice, 32232
personal space requirements in indoor vs outdoor locations, college students, 9491
physical objects, self identification, comments on theory of G. H. Mead, 5505
prediction of scenic beauty from landscape content & composition, college students, 8260
probability learning from feedback in natural environments, conference presentation, 21886
recreational role of nature in everyday environments, literature review, 16135
reliability of critical tracking test, assessment of performance in exotic environments, US Navy enlisted males, 136
research design & diagnostic techniques, social environments & etiology of schizophrenia, comments on A. F. Mirsky & C. C. Duncan-Johnson's paper, 1496
residential & activity behaviors, environmental experiences, aged, 16129
residential environment quality & resident functioning, 18–81 yr old psychiatrically ill or mentally retarded persons in community residences & boarding homes & independent living units, 7594
roles as housewives & employment status & psychosocial environments, females with handicaps, West Germany, 31251
sacred places in nature, 26878
setup of partitions during play, referential speech to playthings & verbal communication, 4–9 yr olds, 22370
situation types, compliance gaining, college students, replication of study by M. Cody & M. McLaughlin, 17343
situational prototypicality & constraint of items, memory & predicted behavior in bar vs park vs job interview settings, college students, 30833
situational variables, perception of leisure experiences, college students, 25481
social & behavioral aspects of carrying capacity of natural environments, 16124
social & physiological differences, at risk Ss with vs without psychopathology, comments on A. F. Mirsky & C. C. Duncan-Johnson's study & criticism of D. Rosenthal's study of adoptees with schizophrenic natural mothers, 1465
support-autonomy dialectic & specific behaviors involving environmental reactivity & proactivity, elderly, 30517
theories of nature-nurture in early mental development & individual differences, 27787
trust-suspicion & locus of control & situational contingencies, styles of interpersonal functioning, male vs female college students, 6631
twin situation vs environment, similarity for abilities, mono-vs dizygotic twins, 16601
use of environment & behavior research, designers & planners, 16140
usual vs alternative drug-administration environment, drug tolerance, 9022
utilization of environment & behavior research, 16131
vulnerability to environmental influences vs genetic determinants, personality development, 20 yr old twin pairs, 4.5-yr longitudinal study, 25221

Environmental Adaptation

alternative to anthropological cultural adaptationism theory, critical comments & author's reply, 11873
arginine-vasopressin, tolerance of hot & dry environment, 29–35 yr olds, 3401
concept of identity risk as basis for developmental transactions with environment, adults, conference presentation, 857
identity risk & developmental transactions with environment, adults, criticism of S. C. Howell's paper, conference presentation, 853
identity risk & developmental transactions with environment, adults, reply to T. Fujihara's comments, conference presentation, 858
mediation with environment, young blind children, literature review, 4584
neuroendocrine system, adaptation to psychological environmental change, animal & human Ss, conference presentation, 27434
original personality structures & psychodynamics, adaptation to Antarctic conditions, 24–55 yr old polar scientists, 32334
predisposition to vary responses to same stimuli as genetic contribution to primate behavior, conference presentation, 30017

salinity changes in sea water, endogenous rhythm of swimming activity, estuarine amphipods, 8883
thermoregulatory behavior & heat loss in winter environment, shorn sheep, 27422
Environmental Attitudes
acceptance of nuclear technology, women from areas with nuclear power stations, Japan, 13359
aerial pesticide spray, perceived health risk & environmental risk & number of precautions taken & acceptability, 15–74 yr old urban residents during 1981–82 Mediterranean fruitfly crisis, 5503
analysis of newspaper & aluminum can disposal, study of factors in motivation to recycle, households of differing socioeconomic levels, 13364
attitudes toward energy, college students, implications for college educators, 10776
attitudes toward oil & gas development, forest recreationists, 13361
bewilderment & limited acceptance & stabilization, 3-phase model for adaptation to new environment, elderly, 25060
emotional component of environmental attitudes, college students & unemployed youth & conservative activists, 26838
energy conservation attitude-behavior relationships, rural & urban community residents, Netherlands, implications for policy making, 29575
home & landscape characteristics, prediction of scenic beauty judgments, college students, 13368
images & experiences of high-rise housing, urban middle-class females, Israel, 8253
information gained in environmental studies course, defensibility of attitudes toward environmental issues, college students, test of F. E. Williams' connective vectors theory, 21314
interest & decisional power, judgments of risk & benefit concerning hazardous materials, conference presentation, 21864
knowledge level of S & 1- vs 2-sided persuasive videotape, change of attitudes toward energy conservation immediately vs 4 wks later, preservice elementary teachers, 21655
perception of desert urban residential quality, male Saudi Arabian vs US students & city residents, US vs Saudi Arabia, 26840
perceptions of threat of nuclear plant accidents, 4th–8th graders vs 10th–12th graders at 1–3 vs 7 vs 10 mo after Three Mile Island accident, 27877
scaling methods, scale values & intergroup reliability of environmental perception rating scales, 2866
sociodemographic variables & sociospatial perception of neighborhood, satisfaction with community, residents of new town, Great Britain, 8251
traditional vs progressive care hospital unit, perceptions of confinement & depression & anxiety & boredom & pleasantness, medical patients, 26341
values & cognitive vs emotional elements in environmental decision making & relation between self & nature, male vs female 12 yr olds, Finland, 27753
values, support for nuclear power, males vs females 18 yrs & older, US, 24048
wilderness outing program, well-being & environmental attitudes, 19–48 yr olds, 26737
Environmental Design [See Environmental Planning]
Environmental Effects [See Also Altitude Effects, Atmospheric Conditions, Cold Effects, Gravitational Effects, Heat Effects, Noise Effects, Seasonal Variations, Temperature Effects, Underwater Effects, Weightlessness]
acid rain, health, humans, 26836
alterations in circadian rhythms & desynchronies as result of flight, human physiological & psychological functions, 13370
annual rates of sunshine & other environmental factors, regional patterns of suicide, Europe vs US, 25687
arginine-vasopressin, tolerance of hot & dry environment, 29–35 yr olds, 3401
boundary spanning activity & environment, 21627
climate & head shape & brain size, 122 ethnic groups, 1031
conceptions & feelings & treatment of "cabin fever", 17–84 yr olds, 26083
contaminated air in "sick building syndrome," RT & tiredness & short-term memory & vigilance & steadiness, 17–46 yr olds, 32336
environmental conditions, expression of intelligence assessed using Raven Advanced Progressive Matrices, 17096
environmental determinants of neighborhood satisfaction, urban male 60–81 yr olds, 14239
environmental remodeling of dayroom on psychiatric geriatric ward, improved adaptive behavior, 49–89 yr old female patients, 26346
methodology for schedule-induced self injection of drugs, acquisition & maintenance of drug intake behavior, 6164
organization of research on health effects from aversive physical aspects of environment, implications for nurses, 11018
pathway-grid configuration & landmark placement & stress from noise, environmental cognition, 16–36 yr olds, 32337
psychosocial & environmental factors, survival under extreme conditions, prisoners of war during World War II, 3761
restricted environmental stimulation therapy, skin conductance & EEG & temperature response, female college & graduate students, 19558
role of drug associated environmental cues, heroin overdose, former heroin addicts who had survived overdose, 28357
social class & sex & age & ecological changes, home range variations, feral goats, 13777
space flight, mental & physical activity, 29 yr old male astronaut, 11015
symbols & behavioral capacity, humans, 16815
traditional vs progressive care hospital unit, perceptions of confinement & depression & anxiety & boredom & pleasantness, medical patients, 26341
Environmental Planning [See Also Interior Design, Urban Planning]
behavioral science research in physical planning, 24049
development of Multiphasic Environmental Assessment Procedure, measurement of environmental resources of supportive residential settings, aged, 16137
environmental structures & sense of community, reported crime rates, college students living in high- vs low-rise dormitories, test of environmental design hypothesis, 18883
expanded use & evaluation of postoccupancy evaluation, 16145
futuristic prefabricated concrete city, "new town blues" & vandalism & public response, London, implications for environmental planning, 2712
home & landscape characteristics, prediction of scenic beauty judgments, college students, 13368
hospital parking lot design, turning behavior, hospital visitors, 26830
human-ecological & holistic approach to building, integral biological architecture, 2713
interactive graphic computer programs, transportation planning, 24141
method for classifying displays in museum, Ss aged 16 yrs & older, 2711
noise & classroom design & environment, academic achievement & learning, students, literature review, 32106
perceived control, attitudes toward airport noise-abatement policies, 17–86 yr old community residents, US, 32339
physical design & service environment, social & activity behavior, elderly in public housing, 29573
playground designs, free play, preschool age children, 3687
primitive-urban continuum, experiential variation in outdoor recreational settings, 26839
relationships between populations & environments, development of retirement communities, 16136
review of 15 behavioral research & architectural design projects of L. Wheeler & E. Miller, 1958–73, 16144
size & location & ability to promote symbolic integration, small group-home facilities, mentally retarded, conference presentation, 15417
therapeutic space design for psychiatric inpatient unit for children, 8254
use of behaviorally based evaluations, evolution of design prototype of correctional facilities over 3 generations, 16143
Environmental Psychology
changes in environmental psychology, 8252
contextual variables, experimental vs applied behavior analysis, 24172
development of Environmental Check List, assessment of environmental perception & effects on behavior, college & graduate students & community residents, 11133

emotional dimensions, environmental experiences, 13366
environmental & lighting design based on psychodynamics of color, disciplinary problems, elementary school students, longitudinal study, 13124
issues in environmental psychology, conference presentation, 2714
issues in environmental psychology, criticism of S. Wapner's article, conference presentation, 2715
life in rural environments, elderly, literature review, 16139
noise & classroom design & environment, academic achievement & learning, students, literature review, 32106
problems of daily living & person-environment interaction, aged, review of gerontology & human factors research, 16128
Environmental Stress
additional information on reimbursement & location of working phone, aggressive behavior as result of malfunctioning telephone, public telephone users, implications for vandalism, 32343
background of epidemiological study of effect of economy on psychological disorders, 22642
chronic stress, urinary cortisol & catecholamines & coping style, male vs female residents near Three Mile Island, 7120
cognitive aspects of environmental stress, 14607
cooperative interaction & reduction of environmental stress, intertidal clustering, snails, 8676
disaster caused by lighting, fear & sleep & somatic complaints, 10–13 yr olds & their mothers, 14598
environmental & physical stress, glucose intolerance & diabetes mellitus, 7130
environmental stress, cognitive & somatic activation & anxiety & heart rate & oral temperature, male physical education students & rock climbers, 24715
health & support & personality & adaptability to environmental press, 60–92 yr olds, 4066
heat & noise stress, project indication of personal space permeability, male vs female college students, 21653
intra-hospital relocation, mortality rate & activities of daily living & drug management, long term acute care patients aged 65 yrs & older, 28926
military environment & stress & psychosis & endomorphins, soldiers, 6801
noise stress during relaxation, pain, 20–60 yr old chronic migraine sufferers, 23279
pathway-grid configuration & landmark placement & stress from noise, environmental cognition, 16–36 yr olds, 32337
patient characteristics & contextual variables, violence in psychiatric institutions, implications for prevention & intervention programs, 31700
population growth, mental health, animals & humans, 8261
restricted environmental stimulation therapy, skin conductance & EEG & temperature response, female college & graduate students, 19558
sensory multidimensional overstimulation in enriched vs impoverished condition, occipital/somesthetic cerebral cortical depth & cortical asymmetry, mice, 16701
sensory overload & noise as environmental stressors, patients in intensive care units, 4925
use of multidimensional scaling technique INDSCAL as exploratory procedure to determine organizaton of memory structure for relationship among different environmental stresses, adults, 29950
Envy [See Jealousy]
Enzyme Inhibitors [See Also Cholinesterase Inhibitors, Decarboxylase Inhibitors, Hydroxylase Inhibitors, Monoamine Oxidase Inhibitors, Theophylline]
addition of methylpyrazole to ethanol in drinking fluid, blood ethanol levels & tolerance, male rats, 11602
carbonic anhydrase inhibitors, development of psychiatric symptoms, 12660
injection of d-ala2-met5-enkephalinamide vs thiorphan &/vs naloxone into ventral tegmental area, conditioned reinforcement, female rats, 3446
reserpine vs saline pretreatment & para-chloroamphetamine vs side-chain fluorinated analog, open field behavior & brain levels of serotonin & dopamine & noradrenaline, rats, 3405
thiol proteinase inhibitor leupeptin, ingestive behavior & escape & avoidance conditioning & spatial memory, male rats, 797
Enzymes [See Also Acetylcholinesterase, Alcohol Dehydrogenases, Carbonic Anhydrase, Cytochrome Oxidase, Decarboxylases, Dehydrogenases, Hydroxylases, Kinases, Lactate Dehydrogenase, Monoamine Oxidases, Oxidases, Phosphatases, Proteinases, Transferases]
amastadin, behavioral excitation induced by arginine vasopressin & oxytocin, male mice, 774
angiotensin-converting enzyme activity in CSF, patients with paranoid schizophrenia vs nonspecific neurological symptoms, 9619
antidepressants, norepinephrine receptor-coupled adenylate cyclase system in brain, 3517
choline deficient diet vs starvation, gastrointestinal adrenergic enzyme activity, male rats, implications for treatment of Alzheimer's disease & for patients undergoing fasting, 30154
development of male gender identity, 4 generations of male pseudohermaphrodites, with 5-alpha-reductase deficiency, implications for role of androgens, 28448
exposure to electric shock individually vs in pairs, pituitary adrenal activity & prolactin & catecholamine synthesizing enzymes, male rats, 19611
kinetic scattering of complex brain tyrosine hydroxylating system, statistical patterns from time-dependent fluctuations, rats, 11498
plasma serine levels, psychiatric patients, 17580
presence of electrophoretic variants of arylsufatase A in leucocytes, adult alcoholics vs schizophrenics vs psychiatric patients without alcoholism or schizophrenia, 9777
EOG (Electrophysiology) [See Electro Oculography]
Ependyma [See Cerebral Ventricles]
Ephedrine
dextroamphetamine vs ephedrine, smoking attitudes & behavior, light vs heavy smoking college students, 31803
Epidemiology
age- & sex-specific rates of prevalence of schizophrenia, Ghana, 1472
age & pay grade & educational level, hospitalization for accidents vs respiratory diseases vs mental disorders, high risk White US Navy enlisted males, 23928
annual rates of sunshine & other environmental factors, regional patterns of suicide, Europe vs US, 25687
background of epidemiological study of effect of economy on psychological disorders, 22642
biological/genetic markers & epidemiology, patients with bipolar & unipolar major depressive disorder & their 1st-degree relatives, conference presentation, 28189
birth season, rates of neurosis & personality disorders & alcoholism, male psychiatric patients born between January 1915 & December 1959 & between July 1915 & June 1959, 1348
caste status, mental illness, clinical & hospitalized patients, India, 1444
changes in diagnostic criteria, patterns of psychiatric morbidity & hospital admission, Australia, 1848–1978, 26331
child abuse & neglect reported to US Army, 1976–80, 4307
chronological parameters, suicide rate, Finland vs Norway vs Sweden vs Denmark, 17617
clinical & epidemiological survey of attempted suicide & deliberate self harm, schizophrenic patients, Scotland, 31007
clinical epidemiological screening for mental disorders, elderly, 4170
clinical epidemiological studies & manifestations, children with epileptic syndromes, 4504
concepts & methodologies in case definition & case identification in psychiatric epidemiological studies, 13484
concurrent validity of questionnaires in population studies, assessment of drug use, 18 yr old male military conscripts & 9th graders, Sweden, 29734
construct validity of factor analytic estimation procedure & log-linear-based capture-recapture method, estimation of prevalence of heroin abuse, 13524
contributions of epidemiological research to classification of mental disorders, 9677
course & outcome of drug abuse, male military conscripts, Sweden, 28296
demographic & SES variables, prevalence of pain, 18–91 yr olds, 9914

demographic distribution & methods & precipitating factors of recorded suicides, Fiji, 28322
demographic variables & social conditions & ethnicity, prediction of foster care placement, children, 21019
demographics, rubella-deafened population, 4391
design of epidemiologic catchment area surveys, determination of prevalence of mental disorders, 8356
determination of high risk alcoholic areas based on epidemiology data, Spain, 12262
diagnosis of hypertension & implementation of treatment trial, incidence of psychiatric morbidity, 35–64 yr olds, 4573
diagnostic classification systems in psychiatric epidemiology, 20180
diagnostic criteria & epidemiology of depression, males vs females, conference presentation, 28154
disorders & their prevalence & treatment, females, implications for social change & professional training, conference presentation, 23064
drawbacks of shopping center location for prevalence survey of anorexia nervosa & bulimia, reply to comments by M. Edlund, 90
drawbacks of shopping center location for survey of anorexia nervosa & bulimia, comment on prevalence study by H. G. Pope et al, 58
drug acquisition curve for analysis of drug epidemiology, adolescents, 869
drug dependency, psychiatric inpatients & students, Brazil, 20411
epidemiologic assessment of cognitive impairment in adult community population, 9589
Epidemiologic Catchment Area program, determination of prevalence of mental disorders, US & Canada, 9706
epidemiological & clinical research as guide in search for risk factor & biological markers of mental disorders, conference presentation, 28206
epidemiological & sociocultural & clinical factors, suicide, Mexico, literature review, 31043
epidemiological perspective, psychogeriatrics, 4583
epidemiological perspective, schizophrenia & affective disorders, Canada, 17445
epidemiology & clinical outcome, children with failure to thrive in rural ambulatory clinic, 2-yr longitudinal study, 9584
epidemiology & cross cultural & family studies of panic & anxiety disorders, conference presentation, 20342
epidemiology & genetics & relationship to depressive disorders & compulsive characterologic traits, obsessive compulsive disorder, literature review, 25585
epidemiology & methods of evaluation & diagnosis, patients aged 15 yrs & older complaining of fatigue, 25931
epidemiology, affective psychosis, outpatients of mental health services, Brazil, 25599
epidemiology, cocaine usage & abuse, 12226
epidemiology, normal to pathological continuum of depressive mood swings, 19–20 yr olds, Switzerland, 4-yr longitudinal study, 9608
epidemiology of alcoholism & impact on labor market, Chile, 20427
epidemiology of alcoholism, Chile, 28363
epidemiology of alcoholism, physicians, implications for preventive education, 28351
epidemiology of anxiety disorders, 9702
epidemiology of attempted & actual suicide, adults admitted to psychiatric hospital, Denmark, 25636
epidemiology of attempted suicide, males & females, France, 25621
epidemiology of attempted suicide, Nigeria, 1978–81, 17604
epidemiology of chronic illness, children, US, 7061
epidemiology of disability & rates of employment of disabled, Poland vs US, 30873
epidemiology of emotional disorders, 29–58 yr old managers of industrial plant, implications for prevention & occupational stress, 30916
epidemiology of Fetal Alcohol Syndrome, children under 15 yrs born to 15–44 yr old mothers from Navajo vs Pueblo vs Plains American Indian tribes, 28463
epidemiology of mental disturbance during pregnancy, index females with history of nonorganic psychosis, 20308
epidemiology of mental retardation & additional disabilities, 1952–66 birth cohort, Canada, 14842
epidemiology of neurosis assessed with Cornell Medical Index, male Turkish immigrant laborers, Holland, 14733
epidemiology of psychiatric disorders & symptoms, children of guest workers in child psychiatric outpatient unit, West Germany, 1978–82, 25496
epidemiology of psychosis, Ireland, 14746
epidemiology of schizophrenia, coastal Indians, British Columbia, 12132
epidemiology of severe dementia, 70 yr olds living in urban environment, Sweden, 9-yr followup, 25889
epidemiology of somatoform & mental & antisocial disorders, children & adolescents, rural Japan, 12103
epidemiology of tardive dyskinesia, chronic schizophrenia patients hospitalized for 2 yrs or more, Japan, 6788
epidemiology, physically & mentally handicapped aged up to 6 yrs, Denmark, 30882
epidemiology, psychic beliefs & other paranormal experiences & out-of-body experiences, registered voters, England, 8281
epidemiology, suicide, residents of Manitoulin Island Indian Reserve, Canada, 5-yr followup, 17610
epidemiology, suicide, 15–34 yr olds, Sri Lanka, 6909
ethanol & quinine levels as revealed by toxicologic analysis of postmortem blood, heroin related-death epidemic, US, 1976–1982, 22863
examination of attempted suicides in general practice using Continuous Morbidity Registration data, 1979–80, 17603
exposure to sociocultural change & demoralization of community, 25970
Fliess-Swaboda Biorhythm Theory, prediction of suicide occurrence, 14–78 yr old VA hospital patients, 1514
frequencies of auditory & visual & olfactory hallucinations, English vs African vs Asian vs Caribbean vs Indian schizophrenic patients, England, 28237
frequency & reasons for suicide, Galicia vs remainder of Spain, 1971–75, 20380
generalized linear models, analysis of data from point-prevalence survey of minor psychiatric morbidity, community residents aged 15 yrs & older, 2973
hysterical manifestations & symptomatology, psychiatric inpatients, 1910–29 vs 1970–80, literature review, 4166
incidence & correlates of bulimic behavior, 13–19 yr old females, 20530
incidence & prevalence & treatment of chronic vs nonchronic mental disorders, 9676
incidence & prevalence of aphasia, Netherlands, 1979, 25805
incidence & prevalence of Down's syndrome, 25732
incidence & treatment & effect on bonding, infantile colic, infants who were breastfed, 1712
incidence of chronic mental illness, patients admitted to hospital emergency room, Italy, 31688
incidence of Down's syndrome, Orthodox Jewish children, Jerusalem, 1968–82, 20454
incidence of female headaches vs male backaches, Appalachian community residents, 22978
incidence of hearing impairment, Down's syndrome 5.3–20.2 yr olds in special schools, 22904
incidence of hysteria phenomena, 8.3–12.9 yr olds, Australia, confirmation of J. Proctor's 1958 US figures, 17483
incidence of mental disorders & educational failure, children in inner city environments, implications for mental health practitioners & policymakers, 28252
incidence of physical & mental disorders, future psychiatrists vs surgeons vs internal medical specialists, Switzerland, 26462
incidence of psychiatric disorders, 3–18 yr olds with cystic fibrosis vs cerebral palsy vs myelodysplasia vs multiple physical handicaps, 28407
incidence of psychiatric emergencies & need for psychiatric aid, Spain, 18210
incidence of rape & sexual assault, 18–82 yr old urban females, Canada, 14768
incidence of schizophrenia, Australia, 25538
incidence of sexual abuse as children, adults, US, implications for policy making, 22831
interpersonal influences & biological factors & epidemiology, alcohol & drug usage, adolescents & young adults, 3974
levels & trends of suicide, elderly males vs females, 1933–78, 20409

lifetime prevalence of psychiatric disorders based on data from Epidemiologic Catchment Area program, US, 9709
measurement by play audiometry with peep show test &/or electrophysiological audiometry by auditory brain stem response, incidence of hearing impairment, 10 mo through 15 yr olds with Down's syndrome, 4377
mental status & personality & social adjustment, male vs female general practice patients presenting with conspicuous psychiatric morbidity, 22677
methodological aspects, epidemiology of depressive & neurotic & psychosomatic syndromes, 19–20 yr olds, Switzerland, 4-yr longitudinal study, 9579
National Incidence Study of Child Abuse and Neglect, study of child sexual abuse, US, 9766
need for epidemiological research to determine psychotherapeutic requirements for increased mental health care, 31351
neuropediatric aspects, hereditary & sensory neuropathies, 2–15 yr olds, Sweden, 10026
neuropsychological testing for epidemiology of chronic toxic encephalopathy, patients, 1980–83, 28512
occurrence of mental disorders, urban 18–65 yr olds, Sweden, 17480
occurrence of mental disorders, urban 70 yr olds reexamined at 75 & 79 yrs of age, Sweden, 17533
organic vs idiopathic chronic low back pain with frequency of depression, 18–60 yr old male factory workers, 28460
patient characteristics & hospital factors, suicide, psychiatric inpatients, England, 1972–81, conference presentation, 25645
pharmacologic properties & epidemiology & effects on CNS & abuse potential, marihuana vs alcohol, 30753
poverty & incidence of alcohol & drug dependency, residents 15 yrs & older, Costa Rica, 31052
presence of bulimia, 14–18 yr old female high school students, 17658
prevalence & characteristics & drug treatment of insomnia, 18–79 yr olds, 20559
prevalence & correlates of emotional distress, males vs females 15 yrs & older, Israel, 8-yr longitudinal study, 20298
prevalence & correlates of psychological distress, male vs female 9th–12th graders, Canada, 22687
prevalence & distribution & identification of high risk groups, psychiatric illness, elderly residents & psychiatric & nursing home patients, West Germany, 20247
prevalence & incidence & psychotherapeutic care of psychological disorders, rural West Germany, 1950–80, conference presentation, 28606
prevalence & patterns of substance use, 14 yr olds, 19897
prevalence & prediction of depression, suburban residents, 28240
prevalence & predictive factors of depression, middle aged vs geriatric hospitalized medical patients, 26334
prevalence & relation to affective disorders & suicide & drug therapy, premenstrual syndrome, literature review, 25820
prevalence & treatment, alcoholism, Southeast Asia, 2222
prevalence estimates using DSM-III, criteria vs validity of Personality Inventory for Children & Children's Depression Inventory, diagnosis of depression, 8–12 yr olds, 16340
prevalence of classical vs common migraine headaches, female vs male college students, Nigeria, 7100
prevalence of cyclothymia, 15–21 yr old offspring of patients with bipolar affective disorder, 25555
prevalence of depression & anxiety, Canada, 1952 vs 1970, 9688
prevalence of depression & depressive-like states, 1–6 yr olds, 9668
prevalence of depression measured by Center for Epidemiological Studies Depression Scale, Chinese- & Japanese- & Filipino- & Korean-Americans, 1421
prevalence of dimensions of psychotic & affective signs & symptoms, neuropsychologically impaired vs neuropsychologically intact schizophrenics, 22655
prevalence of epilepsy & relation to violence & seriousness of crime, male prisoners, 7145
prevalence of infantile autism, 6–12 yr olds, Japan, 1980–81, 1411
prevalence of mental disorders, industrial workers, India, 30988
prevalence of mental disorders, pediatric patients, implications for pediatrician's role in mental health service delivery, 28822
prevalence of mental disorders, residents 55 yrs of age & older of low income urban neighborhoods, Brazil, 17462
prevalence of mental disorders, US, 9645
prevalence of mental disorders, 10 yr olds, Norway, 22789
prevalence of physical abuse, psychiatrically hospitalized 3–17 yr olds, 26340
prevalence of psychiatric & medical & social problems, health care needs, Hispanic 60–75 yr olds & over, 1336
prevalence of psychiatric disorders based on data from Epidemiologic Catchment Area program, US, 9689
prevalence of psychiatric disorders, elderly in private residence vs institutional care in urban environments, West Germany, 25522
prevalence of psychiatric disorders in urban vs rural environments, participants in community survey, 30907
prevalence of psychiatric disorders, 1.9–12.1 yr olds with speech & language disorders, 6987
prevalence of psychopathology & sociocultural factors, males vs females, Argentina, 1356
prevalence of psychosomatic disorders in rural vs urban vs tribal environments, Iran, 1963–76, conference presentation, 28398
prevalence of psychosomatic disorders, police officers, Canada, 26812
prevalence of self destructive stereotyped behavior & other characteristics, institutionalized mentally retarded, implications for treatment, 28372
prevalence of self injurious behavior & O agreement, severely & profoundly institutionalized retarded adults, West Germany, 26342
prevalence of sleep paralysis, Blacks with mean age of 31.3 yrs, 9888
prevalence rates, alcoholism, psychiatric patients, 1977–82, Italy, 4300
primary brain tumors, psychiatric patients, 25849
probability of answering sensitive question & proportion of population with nonsensitive characteristic, frequency estimates in randomized response design, college students, 19031
professional status of interviewers & statistical problems & sources of disagreement, diagnosis of psychiatric disorders in epidemiologic field studies, 30948
psychiatric & psychosomatic disorders, 15–65 yr old nonpsychiatric inpatients, conference presentation, 28455
psychiatric epidemiology, 12959
psychopathology & symptom change, Laotian Hmong refugee psychiatric patients vs nonpatients, 2-yr followup study, 20690
reasons for apparent increase in insanity during Victorian era, reply to comments by E. Hare, 6849
relative frequency of arson vs pyromania based on psychiatric clinical observations, Canada, 31029
religious involvement & suicide rates, White vs Black males vs females, US, 1972–78, 6926
research & theories, alcohol drinking patterns & low rate of alcoholism, Jews, literature review, 6414
role of violence & application of epidemiologic techniques used by Centers for Disease Control to study problems of child abuse & homicide & suicide, 17620
screening for alcoholism using J. P. Feighner's symptom profile, 18–65 yr old medical patients at 1st time hospital admission, Kenya, 6934
seasonal variation, rates of psychiatric hospitalization & mental illness, literature review, 22748
sex & marital status & SES & education & health, prevalence of anxiety symptoms, Ss aged 55 yrs & older, 4049
sex & race, suicide rates, Black vs White Ss aged 55–74 vs 75–84 vs 85 yrs old & older, 25654
social class & mobility & marital status, prevalence of cerebral dysfunction & prevalence of child psychiatric disorders, 8 yr olds & their parents, West Germany, 25764
social factors, psychiatric disorders, community survey respondents, 28215
sociodemographic & socioeconomic factors, pregnant females with unknown last menstrual period, 4091
sociodemographic characteristics & methods & causes, "parasuicide", 14–70 yr old suicide attempters, Kenya, 6886
sociodemographic risk factors, epidemiology of depressive symptoms, adults in Black communities, US, 22694
statistical technique, correction of selection bias in estimation of prevalence of depressive disorders in community mental health centers, 24323

stressful life events & social support, depression, community members, longitudinal study, 28219
suicide rate, male vs female Whites, 1960–78, 9810
suicide rates, Eastern Europe, 1541
technique for population estimation, noninstitutionalized chronically mentally ill in state & local areas, 29660
temporal patterns of child abuse & neglect reporting, US, implications for scheduling of personnel, 17628
time-course & prognosis, patients with paroxysm-like schizophrenia, 12207
trends in incidence and causes of sudden deaths, hospitalized mentally handicapped, 1930–80, 23494
TV viewing, national suicide rates, US, 25638
types & variety of morbidity experienced, children less than 12 yrs old, 6-yr longitudinal study, 4114
use of mental health services & prevalence of emotional disorders & suicide rates, college students, US, 8133
use of Syndrome Check List, frequency of 1st-rank symptoms of schizophrenia, English vs African vs Asian vs Caribbean vs Indian patients, England, 28238
use of toxic inhalants, American Indian 7th–12th graders, 31015
utility of routine blood pressure assessment & prevalence of hypertension, males at outpatient alcohol treatment clinic, 23585
Epilepsy [See Also Epileptic Seizures, Experimental Epilepsy, Grand Mal Epilepsy, Petit Mal Epilepsy]
activities of daily living & emotional problems & behavior disorders, 5–75 yr old institutionalized mentally retarded with vs without epilepsy, conference presentation, 20447
age at seizure onset & duration & frequency of attacks & EEG & extent of neurological impairment, emotionality, 9–13 yr olds with chronic generalized seizures, 12328
aggressive behavior & violence, epileptics, 20627
amytal testing of speech & memory & stereognostic functions, 16–60 yr old epileptics, 12402
anxiety & dissatisfaction in self concept, epileptic vs learning disabled 8–14 yr olds, 1695
attention & memory problems, 15–36 yr old epileptics, 12375
auditory selective attention, generalized vs left temporal vs right temporal complex-partial epileptics, 12332
behavioral disorders, patients with multiple sclerosis vs temporal lobe epilepsy vs amyotrophic lateral sclerosis, 9999
biofeedback & relaxation training & psychotherapy & seizure control techniques as alternatives to drug therapy, epilepsy, children, 31336
biofeedback training, respiration & chronic hyperventilation & idiopathic epilepsy, 23–46 yr olds, 31453
carbamazepine & diphenylhydantoin, plasma tryptophan concentrations, 12–75 yr old chronic vs newly diagnosed epileptics, 26195
carbamazepine dosage, amygdaloid kindling-induced convulsions, male rats, 24784
carbamazepine, psychopathology between seizures, epileptic 18 yr old female with ictal fear, 7438
carbamazepine vs phenytoin, memory & word list learning & delayed recognition of pictures & visual tracking & decision making & mood, 13–66 yr old epileptics, 12618
centro-midtemporal spikes & epilepsy & structural lesions, 2–13 yr olds, 1731
clinical & ethiopathogenic variables, epileptic psychosis patients, West Germany, 1960–79, 12345
clinical epidemiological studies & manifestations, children with epileptic syndromes, 4504
coeducation in institution, adults with polyhandicaps & epilepsy, conference presentation, 32124
cognitive-behavioral treatment, depressed affect, epileptics with mean age of 33.1 yrs, 1942
color, epileptogenesis, 12–48 yr old photosensitive epileptics, 28402
consequences of inappropriate changes in medication, epileptic patients, 20944
construction & evaluation of cognitive dysfunction questionnaire, epileptic 6–13 yr olds, educational implications, 11118
cultural explanation, epilepsy, 24 yr old female, Malaysia, 4501
development of neurotic states, patients with epilepsy, implications for use of psychotherapy & acupuncture with anticonvulsive treatment, 14998
dissociative disorder & temporal lobe epilepsy as legal defense in cases of homicide, 38 & 48 yr old males, implications for misuse of psychiatric involvement in legal proceedings, 22498
drug intake & seizure factors, development of dementia, 20–57 yr old epileptic patients, 12409
EEG & biological validation of occupational therapy on rehabilitation, epileptic patients, 4988
effectiveness of carbamazepine vs valproate vs gammavinyl GABA, treatment of epilepsy, 12632
electrical stimulation, olfactory perception, epileptics, 7129
epilepsy & mental retardation, children, 4116
epilepsy as psychosomatic disorder, 6–12 yr olds, 9986
ethotoin, psychomotor seizures, 7–21 yr old patients, 7411
factors affecting consistency of circadian distribution of interictal epileptiform EEG activity, epileptic 20–66 yr old patients, 14960
guidelines for use of psychotropics in treatment, epilepsy, 28785
hemispheric language dominance & handedness, patients with temporal lobe epilepsy, 9992
hyperconnection theory of D. M. Bear, 14956
ictal visual hallucinations of numerals, 9–14 yr olds with benign occipital epilepsy, 14925
importance of temporal aspects of epilepsy as explanation for conflicting views of prognosis, 26000
inheritance & relationship of pendulum movements & audiogenic epilepsy to catalepsy, rats bred for predisposition to catalepsy, 30124
intracranial meningioma, depression, 62 yr old female epileptic treated with leucotomy, 20558
intrahippocampal ibotenic acid injection, EEG changes & seizures & stereotypic behavioral activity & reversal by levo-2-amino-7-phosphonoheptanoic acid, rats, implications for epilepsy, 719
knowledge about & opinions of & prejudices against epileptics, basic vs advanced-level school teachers, Austria, 21262
laterality of paroxysmal discharges, disturbances in visual memory functioning, temporal lobe epileptic patients, 22996
left vs right temporal lobe focus, genesis of emotional affective disorders, epileptic patients, 4503
levotryptophan, epileptic behavior, hyperactive 7–14 yr olds receiving either carbamazepine or sodium valproate treatment, 4777
long term anticonvulsant therapy, behavioral problems & cognitive impairment, 5–18 yr olds with complicated epilepsy, 28747
Luria-Nebraska Neuropsychological Battery, assessment of neuropsychological deficits in epilepsy, 14–25 yr old patients, replication of finding of R. A. Berg & C. J. Golden, 25832
mental disorders & electrophysiological correlations, epileptics vs temporal epileptics, 20509
mesial temporal sclerosis without temporal lobe epilepsy, mentally handicapped 42–72 yr olds, 6981
milenperone, management of aggressive behavior, 12–80 yr old epileptic & alcoholic patients, 20906
neuroleptic drugs, paradoxical reaction, 19–39 yr old patients with masked epileptiform vs bipolar vs schizoaffective disorders, 12624
neuropsychological assessment & EEG, reading as effective stimulus in reflex epilepsy, 53 yr old nonphotosensitive male, 4518
neuropsychological profile & vocational outcome, epileptic adolescents, 6.4-yr followup, implications for vocational rehabilitation, 4411
neurosurgery & developmental history, 3–36 yr olds with focal epilepsies, 28831
neurosurgical intervention, violence in temporal lobe epilepsy, criticism of study by O. Devinsky & D. Bear, 12734
neurosurgical intervention, violence in temporal lobe epilepsy, reply to comments by A. A. Stone, 12683
nomifensine, exacerbation of depression & seizures, 54 yr old female epileptic, 26169
nomifensine, precipitation of seizures, implications for management of patients with epilepsy & neurological diseases associated with lowered seizure threshold, conference presentation, 7481
occurrence of epileptic crises, child psychosis, 17558
orienting reaction to auditory stimulation, 6–48 yr old post-meningoencephalic epileptic patients, 7113
personality characteristics, patients with left vs right temporal lobe vs generalized epilepsy, 20487

personality traits assessed by Bear-Fedio Personality Inventory, patients age 16 yrs & older with epilepsy vs chronic pain vs psychiatric symptoms, 7112
phenomenological classification of deja vu, normals vs neuropsychiatric patients vs epileptics, 24098
preferences for modern vs traditional care services, treatment of epilepsy vs psychosis vs tuberculosis, nurses & patients & villagers, Botswana, 17837
preoperative & postoperative assessment of memory, 16–42 yr old epileptic patients, 12721
preoperative identification of neuropsychological strengths & deficits & lateralization of speech & memory, temporal lobe epileptics, 12684
prevalence of epilepsy & relation to violence & seriousness of crime, male prisoners, 7145
prognosis & clinical genetic examination, 4528
prognosis of social functioning & seizure status, epilepsy with onset in childhood, epileptic patients, 20-yr followup, 12403
prognostic evaluation, epilepsy, 4398
prolactin & follicle stimulation & luteinizing hormone levels, epileptic patients with partial seizures with vs without psychopathology, 9915
psychiatric evaluation & Rorschach test, estimation of frequency & conditions & specificity of personality change, chronic epilepsy patients, 17753
psychiatric symptoms & maladjustment, 13–41 yr olds with temporal lobe epilepsy, 17813
psychic status & cognitive processes & attitudes toward work & social adaptation during remission, epileptic patients, 4478
psychomotor epileptic & other symptoms & family history & response to lithium carbonate, patients with bipolar mood disorders, 12178
psychosocial rehabilitation, epilepsy, literature review, 12843
rehabilitation hostel, independence, epileptic 18–38 yr olds, 18336
risk for psychopathology, epileptic patients, 7146
role in provision of educational services for epileptic children, school psychologists, 23835
role of imagination in treatment, epilepsy, children, 31327
singing & recitation, development of seizures, 26 mo old male, 9944
somatic & autonomic & EEG changes elicited by auditory stimulation, 11–72 yr olds with epileptogenic cerebral tumors, 31246
stigma, Ss under age 26 with epilepsy, longitudinal study, 25785
structure & time course of epileptic attacks, patients with right vs left temporal lobe epilepsy, 4539
surface dyslexia, 13 yr old male with epilepsy, 25938
temporal lobectomy for relief of focal seizures, cognitive functioning, adults with left vs right seizures, 26255
validity of Rule 1 of L. R. Goldberg's MMPI sequential diagnostic system, assessment of psychiatric status, epileptic patients with inpatient vs outpatient psychiatric treatment & chronic vs intermittent vs no emotional problems, 4447
visual evoked responses, family with progressive myoclonus epilepsy with dilated pupils vs 20 yr old female with Lafora-type epilepsy vs 27–62 yr olds with grand mal epilepsy, 31174
withdrawal syndrome associated with clonazepam treatment, 28–38 yr old patients with temporal lobe epilepsy, 15323
writing hand posture, cerebral dominance for speech, 9–59 yr old epileptics with speech localized in right vs left hemisphere, 10011

Epileptic Seizures [See Also Experimental Epilepsy]

age at seizure onset & duration & frequency of attacks & EEG & extent of neurological impairment, emotionality, 9–13 yr olds with chronic generalized seizures, 12328
alcohol abuse & withdrawal, status epilepticus, 19–80 yr old males & 16–80 yr old females, conference presentation, 20540
amytal testing, speech & verbal & pictorial & stereognostic memory, 16–60 yr old epileptics with medically refractory seizures, 12401
circadian rhythms & temporal structure, susceptibility to tonic-clonic seizures, genetically epileptic mice, 11493
clinical & EEG evaluation, seizures & seizure-like disorders, children, 28501
clinical features associated with successful vs unsuccessful response to high dosage anti-epileptic drug therapy, chronic epileptic patients with complex partial seizures, 28793
cortical stimulation, transient neuropsychological abnormalities & Gerstmann's syndrome, 17 yr old right handed male with partial seizures, 14966
differential diagnosis, psychic vs epileptic seizures, 9948
drug intake & seizure factors, development of dementia, 20–57 yr old epileptic patients, 12409
EEG & videotaping, evaluation of localizing significance of head turning as 1st sign of epileptic seizures, 12–46 yr old patients, 14971
etiology & postconvulsive sleep & frequency of seizures & symptoms of chronic organic psychosyndrome, epileptic patients, 17786
misdiagnosis of complex partial seizures as psychiatric illness, 36 yr old female, 6722
naltrexone, behavioral depression following amygdala vs hippocampal kindled seizures, rats, conference presentation, 30215
pontile lesions, long term development of grooming reflexes into Brown-Sequard seizures, cats, 27529
prognosis of social functioning & seizure status, epilepsy with onset in childhood, epileptic patients, 20-yr followup, 12403
prolactin & follicle stimulation & luteinizing hormone levels, epileptic patients with partial seizures with vs without psychopathology, 9915
pseudoepileptic seizures, 12–16 yr olds with vs without epilepsy, 28436
self induced photogenic epilepsy, 2 yr old male & 14 mo old female, 31271
structure & time course of epileptic attacks, patients with right vs left temporal lobe epilepsy, 4539
tasks involving calculations & manipulations of spatial information & games vs reading & memory & time telling, paroxysmal EEG activity, 40 yr old female with epileptic seizures, 17823

Epinephrine

adrenal medullary implants in denervated anterior vs lateral caudate, distribution of catecholamines in grafts vs host caudate, rats with unilateral dopamine denervated striatum, 6087
adrenaline excretion rates & absenteeism, city bus drivers, 10994
amphetamine & epinephrine, long-term potentiation in dentate gyrus, male rats, 13886
cigarette withdrawal, urinary secretion of epinephrine, smokers, 24965
excretion of adrenaline vs noradrenaline in urine, discrimination of involvement in physical vs mental test, 21–29 yr old males, 13832
ip vs icv ACTH vs epinephrine vs beta-endorphin, retrieval of inhibitory avoidance task, female rats, 737
mild vs severe vs no social stress, release of epinephrine & norepinephrine, outpatients with essential hypertension, 12385
norepinephrine-epinephrine ratio, psychiatric inpatients with history of attempted suicide & mean age of 37 yrs, 14816
perception of coping self efficacy, effects of environmental events on catecholamine secretion, 19–40 yr old female phobics, 25509
peripheral epinephrine, kindled seizures resulting from repeated daily electrical stimulation of amygdala, male rats, 9037
physostigmine, pulse & blood pressure & serum epinephrine, 25–52 yr old patients with affective disorder, implications for treatment of Alzheimer's disease, 28208
plasma levels of norepinephrine & epinephrine & arterial pressure following footshock & open field behavior & passive avoidance performance, Wistar-Kyoto vs Brown-Norway rats, 544
predictability vs nonpredictability of shock in presence vs absence of tone, blood pressure & heart rate & plasma levels of norepinephrine & epinephrine & corticosterone, male rats, 30172
relationship of coronary prone behavior to forearm blood flow & vascular resistance & epinephrine & cortisol & role of hostility in coronary heart disease, male college students & patients, conference presentation, 20632
stress & amphetamine vs morphine vs pentobarbital vs diazepam vs alprazolam, plasma catecholamine levels, male rats, 22093
stress, activation curves of epinephrine & norepinephrine, hyper- vs normotensives, 25858
stress, activation curves of epinephrine & norepinephrine, male vs female hyper- vs normotensives, 25888

Epistemology

analysis of issues upon which K. R. Popper & T. S. Kuhn have been thought to differ, 8325

applications of cybernetic epistemology, counseling research, criticism of G. S. Howard's study, 26044
cognitive contents & logic & motivation in inferences derived from epistemic models of attribution theory, reply to M. Effler, 29626
cognitive psychology & T. S. Kuhn's conception of knowledge, 29913
collectivistic & value-free approach to science, criticism of A. Kukla's article, 2739
concept of schema in cognitive psychology, 29939
cybernetic epistemology of G. Bateson & epistemology of Alcoholics Anonymous, 23587
dependency theory & epistemology & understanding poverty in Third World, 18940
epigenetic perspective on concept of transference, 28635
epistemic focus & information bases in attribution theories, criticism of A. W. Kruglanski et al, 29617
epistemological & metaphysical limits, integration of psychology & theology, 4
epistemological analysis, psychiatric concepts, 25976
epistemological approach, limits of automation, 26939
epistemological philosophy, behavioral therapists vs psychoanalysts, 21217
epistemological positions & associated techniques of social research, 8351
epistemological status of experimental psychological research, 5560
epistemology & ethics, psychiatry, 18488
epistemology & tautology & family system, suicide & obsolescence, 6919
epistemology & thought, family therapy, 31410
epistemology, creation of interdisciplinary psychology, 29634
epistemology of knowledge of student's feelings, teachers, 31969
epistemology of psychoanalytic theory, 21691
historical stages in development of psychotherapy, 33
human communication & sexuality, contributions of J.-P. Brisset, 29632
natural selection, belief in other minds, adult humans vs other creatures, 31
objectivity of science, reply to criticisms by G. M. Alliger & P. J. Hanges & G. Netter, 2741
ontogeny & phylogeny & Piagetian theory, 5549
perceptual vs cognitive groundings, consistency theories in social psychology, 17295
philosophical contribution of S. C. Pepper's "World Hypotheses: A Study in Evidence", implications for experimental psychology, 27087
phylogeny & Piaget's ontogeny of knowledge, 5541
radical behaviorism & criticism of epistemology, criticism of P. A. Lamal's study, 8346
relations among ideas & substances & actions of mind & perception & causality, criticism of G. Berkeley's doctrine of notions, 26893
relativistic vs dualistic beliefs about nature of knowledge & immature vs mature concepts of prose coherence, college students, 15850
review of approaches to nature & interpretation & formation of concepts, 5798
theoretical construction & experimental development, social & epistemological analysis of exact science research, 16261
value-free approach to science, comments on A. Kukla's article, 2742
Epithelium [See Skin (Anatomy)]
Equal Education
court interpretation of related services mandate of 1977 Education for All Handicapped Children Act, 10820
empirical identification of criteria for effective affirmative action programs, affirmative action officers in higher learning institutions, 2392
implementation of PL 94-142, review of 6th Annual Report to Congress, 10806
placement in separate schools, severely handicapped children, case law, 25329
reimbursement by school district for psychotherapy, high school student, case law, 14365
request for cued speech interpreter in general & special education classes, parents of hearing impaired child, case law, 14364
Equality (Social) [See Social Equality]
Equilibrium
acquisition of concept of inverse proportion in balance equilibrium task, 3–14 yr olds, 6294
approaches to characterization & roles of anatomy structures & stages, vestibular compensation, 22015
blockade of muscle & foot afferentiation, maintenance of bodily equilibrium in saggital plane with leg muscles, 25–35 yr olds, 30105
dynamic balance abilities, learning disabled vs nondisabled 1st & 3rd & 5th graders, 1590
proprioception, postural stabilization as assessed by ischemia, 28–32 old males, 617
standardization of prone extension postural test, assessment of vestibular functioning, normal vs learning disabled 4–8 yr olds, 2901
vestibular &/vs somatosensory stimulation, vestibular vs somatosensory nystagmus & afternystagmus, normal Ss vs patients with bilateral vs unilateral loss of labyrinthine function, 7015
visual input, maintenance of postural stability, dyslexic children with mean age of 10.9 yrs, 12293
Equipment [See Apparatus]
Equity (Payment)
amount of reward & type of relationship & salience of co-worker's distress, egocentric bias, college students, 17322
bank loans, poor females, India, 22419
causal attributions for differing production rates, allocation of rewards, female vs male college students, 29531
chronic vs experimentally induced self awareness, responsiveness to equity vs equality standard of justice in allocation of payment, college students scoring high vs low on Self Consciousness Scale, 14472
construction of Rasch scales, equality vs performance principle in distributive justice judgments, students, 11186
context of interaction & presence vs absence of personal contact & input dimension, allocation, college students, test of J. S. Adam's theory, 25391
cultural collectivism & Ss' input, reward allocation with in- vs outgroup members, college students, US vs Hong Kong, 12005
decline in funding from public & private sector, teaching, research, psychiatrists, 12906
equity vs social categorization, intergroup allocation of monetary reward, college students, 14493
estimates of incomes for various occupations & judgments regarding fairness of income differences, working- vs middle-class 3rd–7th graders, 25186
expectations for future interaction with male vs female coworker & type of reward & allocation decision, reward allocations, male vs female college students, 28028
extrinsic incentives, use of test anxiety as self-handicapping strategy, male college students, 15836
factors affecting lack of suitable funding for home purchase or renovations, elderly, implications for mortgage policy, 28857
framework for analysis of transition in local social service programs due to federal government's block grant decentralization policy, 21026
gender & availability of social comparison information, judgments of fair monetary payment for work performed, college students, 12025
group discussion, equity vs ingroup bias in reward allocation, female college students, 30790
inequality of rewards & inequity of contributors & outcomes, satisfaction in intimate relationships, male vs female college students, 30787
job evaluations as tool to achieving pay equity, female workers, 29481
perceptions of fairness in equitable allocations, upper vs middle managers vs clerical workers with mean age of 38 yrs, 2682
religious affiliation of target, altruism regarding academic grades vs salary, Hindu vs Muslim vs Christian female college students, India, 30797
situational ambiguity & computational complexity, compromising in allocation of equity, 16–19 yr old male secondary students, 19880
social identity & equity concerns, intergroup perceptions, psychiatric nurses & nursing students, partial support for social identity & strategic-response theories, 28055

theory & practice of concept of comparable worth, working females, US, 22547
type of distributive reward system, competitiveness of fantasy in projective story, female vs male college students, 28046
type of social relationship, perceived justice of money vs affection transactions following need vs equality vs contribution principles, 25432
variability in payoff disbursement in coalition formation games, triads, 20072
Equity (Social) [See Also Equity (Payment)]
beliefs & attitudes toward sex discrimination & female economic opportunity & racial equal opportunity, survey respondents over 18 yrs of age, 3770
concurrent & construct validities, measures of psychological equity/inequity by E. Walster et al & J. Traupmann et al, college students, 204
equity & distress & evaluation of self & partner's personality & level of agreement, 22–55 yr olds from continuing vs dissolved dyadic partnerships, 8226
explanations for economic & social inequity, urban 13 & 21 yr old Blacks & Hispanics with histories of academic failure & students of alternative high schools & 20–64 yr old counselors of high risk youth, 10781
inequality of rewards & inequity of contributors & outcomes, satisfaction in intimate relationships, male vs female college students, 30787
mail survey vs face-to-face interview, social desirability of responses in equity research, urban residents, Netherlands, 5577
perceived cohesiveness & exchange ratio & alternatives & reinforcement schedule, unmarried couples, 25389
perceived qualifications, level of resentment about deprivation when resources are abundant vs scarce, unemployed nurses vs college students, 22611
perceptions of equity/inequity, marital adjustment, 18–49 yr olds, 3818
perceptions of equity/inequity, self concept & marital adjustment, 19–91 yr old married couples, investigation of interactionist model of reflective self, 3837
physical size & quality of dress of shoplifter, report of shoplifting, bystanders, support for equity theory, 4020
prediction of commitment to their college, college students majoring in physics vs economics vs political science, test of power of equity measures, 15847
predictive validity, mathematical models of psychological inequity, employed graduate students, 5488
record keeping of individual inputs into joint tasks, college students in exchange vs communal relationships, 3992
relative deprivation vs pragmatic theories of collective behavior, prediction of relationship between magnitude of inequality & feelings of deprivation, disadvantaged females, 22608
relative need & individual performance, individual & group reward allocation decisions, college students working individually vs in 4-person groups, 22594
role in policy development & curriculum reform & research in achieving sex equity in education, psychologists, 29110
sex equity provisions in 1976 amendments to Vocational Education Act, 29225
support for equal or equitable reward allocation for work performed, interpersonal attraction, 12028
type of social relationship, perceived justice of money vs affection transactions following need vs equality vs contribution principles, 25432
utilitarianism & conflict of interest in helping situations, 17318
Erection (Penis)
arousal level & visual stimulus content, control of penile tumescence, incarcerated rapists, implications for deception in assessment of sexual arousal, 22840
chlorpromazine, development of priapism, 46 yr old male treated for schizophrenia, 18112
depictions of rape & consensual sex, subjective sexual arousal & penile tumescence, 18–33 yr old college students, 11957
erectile impotence, 31–61 yr old chronic alcoholics, 9812
peripheral 6-hydroxydopamine, penile reflexes, male rats, 19683
physiological vs subjective measures of sexual arousal, 19–34 yr old males, 22551
rational emotive therapy, anxiety & number of intercourse attempts, males with erectile failure, 26117
self reported frequencies of masturbation & coitus & erection & sexual thoughts & sexual function disturbances, 20–35 yr old males, 3965
spontaneous & dopaminergic-induced yawning & penile erections, male rats, 30243
testosterone propionate, effect of direct stimulation of genitalia on completeness & duration of erectile & ejaculatory reflexes, neonatally castrated male & genetically masculinized female adult dogs, 3337
testosterone vs dihydrotestosterone vs estradiol, copulatory behavior & ex copula penile responses, castrated male rats, 674
trazodone therapy, priapism, 29 yr old depressive patient, 15305
Ergonomics [See Human Factors Engineering]
Ergot Derivatives
abuse of prescription drugs, 23–77 yr old migraine patients, 6922
apomorphine vs bromocriptine vs GYKI-32887 into nucleus accumbens, locomotor activity, male rats, 6138
discriminative stimulus properties of lisuride hydrogen maleate & role of dopamine receptors, male rats, 24931
diuretics & oral contraceptives & pyridoxine & prostaglandin antagonists/precursors & lithium & bromocriptine, premenstrual syndrome, literature review, 31509
dopaminergic vs serotonin neuronal systems, discriminative stimulus properties of lergotrile, rats, implications for treatment of Parkinsonism, 16748
levodopa or bromocriptine, motor behavior & body weight & food intake, rats with bilateral globus pallidus lesions, test of metabolic vs motor deficit hypothesis, 22084
lisuride, sexual behavior, juvenile male rats, 8973
lisuride vs LY-141865 vs 8-hydroxy-2-(di-n-propylamino)tetralin, facilitation of sexual behavior, male rats pretreated with haloperidol, 24783
pergolide, motor activity, rats, 3463
Eroticism
auditory vs visual distraction, sexual responses to auditory vs visual erotic stimuli, male vs female college students, 6586
erotic literature, sexual arousal, male vs female college students, 25366
erotica & pornography & sexually violent material, attitudes & behavior, literature review, 6581
erotophilia vs erotophobia & Type A vs B behavior, erotica viewing time & content recall, college students, 20130
feminist erotics & love & eros & transformation, 28003
Freudian concepts of transference love & erotic transference, 12494
sexual & personality & demographic variables associated with reading erotic romances, college students vs businesswomen vs homemakers, 13944
sexual maturation & arousal & psychosexual identity & romantic responsiveness, erotic orientation development, males vs females, 9474
Error Analysis
bugs & slips & repairs theory, error making process, response to K. VanLehn's article, 18614
DEBUGGY computer program, analysis of errors in subtraction procedural skills, 3rd–5th graders, 18629
error analysis, spelling, 5th graders vs learning disabled college students, implications for spelling development, 1587
error detection protocols in statistical problem solving, college students, 27138
item response theory methods, quantification of equating errors, 29802
knowledge of failure odds & smoothed outputs, human failure detection in dynamic systems, college students, 24044
methods in error measurement, study of organizational change, 5675
orthographic problem solving as spelling error analysis, 2319
probabilistic model using item theory, diagnosis of misconceptions in arithmetic problem solving, 8th graders, 21511
psychophysiological factors, pilot errors & accident rates, Air Self Defense Force, Japan, 2698
signal detection analysis & qualitative error scaling, assessment of error detection & correction skills in spelling, learning disabled children, 2517

spelling error pattern analysis, diagnosis & type of treatment, elementary school & college students with language-learning disabilities, 13141
spelling strategies as reflected in errors on Wide Range Achievement Test, 1st–5th graders, implications for teaching, 7980
structural modeling, estimation of construct validity & error components of survey measures, 2850
unmasked vs masked & order of word sequence presentation, item & order errors of time-compressed rhyming phonemes, normal-hearing 18–26 yr olds, 16435
validity & reliability of procedure for phonetic transcription by consensus, speech sounds & errors, 3–6 yr olds, 97
voice vs keyboard input & error rate in language-directed editing environment, computer programming, college students, 24156
Error of Measurement
asymptotic method based on item response theory, optimal test design for specified target population, 24196
Bayesian statistical procedures, problems in error-in-variables model, 27080
binomial error model vs classical test theory, estimation of error variance & reliability, 11105
comparison of standard error of measurement & reliability coefficient, determination of test reliability, 13614
discussion of regression analysis & error of measurement, 235
error magnitude of simple gain score vs residualized difference score vs base-free measure of L. R. Tucker et al, change in algebra or statistics knowledge level, college students, 21519
formula for standard error of estimate of Deviation Quotients on Wechsler Preschool & Primary Scale of Intelligence & WISC-R, 24201
mathematical explanation of sampling error in partial interval & whole interval & momentary time sampling of behavioral duration, 11072
merits of randomized response technique, reduction of response error & potential use with multivariate approaches in social science survey research, 16380
methods for estimation or approximation of standard error of measurement for various ability levels from single test administration, high school students, 21485
presence of random measurement error, validity assessment of thematic apperceptive measures of achievement motive, adult males, 11181
small item set, utility of item-test & item-rest regression in item-true score determination, 16281
split-half technique, estimation of true score & measurement error variance & reliability coefficients from same observed scores, 27086
standard errors of estimate, short forms of WAIS-R & WISC-R, 2986
tolerance vs confidence intervals, score interpretation in educational measurement, 21477
Error Variance [See Error of Measurement]
Errors [See Also Error of Measurement, Prediction Errors, Refraction Errors]
accuracy of recall of recreation activities, community swimming pool members, 29479
ambiguity & attraction between verb & number of complement, grammatical error, college students, 16829
assessment of ability to correct & detect mispronunciations & their location in speech, college students, methodological implications, 21846
Black English speech patterns, errors in writing samples, Black 3rd & 6th graders, 7960
bugs & slips & repairs theory, error making process, response to K. VanLehn's article, 18614
calculation proficiency & allotted solution time, self manipulation difficulty & error rate in computer-controlled addition task, college students, 27158
computer software that accommodates user input errors & abbreviations, 2702
conditions of suppressing performance errors in choice reaction situation, college students, 24362
control of beta error in inference-statistical analysis of log-linear models, 5671
coping ideology for medical mistakes, medical interns, 23664
correction of temporal structure errors, intelligibility of speech, deaf 12–14 yr olds, 25862
delayed vs immediate teacher correlation of oral reading errors, reading proficiency, mentally retarded 11–17 yr olds, 32147
development of errors in normal & agrammatic speech, implications for study of aphasia, 27695
English stress rules, error analysis of stress placement, 15–18 yr old students of English, Brazil, 26514
errors in size & distance judgments with computer animated imagery, Ss with normal vision, 24427
errors of overinclusion vs underinclusion, screening gifted students, 1st–11th graders, 23898
errors of visual judgment in precision measurements, human Os, 322
false signs & distraction, failure to confirm railway signal on train's departure in simulated train driving, 20–52 yr olds, 2696
fool's Type IIa error in hypothesis testing, 19114
increased symmetry in discrimination task & perpendicular error in copying line drawings, children with mean ages of 5.8 vs 6.8 vs 8.5 yrs vs college students, 9220
interpretational errors resulting from inconsistency in assumptions of independence & interdependence between theory & data analysis, organizational research, 8450
meaning errors in syntactic text processing, 16–55 yr old schizophrenics, 25548
memory vs error trade-offs in binary-valued retrieval problems, 11083
microcomputer-based learning package, diagnosis of multiplication errors, children, 10686
misconceptions in letters & notation & convention & symbolization of method leading to errors in elementary algebra, 1st–5th graders, 10746
neutral instructions vs instructions with negative implications for errors, frequency & detection of reported memory & motor lapses in everyday life, college students, 21732
perceptual conjunction errors, illusory conjunctions, college students, 13689
practicum supervision, identification of common errors in application of DSM-III, psychiatry residents & psychology interns, training implications, 2304
problematic errors in learning English, adolescents, Morocco, 25124
repeated phoneme in speech plan, slips of the tongue, college students, 6188
responses to reading miscues during oral reading sessions, 2nd grade teachers & their students, 5226
sample size & specification error, fit of structural equation models & validity of chi square test, 19131
self centered oral reading errors in reading process, children learning to read, 11775
similarity to English word, prediction of misspelling, college students, England, 24985
spelling & grammatical errors, evaluation of language achievement, low vs middle class 3rd graders, 10768
task performance, self ratings of extraversion/introversion based on task & overall assessment on trait, college students, implications for error in self reports of personality traits, 28093
time order error & perceptual & judgmental phenomena, literature review, 11262
value of errors, learning & teaching processes, gifted children, 29378
visual vs auditory vs mixed vs no sensory confusions, reading decoding & silent comprehension & specific errors & verbal retention, 8–11 yr old dyslexics, Chile, 21399
word length & familiarity & syllable length & complexity, reading errors, good vs poor 8–9 yr old readers, 26564
word supply vs analysis error correction procedures in alternating treatments design, oral reading errors & self corrections, moderately mentally retarded 12–17.4 yr olds, 31100
Erythrocytes
attack-related stress, primary immune response to sheep red blood cells, castrated mice, 6069
distribution of red blood cell plasma choline rations, 55–81 yr olds with probable dementia of Alzheimer type vs depression, 31168

erythrocyte cation transport during acute depressive episode vs remission, 24–56 yr olds with bipolar vs unipolar endogenous depression, 25598
erythrocyte choline transport, drug-free normal Ss vs lithium-treated patients with bipolar affective disorder, 18126
in vivo lithium rates & medicated red cell lithium transport, bipolar vs schizophrenic patients, conference presentation, 31527
intrasubject reproducibility of in vitro erythrocyte lithium efflux vs lithium efflux in presence of membrane transport inhibitors, bipolar disorder patients, 31550
lithium-induced increases of red blood cell choline, memory, 53–81 yr old patients with Alzheimer's disease, 7023
lithium, red blood cell & plasma choline levels & renal concentrating ability, psychiatric patients with mean age of 40 yrs, 20910
need to assess red blood cell to plasma ratios when plasma lithium levels are consistently low, 40 yr old manic depressive female treated with lithium carbonate, 4826
red blood cell choline concentrations & transport & methionine S-adenosyltransferase activity, drug-free & lithium-treated manic 24 & 64 yr old patients, 17491
red blood cell membrane phospholipids, psychotic &/or manic patients, 22715
Escape [See Avoidance]
Escape Behavior (Animal) [See Animal Escape Behavior]
Escape Conditioning
alcohol dose, escape latency & threshold for aversive electrical stimulation of periaqueductal gray, rats, 27565
continuous vs partial reinforcement schedule, learning of shock-escape response, toads, 16508
exposure to inescapable shock, escape & discrimination acquisition & perseveration in cue & response-choice tasks, male mice, 440
imipramine & water temperature & wheel load, water wheel turning, male mice, implications for screening antidepressants, 24937
injections of librium prior to exposure to inescapable shock, analgesia & shuttle-escape learning, male rats, 24826
model of choice behavior, escape from painful stimuli & microwave irradiation &: disturbed thermal regulation, rats, 13846
presence of odors of previously shocked conspecifics in pretreatment & test chambers, deficits in leverpress & shuttle escape performance, rats pretreated with inescapable shock, 456
thiol proteinase inhibitor leupeptin, ingestive behavior & escape & avoidance conditioning & spatial memory, male rats, 797
thyrotropin releasing hormone & enzyme-resistant analog, multiple schedule operant escape vs food reinforced conditioning, monkeys, 22144
uncontrollable shock & consequent acute & chronic stress, behavioral adaptation as measured by performance in forced-swim task, male mice, implications for human depression, 27505
Eserine [See Physostigmine]
Eskimos
framework & methodology for assessment of cognitive abilities, Native Alaskan children, 19831
levels of unmarried people vs education vs employment, suicide rates, Inupiat Eskimos, test of E. Durkheim's theory of suicide, 17153
relevance of educational research, cultural roles & values & needs, Native Alaskans, 21248
Esophagus
behavior modification & pneumatic dilatation, weight gain, 14 yr old White female with esophageal achalasia & features of anorexia nervosa, 23100
hypnotic treatment, esophageal reflux, 21 yr old male, 2036
lesions of esophageal nerves to interrupt communication between buccal ganglia & gut, learning to avoid inedible food, Aplysia, 3390
ESP (Parapsychology) [See Extrasensory Perception]
Essay Testing
closed vs open-ended assessment procedures, transformational vs reproductive vs skimming approaches to learning, student teachers, Australia, 32202
Essential Hypertension
consumption of alcohol & essential hypertension, 28401
EMG biofeedback training, heart rate & electrodermic conductivity & peripheric temperatures, essential hypertensive patients, 4737
home relaxation techniques vs EMG biofeedback with vs without antihypertensive medication, blood pressure, 35–62 yr old patients with essential hypertension, 23264
mild vs severe vs no social stress, release of epinephrine & norepinephrine, outpatients with essential hypertension, 12385
personality traits, adolescents with essential arterial hypertension, 7029
progressive muscle relaxation training, physiological responses, 28–62 yr olds with essential hypertension, 23278
psychotropic medication, psychiatric symptoms, hypertensive patients taking antihypertensive medication, 20942
race & skin color concepts, study of essential hypertension, US, interdisciplinary research implications, 4524
regulation of blood pressure & risk for essential hypertension, children & adolescents, 20505
relaxation &/vs biofeedback training vs drug therapy, essential hypertension, literature review, 7393
single vs couples relaxation therapy vs cognitive therapy, 21–65 yr olds with mild hypertension, 7392
Esterases [See Acetylcholinesterase]
Estimation [See Also Statistical Estimation, Time Estimation]
adaptive procedure, estimation of phoneme boundaries, 17–24 yr olds, 24448
age & sex & income & use of credit cards, estimation of size of new vs withdrawn British notes during inflationary period, adults, UK, 2607
angle size, underestimation of baseline distances of angles, college students, 5736
comparison of 3 methodologies, estimation of standard deviation of performance in dollars, supervisors of convenience store organization, 13516
comparison signal duration, estimates of loudness before vs after increment, college students, 3066
computational estimation skills without writing materials, 6th–9th graders, 16993
conjoint design & analysis of bilinear model, judgments of risk, college students, 18974
desirability ratings of personality attributes, adults, empirical testing of scale interval structure, 11113
direct distance estimation in large & complex environment, 1st vs 4th yr college students, 11321
estimates of soldier performance vs actual performance, US Army officers, 10953
estimation & testing of autoregressive current effects model, assessment of sales response, 11244
estimation of answers to algebraic word problems using weighted averages procedure, intuitions & methods used for problem solving, college students, implications for improving estimation skills, 24472
estimation of attitude-behavior consistency, college psychology students, 6621
evaluation & use & possible limitations of D. Kahneman & A. Tversky's representativeness heuristic as means of making statistical likelihood judgments from population sample, 24354
Kalman filter algorithms, detection of change in physiological measures, 11108
length seen in depth vs same length seen in width, estimation of distance, female college students, 5716
linear models, parameter estimation of ordinal response, 11241
nonparametric effect size estimation in meta analysis, 11217
nonparametric effect size estimation, reply to comments by J. Krauth, 11226
partial knowledge of scores of random sample, estimation of population mean, college students, extension of A. Tversky & D. Kahneman's study, 24469
prediction of child's response to PPVT items & global rating of vocabulary ability, 28–56 yr old parents of 3.1–4.1 yr old normal preschoolers vs 24–48 yr old mothers of high risk 5–5.5 yr olds, 28491
recognition priming & distance estimation, mental representation of knowledge acquired from maps, college students, 24466
reliability of estimations, familiarity of photographic representations of urban locations, expert judges, 21654
telephone vs key informant survey approaches, estimation of statewide health-risk behavior, US, 18977

test lag in continuous memory task, accuracy & response latency of absolute frequency judgments, right handed college students, 11355
Estradiol
age effects, cytoplasmic estradiol receptor concentration changes in brain areas & changes in behavior or steroid induced physiological function, female rats, 24708
aldosterone &/vs estradiol & corticosterone, food ingestion & weight gain & growth & fluid retention, adrenalectomized & ovariectomized female rats, 27463
apomorphine vs haloperidol, buccolingual dyskinesia, ovariectomized monkeys with upper midbrain lesions, 27456
bilateral vs unilateral denervation of interscapular brown adipose tissue, estradiol-induced body weight & food intake & thermogenesis, ovariectomized rats, 13863
castration & subsequent hormonal substitution with testosterone vs dihydrotestosterone vs estradiol, sexual partner preference, male rats, 675
castration vs testosterone vs estradiol, postnatal demasculinization, male vs female quail, 24932
cholecystokinin octapeptide, lordosis, female rats treated with estradiol benzoate or progesterone, 24888
chronic estradiol doses, stereotyped behavior induced by apomorphine & muscimol, female rats, 24813
chronic melatonin implants near suprachiasmatic nucleus & subsequent estradiol benzoate, lordosis reflex & sexual receptivity, ovariectomized female rats, 8949
daily estradiol vs progesterone administration, sexual receptivity & behavior, stallions & ovariectomized mares, 27550
dihydrotestosterone vs dihydrotestosterone propionate dosages & progesterone & estradiol benzoate, mounting & lordosis sexual behaviors, ovariectomized female rats, 19676
estradiol & progesterone, scent marking behavior, ovariectomized rats, 726
estradiol & subsequent songs of conspecific males, copulation solicitation & song repertoire preferences, captive adult female song sparrows, 6158
estradiol &/vs progesterone injection, somatosensory lordosis stimuli-evoked midbrain neuronal activity, ovariectomized female hamsters, 9014
estradiol benzoate & progesterone, inhibition of levo-5-HTP induced myoclonus & temporal relation with lordosis & potential role of progestin receptors, female guinea pigs, 780
estradiol benzoate & progesterone, 2-deoxy-dextro-glucose-induced feeding during estrus vs diestrus vs following ovariectomy, female rats, 19701
estradiol benzoate, locomotor activity & postural deviation & rotation induced by intrastriatal injection of dopamine & amphetamine, ovariectomized female rats, 24734
estradiol benzoate, receptivity to penetration, 17 yr old prenatally androgenized female rhesus macaque with surgically constructed vagina, 27480
estradiol benzoate, sexual behavior, XY gonadal dysgenetic chacma male baboon, 8934
estradiol benzoate vs testosterone propionate vs delta-9-tetrahydrocannabinol, organization or activational hormone mechanism in hippocampal sexual dimorphism, castrated male rats, 27585
estradiol, postnatal demasculinization, male vs female quail, 24790
estradiol steroisomers, food intake & body weight & hoarding behavior, ovariectomized rats, 740
estradiol vs progesterone, levo-5-HTP-induced myoclonus, castrated male vs female guinea pigs, 30275
ethinyl estradiol & pyridoxine, depression, 22–68 yr old premenopausal vs postmenopausal females, 23328
gonadal steroids, behavioral dimorphism in mounting & pelvic thrusting, female vs male rabbits, 24942
haloperidol vs estradiol, striatal dopamine receptors, ovariectomized vs hypophysectomized female rats, 27580
intracranial estradiol, food & water intake & body weight, ovariectomized guinea pigs, 27570
neonatal testosterone propionate vs estradiol benzoate, territorial marking behavior, male vs female Mongolian gerbils, 22227
ovariectomy with vs without estradiol & progesterone, opioid effects on feeding, female rats, 22083
periovulatory changes in sexual behavior & estradiol & testosterone & progesterone levels, group-living adult female rhesus monkeys, 27432
progestin receptors & estradiol & progesterone facilitation of estrous behavior, female rodents, literature review, 27343
pulse administration vs single injection of estradiol-17-beta, lordosis, ovariectomized guinea pigs, 6178
response to song repertoires, female song vs field vs white-throated vs swamp sparrows treated with estradiol, 24613
saliva concentrations of cortisol & progesterone & estradiol & psychological symptoms, mothers with postpartum depression, 9641
sex differences & estradiol & testosterone, food intake & body weight, gonadectomized guinea pigs, 24814
striatal estradiol, lateralization of apomorphine-induced stereotypic behavior, ovariectomized female rats, 8979
subcutaneous implants of estradiol, management of premenstrual syndrome, 24–50 yr olds, 23335
tamoxifen application to ventromedial hypothalamic nuclei vs preoptic area vs interpeduncular region, lordosis & sexual solicitation, rats, 24847
testosterone & estradiol benzoate & dihydrotestosterone proprionate exposure, pup-killing, C57BL/6J vs DBA/2J mice strains, 19730
testosterone vs dihydrotestosterone vs estradiol, copulatory behavior & ex copula penile responses, castrated male rats, 674
testosterone vs dihydrotestosterone vs estradiol, preference for estrous vs anestrous female, male rats castrated at birth & female rats spayed as adults, 11542
transition between nonbreeding & breeding season & estradiol, sexual behavior & sex steroid levels & sex skin color & ovulation, intact vs ovariectomized female rhesus monkeys in all-female groups, 3359
urine from females with ovariectomy with vs without progesterone vs estradiol, lordosis behavior, orchidectomized feminized rats, 6057
ventricular implants of testosterone & 5-alpha-dihydrotestosterone & estradiol benzoate, calling & locomotor activity, castrated male Japanese quail, 9034
Estrogen Antagonists [See Antiestrogens]
Estrogens [See Also Estradiol]
daily urinary estrogen & pregnanediol excretion throughout menstrual cycle, 18–52 yr olds with premenstrual tension, 17727
effectiveness of intrauterine device vs high dosages of estrogen vs estrogen/progestin combination, college students, 11975
estrogen alone vs with progesterone & ventromedial hypothalamus lesions, coital contacts, ovariectomized rats, 24763
estrogen, luteinizing hormone & testosterone secretion, heterosexual males & females vs homosexual males, implications for hypothalamic-pituitary-gonadal axis correlates of homosexuality, 22549
estrogen therapy, stress urinary incontinence, comments on study by J. A. Mohr, 28740
estrogen vs progesterone, induced conflict, female rats, 22216
gonadal steroids & neuroendocrine mechanisms, fluid intake during estrous cycle, rats, 6022
icv oxytocin, induction of short latency maternal behavior, nulliparous estrogen-primed female rats, 24830
intracranial injections of actinomycin-D or cycloheximide or anisomycin in conjunction with estrogen or progesterone, lordosis, female rats, 6141
parous females housed with castrated males vs adult daughters housed with family & subsequently with vasectomized male followed by exposure to family scent, ovarian cyclicity & estrogen, saddle back tamarins, 5849
prenatal development between 2 male fetuses & age & estrogen & testosterone, sexual receptivity & attractiveness & aggression, 9 vs 21 mo old female mice, 8602
prenatal exposure to estrogens or progestogens vs pregnancy complications, demasculinization & dimorphic behavior, male vs female 8–14 yr olds, reanalysis of data from previous study, 24889
prenatal exposure to progestogens &/or estrogens, sexually dimorphic behavior in childhood male vs female 8–14 yr olds, 24829

progesterone, concentration of estrogen binding sites in hypothalamic-preoptic area & anterior pituitary & uterus, ovariectomized rats, 8935
psychosexual milestones, 17–30 yr old females with prenatal exposure to diethylstilbestrol vs females with history of abnormal Pap smear, 25878
social environments, estrogen excretion & scent marking & sociosexual behavior, cotton-top tamarins, 5851
Estrus
comparative analysis of estrus during postpartum & lactational periods, several species of rodentia order, 16535
estradiol benzoate & progesterone, 2-deoxy-dextro-glucose-induced feeding during estrus vs diestrus vs following ovariectomy, female rats, 19701
estrous cycle, agonistic & dominant/subordinate social interactions, female golden hamsters paired with ovariectomized animals, 16562
estrus cycle, effect of ethanol on sleeping time, mice, 3528
estrus detection procedures & stimulation by boars, sexual receptivity & mating rate, female pigs, 13773
estrus frequency & duration, mating frequency, female Barbary macaques, 30025
four vs 5 day estrous cycles, sexual behavior & pregnancy, female virgin & nonvirgin rats of various ages, 19546
gonadal steroids & neuroendocrine mechanisms, fluid intake during estrous cycle, rats, 6022
hormonal status, urine marking, male-female pairs of rats, 626
interbirth intervals & menstrual cycles & pregnancy & birth, adult female stumptailed macaques, 3227
intrastriatal dopamine vs amphetamine, contralateral postural deviation & rotation during estrous cycle, rats, 8978
odors of estrus cycle phases, timing of estrus cycle, female rats, 19547
odors of urine & sebum exudation of estrous vs proestrous vs diestrous females, sniffing & defecation & scent marking, male Indian desert gerbils, 19376
oral vs vaginal scents of pre- vs post-estrus females, sniffing, male Columbian ground squirrels, 19367
ovulatory concealment & synchrony & extended sexual receptivity, paternal care & behavior, protohominid males, 2774
paced coital stimulation, estrus duration, intact cycling vs ovariectomized vs ovariectomized-adrenalectomized hormone-primed rats, 27516
prediction of male dominant status via urinary odors, female estrous hamsters, 27205
preference for urine of estrous vs diestrous prairie deer mice, weasels, 27242
preferences for conspecific salivary odor cues, estrous vs diestrous female hamsters, 27201
progesterone in ventromedial hypothalamus vs preoptic area vs midbrain, inhibition of estrus behavior by systemic progesterone, ovariectomized estrogen-primed rats, 9015
progestin receptors & estradiol & progesterone facilitation of estrous behavior, female rodents, literature review, 27343
protein concentration of vaginal discharge, facilitation of copulatory behavior, male hamsters, 24615
role of progestin in regulation of estrous responsiveness, female rats, literature review, 22043
sleep–waking patterns during estrus cycle, isolated female rats, 6021
testing of male with single vs group of females, hormonal influences on sexual behavior, rhesus monkeys, 628
testosterone vs dihydrotestosterone vs estradiol, preference for estrous vs anestrous female, male rats castrated at birth & female rats spayed as adults, 11542
vaginal discharge from ovariectomized vs hypophysectomized vs estrous hamsters, investigatory & copulatory responses, male hamsters, 24599
Ethanal [See Acetaldehyde]
Ethanol
acute doses of ethanol, pre- & postnatal development, pregnant female mice & their fetuses or infants, 24904
acute ethanol administration, differential glutamate release in brain regions following potassium ion administration, long vs short sleep mice, 19669
acute vs chronic ethanol administration, ethanol preference, C57B1 vs LACG vs BALB mice, 6171
acutely administered ethanol, murine aggression assessed by biting of inanimate target, group vs individually housed mice, 13910
addition of methylpyrazole to ethanol in drinking fluid, blood ethanol levels & tolerance, male rats, 11602
adrenalectomy, alcohol-stimulated activity & blood & brain alcohol content, female mice, 8926
alcohol administration, alpha activity, 19–21 yr old males at high risk for alcoholism, conference presentation, 1557
alcohol consumption, delayed free recall, 19–38 yr old male college students, 8989
alcohol, dopaminergic-enkephalinergic neural pathways & memory, 3435
alcohol dosages, aggressive behavior, males, 6103
alcohol dose, escape latency & threshold for aversive electrical stimulation of periaqueductal gray, rats, 27565
alcohol intake before vs during vs after REM-sleep deprivation, adult male rats, 11531
alcohol intoxication, activation peaking during paired associate learning task, 21–63 yr old male social drinkers, 27642
alcohol, perception of negative interpersonal feedback & self evaluation & marital communication & problem solving abilities, 19–25 yr old male moderate drinkers & couples with 1 alcoholic spouse, 30229
alcohol preference & voluntary intake, National Institutes of Health heterogeneous stock vs inbred strains of rats, 22192
alcohol, steady state methadone disposition kinetics, male rats, 6168
alcohol vs tetrahydrocannabinol vs diazepam, affective & physical alternations in isolated vs group conditions & rating of drug experience, 18–25 yr old college students, 22151
arginine vasopressin or lysine vasopressin or (des-9-glycinamide) lysine vasopressin, tolerance to motor-incoordinating effect of ethanol, male mice, 22174
ascorbic acid, ethanol sensitivity & apomorphine-induced locomotion, mice, 16813
biological similarities & differences in alcohol preference, UChA vs UChB strains of rats, 27649
blood alcohol levels, fighting, male "TO" strain mice, 27561
breath- ethanol vs breath-acetaldehyde measurement, determination & time course of blood ethanol level, humans, 24152
breath-collecting device & assay procedure for concentrations of acetaldehyde in breath following ethanol ingestion, 9480
caloric density of ethanol drinking fluid, ethanol consumption, male rats, 19578
chlordiazepoxide, ethanol & water intake, rats, 9013
chlordiazepoxide vs morphine vs naloxone vs benzodiazepine antagonist, intake of ethanol solution, male rats, 11577
cholecystokinin octapeptide, ethanol intake, male rats, 11600
chronic ethanol consumption, memory deficits assessed by spontaneous alternation behavior, male mice, 30204
chronic pretreatment with ethanol, preference for ethanol vs water, rats, 22191
Classical Mendelian cross, analysis of responses to ethanol, long & short sleep mice, 3253
clomipramine induced sleep deprivation during neonatal stage, adult ethanol related behavior, male rats, 16765
clonidine vs lofexidine, alcohol withdrawal, male rats, 16764
cocaine dose, ataxic & anxiolytic effects of ethanol, male rats, 24787
combined effects of alcohol & benzodiazepine, animals & humans, literature review, 16743
congener content of alcoholic beverages, hypothermia & motor impairment, female rats, 13920
consumption of alcohol & essential hypertension, 28401
dosage levels of ethanol & saline vs pentobarbital, discriminative responding, male rats, 13904
dose of diazepam vs ethclorvynol vs chloral hydrate vs tertiary-butanol vs ethanol, response rate during operant schedule involving alternation of punished & unpunished responding, rats, 24967
doses of ethanol with vs without naloxone, extinction of jump up avoidance behavior, rats, implications for opioid meditation of aversively motivated behavior, 19673
estrus cycle, effect of ethanol on sleeping time, mice, 3528

ethanol & auditory stimulus presentation rate & target detection task difficulty, event-related brain potentials, 20–32 yr olds, conference presentation, 19659
ethanol & caffeine, smoke puffing behavior & tidal carbon monoxide, 18–50 yr old females, 8998
ethanol & practice vs mental rehearsal over repeated sessions, motor task performance & ethanol tolerance, male 19–25 yr old social drinkers, 27659
ethanol & valinomycin & cycloheximide, endogenous rhythm of swimming activity, estuarine amphipods, 8972
ethanol administration, arteriole & venule spasms & cerebral blood flow & stroke, rats, 22131
ethanol, after discharge activity evoked by electrical stimulation of amygdala & septum & hippocampus, cats, 19697
ethanol, behavioral performance & sensitivity & tolerance, 18–33 yr old brother pairs, 16811
ethanol, body sway, 21–25 yr old male drinking nonalcoholics with vs without alcoholic close relative, 20421
ethanol, brain isozymes of sodium potassium adenosine triphosphatase, long sleep vs short sleep mice, 16781
ethanol, circadian rhythms, rats, 8939
ethanol elimination & disappearance during menstrual cycle phases, 21–30 yr old female social drinkers taking vs not taking oral contraceptives, 759
ethanol exposure, brain growth, chick embryos, 16738
ethanol, extinction-induced spatial behavioral variability in radial maze, male rats, 27578
ethanol, learning & performance of passive avoidance task & RNA synthesizing activity of brain cortical synaptosomes, rats, 721
ethanol, locomotor activity & immobility, group vs individually housed mice, 13909
ethanol, membrane properties & postsynaptic potentials of trigeminal motorneurons during sleep & wakefulness, cats, 16733
ethanol, narcosis & hypothermia, alcohol-tolerant vs alcohol-nontolerant rats selectively bred for differential ethanol-induced motor impairment, 11585
ethanol, perceptual motor side effects of pirlindole vs imipramine, healthy males, 24828
ethanol, sensitivity, heterogeneous vs inbred rat strains, 22150
ethanol solution concentration & temporal aspects of ethanol availability, ethanol consumption patterns, male rats, 22193
ethanol, tolerance development, inbred vs heterogeneous rat strains, 22223
ethanol vs lemon extract, exposure with vs without lithium toxicosis, odor preferences & ethanol intake, male rats, 27621
ethanol vs pentobarbital vs methyprylon, sleep time response, mice from long vs short sleep strains, 30244
ethanol vs salsolinol, open field behavior & sleep, long- vs short-sleep strains of ethanol sensitive mice, 3515
ethanol with vs without naltrexone, free-operant avoidance behavior, male rats, 27586
ethanol withdrawal, behavioral & EEG changes, rats, 11613
ethyl alcohol, affective defense induced by hypothalamic stimulation, male cats, 8977
ethyl alcohol, visual pursuit & suppression of vestibulo-ocular reflex during whole-body angular oscillation, human Ss, 22136
ethylketocyclazocine vs diprenorphine vs ethanol injections, ethanol intake, male rats, 11597
factor analysis of aftereffects of ethanol, male alcoholics, implications for research on etiology of alcoholism, 14837
fetal & neonatal exposure to ethanol, growth & development of testes & sexual behavior, male rats, 24907
field test of sweat patch, noninvasive method to estimate alcohol consumption by collection of transepidermal fluid, 27–60 yr olds, 9479
flunitrazepam vs zopiclone & alcohol, psychomotor skills, male 20–25 yr olds, conference presentation, 3509
GABAergic agents, motor incoordination & hypothermic effects of acute & chronic ethanol, mice, 30218
haloperidol & aminooxyacetic acid, consumption of etonitazene vs alcohol vs diazepam vs barbitol, female rats, 24834
high vs low dosage expectancy of 95 per cent alcohol, aggressive behavior & assertiveness, male college students, 763
high vs low doses of ethanol, reinforcing effects in self administration of ethanol, male rats, 22203
homotaurine derivatives, voluntary intake of ethanol, male rats, implications for role of GABAergic system, 24800
in utero ethanol exposure, hippocampal mossy fiber development, rats, 19735
in utero exposure to ethanol & housing density, ethanol preference, rats, 6053
induced glucose intolerance, oral ethanol intake, rats, 22235
influence of common genes on both sedative & stimulant responses to alcohol, long- vs short- sleep mice, test of pleiotropic effect, 8951
initial sensitivity to ethanol & level of dependence induced by chronic treatment, male rats, 30267
interactions of ethanol & indomethacin, sleep duration & motor coordination & body temperature, male mice & rats, 24840
intragastric self infusion of ethanol, ethanol-preferring vs nonpreferring strains of rats, 13915
intragastrically infused ethanol, oxidation rate & centrally mediated jaw-jerk reflex, 4 vs 14 vs 26 mo old male mice, 13827
intranigral muscimol administration, ethanol withdrawal seizures, rats, 753
intruders & subordinate conspecifics treated with ethyl alcohol, aggressive behavior, mice & rats & squirrel monkeys, 3489
iv ethanol after drinking ethanol saccharin solution, ethanol-induced conditioned taste aversion, 3 mo old male rats, 19727
legal drug dependency, mortality rate, adults dependent on benzodiazepines & alcohol & other legal or illegal drugs, 22853
levophenylisoprophyl-adenosine & theophylline, behavioral responses, mice selectively bred for differential sensitivity to soporific effects of ethanol, 9007
lithium, ethanol intoxication & desire to continue drinking, 24–55 yr old detoxified male alcoholics, 12863
low sodium diet & choice of ethanol vs water, salt restriction on voluntary ethanol intake, female rats, 30238
maternal social drinking & cigarette smoking in prenatal period, performance on The Bayley Scales of Infant Development, 13 mo olds, 3580
menstrual cycle & hormonal variations & behavioral tolerance to alcohol, blood alcohol discrimination ability, 18–30 yr old females, 6133
methodological issues regarding use of animal models in research on effects of prenatal alcohol exposure, 19000
morphine vs naloxone, intake of water & sucrose solution containing ethanol, male rats, 11614
naloxone administered during development of ethanol dependence &/vs during ethanol withdrawal, ethanol consumption & withdrawal symptomatology, adult male rats, 13874
naloxone dosages, ethanol self administration, male rats, 30288
naloxone, effect of ethanol on vigilance task performance, 20–34 yr old males, 13882
operant conditioning, behavioral tolerance to ethanol & muscarinic cholinergic receptor binding, male rats, 5875
oral contraceptives, ethanol & acetaldehyde metabolism, 18–29 yr old females, 16767
peripherally self-administered acetaldehyde & feeding regimes, oral alcohol consumption, male rats, 19708
physical restraint & food deprivation & acute stress, gastric glandular ulcers, low- vs medium- vs high-ethanol preferring rats, 22215
postnatal ethanol exposure, open field behavior & activity level & behavior latency & computer-timed measures, adult rats, 24941
prenatal alcohol exposure, nonreproductive sexual behavior, rats, 22166
prenatal alcohol exposure, sexual dimorphism & saccharin preference & maze performance, 90–130 day old rats, 11605
prenatal alcohol exposure, spontaneous abortion & fetal alcohol syndrome, 22922
prenatal alcohol exposure, suckling behavior, rats, 9012
prenatal ethanol exposure, development of sexual behavior, male vs female rats, 22170
prenatal ethanol exposure, nipple attachment latencies, neonatal rats, 9011
prenatal ethanol exposure, postnatal development of brain stem auditory EP, rat pups, 8945
prenatal ethanol exposure, sensitivity to methylphenidate, male rats, 22196

prenatal exposure to smoking & caffeine & alcohol, behavior & development, neonates, 9108
procedure for development of self selection of ethanol, male rats, adaptation of techniques by R. A. Meisch et al, 24183
propanolol vs phentolamine, duration of ethanol induced sleep, long- vs short-sleep mice, 27547
psychodynamics of alcohol tolerance & dependence, 6921
psychophysiological studies of effects of ethanol on CNS, literature review, implications for research on fetal alcohol syndrome, 10032
revitalization of AA & ANA lines, ethanol consumption & righting reflex & motor impairment & open field behavior & blood acetaldehyde during ethanol metabolism, rats of AA & ANA lines, 11460
role of learning in development of ethanol tolerance, animals, criticism of study by J. R. Wenger et al, 9026
role of learning in development of ethanol tolerance, animals, reply to criticism by B. Tabakoff et al, 9038
salt-supplemented diet &/vs desoxycorticosterone, water vs ethanol intake, male rats, 8969
schedule-induced ethanol dependence, phenobarbital preference, 11621
self administration of ethanol, sensitivity & tolerance, genetically heterogenous mice, 16785
sex & ethanol sedation & stimulus intensity & repetition rate, brain stem auditory EPs, rats, 16615
single & repeated alcohol withdrawal, kindling, male rats, 6101
sodium & potassium adenosine triphosphatase activity hyposensitivity in brain membrane & cell fluidity during development of functional tolerance to ethanol, male rats, 8933
sulpiride, voluntary consumption of ethanol vs water vs food, UChA vs UChB rats, 6140
Sustacal vs Shorey-AIN liquid diets, liver alcohol dehydrogenase activity & ethanol release, female rats, nutritional sufficiency implications, 22159
thyrotropin-releasing hormone, potentiation of pentobarbital & chlordiazepoxide & ethanol sedative & anxiolytic effects on suppressed responses during punished operant responding, pigeons, 22231
thyrotropin releasing hormone with vs without ethanol, locomotor activity, rats, 729
time interval between sequential exposures to ethanol, development of tolerance indicated by sleep, female mice, 3445
tolerance induced by ethanol alone vs with norepinephrine, differential sensitivity to inhibition of adenosine triphosphatase in different brain regions, male rats, 27632
voluntary ethanol consumption & brain & liver aldehyde dehydrogenase activity, male Long-Evans vs Wistar vs Sprague-Dawley rats, 24940
zimeldine & norzimeldine & other serotonin & norepinephrine reuptake inhibitors, voluntary ethanol consumption, rats, literature review, 8931
2- vs 4-hr iv infusion schedules, induction of physical dependence on ethanol & withdrawal reaction, male rats, 11610
Ethics [See Also Experimental Ethics, Personal Values, Professional Ethics, Social Values, Values]
attitudes toward reporting fellow officer for brutality, police officers, 2691
"beyondism" & morality & ethics in R. B. Cattell's personality theory, 1280
deduction of Boolean model of ethical cognition from principle of complementarity, 16157
ethical & legal & clinical issues, consent in treatment & organ transplants & research, children, 28563
ethical & moral issues, deinstitutionalization, families of chronically mentally ill patients, supplements to K. G. Terkelsen's article regarding family therapy, 20799
ethical & moral issues of sexual relations, adolescents & adults, 22398
ethical dimensions in education & educational diagnosis, gifted, 8037
ethical issues, fertility reduction policies & poverty, Third World countries, 14224
ethics & development of nosology of spirit, 29633
ethics & manner of relating to violence, individuals & societies, implications for psychiatric hospitals, conference presentation, 22837
ethics, sexuality & masochism & egoism & responsibility & freedom, 11057
level of moral reasoning, whistle blowing behavior, 21–30 yr old college students, 6656
libertarian view, rights-based moral & political philosophy on suicide & coercive suicide prevention, 9804
medical & ethical issues, clinical testing, geriatric patients, 31312
modified Kantian view, morally unobjectionable suicide, 9774
moral & ethical issues in identification of deviance, emotionally disturbed & behaviorally disordered children, 12106
need for new type of ethical thinking in medical bioethics, 29017
self ownership & ethics of suicide, 9791
sociobiology & ethics, 2770
sociobiology & ethics & theology, 2754
suicide & failure of Kantian & utilitarian moral philosophers, 9799
Ethnic Differences [See Racial and Ethnic Differences]
Ethnic Disorders [See Ethnospecific Disorders]
Ethnic Groups [See Also American Indians, Asians, Eskimos, Gypsies, Hispanics, Mexican Americans]
academic vs vocational tracking & ethnicity, secondary school students, Israel, 7936
alcoholism & related problems, Ashkenazi vs Sephardi vs Oriental Jews, Israel, literature review, 6948
Asian-African vs European-American vs nonoriental Sephardic groups, social stratification, Israel, 19949
autostereotypes & heterostereotypes, Jewish & Arab adolescents attending segregated high schools & living under different contact situations, Israel, 1043
catechol O-methyltransferase activity & lithium-sodium countertransport, Amish Ss with vs without bipolar illness, 1376
characteristics of ethnic groups, 3782
Client Satisfaction Questionnaire, assessment of attitudes toward community health center, Hispanics & other ethnic groups, 7606
climate & head shape & brain size, 122 ethnic groups, 1031
community mental health empowerment strategies, barriers to seeking & receiving help, White Polish/German urban communities, US, 11874
concepts & concept structure of attitudes & cognitions concerning ethnic identity, Israeli Jews, US, 27907
content of 'ordinary' dreams, adult Aborigines, Australia, 22434
culture & religion & educational level, attitudes toward mentally ill, Arabs, Israel, 1470
decision making & perceptions of conjugal power, Francophone spouses, Canada, 6498
emic vs etic account of neurological & psychiatric & teratological symptoms of Groote Eylandt syndrome, aborigines, Australia, 20238
ethnic dynamics & socio-political evolution, Canada, 6434
factors in prediction of support for elderly, families of Chinese & Irish ancestry, 1075
gap between Oriental & Western culture, Israel, 19956
genetic linkage study of color blindness & red blood cell & related markers & human leukocyte antigen & Bf & GLO, Amish 6–87 yr olds with bipolar illness, 1418
goals of multicultural education using J. Bank's model, taha Maori people, New Zealand, 15731
health & mental health issues, Asians & Afro-Caribbeans & ethnic minorities & Blacks, Great Britain, literature review, 22641
immigration & length of residence, isolation, Ss aged 55 yrs old & older from 10 ethnic groups, 3773
intensive training program, job hunting skills, culturally different secondary school students, 7902
Jungian analysis of content of "ordinary" dreams reported by J. Cawte, adult Aborigines, Australia, 21900
marriage & residential patterns & socioeconomic status, social segregation, ethnic group members, Israel, 30571
measurement of spatial relations with Draw-A-Person-With-Face-In-Front test, detection of literacy skills, school age children, Australia vs Western societies, 11756
patterns of political tolerance & intolerance, Jews vs Arabs, 30607
perception & description & response to painful experiences, Arab-American 8–12 yr olds, 16904

perception of self & others, aboriginal vs White 11–13 yr olds in rural vs urban areas, Australia, 25174
perceptions of intercultural effectiveness, Americans vs Japanese, reply to comments by W. B. Gudykunst & M. R. Hammer, 3806
perceptual-spatial dysfunction, reading difficulties, Aboriginal children, Australia, criticism of A. A. Pontius's neuropsychological explanation, 1592
political dimensions, ethnic community, 6435
predictive validity of Senior Aptitude Tests for Indian South Africans, male vs female matriculating Indian students, South Africa, 5369
principal reasons for psychiatric referral & intervention & culture-specific syndromes, Aborigines, Australia, 1475
psychopathology & treatment outcome & attitude toward mental illness, 19–67 yr old low SES European American vs Mexican American psychiatric inpatients, 1424
racial imbalance of representation in universities & professions, Maoris people, New Zealand, 27922
rehabilitation counseling, disabled clients from ethnic minority groups, 5012
Subjective Vitality Questionnaire, measurement of attitudes toward usage of Italian vs English, Italian vs English 12th–13th graders, Canada, 25170
view of child's failure in parent vs compensatory education & working class mothers, Israel, 2427

Ethnic Identity
adoption problems, young Lumbee Indian female, 10374
Black consciousness & self esteem, Black college students, 17379
choice of Cantonese or English or Mandarin by E, ethnic affirmation & perception of E, Chinese trilingual college students, Hong Kong, 30581
concepts & concept structure of attitudes & cognitions concerning ethnic identity, Israeli Jews, US, 27907
development & social & cognitive/perceptual correlates of ethnic identity, kindergartners to 3rd graders, 16903
economic & political structure models of ethnic nationalism, modern world states, 14270
ethnographic characteristics & socialization, Geula families, Jerusalem, 19957
hypotheses concerning Black females & feminism research, literature review, 3966
identification of dimensions of ethnic identity, Italian-Australians, Australia, 25265
identity & ego & career development patterns, immigrants with mean age of 16 yrs, 5-yr study, 9252
identity development, ethnic minorities, Finland, 19966
importance of religious ethnic & political social identities, Protestants vs Catholics with mean age of 16.6 yrs, Northern Ireland, 13986
individual ethnic identity transculturation to White, Indians, Ecuador, 19-yr longitudinal study, 22428
language choice & participative & integrative relationships in terms of filiation recognition vs denial, Greek 10–14 yr olds, France, 27739
participation in Mexican cultural activities & ethnic identification & perceptions of interethnic marriages, Mexican Americans married to non-Mexican spouses for 20 yrs & their children, 19973
racial group identification pattern as reflected in articles in "Ebony" magazine, Black bourgeoisie, 1950–1979, 14269
racial identity attitudes & self actualization & affective states, Black college students, 30604
racial identity level, self esteem, Black college students, test of W. E. Cross' model of positive shift, 32101
self perceived national identity & knowledge of language, immigrants in Catalonia, Spain, 3554
SES & ethnic group membership, values, gypsy apprentices, Czechoslovakia, 25282
social history, racial self identification, 4–6 yr old Black males vs females, 972
theoretical issues on "mixed race" children & racial categorization system, Great Britain, 9388
theory of ethnic identity development, ethnic minority youths, US, implications for identity transformation & education, 29313

Ethnic Values
behavior rules & cultural beliefs & values, instructional materials & practices & art education, Navajo students, 7933
ethnicity & family & church & community resources, ministry, aged, 6449

Ethnocentrism
achievement motivation, ethnocentrism & conservatism & authoritarianism, Australia, 25470
aspects of inner-species destruction, psychiatric patients & mentally retarded children, Nazi Germany, 1939–41, 13469
countering racial & ethnic & sexual & social class prejudices in classroom, 5302
development of ethnocentrism & religious identity, 4–5 vs 8–9 vs 14–15 yr old students in Hindu vs Muslim vs Sikh vs Christian schools, India, 3716
ingroup vs outgroup membership, attribution of internal vs external cause of positive vs negative behavior, Malay vs Chinese male college students, Malaysia, test of ethnocentric attribution hypothesis, 19961
nonethnocentric use of language in psychology, analysis of American Psychological Association's Guidelines for Nonsexist Use of Language, 5140
outgroup speech style & norms for in- vs out-group speech & ethnocentrism, attitudes toward Hispanics & Spanish language, 13 yr old Anglophone students, implications for effect of speech on intergroup attitudes, 19774

Ethnography
collection & accessibility of information about females, male ethnographers, 14255
criticism of concept of "Mediterranean culture area", 11884
ethnographic analysis, teachers' misinterpretation of copying as indicative of low academic ability & poor work habits, Mexican American 1st–3rd graders, 18638
ethnographic characteristics & socialization, Geula families, Jerusalem, 19957
ethnopsychical characteristics of personality, Romanians, 9570
model for identification of knowledgeable & reliable cultural informants, ethnographic study of disease concepts, Tarascan Indian females, rural Mexico, 25281
nature & evolution of folk biological categories, comments on C. Brown's hypotheses, 14272
qualitative analysis of content area reading, 7th & 8th grade students, implications for class instruction, 32024
social equality & ritual hierarchy, Arawakan Wakuenai people, Venezuela, 11885
subsistence change, mobility & settlement pattern in tropical forest foraging economy, Batak tribe, Philippines, implications for archeology, 25269
validation of decision model of adaptation & attitudes toward economic development & change, Navajo Indians, social policy implications, 25278

Ethnolinguistics
choice of Cantonese or English or Mandarin by E, ethnic affirmation & perception of E, Chinese trilingual college students, Hong Kong, 30581
cultural shaping of oral discourse, American Indian & other minority children in classroom, 5291
distinction between European vs indigenous views on correct pronunciation in Tok Pisin, Papua New Guinea, 22250
ethnicity & SES & age, sociolinguistic variation & accommodation, 5–12 yr olds, Hawaii, 939
folk biological taxonomies & nomenclature, hunter-gatherers & small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22450
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22438
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, reply to criticisms of C. H. Brown's cross cultural study, 22431
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, criticism of C. H. Brown's cross cultural study, 22443
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22449

folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22442
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22445
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, criticism of C. H. Brown's cross cultural study, 22435
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22441
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22433
folk biological taxonomies & nomenclature, hunter-gatherers vs small-scale agriculturalists, comments on C. H. Brown's cross cultural study, 22444
folk biological taxonomy & nomenclature, hunter-gatherers vs small-scale agriculturalists, 22432
folk biological taxonomy & nomenclature, hunter-gatherers vs small-scale agriculturalists, criticism of C. H. Brown's cross cultural study, 22425
gossip, Hindi-speaking Indians, Fiji, 11631
history of empirical research on Sapir-Whorf linguistic hypothesis, 6193
inappropriate speech accommodation strategies, speakers of English, Singapore, 829
interviews as fieldwork technique metacommunicative routines, Spanish speaking rural New Mexico residents, 3544
language use, English speaking vs Bahasa Indonesian speaking employees of mining company, 30329
preference for sentences with background vs forward reduction pattern, acquisition of 1st language, 2–4.4 yr olds, Taiwan, 19833
reactions to Big Dan rape trial, Portuguese community, 14773
role of languages as carriers of structure & culture in society, Europe vs China vs Japan, 19744
rules & structural contradictions & meaning, Vietnamese kinship terms, 13939
speaker characteristics & Bill 101 & interpersonal accommodation & sociocultural status, language strategies in cross cultural encounters, 25–55 yr old Quebec Francophones vs Anglophones, 1977 vs 1979, 817
speech accommodation & ethnolinguistic identity theories & theory of 2nd language acquisition, 816
Subjective Vitality Questionnaire, measurement of attitudes toward usage of Italian vs English, Italian vs English 12th–13th graders, Canada, 25170
use & role of speech, perceptions of ethno-linguistic group differences, 9521
Ethnology [See Also Related Terms]
analysis of psychopathological & psychoethanological phenomena, implications for phylogenetic model of psychosis, 4134
characteristics of ethnic groups, 3782
impact of H. Garfinkel's "Studies in Ethnomethodology" on social science research, 16272
role of words in hunting magic, Aguaruna people, Peru, 11878
Ethnospecific Disorders
familial & sociocultural factors, kwashiorkor syndrome, children, Africa, 17784
history of psychiatric institution, psychocultural aspects of mental disorders & proposals for system of psychiatric care, Kanaka, New Caledonia, 7650
medical anthropology & cross-cultural medicine, treatment of culturally inappropriate symptoms & beliefs, 58 yr old Black female with delusion that frog lives in her stomach, 15047
Ethology (Animal) [See Animal Ethology]
Ethyl Alcohol [See Ethanol]
Ethylaldehyde [See Acetaldehyde]
Etiology
amyloid angiopathy, lobar cerebral hemorrhage, deceased patients undergoing necropsy, 25839
angioarchitectonics of brain in mental retardation, implications for etiology, 6966
antecedents of compulsive drug use, literature review, 4317
antioxidant adaptation & theory of 4-stage progression of degenerative disease, implications for dietary replenishment of antioxidant factors, 28141
behavioral stress & sodium intake, hypertension, literature review, 1627
beta-endorphin & ACTH plasma levels, 15–61 yr olds with classical vs common migraines vs daily vascular headaches, 31157
biochemical & CNS-related & psychic causes of depression, 30974
biochemical & genetic markers in depression & schizophrenia, conference presentation, 28249
biochemical & reinforcement models of addiction, 31054
biological & social & psychodynamic factors, etiology of anorexia nervosa, female patients, 4430
biological factors, causes of alcohol abuse, 12243
biological research on homosexuality, 21819
cause & effect of anorexia nervosa, females in early 20's going without food for 3 wks, 25885

obesity as handicapping & medical conditions, children, implications for medical & educational interventions, 28524
onset & symptomatology & evolution & treatment & outcome, acute schizophrenia, 10-yr followup, 20370
onset of delinquent behavior because of acute unresolved conflicts & personality disorders vs developmental factors, continued criminal activity, children, 31074
opinions regarding etiology & prevention & treatment & responses to illness, 25–73 yr old mental health professionals with relatives with long-term psychiatric disorders, 31889
organismic vs psychological approaches to etiology of infantile autism & early childhood psychoses, conference presentation, 6805
origins & etiology of schizophrenia, 1452
pathogenesis of Wernicke & Korsakoff syndromes & alcoholic dementia, literature review, 23047
pathogenetic mechanisms & treatment, pain patients, conference presentation, 28576
pathogenetic model of "brosithymia", 28–42 yr old psychosomatic vs neurotic vs psychotic patients, 7052
pathophysiology & somatic conceptualizations & treatment modalities, patients with chronic back pain, literature review, 17732
pedophilia, male heterosexual vs homosexual offenders, 25630
perinatal risk factors in etiology of hearing loss, preschool children, Sweden, 31263
phenomenology & characteristics & etiology of agoraphobia, 6768
physiological disturbances, etiology of autism, literature review, 28245
plasma zinc & copper levels, Alzheimer's patients, etiological implications, 25812
political & psychiatric etiology of posttraumatic stress disorder, Vietnam veterans, 25604
postmortem neurochemical studies, schizophrenia & depression & suicide & Alzheimer's disease & Huntington's chorea, 22638
potential role of functional biochemical disturbances in functional psychoses, implications for distinction between organic vs functional psychoses, 6762
predisposed personalities & drinking groups, etiology of alcoholism, 9815

preliminary models of social control, threat of sanction & peer group influence & marihuana use & deviant behavior, 10th graders, 3-yr longitudinal study, 4326
problematical aspects of dopamine hypothesis of major psychosis, 30962
problems & tactics in cross cultural measurement of mental retardation & treatment possibilities & etiology & restrictions, 27033
process of identity formation & etiology of obsessive psychoneurosis syndrome, 6867
prognosis & clinical genetic examination, 4528
prostaglandins in etiology of depression, comment on R. H. Gerner & J. Merrill's assertions, 22676
psychodynamics & etiology of exhibitionism, males, 20410
psychogenic vs biogenic factors in depression & anxiety, implications for rational therapy, 14741
psychological & neurological & endocrinological aspects, depression, 12156
psychological etiology & treatment, chronic back pain, literature review, 20687
psychology of smoking, young people, implications for treatment, 23605
psychopathology & biochemical abnormalities & previously unrecognized somatic illnesses, psychiatric outpatients, implications for etiology, 4106
psychosexual development & emotional security & neuroticism & anxiety, problem drinking & alcoholism, 19–55 yr olds with eating disorders & primary alcohol dependence syndrome, conference presentation, 28318
psychosocial factors in etiology & psychosocial intervention strategies, angina & pseudoangina, literature review, 23127
psychosocial factors in postpartum depression, literature review, 28156
psychosocial factors in psychogenesis & management of psychosomatic distress, conference presentation, 28392
psychosocial origin of acquired immune deficiency syndrome, 14989
psychosomatic & neuropsychiatric perspective, possession of A. Michel, 7094
racism & mental illness & diagnosis & treatment, apartheid & psychiatric facilities, Blacks, UK & South Africa, paper presented at March 1983 meeting of Transcultural Psychiatry Society, 1455
racism, depression, Blacks, UK, paper presented at October 1982 workshop of Transcultural Psychiatry Society, 1383
racism, mental illness, West Indian immigrants, UK, paper presented at March 1983 meeting of Transcultural Psychiatry Society, 1365
research design & diagnostic techniques, social environments & etiology of schizophrenia, comments on A. F. Mirsky & C. C. Duncan-Johnson's paper, 1496
retroviral integration at site close to cerebral dominance gene, etiological hypothesis regarding schizophrenia, 22685
role of cognitive deficits in pathogenesis of autism, children, conference presentation, 30985
role of psychosomatic factors in coronary heart disease, literature review, 20603
role of serotonin in etiopathogenesis of depression, literature review, 25594
scrapie as experimental model for Alzheimer's disease, sheep & goats, 22934
searching-waiting strategy & behavioral model of depression, 20354
self reinforcement & positive feedback mechanisms of obesity, humans & animals, conference presentation, 31227
self report data on causes & features of headaches & clinical diagnosis, classification of cluster vs migraine vs tension headaches, headache patients, 31150
separation & depletion guilt, etiology of anorexia nervosa, 22958
sexual beliefs & attitudes & experience & homophobia, male vs female college students, 30716
social & physiological differences, at risk Ss with vs without psychopathology, comments on A. F. Mirsky & C. C. Duncan-Johnson's study & criticism of D. Rosenthal's study of adoptees with schizophrenic natural mothers, 1465
sociocultural factors, etiology of mental illness, 30977
sociocultural factors, genesis of learning disabilities & mental retardation & other handicaps, West Germany, 25742
stress & trauma & alopecia areata, 4428
stress, growth of viral vs nonviral cancers, animals, literature review, 30122
stressful life events, pathogenesis of primary headache, cephalalgic vs normal 17–59 yr olds, 7117
structural & functional plasticity of brain, nonspecific biological etiology of schizophrenia, literature review, 9655
structure & time course of epileptic attacks, patients with right vs left temporal lobe epilepsy, 4539
support for biological etiology of obsessive compulsive disorder, literature review, 1430
symbolic interaction theory as framework for etiology of drug abuse, implications for treatment, 28290
symptom formation & etiology & dynamics & analysis, transvestite male patient, followup study, 20746
symptom formation & evolution of cultures & disease patterns, literature review, conference presentation, 28139
theology of causality in psychiatry, 31304
theories of etiology, anorexia nervosa, literature review, 31178
theories on causes of alcoholism, male vs female 18–75 yr old lay persons, 28315
thought disorder in schizophrenia as problem in processing information & selective attention vs language, comments on article by S. Schwartz, 30970
uncontrollable aversive event as necessary condition for depression onset, criticism of study by G. I. Metalsky, 28280
use of CNS stimulant challenge to catecholamines in etiological research on schizophrenia, 25507
use of reciprocal vs traditional vs unidirectional model, examination of relation between crime & unemployment, urban birth cohort, 12285
view of anorexia nervosa as dependence syndrome, 28504
vulnerability & stress factors, developmental course of schizophrenia, 1448
women's movement, incidence of mother-blaming for psychological problems reported in major clinical journal articles, offspring, 1970 vs 1976 vs 1982, 30367
X-chromosome markers, pedigrees of manic depressive patients, 25528

Etymology
Greek origin & meaning of word "image", Christianity, 11888
language contact & language change, literature review, 11639
role of ethnic & sex role conflict in origin of American slang terms for ethnic females, 17236

Euphoria
elated mood followed by vs preceding despondent mood, attributional patterns, college students, 25437
elation & hypermusia & spontaneous whistling & musicophilia, musically naive 57 yr old male with aphasia, 14941

vocational evaluation, change in self concept & vocational maturity & goal setting behavior, 18–53 yr olds with emotional & neurological & orthopedic problems, 15529
vocational evaluation, work adjustment, 16078
Evaluation (Treatment Effectiveness) [See Treatment Effectiveness Evaluation]
Evangelists
alternative religious structures & institutional interpenetration by media evangelists, clergy & lay leaders of Protestant denomination, 14245
development & validity of attitude toward evangelism scale, college students, 24297
obsessive compulsive tendencies, evangelicals, 1392
Evoked Potentials [See Also Auditory Evoked Potentials, Cortical Evoked Potentials, Olfactory Evoked Potentials, Somatosensory Evoked Potentials, Visual Evoked Potentials]
acoustic stimulation of vestibular apparatus, generation of frequency-following response, deaf 7–19 yr olds, 20583
active respond-withhold tasks, sustained event-related potentials & P3 response & late activity, 26–35 vs 45–55 vs 65–73 yr olds, 16650
age & semantic & nonsemantic tasks, late positive component of event related potential, 19–24 & 63–88 yr old males, extension of previous work of M. Kutas & S. A. Hillyard, 22011
age, event related brain potentials, 20–29 yr olds, 581
auditory stimuli during systolic vs diastolic phase, rapid changes in blood volume in left central cerebral cortex & left forearm, right handed Ss, 13812
cognitive processing task, components of EPs, human Ss, conference presentation, 622
data analysis methods, demonstration of augmenting & reducing EPs, 22030
EEG & tooth-pulp EPs & neuroadenolysis of pituitary gland, neuronal activity in pituitary gland & involvement in pain perception pathways, monkeys, conference presentation, 27651
electrical activity of reticular formation during aversive & appetitive conditioning, rats, 3282
electroretinographic & EEG & evoked response studies, 7 mo old & 3.5 mo old females with adrenleukodystrophy, 31268
event-related potentials during syllable discrimination tasks, 18–40 yr old siblings of schizophrenics vs 19–39 yr old medicated vs 24–34 yr old unmedicated schizophrenics, 9714
floccular influence, excitatory vestibular reflex arc of anterior semicircular canal origin, cats, 24653
illumination & time of day, multiple unit activity in suprachiasmatic nucleus in retino-hypothalamic island, male rats, 3281
information processing deficits, event-related potentials, 19–39 yr old schizophrenics, conference presentation, 1405
kainic acid injections into pyramidal sections of hippocampus, electrophysiological & behavioral & neuroanatomical changes & functional recovery, male rats, 24764
level of perceptual & cognitive decisions about visually presented words, EP waveforms, Ss with mean age of 29.6 yrs, 11468
memory span & P300 latency, 5–14 vs 20–40 yr olds, 16952
neurometric test of event-related potentials, selection for jobs requiring complex cognitive behavior, US Navy personnel, 26755
nociceptive vs antinociceptive vs sensory stimulation & morphine vs naloxone, spontaneous & evoked activity in parafasciculus thalami neurons, male morphine naive vs dependent rats, 27462
novel auditory information processing, autistic 13–21 yr olds, 17460
oddball stimulus evaluation time, event-related P300 & its latency, college students, 8865
optical imaging, neuronal activity in brain slices, mammals, 8786
polarization of thalamic median center, response of caudate nucleus neurons to CS, cats, 22099
postnatal development of sensory functions of lateral hypothalamic neurons, 1–25 day old vs adult rats, 557
postsynaptic dendrite membrane vs postsynaptic inhibition vs transmitter exhaustion in presynaptic endings, dendritic potential habituation in association cortex, cats, 27369
potentials in medial vs lateral perforant path components in hilus of dentate gyrus, rats, 8745
P3 component of EP as time marker of duration of perceptual & cognitive processes in RT task, 18–31 yr olds, 11491
scalp & nasopharyngeal recordings of N2 & P3 & slow wave activity during target detection task, normal Ss, 16649
self-regulation of single unit activity & EEG & EPs & slow potentials, implication for biofeedback training, literature review, 24677
signs of brain damage in EEG responses to pattern reversal visual stimuli, 13–19 yr old glue sniffers, 31028
stereoscopic cerebral EPs, 21–38 yr old Air Force pilots, 3271
transection of stria terminalis or amygdaloid nucleus pathways, sexual behavior, female rats, 6081
usefulness of event related potentials in research on psychiatric disorders, 2840
verification of truth or falsehood of self referential statements, late negativity in event-related EPs & long term memory strength, college students, 24644
visual & auditory & biomodal brain event related potentials & sensory interaction indices, association of spatial ability with visual-imaginal-analog & verbal-auditory-propositional systems, right handed males 27345
visual & auditory & biomodal event related potentials & lateral asymmetry indices, individual differences in hemispheric asymmetries & cognitive processes, right handed male US Navy recruits, 27346

access to running wheels & photoperiods & type of diet, feeding behavior & weight & energy metabolism, golden hamsters, 22053

aerobic exercise, behavioral control of diastolic pressure, 21 & 61 yr old males with mild hypertension, 1944
aerobic exercise conditioning program, neuropsychological test performance & depression indices & sensory thresholds & visual acuity, 51–70 yr olds, 13831
aerobic exercise, mood & cognition & movement, 18–35 yr olds, 19561
aerobic exercise program, physical fitness & intelligence & adaptive behavior, institutionalized mentally retarded 15–39 yr olds, 10529
aerobic fitness, cardiovascular & catecholamine responses to stressors, 21–64 yr olds, 641
aerobic/circuit weight training vs aerobic/calisthenic training, physical fitness, female, naval personnel, 21535
application of ergonomic principles to study & development of sports training equipment, 18880
arbitrary provocation & additional physical exercise, intensity of aggressive behavior, 16–26 yr old males, 17361
behavior modification &/vs dietary control/nutrition education & exercise, obesity, students, literature review, 21520
bench-stepping exercise, state anxiety & cognitive performance on backward digit test, female college students, 11518
bicycle exercise vs aversive RT stressor & beta adrenoceptor blockade, cardiopulmonary system response, healthy nonsmoking males, 30157
contingency management, adherence to exercise program, 37 yr old male & 53 yr old female chronic schizophrenic residents of sheltered group home, 1971
continuous work & exercise over 45 hrs with 3 hr nap, cognitive performance, US marine reconnaissance personnel, 26765
daytime physical exercise, NREM & REM sleep, 20–24 yr old males, 22065
diet & exercise, resting metabolic rate, obese 22–55 yr old females, 4717
different degrees of running, sleep power & EEG power density, 30–35 yr old physically-fit males, 6038
dynamic vs static exercise, systolic & diastolic blood pressure & interbeat interval & pulse transit times, 20–29 yr old males, 19545
dyspnea in exercise, 11512
efficacy of program of physical exercise with group psychotherapy, females, 7329
evaluation system for exercise-based health promotion program in worksite, 12433
excretion of adrenaline vs noradrenaline in urine, discrimination of involvement in physical vs mental test, 21–29 yr old males, 13832
exercise & recreation program, aged female residents of group home, 10462
exercise & sleep loss, recovery sleep, US Marine Corps personnel, 22066
exercise at different times of day, circadian rhythms in heart rate, 19–22 yr old athletes, 22069
exercise, hypertension, literature review, 15089
exercise, increase in plasma vasopressin & mechanisms of regulation, literature review, 22072
exercise management by physicians, elderly, 23130
exercise, perceived temperature & hedonic values of drinking water, adult volunteers, 19571
exercise under hot vs cool conditions, sleep EEGs, physically fit female college students, 30121
feedback from product of interbeat interval & pulse transit time vs relaxation training vs habituation to task, product feedback & self control of cardiovascular response to exercise, 18–34 yr olds, 7374
forearm pedaling & exercise with weights & wheelchair sports, cardio-respiratory fitness & muscular strength, persons confined to wheelchairs, literature review, 1655
group psychotherapy vs running vs medication relaxation therapy, depression, depressed patients, 20662
hypnotic script, motivation for running & exercise, bored & unmotivated human Ss, 23374
issue involved in pubococcygeal exercise, sexuality, females, comments on article by D. L. Chambless et al, 23094
jogging aerobic conditioning program vs stress-inoculation training, stress management, 24–65 yr olds, 15258
jogging exercise program, self injurious behavior & stereotyped mannerisms, severely mentally retarded 19–23 yr olds, 10204
Kegel pubococcygeal exercises, coital orgasm, reply to article by C. E. Jayne, 23072
maximum exercise stress test as behavior modification tool, reduction of risk factors for coronary artery disease, healthy males, 4718
nutrition & aerobic exercise program, physical fitness & body fat & weight, low income Black mothers, 28843
participation in aerobic fitness program & age & health status & education & number of friends in program, self perceived body image, 50–70 yr old females, 25993
passive range of motion exercise & positioning program, reduction of long term knee contractures, spastic quadriplegic severely mentally retarded 10–18 yr olds, 2187
physical & attitudinal tasks, integrated EMG activity, 18–24 yr old right handed males, 6031
physical development, aerobic & physical working capacity, adolescents with spastic diplegia, longitudinal study, 14955
physical fitness & strenuousness of exercise, cardiac awareness, male Ss, 8866
physical fitness &/vs group support programs, physiological & psychological health indicators, 46–64 yr old healthy females, 25974
positive vs negative affect from viewing tolerant vs intolerant model, perception of exercise-related physiological changes, feminine-typed female college students, 13838
preadmission self instructional information, postadmission exercise performance & time to achieve mastery level, presurgical cholecystectomy & herniorrhaphy patients with mean ages of 48.4 & 47 yrs, 10358
preventive medicine course with regular physical exercise program, medical students, 15625
purposeful vs nonpurposeful physical activity, perceived exertion & heart rate, 19–37 yr old females, 3118
quick exercises, coping with daily work stress, executives, 18814
role of exercise, moderation of adverse bodily effects of stress & criteria for selecting appropriate activities, executives, comments on article by S. G. Freeberg, 18807
sleep deprivation for 72 hrs, aerobic capacity for muscular work & gross mechanical efficiency & oxygen uptake by cells, 20–24 yr olds, 13823
sleep deprivation with vs without intermittent exercise, muscular performance, healthy males, 24742
sleep interruption followed by exercise, 3rd REM sleep period, 19–30 yr olds, 19574
sleep loss, cardiovascular & metabolic processes during high intensity exercise & recovery, 21–23 yr olds, 6051
sleep loss, heart rate & temperature & plasma catecholamine & sympathoadrenal response to exercise, graduate students, 11514
social support & praise & feedback during exercise & goal setting & distraction-based cognitive strategies, adherence to exercise program, healthy sedentary adults, 4734
state anxiety scores prior to muscle biopsy & musculature & blood pressure & metabolic responses, Israel National Water Polo players, 16691
static vs dynamic vs proprioceptive neuromuscular-facilitating stretching techniques, flexibility of hamstring-gastrocnemius muscles, female students, 270
unilateral migraine headaches & mental arithmetic & exercise tests, extracranial vascular changes, 18–61 yr old patients, 9920
vasopressin neuropeptides & ACTH fragments, functional state & capacity of cardiovascular & respiratory systems at rest vs during exercise & memory, human Ss, 6092
verbal instructions vs interbeat interval feedback vs feedback of product of interbeat interval & pulse transit time, control of cardiovascular activity during exercise, college students, 8864
Exhaustion [See Fatigue]
Exhibitionism
auditory & visual descriptions of normal sexual interaction, penile responses, exhibitionists with mean age of 24.9 yrs, 6908
Clerambault's medicolegal evaluations, exhibitionists, 1506

experienced levels of emptiness & existential concern, level of emotional development as indicated by profile of values measure, 17–34 yr olds, 25453
Kierkegaardian synthesis of phenomenology & symbolism of leaving home, 18921
logotherapy, existential frustration, youth, 14145
origins & techniques of H. Kohut's self-psychology vs Freudian vs existential thought, 26896
relation to psychoanalysis, J. P. Sartre, comments on article by J. Dyrud, 13438
struggle between ego & superego in literary & philosophical development of J. P. Sartre, 3566
use of existential guilt in logotherapy, 1870
Exogamous Marriage [See Also Interfaith Marriage, Interracial Marriage]
intersecting social differences, intergroup relations & intermarriage, 1221
psychodynamic & therapeutic aspects, mixed marriages, 23240
understanding of family patterns & problems & suggestions for intervention, ethnically intermarried couples, 20813
Expectant Fathers
countertransference, psychotherapist who is an expectant father, 17961
health care seeking, expectant married male members of health maintenance organization with mean age of 29.8 yrs, 7561
miscarriage & need for emotional support & medical knowledge, expectant father, 26234
psychological implications of abortion, male partners, 20984
significant others' voluntary termination of pregnancy, psychopathological reactions & depression & attempted suicide, 18–22 yr old male military recruits from disadvantaged backgrounds, 1374
Expectant Mothers
alcohol consumption patterns during pregnancy, birth of children with fetal alcohol syndrome or retardation or stillbirth or spontaneous abortion, 21–35 yr old females, 14975
beliefs & attitudes toward children & childrearing, 16–46 yr old primiparous vs multiparous pregnant females, Costa Rica vs West Germany, 17177
brief psychotherapy, psychological tasks of pregnancy, expectant mothers, 7255
components of social support & stress, postpartum depression, 18–35 yr old primiparous females assessed during pregnancy & 2 & 8 wks & 1 yr postpartum, 6752
feasibility of identification of risk of child abuse, expectant mothers, 24-mo followup study, 22800
knowledge about fetal development & sources of information, mothers expecting 1st child, implications for health education, 30619
maternal addiction to narcotic & nonnarcotic drugs, fetal & neonatal development & addiction, newborns, conference presentation, 4287
maternal alcohol consumption, fetal alcohol syndrome vs fetal alcohol effects, fetuses, 14978
maternal social drinking & cigarette smoking in prenatal period, performance on The Bayley Scales of Infant Development, 13 mo olds, 3580
miscarriage & need for emotional support from medical personnel & others, expectant mother, 26253
moderate alcohol consumption, spontaneous abortion & low birth rate & reduced head circumference of child, pregnant females, 14891
parenting programs in public schools, knowledge & attitudes, pregnant students with mean age of 16.1 yrs, 5247
ultrasound screening, image of child, expectant mothers, 2041
Expectant Parents [See Also Expectant Fathers, Expectant Mothers]
level of object relations & marital adjustment, participation in Lamaze childbirth training, 21–30 yr old expectant parents, 30624
transition to first-time parenthood, sex role satisfaction & mood & social change ratings & parenthood anticipation/experience, 21–40 yr old wives vs husbands, 17171
Expectations [See Also Experimenter Expectations, Role Expectations, Teacher Expectations]
achievement expectancies, depressed vs nondepressed Ss, 14705
advance information, autonomic & somatic manifestations of anticipation, 27447
age, causal attributions & failure expectations & effects on intelligence test performance, 18–28 vs 60–84 yr old females, 22293
alcohol & expectations of intoxication, sexual responsiveness, male college student social drinkers, 806
alcohol expectancies & drinking patterns, alcoholics in treatment programs vs hospitalized medical patients vs college students, 31024
analysis of experimental situation demand characteristics, results of psychological research, implications for research design, 26921
anticipated videotape replay, state anxiety levels & motor performance, male vs female college students, 5691
anticipation & electric shock stress, perceptual vigilance in word task, college students, 255
assessment of change-agent expectations in reversal-to-baseline designs, mothers & fathers, extension of research by S. B. Hamilton, 19008
attitudes toward own & world's future, adolescents, Sweden, 17007
attribution & meaningfulness of pregnancy & expectations for coping, females undergoing 1st trimester abortion, 20054
attributions for expected vs actual examination outcome, secondary school students, New Zealand, 29304
automatic activation vs conscious attention, expectancy concerning modality of stimulus & responses in single- vs dual-task conditions, college students, 400

biased interaction technique based on D. J. Bem's self perception theory vs imaginal technique & expectancy, heterosocial anxiety, male college students, 12587
biofeedback training of heart rate & pain expectancy & aversive cold pressor water temperature, heart rate control, 17–32 yr old college students, 26128
causal attribution & expectancy of success & performance in achievement-related behavior, male junior high school students, 23783
concept of "potential" in counseling & psychotherapy, imposition of expectations & guilt, 7241
congruence of attitudes toward role & fertility expectations of females, 14–21 yr old males vs females from military vs nonmilitary families, US, 22385
consumption of beer vs placebo, perception of alcohol effect & skin conductance level, male alcoholic patients, 28328
content & text structure & reader expectations, reading comprehension, literature review, 359
critical review & reformulation of relationship between expectancy & pai, 13406
demographic characteristics & past obstetric history & expectations for birth & anxiety, perceptions of childbirth experience, Jewish females, Israel, 28833
demographic characteristics, perception of risk/return characteristics of stocks, investors, 24073
depressive symptoms & expectations & locus of control for health assessed with cluster analysis, patterns of response to rehabilitation, medical patients, 21127
desire & anticipation, degree of emotion, college students & staff, 27188
development & motivational function of expectations & performance, 4th & 6th & 8th graders, 7955
difficult vs easy task expectations, persistence, internal vs external locus of control male college students, 30842
efficacy & outcome expectations, prediction of performance in snake-handling task, nonphobic college students, 13718
effort & expectancy & goal setting & college entrance exam grades, academic achievement, college students in psychology, Sweden, 10769
emphasis on positive outcome in diagnoses & prognoses, expectation of more desirable of 2 alternative outcomes occurring, college students, 15057
expectancies vs demographic background in prediction of alcohol drinking patterns, college students, 20064
expectancy as influenced by clinical case history, interpretation of Rorschach protocols, groups of college students, 27052
expectancy confirmation vs egotism models, causal attributions for expected vs actual examination outcome, high school students, New Zealand, 2428
expectancy for airpuff, conditioned eyeblinks, 19–35 yr olds, 27179
expectation & intention & action in retirement, nonfaculty college staff aged 58 yrs & older, 2621
expectation of alcohol &/vs tonic & alcohol dose, verbal aggression, male vs female heavy social drinking college students, 6151
expectation of cooperative future interaction with negotiator & accountability to constituents, contentious behavior & joint benefits during bargaining, college students, 9508
expectation of future questioning about vs interaction with attitude objects, spontaneous attitude formation, college students, 14554
expectation of occurrence of typical events & positive interpersonal judgments, college students, 4016
expectation vs actual receipt of alcohol, perception of effect on creativity, male college student social drinkers, 30749
expectations & confidence & frustration levels, parents of intellectually handicapped children with mean age of 5.7 yrs, 31097
expectations & perceptions of self assessed adjustment, 1st yr college students, 15820
expectations about relationship of client behaviors to outcome, staff vs 16–62 yr old clients in rehabilitation center, 23551
expectations based on prior target motions, anticipatory smooth eye movements, naive Ss, 5726
expectations for counseling, college student nonclients vs clients vs nonstudent clients, 15441
expectations for future interaction with male vs female coworker & type of reward & allocation decision, reward allocations, male vs female college students, 28028
expectations of child based on sibling status, adult Ss of varying ordinal positions & parental status, 25028
expectations of effective vs ineffective supervisory characteristics, industrial employees, 18826
expectations of nurses & nursing care, 70–99 yr olds, 1780
expectations of parental sex differences in responses to encountering interpersonal problems, male vs female 4th–8th graders, 17033
expectations of periodic health examinations, adult patients at family medicine center, 18201
expectations of therapists & therapy, charismatic Christian family with 12 yr old underachieving daughter, 26010
expectations of vocational & personal/social & family counseling, adolescent vs adult Anglo-European vs East Indian residents, Canada, 18280
expectations of 10 yr old males from father-headed single parent vs intact families, 23–28 yr old laypersons vs teachers vs social workers, implications for professional training, 10578
experimentally induced stress expectations, self-generated cognitive activities in dental treatment analog setting, female college students high vs low in self-reported dental fear, 20879
factors in deciding what to do in future, 9th graders from small town, 1967 vs 1979, 19925
failure & expectations of parents & teachers & coping techniques, gifted students, 15877
father's sex role attitudes & expectations for son's attitudes, son's actual sex role attitudes, fathers & their sons with mean age of 11.7 yrs, 27841
filial expectations & frequency of parent-child association & assistance, older adults with only children vs 2 or 3 vs 4 or more, 14300
flash luminance & positional expectancy, visual response latency, college students, 24407
friendship expectations, 2nd vs 4th vs 6th graders, 973
gender, expectations for feedback under public vs anonymous conditions, 4th & 6th graders, 14132
generalized expectancies & conservative attitudes, drug related vs non drug related delinquent males, 31040
group process expectations, effectiveness of group therapy vs exercise training program, male 30–69 yr old post-myocardial infarction patients, 7337
group vs individual counseling, counseling expectations, male vs female clients vs nonclients, 18276
high vs low anticipation of counselor self disclosure, rating of counselors, female college students with high vs low preferences for counselor disclosure, 18279
high vs low dosage expectancy of 95 per cent alcohol, aggressive behavior & assertiveness, male college students, 763
high vs low word definition pathology on induction series, expectations of degree of psychopathology in definitions & handwriting samples, college students, 12026
impression management & consistency effects in processing of feedback, college students with high vs low self esteem, 20100
incentive value of success & salience of past performance, expectations for own vs other's performance, 4 yr olds, 14209
income expectations & labor market prospects, decision to enter or continue higher education, male vs female college students in various disciplines, England, 32079
individual intellectual aptitude & father's occupational level & expectations, occupational aspirations, adolescents of lower-upper vs middle-upper SES, 958
induced expectations, attitudes toward client centered therapy, college students, 26019
knowledge of results, anticipatory timing & motor planning, 1st & 3rd graders, 19847
locus of control expectancies, surgical patients, correction of previous article on health locus of control, 2049
long-range work plans for midlife, actual work behavior at that age, human females 35 yrs of age & over, 11971
male vs female job applicant's pay expectations, starting salary offer & hiring recommendation, management students, 18793
marriage-role expectations, college females enrolled in introductory marriage & family course, 1961 vs 1972 vs 1978, 20060
maternal behavior & age & knowledge of child development & maturity of expectations about parental roles, 16.5–22.5 yr old mothers, 22369

mediation of interpersonal expectation effects, meta-analysis, 22579
need for uniqueness & self schema & thought, expectations of peer behavior similarity, college students, test of false-consensus effect, 11994
norm- vs self-referenced feedback, performance expectancies & attribution & motivation, college students, 30825
normative expectations & individual decisions, media gratification choices, college students, 16819
obsessive personality traits and achievement expectations, parents of adolescents with diagnosis of obsessive compulsive neurosis, 25518
outcome dependency, attention to information consistent vs inconsistent with expectations, college students, 12016
outcome expectations, transfer in visual discrimination learning, pigeons, 11413
pain expectations & experiences, fearful vs fearless dental patients, 10364
parental expectations of college education, learning disabled children, 23833
patient's definition of problem & expectancy for treatment, prediction of initiation of therapy, adults seeking outpatient psychiatric treatment, 2096
perceived cognitive competence, subjective standards & expectancies & internal-external motivation orientation & classroom achievement behavior, academically competent 5th graders, 15848
perceived self efficacy, academic achievement, literature review, 7989
perception of counselor's intentions & helpfulness, counseling session outcome, experienced counselors vs college student helpees, 31658
perception of event controllability, probability of event occurrence, college students, 8557
perception of outcome & social expectations to report & situational & individual characteristics, 18–62 yr old rape victims who report vs don't report to social service agency, 25627
personality & social factors & expectations, effects of alcohol & benzodiazepines & marihuana, literature review, 27577
physiological correlates & family & teacher & student expectations & stress, disturbances of concentration & performance & learning disorders, students, 7970
plan for high- vs low-calorie dinner, eating patterns, college student chronic dieters vs unrestrained eaters, 5693
positive vs negative feedback, expectations of performance & task performance, depressed college students, 25516
positive vs negative preinformation from source of same vs different orientation, judgment of couple in therapy, psychotherapists, 28630
positive vs neutral demand instructional sets, outcome of stress management program, 20–60 yr old community residents, 7386
predictable vs unpredictable shock, distress level, 18–40 yr old females, test of information control theories, 19285
predictive validity of expectancy theory model, behavioral criterion of task choice, college students, 8305
preference for counselor gender & type of problem & expectations of counselor knowledge & understanding, male vs female college students, 18281
presentation vs omission of expected shock UCS, conditioned suppression of barpress & freezing as indices of fear, male rats, 3368
previous experience with counseling & level of anxiety, expectations of counselor characteristics & counseling relationship, college students, 4918
prior expectation of death & participation in funeral arrangements, grief adjustment, primary survivors, 20138
private vs audience expectancies of success, performance on anagram task, female vs male college students, 27185
probability of meal provision, plasma corticosterone levels, male rats, 22045
processing time & group vs individual performance, recall of consistent & inconsistent behaviors, college students, 1256
recruitment source, realism of job expectations, social service workers who applied for jobs through newspaper vs employee referral vs directly, 13268
relaxation vs arousal induction & physically active vs sedentary & coping vs mastery rehearsal strategy, physiological arousal & anxiety & imagery & controllability & efficacy expectations, 21 yr old varsity football player, 18047
reliability of observations in double- vs single-blind methylphenidate study, behaviors, profoundly mentally retarded 14.5–21.3 yr olds, 13514
religious orientation of counselor, expectations for counseling, Christian vs non-Christian college students, 15448
resistance to yielding, expectation of cooperative future interaction in negotiation, college students, 11997
river use & visual encounters & crowding expectations & feelings, perceived crowding, innertube floaters ages 14 yrs & over, 5433
role of subjective probability & event relevance to task & task variables in modulation of P300 amplitude in event-related potentials, conference presentation, 19481
scenarios involving social rejection vs broken social engagement, anticipated affect & communication of true reasons for action, 5–12 yr olds, 14213
schema expectancy & item saliency, memory for items in room, college students, 408
self consistency vs self enhancement needs, reactions to performance evaluations on important examination, college students, 13109
self esteem & composition of success vs failure explanations for task performance & stated expectations for future performance, college students, 22619
self fulfilling vs self defeating prophecies, social interaction process, 28027
self reported desire for alcohol & positive expectations, salivary responding to alcohol cues, alcoholic males with mean age of 37.5 yrs, relapse implications, 6900
sex & stress vs social expectations, origins of cigarette smoking & academic achievement, urban Black 18–23 yr olds first measured at ages 12–17, 6–8 yr longitudinal study, 27828
sex differences in pay expectations, undergraduate & graduate management students, 13260
sex role stereotypes as self fulfilling prophecies, college students with traditional vs nontraditional attitudes toward females, 28001
social learning vs attributional interpretations of task familiarity, task performance perceptions & future success expectations, college students, 25434
source of expectancy producing information, perception of moral-expectancy violation, college students, 28044
status interventions to eliminate status disadvantages, multitask & multipartner situations, extension of theory of status characteristics & expectation states, 12006
step-like tracking task, anticipatory performance, right handed males, 24421
subjective expected utility, cigarette smoking, 8th graders, 1-yr longitudinal study, 11784
success vs failure on skilled tasks, causal attributions & performance expectations, preschool & 2nd grade children, 25128
suffering & physiological responses in chance conditions, expectations of outcome & performance improvement, college students, 22620
test expectations & time of day, recall & recognition, 16–18 yr olds & college students, 385
therapy preparation vs placebo intervention, expectations & satisfaction & termination of treatment, immigrant clients of community mental health center, Hawaii, 10391
violation of learned expectancy, temperamental characteristics of crying response, 92–130 day olds, 30503
Experience (Practice) [See Practice]

Experiment Controls

analysis of experimental situation demand characteristics, results of psychological research, implications for research design, 26921
attitudes toward significance of test results & utility of positive controls, behavioral teratologists, Japan, 19156
familiarization sessions in pharmaco-EEG studies placebo control, analysis of drug effects, male Ss under 30 yrs of age, literature review, 2812
MBASIC computer program subroutine, counterbalanced assignment of stimuli to conditions across Ss in cognitive psychology experiments using verbal materials, 29677
meta-analysis of effectiveness of psychotherapy vs placebo treatment, comment on article by L. Prioleau et al, 31405
meta-analysis of effectiveness of psychotherapy vs placebo treatment, reply to comments by S. F. Butler et al & J. Weinberger, 31349
role of control groups, gain-loss effects in interpersonal attraction, college students, 4003
utility of comparison of psychotherapy vs placebo in treatment evaluation, comments on article by L. Prioleau et al, 31350

Experiment Volunteers

coparticipants' consent decisions, decisions to consent to experiment involving risk of moderate electrical shock, female vs male college students, 30775
debriefing, perception of harmful effects in deception experiment, research participants, reply to criticism by Z. Rubin, 16264
debriefing, perception of harmful effects in deception experiment, research participants, criticism of article by S. S. Smith & D. Richardson, 16257
demographic & symptomatic variables & extent of endogenous depression & response to amitriptyline & attrition rates, clinically referred depressives vs volunteers, 1483
incentive to child vs parent vs communication with child vs with parents as part of followup, consent rates in social research, White vs Black parents, 16271
informed consent form with vs without supplemental information presented by physician, willingness to participate in drug experiment, college students, 1230
number of oral Rorschach responses, college students volunteering as Ss for psychology experiments during 1st vs 2nd semester, 28063
student characteristics & relations with peers, 1st & 6th graders with vs without parental permission to participate in research, 6339
willingness to participate in hypnosis experiment & scores on creative imagination scale & up-gaze & eye-roll tests & hypnotic susceptibility, hypnosis vs nonhypnosis experiment volunteers, 13722

Experimental Apparatus [See Apparatus]

Experimental Design [See Also Between Groups Design, Followup Studies, Hypothesis Testing, Longitudinal Studies, Null Hypothesis Testing, Repeated Measures]

advances in research methology on psychotherapy of schizophrenia prompted by research of A. H. Stanton et al & J. G. Gunderson et al, 26023
alcoholism & drug abuse & mental health outcome evaluation studies, implications for research design & generalization, 23595
analysis of experimental situation demand characteristics, results of psychological research, implications for research design, 26921
analysis of 1978–81 studies attempting to evaluate effectiveness of organizational development programs, determination of quality of research design, 32322
application of naturalistic paradigm to research in content area reading, secondary school social studies classes, 2798
application of single case design, hypnosis research, 8352
assessment of change-agent expectations in reversal-to-baseline designs, mothers & fathers, extension of research by S. B. Hamilton, 19008
bias toward academic settings for Ss & designs & generalizations, counseling psychology research, 16260
bias toward setting for Ss & designs & generalization, counseling psychology research, criticism of study by A. Scherman & R. E. Doan, 16232
bootstrap approach of B. Efron, repeated measures design, 19140
case study paradoxical investigations & evaluation via intra-S replication designs, literature review, 19013
cautions regarding use of critical levels method in research, 26946
computer-based procedures & ecological validity, reading research, conference presentation, 41
conceptualization of relationships & statistical & design issues, relationships between adult speech to children & language development, 19855
conjoint design & analysis of bilinear model, judgments of risk, college students, 18974
context of strategic management in public sector, implications for program evaluation & research, 23984
depiction of consenting intercourse vs stranger vs acquaintance rape & rape debriefing, attitudes toward rape, female vs male college students, implications for experimental ethics, 1513
design & data collection & analysis as stages in clinical trials, 2784
design & implementation of study on effects of psychotherapy, nonchronic schizophrenia, 18–35 yr olds, 26069
design & scientific & ideological issues in individual psychotherapy of schizophrenia, comment on study by A. H. Stanton et al & J. G. Gunderson et al, 26047
design of epidemiologic catchment area surveys, determination of prevalence of mental disorders, 8356
determination of sample size for hypothesis testing research, 19146
experiment design problems in use of cortical event-related potentials to study neural organization of development & cognition & motivation, conference presentation, 19467

experimental design & control methodologies, clinical biofeedback, 1971–80, 4708
experimental design & lay interviewer, reliability of Diagnostic Interview Schedule for assessment of lifetime history of psychiatric symptoms, schizophrenics, reply to criticism of M. Karno et al, 185
experimental design & psychophysical method & inspection procedure, measurement of orientation-contingent color aftereffects, college students, 2787
experimental design, psychiatric research, 79
experimental paradigm for study of discriminative stimulus properties of drugs illustrated by dextroamphetamine, 22–34 yr olds, 2790
exposure to pornographic rape depictions in literature followed by debriefing, attitudes toward & perception of rape, female vs male college students, implications for experimental ethics, 1544
factorial design methodology, reading research, 8353
generalizability theory & research design, incongruity between statistical analysis & intended inference, 21795
group actualized vs group pure vs generalized pure behavior functions, control over systematic variance in experimentation, 19154
guidelines for design & statistical analysis in psychoeducational research, 24346
inadequacy of sample sizes & measurement of cost effectiveness & confidentiality of iterim data, design & conduct of randomized clinical trials, 29685
intensive design methods, analysis of individual differences in text processing, 57 & 65 yr old proficient readers, 27153
level of discourse theory as aid in selection of independent variables in research on models of leisure participation, 5437
majority vote technique, enhancement of reliability of forced choice ESP test performance & run score variance, 11024
merits of randomized response technique, reduction of response error & potential use with multivariate approaches in social science survey research, 16380
meta-analysis of effectiveness of psychotherapy vs placebo treatment, comment on article by L. Prioleau et al, 31405
meta-analysis of effectiveness of psychotherapy vs placebo treatment, reply to comments by S. F. Butler et al & J. Weinberger, 31349
methodological issues regarding use of animal models in research on effects of prenatal alcohol exposure, 19000
methodological problems in psychotherapy research & review of Michigan State Psychotherapy Research Project, comment on psychotherapy & schizophrenia study by A. H. Stanton et al & J. G. Gunderson et al, 26043
methodology & utilization of verbal reports in reading research, literature review, 31946
methodology, evaluation of controlled trials in drug abuse treatment, 12860
methodology for study of acquisition of maze behavior chains, rats, 19335
multilevel & factorial Solomon 4-group designs, research in developmental & educational psychology, 2828
multiple baseline design & single subject research in educational programs, 2807
need for monitoring collateral effects of leisure skill instruction, severely handicapped vs mentally retarded 12–14 yr olds, implications for multiple baseline methodology, 21714
need for non-psi control conditions in psi research, 24099
nonverbal assessment, development of social perception, Ss with mean ages of 6.5–12.5 yrs & college students, 13500
observer bias in attitude attribution paradigm, college students, 9486
paradigmatic assumptions of Cartesian mechanics & its dualistic assumptions in operant conditioning, 29639
paradigms & methodologies & mechanisms in research on learning & memory, conference presentation, 22007
personnel selection research design & criteria & instruments & occupational groups, meta analysis of validity studies published in "Journal of Applied Psychology" & "Personnel Psychology", 1964–82, 197
poisoned partners effect, rats, replication of experiment by M. J. Lavin et al, 3149
precognition vs present time ESP, information acquisition in forced choice trials, 13425
problems in use of attribute variables in neuropsychological research design, 5584
procedure for teaching experimental methods in designing research, psychology students, 18589
reactions to Blacks' career development, Whites employed in private vs public sector, South Africa, 18869
research design, reliability of Diagnostic Interview Schedule for assessment of lifetime history of psychiatric symptoms, schizophrenics, criticism of A. E. Pulver & W. T. Carpenter's study, 160
research design, reliability of rating scales in marketing research, meta analysis of marketing journal articles, 11125
research designs, evaluation of lifeline electricity rates, 11081
research designs using penalty indices as measures of aggression, athletes in Western Hockey League, 1978–79, 24170
sample size in clinical outcome research, detection of weight control treatment differences, 10243
scores on Socialization scale of California Psychological Inventory, 21–30 yr old offspring of alcoholics vs nonalcoholics, implications for validity of high risk studies of alcoholism screening out problem drinkers, 13509
shaping procedures, speed of acquisition &/vs asymptotic accuracy of discrimination, rats trained in discrimination of phenobarbital, implications for discriminability index, 26949
single-case design structure, applied cognitive research, 11088
single-case investigative research, efficacy of clinical treatment, nonoperant clinician, 11087
single-case methods in experimental designs, family therapy research, 29673
size of stimulus choice set, consistency of choice in "pick" vs "reject" response modes, test of C. H. Coomb's unfolding theory, 21731
sleep EEG measures & adaptation to laboratory conditions, 29–65 yr old patients with depression, 30925
social consequences of research design, 24175
sources of behavioral variance, chimpanzees, implications for research design problems & sample size selection, 27313
statistical conclusion validity & experimental designs in business research, 16386
stimuli as random effects & stimulus sampling, generalization of experimental results, 13494
strategies in psychiatric clinical research, 5572
subgrouping in stuttering research, individual differences, 12317
surface pedagogical & psychological levels of analysis of classroom process, research on effective teaching, 31953
symbolic social pressure & numerical majority, direct vs indirect influence on compliance, 16–19 yr olds, test of utility of S. E. Asch's paradigm, 30788
theory & methodology for inference of mental processes from analysis of RT data, 19157
time for reflection & involvement in task, formation of attitude toward task, college & graduate business students, 13508
use of cultural scenes & themes in organizational research, transit employees, 24016
use of large group comparison research strategies based on nomothetic model vs idiographic methods employing single-system designs, establishment of effectiveness of therapeutic interventions in occupational therapy, 18996
utility of comparison of psychotherapy vs placebo in treatment evaluation, comments on article by L. Prioleau et al, 31350
utility of single case research methodology, study of intermediate goals as variables in treatment outcome research, 23120

Experimental Epilepsy

bicuculline-induced epileptiform activity, development of receptive field properties in striate cortex & lateral geniculate nucleus, rabbit pups, 16790
cutaneous stimulation of anterior paw muscle, transcortical reflex generation in same muscle & role of cortical regions 3a & 4, cats with motor epilepsy, 687
induction of epileptiform syndrome by prolonged stimulation of negative emotiogenic area, rats & cats, 16721
intracarotidian administration of diazepam & clonazepam & xylocaine, experimental epilepsy, adult cats, 9033
tetanus toxin-induced epilepsy, amnesia, male rats, 11541

Experimental Ethics
balance between societal & research benefits vs physical & psychological effects of hospitalization, diabetic children, 29658
depiction of consenting intercourse vs stranger vs acquaintance rape & rape debriefing, attitudes toward rape, female vs male college students, implications for experimental ethics, 1513
ethical issues in studies of animal predation & aggression involving artificially staged encounters, 69
ethical problems in applied social research, 6618
ethical problems in research on opioids, treatment of chronic schizophrenia, 34 yr old female patient, 28761
exposure to pornographic rape depictions in literature followed by debriefing, attitudes toward & perception of rape, female vs male college students, implications for experimental ethics, 1544
freedom & withdrawal from participation in research, experimental Ss, 2825
informed consent & freedom to withdraw & constraints on use of deception, ethical procedures, research practices assessed by surveying social psychological journals, 29656
medical & biological technological advances, ethical implications for human experimentation, 21155
methodology for studying effectiveness of anti-anxiety drugs, France, 1994
sociometric testing, peer interactions, 3.1–5 yr old preschool students, ethical implications, 2568
Experimental Instructions
absence of illusory information in stimulus by instruction, Mueller-Lyer illusion, college students, 11300
absorption & trait anxiety & instructions to relax with vs without biofeedback, frontalis muscle activity, college students, 3321
adaptive vs neural instructions, rating vs self report of causal attributions, mildly depressed female college students, implications for attribution retraining, 31470
categorization vs mental imagery mnemonic aids with vs without E instructions, reading skills & recall, 5th graders, 3650
congruence of locus of control & problem solving task instructions, self efficacy, female college students, 426
contrived vs noncontrived response conditions, ability to "fake good" on Profile of Mood States, college students, implications for construct validity, 16347
demand characteristics, Beck Depression Inventory responses, college students, 24252
egocentric vs gravitational instructions & clarifying vs obscuring feedback, performance on rod & frame test, field-independent vs -dependent college students, support for H. Witkin's hypothesis of field differentiation, 11283
experimental instructions & process of abstraction in reasoning & judgment studies, 5762
experimentally induced demand, content of nocturnal dream, college students, 8589
familiar size & spatial cues & apparent & assumptive instructions, size & distance judgments, human Os, 8464
general instructions with vs without specific instructions vs no instructions following presentation of videotaped burglary trial, jury instruction comprehension errors, jury duty eligible college students, 17228
instruction conditions, moral judgments, 4th graders vs 7th graders, 6245
instruction to remember TV programming for later testing vs to watch for entertainment, recall of visual vs auditory vs audiovisual information, 5 vs 9 yr olds, 16935
instructional control, sex-related motor behaviors, masculine males vs females vs feminine males, 17258
instructions & distracting visual task, electrodermal habituation to loud tones, college students, 6034
instructions inducing physical vs apparent attitudes, magnitude estimates of distance, college students, 8484
interpersonal contact between S & experimenter & thinking styles & current concerns, task-irrelevant thought & imagery in auditory signal detection experiment, 20–39 yr olds, 20075
interpretation of incomplete instructions, individual differences in strategy selection in solution of figural/numerical analogies, 4th vs 6th vs 8th graders vs college students, 19797
misinterpretation of instructions, perception of kinesthetic aftereffect, 11251
neutral instructions vs instructions with negative implications for errors, frequency & detection of reported memory & motor lapses in everyday life, college students, 21732
oral instruction of faculty vs administrative use of course evaluations, global course & instructor items, college students, 15928
practice & verbal instruction, task performance & verbalizable knowledge, 19–35 yr olds, 11248
practice &/vs attentional instructions & knowledge of results, visual dominance in bimodal RT task, college students, 262
S verbal ability & task instructions, standards of evaluation for expository prose comprehension, college students, 23775
subjective vs experimenter-induced vs forced-random organization, recall of movement information, 7–8 & 11–12 yr olds, 11724
task demands, drawing of model cup, 4.8–6.8 yr olds, 6230
within-Ss vs between-Ss designs & experimental instructions, rank order of ratio vs difference judgment of heaviness, students, 82
Experimental Laboratories
adaptation to sleep laboratory & quantitative analysis of sleep EEG, Ss at sleep center, 3298
contributions of H. L. Teuber & Psychophysiological Laboratory of New York University to neuropsychology, conference presentation, 30112
description of classroom lectures & laboratory at Leipzig & personality of W. Wundt, Japanese psychologists & philosopher, 16175
extended time in laboratory, reproduction, female rhesus monkeys, 16493
laboratory research & symbolic interactionism, 2817
laboratory vs field studies of human stress physiology, male Ss, 22058
noise, sleep in laboratory vs home, 20–58 yr olds, 13826
software & hardware of Apple II-based slide projector laboratory, visual perception experimentation, 29691
Experimental Methods [See Also Stimulus Presentation Methods]
a priori elements in developmental & social psychology research programs, criticism of J. Brandtstadter's study, 6619
algorithm for generation of artificial test clusters, generation of test data sets for Monte Carlo validation research on clustering methods, 24335
application of consumer demand theory, evaluation of animal welfare, reply to G. D. Huston's criticism, 26926
assessment of ability to correct & detect mispronunciations & their location in speech, college students, methodological implications, 21846
assessment strategies & critical issues of cigarette brand switching, 32346
birth cohorts, methods for study of sequences of & environmental changes in lives of individuals, 5569
breath- ethanol vs breath-acetaldehyde measurement, determination & time course of blood ethanol level, humans, 24152
calibration & standardization of eye movements using vertical & horizontal EOG, Ss with mean age of 21 yrs, 6013
children as Ss, experimental methods & contributions of social psychology, 26943
combination of phenomenological & experimental approaches, reconstruction of methodology in gestalt theoretical research, 21707
combining field experiments with longitudinal surveys, study of effect of social support on patient adherence, 18–65 yr old hypertensives, 5586
comparison of laboratory parapsychology & sex research, 8284
completeness of scientific method, 8373
concentration of orally-infused sweet vs salt vs bitter tastant, ingestive vs aversive taste-reactivity responses, male rats, methodological implications, 21978
conceptual framework & research methodology, drug abuse treatment in community mental health center, 28981
conditioned fluid aversion as index of motion sickness, Japanese quail, 5858
controlled alcohol drinking research, comments on B. Dickens' criticism of B. Sobell & L. Sobell's controlled drinking research, 4354
cross cultural (psychology) knowledge through cross-indigenous methods & perspective, 17133
debates & methodological arguments in psychology at beginning of 20th century, Italy, 23

debriefing, perception of harmful effects in deception experiment, research participants, reply to criticism by Z. Rubin, 16264
debriefing, perception of harmful effects in deception experiment, research participants, criticism of article by S. S. Smith & D. Richardson, 16257
deception methodology in social psychology research vs role playing & choice technique, conformism, 24–28 yr olds, replication of E. Asch's study, 26957
definitional & methodological issues & principal components analysis in event-related potential research, conference presentation, 19525
deliberate alteration of visual perception task, visual evoked potential, 21–40 yr old normal Ss, 19526
dependence of skin conductance vs skin resistance reactions on previous levels, males, reevaluation of study by W. Boucsein & G. Hoffmann, 8854
design & data collection & analysis as stages in clinical trials, 2784
development & procedures & theory of probe EP method, assessment of regional cerebral activation during cognitive processing, literature review, 24166
development of technique for response to chemical trigeminal stimulation without separation of olfactory components, males & females, 8363
divergent & convergent models, clinically relevant research, 19002
drinking patterns & social behavior in simulated tavern, male college student social drinkers, 24171
efficacy of rapid serial visual presentation on CRT as reading aid & information processing research tool, conference presentation, 106
electromotilo-oculography, measuremental eye movement in bidimensional space, normal vs pathological Ss, 18980
epidemiological & clinical research as guide in search for risk factor & biological markers of mental disorders, conference presentation, 28206
ethical considerations, psychopharmacological research, patients, 20899
evoked neuromagnetic brain potentials & relevance for event-related potential research, conference presentation, 19483
experimental design & control methodologies, clinical biofeedback, 1971–80, 4708
experimental design & psychophysical method & inspection procedure, measurement of orientation-contingent color aftereffects, college students, 2787
experimental factors, RT & accuracy on memory scanning & lexical decision & choice tasks, 21874
experimental methods derived from social psychology, employee performance appraisal research, 23958
experimental parameters, haloperidol-induced catalepsy, male rats, 5581
family therapy & analog research, comments on J. B. Bavelas's article, 18983
FORTRAN programs for 2-party mixed-motive games on physically isolated terminals, implications for teaching & research, conference presentation, 2410
fraud in controlled alcohol drinking research, comments on K. Walker & C. Roach's critique, 4292
fraud in controlled alcohol drinking research, comments on K. Walker & C. Roach's criticism of B. Dicken's comments, 4348
free will & psychology as science, comments on article by J. F. Rychlak, 16179
free will & relation to use of causal description in psychology, 16213
guidelines for design & statistical analysis in psychoeducational research, 24346
idiographic approach to research, leadership & subordinate behavior & organizational performance, 2674
information train procedures, analysis of functional interaction of neuronal spike trains in nucleus parabrachialis medialis during sleep-wake states, cats, 27350
interorganizational theory & network analysis techniques, assessment of interagency coordination & system development goals of Community Support Program initiative, chronically mentally ill, 28873
lexical decision list task, assessment of word recognition processes, college students, 3549
mall intercept method vs telephone interviewing, response quality & rates & lifestyle characteristics & shopping behavior, respondents, 26922
measurement of retinal image motion during forced angular head vibration, 17–44 yr olds with vs without vestibular dysfunction, 25930
mental & free will concepts in psychology, comments on article by J. F. Rychlak, 16218
method of single test solution selection, alcohol intake, rats, 21903
methodological & interpretive inconsistencies, cognitive impulsivity & learning disabilities, 25740
methodological issues regarding use of animal models in research on effects of prenatal alcohol exposure, 19000
methodological problems of analysis of causal attributions for nonpsychologist explanations, 21710
methodological procedures, study of class structure, Poland, 25261
methods of analysis used in temporal measures of vocalization, college students & military personnel & aged, 11098
microcomputer-based EEG technique using hippocampal EEG & nuchal EMG for automatic online sleep-wake classification, rats, 26958
modification of "Probabilistic Predictor Program" software, testing random target generators in ESP experimentation, 29710
naturalistic family research, understanding communication & interactions with vs without pathology, reply to comments by A. S. Gurman, 18968
naturalistic observation vs structured measures of empathy & perspective taking vs teacher ratings, assessment of prosocial behavior, 52–66 mo olds, 13497
naturalistic vs artificial experimental family research, 18967
nature & function of theory & experimental methods in molecular analysis of behavior, 29599
need for rigorous & realistic case studies, implications for instructors & students, 12911
need for training in scientific approach to outcome selection in behavior therapy, applied behavior analysts, 2236
onsite vs offsite measurement of "escape physical stress" needs, steelhead anglers, 16248
pain threshold determination technique using alternating ascending & descending stimulus intensity series, rats, 26925
paradigms & methodologies & mechanisms in research on learning & memory, conference presentation, 22007
potential advantages of task analysis, memory research, college students, 29704
preference test methodology, measurement of motivation, animals, criticism of M. Dawkins's study, 26937
problems & tactics in cross cultural measurement of mental retardation & treatment possibilities & etiology & restrictions, 27033
procedure for teaching experimental methods in designing research, psychology students, 18589
procedures of J. Brener & J. M. Jones vs W. E. Whitehead et al, assessment of cardiac awareness, college students, 8862
psychotherapeutic approaches & research methodologies, drug abuse treatments & outcome evaluation, 12867
Q-analysis vs Q methodology, science of subjectivity, comments on work by R. H. Atkins & C. R. Whyte et al & W. Stephenson, 18971
qualitative vs quantitative research, special education, criticism of S. Stainback & W. Stainback, 15893
qualitative vs quantitative research, special education, reply to criticism by R. G. Simpson & R. C. Eaves, 15897
quantitative method of cross-adaptation, identification of multiple receptor sites for amino acids in olfactory receptors, carp, 22028
quantitative vs qualitative research in psychology, 29708
radioligand binding techniques, determination of dopamine receptor subtypes, 2823
reasons for not entering eligible cancer patients in clinical trial of surgery, physicians, 7576
repeatability in psi experiments, 29604
rest weeks, carryover effect in retail experimentation, 26714
restricted vs freer choice of levels of categorization, reliability & precision of social judgments, college students, methodological implications, 22605
right- vs left-hemispheric methodology in experimental psi research, 13404

role of measurement & language in subjective & objective sciences & Q methodology, 19005
role of safety signals, maintenance of & influence on agoraphobia, 12198
scientific method in technical & skills training, 2630
secondary visual feedback method using eye-position signal displayed with target vs superimposed on visual scene, analysis of smooth eye-movement control, human Ss, 11103
size of experimental effects as criterion for experimental research, criticism of R. Westerman & W. Hager's study, 5583
strategies for conducting food loading experiments, study of satiating efficiency of food, 8360
strategies in psychiatric clinical research, 5572
submaximal effort tourniquet test, discrimination of pressure vs ischemic pain, 21–50 yr olds, 22085
superconducting quantum interference device 3rd order gradiometer, measurement of cortical magnetic fields, conference presentation, 19011
technique for recording neuronal activity from spinal dorsal horn, healthy restrained cats, 26924
tests of integrated multiple-act ESP, college students, 26867
theoretical conceptualizations & experimental methods, individual differences in time needed for learning, implications for educational practices, literature, 7962
time allocation, tool for study of cultural behavior, literature review, 11882
TRS-80 programs, control of experiments involving paired associate verbal learning procedures, 92
use & selection of behavioral tests, assessment of neurotoxins in behavioral toxicology, literature review, 8369
use of conversational features for research, mother-infant vocalization behavior, mothers & their infants observed at 13 & 20 & 27 & 35 wks of age, 1061
use of experimental method in transactional analysis, 12501
use of sodium lactate in laboratory conditions, study of panic disorders, 13901
usefulness of self report as experimental method in research on mental processes, reply to M. H. Birnbaum & S. E. Stegner, 26947
utility of amfonelic acid-induced locomotor stimulation, evaluation of potencies of classical & atypical antipsychotics, male mice, 6142
utility of spatial frequency analysis methodology in vision research, literature review, 26955
validity network schema, classification of alternative research methods, 21713
validity of cuff pedestal technique for REM sleep deprivation, electrophysiological correlates of sleep wake cycle, male rats, 18989
validity of qualitative data in educational research, 26940
validity of vocal onset latency vs read only trial procedure, "yes/no" question answering research, college students, 21720
verbal comprehension & fluency & perceptual speed & memory, identification of fluid & crystallized intelligence, 19–27 yr olds, 16458
videotape procedure, analysis of caregiver-child interaction, hearing impaired children, implications for development of communicative competency, 50
window pointer technique, measurement of word processing time in reading, college students, conference presentation, 54
word reading time as indicator of interclause integration, adults, conference presentation, 91

Experimental Neurosis

age differences, experimental neurosis, 1 mo old vs adult rats, 3139
experimental neurosis, local brain circulation rate & cytochrome content, rats, 27377
level of classically conditioned responding & blood levels of serotonin, normal vs neurotized dogs, 8845

Experimental Psychologists

policies & procedures of Psychology Grant Selection Committee of Natural Sciences & Engineering Research Council, Canada, 7802
professional contributions of H. F. Harlow, 21675

Experimental Psychology

a priori elements in psychological research, comments on J. Brandtstadter's & R. Reisenzein's work, 13480
acquisition of complex skills, implications for experimentation & computer revolution, conference presentation, 401
application of FORTH computer language, control of experiments, conference presentation, 86
application of 16 bit one-board microcomputers to animal psychological experiments & computer communication, 72
applied social psychology as remedy to problems of experimental social psychology, 1215
behavioral theories & experimental analysis of social & verbal behavior, 39
behavioristic vs cognitive viewpoint, animal learning experimentation, 19317
classical topics in experimental social psychology, literature review, 30761
definition of structural or experimental psychology, 5692
definitions of awareness, implications for experimental psychology, 27194
development of experimental behavioral analysis, Spain, 24108
experimental psychology, exposure orientation approach to opiate addiction, literature review, 6884
historical roots & development of experimental & developmental & educational & social psychology, Japan, conference presentation, 16156
integration of experimental & psychometric & developmental approaches in psychology, 21669
integration of individual differences & personality variables with experimental psychology in scientific psychology, 8275
interests & influences of F. Galton, experimental applied psychology, conference presentation, 18956
Pascalian vs Baconian concepts of probability in psychological research & practice & contributions of L. J. Cohen, 13634
philosophical contribution of S. C. Pepper's "World Hypotheses: A Study in Evidence", implications for experimental psychology, 27087
position of experimental psychology to provide expert information on reliability of eyewitnesses, comments on article by M. McCloskey & H. E. Egeth, 20010
quantitative vs qualitative research in psychology, 29708
role of tachistoscope & other instruments in experimental psychology, 19th & 20th centuries, Italy, 21676

Experimental Psychosis

social deprivation during infancy, sensitivity to dextroamphetamine-induced psychotic-like behavior & CSF norepinephrine levels, rhesus monkeys, 3350

Experimental Replication

absence of replication requirement for publication in American Psychological Association & other journals & effects on usefulness & quality of reported findings, comments on article by R. Sommer & B. A. Sommer, 24143
child's gender vs birth order vs ethnic background, expectation of developmental timetables, Australian vs Lebanese mothers, Australia, replication of study by R. O. Hess et al, 16869
contents of referred journals as worthy of presentation in textbooks & built-in experimental replication, comments on article by R. Sommers & B. A. Sommers, 24148
EEG visual EP parameters & scores on the Raven Advanced Progressive Matrices, 18–56 yr olds, replication study, 19098
experimental replication & research in social psychology with Brazilian Ss, US, 1969–81, 6620
experimental replication with Q methodology, comments on findings by B. D'Agostino, 11097
extralegal factors in deterrence & social control, comments on F. P. Williams's replication of present author's study, 30682
legal deterrence & social control, use of marihuana, replication of experiment by R. F. Meier & W. T. Johnson, 30712
reliability & validity of psi demonstrations & replicability of experiments, literature review, 24094
seasonal variations of births of left handedness, males & females, replication of A. Leviton & T. Kilty's study of females, 19783
subjectivity of E in Q methodology, replicability of experimental results in study of attitudes toward nuclear weapons, 11077
typology of social work practice with groups, implications for teaching & theory development, experimental replication, 31664

Experimental Subjects [See Also Experiment Volunteers]

balance between societal & research benefits vs physical & psychological effects of hospitalization, diabetic children, 29658

bias toward academic settings for Ss & designs & generalizations, counseling psychology research, 16260
bias toward setting for Ss & designs & generalization, counseling psychology research, criticism of study by A. Scherman & R. E. Doan, 16232
demographic & developmental characteristics, dropping out of clinical developmental research study, infants & their families, 16853
demographic & treatment factors & post-hospital community adjustment, research dropout in psychiatric setting, older nonresponders vs older completers & older vs younger nonresponders, 5571
demographic characteristics, reporting fall off in life stress study, 18–96 yr olds, 28074
educational level & IQ, attrition in longitudinal study, head-injured veterans, 40-yr longitudinal study, 25932
freedom & withdrawal from participation in research, experimental Ss, 2825
ineffectiveness of institutional review boards in evaluation of risks & benefits of proposed research, rights of Ss & societal welfare, 2847
parental refusal to cooperate in survey & incidence of psychiatric disorders in their children, parents & their 8 yr olds, implications for interpretation of multistage surveys in child psychiatry, 26915
recruitment of Ss for mental retardation research, 13510
S selection in cross-sectional cognitive aging research, 13505
simulative vs dissimulative vs insincere attitudes toward testing in psychological research, intensity & quality of aggressive behavior, experimental Ss, 5562
usefulness of self report as experimental method in research on mental processes, reply to M. H. Birnbaum & S. E. Stegner, 26947

Multiparameter Biofeedback Experimental Research Tool program in BASIC, reduction of E effect in biofeedback research, 101
observer bias in attitude attribution paradigm, college students, 9486
play vs training experience & experimenter bias, performance on innovative task, 44–58 mo olds, replication of studies by T. Simon & P. K. Smith & by P. K. Smith & S. Dutton, 22349
reliability of observations in double- vs single-blind methylphenidate study, behaviors, profoundly mentally retarded 14.5–21.3 yr olds, 13514
sex bias, research on alcoholism, 9819
sexual bias in literature of social behavior, mammals & birds, 13769
subjectivity of E in Q methodology, replicability of experimental results in study of attitudes toward nuclear weapons, 11077

Experimenter Expectations

examination of P. Grim's thesis that psi phenomena & E expectancy effect may be identical, 8280
interpersonal expectancy effects & psi phenomena, commonalities & differences, 8289
labels regarding patience & tester expectations, self control, 3 & 4 yr old preschoolers, 9128
psi phenomena & Rosenthal effect, literature review, 8285

Experimenters

experimenter presence vs absence, voluntary control of skin temperature, biofeedback Ss, implications for social facilitation hypotheses, 7352
need for unification of researchers & practitioners in special education, 2520

Expert Testimony

ability to provide information concerning perception & memory in eyewitnesses, psychologists, comments on work of M. McCloskey & H. E. Egeth & E. F. Loftus, 20031
ability to provide information on perception & memory in eyewitnesses, psychologists, comments on article by M. McCloskey & H. E. Egeth, 20040
admissibility of expert psychiatric testimony on question of intent during guilt determination, case law, 3892
admission of expert testimony in criminal proceedings, case law, 14348
application of "waiver by offer of psychiatric evidence" & 5th Amendment privilege, 9453
changes of plea & expert testimony & speedy trial rights & jury instruction errors & burden of proof in insanity defense cases, case law, 14319
child advocacy, forensic pediatricians, Canada, 6547
clinical & ethical dilemmas in serving as expert witness in Roman Catholic church court trials regarding marriage annulments, psychiatrists, 29077
concepts of diminished responsibility & dangerousness, psychiatric evaluation & testimony as part of sentencing process, criminal defendants, 1154
constitutional issues & legal constraints of psychological examination & adjudication, criminals, 1153
decision-making model for post hoc assessments of mental capacity, forensic mental health examiners, 30675
definition of psychology & psychologists & role in legal processes, 12950
deposition & preparation for testimony & court appearance on behalf of client, counselor, 7770
detection of malingering & admissability of expert testimony & clinical procedures, 1095
development of doctrine of testamentary competency, implications for role of expert witness in cases involving wills, 27978
ethics issues & role in insanity defense, expert psychiatric witnesses, 1101
ethnopsychiatric approach to reporting forensic psychiatry evidence, 27967
expert judgment & prediction of dangerousness in mentally ill, psychiatrists, 3944
expert psychiatric testimony in cases involving possible death sentence, 1097
expert psychiatric testimony in insanity cases, case law, 25327
expert witnesses in criminal trials, psychologists, Hong Kong, 3905
history of use of scientific evidence & medical expertise in legal processes, England, 3915
judgment criteria in legal testimony for homicide, adolescent psychiatrists, 11948
person- vs sample-based expert testimony with vs without causal attributions of unreliability of eyewitness identification, adjudication, college students, 30690
position of experimental psychology to provide expert information on reliability of eyewitnesses, comments on article by M. McCloskey & H. E. Egeth, 20010
professional standards & expert testimony & malpractice in psychiatry, 31930
psychiatric opinion & externally visible facts & judges' attitudes, civil commitment decisions, 1120
psychiatric testimony in legal proceedings, case law, 25326
psychological assessment, factitious claims & compensation for injuries related to trauma, 1164
qualifications & knowledge of psychological testing & offering opinions during expert testimony, forensic psychologists, 31859
recommendations by mental health professionals, judicial decisions in child custody & visitation cases, 1098
restriction of psychiatric testimony during guilt phase of trial on murder defendant's state of mind during crime, case law, 3878
restrictions on expert testimony, case law, 14328
reversal of child abuse conviction in which lower court impermissably admitted hearsay expert testimony, case law, 3895
review by Sixth Circuit on issue of admissibility of expert witness testimony concerning reliability of identification, eye witnesses, 22502
right to present psychiatric testimony relevant to insanity defense, defendant in murder trial, case law, 3896
role as expert witness & testifying in court, rehabilitation professionals, 1096
role in court, psychiatric experts, 9434
role in evaluating eyewitness testimony, psychologists, reply to comments by G. L. Wells, 20030
role in evaluating reliability of eyewitness testimony, psychologists, reply to comments by K. A. Deffenbacher, 20014
role of expert testimony in cases involving pleas of not guilty by reason of insanity, case law, 14349
rules of evidence applicable to clinician as expert witness, conference presentation, 1137
sex of S & witness & experience level & status of witness, perceived credibility & expertness of testimony by psychiatrist vs clinical psychologist vs social worker vs neighbor in child-custody hearing, college students, 11952

sudden violent death in family, evaluation of psychopathology in survivor requesting compensation, psychiatrists giving testimony, 30976
sufficiency of expert testimony & burdens of proof & erroneous jury instructions, defendants pleading not guilty by reason of insanity, case law, 14341
sufficiency of psychiatric testimony as evidence in issue of competency to stand trial, case law, 3902
uncertainty of psychiatry in expert testimony, capital punishment, 11932
Exploratory Behavior [See Also Animal Exploratory Behavior]
analysis of object exploration in sensorimotor period & effect of maternal behavior, 9 mo olds & their mothers, 30433
arousal & stimulus-seeking as psychobiological mechanisms underlying cultural rules & rituals associated with mate selection, literature review, 20055
conditions that lead to asking questions vs exploring or pondering or trial & error, experts vs novices, implications for action-theoretical format of planning information, 11386
exploration & attachment to mother & fear of strangers, infants of mothers with history of psychosis observed from 3 days to 2 yrs of age, 6821
exploration & play, associative fluency, young children, 19779
exploratory play, infants, implications for optimal child care environment, 25176
independent vs parent support conditions, exploratory behavior, 42–90 mo olds, 9290
information seeking & innovativeness & personality traits, consumer exploratory behavior, college & graduate students, criticism of P. S. Raju's framework, 13382
logical searches in hiding & finding tasks, 3.5–4.5 yr olds, 9233
manipulative exploration of objects, preterm vs full term 9 mo olds, 9227
microanalysis of searching behavior, 75–95 day old infants, 24163
object manipulation, human vs chimpanzee infants, 6330
toy exploration with parents vs experimenter & mother-child interaction, individual differences in exploratory behavior, high- vs moderate- vs low-exploratory 3–6 yr olds, 9291
toy exploratory behavior, Down's syndrome vs nondelayed infants, 25723
Explosive Personality
hypoglycemia & fire-setting behavior, hospitalized arsonists & offenders with intermittent explosive behavior, 6954
Exposure Time (Stimulus) [See Stimulus Duration]
Expressions (Facial) [See Facial Expressions]
Expressive Psychotherapy
expressive therapy, elderly & disabled, 17893
Extended Family
demographic variance & decision procedures, household management & fertility behavior & sex composition of families, families, India, 11914
extended kinship ties, Malaysia, 17191
social interactions & sex roles, similarity to extended family, commune residents vs college students, 1194
sources of anxiety in extended family, married outpatients, India, 3833
Extension Workers (Agricultural) [See Agricultural Extension Workers]
External Ear
ear canal, loudness of pure tones of various frequencies & sound pressure using category scale, 20–32 yr old males vs females, 16427
External Rewards
external token reinforcers, transition to mainstream class, male 6th grader with learning handicap, 15882
extrinsic reward timing, intrinsic motivation, 2.9–5.3 yr olds, 27833
familiarity of person giving reward & differential preference for external reward, intrinsic motivation for reading task, 2nd–4th graders, implications for cognitive evaluation theory, 22278
gradually increasing vs continuously fast speech rate with vs without extrinsic reward, listening to time-compressed speech, enlisted US Army personnel, 16026
intrinsic vs extrinsic job facets, job satisfaction, skilled workers vs managers of electronic manufacturing organization, 5484
task contingent reward &/vs positive performance feedback, intrinsic motivation, female college students, 24514
Externalization
locus of control, stress & depression, female college students, implications for utility of uni- vs multidimensional analysis, 28075
Extinction (Learning)
acquisition & extinction & reacquisition of conditional discrimination, goldfish trained to avoid shock, 8666
acquisition & extinction of conditioned emotional response, 150 vs 600 day old male rats, 8628
ACTH, recovery of previously extinguished avoidance response, male rats, 30284
age at induction of conditioned taste aversion & previous experience with CS, extinction, dogs, 21943
cognitive behavior psychotherapy & extinction & relaxation training, reduction of conditioned withdrawal-like responses, opiate-dependent male methadone patients, conference presentation, 5035
conditioned-suppression paradigm & extinction of conditioned excitation, deactivation of conditioned inhibition, male rats, 30004
context specificity, conditioning & extinction & latent inhibition, rats, 11416
continuous vs partial reinforcement vs partial punishment in 1 trial/day conditioning, resistance to extinction, male rats, 8656
course of & influences on extinction of conditioned defensive burying, rats, 30009
differential reinforcement schedule followed by nondifferential schedule, response rate, pigeons, test of A. R. Wagner & R. A. Rescorla's model, 8613
doses of ethanol with vs without naloxone, extinction of jump up avoidance behavior, rats, implications for opioid meditation of aversively motivated behavior, 19673
drawbacks of sensory extinction, treatment of self injurious behavior, 10 yr old retarded male with mild spastic quadriplegia, 12600
elaboration vs extinction of conditioned defensive response, interaction of pairs of neurons in visual & sensorimotor neocortical areas, rabbits, 22029
emotional facial expressions, extinction of emotional reactions, college students, 8584
ethanol, extinction-induced spatial behavioral variability in radial maze, male rats, 27578
extinction of orienting response, 5–33 yr olds with nocturnal enuresis vs symptomatic epilepsy, 25906
extinction of stimulus conditioned to UCS, conditioned responding to 2nd stimulus independently conditioned to same UCS, rats, 3171
FI schedule vs FI schedule changed to extinction, temporal distribution of responses, pigeons, 16504
food-correlated vs random light signals on VI schedule, instrumental response rate & resistance to satiation & extinction, rats, implications for overshadowing explanation, 466
lateral entorhinal cortex electrical stimulation, retention & extinction of conditioning of appetitive task, mice with lesions of perforant path, 22096
methods for extinction of Pavlovian conditioned inhibitions, rats, 8665
multiple variable-time reinforcement schedules, stimulus control of schedule-induced behavior, pigeons, 21911
naltrexone, extinguishing conditioned drug responses, opiate addicts, 23607
number & duration of post-response-prevention escapes, resistance to extinction of avoidance responses, rats, 24534
partial reinforcement & delayed extinction using water & saccharin, resistance to extinction, male rats, 27211
physostigmine, extinction of nonreinforced food-procuring reflex, cats with caudate nucleus intact vs removed, 27483
presentation of morphine-associated stimuli alone or extinction training following conditioning, conditioned place preference, male rats, 22134
quipazine vs fluoxetine, extinction of operant response, male rats, 22140
reductions in strength of original conditioned reflex, transfer of training across sensory modalities, female rabbits, 8634
reinforcer variety, resistance to extinction in behavioral conditioning, 2nd graders, implications for reinforcement-based psychotherapies, 9148

resistance to extinction vs to reinforcement, inhibition, rats, 13755
role of central norepinephrine systems & manipulation of amygdala in general extinction of passive avoidance, rats, 27464
sensory extinction with white noise, stereotypic sounds, 9.9 yr old autistic males, 1932
shock location & duration, punishment-induced facilitation vs suppression, rats, 13756
short vs long platform duration, acquisition & extinction & flooding in avoidance learning, rats, 8643
somatostatin vs cysteamine, extinction of avoidance behavior & spatial discrimination learning, male rats, 30310
suxomethonium bromide, efficacy of response prevention, rats, 22137
temporal evolution of passive vs active avoidance behaviors using light-dark box test, male rats, 455
trimethyltin, appetitive acquisition & extinction performance, adult male rats, 22201
Extracurricular Activities [See Also Fraternity Membership]
extracurricular programs, self concept changes, gifted White 8–12 yr olds, South Africa, 29383
participation in extra curricular activities, postsecondary aspirations & academic achievement, high school students, 2491
role of extracurricular activities, promotion of cross-race contact from high school to college, White students, 26587
science class attitudes & image of teacher, science achievement & perceptions of science & self confidence & extracurricular activities, high school students, 23815
SES & bias in interschool sports programs & educational achievement/aspirations, high school students, Canada, 2399
Extradimensional Shift Learning [See Nonreversal Shift Learning]
Extramarital Intercourse
age & educational variables & church attendance, attitudes toward premarital & extramarital relations, males vs females aged 21–50 yrs & older & 20 yrs & younger, 17261
causal factors attributed to extramarital sexual involvement & sexual jealousy, married couples, Netherlands, 3814
common psychodynamic themes in extramarital crisis, community residents & college students, implications for approaches & strategies in therapy, literature review, 30740
congruency & self acceptance & marital happiness & satisfaction & demographic characteristics, marital infidelity, marital counseling clients, 22492
marriage counseling, marital crisis due to extramarital affair & role & impact on marriage, 12556
psychoanalytic view of sexually open marriage, 17254
transference & countertransference, sex & extrarelationship involvement, 15117
use of mistress & internalized sexual mother, 40 yr old male patients in psychoanalytic treatment, conference presentation, 20744
Extrapyramidal Tracts
locomotion abnormalities, rats with striatal lesions, implications for animal models for human extrapyramidal disorders, 6056
neuroleptic treatment, extrapyramidal symptoms & serum calcium levels, 21–73 yr old psychiatric patients, 26161
Extrasensory Perception [See Also Clairvoyance, Precognition, Psychokinesis]
beliefs regarding existence & appropriateness of research concerning ESP & performance on clairvoyance task, college students, 8288
cognitive ability & psi functioning, 14–60 yr olds, 18916
computation of Z scores by method of R. G. Stanford & B. Mayer vs R. G. Stanford's revised method, utility for free-response ESP data, 13639
Defense Mechanism Test, prediction of ESP scores, male college students, Iceland, 26861
development of mood-adjective scale, prediction of forced-choice ESP performance, high school students, 11123
diametric paranormal perception of most frequent card in 5 card decks, 26868
E's knowledge of correct digit & Ss performance on integrated multiple-act ESP task, college students, 24095
ESP & "disturbed channel" model, college students & instructors, 6
ESP in Umbanda ritual dance consultation, Brazil, 13408
evidence of ESP in relation to out-of-body vs near death experiences, criticism of S. Blackmore's article, 16164
experiments on perception of hidden images, USSR, 26848
hypnotic induction vs control conditions, ESP performance, literature review, 13419
incidence of hypnotic extrasensory communication, hypnosis, Australia, 8283
long-distance remote-viewing, replication of study by M. J. Schlitz & E. Gruber, 13421
majority vote technique, enhancement of reliability of forced choice ESP test performance & run score variance, 11024
modification of "Probabilistic Predictor Program" software, testing random target generators in ESP experimentation, 29710
out-of-body experiences vs psi, reply to E. W. Cook's criticism, 16162
personality traits & scientific belief & ESP research, 13411
pink noise vs silence & absorption, reduction in cognitive constraints & ganzfeld ESP performance, college students, 21667
possible case of ESP, released prisoner of war & author, 26870
precognition vs present time ESP, information acquisition in forced choice trials, 13425
prejudicial connotations in term "extrasensory perception" & suggestions for alternate terminology, 26869
psi-missing displacement effect in general extrasensory perception vs clairvoyance vs precognition tasks, college students, 18917
psychometric cognition as alternative to discarnate existence, 5
relaxation & suggestion procedure with vs without music vs music alone, scores in forced choice test of clairvoyance, 17–50 yr olds, 13416
sympathetic nervous system activity, ESP & psychokinesis, 29601
tests of integrated multiple-act ESP, college students, 26867
theory of human development & paranormal cognition, 3–70 yr olds, comments on paper by F. Spinelli, 16163
use of remote internal viewing methodology, study of psychic diagnosis of organic illness, medical patients, 5520
views of L. E. Rhine on psi effects & contributions to parapsychological research & theory, 13417
Extraversion
actual vs stereotyped speech tempos, college female introverts vs extraverts, 12056
amalgamation of H. J. Eysenck's concept of extraversion & Neo-Pavlovian theories of temperament, presentation of model, 9533
anxiety & extraversion & neuroticism & psychoticism, recognition memory under noise vs threat vs reward conditions, college students, 5831
birth order & introversion-extraversion, college students, 6671
comparison of mean scores from Extraversion & Neuroticism & Psychoticism & Social Desirability subscales of Eysenck Personality Questionnaire individually & conjointly, male & female Ss from 25 countries, 28060
conditioned avoidance to aversive stimuli as compared to H. Eysenck's personality typologies, rats, 27220
construct validity of Impulsive scale of Interpersonal Style Inventory & correlation with Eysenck Personality Inventory, extraversion, male high school students & delinquents, 27023
construction of new MMPI scales, identification of psychoticism & extraversion & neuroticism factors & lie scale on Eysenck Personality Questionnaire, college students, cross validation of Friedman Overlap Scales, 24229
correlation & interchangeability of various measures of extraversion & sensation seeking & stimulus screening & Type A behavior, 17–69 yr olds, 8403
cortico-reticular loop mediated cortical arousal & inhibition, introverts vs extroverts, 12092
deficient passive avoidance learning & relation to behavioral disinhibition in psychopathy & extraversion, 14–18 yr olds & college students & 18–50 yr olds, 22847
degree of extraversion-introversion, number of retail centers used & personally known, Ss from low vs high income households, 26842
dextroamphetamines, extraversion & modes of reinforcement in verbal operant conditioning, 19–24 yr old female postgraduates, India, 8970
dose of phenobarbital & positive verbal vs negative shock reinforcement, performance on sentence completion task, introverted vs extraverted female graduate students, India, 24842
extraversion & hemispheric cognitive style & encoding of emotionality, face recognition, college students, 16664

extraversion & intensity of auditory stimulus, auditory EPs from frontal sites, college students identified as perceptual augmenters vs reducers, conference presentation, 19440
extraversion & Stroop Color Word Test performance, 10th graders, 3595
extraversion, EEG arousal under moderately stimulating conditions, literature review, test of A. Gale's hypothesis, 27386
extraversion, EEG during moderate physiological arousal, reply to comments by J. G. O'Gorman & L. R. Mallise, 27353
extraversion-introversion & neuroticism scores & EEG powers, prediction of hypnotic susceptibility, college students, Italy, 20137
extraversion, long & short term memory of prose, college students, 13715
extraversion vs introversion & task difficulty, stimulus discrimination performance, 13–17 yr old males, India, 30398
extraversion/introversion, mutual interpersonal attraction, 12–14 yr olds, 14170
Eysenck's theory of personality, aesthetic preference for colors & shapes, 4078
factor analysis of personality inventory, determination of relationship between neurotic & extraverted tendencies, secondary school students, 2890
field dependence-independence & extraversion/neuroticism, male vs female polytechnic college students, 20150
generalizability of sociability aspect of extraversion-introversion as situation-specific dimension, male high school juniors & seniors, Israel, 25190
individual differences in psychophysiological recordings of heart rate & frontalis EMG during choice RT task involving visual presentation, extraverts vs introverts, West Germany, 19566
introversion & extraversion, cortical arousal & cerebral blood flow, females with mean age of 31.9 yrs, 6678
introversion vs extraversion, performance on choice RT tasks, 18–54 yr olds, 1291
low- vs moderate- vs high-arousal conditions, EEG, introvert vs extravert college students, test of A. Gale's hypothesis, 27387
measurement of extraversion & neuroticism, rats, 24583
need for achievement & extraversion & emotional instability & level of anxiety, males vs females of different social status & success, Bulgaria, 20154
perception of facial expression of emotions, 20–45 yr old extraverts vs introverts, 28108
personality & value preferences of stable vs unstable/extravert vs introvert personality groups, 16–18 yr old students, 20140
sex & introversion-extraversion & teaching strategy & word complexity, reading accuracy, 7 yr olds, 29241
smoking & Eysenck personality dimensions of neuroticism & psychoticism & extraversion, female nursing students, 30755
social desirability response bias, extraversion & neuroticism scales of Eysenck Personality Inventory, college students, 2941
social networks & individual differences in extraversion & neuroticism & self disclosure, loneliness, college students, 20091
somatotype & extraversion/introversion 1st order factor load on 16 PF, college students, attempted replication of previous research, 28084
stimulus complexity & extraversion & introversion, time estimation, college students, 4062
stimulus control, weight reduction, extraverted vs introverted Ss, 3-wk followup, 10203
stress, EMG & cardiac rate, extraverts vs introverts vs neurotics, 24718
successive reversals of warning & imperative stimuli, stability of contingent negative variation, introverts vs extraverts, 27392
time perception, extraverted vs introverted college students, 9577
warning & imperative stimuli & distraction effect, contingent negative variation, 22–30 yr old introverts vs extraverts, 27341
Extrinsic Motivation
active vs passive motivational set, learning, college students, 29263
intrinsic vs extrinsic motivation, academic achievement, high school students, England & Wales, 8000
lecturer expressiveness & content coverage & external incentives, examination performance, college students, 29283
organizational structure, intrinsic vs extrinsic, motivation in voluntary organizations associated with conservative Protestant churches, ministers & congregation members, 11904
sex & low vs high job level & marital status, intrinsic vs extrinsic work orientation, 18–55 yr old hospital employees, 29537
teacher locus of control, use of intrinsic vs extrinsic motivational techniques in classroom discipline, teachers, 23816
Extrinsic Rewards [See External Rewards]
Eye (Anatomy) [See Also Cones (Eye), Fovea, Iris (Eye), Pupil (Eye), Retina, Rods (Eye)]
body length, light transmitted through optic media, goldfish, 30116
distribution patterns of retinocollicular pathways, normal hamsters vs hamsters with eye enucleated at birth, 8798
early vs later eye enucleation, brightness & tilt discrimination, rabbits, 11574
homocentric property of human eye & perception of optical illusions, 24389
mutual coupling in ocular circadian pacemaker, marine mollusc, 584
reduction of glare vs attenuation of stripe patterns, eye strain & headache while reading, 19–60 yr olds, 3057
simulated predator eye illumination, tonic immobility duration, 6 wk old Japanese quail, 3217
use of visual evoked cortical responses to determine ocular refraction & visual contrast sensitivity, pigmented rabbits, 8814
Eye Contact
age, mother-infant visual interaction, Japanese macaques, 11437
attractiveness & sex of initiator of eye contact, reciprocated eye gazes, college students, 25407
demand eye contact by teachers, compliant behavior, 11 yr olds, 18643
interaction & eye contact with standing vs sitting confederate & colleague with vs without wheelchair, 30–60 yr olds, 4019
intimacy motivation trait & degree of reciprocity, frequency of laughter & eye contact & smiling in same-sex dyads, college students, 20070
Eye Convergence
close viewing, esophoric shifts of eye convergence & distance illusions, reply to comments by M. I. Turvey & J. Solomon, 5740
close viewing, shifts in eye convergence & illusions in visual perception of distance, criticism of study by W. L. Shebilske, 5744
convergent vs divergent eye movements, visual suppression, human Ss, 8503
dark vergence & dark accommodation, infants vs adults, 841
incidence of ocular convergence difficulties, patients under medication, 7467
ocular accommodation & binocular vergence during resting state of eyes, 3051
visually-guided vs flutter saccades vs spontaneous microsaccades, Purkinje image eye movement activity, 18–35 yr olds with voluntary nystagmus, 3280
Eye Disorders [See Also Amblyopia, Cataracts, Color Blindness, Glaucoma, Hemianopia, Myopia, Nystagmus, Refraction Errors, Strabismus, Tunnel Vision]
age & disease duration & blood glucose, scores on Farnsworth-Munsell 100-Hue Test for Examination of Color Discrimination, 20–82 yr old diabetics, prognostic implications for retinopathy, conference presentation, 25867
clinical utility of transient tritanopia effect, localization of site of retinal damage, patients with various eye diseases, conference presentation, 25838
color-dependent errors in performing urine glucose test, 19–75 yr old diabetics with vs without color vision deficiencies, conference presentation, 25784
hospitalization & presurgical stress, plasma beta endorphin levels, 25–70 yr olds hospitalized for aphthalamic surgery, 15494
illuminance level, scores on Panel D-15 Desaturated D-15 vs H-16 Panels of Farnsworth Dichotomous Test for Color Blindness, Ss with senile macular degeneration, conference presentation, 25781
Marden-Walker syndrome, 29 yr old female mentally retarded patient, literature review, 25719
mesopic visual acuity & color vision & threshold sensitivity of central retina, 29–65 yr old patients with slight macular degeneration, diagnostic & treatment implications, conference presentation, 25940
neurobehavioral effects of retrolental fibroplasia, cognitive development & intellectual functioning, literature review, 4509

ophthalmologic vs hypnotic vs biofeedback training, anxiety disorder & blepharospasm, 54 yr old male, 3-mo followup, 23118
patching normal eye ataxia & vomiting & past pointing & subsequent adaptation of vestibulo-ocular reflex, 28 yr old female & 39 yr old male with peripheral monocular paresis, 20650
presence & development of retinal drusen & color vision deficiencies as indication of potential subsequent macula degeneration, patients over 50 yrs old, conference presentation, 25949
recent stresses & marital satisfaction & personality patterns, 45–73 yr olds with blepharospasm, 12343
retinal detachment surgery, color discrimination deficiencies, patients, conference presentation, 26227
severity of retinopathy, scores on Farnsworth-Munsell 100-Hue Test for Examination of Color Discrimination, insulin-dependent vs nondependent diabetics, conference presentation, 25868
subclinical multiple sclerosis & CNS involvement, optic neuritis, Ss with mean age of 32 yrs, 13811
topographical orientation & route-learning & kinesthetic memory, 11.7 yr old blind male without septo-optic dysplasia vs 13.3 yr old blind female with septo-optic dysplasia, 14933
visual contrasts of 50 vs 100 percent, visual EPs, 53–68 yr olds with monolateral macular disease, 28415

Eye Dominance [See Ocular Dominance]

Eye Examination [See Ophthalmologic Examination]

Eye Fixation
amount of space separating letters, eye fixation duration during search task, adults, implications for control of eye movements during reading by information processing, 21863
artificial eye consisting of contact lens of same curvature as cornea, assessment of corneal-reflection eye trackers, 29655
calibration & standardization of eye movements using vertical & horizontal EOG, Ss with mean age of 21 yrs, 6013
central fixation on stimuli presented to left vs right vs central visual field, hemispheric latency advantage in visual event-related potentials, strabismic Ss, conference presentation, 19430
emotional expression, gaze patterns during interaction, mothers & their 6–8 mo olds, 17195
eye fixation & stimulus size & enclosure, threshold for object- vs subject-relative motion & induced motion, college students, 27125
eye fixation patterns during reading, theories of exhaustive visual search & speech comprehension, 13650
eye position & visual attention, perceived auditory direction, 20–30 yr old females, 19227
face orientation, perception of face gaze direction, 24375
factive verb with false complement & mask, lexical retrieval & postlexical processes during eye fixations in reading, college students, 30335
fixation parameters, habituation &/vs recovery patterns, 4 mo olds, 22311
individual differences in count rate & eye movements, visual search performance, 21–28 yr olds, 2709
lexical structure of words, eye fixation location & its effects on naming latency & gaze duration, college students, 404
manifestations of pathological inertia of visual fixation during pattern recognition, brain damaged patients, 4470
mechanical resonance oscillation of orbital apparatus, eye movements induced by high frequency head rotation, baboons, 6060
ocular oscillations in darkness vs cancellation of vestibular ocular reflex by target fixation vs vertical smooth pursuit vs ocular fixation, action potentials in rostral vestibular nuclei & reticular formation, monkeys, 8831
periodic fluctuations in gaze angle & nystagmus slow phase velocity during earth-horizontal rotation, normal Ss, 5746
procedural theory of eye movements in solving arithmetic problems, college students & female 8th graders & 5th graders, 6007
random texture discrimination, eye fixation, 21 & 24 yr olds, 21832
stimulus complexity & intervals, visual fixation, 4 mo olds, implications for 2-process theory, 25071
stimulus contour length vs size vs number vs variability & amount & location, visual fixations while scanning displays, newborns & 4 & 8 wk olds, 11755
Uses Test & Remote Associates Test, measurement of lateral eye movements & creativity, right handed females, 3270
variations in direction of visual fixation, auditory receptive field response in superior colliculus, monkeys, 11481
vergence eye movements & initial fixation-target distance, form vs depth discrimination in global stereopsis, college students, 287
visual fixation, self motion sensation, 21–39 yr olds, 5697
visual targeting vs visually-elicited eye movements vs ocular fixation, unit activity in central thalamus & role in oculomotor control, monkeys, 8821
visual targets, rapid horizontal gaze shifts within & beyond oculomotor range, adult cats, 19309
window pointer technique, measurement of word processing time in reading, college students, conference presentation, 54
word frequency & predictability, lexical access & content-dependent word interpretation in reading of prose, college students, 24360

Eye Movements [See Also Eye Convergence, Nystagmus]
acquisition of 0-latency tracking of targets moving with continuous velocity & amplitude-limited acceleration, humans, 256
additivity of saccade & tracking vergence, 19–32 yr olds, 29871
amount of space separating letters, eye fixation duration during search task, adults, implications for control of eye movements during reading by information processing, 21863
anticonvulsant toxicity, slow saccades & hypometria, 55 yr old male, 26209
artificial eye consisting of contact lens of same curvature as cornea, assessment of corneal-reflection eye trackers, 29655
blinking & eye movements, human vs pigmented vs albino rabbits vs pigmented guinea pigs, 24641
calibration & standardization of eye movements using vertical & horizontal EOG, Ss with mean age of 21 yrs, 6013
caloric & oculomotor tests, neuroaudiological diagnosis, 11–80 yr olds with unilateral sensorineural hearing disorders or vertigo or acoustic tumors, 14894
comparison of processing time measures, assessment of mental processes during reading, college students, 26917
componential & eye movement analysis of geometric analogies tasks, individual differences in adaptive reasoning strategies, 14.5–17.5 yr old high school students, 22305
conceptual vs visual similarity of peripherally-presented pictorial information, perceptual integration of pictures during saccade, college students, 16415
electromotilo-oculography, measuremental eye movement in bidimensional space, normal vs pathological Ss, 18980
elimination of eye movements during brief vs long stimulus exposure time, assessment of deficits in binocular stereosis, college students, 8510
expectations based on prior target motions, anticipatory smooth eye movements, naive Ss, 5726
expressive function of eye flash, Ss from TV programs & videotaped interviews, Australia, 11657
extraocular afference vs actual eye movement, perception of target motion, comments on W. Herschberger's study, 29859
extraocular strecht receptor afference, perception of visual direction, 8492
eye movement & verbalization of thinking process during performance on Raven Matrices, 5797
eye movement analysis system, identification of cognitive processes on figural tasks, applications to Embedded Figures Test & Hidden Figures Test, 2846
eye movement impairments, schizophrenia, literature review, 6808
eye movement patterns, diagnostic test of dyslexia, 12305
eye movements & body acceleration, hippocampal EEG, cats, 13789
eye movements & dream imagery in REM sleep, young adults, 430
eye movements, deaf vs hearing 7–19 yr olds, 1750
eye movements during silent reading, 8.3–12.2 yr old stutterers vs nonstutterers, 14873
eye position signals in successive saccades, right handed males, 24405
factive verb with false complement & mask, lexical retrieval & postlexical processes during eye fixations in reading, college students, 30335
flash intensity & saccade vs manual response, stimulus detection RT performance, human Ss, 19175
foveally stabilized target, suppression of optokinesis, 20–40 yr olds, 29887
frequency of dysemtric saccadic eye movements & nonfixation & saccadic RT, 18–65 yr old psychiatric patients, 6847

heart & breathing rates & muscle tone & eye movements & blinking, 21–61 yr old depressed patients, 4252
heart rate & eye movements & EMG during foreperiod in simple auditory RT task, 18–37 yr olds, implications for cardiac-somatic coupling hypothesis, 11523
hemisphere dominance & cognitive complexity, nonverbal sensitivity, college students, 261
horizontal eye movements associated with visual tracking of smoothly moving target, dyslexic 8–13 yr olds, 12291
hypothalamic pretreatment of atropine sulphate vs hexamethonium & intrahypothalamic injections of carbachol, hippocampal EEG & oculomotor activity & vocalization, cats, 8967
impaired smooth pursuit eye movement as possible biologic marker for schizotypal personality disorder, male college students, 12208
individual differences in count rate & eye movements, visual search performance, 21–28 yr olds, 2709
induced non-colinearity between image shift & eye movement during visual tracking, target position constancy, college students, 19187
involuntary eye movements, onset of sleep, historical perspectives, 19554
latency of pathways involved in vestibulo-ocular reflex, monkeys, 13804
lateral eye movement patterns & personality style, college psychology vs engineering students, 3295
lateral eye movement patterns & visual spatial abilities, right-handed junior high school students, support for hemispheric asymmetry model of lateral eye movements, 953
lateral eye movements, right handed male college students with normal vision vs myopia wearing contact lenses vs glasses full-time vs part-time, 7114
left pulvinar damage due to surgical resection, eye movement abnormalities, 23 yr old male, 8813
limbus-sensing eye movement recorder, measurement of horizontal eye position, 16231
lithium, visual functions, healthy 20–30 yr olds, 30226
low frequency harmonic acceleration, eye movements, patients with acoustic neuromas, 23015
manifestations of pathological inertia of visual fixation during pattern recognition, brain damaged patients, 4470
mechanical resonance oscillation of orbital apparatus, eye movements induced by high frequency head rotation, baboons, 6060
microstimulation vs destruction of group y 1 nucleus of vestibular nuclei, eye movements & caudal zone of flocculus stimulation-induced eye movements, cats, 3389
monocular viewing of small target on patterned vs patternless background, fixational eye position & autokinesis, Ss with amblyopic vs nonamblyopic eye, 24439
monocular vision & eye movements & shifts in attention, 3053
moving source of illumination, organization of functional connectivity between array of visual interneurons & motor neurons in oculomotor reflex pathway, crayfish, 19465
moving vs stationary stimuli & background, voluntary selection of target for smooth eye movement, human Ss, 29852
neuronal discharge in superior colliculus before vs after saccadic eye movements, cats, 19508
noisy background figures, effect of limited visual field on pattern perception & eye movements, 19–21 yr old medical students, 317
nonlinear characteristics of visual-vestibular interaction during low frequency angular oscillation on longitudinal axis of body levels, control of eye movements, males, 21820
ocular movement & position, unit activity in central thalamus & correspondence with cat internal medullary lamina firing patterns, monkeys, 8822
ocular oscillations in darkness vs cancellation of vestibular ocular reflex by target fixation vs vertical smooth pursuit vs ocular fixation, action potentials in rostral vestibular nuclei & reticular formation, monkeys, 8831
oculomotor pursuit of target in circular real vs beta vs sigma motion, 277
perceived dominance of vertical vs horizontal pattern components & contrast of single grating, support for eye movement-afterimage theory of monocular rivalry, 29843
platelet MAO activity & smooth pursuit eye movements as biological markers for schizophrenia, literature review, 14739
presentation of stimuli to frontal & lateral visual field, eye movement patterns for binocular & monocular fixation, pigeons, 24628
procedural theory of eye movements in solving arithmetic problems, college students & female 8th graders & 5th graders, 6007
Pulfrich phenomenon with eye movement, 25–39 yr olds, 273
question type & task type & individual differences, lateral eye movement & hemisphere asymmetry, college students, 19471
recollection of verbal & problem oriented dreams vs emotional & illogical dreams, left vs right eye movements, male college students, replication of study by D. W. Van Nuy, 569
REM sleep vs wakefulness, EEG wave amplitude recorded at visual cortex & lateral geniculate body & eye movement direction, cats, 19499
retinal vs extraretinal information, flash localization against visible background during saccadic eye movements, adults, replication of N. Bischof & E. Kramer's study, 24425
role of eye movements & reafferent stimulation, kinetic visual imagery, 20–54 yr olds, 8477
role of frontal eye fields in eye movements, monkeys, 27339
role of GABAergic mechanisms in nigrotectal projections in control of saccadic eye movements, monkeys, comments on study by O. Hikosaka & R. H. Wurtz, 24692
saccade responses to visual double stimuli in tracking task, 29862
saccadic eye movement patterns, 6–16 yr old poor vs normal readers, implications for dyslexia, 4361
saccadic eye movements, neuronal activity in striate cortex, cats, 19530
saccadic eye movements, patients with endogenous psychoses, 20341
saccadic eye movements, 55–60 yr old alcoholics with Wernicke-Korsakoff's syndrome, 31189
saccadic RTs & neural activation in prelunate visual association cortex, trained rhesus monkeys, 3263
secondary visual feedback method using eye-position signal displayed with target vs superimposed on visual scene, analysis of smooth eye-movement control, human Ss, 11103
sequential saccadic eye movements, dyslexic 8–13 yr olds, implications for early detection of dyslexia, 20433
sex differences & handedness & lateral eye movement, dream recall, 17–30 yr old college students, 27408
smooth pursuit eye movement with stabilized targets, adult Os, 24393
smooth pursuit eye movements, 55–60 yr old alcoholic patients with Korsakoff's syndrome & Wernicke's encephalopathy, 31190
speed of random target movement, horizontal vs smooth pursuit eye movements vs saccades, adults, 21844
successive reduction of distance between vertical line stimuli, pursuit-locked apparent movement, human Ss, 21835
suppression of visual perception during saccadic eye movements, 319
target movement & pursuit eye movements, visual shift in prism adaptation, college students, 5748
test of eye movement hypothesis of neurolinguistic programing, criticism of conclusions of T. C. Thomason et al, 257
text presentation in upright vs inverted position, eye movements & reading performance, dyslexic 2nd graders, 9843
textural vs geometric visual stimuli, saccades, 14–151 day olds, 30438
theoretical structure for analysis of reading efficiency problems & treatment, high school students with visual function disorder, 14996
theories of stability of visual environment during eye movements, 24422
tonic neck proprioception following hemilabyrinthectomy, normal eye motility & nystagmus, guinea pigs, 27528
type & rate of saccadic pattern disturbance during reading, 27–76 yr old aphasics, 22982
variations in direction of visual fixation, auditory receptive field response in superior colliculus, monkeys, 11481
vergence eye movements & initial fixation-target distance, form vs depth discrimination in global stereopsis, college students, 287
vestibular-ocular vs cervico-ocular reflex vs head stabilization vs active head movements, eye movements, human Ss, 19454
vestibular stimulation, gain & phase characteristics between eye & head movements in light & darkness, 18–55 yr olds, 5727

vestibulo-oculomotor characteristics, patients surgically treated for cerebellar hemangioblastoma, 23059
visual experience in early life & flocculectomy, vertical vestibulo-ocular, reflex, dark-reared 3 mo old rabbits, 30183
visual mask size & stimulus onset delay, eye movement control during reading & role of direct control & preprogramming, college students, 19211
visual stimulation & consequent eye movements, neuronal responses of saccade-depressed vs saccade-excited cells in striate cortex, alert cats, 8832
visual targeting vs visually-elicited eye movements vs ocular fixation, unit activity in central thalamus & role in oculomotor control, monkeys, 8821
visually-cued normal- vs anti-saccades, RT & event- vs response- vs movement-related brain potentials to foveal vs peripheral stimulus, human Ss, conference presentation, 19438
visually-guided vs flutter saccades vs spontaneous microsaccades, Purkinje image eye movement activity, 18–35 yr olds with voluntary nystagmus, 3280
voluntary & reflex ocular movements, 8–14 yr old dyslexics, 9833
wakefulness vs REM sleep, saccadic eye movements, college students, 30047
weightlessness, eye movements during sleep, astronauts, 16704

Eyeblink Reflex
acoustic signals preceding vs accompanying tap to glabella, reflexive eyeblink, 12–90 hr olds vs 18–35 yr olds, 25098
bioelectric measures of blink amplitude under lead stimulus conditions designed to facilitate vs inhibit vs not alter startle blink amplitude, college students, 8355
blink rates & blunted affect, 20–63 yr old chronic schizophrenics, 9670
blinking & eye movements, human vs pigmented vs albino rabbits vs pigmented guinea pigs, 24641
cerebral ventricular size & eyeblink reflex, chronic schizophrenic 19–51 yr olds, 9671
eyelid movements-blinking frequency & duration of closed eyes, assessment of fatigue, operators, 30137
intensity of white noise & interstimulus interval & attention, EEG & eyeblink & skin conductance & heart rate, male college students, 11497
painless shock application to supra-orbital nerve, eyeblink reflex habituation, mentally retarded 21–41 yr olds, 25714
rate of eye blinking, patients with Parkinson's disease vs progressive supranuclear palsy vs Huntington's disease vs dystonia, 7069
repeated closing & opening of eyes, EEG, mildly retarded vs normal 10–13 yr olds, 9836
shift in tonal frequency & gaps in auditory stimulation, inhibition of eyeblink reflex, college students, 3004
tolerance to neuroleptic drugs, rate of eye blink, psychiatric patients, 7464
voluntary contractions of eyelid or forearm muscle in RT task, excitability of cutaneous eyeblink reflex, right handed 17–39 yr olds, 27397

Eyelid Conditioning
expectancy for airpuff, conditioned eyeblinks, 19–35 yr olds, 27179
kainic acid-induced lesions of dorsal cerebellar interpositus nucleus, classical conditioning of nictitating membrane eyelid response, male rabbits, 30186

Eyewitnesses [See Witnesses]

Eysenck Personality Inventory
comparison of mean scores from Extraversion & Neuroticism & Psychoticism & Social Desirability subscales of Eysenck Personality Questionnaire individually & conjointly, male & female Ss from 25 countries, 28060
construct validity of Impulsive scale of Interpersonal Style Inventory & correlation with Eysenck Personality Inventory, extraversion, male high school students & delinquents, 27023
construction of new MMPI scales, identification of psychoticism & extraversion & neuroticism factors & lie scale on Eysenck Personality Questionnaire, college students, cross validation of Friedman Overlap Scales, 24229
correlation of psychoticism scale of Eysenck Personality Questionnaire with behavior measures of impulsivity, college students, 25468
extreme scores on Eysenck Personality Questionnaire Psychoticism scale, college students & female nursing students, Japan & Canada, 2862
Eysenck Personality Questionnaire, assessment of cross cultural differences in personality, males vs females, Puerto Rico vs Great Britain, 29723
factor comparisons of Junior Eysenck Personality Inventory, males vs females, Greece vs Great Britain, 25188
factor score correlations from Guilford-Zimmerman Temperament Survey vs Eysenck Personality Inventory vs Eysenck Personality Questionnaire, college students, 28069
Junior Eysenck Personality Inventory vs Questionnaire vs Eysenck Personality Questionnaire, assessment of personality dimensions, 15–16 yr olds, 27035
personality as measured by Eysenck Personality Questionnaire, 19–45 yr old female prisoners, Bangladesh, 20415
scores on Eysenck Personality Inventory & sexual attitudes & behaviors, male college students, Canada, 9530
social desirability response bias, extraversion & neuroticism scales of Eysenck Personality Inventory, college students, 2941
translated versions of Eysenck Personality Questionnaire, cross cultural comparison of personality factors, 16–70 yr olds, 26 countries, 9538
translation of Eysenck Personality Questionnaire into Sinhala language & examination of factors of psychoticism & extraversion & neuroticism & social desirability, adults, Sri Lanka vs England, 19094
validity & reliability of Eysenck Personality Inventory, adults & children, China vs England vs Greece, 19061

F Test
exact F tests in ANOVA procedure for dependent observations, 24339
sample size & variance equality assumption violations, use of F & H tests, 2961
statistical method of calculating F in 1- or 2- or 3-way ANOVA with or without repeated measures, 27074

Face (Anatomy)
asymmetry in size & total area & emotional expression of face at rest, male college students, 8819
causes & movements associated with self scratching injuries on face, newborn infants, 27736
chronic phenytoin therapy, craniofacial feature changes, mentally retarded 20–29 yr olds with epilepsy, 28767
context, perceived physical attractiveness of faces, college students, 22577
etiology of episodic & chronic atypical facial pain, literature review, 31241
facial temperature pattern, cluster vs migraine headache patients, implications for diagnostic value of thermography, 31198
hand difference in face touching, college students, Japan vs Great Britain, 16631
"neolithic" face drawings, preschool children & reading disabled or retarded children & Australian Aboriginal school children, criticism of assumptions & conclusions of A. A. Pontius, 20445
pictures & verbal descriptions of normal vs disfigured faces, free & cued recognition of pictures & recall of descriptions, college students, implications for mechanisms of amnesia, 5690

Face Perception
ability to identify & organize emotions in facial expressions, 2–5 yr olds vs college aged adults, 25031
accuracy of prior description of suspect, facial recognition accuracy in lineup decision, college student eyewitnesses, 30829
blurred stimuli, reduction of impairment in response to faces & facial expressions, right brain damaged Ss, reanalysis of author's earlier data, 20490
body image consciousness, face recognition, college students, 20121
cerebral dominance, recognition of internal & external features of famous faces, right handed adults, 8843
component & configural processes underlying face perception, right-handed college students, 8574
context & conditional search, face recognition memory, college students, 21889
context-free familiarity information of face typicality, face recognition, college students, 11281

contextual influences & differing processing strategies, facial memory, college students, 29945
contextual information, eyewitness identification performance, store clerks, 30823
cue saliency in briefly presented vs upside down faces, college students, 24398
development of visual self recognition, infants, 6280
discrepancy between situational & facial expressive cues, recognition of emotions, 4–8 yr old females, 16900
discrimination & sorting of photographs of varying facial identities vs emotions, patients with right vs left brain damage, 17731
discrimination of age in masked vs unmasked facial photographs, 3.8–4.8 yr olds, 3644
dissociation between processing of affective & nonaffective faces, right handed 54 yr old male with right-hemisphere lesion, 7021
duration of sequential vs simultaneous portrait presentation, microgenetic steps in single glance face recognition, 20–40 yr olds, 27106
emotional facial expressions, extinction of emotional reactions, college students, 8584
encoding processes & development of face recognition, 4–16 yr olds, examination of S. Carey's theory, 30432
encoding strategy & content change, recognition memory for faces, college students, 3106
ethnicity, recognition of facial expressions, college students, Zambia vs US, 12020
evaluation of own happy vs sad vs angry vs scared facial expressions, 3–7 yr olds, 22397
exposure time, judgment of facial expressions of emotions, college students, 11287
exposure to misleading composite information, recall & recognition & memory of facial features, college students, implications for eyewitness testimony, 13704
extraversion & hemispheric cognitive style & encoding of emotionality, face recognition, college students, 16664
face-name mnemonic, learning name-to-face associations, 21–38 vs 44–59 vs 60–70 yr olds, 14123
face orientation, perception of face gaze direction, 24375
face recognition memory, eyewitness testimony, children, literature review, 3908
face-related research, behavioral scientists, 8462
face typicality, judgments of joy & shame in slides of human faces, male college students, implications for prototype structure based on family resemblance, 5834
facial- vs postural-affect recognition, 66–82 yr old geriatric inpatients with senile dementia, 7026
facial affect recognition, chronic schizophrenic 21–59 yr old inpatients, 6826
identification of faces of famous personalities vs family members & skin conductance, 39 yr old male prosopagnosic, 17704
intentionality & cognition & reality & J. J. Gibson's approach to visual perception, single-glance face recognition, 27105
lateral differences, visual vs tactual identification vs discrimination of faces, 19–28 yr olds, 22001
measurement of spatial relations with Draw-A-Person-With-Face-In-Front test, detection of literacy skills, school age children, Australia vs Western societies, 11756
metacontrol of hemisphere superiority, recognition of emotional facial expressions, college students, 8820
micromomentary movement, decoding nonverbal facial & body cues, high school & college students, 22286
nylon stocking face disguise, face recognition, college students, implications for police procedures, 13662
perceived attractiveness of facial features of infants born at term vs 1 or 2 mo preterm, 17–23 yr old college students, 11690
perception & classification of facial emotions, 23–72 yr olds with left vs right cerebral brain damage, 25813
perception of facial expression of emotions, 20–45 yr old extraverts vs introverts, 28108
presentation to left vs right visual field, perceived combination of component face features, 24–32 yr old right handed males, 13665
similarity of pictures of faces in left vs right visual fields, hemispheric differences in EPs, 20–30 yr old right handed females, 22035
simultaneous vs sequential lineup presentation, identification accuracy, college student eyewitnesses, 30824
size of visible area of photograph & local vs no local information, face recognition, college students, 19206
sociometric status, emotion recognition from facial expressions, 8–11 yr olds, 9274
stimulus presentation order, generalization of discrimination of facial expressions, 7 mo olds, 16974
tachistoscopic presentation of initially unfamiliar faces to right vs left visual fields, direction of hemispheric advantage during facial recognition, female college students, 16652
trait vs feature judgments of face stimuli during encoding, memory for faces as measured by reconstruction vs recognition, college students, 24508
types of information, recognition of familiar vs unfamiliar faces, college students, 398
upright vs inverted presentation of unfamiliar faces, processing of similarity using multidimensional scaling procedures, 7 vs 9 vs 12 vs 18–34 yr old males, 25131
viewing time & picture detail & visual field, cerebral asymmetries in face matching task, male vs female college students, implications for J. Sergent's theory, 24400
visual field & exposure duration & sex, perception of emotional facial expressions, reply to R. Bruyer's criticism, 8828
visual field & exposure duration & sex, perception of emotional facial expressions, criticism of J. K. Thompson's study, 8759
Face Recognition [See Face Perception]
Facial Expressions [See Also Smiles]
ability to identify & organize emotions in facial expressions, 2–5 yr olds vs college aged adults, 25031
affective imagery & posed facial expressions, pattern recognition of self reported emotional states from facial EMG activity, college students, 27440
age differences, imitation of facial expressions & manual processes, 21–167 day old infants, 9178
asymmetry in size & total area & emotional expression of face at rest, male college students, 8819
bargaining task & facial expressions, P300 amplitude in event-related potentials, female college students, conference presentation, 19482
blurred stimuli, reduction of impairment in response to faces & facial expressions, right brain damaged Ss, reanalysis of author's earlier data, 20490
cognition vs autonomic arousal vs expressive behavior theories of emotion, 26901
development of facial imitation, 12–21 day old infants, 6310
diagnostic method based on deviations in facial expression & motor functions, psychiatric disturbances, children, 20207
discrimination & sorting of photographs of varying facial identities vs emotions, patients with right vs left brain damage, 17731
dissociation between processing of affective & nonaffective faces, right handed 54 yr old male with right-hemisphere lesion, 7021
emotional facial expressions, extinction of emotional reactions, college students, 8584
encoding & decoding of facial expressions, 4th graders vs college students, 11809
ethnicity, recognition of facial expressions, college students, Zambia vs US, 12020
evaluation of own happy vs sad vs angry vs scared facial expressions, 3–7 yr olds, 22397
exposure time, judgment of facial expressions of emotions, college students, 11287
face-related research, behavioral scientists, 8462
facial- vs postural-affect recognition, 66–82 yr old geriatric inpatients with senile dementia, 7026
facial affect recognition, chronic schizophrenic 21–59 yr old inpatients, 6826
facial asymmetry during spontaneous emotional expression, college students, 8773
facial expression & intonation & speech as channels of emotional expression, male patients with unilateral brain damage, 31130
facial morphology, nervous & sentimental personalities, 22621
family norms & practices of emotional expression, nonverbal communication skills, college students, 11638
induced pain, facial reactions, female college students, 19559
interpretation of emotional facial expressions, 3 vs 4 vs 5 yr olds, 902

maternal facial movements during children's speech, mothers & their children, 6270
metacontrol of hemisphere superiority, recognition of emotional facial expressions, college students, 8820
midline division of optic chiasm & corpus callosum & anterio & hippocampal commissures, viewing time & facial expressions during videotape recordings, rhesus monkeys, 19632
mothers' facial expressions, instrumental behavior when presented with unusual toys, 12 vs 18 mo olds, 11686
multidimensionally-rated similarity of emotionally-expressive facial stimuli, 4–5 yr olds vs college students, 22395
paired-comparison novelty technique, ability to discriminate pictures of female facial expressions of anger & fear & sadness, 5 mo old infants, 22346
patterns of emotional facial expressions, 20–84 yr old terminal cancer patients, 20474
perception & classification of facial emotions, 23–72 yr olds with left vs right cerebral brain damage, 25813
perception of facial expression of emotions, 20–45 yr old extraverts vs introverts, 28108
quantitative analysis of facial expressions, plains zebras, 21976
ratings of pleasantness of emotional slides, heart rate & skin conductance & judged facial expression intensity, male college students, 6039
reactive facial patterning, expression of happiness & surprise & fear, 10–12 mo olds, 6369
reactive facial patterning, expression of happiness & surprise & fear, 10–12 mo olds, 27849
reliability of emotion identification of context-free photographs of infant faces, untrained college students & females experienced with children, 21700
role of facial expressions, experience of emotions, comments on studies by R. Tourangean & P. C. Ellsworth & others, 11389
RT to happy vs sad faces presented to left vs right visual field, college students, 8775
sex differences in facial expressive behavior, high vs low self-monitoring college students, 20134
slides of positive vs negative facial expressions exposed to left vs right visual field, RT, male vs female right handed college students, 30106
sociometric status, emotion recognition from facial expressions, 8–11 yr olds, 9274
stimulus presentation order, generalization of discrimination of facial expressions, 7 mo olds, 16974
uncertainty-provoking stimulus, selective social referencing as function of information source, infants & their mothers vs female strangers, 22358
verbal statements of context & photographs of facial expressions, perceptions of emotions depicted, college students, 9514
visual discrimination & imitation of visual expressions, neonates, 6238
visual field & exposure duration & sex, perception of emotional facial expressions, criticism of J. K. Thompson's study, 8759
visual field & exposure duration & sex, perception of emotional facial expressions, reply to R. Bruyer's criticism, 8828

Facial Features
baby-like adult facial features, generalization of impressions of babies, college students, 28047
cerebral dominance, recognition of internal & external features of famous faces, right handed adults, 8843
discrimination of age in masked vs unmasked facial photographs, 3.8–4.8 yr olds, 3644
exposure to misleading composite information, recall & recognition & memory of facial features, college students, implications for eyewitness testimony, 13704
face vs body presentation & speech characteristics, detection of deception, prospective college students & Ss with mean age of 23.7 yrs, 12027
facial morphology, nervous & sentimental personalities, 22621
physical components & social consequences of babyface in White males, college students, 20102
real vs schematic vs mirror image vs mouth pattern, tongue protruding imitation behavior, 1 vs 3 vs 7 vs 9 mo olds, 11742
self concept & others' ratings of facial appearance, self perception of facial attractiveness, White college students, 9560

Facial Muscles
application of loads to lower lip, compensatory responses in multiple facial muscles & lip movements during speech, female adults, 8744
EMG activity level in corrugator & zygomatic face muscles, prediction of treatment outcomes, drug-free females with endogenous depression, 30935
facial & limb muscle tension training, peak expiratory flow rate & respiration & heart rate, male 18–25 yr olds, 8859
intracortical microstimulation, motor responses of single vibrissae & facial muscles, rabbits, 3375
levels of frontalis tension, discrimination & RT task performance, headache sufferers, 25883
lower lip muscle EMG & displacement during bilabial disfluencies, 23–62 yr old stutterers, 1620
presence of trick movements & vocalizations as self treatment, facial dystonia, 37 yr old female & 49 yr old male, 28519
psychomotor agitation, corrugator muscle activity & "omega melancholium", depressed females, 17474
psychosomatic approach to myofacial pain dysfunction, 7043
video feedback vs self control procedure, orofacial movement, 62 yr old female with tardive dyskinesia, 7365

Facial Nerve
neonatal facial nerve transection, alteration in barrel field of primary somatosensory cortex, mice, 27531
nervus facialis & glossopharyngeus afferent pathways, feeding behavior, pigeons, 24640
sodium deprivation & adrenalectomy, increased salt intake & role of chorda tympani nerve sensitivity to sodium chloride stimulation, rats, conference presentation, 658
sucrose vs sodium chloride vs sodium saccharin vs quinine stimulation of tongue, preferences & responses from chorda tympani nerve, male mice, 19479

Facilitation (Social) [See Social Facilitation]

Factor Analysis [See Also Cluster Analysis, Item Analysis (Statistical), Oblique Rotation, Orthogonal Rotation, Varimax Rotation]
analysis of factors common to Interpersonal Style Inventory & Orientation and Motivational Inventory, college students, implications for combined use of personality & motivational measures in assessment & theory formulation, 11168
application of bootstrap method, estimation of sampling variability of estimates of factor loadings, 11208
application of Comstat algorithm model to EEG spectral data, 21–75 yr old healthy Ss, 2966
BASIC computer program, calculation of factor comparison indices of congruence & salient variable similarity & chi-square tests of factor differences in size & pattern, 18999
BASIC computer programs, comparison of factor matrices for invariance, 18978
Boolean factor analysis, alternative model of syndrome concept, 8460
Comstat algorithm for multimodal factor analysis, 2980
concept of eigenvalue shrinkage in factor analysis, 19117
confirmatory factor analysis, analysis of multitrait-multimethod matrix & determination of convergent & discriminant validity, 2983
confirmatory factor analysis, voluntary social participation, voluntary association members, 241
confirming factor analysis, self concept measured by Self Description Questionnaire, 2nd–5th graders, 21802
construct validity & factor analysis, Sequential & Simultaneous Processing & Achievement scales of Kaufman Assessment Battery for Children, 2.5–12.5 yr olds, 8414
construction & factor analysis of short form of University Residence Environment Scale, college students, 29470
construction & replicated factor analysis of supervisor accessibility scale, university personnel & college students, 24226
criteria for variable selection in factor analysis, 2990
dynamic factor model, analysis of multivariate time series, 27072
examination of psychometric vs Piagetian kinds of intelligence & measures, kindergartners & bright & average & retarded 5–7 yr olds, reanalyses of studies, 5604
factor & smallest space analyses of Bem Sex Role Inventory, assessment of masculinity & femininity, ethnically diverse college students, 1306

factor analysis & development of profiles, temperament features, 1 yr old twins, 29782
factor analysis & personality models, self expressed interests of R. B. Cattell, 1928–1984, 1268
factor analysis & reliability & validity of Bell Reality Testing Inventory, patients with schizophrenia or schizoaffective or borderline disorders, 29733
factor analysis & reliability, J. C. Nunnally's scale of popular concepts of mental health, 19–51 yr olds, 122
factor analysis & validity of LPS 8/PSB 7 spatial ability subtest, 9.2–16.1 yr old educational counseling clients & 16.8–22.5 yr old delinquents, West Germany, 29773
factor analysis, constraints on leisure lifestyles, 45–93 yr olds, 25464
factor analysis, curiosity measures, adults, 180
factor analysis of Abbreviated Task Inventory, job task groups, rehabilitation counselors, 123
factor analysis of affectional expressions in proverbs, students, Japan, 3550
factor analysis of authoritarianism, college students, 9550
factor analysis of constructs underlying neuropsychological measures, understanding of freedom from distractibility factor of WISC, 29727
factor analysis of frequency-specific patterning of covariance in multichannel EEG data, 8458
factor analysis of J. R. Rossiter's short Likert-type scale, measurement of attitudes toward TV commercials, children from small town vs upper middle class suburban vs working class urban neighborhood, 168
factor analysis of Loneliness Rating Scale, assessment of loneliness, 11–72 yr olds, 8431
factor analysis of Metropolitan Readiness Test, 1st graders, 26727
factor analysis of multidimensional personality inventories, psychoticism as independent factor, normal Ss & mental patients, 29749
factor analysis of pain language & relationship to medical diagnostic categories, chronic pain patients, 9961
factor analysis of reference tests & all stages of psychomotor practice, inflation of specific factors, criticism of work of E. A. Fleishman & W. E. Hempel, 24326
factor analysis of teacher ratings, identification of 2 dimensions of cognitive deficits, 2nd–5th graders, 15955
factor analysis, seasonal & behavioral & hormonal & body weight changes, male barheaded geese, 8681
factor analytic study of items to measure forethought development, 3–14 yr olds, 3664
factor analytic techniques, development of Multi-Alcoholic Personality Inventory Scale, alcoholics with mean age of 44 yrs, 13565
factor matching index, factor analysis of Hopkins Symptom Checklist responses, college students & blood donors & outpatients, 13523
factor stability & reliability of Rotter's Internal-External Locus of Control Scale vs H. Levenson's locus of control measure, college students, 125
factor structure & analysis & internal consistency & correlation with Marlowe-Crowne Social Desirability Scale, Health Locus of Control Scale, college students, 27010
factorial design methodology, reading research, 8353
factorial validity of Decision-Making Style scales of Assessment of Career Decision Making, 19095
grouping respondents with similar preferences, predictive accuracy of conjoint analysis in consumer research, 27066
loss function for alpha factor analysis, 2964
methods for detection of item bias, literature review, 13621
multidimensional scaling vs components analysis, test intercorrelations, 11211
multivariate & factor analytic approach to personality theory, criticism of R. B. Cattell's work, literature review, 1273
new approach to factor analysis, 24315
Pascal computer program, determination of replicable factor structure in factor rotation, 19009
pitfalls in factor analysis in behavioral research, 8457
quasi 3-mode factor analysis, assessment of factor change, 240
reliability & validity of unweighted & factor scales, analysis of Rahim Organizational Conflict Inventory, executives, 16357
replication of factor analysis of childrearing dimensions identified with EMBU, comment on M. W. Ross' analysis, 26982
scoring & factor analysis of Schalling-Sifneos Personality Scale, identification of alexithymia, college students, 5636
self reported physical stress reaction 1st & 2nd order factors, college students, replication of J. C. Smith & J. M. Seidel's study, 24345
simultaneous maximization of congruence for 2 or more matrices under orthogonal rotation, 24316
specification & R. B. Cattell's factor analysis in structural equation modeling, 239
stability across seasons in factor analysis, recreational activities, adult recreationists, 5665
symptoms & personality & illness features, anxiety & depression, review of studies using principal component analysis, 20320
2nd-order & subfactoring techniques, factor analysis of private-sector rehabilitation specialist role behavior, 11230

Factor Structure

adaptation & factor structure of Scale of Attitudes Toward Disabled Persons, college students, China, 29741
age & sex, factor structure of self concept as measured by self description questionnaire, 2nd–5th graders, support of R. J. Shavelson's model, 9311
ambiguity of suggested causal structure & stability of results under selection of variables, applications of LISREL, 16268
analysis of factor structure of stress arousal checklist, 19086
assessment of Jalowiec Coping Scale, measurement of coping behavior, hypertensive & emergency room patients, 8411
BASIC computer program, calculation of factor comparison indices of congruence & salient variable similarity & chi-square tests of factor differences in size & pattern, 18999
bimodal Berlin model of intelligence structure, high school students, 11238
cluster analysis of WAIS-R subtests & age norms, 13522
common factors in Draw-A-Man & Draw-A-Tree tests, 4–9 yr olds, 16296
comparison of alternative subscale structures for MMPI Scale 2, job applicants & psychotherapy outpatients, 19017
confirmatory factor analysis of WAIS—R, determination of utility of various factor structure models, 24199
development & factor analysis of 2 scales derived from L. Cowan's picture preference test of personality, normal vs pathological Ss, 24205
dimensionality & factor analysis of Freiburg Personality Inventory, college students, implications for measurement theory, 13519
dimensionality of revised version of community satisfaction scale, community residents, 24246
dimensions of Gandhian nonviolent personality, college students, 6665
evaluative value of Personality-trait adjective checklist, implications for nonstandard techiques in measurement of impression formation, 5635
factor & correlational analysis of ethical behavior rating scale, 7th vs 9th vs 12th graders, 27014
factor analysis, aggression inventory developed by D. Olweus, 10–18 yr olds, Italy, 192
factor analysis, EEG potentials during recognition of learned words, 5986
factor analysis, life event attributions, orthopedically impaired vs blind workers, 4384
factor analysis of aftereffects of ethanol, male alcoholics, implications for research on etiology of alcoholism, 14837
factor analysis of Assessment of Reading & Language Maturity, measurement of progress in reading, 5398
factor analysis of Beck Depression Inventory scores, 36–76 yr old male cardiac patients, 110
factor analysis of choice RT, young vs elderly adults, 19184
factor analysis of empathy scale formulated by A. Meherebian & N. Epstein, Mexico, 16288
factor analysis of Jesness Inventory, personality correlates of delinquency, 9–18 yr old noninstitutionalized delinquents, 19109
factor analysis of Kaufman Assessment Battery for Children, 5 vs 7 vs 10 yr olds, 16335
factor analysis of Learning Styles Inventory, planning of individualized instruction, gifted 3rd–10th graders, 18692
factor analysis of Rathus Assertiveness Schedule & Personal Report of Communication Apprehension, college students, replication & extension of J. C. Pearson's study, 2914

factor analysis of social resources measures in OARS Multidimensional Functional Assessment Questionnaire, social resources & mental health, Ss aged 62 yrs old & older, 24236
factor analysis of stress scales, mothers vs fathers of handicapped children in lower vs higher elementary vs junior high school, 13521
factor analysis of student ratings of college instructors, college students, 8121
factor analysis of subscales of Tennessee Self Concept Scale, 20–63 yr old graduate students, implications for psychotherapy, 13550
factor analysis of symptoms of emotional disorders, mentally retarded 12–55 yr olds, 20432
factor analytic techniques, development of Multi-Alcoholic Personality Inventory Scale, alcoholics with mean age of 44 yrs, 13565
factor congruency analysis, cross cultural marketing research, US vs Canada vs Norway, 24317
factor matching index, factor analysis of Hopkins Symptom Checklist responses, college students & blood donors & outpatients, 13523
factor score correlations from Guilford-Zimmerman Temperament Survey vs Eysenck Personality Inventory vs Eysenck Personality Questionnaire, college students, comparison with predictions by J. P. Guilford & S. B. Eysenck & H. J. Eysenck of structure o, 28069
factor structure & analysis & internal consistency & correlation with Marlowe-Crowne Social Desirability Scale, Health Locus of Control Scale, college students, 27010
factor structure & norms for Revised Behavior Problem Checklist, 5–13 yr olds from community sample vs psychiatric clinic, New Zealand, 2870
factor structure & reliability & constant validity of Sleep Questionnaire, sleep assessment, 28–86 yr olds, 11134
factor structure & reliability of Perceived Competence Scale for Children & scales of motivational orientation & school concerns, educable mentally retarded 9–12 yr olds in segregated vs mainstreamed classes, 21507
factor structure, Basel Mood Inventory & Freiburg Personality Inventory & Giessen Test & Complaint List & Paranoid Neuroticism Depression Scale, psychiatric patients & healthy persons, 2908
factor structure of attitudes toward satisfaction with college instruction, nursing & physical therapy students, 31864
factor structure of Bayley's Infant Behavior Record profiles, 3–24 mo old identical vs fraternal twins, 6251
factor structure of Bem Sex-Role Inventory & differences in spatial ability, female vs male high school & college students, 11700
factor structure of Brief Psychiatric Rating Scale, assessment of psychopathology, 61–90 yr old geropsychiatry inpatients, 2931
factor structure of Children's Report of Parental Behavior Inventory, adolescents with cerebral palsy, 11150
factor structure of Chinese version of Supervisory Behavior Description Questionnaire & relationship between subordinate perception of leader behavior & leader performance & job position, military enlisted men & low military staff, Taiwan, 13233
factor structure of Counselor Occupational Stress Inventory, assessment of occupational stress, school counselors, 2853
factor structure of English vs Hungarian language inventory, assessment of school motivation, 12–13 yr olds, Great Britain & Hungary, 8117
factor structure of Job Diagnostic Survey, National Guard employees, 29748
factor structure of Kaufman Assessment Battery for Children, Black vs White children, 11155
factor structure of Lorr & More Assertiveness Inventory, volunteers, Australia, 27012
factor structure of Mikulecky Behavioral Reading attitude Measure, assessment of reading attitudes, gifted 7th–8th graders, 13190
factor structure of Nowicki-Strickland Scale & dispositional correlates of locus of control, 13 yr olds, 9314
factor structure of Personality Research Form-E, college students, 24227
factor structure of Profile of Mood States, psychiatric outpatients & smokers, 5642
factor structure of Rational Behavior Inventory, college students, 24239
factor structure of Resident Evaluation Form, resident physicians, 27004
factor structure of responses on Bem Sex-Role Inventory, measurement of sex role perceptions, male vs female college students, 2852
factor structure of teacher ratings of inattention & impulsivity & hyperactivity & aggressive & anxious behaviors & relation to developmental & background variables, 9 yr olds, 30522
factor structure of WAIS-R, medical & psychiatric patients, 24209
factor structure of 5 inventories, assessment of assertiveness, 16–65 yr olds, 2858
factor structure of 6 subtests of California Achievement Tests, Black vs White vs Hispanic male vs female 5th vs 7th graders, 13209
factor structure, Study Process Questionnaire, college students, 29440
factorial dimensions using Tennessee Self-Concept Scale, community residents with mean age of 79.6 yrs, 9283
factorial structure of Aftermath of Suicide Instrument, assessment of social reaction to suicide, 21–77 yr olds, 13603
factorial structure of Form 1 & 2 of State Trait Anxiety Inventory, adult females, 2876
factorial structure of original format vs Likert versions of Rotter's Internal-External Locus of Control Scale & Marlowe-Crowne Social Desirability Scale, college students, 21742
factorial validity & item analysis of Social Behavior Assessment, learning disabled vs emotionally disturbed vs normal elementary school students, 23884
hierarchical factor structure of Kaufman Assessment Battery for Children, 5 & 7 & 10 yr olds, 11162
higher-order factors in Interpersonal Style Inventory, high school students, 13574
Howarth vs Comrey personality factor scales, identification of major personality factors, adults, 19047
internal dimensional analyses of Least Preferred Coworker Scale, work supervisors, 24194
item factor analysis of Waring Intimacy Questionnaire, married college students vs 19–74 yr old psychiatric inpatients vs 25–83 yr old adults, 27041
modification of structure of Self-Consciousness Scales, adult females & college students, 13536
multiple audience rating form strategies for evaluation of college teaching, college students, 15959
Pascal computer program, determination of replicable factor structure in factor rotation, 19009
path coefficients of latent vs observational variables, structural modeling of estimation of factor means, 16391
personality organization indicated by Rorschach factor structures, patients with schizophrenia vs depression vs nonpatients, 28224
profile analysis, intellectual development & academic achievement & social adjustment, emotionally disturbed vs learning disabled vs educable mentally retarded children, 4097
psychometric properties of Multidimensional Health Locus of Control Scales, chronic cigarette smokers in smoking cessation program, 24217
psychometric properties of original vs revised versions of Way of Coping Checklist, medical students & psychiatric outpatients & spouses of patients with Alzheimer's disease, 13613
reliability & factor structure of Subjective Memory Questionnaire & effects of age & sex & social class on scores, dental outpatients & postgraduate students, 21765
reliability & factorial composition of Kirton Adaption-Innovation Inventory, self esteem, adults, 27008
reliability & validity & factor structure of subscales of Child's Report of Parent Behavior Inventory, assessment of childrearing behaviors, college students vs their mothers vs fathers vs siblings, 21773
replication of factor analysis of childrearing dimensions identified with EMBU, comment on M. W. Ross' analysis, 26982
review of Michigan Alcoholism Screening Test, 11151
standardization of sexual opinion survey for clinical use, measurement of eroto-phobia vs -philia response to sexual stimuli & factor analysis, adult volunteers, 19060

statistical analyses of Fennema-Sherman-Type Mathematics Attitude Scales, college students & faculty, 29457
stratum factor structure of musical pieces as determined by semantic differential, college students, implications for atypical evaluation-potency-activity structure found by T. Iwashita, 25014
structure analysis, list of items recalled during free recall task, 16462
study processes assessed by Biggs's Study Process Questionnaire, college students, England, 2588
translation of Eysenck Personality Questionnaire into Sinhala language & examination of factors of psychoticism & extraversion & neuroticism & social desirability, adults, Sri Lanka vs England, 19094
translation of High School Personality Questionnaire into local idiom, primary personality factor structure & item validity, 12–17 yr olds, Hawaii, 21748
validity & factor structure of Rokeach Value Survey, college students, 29735
validity of A. Bannatyne's recategorization of WISC—R subtests, 24262
validity of higher-order ability constructs in structure-of-intellect tests with semantic content & operations of cognition or evaluation, high school students, 27025
WISC-R Performance scale metrics & subtest factor loadings, deaf, implications for role of language acquisition in cultural test bias, 19037
Factorial Validity
confirmatory factor analysis & multitrait-multimethod procedure, assessment of discriminant validity of diagnostic reading tests, 10876
existence of Spearman type g-factor in language proficiency, criticism of J. W. Oller & K. Perkins, 11235
factorial structure of Form 1 & 2 of State Trait Anxiety Inventory, adult females, 2876
factorial validity of Brazilian Vocational Maturity Inventory, 195
factorial validity of Decision-Making Style scales of Assessment of Career Decision Making, 19095
factorial validity of emotional state measures, anxiety & fatigue & other psychological states, 58–92 yr olds, 8422
factorial validity of Iowa Tests of Basic Skills, 29430
factorial validity of Maslach Burnout Inventory, measurement of burnout, elementary & junior high school teachers, 13184
factorial validity of Mathematics Attribution Scale-Algebra, college students, 5363
reliability & factorial validity of Parenting Stress Index, measurement of stress in parent child relations, parents, 27024
validity of items from Visual & Intelligence Function subtests of Luria-Christensen, investigation of ambiguous results obtained in clinical settings, male vs female college students, 19084
Factory Environments [See Working Conditions]
Faculty [See Educational Personnel]
Fading (Conditioning)
amount & delay of reinforcement during modified fading, self control & choice behavior, pigeons, 8639
caffeine fading with vs without relaxation, caffeine intake, 22–56 yr olds, 23599
fading procedure, acquisition of complex visual discrimination & recognition of tridimensional patterns, rats, 21926
low-contrast nicotine fading vs high-contrast number fading treatment, smoking cessation, adults, 26376
stimulus shaping vs fading procedures, learning word meanings, trainable vs educable mentally retarded vs normal 8–12 yr olds, 7387
Fads and Fashions [See Also Clothing Fashions]
recall of past merchandise fads, college students, 18905
symbolic approach to explanation of high rate of barbiturate usage, "punks" & "skinheads," UK, 28300
Failure [See Also Academic Failure]
ability & experience, causal attributions, winners vs losers in squash vs racquetball tournaments, implications for concept of self serving bias in attributions, 14516
action- & state-oriented cognitions during success vs failure, solution strategies & performance in figure discrimination task, college students, 27140
age, causal attributions & failure expectations & effects on intelligence test performance, 18–28 vs 60–84 yr old females, 22293
amount of projected negative imagery, degree of male vs female failure in medical school, male vs female college students, implications for fear of success in competitive situations, 14508
anxiety & extent & nature of motivation to avoid success, male vs female 15 yr olds, Great Britain, 19929
attribution for success vs failure in video game task, Type A vs Type B college students identified by structured interview vs Jenkins Activity Survey, 30856
attributions & achievement motivation & locus of control & relation to self esteem, implications for economic & social underdevelopment, 17130
attributions for failure & success in different aspects of reading, 3rd vs 6th graders, 15838
ego involvement, attribution for competition success vs failure, alpine ski racers, 30831
experience of success vs failure, helping behavior, male vs female 19–21 yr olds, 6648
experience of success vs failure, moods & affects, Chinese vs American graduate students, US, 19974
expert vs novice leader & success vs failure feedback, group member attributions & self presentations after performance, college students, 25405
explanations for economic & social inequity, urban 13 & 21 yr old Blacks & Hispanics with histories of academic failure & students of alternative high schools & 20–64 yr old counselors of high risk youth, 10781
failure & learned helplessness, motivation, autistic children, 25557
failure to achieve goals, suicide, Ss under 35 yrs of age, 1555
focus of attention on individual's own self, performance on easy task after failure on difficult task, adolescents with mean age of 15 yrs, test of theories of functional helplessness vs discrepancy reduction, 6342
functional relationship between performance outcome & causal attributions, college students, 20120
insufficient attention to reenactments of family drama, premature termination or other defeats in psychotherapy, 4611
internal vs external attribution style & comparative performance information & initial task success vs failure, subsequent task performance, college students, 30827
intra- vs interpersonal performance information, comparison behavior, 3rd–5th graders, 22381
item difficulty & test anxiety & failure feedback, performance on multiple choice verbal aptitude items, college students, 29451
multitrait-multimethod validation of fear of success construct, male vs female college students, 19059
opinions concerning factors related to failure rate of foreign medical graduates on Royal College examination, psychiatric residents vs Royal College examiners, Canada, 10549
perceptions of own dependency & levels of self esteem, causal attributions & emotional reactions in imagined success vs failure situations, college students, 17359
physical posture following success vs failure, locus of control & motivation & depression, college students, 4074
police experience & seniority, fear of failure & negative evaluation & bodily harm, police recruits vs constables vs sergeants vs senior officers, Great Britain, 10991
prediction & causal factors of perceptions of success vs failure, male vs female college racquetball players, 21536
previous task failure & self esteem & advice, persistence & performance, college students, 12079
psychoanalytic interpretation of unconscious mental processes in psychical suffering, patients, 6720
recognition of failure in family therapy, 4675
reliability of Self-deprecation and Insecurity Scale, measurement of fear of failure in relation to physical performance, college students in physical education, 16360
role of attributing failure to situation vs dispositional factors in perceived need for counseling, soldiers in US Army Basic Training who were retained vs discharged, 26760
self esteem & success vs failure on anagram task, attributions about own vs other's performance, 14525

self perception of failure on unsolvable perceptual judgment problems, performance on subsequent similar tasks, college students, 13717
success & failure experiences, RT & cardiac rhythm, mentally retarded 13–15 yr old males, 28373
success vs failure at competitive vs individual task, performance attributions, female college students as actors vs active vs passive Os, 17349
success vs failure feedback in concept formation task & depression, memory encoding processes assessed by free recall, college students, 27173
success vs failure on cooperative task & levels of choice & commitment, group cohesion, college students & 13–14 yr old females, 14501
success vs failure on skilled tasks, causal attributions & performance expectations, preschool & 2nd grade children, 25128
success vs failure on social sensitivity test & public vs private knowledge of result, compensatory self inflation response to threat to self regard, female college students, 30818
success vs failure task feedback, self efficacy & task persistence, 9–14 yr olds with conduct disorders, 25650
techniques for self help groups to avoid failure, 7599
uncontrollable aversive event as necessary condition for depression onset, criticism of study by G. I. Metalsky, 28280
Fainting [See Syncope]
Faith Healing
antidepressant therapy & traditional healing ceremony, psychotic depression, male 27 yr old Laotian refugee, 1766
characteristics of psychic healing, 5521
culture & traditional medicine, illness & pelvic pain, females, Africa, 20646
diagnosis & healing using contact & bioenergy massage, USSR, 26856
faith healing, Cherokee Indians, 27911
folk healing, Indonesia, 27919
folk healing, Italy, 27910
human aura & psychic healing, 26877
implicit theory of personality & illness & cure in writings, neo-Pentecostal faith healers, 19954
numinous experiences in Xhosa healing rituals, South Africa, implications for Western experience in Jung's analytical therapy, criticism of D. J. Hoy's study, 1033
physical energy & therapeutic touch for healing & plant growth, healer vs patient with depression, 29608
psychic healing, USSR vs Eastern vs Western Europe vs North America vs Asia vs Brazil, 5524
Shamanism & folk healing, South & Southeast Asia, 27914
surgery in trance state using no anesthetic on patient, Brazilian doctor, 26872
visualization, psychic healing, 26851
Faking [See Also Malingering]
clinical utility of McVaugh & Grow fake good & fake bad criteria, detection of faking on Personality Inventory for Children, 6–12.9 yr old private psychology practice patients, 5616
detection of faking good & bad on Personality Inventory for Children-Revised, 6–16 yr old outpatients, 29721
IQ & instructions to fake, faking good scores on Personal Orientation Inventory, college students, 13525
routine use of Gough's Revised Dissimulation Scale & Wiener & Harmon's Obvious/Subtle subscales, supplement to MMPI validity scales, prisoners who simulate psychological problems, 13570
sensitivity of Impact of Event Scale, differentiation of genuine vs simulated responses to recent bereavement, college students, 184
suspected vs actual deception, interpersonal perception in interview, college students, 14527
vulnerability to effects of social desirability of Attitudes Toward Women Scale & Bias in Attitudes Survey, assessment of & ability to fake sex role attitudes, male vs female college students, 8412
False Pregnancy [See Pseudocyesis]
Fame
celebrity-source physical attractiveness & likability & participant product involvement, attitude change & purchase intentions, college students, 24068
cerebral dominance, recognition of internal & external features of famous faces, right handed adults, 8843
face-related research, behavioral scientists, 8462
treatment & physician-patient relationship, well-known politicians & religious leaders & artists & writers, 12444
TV advertisement with celebrity endorsement, product preference & understanding, 8–14 yr old males, 9129
Familiarity
affiliative responses to strangers, 1 yr olds, 9263
age-irrelevant vs age-sensitive tests, test familiarity & difficulty & intellectual performance, 18–39 vs 40–59 vs 60–89 yr olds, 2855
brief vs extended exposure to noncontingent stimulation, subsequent operant conditioning, 10–12 wk olds, 14037
chlordiazepoxide & food deprivation & familiarity with test apparatus & procedure, eating latency & time & amount eaten of familiar vs novel foods, rats, 6160
companion familiarity, open-field responses, pairs of female chicks reared in pairs vs groups, 511
context-free familiarity information of face typicality, face recognition, college students, 11281
conversation with same-sex stranger vs roommate, conversational style & interpersonal interaction, lonely male college students, 17324
cutaneous resolution values at tongue & thenar eminence, experienced vs naive 19–31 yr olds, 3010
development as acquisition of familiarity, novelty &/vs familiarity as determinants of behavior, 16892
development of behavioral inhibition & heart rate in unfamiliar situations, 4 yr olds, longitudinal study, 14173
exposure to conspecific odor & familiarity & sex of odor donor, scent marking, Norway rats, 8590
familiar contextual odor, discrimination learning, 16 vs 28 day old rats, 16520
familiar size & spatial cues & apparent & assumptive instructions, size & distance judgments, human Os, 8464
familiar vs novel vs significant object, object permanence, infants aged 7 mo 9 days to 7 mo 26 days, 9238
familiar vs unfamiliar stories, form & focus of response, 4 yr olds, 27784
familiarity & organization & predictability of sequences of musical notes, perception of duration & other factors, conference presentation, 3062
familiarity & prior group experience & age, degree of social participation, 3–5 yr olds, 25193
familiarity of adult signaling noncomprehension of request, speech repetition & revision, 20–28 mo olds & their mothers, 1012
familiarity of concepts & text cohesion, recall, 7th–8th graders, 15809
familiarity of letter strings, interference with visual word recognition, college students, implications for specialized mechanisms in cognitive processes, 5766
familiarity of person giving reward & differential preference for external reward, intrinsic motivation for reading task, 2nd–4th graders, implications for cognitive evaluation theory, 22278
familiarity vs vocabulary size vs recognition ability in semantic domains of musical instruments vs fabrics vs trees vs hand tools, college students, 11636
familiarity with campus, spatial information acquisition, college students, 21858
familiarity with hypothetical role, validity of measurement techniques using behavioral decision theory, college students, 24213
familiarization sessions in pharmaco-EEG studies placebo control, analysis of drug effects, male Ss under 30 yrs of age, literature review, 2812
group size & gender composition & extent of prior acquaintance & members' leadership status, patterns of talk & silence, college students, 9501
habituation to irrelevant information, speeded classification task performance, college students, implications for automatic processing & attention, 27152
increase in number of people in greeted group, likelihood of having greeting returned by strangers, female college students, 25402
increased familiarity & interpersonal attraction, ratings of client clinical adjustment, 22–40 yr old hospital staff members & their 13–65 yr old psychiatric inpatients, 2170
ingratiation toward stranger vs friend vs boss, male college students, 6637

interpersonal acquaintance vs liking, personality & situational attributions in common rater vs common target tasks, college students, test of actor-observer hypothesis, 20113
kinship & familiarity, food sharing, rat pups, implications for dominance/submission patterns during nursing period, 3246
level of status vs familiarity of requestee & size of request, utility of compliance-gaming approach, college students, 14500
lexical familiarity & word frequency & semantic concreteness & number of meanings, word recognition latency, college students, 8562
lithium, exploratory behavior in familiar vs unfamiliar environments, goldfish, 757
melody duration & cognitive vs structural vs affective vs associative processing style, affective responses, college students, implications for noncognitive mediation theory, 27089
musical vs nonmusical song similarity, song clustering & recall, college students, 11352
perceived identity of odorous stimuli & ability to recognize previous occurrence of them, college students, 5704
perceptions of negatively assertive statements from audiotapes of males vs females identified as friends vs strangers, male vs female college students, 1216
presentation of English letters in foveal & parafoveal field & Hiragana & Katakana in parafoveal field, interference & letter recognition, monolingual vs bilingual college students, Japan vs Australia, 11353
previous experience, motivations for & perceptions of recreational participation, novice river float trip recreationists, 8157
previous exposure to passive avoidance test, effects of immobilization stress & morphine on memory in passive avoidance task, mice, 656
prior visual inspection vs naming of familiar vs novel object, drawing of hidden features, 4–7 yr olds, 9160

influence of father vs peer vs other family members, socialization, children, 1003
joint custody, father child relations, divorced men, 27937
joint custody, father-child relations, divorced 30–52 yr old fathers, 6490
language patterns obscuring occurrence of father-daughter incest, diagnosis by child protection professionals, 7150
language patterns obscuring occurrence of father-daughter incest, health care & legal professionals, implications for diagnosis & child protection services, 28287
maternal employment & paternal involvement & mental health, 6–18 yr olds, Israel, 30541
maternal employment status, infant-mother & infant-father attachments, infants at ages 12 & 20 mo, 9410
maternal vs paternal power & parental drinking habits, alcohol use, college students, 11987
mother- vs father-child relations & achievement motivation, 15–19 yr old male high school students, India, 19912
need for reliable & nurturing & attuned relationship with father during pre-Oedipal period, females, 14207
neonatal intervention based on Brazelton Neonatal Behavior Assessment, mother-infant & father-infant & husband-wife interaction, mother-infant dyads vs mother-father-infant triads, 22458
observation of interaction during teaching, differential styles of interaction, parents & their mentally handicapped 20–45 mo old children, 25725
Oedipal complex & father-child relations & defenses & fantasies & values, 11061
ovulatory concealment & synchrony & extended sexual receptivity, paternal care & behavior, protohominid males, 2774
participation in childbirth & family role regarding income & sex role identity, role in parent-infant relations, fathers, literature review, 1083
perception of father's role in family work & discipline, family climate for sexual learning, unmarried college students, 3810
perception of relationship with father vs mother, female vs male 5–8 yr olds, implications for validity of norms for Family Relations Test & similar instruments, 8429
presence during birth, paternal involvement after 1st yr, fathers, 1067
psychoanalytic concept of father identification, socialization process, adolescent males, Africa, 30528
psychoanalytic view, fatherhood, 8333
relationship with father & treatment, 19 yr old female with anorexia nervosa, 23216
research on role in psychological development of child, fathers, 9391
role of father, identification process, children from birth through 3 yrs, Zaire, 30529
role relationships following remarriage, child support & telephone & visiting frequency, divorced males with mean age of 37.4 yrs, 6514
sex role orientations & employment & parental roles, male vs female parents with infants, 9408
traditional vs nontraditional parental involvement in childcare & security of mother- & father-infant attachment, sociability with strangers, 11–13 mo olds, Sweden, 6377
unconscious conflict over relationship with father, psychoanalytic interpretation of effect on his art, P. Picasso, 13951

Fathers [See Also Adolescent Fathers]

alcoholic biological vs nonbiological fathers, intellectual development & academic achievement, 2 mo to 15 yr olds, 17606
attitudes toward autistic child & child's impact on parents & relationship between parents & grandparents, mothers vs fathers vs maternal vs paternal grandparents, 28200
attitudes toward unanticipated cesarean birth with healthy neonate, fathers, 12716

caretaking role, parental attitudes & preferences & parent-infant interaction & attachment & infant sociability, 21–35 yr old mothers vs 22–51 yr old fathers of infants, longitudinal study, Sweden, 6487
changing roles of fathers & fatherhood, 27941
characteristics of offenders & incestuous relationships, fathers & daughters vs stepfathers & stepdaughters, 28321
child custody dissatisfaction, fathers, 1143
childrearing strengths, single vs married custodial fathers, 9420
communicative styles of father vs mother vs child, hearing impaired 13 mo old female, 1638
court affirmation of father's conviction for molestation of his deaf daughter, case law, 14375
dogmatism & empathy & nonverbal behavior of fathers, cognitive development, 12–13 yr old sons, 27811
early family background & relationship with parents, 22–62 yr old gay fathers, 3840
expectations of 10 yr old males from father-headed single parent vs intact families, 23–28 yr old laypersons vs teachers vs social workers, implications for professional training, 10578
factor analysis of stress scales, mothers vs fathers of handicapped children in lower vs higher elementary vs junior high school, 13521
father-son relationship & oedipal complex, economic development & strength, 1022
father vs mother custody, academic achievement, 8th graders from single parent households, 23789
impedances to research, role of father in child psychiatry, 17824
inter-generational transmission of authoritarian paternal attitudes, 49–76 yr old fathers & their 22–48 yr old sons, 25302
"Ivy Day in the Committee Room" by J. Joyce as embodiment & anticipation of Freudian ideas on original sin, 13967
kibbutz vs urban setting, prevalence of grief reactions & behavioral symptoms following death of father due to war, 2–10 yr olds, Israel, 30514
learning achievement, adolescent delinquent sons of alcoholics, 9773
level of involvement with child & parental role, fathers of hospitalized 5–12 yr olds, 31701
maternal vs paternal education vs occupation vs encouragement, educational attainment, White vs Black 14–24 yr old females, 17089
neuropsychological & personality characteristics, delinquent male adolescents with alcoholic fathers, 9814
parental hypertension associated with hostile affect & inhibition of affect, family conflict management & susceptibility to hypertension, 8–13 yr olds with hypertensive fathers, 1630
participation in childbirth & family role regarding income & sex role identity, role in parent-infant relations, fathers, literature review, 1083
paternal alcoholism, stimulus augmenting & field dependence, 10–12 yr olds, 28324
pitch & range in speaking to 2 vs 5 yr olds vs adults, mothers vs fathers, 9422
presence of father during cesarean delivery, feelings about birth & hospital experience & adjustment to parenthood, 1st-time parents, 3815
presence of father during cesarian delivery, parent-infant interactions, 1st-time parents, comments on study of R. L. Cain et al, 3838
prevalence of incestuous childhood abuse by stepfathers vs biological fathers, adult women, 9803
privacy & legal & treatment issues, father-daughter incest, 6901
problems & roles of single-parent fathers, implications for counseling, 1065
psychoanalytic view, fatherhood, 8333
psychodynamics & treatment, father-daughter incest, 28361
role in behavioral parent training, fathers, literature review, 12573
role in infant object-relations, fathers, 19770
role of father in family, implications for social & family policy, literature review, 11924
role relationships following remarriage, child support & telephone & visiting frequency, divorced males with mean age of 37.4 yrs, 6514
sex differences, adjustment to fatal illness of child, parents, 14913
sex of alcoholic parent & course of alcoholism, male primary alcoholics, 17648
single father families, implications for early childhood educator's curriculum, 29177
social class, empathy, mothers vs fathers, 12069
suggestions on childrearing & individuality, astronaut S. Ride's father, 22485
support group, adjustment to divorce & loneliness & self concept, single custodial fathers, 23248
systems theory conceptualization of father-daughter incest, 31013
treatment termination approaches, single-father families in family therapy with female therapist, 4676
victim choice & personality traits & family history, incestuous behavior, fathers, 9776

Fatigue
age, short term changes in eyestrain, CRT operators, Sweden, 8243
altered cognitions of passage of time, mood & fatigue & performance, examination of cognitive theory of emotions, 5836
continuous work & exercise over 45 hrs with 3 hr nap, cognitive performance, US marine reconnaissance personnel, 26765
CRT vs hard copy display, performance & feelings & vision, 20–27 yr old vs 40–61 yr olds, 8242
epidemiology & methods of evaluation & diagnosis, patients aged 15 yrs & older complaining of fatigue, 25931
eyelid movements-blinking frequency & duration of closed eyes, assessment of fatigue, operators, 30137
factorial validity of emotional state measures, anxiety & fatigue & other psychological states, 58–92 yr olds, 8422
fatigability & personality characteristics, 20–32 yr old industrial workers, 29554
fatigue & task repetition, surface EMG during isometric motor control task, 22–39 yr olds, 19548
full work day of lifting psychophysically selected loads, cardiovascular & metabolic & subjective fatigue, male soldiers, 24039
mental fatigue & overload in educational process & extracurricular activities, high school students, 2451
minicomputer-administered tasks in study of effects of sustained work periods & fatigue, physical & cognitive task performance, Marine Corps personnel, conference presentation, 94
peak plasma concentrations of prazepam vs clorazepate vs diazepam, fatigue, 22–38 yr olds, 19726
personality, self initiated competition behavior & physiological fatigue, Type A vs Type B 19–29 yr olds, 12053
psychophysical techniques, measurement of perceived exertion during physical work, 24036
reduction of stress through environmental situations, sleep & sleepiness, female college students, 24521
secondary tasks vs rest periods, performance & fatigue on simulated driving task, 24–55 yr old industrial truck drivers, 32325
self ratings of performance & fatigue & motivation, younger vs older army truck drivers who experienced prolonged convoy driving, 21528
sleep deprivation, visual sensory event-related potential, military enlisted males, implications for differentiation of fatigue & drowsiness, 19476
sleep fragmentation, daytime sleepiness, patients with insomnia & excessive daytime sleepiness & periodic leg movements, 1727
sustained work tasks administered by minicomputer, physical & cognitive task performance, US Marines, 21626
symptoms of vital exhaustion & depression & angina pectoris, imminent myocardial infarction, male 40–65 yr olds, 12324
work shifts, fatigue, air traffic controllers & weather service personnel, Japan, 24002

Fatty Acids [See Also Phosphatides]
amount of time since iv insulin administration, plasma glucose & amino acids & nonesterified fatty acids, 31–61 yr olds with major depressive or dysthymic disorder, 17522
cold exposure, wheel running & food intake & body weight & fatty acid synthesis, Syrian hamsters, 22087
neonatal ip capsaicin injections, threshold for eliciting jaw opening reflex, rats, 24948
paraventricular nuclei lesions, food intake & body weight & growth & efficiency of food utilization & plasma glucose & glycerol & free fatty acids, female weanling rats, 6070
polyunsaturated fatty acid-deficient diets during perinatal period, retention of discrimination learning task, rats, 8894

stress induced by TV game, cortisol & growth hormone & free fatty acids & lactate, healthy college students, 22054
suprachiasmatic nucleus lesions, effects of 2-deoxy-dextro-glucose on plasma free fatty acids & food intake during dark vs light period, male rats, 19648
therapeutic use of onager oil as precursor of prostaglandin E, patients with schizophrenia, 20938
Fear [See Also Panic, Social Anxiety]
acknowledgement & coping with fears of psi, 13426
amplification of expressive reactions, physiological arousal & ratings of accident pictures, male vs female 18–33 yr olds, 5839
anticipatory fear & morphine & shock penalties, RT, former narcotic addicts, implications for pain perception & stress-induced analgesia, conference presentation, 3018
antinuclear & antiwar TV programs, mental health, physically disabled patients, 23016
audiovisual peer modeling procedures, reduction of self reported medical fears, male vs female 3rd vs 5th graders, 18568
awareness of nuclear threat, personality & denial of threat, 4–18 yr olds, 19782
behavior methods, treatment of fears & phobias, children, literature review, 18064
bibliotherapy, reduction of fear, 2nd graders, 5405
bivariate path analysis, genetic & cultural & environmental transmission of fear, mono- vs dizygotic twins & their parents, 16592
carbamazepine, psychopathology between seizures, epileptic 18 yr old female with ictal fear, 7438
community hospitalization preparation program, medical fears & knowledge, nonpatient 1st graders, 18295
conceptual & methodological issues, behavioral assessment & treatment of fears & phobias, children, literature review, 18055
contextual effects interpretation of M. S. Fanselow, preference-for-signaled-shock phenomenon, 29987
crime wave, attitudes toward police & fear, community households, 1503
demographic variables & exposure to risk & victimization rates, fear of crime, 20–65 yr old residents, 14831
development & validation of Goldfarb Fear of Fat Scale & application as diagnostic tool, female bulimic clients, 27007
development & validity of measures of beliefs & fears underlying Type A behavior, 23–59 yr olds, 127
developmental differences in tendency to share emotion of TV character, 3–5 vs 9–11 yr olds, 19931
disaster caused by lighting, fear & sleep & somatic complaints, 10–13 yr olds & their mothers, 14598
disruptive anxiety & annihilation fears, schizophrenia, 12216
dream interpretation, fear of commitment to life, psychotherapy patients, comments on article by R. F. Formica, 20692
emotional facial expressions, extinction of emotional reactions, college students, 8584
emotional interest vs concreteness vs proximity as vivid information modality, attitude change in fear appeal paradigm, college students, 28111
estimate of length of short interval spent observing spider, spider phobic Ss, 19288
evolutionary function of fear, 16532
exploration & attachment to mother & fear of strangers, infants of mothers with history of psychosis observed from 3 days to 2 yrs of age, 6821
exposure to filmed vomiting sequence, fear of vomiting, patients, 20874
factor analysis, correlations between measurements of approach & avoidance & general fearfulness, 3 vs 4 vs 6 vs 12 mo old pups training to be guide dogs, 5853
fear & anxiety & noradrenergic function, conference presentation, 24723
fear & restlessness & motion sickness & enuresis, 3 yr old same sex mono- vs dizygotic twin pairs, 16572
fear-arousing communication & attribution of arousing vs tranquilizing effect of placebo, smoking intentions & behavior, male college students, 30834
fear, conformity & fixation of escape behavior, college students, 27186
fear elicited by cat's presence, offensive vs defensive attacks on other species members, rats, 27229
fear-evoking perceptual properties of animals, animal phobias, Ss with mean ages of 35.5 & 35.1 yrs, implications for treatment, 1362
fear of change, psychotherapy, patients, 12467
fear of childbirth, pregnant women at term, Italy, 28820
fear of commitment to psychotherapy & life, psychotherapy patients, 20721
fear of crime, attitudes toward punishment of criminals, general public, France & Canada & US, 30658
fear of intimacy, college females, 17384
fear of not-being & mirror transference, narcissistic personality disorder, 14648
fear of pain & of discovery of pathology & embarrassment as sources of anxiety about pelvic examinations, 14–20 yr old females, 4857
fear of strangers, infants of mothers with nonorganic psychoses during 1st yr of life, 6822
fearfulness to & sex & age & experience, exploratory behavior & activity, potential guide dogs tested at 6 & 12 mo of age, 5854
feedback stimulus, fear conditioned with escapable vs inescapable shock, yoked vs not yoked rats, 11420
flooding & coping skills training, fear & avoidance of dental treatment, 17–51 yr olds, 15247
governmental measures taken for reduction of fear of crime, France, 30699
hydrocortisone vs desoxycorticosterone, fear reactions & aggressive-defensive behavior, adult male rats, 8988
incidence of cyanide-laced Extra-Strength Tylenol capsules, attitudes toward use & administration of over-the-counter drugs, parents, US, 17285
initial fear level, safety signal conditioning to fear-relevant vs irrelevant stimuli, college students, implications for preparedness theory of phobias, 27187
interaction among psychosocial stressors & developmental transitions & adventitious reinforcement in etiology of & behavioral treatment for fear of nausea & [illegible]iting, 6–15 yr olds, 12594
lecture-demonstration vs filmed modeling procedure in preventive hospital education, fear & knowledge of hospitals, well 4th–5th graders, 5244
level & structure of fear, visually impaired vs sighted 10–18 yr olds, 23014
life experiences, fear of childbirth, pregnant females in gestational wks 31–33, 7515
malnutrition due to fear of obesity, short stature & delayed puberty, 9–17 yr olds, 1707
media presentations & content, fear, 3–4 vs 6–7 vs 9–10 yr olds, test of Piagetian stages of development, 3689
newspaper crime reports, fear of crime, newspaper readers & college students, 812
nighttime fear content & coping behaviors, fearful vs unfearful 6.5–12.5 yr olds, 30523
pain expectations & experiences, fearful vs fearless dental patients, 10364
panic-fear & tension & anxiety, 16–65 yr old patients being jaw-wired for massive obesity, 1711
partly automated treatment method including desensitization & EMG biofeedback & cognitive reattribution, dental fear, 21–65 yr old patients, 10205
perception of predictability of events & control over outcomes & territoriality & victimization experiences & fear of crime & demographic characteristics, females with mean age of 73 yrs, 17392
perception of social diversity, fear of crime, urban neighborhood residents 18–34 vs 35–44 vs 45–64 yrs old & older, Canada, 25427
perceptions of risk of criminal victimization & preventive measures taken & attitude toward crime prevention & criminal justice system, general public, Canada, 30689
performance & maintenance leadership dimensions, followers' escaping behavior in fearful emergency maze situation, 25403
periaqueductal gray lesions vs chlordiazepoxide in fear suppression, conditioned analgesia, rats, 670
police experience & seniority, fear of failure & negative evaluation & bodily harm, police recruits vs constables vs sergeants vs senior officers, Great Britain, 10991

portrayal of crime in mass media, public perceptions of violent crime incidence & fear of crime, literature review, 30325
prenatal fear of delivery, postnatal emotional balance, nulliparous & parous females, 17159
presentation of overt behavioral measures of fear in major behavior therapy journals, 4719
presentation vs omission of expected shock UCS, conditioned suppression of barpress & freezing as indices of fear, male rats, 3368
prevalence of bulimia nervosa & its symptoms, female 10th graders, 1701
previous hospitalization experience, medical fears, female vs male 1st vs 4th vs 7th graders, 30486
prior victimization & perceived risk & anticipation of victimization, fear of crime, Ss aged 55 yrs & older, 22287
prototype desensitization treatment & modified avoidance response placebo vs pseudotherapy, dental fear, college students, 26111
psychodynamic & behavioral techniques, dysfunctional anxiety of studying & fear of criticism discomfort in groups, married graduate student in mid-30's, 12422
public opinion & fear, nuclear war, 20–50 yr old shopping mall customers, 13358
reactions toward unfamiliar persons, 8 mo olds vs their mothers, 6374
reactive facial patterning, expression of happiness & surprise & fear, 10–12 mo olds, 6369
reactive facial patterning, expression of happiness & surprise & fear, 10–12 mo olds, 27849
reliability of Self-deprecation and Insecurity Scale, measurement of fear of failure in relation to physical performance, college students in physical education, 16360
reported fear of animals, college students who had vs had not taken biology in high school, 2456
resistance & fear of change, 53 yr old male, implications for therapy, 15108
role of crawling experience & fear, development of visual cliff performance, infants, comments on J. Richards & N. Rader's article, 11720
rural vs urban origin, fear of crime, city residents, Canada, 11863
sex & experience with pets & beliefs & attitudes toward animal species, fear of animals, 5th graders, 9086
single-session cognitively based intervention program, fear of needles, 6–9 yr old hospitalized patients, 31450
situational factors & fear of aging & subjective well-being, Black vs White 55–89 yr olds, 25048
societal fear of crime & confidence in criminal justice system, US & France, 30696
stranger sociability, temperament & fearfulness & smiling & laughter & activity level & social experience, infants at 12.5 vs 19.5 mo, longitudinal study, 6405
stranger vs infant controlled method, fear of strangers, infants, literature review, 6371
treatment in public vs private context, fear of dark, 5–6 yr olds, 10235
Type A behavior as means of coping with fears & anxieties, college students & 23–59 yr olds in police work, Canada, test of cognitive social learning model, 17362
Fear of Public Speaking [See Speech Anxiety]
Fear of Success
amount of projected negative imagery, degree of male vs female failure in medical school, male vs female college students, implications for fear of success in competitive situations, 14508
androgyny vs masculinity vs femininity, striving for success & fear of success & failure, 19–42 yr olds, 25357
anxiety & extent & nature of motivation to avoid success, male vs female 15 yr olds, Great Britain, 19929
competitive vs noncompetitive conditions, fear of success as motive, 5th–8th grade females, 3691
construction of Fear of Success Consequence scale, measurement of fear of social consequences of academic success, 7th–12th graders, 2571
fear of success & sex role identity & masculinity, male vs female college students, 14543
fear of success, male vs female college students, 1290
male vs female occupational deviance & role overload, fear of success, male vs female 19–22 yr olds, reexamination of T. H. Bremer & M. A. Wittig's results, 30851
multitrait-multimethod validation of fear of success construct, male vs female college students, 19059
printed media, fear of success, females, Australia, 16818
underlying theoretical assumptions & reliability & validity, fear of success measures, literature review, 8426
Fear Survey Schedule
standardization of Wolpe-Lang Fear Survey Schedule, psychiatric outpatients with DSM-III anxiety disorders, 24302
Fecal Incontinence
behavior modification & marital therapy, encopresis & enuresis & aggressive behavior, male child & his parents, 20853
behavioral family therapy & systems view of family functioning, family with 5 yr old male with encopresis, 1-yr followup study, 1896
castor oil, clinical shock, 15 yr old male with chronic stool retention, 18196
client characteristics & psychopathology, 2–11 yr olds referred with encopresis, 4532
deviation-amplifying feedback processes, family treatment, families with encopretic children, 12570
encopresis & childhood psychosis, autistic children, 4143
etiology & epidemiology, encopresis, 4–16 yr old patients in psychiatric clinic, 17819
family therapy based on Adlerian & analytic theory, 5 yr old male with encopresis, 10184
intensive pediatric-based treatment, encopresis, 4.5–12 yr old responsive vs resistant patients, followup study, 17862
management of dehydration & incontinence, 59–96 yr old nonambulatory nursing home patients, 7685
physiology of defecation, implications for diagnosis of encopresis, 4489
prevention of postoperative encopresis, children following surgery for vertebral lesions or anal malformations, 4868
psychoanalytic interpretation, encopresis, children, 4416
psychopathological approach, encopresis, children, 4526
psychotherapy, encopresis, children, 4602
psychotherapy, encopretic 10 yr old male, 4606
sphincter exercise vs sensory discrimination vs synchronous internal & external sphincter responses training, fecal incontinence, 8–72 yr old patients, 31465
structural family therapy model, treatment efficacy, encopretic & enuretic 10 yr old male, 4699
toileting regime & diet adjustments & intensive physiotherapy, fecal incontinence, children, 1-yr followup, 28594
training for continence, severely disabled 4–16 yr olds, 7379
Feedback [See Also Auditory Feedback, Biofeedback, Biofeedback Training, Delayed Auditory Feedback, Delayed Feedback, Knowledge of Results, Sensory Feedback, Visual Feedback]
accuracy of subjective vs survey vs interview appraisal methods, individual proficiencies & performance, military personnel, implications for feedback systems, 8188
assessment of job feedback in work environment, surveyed 20–59 yr old nurses & utility company supervisors, 23957
attitudes toward clinical clerkship feedback, faculty members vs 3rd- & 4th-yr medical students, 26417
attribution of poor performance to lack of ability vs effort, feedback given to subordinates, college students, implications for personnel management, 6642
automated cuing vs evaluative performance feedback, delivery of service, staff members in community mental health center, 23450
complexity of feedback & corrective efficiency, college students, 32061
computer technology, work content vs feedback vs performance control vs mental strain, print shop workers, 21609
computer vs human personality feedback, acceptance of favorable vs unfavorable personality statements, French-speaking college students, 43
confirmatory vs disconfirmatory strategies, problem solving on Wason's 2–4–6 inference task, replication of P. C. Wason's studies, 24460
contingent vs noncontingent feedback, problem solving in discrimination task & transfer learning, male 1st graders, 25080

corrective reinforcement through standardized feedback form, history taking & physical examination skills, medical students in orthopedic clerkship, 29022
corrective testing feedback vs multiple choice, attributions & rating of test difficulty & evaluation of own performance, high- vs low-test-anxious college students, parametric extension of S. L. Pressley's procedure, 10837
daily report card, academic & social behavior, behaviorally handicapped 10.5–11.9 yr old male special education students, 18680
delayed vs immediate teacher correlation of oral reading errors, reading proficiency, mentally retarded 11–17 yr olds, 32147
deviation-amplifying feedback processes, family treatment, families with encopretic children, 12570
egocentric vs gravitational instructions & clarifying vs obscuring feedback, performance on rod & frame test, field-independent vs -dependent college students, support for H. Witkin's hypothesis of field differentiation, 11283
expected variations in feedback characteristics through different group development stages, graduate students, test of group development theory of W. A. Bennis & H. A. Shepard, 30771
expert vs novice leader & success vs failure feedback, group member attributions & self presentations after performance, college students, 25405
feedback & number of trials & sequence of outcomes, acquisition & maintenance of gambling behavior, college students, 9516
feedback & trait anxiety & sex, verbal discrimination learning, college students, 3109
feedback about own performance vs successful performance of other person on same characteristic, social comparison jealousy & desire for friendship & depression & anxiety, college students, 12033
feedback-based self appraisal, agreement with supervisor ratings, lending institution & military personnel, 13288
feedback conditions, potential paranormal value of statements, 30–75 yr old psychics, 26854
feedback from field, improvement of training programs & materials & products, training developers & evaluators, 8186
feedback obstruction, employee turnover intent & anxiety & satisfaction, pharmaceutical sales representatives, 23945
feedback on congruence between one's personality & self definition & interpersonal cues to prompt self descriptions in conflict with self definitional needs, self description, college students, 20142
feedback process, diagnostic psychological testing, 19016
feedback sequence & rater expertise & locus of control & self esteem, perceived feedback accuracy in personnel evaluations, graduate students, 2639
feedback stimulus, fear conditioned with escapable vs inescapable shock, yoked vs not yoked rats, 11420
feedback strategies & cognitive style, performance in computer-based instruction, field dependent vs field independent college students, 13057
feedback vs self monitoring, small group conversational behaviors & generalization, 22 yr old male head trauma patients, 7359
gender, expectations for feedback under public vs anonymous conditions, 4th & 6th graders, 14132
importance of feedback in clinical supervision, supervisors & students in social work, implications for direct practice, 31865
impression management & consistency effects in processing of feedback, college students with high vs low self esteem, 20100
incentive value of success & salience of past performance, expectations for own vs other's performance, 4 yr olds, 14209
information feedback & training, RT on aiming movement task, mentally retarded 21–49 yr olds, 4376
information feedback, control of observing response during visual discrimination learning, kindergartners vs 2nd vs 5th graders vs college students, implications for cognitive hypothesis testing, 19872
information on time variable research & nonjudgmental feedback, academic engagement rate of target disruptive students vs nontarget peers, junior high & high school teachers, Australia, 32021
informational feedback on food intake, protein & caloric consumption, 18–50 yr old severely burned hospitalized males, 7375
intra- vs interpersonal performance information, comparison behavior, 3rd–5th graders, 22381
item difficulty & test anxiety & failure feedback, performance on multiple choice verbal aptitude items, college students, 29451
job characteristic vs sociotechnical systems model of work design & role of supervisor, 29523
leader vs member delivered interpersonal feedback, message content & acceptance, 20–47 yr olds in personal growth groups, 15235
lesson structure & teacher-student interaction & negative reinforcement & rewards & monitoring, time on task, hearing impaired high school students, 21418
locus of control & type of task & performance feedback, causal attributions & emotional responses, college students, 6643
magnitude production vs magnitude estimation vs comparison judgments & feedback, measurement of numerosity perception & role of cognitive vs perceptual factors, college students, 19177
manipulation of Remote Associates Test item difficulty, feedback on actual performance, college students, 172
mood & feedback favorability, cognitive processing of feedback information, college students, 364
motivation to receive self relevant feedback in social judgment task, depressed vs nondepressed college students, 6775
multiple sources of favorable feedback, self perceived task competence & accuracy of feedback, college students, implications for feedback systems in performance appraisal, 8196
norm- vs self-referenced feedback, performance expectancies & attribution & motivation, college students, 30825
objective response-outcome feedback contingencies, self enhancing biased attribution, college students, 1257
peer vs adult positive vs neutral feedback, task performance & imitative behavior, Black male vs female 1st–2nd graders, extension of experiment by S. E. Henry et al, 919
perceptions of role ambiguity & contingency uncertainty & job tenure & involvement, prediction of feedback-seeking behavior, marketing employees, 21594
perceptions of skill & positive vs negative feedback, causal attributions, assertive vs nonassertive females, 14534
performance-contingent reward vs evaluation & feedback on pinball competence, intrinsic interest, college students, 422
performance contingent rewards & competence valuation, intrinsic motivation, male vs female high school students, 30507
performance information, perceived competence & intrinsic motivation, high vs low achieving male 15–18 yr olds, 19894
personal assessment & development system, feedback process for executive development & career initiative & momentum, executives, 16071
personal energy & approach to self evaluation & feedback, potential for burnout, social workers, 21173
positive feedback, classroom environment conducive to success, children, 15823
positive vs negative feedback, expectations of performance & task performance, depressed college students, 25516
posted feedback & warning ticket programs, speeding & motor traffic accidents, Canada & Israel, 23940
precognition or time-reversed interference in perceptual sequences, college students, 26862
preferences for specific vs nonspecific & external vs internal causal feedback from professor, college students, 32097
pretraining vs feedback, performance on reasoning tasks, kindergartners vs 1st graders, 19860
probability learning from feedback in natural environments, conference presentation, 21886
prompt with & without feedback, dropping & tilting venetian blinds to reduce heat loss, college faculty, 10233
prompting & feedback & enforcement, increasing yielding & signaling, drivers & pedestrians, 29490
prototype distance & range vs frequency of within category variation & feedback & differential forgetting of information values, categorization performance & uncertainty & GSR, male students, 29948
question-response-feedback interactions during basal reader instruction, 4th grade teachers & their reading groups, 29215
recall vs comprehension vs perceived importance of self knowledge via social feedback vs self observation vs social comparison, preschoolers vs 1st vs 3rd graders, 11831
responses to reading miscues during oral reading sessions, 2nd grade teachers & their students, 5226

self consciousness & initial feedback, seeking out vs avoidance of ability-diagnostic information, college students, 17365
self reinforcement & positive feedback mechanisms of obesity, humans & animals, conference presentation, 31227
self verbalization training, free classification & matrix completion tasks, 7 yr olds, 11727
sequence of ability & effort attributional feedback, task motivation & attributions for success & self efficacy & skillful performance, elementary school students, 15788
softball coaches' feedback, self perceptions, female junior high school athletes, 21380
sound fed back to ears through bone, hearing & speaking, normal Ss, implications for stuttering behavior, 12315
success vs failure feedback in concept formation task & depression, memory encoding processes assessed by free recall, college students, 27173
supervisory power & nature of feedback on clerical task performance, attitudes & subsequent task performance, subordinates, 8191
task contingent reward &/vs positive performance feedback, intrinsic motivation, female college students, 24514
teacher feedback on mathematics homework, achievement & attitude toward mathematics, 6th graders, replication of authors' previous research, 21300
teaching method with vs without feedback & cognitive style, retention & transfer of science information, 6th graders, 1-yr longitudinal study, 29250
Type A vs Type B personality, selective attention to negative feedback, college students, 14546
unambiguous vs ambiguous feedback, learning of pursuit tracking, Ss, 3017
use of dual-channel audiotape recorders & supervisor feedback in counseling laboratory, counseling practicum graduate students, 7835
use of student reaction cards, student feedback & teacher-student interaction in reading/study skills programs & laboratories, college students, 5301
verbal reinforcement for small harvests & feedback about other harvests, efficient use & preservation of common resource, college students, 28026
Feeding Behavior (Animal) [See Animal Feeding Behavior]
Feeding Practices [See Also Bottle Feeding, Breast Feeding, Weaning]
analysis of impact of attitudes & perceived norms & beliefs using M. Fishbein & I. Ajzen's theory of reasoned action, intention to breast- vs bottle-feed assessed ante- vs postnatally, 16–38 yr old primiparous mothers, 19997
feeding workshop, nursing staff working with mentally retarded, 18284
Feelings [See Emotions]
Feet (Anatomy)
handedness & sex differences, pedal asymmetries, 16–69 yr olds, replication of findings by J. Levy & J. M. Levy, 19506
hemispheric asymmetry of movement-related potentials preceding foot vs finger movement, right handed 18–26 yr olds, 13793
ipsilateral vs contralateral finger vs foot flexions, amplitude of cortical readiness potentials, 18–26 yr olds, conference presentation, 19441
Felonies [See Crime]
Female Animals
age & lactation & repeated ovulatory cycles, copulatory patterns, rhesus monkeys, 16569
age differences & experience, recognition & defensive behavior toward parasitic cowbirds, female song sparrows, 3239
age differences, spatial relationships & time spent with infants, mothers & other red howler monkey troop members, 3237
aggressive behavior toward adult mice, virgin vs pregnant mice of 5 inbred strains, 8712
aggressive behaviors between females, blue grouse, 11443
aggressive brood defense behavior & threats, brooding somatopod females, 5924
aldosterone &/vs estradiol & corticosterone, food ingestion & weight gain & growth & fluid retention, adrenalectomized & ovariectomized female rats, 27463
attack satiation, attack on novel target, female hamsters, 27293
bilateral vs unilateral denervation of interscapular brown adipose tissue, estradiol-induced body weight & food intake & thermogenesis, ovariectomized rats, 13863
birth in captivity & maternal behavior, 7 yr old female lowland gorilla, 27228
carbamylcholine & oxotremorine infusions into medial preoptic area vs ventromedial hypothalamus, lordosis, female rats, 19670
cholecystokinin octapeptide, lordosis, female rats treated with estradiol benzoate or progesterone, 24888
chronic melatonin implants near suprachiasmatic nucleus & subsequent estradiol benzoate, lordosis reflex & sexual receptivity, ovariectomized female rats, 8949
chronic self administration of alcohol, disruption of menstrual cycle regularity, female monkeys, conference presentation, 3487
clonidine, prostaglandin-induced spawning behavior, female goldfish, 9024
courtship aggression, clones of unisexual fish, 27268
daily estradiol vs progesterone administration, sexual receptivity & behavior, stallions & ovariectomized mares, 27550
deconfinement vs semiconfinement vs confinement, social interaction & aggression regulation, nonlactating sows, 5908
development of mate choice, female zebra finches, 8673
diet & obesity, body weight regulation during pregnancy & lactation, primiparous rats, 3315
dihydrotestosterone vs dihydrotestosterone propionate dosages & progesterone & estradiol benzoate, mounting & lordosis sexual behaviors, ovariectomized female rats, 19676
domination of queenless workers as indicated by suppressed ovarian development, female bumble bee social parasites, 492
estradiol & progesterone, scent marking behavior, ovariectomized rats, 726
estradiol & subsequent songs of conspecific males, copulation solicitation & song repertoire preferences, captive adult female song sparrows, 6158
estradiol benzoate & progesterone, 2-deoxy-dextro-glucose-induced feeding during estrus vs diestrus vs following ovariectomy, female rats, 19701
estradiol benzoate, locomotor activity & postural deviation & rotation induced by intrastriatal injection of dopamine & amphetamine, ovariectomized female rats, 24734
estradiol benzoate, receptivity to penetration, 17 yr old prenatally androgenized female rhesus macaque with surgically constructed vagina, 27480
estradiol steroisomers, food intake & body weight & hoarding behavior, ovariectomized rats, 740
estrogen alone vs with progesterone & ventromedial hypothalamus lesions, coital contacts, ovariectomized rats, 24763
estrogen vs progesterone, induced conflict, female rats, 22216
estrus detection procedures & stimulation by boars, sexual receptivity & mating rate, female pigs, 13773
estrus frequency & duration, mating frequency, female Barbary macaques, 30025
extended time in laboratory, reproduction, female rhesus monkeys, 16493
female aggressive behavior & social hierarchy & sex ratio, control of population growth, mice, 30029
foster care at few days postpartum, maternal bonding, dairy cows, 5910
four vs 5 day estrous cycles, sexual behavior & pregnancy, female virgin & nonvirgin rats of various ages, 19546
genetic relatedness & reproductive status or estrus cycle of donor of urinary chemosignals, sexual maturation, female mice, 24579
hormonal condition & sex & castration & ovariectomy of intruders, aggressive & attack behavior, male & female rats, 8879
hormonal status, urine marking, male-female pairs of rats, 626
housing with adult males vs natal family group, sexual maturation, female cotton-top tamarins, 5860
interbirth intervals & menstrual cycles & pregnancy & birth, adult female stumptailed macaques, 3227
interbirth intervals, captive Japanese macaques, 24612
intracranial injections of actinomycin-D or cycloheximide or anisomycin in conjunction with estrogen or progesterone, lordosis, female rats, 6141
intrastriatal dopamine vs amphetamine, contralateral postural deviation & rotation during estrous cycle, rats, 8978

lesion locations within medial preoptic-anterior hypothalamic continuum, maternal & male sexual behavior, female rats, 13864
lesions of ventral tegmental area & lateral connections of medial preoptic area, maternal behavior, female rats, 13869
luteinizing hormone releasing hormone vs its antiserum in medial preoptic area, lordosis, ovariectomized estrone-primed female rats, 8948
male copulatory guarding, foraging, female water striders, 21991
male territoriality, mate selection, female Pied Flycatchers, 5878
maternal age & dominance, reproductive success & fecundity, female vervet monkeys, 16531
maternal behavior, female meadow vs prairie vs pine voles, 27283
maternal brain temperature & contact with offspring during day vs night, female Wistar rats, 19544
menstrual-cycle phase & low vs moderate vs high dose of alcohol, blood alcohol levels, female monkeys, 11606
neonatal food & sensory deprivation, maternal behavior, female rats, 22088
odors of estrus cycle phases, timing of estrus cycle, female rats, 19547
olfactory cues & accessory olfactory bulb lesion, sexual receptivity, virgin cyclic female rats, 19634
ovarian cyclicity & reproductive status, female common marmosets living with family groups, 16672
ovariectomy with vs without estradiol & progesterone, opioid effects on feeding, female rats, 22083
parachlorophenylalanine, contacts with sexually active males, estrogen- & progesterone-treated female rats, 3433
parous females housed with castrated males vs adult daughters housed with family & subsequently with vasectomized male followed by exposure to family scent, ovarian cyclicity & estrogen, saddle back tamarins, 5849
parturition, behavior, mother & immature & adult wild gorillas, 5941
patterns of egg laying, blue-winged teal & mallards, 16554
periovulatory changes in sexual behavior & estradiol & testosterone & progesterone levels, group-living adult female rhesus monkeys, 27432
position near males in same uterine horn, masculine morphology, female rats, test of contiguity vs caudal male hypothesis in explanation of Clemens effect, 27333
postpartum interaction with neonates, female feral goats, 5927
postpartum maternal & sexual behavior, female rats, 27256
precocial ovariectomy & allatectomy & ZR-515, sexual receptivity during 1st gonadotropic cycle, female bluebottle flies, 13855
prediction of male dominant status via urinary odors, female estrous hamsters, 27205
preferences & discrimination of milking machine functions & associated discomfort, dairy cattle, 13748
preferences for conspecific salivary odor cues, estrous vs diestrous female hamsters, 27201
preferences for odors of dominant vs submissive males, female hamsters in estrus vs diestrus, 16568
pregnancy & birth & autogrooming & rank, 11–29 yr old female Japanese monkeys, 24604
prenatal development between 2 male fetuses & age & estrogen & testosterone, sexual receptivity & attractiveness & aggression, 9 vs 21 mo old female mice, 8602
prenatal exposure to alcohol, birth weight & perinatal mortality of offspring, female rats in 1st vs 4th pregnancy, 27544
presence of females, fighting behavior, male prairie deermice, 19408
presence of multiple males, inability to conceive, female Djungarian hamsters, 8607
previous lambing experience, care of twin lambs, ewes, 13766
progesterone, aggressive behavior, pregnant vs virgin mice, 8848
progesterone desensitization, effect of methysergide & luteinizing hormone releasing hormone on lordosis, female rats, 19675
progesterone in ventromedial hypothalamus vs preoptic area vs midbrain, inhibition of estrus behavior by systemic progesterone, ovariectomized estrogen-primed rats, 9015
progestin receptors & estradiol & progesterone facilitation of estrous behavior, female rodents, literature review, 27343
progestins, sexual receptivity, estrogen-primed ovariectomized female hamsters, 19716
pulse administration vs single injection of estradiol-17-beta, lordosis, ovariectomized guinea pigs, 6178
queen characteristics & colony composition & polygyny, neotropical termites, 3242
rank, reproductive success, female macaques, 3146
reproductive success & infant sex ratio & interbirth intervals, semifree-ranging female macaques, 5928
response to song repertoires, female song vs field vs white-throated vs swamp sparrows treated with estradiol, 24613
responsiveness to newborn pups during gestation, nulliparous female hamsters, 5886
role of alpha-1 vs alpha-2 receptors in mediation of noradrenergic regulation of lordosis behavior & hypothalamic progestin receptors, female guinea pigs, 22027
role of neural progestin receptor system in mating-induced heat abbreviation, female rats, 19423
role of noncopulatory stimuli in induction of ovulation, female red-backed voles, 22046
role of progestin in regulation of estrous responsiveness, female rats, literature review, 22043
role of uterus in reproductive physiology & maternal & copulatory behavior, rats, 22042
sex differences, decision to incarcerate & sentencing, criminals, 20026
sexual selection & discrimination of potential mates, females, 485
sleep–waking patterns during estrus cycle, isolated female rats, 6021
social environments, estrogen excretion & scent marking & socio-sexual behavior, cotton-top tamarins, 5851
social position of mother & age differences, friendly & aggressive behavior toward unrelated infants, juvenile & adult female stumptail macaques, 8688
species differences & oviposition behavior, male & female interaction during courtship & courtship displays, 2 species of damselflies, 8733
steroidal progestin receptor antagonist, inhibition of sexual behavior, female guinea pigs, 11582
temporary adoption by unrelated females, 2.4 yr old male chimpanzee separated from mother, 3244
testosterone propionate, effect of direct stimulation of genitalia on completeness & duration of erectile & ejaculatory reflexes, neonatally castrated male & genetically masculinized female adult dogs, 3337
testosterone propionate vs 5-alpha-dihydrotestosterone propionate vs cholesterol, wingflipping & receptive crouching, ovariectomized ring doves, 789
timing of reproduction, recruitment of offspring as measure of fitness, female snow geese, 16528
transection of stria terminalis or amygdaloid nucleus pathways, sexual behavior, female rats, 6081
transition between nonbreeding & breeding season & estradiol, sexual behavior & sex steroid levels & sex skin color & ovulation, intact vs ovariectomized female rhesus monkeys in all-female groups, 3359
ultrasonic distress vocalizations of pups, prolactin secretion, lactating rats, 624
vomeronasal nerve section vs irrigation of nasal cavities, development of maternal behavior, primiparous rats, 8885
5-HT agonists & antagonists, sexual behavior, ovariectomized female rats primed with steroid regimes, 30246

Female Criminals

dimensionality of locus of control construct, female prisoners, implications for prisoner rehabilitation, 28942
macro- & microlevel issues & perspectives, crime, female criminals, literature review, 17661
nationwide profile of substance involvement, female vs male inmates, implications for treatment, 17631
needs & characteristics & recommendations for community social workers, female prisoners, 23562
personality as measured by Eysenck Personality Questionnaire, 19–45 yr old female prisoners, Bangladesh, 20415
profile of "typical" female offender through arrest records, 1969–75, US, 17234
psychological state & background variables, incarcerated female 1st offenders vs recidivists, 28956
psychometric examination, female prisoners, 4312
race & other demographic characteristics, sentencing or adjudication, female felony defendants 17 yrs & over, 14805

support only vs psychodidactic intervention support group, facilitation of adjustment to prison life, female prisoners, 28971
violations & charges, male vs female probationers, 6935
Female Delinquents
age vs educational level vs IQ vs family structure vs geographic location, rate of violent crime, female juvenile delinquents, 28288
analysis of tape recorded accounts of fights given to fellow members & gang norms on aggression, 15 to 30 yr old female gang members, 17595
causes & consequences & criminal justice system, juvenile prostitution, US, conference presentation, 9752
changing role in society vs sex stereotyping vs ethnicity vs class, delinquency, adolescent females, 14808
cognitive capabilities & role of cerebral dominance in development of antisocial behavior, female juvenile delinquents, 9795
development of multiple choice problem inventory, assessment of social skills & interpersonal problem solving skills, delinquent adolescent females, screening implications, 2895
family problems & parental interaction, delinquency behavior, female 8th–12th graders, 6949
intelligence & personality characteristics & attitudes toward self & social figures, 19–21 yr old female delinquents, Philippines, 25619
official processing of male vs female delinquents, police, Canada, 30681
rates & types & patterns of male vs female delinquency, senior elementary vs junior high school students, Canada, 14786
sociodemographic factors & self concept, 13–15 yr old female prostitute vs non-prostitute juvenile delinquents, 28298
Female Genitalia [See Also Cervix, Ovaries, Uterus, Vagina]
genital exhibitionism, 16–33 yr old females, 31060
genital retraction syndrome of Koro, insular Southeast Asia, 12151
knowledge about female reproductive organs, gynecological patients with mean ages of 31 vs 46.4 yrs, Hong Kong, 7578
psychodynamics, vulvectomy patients, 21003
sex differences, childhood knowledge of correct vocabulary & use of slang for human genital anatomy, 16–64 yr olds, 14159
sexual organ as pleasurable source & role in neurosis, 1398
Female Orgasm
age differences & preferred type of stimulation, orgasmic experiences, 18–59 yr old females, 6593
biochemistry of urethral orgasmic ejaculation vs urine, human females, 24697
effectiveness of treatment program for primary orgasmic dysfunction, 21–32 yr old females & their 22–33 yr old male partners, 23249
intercourse-related fantasy & sexual arousal due to romantic & erotic stories, orgasm during intercourse, female college students, sex therapy implications, 11961
issue involved in pubococcygeal exercise, sexuality, females, comments on article by D. L. Chambless et al, 23094
Kegel pubococcygeal exercises, coital orgasm, reply to article by C. E. Jayne, 23072
overall sexual harmony & satisfaction with frequency & range of sexual activities, 19–59 yr old females with secondary orgasmic dysfunction & their husbands, 4464
relational vs masturbation therapy, orgasmic dysfunction, heterosexual females, literature review, 26093
standard couple therapy vs group therapy vs minimal contact bibliotherapy, secondary orgasmic dysfunction, couples married for 1–20 yrs, 25987
strength of voluntary pelvic muscle contraction, orgasmic function & control of urinary flow, female 14–50 yr olds, 13820
Females (Human) [See Human Females]
Femininity
accommodation & resistance in response to stereotypical sex-role expectations, affluent & working-class & middle-class females, 6564
alcohol rehabilitation, changes in self regard & masculinity & femininity at 30 vs 90 days after intake, 20–62 yr old female alcoholics in halfway house, 18390
analysis of symbol of Virgin Mary from feminist-psychoanalytic perspective, 27912
androgyny vs masculinity vs femininity, striving for success & fear of success & failure, 19–42 yr olds, 25357
choice of contraceptives after legal abortion & psychological masculinity vs femininity & psychosexual functions, 14–42 yr old females, 1-yr followup, 17262
constructivist view, link of development of feminine personality to young child's belief that "anatomy is destiny", females, 17098
contemporary approaches to Freud's concept of feminine psychology, implications for psychotherapy, 24106
convergent & discriminant validity of selected masculinity & femininity scales, college students, implications for research on sex roles & psychological androgyny, 8428
degree of acceptance of traditional feminine sex role, depressed 35–50 yr old females, 17277
desirable vs stereotypic response set, adequacy of items in Bem Sex Role Inventory Masculinity & Femininity scales, college students, 26964
factor & smallest space analyses of Bem Sex Role Inventory, assessment of masculinity & femininity, ethnically diverse college students, 1306
femininity & female psychology, values in psychoanalysis, 1858
feminist & other views of self beautification & sexuality, 27987
frequency of menstrual complaints, 19–30 yr old females with strong vs weak sense of feminine identification, 14932
hemispheric specialization & creativity & masculinity vs femininity, male vs female elementary & junior high school students, 11712
instructional control, sex-related motor behaviors, masculine males vs females vs feminine males, 17258
Jungian typology of feminine archetypal images, female Ss with mean age of 40.7 yrs, 5536
masculine vs feminine vs androgynous sex role orientation, behavioral self disclosure, college students, 28126
masculinity & femininity & psychological androgyny & values, college students & parents, 4046
masculinity & femininity & self esteem & attitudes toward women, male vs female college students, Yugoslavia vs US, 12040
masculinity & femininity & Type A behavior & psychosocial adjustment, female vs male medical students, 21243
masculinity vs femininity, Type A behavior, college students, 14591
positive vs negative affect from viewing tolerant vs intolerant model, perception of exercise-related physiological changes, feminine-typed female college students, 13838
self perceived femininity & depressive mood, 40–50 yr old menopausal females after hysterectomy with vs without bilateral oophorectomy, 7544
sex role-based perceptions of self & spouse & masculinity & femininity, 24–52 yr old female-to-male transsexuals & their wives, 3958
sex role stereotypy, anger expression & report of psychosomatic symptoms, college students, 9461
sex roles, ability to decode nonverbal emotional cues, 19–39 yr olds, 6590
sexual identity, 3–20 yr olds raised by homosexual or transsexual parents, 9287
shared variance of MMPI Masculinity & Femininity scale & Bem Sex-Role Inventory Masculine & Feminine scales, college students, 108
stability of masculinity-femininity scores on Gough Femininity Scale, community college students, 1970–80, 3949
testosterone concentration in saliva, sex role orientation & personality, female college students, 22542
Feminism
analysis of symbol of Virgin Mary from feminist-psychoanalytic perspective, 27912
application of Marxist notions to reproduction & sexuality & socialization of children & feminism, criticism of C. MacKinnon's work, 14442
attitudes toward antipornography movement & sexuality, pro-sex feminists, 14444
attitudes toward emotional intimacy in sexual interactions, radical vs libertarian feminists, 14432
client attitudes, 18–37 yr old females in traditional vs feminist therapy, 7215
conflict in patriarchical society, self understanding & growth & wholeness, females, 11967
connection to her community, lesbian feminist psychotherapists in private practice, conference presentation, 26404

consideration of women's issues in "1984" & other futuristic literature, 13966
cultural diversity, psychotherapy, feminist psychotherapist practicing in Hawaii, 7270
current law as reflection of male point of view & need for feminist theory of state, criticism of C. MacKinnon's work, 14451
development of women's psychology & feminism, family therapy, females, 4685
developmental paradigm & expressions of anger in psychotherapy, females, 12486
encouragement of sons toward military service, mothers, 29495
existentialist & feministic perspectives of evolution & emancipation of Sarah Woodruff in novel The French Lieutenant's Woman, 22258
family roles & feminism, mental health, advantaged vs disadvantaged young vs older females, 25373
feminism & electoral politics, 14404
feminism & intensity of wish for child & perceived costs & benefits of having children, female college students, 20049
feminism & philosophical justification for choice not to be mother, 27998
feminism, family therapy, 31420
feminism in H. Deutsch's "The Psychology of Women", 30360
feminist & other views of self beautification & sexuality, 27987
feminist & radical political philosophy, counseling & therapy, 12783
feminist approaches to psychology of women & preferred methods of research, implications for Christianity, 16217
feminist critique of hard core pornography & intimacy, 22541
feminist discourse & language of control & sexuality & need for nurturance & aesthetics in political transformation, 14429
feminist erotics & love & eros & transformation, 28003
feminist model for counseling, wives of alcoholics, 5032
feminist model in therapy, incest victims, 10115
feminist orientation, delinquent behavior, 10th grade females, 17609
feminist perspectives in education of teachers, 7877
feminist psychoanalysis, inquiry into gender ascription & object relations, 10152
feminist resistance & development of autonomous value system, comments on article by S. M. Hymer, 15158
feminist resistance & development of autonomous value system, comments on article by S. M. Hymer, 15110
feminist resistance in therapeutic process, 15140
feminist theory & Marxism & politics & social change, reply to criticisms of J. A. Miller & J. Acker & K. Barry & M. M. Johnson & L. A. West & J. K. Gardiner, 14440
feminist theory & Marxism, criticism of C. MacKinnon's work, 14422
feminist therapy & its perspective on females & mental health, conference presentation, 23168
feminist therapy & self help & support groups, males & females, 23187
feminist view, depiction of romantic heroines in novels of G. Flaubert & G. Eliot & I. Alas, 837
feminist vs ethnic ideology, Armenian vs Polish vs Italian vs Cuban vs nonethnic females, US, 25376
gender & race & class, levels of feminist orientation, 20–21 yr olds, 25363
health-oriented group intervention model, crisis resolution, sexual assault victims, 12571
hypotheses concerning Black females & feminism research, literature review, 3966
imagination in feminist fiction, females, 11662
indigenous feminism, Brahma Kumari sect, India, 1170
judgment of physical attractiveness of supporters of women's liberation, male vs female college students, 12014
Kleinian perspective on feminism & early mother-daughter relationships, 22487
linking feminist research on violence & power with peace research, 22411
models of feminist criticism & women's studies, feminist literary history & women's nontraditional writing, 13980
need for feminist approach, sciences, 1198
need for feminist sexological studies & acknowledgement of anxiety & other factors in feminist debates about sexuality, 14450
need for social supports, single heterosexual feminist female psychotherapists in private practice, conference presentation, 26427
perspective on feminine principle in Tibetian Vajrayana Buddhism, Buddhist feminist, 30590
place of "Rubyfruit Jungle" in lesbian feminist literature, 13945
psychoanalytic hypotheses of radical feminism, comments on study by I. Siassi et al, 1113
psychoanalytic terminology, feminist therapy, 10116
public support, attitudes toward feminism & Women's movement, 27892
relationship between family life & school life, feminist perspectives, Great Britain, 6472
resistance in therapeutic relationships, therapists & feminists, comments on articles by D. Mendell & S. L. Charde, 23166
semantics & politics of sexuality & need for social change, criticism of C. MacKinnon's work, 14437
sex role & sexual experiences & attitudes toward male sexual dysfunction, 16–42 yr old bisexual vs heterosexual feminists, 25359
sexist biases, clinical interventions, battered females, 12423
sexual desire & behavior & conflict with feminist principles, 27981
sexual evaluation of feminist female, female vs male college students, 1184
social & legal change due to 2nd current of feminism, mental health services, females, 18230
social feminism & need for study of female social attitudes in research on public opinion, US, 1171
societal vs political changes as goal in Women's movement, psychological/attitudinal liberation, 27891
socio-historical analysis of constraints on social change & relationship between women's movement & family, 25288
strategies for empowerment, feminist groups, 11972
views of K. Horney on feminine psychology, conference presentation, 16198
views of position of women in society, H. Spencer, 14435
Femoral Nerve [See Spinal Nerves]
Fenfluramine
dextroamphetamine vs fenfluramine, learned maze performance, male rats pretreated with metergoline, 9009
fenfluramine as discriminative stimulus & interaction with serotonergic systems, rats, 11604
fenfluramine, behavioral & cognitive & affective & neurochemical disturbances, 5–13 yr old autistic outpatients, 20891
fenfluramine, neurochemistry & electrophysiology & behavior, 5–13 yr old autistic outpatients, 7400
fenfluramine vs diethylproprion vs methylphenidate, social behavior, monkeys, 3406
previous dextroamphetamine sulfate, fenfluramine effects on brain monoamines, male rats, 30245
systemic fenfluramine & parachloroamphetamine & parafluroamphetamine, pituitary-adrenocortical activity, male rats, 8993
Fentanyl
fentanyl citrate abuse & dependency, anesthesia personnel, 5139
fentanyl vs saline & FR reinforcement schedule differences, discrimination learning, rats, 13879
Fertility Enhancement
experience with & assessment of subfertility testing & treatment, childless 30–34 yr olds, Wales, 12722
Fertilization
attitudes toward fertilization & conception, 17269
motivations & profile of sperm donors & incidence of artificial insemination, France, 1973–78, 2047
psychodynamics, artificial insemination, 2048
role of clinical social work in in vitro fertilization program, 28895
Fetal Alcohol Syndrome
alcohol consumption during pregnancy, fetal development, literature review, 31126
alcohol consumption patterns during pregnancy, birth of children with fetal alcohol syndrome or retardation or stillbirth or spontaneous abortion, 21–35 yr old females, 14975
development & psychopathology, 36–186 mo olds with fetal alcohol syndrome, 7126
epidemiology of Fetal Alcohol Syndrome, children under 15 yrs born to 15–44 yr old mothers from Navajo vs Pueblo vs Plains American Indian tribes, 28463

etiology of fetal alcohol syndrome & identification & treatment of women at risk, 31248
fetal alcohol syndrome & other psychopathologies, 1.3–13 yr old offspring of alcoholic parents, 17561
history of controversy surrounding fetal alcohol syndrome, UK, 28461
maternal alcohol consumption, fetal alcohol syndrome vs fetal alcohol effects, fetuses, 14978
moderate alcohol consumption, spontaneous abortion & low birth rate & reduced head circumference of child, pregnant females, 14891
prenatal alcohol exposure, spontaneous abortion & fetal alcohol syndrome, 22922
psychophysiological studies of effects of ethanol on CNS, literature review, implications for research on fetal alcohol syndrome, 10032
Fetishism
psychotherapy, foot & shoe fetish, psychotic 6 yr old female who had been traumatized by her father, 7228
Fetus
alcohol consumption during pregnancy, fetal damage, pregnant females, Scotland, 3977
birth weight & gestational age & fetal heart rate, neonates classified as fetal heart rate decelerators vs accelerators, 9098
fetal activity & neonatal behavior assessed using Brazelton Neonatal Behavioral Assessment Scale, 3–5 day olds, 27726
German measles during pregnancy, fetal development & multiple impairments in childhood, 28476
involvement of cholinergic & noradrenergic systems in behavioral adaptation to stress during perinatal period, anxiety, fetus or neonate & mother, 25199
knowledge about fetal development & sources of information, mothers expecting 1st child, implications for health education, 30619
marihuana, pregnancy & fetal development, human females, 6167
maternal addiction to narcotic & nonnarcotic drugs, fetal & neonatal development & addiction, newborns, conference presentation, 4287
maternal daily fetal-movement count, assessment of fetal well-being, 4846
maternal opiate & alcohol & amphetamine & phencyclidine abuse, placental & fetal neurotransmitter receptor development, 25665
paradoxical sleep deprivation, rate of DNA synthesis in brain, fetal rats, 30153
presence of normal receptors for somatomedin & insulin, 18–20 wk old fetuses with Down's syndrome, 6975
reactions to fetal monitoring during labor, 16–37 yr old mothers, 7543
strain differences, development of spontaneous body movements, fetuses & newborn mice, 436
superoxide dismutase & glutathione peroxidase & lipoperoxidation activity, Down's syndrome fetal brain, aborted fetuses, 25703
ultrasound exposure, birth weight & hearing loss & congenital anomalies & dyslexia, human fetuses, 20998
ultrasound screening, image of child, expectant mothers, 2041
Fever [See Hyperthermia]
Fibrillation (Heart)
attitudes toward illness, patients with mean age of 56 yrs after myocardial infarction with vs without ventricular fibrillation, 7103
Fiction [See Literature]
Field Behavior (Animal) [See Animal Open Field Behavior]
Field Dependence
acculturation & intrinsic vs extrinsic reinforcement, field deprivation, Chicano 4th graders, 19773
age differences, field independence, creative 23.7–77.1 yr old females, 30500
approval motive & SES & locus of control, perceptual dependence, college students, 4086
bilateral vs unilateral ECT vs antidepressant drugs, performance on rod & frame test, depressive patients, 12453
cognitive competency vs preference construct of field dependence/independence, 9571
cognitive style, learning maximal vs minimal contrast words, kindergartners, 29266
cognitive vs exemplar modeling, performance on Group Embedded Figures Test & Raven Advanced Progressive Matrices, college students, 415
concrete & formal operational thought & field dependence & locus of control & interpersonal relations & academic achievement & SES, junior high school students, 11689
congruence between teacher & student field dependence-independence, student academic achievement, community college students & their instructors, 5309
consistency of performance on field dependence, college students vs school children, Nigeria, 16938
dependence proneness & stimulus distance & size, perception of apparent movement, male college students, 29879
deprivation & approval & locus of control, dependence, male college students, 9572
egocentric vs gravitational instructions & clarifying vs obscuring feedback, performance on rod & frame test, field-independent vs -dependent college students, support for H. Witkin's hypothesis of field differentiation, 11283
Embedded Figures Test & self concept, male vs female 4th–6th graders, 976
field dependence & operational development, male vs female 3rd graders, 30410
field dependence & personal space, college students, 28089
field dependence & personality, literature review, 4063
field dependence assessed by rod & frame test, obese vs average weight college students, 20165
field dependence, cognitive task performance, 5.5–6.5 vs 7.5–8.5 yr olds, implications for distinction between cognitive style & cognitive development, 30435
field dependence, evaluation of juridic information & confidence in defendant's guilt vs innocence, female college students, 6686
field dependence, female depressed outpatients with mean age of 31 yrs, 14692
field dependence, females with anorexia nervosa & obesity, 1633
field dependence-independence & extraversion/neuroticism, male vs female polytechnic college students, 20150
field dependence, performance on Piagetian Tasks & rod & frame test, young adult vs retired elderly males, 22333
field dependence, performance with easy vs difficult anagrams constructed from "social" vs "nonsocial" words, female college students, 13677
field dependence, reading comprehension & accuracy & speed, 10 yr olds, 19807
field dependence vs independence, academic achievement, male vs female 1st vs 3rd graders, 13087
field dependence vs independence, reality monitoring & identification of memory origin as thought process vs perception, female college students, 20139
field dependence/independence & language patterns, Mexican American male vs female 4–5 yr olds, 14030
field independence & body boundaries, 15–18 yr old females, 3695
field independence-dependence & reflection-impulsivity & language-optional/language-bound perception & aural discrimination, college student music majors, 29896
field independence-dependence & study techniques, learning from lecture method of instruction, female college students, 23780
field independence vs dependence, reading performance, college students, 18627
frequency of illness & neuropsychological status & field dependence, alcohol treatment attrition, male alcoholic veterans with mean age of 45.8 yrs, 18371
Gestalt Completion Task & Myers-Briggs Type Indicator & visual attention & picture completion tasks, correlation with results of Group Embedded Figure Test as measure of field dependence, 9th graders, 3609
global vs analytic correction technique, aggregation of marking criteria, field independent vs field dependent secondary school teachers, Poland, 15918
handedness, field independence, 19–30 yr old high school & college graduates, replication of studies by C. Culver et al & A. Silverman et al, 24666
intelligence, field independence & social desirability, rural & urban male college students, 14545

level of selective-attention ability & memory manipulation, accuracy of ratings, field-dependent vs independent psychology & management college students, 10947
measures of field dependence as measures of cognitive style vs ability, 2863
modification of scoring procedure for Articulation of the Body-Concept scale, assessment of field dependence-independence, 3–5 yr olds, 24295
paternal alcoholism, stimulus augmenting & field dependence, 10–12 yr olds, 28324
private & public self consciousness & field dependence-independence, 24–39 yr olds, 1269
psychological defense & field dependence, 19–42 yr old females, 25452
research on cognitive style & reading comprehension & instruction, 3069
selection of additional instructional options, field dependent vs field independent 7th graders in computer-based concept lesson, 13034
sex role adoption & field independence, 4–15 yr olds, 9302
social interaction in self analytic study group, field dependent vs independent college students & professor, 1233
verbal advanced organizer & field independence & scholastic aptitude, learning & retention of medical surgical class content, nursing students, 23636
Field Instruction [See Curricular Field Experience]
Field Trips (Educational) [See Educational Field Trips]
Field Work (Educational) [See Curricular Field Experience]
Fighting [See Aggressive Behavior]
Figurative Language [See Also Metaphor]
ability to comprehend idiomatic expressions, kindergartners vs 2nd vs 4th vs 6th graders, 30418
categorical organization & lexical availability & representation of 22 French categories, college students, 5772
origins & methods of study & importance in communication, figurative language, literature review, 24990
psychoanalytic theory, trope allusions in literature, 6217
recognition & use of figurative language, language learning disabled 10–18 yr olds, review of research, 25754
teaching idioms, children, 13032
use of figurative language, male blue- vs white-collar industrial workers, implications for social work, 4920
Figure Ground Discrimination
adaptation to motion between bars & textured background, motion aftereffect, adults, 24431
after vs before recognition of alternating positive & negative puzzle picture, visually evoked potentials, 13802
aging & figure ground complexity, performance on color vision tests, 20–79 yr old females, 19861
field dependence & sex & street background complexity & sign type, verbal RTs to directional street signs embedded in photographic street scenes, college students, 2706
figure-ground reversals in sketch by H. Bosch, 8498
perspective vs overlay, estimation of strength of illusory contours in line patterns, paid Ss, 289
right vs left pointing background herringbone pattern, judgment of apparent convergence vs divergence of main lines of Zoellner figures, 11293
structural information theory, perception of foreground vs background in black & white abstract stimuli, college students, 27116
variability & density of elements in complex visual background, detection of hidden objects, human Ss, 5709
Figures of Speech [See Figurative Language]
Film Strips
film &/or written presentations in pregroup training, understanding of group process & group therapy outcome, college students, 18007
film, study of 20th century Afro-American experience, 6448
filmstrips viewed silently & with Vietnamese soundtracks, attempt to write dialog of characters, French teachers, implications for instruction of beginning language students, 21308
Filtered Speech
consonant identification patterns & rates in filtered or attenuated natural speech simulation of hearing impairment, 3rd & 6th graders, classroom noise implications, 23872
Financial Assistance (Educational) [See Educational Financial Assistance]
Finger Tapping
finger tapping with vs without solving of block design problems, lateralized processing of block design solutions, right handed college students, 8803
language lateralization during concurrent activities, 20–35 yr old male Portuguese-English bilinguals vs 20–24 yr old male English-speaking monolinguals, 593
manual symmetry & neural correlates of finger-tapping task & movement sequencing, Ss with Down's syndrome vs undifferentiated retardation, 31079
timing of initiation & termination & faster pace with right vs left hand, 2-handed tapping performance, right handed Ss, conference presentation, 3022
Fingers (Anatomy)
anxiety & threat of physical harm, finger pulse volume, college students, 645
choice between movements of identical vs different form with either hand, RT, 22–33 yr olds, 16400
classification of manipulative hand & digital patterns, 13651
development of visually guided hand & finger movements in grasping & reaching, 18 wk olds, 16-wk followup, 3675
finger-temperature biofeedback vs frontalis EMG biofeedback vs autogenic training, finger temperature control, patients with Raynaud's phenomenon in scleroderma, 12585
hemispheric asymmetry of movement-related potentials preceding foot vs finger movement, right handed 18–26 yr olds, 13793
injection of GABA agonist muscimol in somatosensory cortex, control of fine finger movements, monkey, 30240
ipsilateral vs contralateral finger vs foot flexions, amplitude of cortical readiness potentials, 18–26 yr olds, conference presentation, 19441
mechanical vs electrical stimulation of left middle finger, scalp somatosensory EPs, 20–34 yr olds, 3284
precuing & response specification, discrete finger responses, college students, 13655
presentation of Kanji graphemes for integration, spontaneous Kusho behavior, college students, Japan, 274
spontaneous writing-like behavior & finger movement, 7–12 yr olds, Japan, 862
Fingerspelling
manual communication, language instruction, school age children with severe reading disabilities, 10796
presentation of Kanji graphemes for integration, spontaneous Kusho behavior, college students, Japan, 274
Finland
administration & organization of health & adolescent psychiatric services, Finland, 15084
attendance pattern & continuity of dental care, 17–65 yr olds, Finland, 5-yr longitudinal study, 2341d
changes in family communication & interaction, Finland, 1964–84, 11925
child abuse & family violence & victimization, Finland, conference presentation, 9747
chronological parameters, suicide rate, Finland vs Norway vs Sweden vs Denmark, 17617
cultural differences in Rorschach protocols, 5–83 yr old Skolts vs Lake Lapps, Finland, 30840
development of scientific psychology through work of R. Tigerstedt, Finland, 18943
divorce & change in living arrangements & job changes, mental strain, blue vs white collar metal workers, Finland, 5-yr followup study, 2665
family guidance in child guidance centers, Finland, 2-yr followup, 7613
identity development, ethnic minorities, Finland, 19966
male drunkenness excerpts of films & documentary, perceptions of social significance of alcohol, college students, Finland, 17288
norms concerning acceptable age for drinking alcoholic beverages, 20–69 yr olds, Finland vs Iceland vs Norway vs Sweden, 28010
occupational & geographical mobility, intergenerational family relations, 22–66 yr old urban residents, Finland, 14311
provision of information about child abuse & neglect to social welfare & medical personnel, Ministries of Social Affairs & Health, Finland, conference presentation, 10363

relationship between centrally stated vs actual classroom-level educational aims, Finland, 29143
responsibility & welfare care, children, Norway vs Denmark vs Finland vs Sweden, 28896
reviews of malpractice suits filed due to psychiatric treatment or iatrogenically induced traumatic neurosis in which damages were claimed, hospitalized patients & psychiatrists, Finland, 29008
scholastic & behavioral problems, 13–14 yr olds with learning disabilities studied at 8–9 yrs of age, 4–5 yr followup, Finland, 25720
standards of aggressive motivation, Finnish vs Polish adults, 6626
TV violence viewing & identification with aggressive characters, aggression, 1st–5th graders, Finland vs US, 3-yr longitudinal study, 984
use of psychotropic & other prescription drugs, Finland, 28790
Fire Prevention
fire safety training, evacuation time & amount of help needed, 22–42 yr old profoundly mentally retarded in group home, 23524
issues in acquisition & maintenance & generalization of fire reaction skills, developmentally disabled persons, literature review, 12832
Firearms [See Weapons]
Firesetting [See Arson]
Fishes [See Also Bass (Fish), Carp, Cichlids, Electric Fishes, Goldfish, Salmon, Sticklebacks]
bidirectional selection for social dominance, agonistic behavior & sex ratios, paradise fish, 8740
cohesiveness of schooling, yellow perch, 19370
constant light vs darkness, locomotor activity & angular orientation & diel activity rhythms, sea catfish, 8897
continuous reinforcement vs FR presentation of response-contingent mirror image, social & agonistic behavior, male Siamese fighting fish, implications for validity of previous ratio-schedule studies of social reinforcement, 27198
courtship aggression, clones of unisexual fish, 27268
discrimination & avoidance reactions toward predatory vs nonpredatory fish, blacknose dace, 24582
dominance hierarchy & aggressive behavior within small groups, female Siamese fighting fish, 490
eleutheroembryo & free-swimming & fry stage of development, ontogeny of feeding behavior, bluegill & pumpkinseed sunfish & rock & largemouth bass, 21945
ethological & physiological control of fighting behavior, male Siamese fighting fish, 21954
ethopharmacologic analysis of morphine effects, male fish, 22147
experimental model of asymmetries in prediction of aggressive dominance, swordtails, 30016
habituation, sexual behavior, male mosquitofish, 27260
mechanisms of distance determination for prey localization, African butterfly fish, 19310
MIF-1 (Pro-Leu-Gly-NH2), activity, Siamese fighting fish, 8941
nongenetic precultural transmission of social information, daytime schooling sites & twilight migratory routes, French grunts, 8629
nonreproductive & nonfeeding forays, territorial monitoring & reestablishment, perennially territorial dusky damselfish, 30015
parental care, development of predatory avoidance behavior, sunfish vs bass offspring, 482
Pavlovian conditioning of signaled presentation & signaled vs not signaled presentation of rival, aggressive CR, male fish, 19329
prey swarm density, detection of own predator, sticklebacks, 27288
rank order fights, time course of whole-body & blood concentrations of androgens & corticosteroids, male swordtails, 5979
refuging social system, scalloped hammerhead sharks, 27272
sexual selection & evolution of courtship, subgenus Limia, 21953
size of prey, strategy choice of capture, cuttlefish, 3221
social isolation for 4 wks vs 50 bites in breeding tank, androgen & cortical levels in blood & tissues, low- vs high-ranking swordtail males, 22077
social organization & courtship behavior & spawning, Corythoichythms intestinal vs C. paxtoni vs C. Amplenus, 5902
spatial distribution & response specificity to amino acids & bile salts, ciliated & microvillous olfactory receptor neurons, channel catfish, 11400
standard opponent test vs social isolation vs new environment, blood androgen & corticoid levels, high- vs low-ranking swordtail males, 30022
territoriality, male pupfish, 16551
threat displays in aggressive encounters, male Siamese fighting fish, 5879
Fixed Interval Reinforcement
age, effect of repeated presentation of novel auditory stimulus on FI behavior, monkeys aged 2–3 yrs vs 15 yrs & older, 5869
clonidine &/vs alpha-adrenergic &/vs yohimbine &/vs prazosin, response rates under FI vs FR schedules, adult pigeons & male mice, 6137
correction to C. L. Hull's law on delay of reinforcement & extention to FI operant schedules, 26889
dextroamphetamine, rate & distribution of verbal responding under FI reinforcement, 19–21 yr olds, 27647
dosage of phencyclidine &/vs haloperidol &/vs naloxone, biphasic effect on operant responding rate for water on FI schedule, male rats, 24961
FI schedule vs FI schedule changed to extinction, temporal distribution of responses, pigeons, 16504
interval length of FI food schedules with candy reinforcers, drinking & gross & fine body movement & grooming, female 4 yr old identical twins, 19814
naloxone vs picrotoxin &/vs pentobarbital vs diazepam vs clonazepam, response to multiple FR vs FI schedule of food presentation, pigeons, 16742
normobaric hypoxia, acquired temporal response regulation, rats, implications for behavioral & pharmacological analysis of cerebral circulatory insufficiency, 6054
orienting instructions, competitive vs noncompetitive FI performance, college students, 8461
polydipsia, temporal discrimination, rats trained on FI schedule, 444
postnatal dietary lead exposure & scopolamine vs pentobarbital, response patterns under FI reinforcement schedules, rhesus monkeys, 19705
signaled vs unsignaled reward in FI vs VI reinforcement schedules, salience of temporal interval offset & subsequent overshadowing, rats, 3203
Fixed Ratio Reinforcement
chronic FR50 vs FR200 food reinforcement, maintenance of free-feeding weight, pigeons, replication of studies by G. E. Collier et al & E. Hirsch & G. E. Collier & C. B. Ferster & B. F. Skinner, 21928
clonidine &/vs alpha-adrenergic &/vs yohimbine &/vs prazosin, response rates under FI vs FR schedules, adult pigeons & male mice, 6137
continuous reinforcement vs FR presentation of response-contingent mirror image, social & agonistic behavior, male Siamese fighting fish, implications for validity of previous ratio-schedule studies of social reinforcement, 27198
fentanyl vs saline & FR reinforcement schedule differences, discrimination learning, rats, 13879
food deprivation & drug concentration, self administration of phencyclidine using operant FR16 schedule, male monkeys, 24805
FR size & pentobarbital concentration, response rate & number of drug deliveries, male rhesus monkeys, 19696
mu vs kappa vs sigma opioid agonists, accuracy of FR operant discrimination responding, male rats & monkeys, 22197
naloxone vs picrotoxin &/vs pentobarbital vs diazepam vs clonazepam, response to multiple FR vs FI schedule of food presentation, pigeons, 16742
preference for forced choice FR reinforcement schedule vs free choice response chain, pigeons, 8648
proximity of visual stimulus change to reinforcement & FR vs VR schedule, response enhancement, pigeons, 8662
ratio values & duration of food delivery, preference for sequential FR schedules, pigeons, 19325
tripelennamine &/vs pentazocine, FR response rate, male rats, 8968
Flexibility (Personality) [See Adaptability (Personality)]
Flexion Reflex
conditioned transformation of unconditioned limb flexion into extension, dogs, 21918
elastic load applied to right wrist, estimation of position & force of elbow flexors, right handed 19–42 yr olds, 29825

intensity & duration of shock as UCS in classical conditioning of hindlimb flexion, latency & amplitude of flexion response, cats, 3377
peripheral tissue injury, long term excitability & thresholds of flexion reflex, decerebrate rats, implications for studying chronic pain, 6090
transcutaneous nerve stimulation, nociceptive flexion reflex threshold & plasma opioids in sustaining analgesia, 21–34 yr old Ss, 19605
Flextime [See Work Scheduling]
Flicker Fusion Frequency [See Critical Flicker Fusion Threshold]
Flies [See Diptera]
Flight Attendants [See Aerospace Personnel]
Flight Instrumentation
aircraft instrumentation, technology & automation, performance & complacency, pilots, conference presentation, 21639
glideslope descent rate cuing, simulated landing performance, naval aviators, 26821
technological developments in cockpit instrumentation, aircraft performance, aircraft pilots, conference presentation, 21646
voice recognition & synthesis systems, workload, pilots, conference presentation, 21648
Flight Simulation
analysis of covariance, scores on video game & carrier landing flight simulator, college students & military pilots, 236
color vs black & white visual displays, bombing & landing performance in 2B35 TA-4J flight simulator, US Navy instructor pilots, 29566
computer program, aircraft procedure & checklist management, 18985
cues of aircraft motion & delays in visual scene & movement of ship model, ability to hover simulated helicopter near ship, US Navy aircraft pilots, 8248
effectiveness of prototype of low-cost cockpit procedures trainer, instruction for normal & emergency cockpit procedures, pilots, 18781
full color vs black & white wide screen flight simulator, bombing & landing performance, US Navy & Marine Corps pilots, 18878
glideslope descent rate cuing, simulated landing performance, naval aviators, 26821
hypnosis & skin conductance responses, vigilance during inflight & simulator approaches, air force pilots, 18159
methodology for testing & evaluation of air traffic control simulation systems, 29561
microcomputer-based gaming assessment system, recognition of Soviet fighters & bombers, F-14 pilots & radar intercept officers, 29569
nervous system & neurotransmitter activity during long term antiorthostatic hypokinesia & recovery period, 32–41 yr old males in space flight simulation, 16682
neurotoxicants, flight simulator performance, agricultural pilots, 16751
physiological assessment, workload in simulated landing vs hostile threat environment, aircraft pilots, 8863
roll motion & false cues in moving flight simulators, pilots, 5491
simulated landing & hostile threat environments, physiological assessment of workload, aircraft pilots, 29568
visual technology research simulator with varied visual scenes, training air-to-ground attack, US Air Force vs Navy pilots, 21572
Flooding Therapy [See Implosive Therapy]
Fluency [See Verbal Fluency]
Fluid Intake [See Also Water Intake]
alcohol intake before vs during vs after REM-sleep deprivation, adult male rats, 11531
benzodiazepine antagonists Ro 15-1788 vs CGS 8216, midazolam-induced NaCl intake, male rats, 30227
bilateral icv ethylcholine aziridinium ion into lateral ventricle, behavioral & neurochemical effects, male rats, 24853
biological similarities & differences in alcohol preference, UChA vs UChB strains of rats, 27649
caloric density of ethanol drinking fluid, ethanol consumption, male rats, 19578
chlordiazepoxide & benzodiazepine receptor antagonist Ro15-1788, consumption of saline, rats, 9029
chlordiazepoxide, ethanol & water intake, rats, 9013
chlordiazepoxide injections, intake of sodium chloride solution vs water, rats, 27583
chlordiazepoxide vs morphine vs naloxone vs benzodiazepine antagonist, intake of ethanol solution, male rats, 11577
cholecystokinin octapeptide, ethanol intake, male rats, 11600
cholecystokinin-8, intake of fluids varying in taste intensity & quality, male rats, 6093
concentration of glucose vs saccharine, postingestive satiation behaviors, male rats, 27427
concentration of orally-infused sweet vs salt vs bitter tastant, ingestive vs aversive taste-reactivity responses, male rats, methodological implications, 21978
dietary zinc deficiency, voluntary alcohol drinking, male rats, 30146
ethanol solution concentration & temporal aspects of ethanol availability, ethanol consumption patterns, male rats, 22193
ethanol vs lemon extract, exposure with vs without lithium toxicosis, odor preferences & ethanol intake, male rats, 27621
ethylketocyclazocine vs diprenorphine vs ethanol injections, ethanol intake, male rats, 11597
furosemide, consumption of salt solution, monkeys, 13905
gonadal steroids & neuroendocrine mechanisms, fluid intake during estrous cycle, rats, 6022
haloperidol & aminooxyacetic acid, consumption of etonitazene vs alcohol vs diazepam vs barbitol, female rats, 24834
homotaurine derivatives, voluntary intake of ethanol, male rats, implications for role of GABAergic system, 24800
icv injection of naloxone, operant feeding & drinking, prepubertal pigs deprived of food or water, 30199
induced glucose intolerance, oral ethanol intake, rats, 22235
initial sensitivity to ethanol & level of dependence induced by chronic treatment, male rats, 30267
low sodium diet & choice of ethanol vs water, salt restriction on voluntary ethanol intake, female rats, 30238
morphine vs naloxone, intake of water & sucrose solution containing ethanol, male rats, 11614
naloxone, suppression of saline vs water consumption, male & female water deprived rats, 24812
phencyclidine, milk intake, male rats pretreated with naloxone vs haloperidol, 3442
pimozide & reward, licking responses to sucrose solutions in anhedonia paradigm, nondeprived male rats, 22168
prior administration of clonidine, drinking induced by isoproterenol or angiotensin II, female rats, 11589
procedure for development of self selection of ethanol, male rats, adaptation of techniques by R. A. Meisch et al, 24183
renin vs peptide analogs of angiotensin, water intake & salt appetite, female pigs, 27623
repletion of body sodium by gavage in absence of taste stimulation, saline intake & satiation, rats, 13858
revitalization of AA & ANA lines, ethanol consumption & righting reflex & motor impairment & open field behavior & blood acetaldehyde during ethanol metabolism, rats of AA & ANA lines, 11460
saline intake after shifts to water, hamsters vs gerbils, 21992
salt-supplemented diet &/vs desoxycorticosterone, water vs ethanol intake, male rats, 8969
stress & angiotensin II vs morphine, salt intake, male mice treated with naloxone, 19587
sucrose solution concentration & chow consumption & calorie intake, male rats, 19406
sulpiride, voluntary consumption of ethanol vs water vs food, UChA vs UChB rats, 6140
zimeldine & norzimeldine & other serotonin & norepinephrine reuptake inhibitors, voluntary ethanol consumption, rats, literature review, 8931
Fluphenazine
carbamazepine & fluphenazine, paranoid schizophrenia, 26 yr old White male, 10278
decanoates of haloperidol vs fluphenazine, symptoms & side effects, 21–63 yr old schizophrenic patients, 7491
fluphenazine decanoate vs oral pimozide, social behavior, schizophrenic outpatients, 1-yr longitudinal study, 26145
fluphenazine, early extrapyramidal symptoms & tardive dyskinesia, monkeys, 24865

fluphenazine treatment, plasma homovanillic acid & psychotic behavior, 20–29 yr old chronic schizophrenics, 18131
haloperidol & fluphenazine decanoate treatment, information processing, acute vs stabilized schizophrenic patients, 23336
haloperidol & fluphenazine, GABA synthesis & glutamate decarboxylase activity & tardive dyskinesia, monkeys, 11594
haloperidol vs trifluoperazine vs thioridazine vs fluphenazine decanoate vs thiothixene perphenazine vs chlorpromazine, plasma neuroleptic & homovanillic acid levels, psychotic patients, 15297
in vitro chlorpromazine vs fluphenazine vs haloperidol vs imipramine vs lithium administration, microviscosity of hydrocarbon layer of blood platelet membrane, 24972
injection of fluphenazine deconate, father & sibling responsiveness to infants, marmosets, 8985
lithium &/vs fluphenazine, 18–60 yr old schizophrenic schizoaffectives, 10290
long term administration of fluphenazine, development of model of tardive dyskinesia, monkeys, 12635
low vs conventional doses of fluphenazine decanoate, relapse rates & side effects, schizophrenic males, 10288
low vs high dosage of fluphenazine, effectiveness & risk of extrapyramidal toxicity, comments on findings of S. R. Marder et al, 31547
metoclopramide & fluphenazine & loxapine & molindone, plasma & brain homovanillic acid, rats, 22181
neuroleptic treatment using haloperidol or fluphenazine decanoate, impulsive suicide attempts with akathisia, 25 yr old male schizophrenic & 22 yr old female with schizoaffective disorder, 20902
oral vs depot fluphenazine, relapse rates, patients, US, conference presentation, 10282
pimozide vs fluphenazine vs flupentixol, within-individual variation in steady state plasma & prolactin levels, 39–72 yr old male chronic schizophrenics, 12645
risk/benefit ratio of depot fluphenazine therapy, literature review, conference presentation, 10270
Flurazepam
EMG & method for recording multiple unit activity in reticular formation in continuous monitoring of sleep-wakefulness cycles, implications for evaluation of dose- & time-response parameters of sedative-hypnotic drugs, 779
flurazepam dihydrochloride & its metabolites hydroxyethylflurazepam & desalkylflurazepam, delayed differentiation performance, male monkeys, 6097
flurazepam therapy, falling as indicator of motor performance decrement, hospitalized aged, 7451
flurazepam vs temazepam doses, subjective assessment of sleep quality & subsequent performance, 19–31 yr olds, 27666
flurazepam vs triazolam, sleep & sleep latency during drug withdrawal, chronic insomniacs, 28768
side effects of triazolam & flurazepam during clinical trials, 15295
subjective effects & lack of preference for flurazepam, experiment volunteers, 30221
triazolam vs flurazepam, sleep & mood & performance, 20–33 yr olds following 12 hr shift in sleep schedules, 679
zopiclone vs flurazepam, sleep, 40–60 yr old females with sleep disorders, conference presentation, 4805
Focusing (Visual) [See Ocular Accommodation]
Folic Acid
folic acid & riboflavin & vitamin A deficiencies, institutionalized mentally retarded 2–34 yr olds, 21063
folic acid & vitamin B12 serum & erythrocyte levels, 20–94 yr old patients with senile dementia & psychosis & opiate addiction, 20187
sensitivity of WAIS subtests to vitamin therapy for treatment of mild organic brain damage, patients with low serum & CSF folate levels, conference presentation, 10252
Folie A Deux
phenomena of delusion & folie à deux, 4265
Folk Medicine
coexistence of Western-style biomedicine & Ayurvedic medicine, Sri Lanka, 15398
cultural explanation, epilepsy, 24 yr old female, Malaysia, 4501
dynamics of psychotherapy, healers of Lobala tribe, Zaire, 30595
faith healing, Cherokee Indians, 27911
folk healing, Indonesia, 27919
folk healing, Italy, 27910
mind & bile & phlegm humors as foundation of medicine, Tibet, 20653
preferences for modern vs traditional care services, treatment of epilepsy vs psychosis vs tuberculosis, nurses & patients & villagers, Botswana, 17837
principles of humoral pathology, avoidance illness, Mexico, 20655
selection & timing & preparation of food, prevention & lay treatment of disease, clinic patients, Hong Kong, 7171
Shamanism & folk healing, South & Southeast Asia, 27914
strength of components of ethnic medical system, Mexican Americans, 28837
type of illness, preference for modern vs traditional health care, clinic patients, Singapore, 7541
Folklore [See Myths]
Folktales [See Myths]
Followup (Posttreatment) [See Posttreatment Followup]
Followup Studies
development & implementation of model secondary education followup study, high school students, literature review, 10652
drinking patterns, alcoholic cirrhotic patients under medical care, literature review, 10538
drug education course, drug knowledge & attitudes, female vs male 7th–8th graders, 1-yr followup study, 21322
evaluation of communication status followup, language disordered children, review of followup studies, 25761
experimental methodology & use of longitudinal research in development of treatment programs, client characteristics & other factors in outcome of hospital treatment, child psychiatric patients, followup studies, literature review, 12801
neuropsychological deficits & primary dependence on sedative & hypnotic drugs, outcome of hospital treatment, 21–69 yr olds, 4–6-yr followup study, 12850
paranoid psychosis, patients admitted to hospital, 5–26 yr followup study, 4230
psychoanalytic process & assessment of results at termination, 25–30 yr old females, 2–5 yr followup, implications for theory & technique, 4636
therapeutic communities, illicit drug use & criminality & unemployment & social adjustment, drug abusers, literature review of followup studies, 12854
Food
abundance & distribution of foods in home range, movement patterns, free-ranging mountain gorillas, 21985
attitudes toward food shopping & preparation, working wives vs housewives, 29586
behavior at bulk food bins, consumers, economic & safety implications, 29587
fears of MAO inhibitors & their interactions with foods, treatment compliance, patients, literature review, 15336
food anticipation & lever-directed activities, male rats, 8618
food density, outcome of disputes between territory residents, common shrews, 478
food ideology & eating behavior, Malaysia, 19965
food supply, breeding & territorial behavior & gregariousness, Galapagos finches, 11450
home range & territoriality & caching behavior & food supply, red squirrels, 27259
hunger state & visual exposure to foods of varied texture & composition & palatability, anticipatory salivary flow, 18–35 yr olds, 30117
impaired masticatory ability, perceptual judgment of food acceptability, 25–75 yr old males with partial vs full dentures vs natural dentition, 6332
importance of organizational efforts of International Union of Anthropological & Ethnological Sciences Commission on Anthropology of Food, identification of fundamental research areas & food policy & planning issues, 11843
length of retention & serial position effects & number of items recalled, memory for spatial locations of caches, food-storing birds, 11451
microbial techniques, resolution of food & energy problems in developing societies, 30560
parent behaviors & availability of food, undernourished vs well-nourished inner city elementary school age children, 4462

probability of meal provision, plasma corticosterone levels, male rats, 22045
satiating efficiency of foods & mechanisms of satiation, male 18–25 yr olds, 3311
selection & timing & preparation of food, prevention & lay treatment of disease, clinic patients, Hong Kong, 7171
selfish origin of reciprocal food sharing, 3997
therapeutic effects of ice cream on mental health, 28586
token program, food theft & maintenance of weight loss, 28 yr old female with Prader-Willi syndrome, 4741
verbal praise vs vibration vs edible rewards, performance on perceptual motor task, mentally retarded students with median age of 5.5 yrs, 5346
Food Additives
blood plasma protein binding, brain uptake of erythrosin B, rats, implications for food dye induced behavioral disorders, 27376
Food Allergies
food sensitivity, development of migraine headache, literature review, 14954
psychological symptoms, 21–67 yr old patients with supposed food allergy, 17799
Food Deprivation
alimentary & water deprivation, brain monoamine content, rats, 27487
alimentary deprivation or conditioned reaction, fluorescence of dopaminergic nuclear receptors, in nigrostriate & mesolimbic systems, rats, 22041
chlordiazepoxide & food deprivation & familiarity with test apparatus & procedure, eating latency & time & amount eaten of familiar vs novel foods, rats, 6160
cholecystokinin & food deprivation & injections of lithium chloride, runway performance for 10 or 30 percent sucrose solution, rats, 30216
chronic FR50 vs FR200 food reinforcement, maintenance of free-feeding weight, pigeons, replication of studies by G. E. Collier et al & E. Hirsch & G. E. Collier & C. B. Ferster & B. F. Skinner, 21928
dietary restriction of caloric intake, aging, rodents, implications for longevity, 30163
electrolytic vs radiofrequency lesions of ventromedial hypothalamic area & food restriction, weight gain & set-point increase, female rats, 27518
food access following food deprivation, time-dependent changes in hypothalamic dopamine metabolism, rats, 8847
food availability, time allocation to feeding & locomotive & reproductive & inactive behaviors, Aplysia fasciata, 27485
food deprivation & dominance & isolation from mate, infanticide & pup-cannibalism, male gerbils, 27249
food deprivation & drug concentration, self administration of phencyclidine using operant FR16 schedule, male monkeys, 24805
food deprivation & drug dose, etonitazene self administration, male rats, 3419
food deprivation & preferences, micro-structure or chewing or swallowing of meals, 22–52 yr olds, 22044
food deprivation & sucrose reward reduction, runway speed, female rats, 5862
food deprivation &/vs physical restraint & injection of noradrenaline, hypothermia & gastric stress ulcers & oxygen consumption, male genetically obese vs lean mice, 8882
food deprivation, acoustic startle reflex, male rats, 653
food deprivation, feeding vs hoarding, hamsters vs gerbils, 3367
food deprivation, vocalization, infant gerbils, 673
neonatal food & sensory deprivation, maternal behavior, female rats, 22088
partial trigeminal lesions of oral somatosensory afferents & total food deprivation vs intragastric protein or carbohydrate supplementation, dietary self selection of protein vs carbohydrate, male rats, 8917
peripherally self-administered acetaldehyde & feeding regimes, oral alcohol consumption, male rats, 19708
polyunsaturated fatty acid-deficient diets during perinatal period, retention of discrimination learning task, rats, 8894
possible conservation-withdrawal reaction, 3-mo & 9-wk old breast-fed infants with weight loss, 14964
restricted diet & stress, body temperature & life span, rats, 3365
social & environmental deprivation, growth & development deficits, 3–6 yr olds, US vs Guatemala, 25146
sodium depletion, stereotyped fixed action patterns elicited by oral infusions of salt solutions, male rats, 13845
strain & food & water deprivation, activity rhythms, inbred mice, 16550
temporal limit on effect of future food on current performance, rats, analog of foraging & welfare, 3207
water vs food deprivation & squad size & S-rotation procedures, odor-based alleyway performance, male rats, 3366
Food Intake [See Also Diets, Eating]
acute cellular glucoprivation induced by 2-deoxy-dextro-glucose vs insulin, food intake, male rats, 6088
age & entry weight & height & physical activity level, calorie need during weight loss, males with mean age of 52.9 yrs participating in weight reduction program, 12591
aldosterone &/vs estradiol & corticosterone, food ingestion & weight gain & growth & fluid retention, adrenalectomized & ovariectomized female rats, 27463
alpha-2 receptor blockers yohimbine vs rauwolscine vs alpha-2 agonist clonidine, food intake, genetically obese vs lean mice, 8942
amine accumulation, lateral hypothalamic syndrome, reply to 4 criticisms, 27542
amine accumulation, symptoms of lateral hypothalamic syndrome, comments on study by G. L. Willis & G. C. Smith, 27539
amines & role of catecholamine depletion & accumulation, motor performance & food & water intake, male rats, 27413
amount & percentages of food leftovers, thin vs average weight vs overweight male vs female college students, 22990
anterolateral neocortical ablations, chronic ingestive impairments to glucoprivic & hydrational challenges, rats, 27517
area postrema lesions, consumption of palatable food vs calories, male rats, 19641
benzomorphan antagonist Mr 2266 & delta receptor antagonist ICI 154,129, body weight gain, rat pups, implications for opioid receptor development, 24852
bilateral icv ethylcholine aziridinium ion into lateral ventricle, behavioral & neurochemical effects, male rats, 24853
blocked opening to vomeronasal organ, food consumption & weight gain & social structure, feedlot steers, 5911
brain mechanisms, food intake & absorption, 6017
bread & chocolate & chow cafeteria diet & development of obesity, meal patterns & microstructure of eating, female rats, 24739
calcitonin vs prostaglandin E2, anorexia & gastrointestinal motility, male rats, 16757
carbohydrate intake & hair trace elements & EEG measures, reading ability, 5–16 yr olds, implications for development of causal model of ecological factors influencing child development & reading ability, 25154
catecholamine systems in peptide induced satiety, food & water intake, rats, 3532
central & peripheral contributions, potentiation of amphetamine anorexia by desmethylimipramine, rats, 30305
central dynorphin & zinc deficiency, food ingestion & immunoreactive dynorphin levels in hypothalamus & cortex & opiate receptor activity, male weanling rats, 6116
cholecystokinin & bombesin & calcitonin & naloxone & glucagon & somatostatin & pancreatic polypeptide, food intake regulation, intact vs subdiaphragmatic vagotomized dogs vs rats, 22080
cholecystokinin & food deprivation & injections of lithium chloride, runway performance for 10 or 30 percent sucrose solution, rats, 30216
cholecystokinin, food intake & exploratory behavior & satiety, mice, 19663
cholecystokinin octapeptide induced suppression of feeding, brain monoamine levels, rats, 27363
cholecystokinin octapetide & sucrose concentration, changes in taste preference & sensitivity & sucrose intake, hungry vs satiated vs fed-ad-lib rats, 8965
cholecystokinin vs lithium injections, diet self selection & ingestion of protein vs fat vs carbohydrate diets, rats, 30308
chronic infusions of insulin into 3rd ventricle, food & water intake & body weight, rats, 16739

chronic methamphetamine administration, hypothalamic bimodal & unimodal rhythm beta & alpha adrenoceptor binding & circadian food intake, male rats, 24868
chronic naltrexone, food intake & energy metabolism, rats, 8990
chronic norepinephrine injections into paraventricular nucleus, daily food intake & body weight, rats, 24872
chronic saccharin exposure, morphine tolerance, genetically selected LC2-Hi vs LC2-Lo female rats, 19661
chronic vs acute administration of clenbuterol, interest in food & biting behavior, food deprived male mice, 24833
cigarette smoke & nicotine, food intake & weight gain & resting energy output & brown fat mass & opiate binding & blood glucose, male rats & hamsters, 6175
cold exposure, wheel running & food intake & body weight & fatty acid synthesis, Syrian hamsters, 22087
cortico-basomedial amygdala damage, alimentary motivation & food competition & latency to eat in novel environment, male rats, 8914
cytochrome oxidase activity in hypothalamus before vs after fasting, hypertensive vs normotensive rats, 27372
development of anorexic drugs, physical mechanisms in food intake & treatment of obesity, 2009
diazepam, hyponeophagia & benzodiazepine receptor binding, rats of several genotypes, 9019
dietary fat dilution, self selection of fat source in diet, female obese vs lean Zucker rats, 19351
dietary intake of sweet foods & dairy fats, degree of liking & perceived intensity of sweetness in lemonade & fat in milk, 17–35 yr olds, 29821
dose of dopamine agonist apomorphine, food & water consumption, pigeons, 24820
dose of iv insulin during nocturnal fast, subsequent diurnal free food intake, male rats, 27608
dysphoric vs nondysphoric mood, food consumption, female college students identified as restrained vs unrestrained eaters, test of restraint theory's disinhibition hypothesis, 13840
electrical & mechanical stimulation of perioral areas & trigeminal orosensory deafferentation, jaw-opening reflexes in ingestive behavior, male rats, 27490
electrical self stimulation of medial forebrain bundle & nucleus accumbens & food intake, neuronal activity in lateral hypothalamic area, male rats, 27506
electrolytic vs radiofrequency lesions of ventromedial hypothalamic area & food restriction, weight gain & set-point increase, female rats, 27518
endogenous organic acids, feeding behavior, male rats, 22132
estradiol steroisomers, food intake & body weight & hoarding behavior, ovariectomized rats, 740
feeding & stress induced by access vs no access to running wheel, serum levels of testosterone & luteinizing hormone & corticosterone & brain monoamines, male rats, 27469
fine-grain vs total food intake measurement in 1 & 2 pan tests, preferences for dry vs canned vs semi-moist dog food, 1–6 yr old beagles, 13785
food access following food deprivation, time-dependent changes in hypothalamic dopamine metabolism, rats, 8847
food-associated external stimuli in classical conditioning paradigm, meal initiation, rats, 21944
food choice & eating behavior, obese vs lean vs normal college students, implications for treatment of obesity, 17719
food consumption, seasonal weight gain, female squirrels with lesions of suprachiasmatic nuclei, 22107
food intake reduction, meal size & frequency, male rats, implications for quantitative models of intake regulation, 5889
food or nonfood presentation vs barpressing vs food acquisition & ingestion stages of operant feeding task, electrical activity of neurons in globus pallidus, monkeys, 30091
GABA & protein diet content, food intake & growth & plasma GABA & tissue amino acid concentrations, kittens, 3519
gastric preloads, ingestion, rat pups, 19366
gastric reduction surgery, food & water intake & satiation under conditions of restricted vs continuous food supply, male rats, implications for gastric feeding mechanisms & treatment of human obesity, 3392
glycerol & glucose & lysine, RNA content of ventromedial vs lateral hypothalamic neurons, male infant rats, implications for role of hypothalamus in food intake control, 22184
glycerol injection, food intake, male rats fed high carbohydrate vs fat vs protein diet, 19694
high fat vs traditional vs new cafeteria diet, food intake & weight gain & role of food palatability vs nutritional aspects, male rats, 19591
homeostatic control of hypothalamus, ingestive behavior, 22050
hypophagia following lesions of area postrema & nucleus of solarity tract, body weight & water intake & diet preference, male rats, 6080
hypothalamic vs substantia nigra microinjections of bombesin, hypothermia & hypophagia, male food deprived rats, 24804
icv calcitonin gene-related peptide, food consumption, male rats, 24866
icv calmodulin vs calcium ions, spontaneous feeding behavior & core body temperature, satiated female cats, 3479
icv injection of naloxone, operant feeding & drinking, prepubertal pigs deprived of food or water, 30199
icv ostrich vs human beta-endorphin, food vs water intake, satiated pigeons, 22153
icv sauvagine vs urotensin I vs corticotropin-releasing factor, response to open field & environmental novelty & release of pituitary ACTH & vasodilitation & food consumption, male rats, 8940
ileal vs jejunal transposition, intestinal structure & function, female rats, implications for surgical treatment of obesity, 6079
im vs icv administration of naloxone, food intake, pigeons, implications for CNS mediation of anorexic effects, 24821
improvement in psychometric properties of Behavioral Eating Test, kindergartners to 1st graders, 19038
induced development of pancreatic glucagon antibodies, food intake & body weight, female obese vs lean rats, 27473
informational feedback on food intake, protein & caloric consumption, 18–50 yr old severely burned hospitalized males, 7375
injection of 6-hydroxydopamine into medial paraventricular nucleus, daily food intake & body weight, comments on study by G. L. Willis & G. C. Smith, 27522
inpatient refeeding & psychotherapy & patient characteristics, outcome, male patients suffering from anorexia nervosa, 2–20 yr followup, 23071
insulin, food intake & plasma glucose & mean patterns & hyperphagia, golden hamsters, 6108
insulin injection & hyperphagia, food consumption & plasma glucose levels & stomach emptying & neurological impairment, male golden hamsters, 19668
interactions of reinforcers under concurrent chained FR1 FR9 schedule of food & water & morphine presentations, male rats, 6111
intracranial dynorphin injection & pretreatment with naloxone, grooming & eating & spontaneous locomotor activity as measured by multidimensional analyzer, mice, 801
intracranial estradiol, food & water intake & body weight, ovariectomized guinea pigs, 27570
intragastric liquid preloading, caloric intake, monkeys, 27465
lactational stage & deprivation level & pup age, milk ingestion, infant rats, 27275
lateral ventricles & amygdaloid nucleus & substantia nigra & caudate nucleus & lateral hypothalamus & nucleus accumbens as neural sites for dextroamphetamine injection, feeding & drinking behavior & mouse killing, rats, 808
lesion between levels of organum vasculosum lamina terminalis & supraoptic nuclei, food & water intake & urine excretion & body weight, male rats, 11559
lesions of area postrema, reduction in cholecystokinin-induced feeding, male rats, 3393
lesions of esophageal nerves to interrupt communication between buccal ganglia & gut, learning to avoid inedible food, Aplysia, 3390
levodopa or bromocriptine, motor behavior & body weight & food intake, rats with bilateral globus pallidus lesions, test of metabolic vs motor deficit hypothesis, 22084
long term macronutrient selection, caloric intake & weight gain & lipid deposition, rats, conference presentation, 30125

low diazepam dose, food consumption & general activity, rats, 30214
milk-based liquid diet, reinstatement of feeding following glucose satiation, female rats, 19593
morphine, food ingestion, terrestial slugs, implications for opioid mediation of satiation, 27602
morphological & temporal role of amine accumulation, lateral hypothalamic lesion-induced ingestive deficits, literature review, 27541
naloxone antagonizable changes in behavior, endorphinergic modulation of neural reward systems, male rats expecting vs having received rewards, 24827
naloxone, behavior change & initiation & termination of eating, male rats, 19690
naloxone, food intake, 4–5 vs 8–9 vs 12–13 wk old obese vs lean Zucker rats, implications for role of opiate peptides in obesity, 19703
naloxone, frequency threshold brain-stimulation induced hunger & feeding, rats, 6046
naloxone hydrocholoride & butorphanol tartrate, opiate-induced feeding, rats with vs without hippocampal lesions, 19679
naloxone, ingestive behavior, pigeons, 739
naloxone, meal size & duration & frequency & food intake during diurnal cycle, female obese vs lean Zucker rats, 19702
naloxone vs Mr 2266, food vs water consumption, pigeons, 22154
naloxone vs naltrexone injections into ventromedial vs lateral hypothalamus, food intake, male food deprived rats, 19731
nicotine, body weight & consumption of nonsweet food & water, male rats, 6130
norepinephrine vs muscimol vs bromergocryptine, food consumption, zinc-deficient male weanling rats, 6117
nutrition & body chemistry, depression & anxiety & sleep problems as symptoms of posttraumatic stress disorder & burnout, Vietnam veterans & counselors, 25994
operant feeding task, unit activity in head of caudate nucleus & alteration by cooling of dorsolateral prefrontal cortex, monkeys, 580
opportunity to run on wheels, activity-based anorexia & food intake, male rats, 19357
paraventricular nuclei lesions, food intake & body weight & growth & efficiency of food utilization & plasma glucose & glycerol & free fatty acids, female weanling rats, 6070
parenteral nutrition, food intake & gastric motility, monkeys, implications for clinical patients, 24737
partial trigeminal lesions of oral somatosensory afferents & total food deprivation vs intragastric protein or carbohydrate supplementation, dietary self selection of protein vs carbohydrate, male rats, 8917
partial trigeminal lesions of oral somatosensory afferents, ad libitum dietary protein intake impairment, male rats, 8916
per capita consumption of cigarettes & different foods, 1964–77 & 1968–73, US, 11982
peripheral cholinergic blocker atropine methyl nitrate vs cholecystokinin, meal initiation by presentation of learned cues, rats, 6176
peripheral serotonin, water & food intake, male rats pretreated with methysergide vs metergoline, 8955
physiological mechanisms, drinking elicited by eating, literature review, 3312
plan for high- vs low-calorie dinner, eating patterns, college student chronic dieters vs unrestrained eaters, 5693
pleasantness of foods eaten vs not eaten in varied meal, satiety, 18–26 yr olds, 29822
preference & sensitivity to salt, determination of salt intake, 17–55 yr olds, 27429
preference for saccharin flavored vs plain dry vs moist vs wet food, hamsters vs gerbils vs rats, 29991
presentation of food vs aversive stimulation during instrumental responding for food, long term neuronal unit activity in orbitofrontal cortex, female monkeys, 685
progressive muscle relaxation training, blood glucose & stress & activity & caloric intake, diabetic 31–64 yr old males, 12595
purines vs caffeine, opioid-induced feeding, rats, 27661
REM sleep, food intake, adult cats, replication of study by J. Siegel, 19538
satiating efficiency of foods & mechanisms of satiation, male 18–25 yr olds, 3311
seasonal variation of food quality & density, high energy social interactions & play rates & weaning time, immature monkeys from 3 social groups, 30026
sex differences & estradiol & testosterone, food intake & body weight, gonadectomized guinea pigs, 24814
strategies for conducting food loading experiments, study of satiating efficiency of food, 8360
streptozotocin-induced diabetes, nutrient selection & water intake & body weight & composition, male rats, 669
sucrose solution concentration & chow consumption & calorie intake, male rats, 19406
sugar intake, activity & food intake, male vs female rat pups, 3414
sulpiride, voluntary consumption of ethanol vs water vs food, UChA vs UChB rats, 6140
superior colliculus lesions, apomorphine-induced gnawing & feeding induced by hypothalamic stimulation, male rats, 6073
suprachiasmatic nucleus lesions, effects of 2-deoxy-dextro-glucose on plasma free fatty acids & food intake during dark vs light period, male rats, 19648
surgical removal of interscapular brown adipose tissue, anorexia induced by dextroamphetamine sulfate, rats, 27538
sympathectomy, lateral hypothalamus lesion-induced changes in metabolic activity & ingestive behavior & body weight, male rats, 27536
systemic glucose injection vs natural vs operant feeding, unit activity in orbitofrontal cortex & role of interoceptive information in satiety, monkeys, 578
tetraethyl lead exposure, food intake & locomotor activity, male rats, 27576
thyroid deficiency due to thyroidectomy vs methimazole, food intake & rectal temperature, pigs, 3354
trigeminal orosensation, control of food & water intake, rats, 19649
tryptophan-induced brain 5-HT elevation, food intake & choice of diets varying in protein vs carbohydrate content, rats, 3500
use & attribution of sweet food, volunteers, 27096
validity of food diaries by determination of errors in food recording & calorie estimation, 17–59 yr old obese females in behavioral weight control program, replication of study by D. Lansky & K. D. Brownell, 31484
validity of K-Tron Digital Scale, measurement of breast-milk intake, newborns, 25035
visual discrimination of food & barpressing for access to food & ingestion, neuron activity in dorsolateral prefrontal cortex, monkeys, 24669
zinc-deficient diet, normal & stress-induced feeding & weight, male weanling rats, 6047
24 hour food availability, feeding behavior, 3–5 yr old beagles, 13781
4-hydroxyamphetamine, food & water intake & in vivo brown adipose tissue thermogenesis, female rats, 27665

Food Preferences

adrenalectomy & corticosterone replacement, fat source diet selection & weight loss, obese vs lean rats, 30144
analysis of operant conditioning methodology, assessment of food preference, dogs, 13762
avoidance conditioning, feeding on toad tadpoles, large-mouthed bass, 27202
bread & chocolate & chow cafeteria diet & development of obesity, meal patterns & microstructure of eating, female rats, 24739
chlordiazepoxide, familiar vs novel food preferences & rearing, rats of Roman low vs high vs control avoidance strains, 735
cholecystokinin vs lithium injections, diet self selection & ingestion of protein vs fat vs carbohydrate diets, rats, 30308
composition & diversity & temporal consistency of diets, mountain gorillas, Rwanda, 27322
concurrent reinforcement schedule procedures, evaluation of preferences for different sugar solutions, 9–19 mo old beagles, 13749
demonstrator rat, food preferences of observer rat, wild & domesticated rats, 24542
dietary intake of sweet foods & dairy fats, degree of liking & perceived intensity of sweetness in lemonade & fat in milk, 17–35 yr olds, 29821
dietary protein intake, food selection & plasma & brain levels of amino acids, male rats, 27629

fine-grain vs total food intake measurement in 1 & 2 pan tests, preferences for dry vs canned vs semi-moist dog food, 1–6 yr old beagles, 13785
food choice & eating behavior, obese vs lean vs normal college students, implications for treatment of obesity, 17719
food deprivation & preferences, micro-structure or chewing or swallowing of meals, 22–52 yr olds, 22044
food preferences, dogs housed in testing kennels vs consumers' homes, 13742
food preferences, 14–33 yr olds with Prader-Willi syndrome, 25735
hypophagia following lesions of area postrema & nucleus of solarity tract, body weight & water intake & diet preference, male rats, 6080
ingestive vs aversive fixed-action patterns elicited by equally preferred tastes, rats, support for 2 dimensional hypothesis of palatability, 27197
lesions of basolateral amygdala, role of noradrenaline & serotonin in food preferences & learned taste aversions, rats, 19619
morning vs afternoon, acceptability of breakfast vs dinner foods, 3–5 yr olds vs 23–44 yr olds, 21821
morphine sulfate, macronutrient intake of fat vs carbohydrate vs protein, female rats, 19711
nutritional condition, chemoreceptive & telereceptive food preferences & rates of ingestion, starved vs fed starfish, 8889
nutritional information & labeled food items & token system, changes in food selections in cafeteria, college students, implications for treatment of obesity, 26089
nutritional information, rating of foods as "good for you" vs "pleasant", 13–14 yr olds, 30428
obesity & gender & hunger & food preferences & body size, rate of eating & bite size & speed, college students, 22048
observation of conspecific's food choice, social transmission of food preferences, male rats, 16558
observational learning, acquisition of food preferences & aversions, male red-winged blackbirds, 21924
operant leverpress vs 2-pan choice tests, assessment of preferences for dry vs semi-moist vs fat-coated dog food, 9–19 mo old beagles, 13761
palatability of food, ratings of hunger & affect & food preferences & bodily sensations, college students, 29813
perception of food flavor & health value & prestige of foods, acculturation to Canadian foods, 14–16 yr old Chinese males, Canada, 22280
preferences for sugars vs nonnutritive sweeteners, 2–4 mo old beagle puppies, 13739
previous dietary exposure, acceptability of sweet & salty foods, 2 yr olds, 30412
restriction of dietary flavor experience before weaning, postweaning food preferences, beagle puppies, 13849
self selection of diet during gastrointestinal toxic drug injections, learned aversions to protein vs carbohydrate sources, rats, implications for cancer patients receiving chemotherapy, 27208
sensation seeking & familiarity with each food, willingness to taste unusual foods, 17–50 yr old college students, 4068
sodium depletion, stereotyped fixed action patterns elicited by oral infusions of salt solutions, male rats, 13845
training, food consumption time & preference, male albino rats, 473
tryptophan-induced brain 5-HT elevation, food intake & choice of diets varying in protein vs carbohydrate content, rats, 3500

Football

academic preparation, academic performance during 1st 2 years of college, male college football players, implications for role of peers & career & academic counseling services, 32073
body fat & body weight, explosive power, offensive vs defensive college-level football player, 12052
Myers-Briggs Type Indicator personality characteristics & position on team & relative success, intercollegiate US football players, 17399
position played, prediction of game performance, high school football players, 13122
position vs classification vs participation, personality characteristics, college football players, 12082
relationship to team in terms of structural centrality & cultural marginality, placekicker in American professional football, 15994
team structure, leadership function, professional vs secondary-school association football teams, England, 12004

Foraging (Animal) [See Animal Foraging Behavior]

Forced Choice (Testing Method)

construction of machine-scored social studies examinations & multiple true–false vs complex multiple-choice formats, students, 16242
forced choice testing in evaluation of speech production, hearing impaired 13–19 yr olds, 28406
guessing & response style, validity & reliability of true-false tests developed for physician certification, 19063
optimal design of parity tests in test construction, 19018
overview of measurement methods, toy & play preferences, children, 6352
standard 2-choice vs 6-choice version of Personal Orientation Inventory, college students, 19105
statistical properties of staircase estimates from 2-interval-forced-choice experiments, 24332

Forebrain [See Also Diencephalon, Telencephalon]

acute vs chronic antipsychotic drug administration, electrical activity of dopaminergic cells, animals, 13876
behavioral learning tasks, uptake of radioactive choline into acetylcholinergic neurons of nucleus basalis magnocellularis vs medial septal area, male rats, 24691
electrical stimulation of anterior medial cortex cardio-control sites, regional forebrain & thalamic metabolic activity as measure of other cardioactive centers, rabbits, 24749
examination of basal forebrain efferents in cerebral cortex, cats, 16636
icv apomorphine, memory retrieval in spontaneous forgetting paradigm & maze task & forebrain norepinephrine levels, male rats, 22218
icv thyrotropin releasing hormone & frontal neocortex decortication, behavior, male rats, 24735
indalpine & zimelidine, electrophysiological aspects of serotonergic forebrain activity, male rats, 24816
interburst interval between 2 bursts of medial forebrain stimulation, temporal summation of rewarding effects, male rats, 8905
location of basal forebrain & striatal cholinergic neurons as determined by choline acetyltransferase immunohistochemistry, pond turtles, 27385
neuronal number in nucleus basalis of Meynert, 25–87 yr olds who died of liver or cardiopulmonary disease, 19444
sustained selective attention, forebrain & electroretinogram potentials, human Ss, replication & extension of study by R. G. Eason et al on early sensory filtering, 22059
unilateral vs bilateral lesions of basal forebrain, sleep wake state & number of stimulations required to induce amygdala kindling, cats, 22126

Foreign Language Education

attitudes toward foreign language education, high school principals, 15691
communicative theories of cognitive processing, teaching reading in foreign language, 29251
cultural differences in verbal interaction, implications for teachers of English as 2nd language, 5222
didactic principles of foreign language teaching, USSR, 26547
filmstrips viewed silently & with Vietnamese soundtracks, attempt to write dialog of characters, French teachers, implications for instruction of beginning language students, 21308
high vs average vs low student performance, wait-time in developing answers vs revisions to answers in classroom solicitation, high school foreign language students, 29293
immersion vs partial immersion vs foreign language in elementary school programs, French or Spanish language learning, elementary school students & 7th graders, 29180
modification of English language instruction at technical university, college students & teachers, France, 21288
multi-element behavior analysis of language facilitation games, promotion of English language usage, 27–50 yr old non-English-speaking Mexican American migrant workers, 10732
reading instruction in 2nd language, reading concepts & phoneme segmentation ability, students 8 yrs old & younger vs 9 yrs old & older, Papua New Guinea, 5273
role & influence of audiolingual component, foreign language learning, native speakers of German, 11649

schema theory, psycholinguistic model of English as second language, 13932
second language teaching styles, attitudes toward second language learning, elementary school students, 10706
size of instructional group, learning of foreign language, students, 15759
structural equation model of 2nd language acquisition, integrative vs behaviorist teaching method & language proficiency, adult learners, 21323
training & linguistic experience, discrimination of non-native speech sounds, English speaking 18–35 yr olds, 27137
use of comprehensible input & reinforcement prior to Language Experience Approach, language & reading instruction, limited English speaking students, 23750
use of speech-output system, foreign language learning, 15–19 yr old secondary school students, 21290
use of story grammar, composition of original fairy & folktales, bicultural/bilingual 6th graders, 7939
videotape techniques, foreign language education, 15796

Foreign Language Learning

analysis of Assessment of Language Proficiency of School Beginners, assessment of language development, foreign workers' children, West Germany, 23913
attitudes toward English as second language, 17 yr old high school students, Puerto Rico, 21384
audiovisual vs auditory feedback, English intonation learning, college students, Netherlands, 11634
books promoting positive attitudes toward 2nd language learning, students, 26545
computer assisted instruction for foreign language learning, 7930
development of foreign language learning, 7998
development of speech perception & production abilities, 19–39 yr old learners of English as second language, 824
developmental changes in intra- & interlingual interference, German-Swedish bilingual high school students, 6307
discrimination training on "r" & "l" sounds in synthetic speech, perception in synthetic vs natural speech, 25–33 yr old Japanese speakers learning English, 26557
educational & literacy background, acquisition of reading skills, adult Japanese vs Arabic vs Spanish speaking second language learners, 27681
English proficiency & context, lexical guessing of foreign words, college students taking English as 2nd language, 13072
English stress rules, error analysis of stress placement, 15–18 yr old students of English, Brazil, 26514
extended foreign language experience & ability, intellect & verbal & nonverbal abilities & motivation, gifted 5th–8th graders, Czechoslovakia, 21447
imagery-base mnemonics & returned cues, acquisition of French article-noun pairs, English-speaking college students, 5272
immersion vs partial immersion vs foreign language in elementary school programs, French or Spanish language learning, elementary school students & 7th graders, 29180
intellectual abilities & motivation & personality traits, foreign language abilities, 5th–8th graders, Czechoslovakia, 18665
language acquisition vs learning, adults learning 2nd language, 27685
lexical development in initial weeks of acquisition of English as 2nd language, 5 yr old Japanese female, 9223
linguistic competency & individual differences in language & communication, conference presentation, 10751
mathematics learning & achievement, language minority students, 2430
microcomputer-based audiovisualization of pitch contours of sentences, learning intonation, foreign language learners, 25008
native language literacy & bilingual education, acquisition of literacy in second language, adult Haitian refugees, US, literature review, 30341
peer interaction, learning English as 2nd language, 5–8 yr olds, UK, 14045
personality variables, 2nd language learning, 1st yr college students learning French, 13083
phoneme & grapheme-phoneme contrasts between English & Spanish & word decoding, Spanish-speaking adults, 11367
prestige status & functional role & medium of instruction of foreign language, transfer in foreign language learning, 24986
problematic errors in learning English, adolescents, Morocco, 25124
proficiency in nondominant language, memory for input language & translation from weaker to stronger language, native Hebrew speakers learning English, 30328
role & influence of audiolingual component, foreign language learning, native speakers of German, 11649
second language learning, high school students, Spain, 5279
second language teaching styles, attitudes toward second language learning, elementary school students, 10706
size of instructional group, learning of foreign language, students, 15759
speech accommodation & ethnolinguistic identity theories & theory of 2nd language acquisition, 816
structural equation model of 2nd language acquisition, integrative vs behaviorist teaching method & language proficiency, adult learners, 21323
theory of critical period in natural language acquisition, 2–10 yr olds, implications for 2nd language learning, literature review, 16980
transfer of syllable structure to second language, native speakers of American English studying Egyptian dialect of Arabic language, 24983
use of speech-output system, foreign language learning, 15–19 yr old secondary school students, 21290
validity of Edmonds Learning Style Identification Exercise, evaluation of relation between preference for sensory modality in learning & achievement in beginning Spanish, college students, 10847
2nd language attrition, high school & college students, implications for programmatic research, 3093

Foreign Language Translation

adaptation & factor structure of Scale of Attitudes Toward Disabled Persons, college students, China, 29741
adaptation of C. Tennant & G. Andrews life-event scale, measurement of stressful life events, Australia, 24210
analysis & standardization of Rotter's Internal-External Locus of Control Scale, college students, Italy, 179
characteristics of Italian version of M. M. Feldman's test of body perception, 21763
Chinese translation of Offer Self-Image Questionnaire for Adolescents, male vs female 9th graders vs adolescent factory workers, Taiwan, 24303
comparison of French translation of commitment questionnaire by R. T. Mowday et al & J. D. Cook & T. D. Wall's commitment scale, assessment of organizational commitment, 17–19 yr old cadets, 11169
construction of Czech version of MMPI Panic-Fear scale, implications for use in psychosomatic medicine, 8413
content bias of McCarthy Scales of Children's Abilities, dominant English- vs Spanish-speaking Mexican American preschoolers, implications for test translation & nonbiased assessment, 19104
cross validation & recalculation of 3 readability formulas for German language, 21513
development of BAGMAK-Hebrew version of Career Maturity Inventory & value of vocational maturity test as predictor of vocational adjustment, government & counseling center employees, Israel, 213
evaluation of Spanish version of Frankfurt Psychopathological Inventory, schizophrenics & phobic-obsessives, 16334
factor structure of English vs Hungarian language inventory, assessment of school motivation, 12–13 yr olds, Great Britain & Hungary, 8117
French version of DSM-III, 20171
influence of G. Dumas, psychoanalytic theory, S. Ferenczi, implications for role of translator, 18947
interrater reliability & criterion-related & construct validity, revised version of comprehensive therapy scale, psychiatric patients observed by occupational therapists, Taiwan, 11158
language mixing & spontaneous translation, polyglot aphasics, literature review, 1704
norms & reliability & predictive validity for Spanish version of Boehm Test of Basic Concepts, prediction of academic achievement, kindergartners through 2nd graders, Puerto Rico, 15962
nuances & implications of Freud's writing style & shortcomings of J. Strachey's translations, 24116

problem of "novelistic truth" in foreign language translation, 9063
problems in adapation of WISC, 7th graders, Argentina, 29767
problems of internationalizing Association of Methodology & Documentation in Psychiatry rating scale, 11120
proficiency in nondominant language, memory for input language & translation from weaker to stronger language, native Hebrew speakers learning English, 30328
reliability & validity of Chinese version of Depression Adjective Check Lists, bilingual college students, Taiwan, 13542
reliability & validity of German version of Jenkins Activity Survey, coronary prone behavior, employees & students, 16352
reliability & validity of MMPI translated into Puerto Rican Spanish, 15–18 yr old high school students vs students returning from US vs clients at mental health centers, Puerto Rico, 19049
reliability of English & Spanish version of Client Satisfaction Questionnaire, Anglos vs bilingual Hispanics, 29765
reliability of translated Self-Esteem Inventory, Puerto Rican Spanish speaking 15–18 yr olds, mainland US vs Puerto Rico, 2940
research studies on intelligence & special-abilities & personality tests, Greece, 112
role of translator in therapeutic processes, physicians & patients speaking different languages, 31331
Spanish translation of Gray-Wheelwright's survey of Jungian personality types, college students & elderly, 2934
Spanish translation of Test of Early Language Development, assessment of Spanish oral language skills, Spanish speaking 3–7 yr olds, 15922
study of 40th hexagram in "I Ching", 11653
translated versions of Eysenck Personality Questionnaire, cross cultural comparison of personality factors, 16–70 yr olds, 26 countries, 9538
translation & adaptation & validation of UCLA Loneliness Scale, college students, Brazil, 137
translation & adaptation of J. B. Rotter's Interpersonal Trust Scale, West Germany, 16293
translation & reliability & concurrent validity & norms, Spanish & Hebrew & Chinese versions of Depression Adjective Check Lists, 16341
translation of Eysenck Personality Questionnaire into Sinhala language & examination of factors of psychoticism & extraversion & neuroticism & social desirability, adults, Sri Lanka vs England, 19094
translation of High School Personality Questionnaire into local idiom, primary personality factor structure & item validity, 12–17 yr olds, Hawaii, 21748
translation of McGill Pain Questionnaire, Italy, 16343
translation of State-Trait Anxiety Inventory, Poland, 2947
translations & worldwide use of General Aptitude Test Battery, 141
validation of Multiple Affect Adjective Check List, Romania, 11174
validity & reliability of Rotter's Sentence Completion Test, clinical application of Norwegian translation as diagnostic projective instrument, psychiatric patients, literature review, Denmark, 24312
validity of short vs long forms of Hamburg-Wechsler Intelligence Test, psychiatric inpatients, Switzerland, 24310
validity of Symptom Check List-90 translated into Hebrew, general practice patients & other adults, 191

Foreign Languages

articulation of American English "l" & "r" & role of phonological & articulatory habits, native speakers of Japanese with differing experience with English, 22255
attitudes toward French vs English vs German vs Dutch languages, 18–19 yr old Dutch- vs French- vs German-speaking students, Belgium, 18637
attitudes toward interlanguage vs speaker, evaluation of native vs nonnative narratives, native vs nonnative Spanish speakers, 13935
communicative theories of cognitive processing, teaching reading in foreign language, 29251
comprehension processes, foreign language reading, 13931
consonant context, identification of French vowels, native French vs English speakers, 13933
cross validation & recalculation of 3 readability formulas for German language, 21513
discrimination & assimilation & preservation of language, Italian- & Romansh-speaking peoples, Switzerland, implications for psycholinguistics, 30609
evaluation of basic orthographic syllablic structure, Serbo-Croatian written in Roman & Cyrillic alphabets, 823
expressiveness & fluency of native vs foreign language poetry readings, males vs females, US vs Germany, 19747
hemispheric asymmetry & reading & writing habits, directional preferences in reproducing horizontally displayed visual stimuli, readers of Hebrew vs English vs Arabic, 30088
native language influence, politeness judgments of 2nd language structures, college student speakers of Yoruba & other Nigerian languages, 27691
perception of syllable/stress-timed rhythm in 7 languages, English vs French phoneticians vs nonphoneticians, 340
personality variables, 2nd language learning, 1st yr college students learning French, 13083
prosodic disturbance in Thai, 28–33 yr old aphasics, 14924
replication of sounds in novel foreign language, English speaking 7 vs 9 vs 11 vs 13 vs 15 yr olds, 22332
role of ethnocultural stereotypes & foreign languages in commercials, Japan, 24066
rules & structural contradictions & meaning, Vietnamese kinship terms, 13939
script frequency, semantic processing of Kanji & Kana words, college students, Japan, 30334
special reading time with Spanish materials, reading abilities & attitudes & self concept, Hispanic junior high school students, 32036
voice onset time production in Thai, 28–33 yr old aphasics, 14923

Foreign Nationals [See Also Foreign Students, Foreign Workers]

psychological & social disorders, Turkish females seeking abortions, West Germany, 14634

Foreign Policy Making

foreign policy decisions & structures of argumentations, 1900–55, Netherlands, conference presentation, 22529
repressive policies of government, appeal presentations on human rights, lawyers & their clients, Chile, 1973–81, 30672

Foreign Students

adaptation to college life & student characteristics, foreign college students, US, 10793
analysis of Assessment of Language Proficiency of School Beginners, assessment of language development, foreign workers' children, West Germany, 23913
counseling techniques & interventions, Nigerian college students on US campuses, counselors, 21474
demographic & personal variables & number of years in France, social representations of Venezuelans, Venezuelan students, France, 6432
diary, West German music therapy student who lived in US, 21219
educational problems, students returning from US, Puerto Rico, 21389
intensive group workshop, coping with transition & problems of new culture, foreign college students, 26678
model of cross cultural adaptation to mismatches between norms & behavior & self concept, foreign college students, Canada, 11910
perception of meaning of cultural identity, third-world students aged 20 yrs & older, France, 18633
self report of adjustment problems & academic performance, native vs Malaysian university students, New Zealand, 29310
sex & age & time in US, drug use prevalence, Nigerian college students, US, 14454

Foreign Workers

childrearing attitudes & expectations, native vs guestworker parents of kindergartners & 1st graders, West Germany, 30647
cross cultural differences in special education, children of foreign guest workers, Switzerland, 15872
epidemiology of neurosis assessed with Cornell Medical Index, male Turkish immigrant laborers, Holland, 14733
epidemiology of psychiatric disorders & symptoms, children of guest workers in child psychiatric outpatient unit, West Germany, 1978–82, 25496
key factors in cross-cultural adjustment process, expatriate managers, literature review, 16067
life events & depression, 25–50 yr old native vs transit workers, Qatar & Kuwait, 1377

perceived adjustment & psychosocial problems, loneliness & anxiety & depression & homesickness & low self esteem, Iranian vs Filipino physicians, US, 15616
Foremen (Industrial) [See Industrial Foremen]
Forensic Psychiatry
admissibility of expert psychiatric testimony on question of intent during guilt determination, case law, 3892
assassination acts against Presidents J. Kennedy & G. Ford & R. Nixon & R. Reagan, medical & legal responses, 1522
clinical ethics, forensic psychiatry, 10563
clinical vs forensic approaches to evaluation of malingering, 1582
Committee on Ethics of American Academy of Psychiatry & Law, guidelines for forensic psychiatry, comments on views of A. A. Stone, 10636
concepts of diminished responsibility & dangerousness, psychiatric evaluation & testimony as part of sentencing process, criminal defendants, 1154
conceptual framework for prediction of dangerous & violent behavior, forensic applications, 1118
decision-making model for post hoc assessments of mental capacity, forensic mental health examiners, 30675
development & operation & evaluation of inpatient forensic mental health unit, conference presentation, 21065
ethical boundaries, forensic psychiatry, 10628
ethical dilemmas, forensic & social psychiatry, 10587
ethical issues, forensic psychiatry, criticism of A. A. Stone's article, 10609
ethical issues, forensic psychiatry, criticism of A. A. Stone's study, 10632
ethical issues in forensic psychiatry, attorney's response to views of A. A. Stone, 10635
ethical issues in forensic psychiatry, comments on criticism by A. A. Stone, 10646
ethical problems in dealing with attorneys, forensic psychiatrists, comments on view of A. A. Stone, 10620
ethnopsychiatric approach to reporting forensic psychiatry evidence, 27967
evaluation of mental capacity witnesses in sex abuse & burglary cases, case law, 25331
expert psychiatric testimony in cases involving possible death sentence, 1097
expert psychiatric testimony in insanity cases, case law, 25327
forensic issues, military psychiatry, 1799
forensic psychiatry, Netherlands, 3937
forensic psychiatry, Taiwan, 3930
guidelines for use of forensic hypnosis, 22510
history of use of scientific evidence & medical expertise in legal processes, England, 3915
hypnosis, forensic detection of deception & malingered psychiatric disturbances, 1156
improvements in psycholegal assessment & diagnosis, legal testimony, forensic mental health specialists, 1104
Luria-Nebraska Neuropsychological Battery, forensic assessment of head injured plaintiff, 1114
mental condition vs overt violent & aggressive behavior & insanity defense statutes, 1136
operational definition & model for forensic mental health examinations, criminals, 1124
perceived use of Rorschach Test in criminal forensic work, forensic psychiatrists & other mental health professionals, 5134
professional guidelines, forensic hypnosis, 5131
program for provision of information on legal & mental health systems & short term cognitive behavioral therapy for anger control, mentally ill offenders, 28976
psychiatric court reports in criminal cases, Iceland, 17211
psychiatric diagnostic label use & judicial decisions described in 19th century articles published in "American Journal of Insanity" on murder & insanity, 14819
psychiatric disturbance & violent behavior, 17523
psychiatric ethics, courtroom behavior, criticism of A. A. Stone's article, 10550
psychiatric examinations to assess mental states, violation of privilege against self incrimination, defendants, case law, 3862
psychiatric testimony in legal proceedings, case law, 25326
psychiatric treatment, patients with workers' compensation injuries, conference presentation, 20643
psychological assessment, factitious claims & compensation for injuries related to trauma, 1164
record of prehearing psychiatric examinations not required for civil commitment process, case law, 3855
restriction of psychiatric testimony during guilt phase of trial on murder defendant's state of mind during crime, case law, 3878
right to attorney during psychiatric examination, mother in parental rights case, case law, 3859
right to present psychiatric testimony relevant to insanity defense, defendant in murder trial, case law, 3896
right to psychiatric examination, criminal defendants, case law, 3861
role in court, psychiatric experts, 9434
role of psychiatrist in penitentiary appeal court, Netherlands, 3911
social & demographic variables, clinical & legal decisions, Ss arrested for crimes & clinically evaluated & legally determined to be sane or insane, 14612
subjective assessment of suicide risk, malpractice liability & prevention, psychiatrists, 5091
survey of training directions in forensic psychiatry, American Academy of Psychiatry & Law & Section on Psychiatry of American Academy of Legal Medicine members & legal medicine teachers, 31876
use of legal standards in assessment of suicide risk & informed consent, malpractice liability & prevention, psychiatrists, 5076
victimological viewpoint, sexual aggression & forensic psychiatry issues, conference presentation, 9822
Forensic Psychology
ability to provide information concerning perception & memory in eyewitnesses, psychologists, comments on work of M. McCloskey & H. E. Egeth & E. F. Loftus, 20031
ability to provide information on perception & memory in eyewitnesses, psychologists, comments on article by M. McCloskey & H. E. Egeth, 20040
constitutional issues & legal constraints of psychological examination & adjudication, criminals, 1153
contributions of forensic neuropsychology, 20027
definition of forensic psychology, 20013
detection of psychological malingering & deception in forensic settings, 20028
development & reliability of Dangerous Behavior Rating Scheme, prediction of violence, forensic patients, 19087
expert witnesses in criminal trials, psychologists, Hong Kong, 3905
forensic use of hypnosis & polygraph, bibliography, 27961
guidelines for use of forensic hypnosis, 22510
hypnotic memory enhancement, witnesses, literature review, 14419
method for scoring & interpretation of Personal Orientation Device so as to predict Guilford-Zimmerman Temperament Survey scores, forensic evaluations, 166
number & frequency of usage of cards & administration & evaluation methods, patterns of usage of TAT in juvenile forensic settings, psychologists, US & Canada, 26963
position of experimental psychology to provide expert information on reliability of eyewitnesses, comments on article by M. McCloskey & H. E. Egeth, 20010
psycholegal problems with use of child victims of sex offenses as witnesses, 3933
psychological methods for jury selection, 1129
qualifications & knowledge of psychological testing & offering opinions during expert testimony, forensic psychologists, 31859
role in evaluating eyewitness testimony, psychologists, reply to comments by G. L. Wells, 20030
role in evaluating reliability of eyewitness testimony, psychologists, reply to comments by K. A. Deffenbacher, 20014
scientism & ethics, investigative hypnosis, law enforcement behavioral science professionals, 11945
use & misuse of hypnosis within legal systems, 11931
usefulness of Schedule for Affective Disorders & Schizophrenia diagnostic interview, evaluation of criminal responsibility in forensic clinic, 14413
Forgetting
auditory EP recovery cycle & P3 latency, elderly Ss with benign forgetfulness, implications for senescent forgetfulness as nonprogressive memory deficit, 25120
delayed recall, word associations & memory, college & high school students, replication of A. J. Parkin et al study, 5828

delayed retention testing, word associations to emotional vs neutral stimuli, reply to comments by R. Rossman, 5825
demographic characteristics, reporting fall off in life stress study, 18–96 yr olds, 28074
duration of contextual cuing & cuing-test interval, forgetting of maze performance, male rats, 8620
failure to encode vs inability to retrieve, next-in-line effect of failure to remember, college students, 19267
forgetting of visual discrimination, pigeons, 19331
icv apomorphine, memory retrieval in spontaneous forgetting paradigm & maze task & forebrain norepinephrine levels, male rats, 22218
intratrial interference, directed forgetting in delayed matching, pigeons, 11409
memory diaries to record incidents most often forgotten, college students, implications for prevention of forgetting, 27163
narrow field of consciousness, memory, 21894
picture frequency-discrimination vs recognition, rate of forgetting, college students, 27172
pretest amphetamine, forgetting of conditioned emotional responses, rats, 6156
prototype distance & range vs frequency of within category variation & feedback & differential forgetting of information values, categorization performance & uncertainty & GSR, male students, 29948
remember & forget cues, memory for pictorial stimuli, monkeys, 3193
use of memory diary in study of forgetting experiences, college students & 75–76 yr olds & 24–34 yr old neuropathological patients, implications for memory management in brain damaged patients, 22944

Form and Shape Perception

age & sex, oral stereognostic ability, 4.4–11.3 yr olds, 11745
alternation of physically identical reversible figure, duration of perceptual intervals, adults, 21842
bilateral ablation of 2nd somatosensory cortex & area 5 vs lesions of area 5 & posterior part of area 2, tactile discrimination & role of cortico-limbic pathway, monkeys, 706
color, luminance-difference thresholds for subjective contours, humans, 290
computational techniques for graphic simulation of curved surfaces, 18991
contrast value of square-wave grating, perception of 3-dimensional shape & direction of illumination, adults, 24383
cortical neuron response to illusory contours, rhesus monkeys, 607
cue interpretations of interposition, perception of subjective contours, 73 yr old male with visual agnosia, 1729
degree of symmetry & general vs relative orientation, symmetry perception, college students, 13657
dichoptic viewing condition, fragmentation characteristics of luminous figures set off by real vs subjective contours, college students, 27112
dihedral angle size, motion-induced contour perception, adult Os, 24415
discrepant visual vs haptic form information, identification of object with visual match, college students, 5695
dissimilarity & redundancy of lines-in-context stimuli, object-line effect, human Ss, 8487
egocentric vs geocentric factors in spatial coordinate system, tactile form perception, adult females, 5702
emphasis on form vs function during 1st experience with toy, categorization, 2 yr olds, 9167
estimation of curvature of arc segment figures, 30–42 yr olds, implications for illusion of eccentricity, 21840
figural factor in split motion situation in apparent movement, 24404
figure-ground reversals in sketch by H. Bosch, 8498
formation of visual stimulus equivalences, 5 & 7 yr olds, 9203
foveal stimulus presentation, discrimination of curvature, human Ss, 5749
general theory of visual acuities for shape & spatial arrangement, 29882
Gestalt geometric forms, eye fixations & detection of relations among visual elements, 1 & 3 mo olds, 9244
global magnitude & saturation, object comparisons in classification tasks, 3 vs 4 vs 5 yr olds, 25151
half-field predictability & strategy, RT on visuo-spatial task, right handed male vs female 17–23 yr olds, 291
illumination & retinal size, depth stratification of subjective contour figures, adults, 24385
impairment in object constancy in matching 2 photographic views of target object, brain damaged 59–75 yr olds, 20527
intersection of illusory vs static line orientations with movement direction, displacement of perceived movement path, Ss, 29877
issues & models in visual cognition, literature review, 29865
kinetic depth information & motion, perception of solid 3-dimensional shape, 4 mo olds, 11754
length of active vs passive touch, form recognition, college students, 5696
light source position, perception of object shape, college students, 282
linking propositions in explanations of Mach bands & neural processing in form perception, 29878
masking with vs without choice, accuracy of evaluation of size of textured pattern vs localization of contoured pattern, human Ss, 29851
matching-to-sample operant discrimination training, transfer of figure-matching to novel samples in multiple key discrimination task, pigeons, 21932
memory for shape & position of tactilely experienced geometric blocks, 19–76 yr olds, 3656
minimum principles, theoretical analysis of visual perception, 19203
nature & function of autistic shapes & role in autistic pathology, autistic children, implications for psychoanalytic therapy, 15188
object & color incongruence, Stroop color/form perceptual interference, 19–35 yr olds, 21839
parallel projections of 3-dimensional motion, shape & depth perception, college students, 27104
pattern depth & connectedness & delay of context pattern presentation, target line identification accuracy, 29828
perceived size of triangles vs squares, judgment of apparent distance of figures, college students, 11254
perception of kinetic subjective contours between spatially separated figures, college students, 5723
perception of shapes of tilted plane forms in familiar vs novel orientation, 3 mo olds, 11726
perception of symmetry & bilateral symmetry of visual system, college students, 24418
perspective & compression & density gradients, perception of flat & curved surfaces, human Ss, 8483
perspective vs overlay, estimation of strength of illusory contours in line patterns, paid Ss, 289
preference for color vs form in discrimination task, 25–80 yr old left- vs right-brain-damaged aphasics, 1677
presence of occlusion information, sensitivity to human form specified through biomechanical motion, 20 vs 30 vs 36 wk olds, 25074
presentation of same object in various perspectives & states vs different objects with varying degrees of conceptual relatedness, determination of equivalency, college students & 28–60 yr olds, 5782
raised outline shapes, passive tactile recognition of simple template patterns, college students, replication of L. E. Magee & J. M. Kennedy's experiment, 265
real-time visual processing theory, contour formation & contour & brightness interactions & neon color spreading & complimentary color induction & filling in of discounted illuminations & scotomas, 19201
recognition memory for numbers vs shapes, heart rate, 18–28 yr old males, 11526
representation & processing of visual information & artificial representations, 29881
rigid & nonrigid motion, incremental recovery of 3-D structure, implications for computer stimulation programs, 27124
rigid vs nonrigid motion & parallel vs polar projection, 3-dimensional form perception, college students, 24435
role of geometrical transformations in cognitive judgments of patterns, adults, 11291
selective adaptation procedures, perspective orientation for spatially ambiguous reversible figures & role of multiple local visual processes, human Ss, 8521

shape orientation & position of focal features, judgment of shape constancy, college students, 24408
square- & angle-area illusions & relationship to Mueller-Lyer illusion & constancy scaling hypothesis, 11299
standardization of Bus Puzzle Test, assessment of development of expressive language & comprehension & shape recognition & spatial orientation, 1.5–4.5 yr olds, 142
superior colliculus lesions, discrimination learning between targets with global vs singular feature differences, cats, 30192
target cuing by category vs identity, errors in reporting color attribute of form target in visual search task & role of parallel vs sequential perceptual selection processes, 18–45 yr old female, 24358
texture gradients, surface perception, reply to K. A. Stevens' comments, 8482
texture gradients, perception of flat & curved surfaces, comments on J. E. Cutting & R. T. Millard's article, 8519
theorem of perception of apparent curvature of occluding contour of visual solid shape, 27113
type & velocity of movement, geometric form discrimination, 3 mo olds, 9163
vergence eye movements & initial fixation-target distance, form vs depth discrimination in global stereopsis, college students, 287
visual & hapatic perception & classification of 3-dimensional solid forms, college students, 24365
visual perception of structure from motion, implications for rigidity assumption, criticism of M. L. Braunstein & G. L. Andersen's study, 24437
visual perception of structure from motion, implications for rigidity assumption, 24387
visual preference for color over form, male vs female 16 yr olds, Nigeria, 16994
visual process in object recognition, 29845
visual recognition memory assessed by Kimura Recurring Figures Test, head injured adults, 12333
visual system properties of shape imaging useful in other pattern-recognition systems, 21836
visuospatial factors in denomination & copying & reproduction from memory tasks, 4–7 yr old females, 3617
word shape, lexical access & word recognition during reading, college students, 5824
Form Classes (Language) [See Also Adjectives, Nouns, Pronouns, Verbs]
development of prepositions used in expression of circumstances as adverbial adjuncts, 1.9–2.8 yr olds, 2-yr longitudinal study, Chile, 19843
semantics & syntax & context & part of speech, accessibility of words in sentences, college students, 831
spatial concept development, understanding of spatial prepositions, preoperational 2–7 yr olds, 9249
tachistoscopic presentation, recognition of words varying in imagery vs part of speech vs frequency, 18–30 yr old right vs left handed college students, 29809
use of causal connectives in conversation, 3.5–9.5 yr olds, 19834
use of syntactic & semantic information in interpretation of proper & common names for unfamiliar objects, 2 yr olds, 9182
Form Perception [See Form and Shape Perception]
Fornix
fimbria-fornix lesions, cognitive mapping vs spatial working memory, male rats, evaluation of 2 theories of hippocampal function, 3394
fornix transection, associative memory & learned action & role of hippocampus, cynomolgus & rhesus monkeys, 19625
fornix transection, reversal shift learning, cynomolgus monkeys, 19626
unilateral entorhinal cortex &/vs psalterium lesions & lesion-induced synaptic proliferation, recovery of spatial alternation task performance, male rats, 22123
FORTRAN [See Computer Programing Languages]
Forward Masking [See Masking]
Foster Care
abandonment & placement in privileged environment vs remaining in disadvantaged social environment vs institutional or foster homes as types of adoption placement, IQ & academic performance & behavior, low SES children, 30426
Adoption Assistance & Child Welfare Funding Act of 1980, establishment of reporting & tracking system to address lengthy foster care placement, 17212
childhood experience in foster care & psychosocial development, 19–31 yr olds, 4898
demographic variables & social conditions & ethnicity, prediction of foster care placement, children, 21019
description of R. Homan's concepts of inclusive & exclusive fostering, 23461
development of Pennsylvania laws of foster care, custody conflicts, foster vs birth parents, 22508
early institutional care & return to biological mother vs placement in adoptive vs foster home, adjustment & school performance, 15 yr olds registered for adoption as infants, longitudinal studies, 27824
early parental loss or separation, natural mother–child relationships & outcome of replacement care & mental health, 40–49 yr old females whose mothers died before age 11 vs evacuation from mothers during WW II vs separation for other reasons, 25284
effective foster parenting, foster parents, 17176
efficacy of therapeutic foster homes, maladjusted unwed adolescent mothers & their infants, 31645
emergence of child abuse in foster homes, 9768
film illustration of sense of aloneness & attitudes toward relationships, adolescents & young adults in foster care, 28848
foster care as alternative to institutionalization, aged & mentally impaired & physically disabled & mentally retarded adults, 15406
foster family care as alternative to nursing home placement, 50–95 yr olds, 18243
foster family care, 46–92 yr old borderline & profoundly mentally retarded, 15423
guardian ad litem panels, appointment & monitoring of guardians, 14388
importance of sibling ties in foster care & adoption planning, children, 4907
legal responsibilities of child guardians, UK, 14387
medical foster care program to reduce extended hospitalization, 4 wk to 7 yr old abused or neglected females, 4881
need for variety of clinical services in treatment of emotionally disturbed & mildly retarded in foster care, 17 yr old borderline retarded male with neurocognitive deficits, 31643
network therapy meetings, statutory child care cases in social services, families, 28677
outcome of permanency planning, children leaving foster care, longitudinal study with 12–16 mo followup, 23440
parent loss through abandonment vs divorce vs death vs illness & institutionalization & foster care, 13 & 17 yr old females, implications for psychodiagnosis & treatment, 23480
parental visiting & time spent in foster care, permanency of placement, foster children, 17184
policy & practical application & issues of relationship of medicine & social work, children in care, UK, 15429
principles for placement in family or group care, children with special needs, 23437
problems & practices of foster parents & agencies, management & disposition, disturbed children admitted to child welfare services, Canada, 23463
problems in transracial adoption & foster care, Black 3–14 yr olds in White staffed foster homes, UK, 1092
provision of child care services during alcoholism treatment, alcoholic mothers, 12870
race & adoption & foster care, need for social support services & parent training for Black families, UK, paper presented at March 1983 meeting of Transcultural Psychiatry Society, 1063
race & age, multiple placement in foster family care, children, 23459
recidivism in foster care, children, 18239
residential homefinding unit, preparation & homefinding & post-placement support in residential care & family placement, children, 23434
residential workshop, professional foster parents, 23431
reunion with biological parents after return from foster care & receipt of community services adjustment, foster children, 23464
review procedures, children in care, UK, 14407
roles in permanency planning, social workers, 4883

sense of personal identity & early experience of security & knowledge of own background, confidence & security, adoptees & Ss who grew up in foster homes & were in early or mid-20s, 11839
simulation as training method, foster care work, foster care workers & court staff & foster parents & students, 23671
social work interventions during father's absence & mother's mental illness & placement of children in long-term care, parents & their 3 children, conference presentation, 18248
structure & philosophy of child welfare system, racial & ethnic minorities, UK, 2101
type of contact with agency &/vs child in foster care & average number of contacts, length of stay in foster care, children, 12747
typology of unsuitable foster care, Czechoslovakia, 7603
value of listening to children's concerns, children placed in social work care, Canada, 12784
wardship proceedings, protection of children at risk for neglect & abuse, 14389
Foster Children
assessment of developmental needs, preschool mentally & emotionally handicapped foster & adoptive children, 22640
demographic variables & social conditions & ethnicity, prediction of foster care placement, children, 21019
early deprivation, emotional development & psychotherapy, 66.5 yr old female in foster care, 7226
fantasies in psychotherapeutic relationship & institutionalization, male foster children, 26061
incidence of juvenile delinquency, 14–18 yr old former residents of foster homes, literature review, 26290
issues in psychotherapy, 7.5 yr old male in foster care, 7231
outcome of permanency planning, children leaving foster care, longitudinal study with 12–16 mo followup, 23440
parental visiting & time spent in foster care, permanency of placement, foster children, 17184
placement of infant candidates in adoptive homes vs foster homes vs with biological mothers, social maladjustment & school underachievement & nervous disturbances, 11 & 15 yr olds, longitudinal study with 15-yr followup, 6476
preparation for separation & family & parent-child relations prior to end of foster care, families of foster adolescents in time limited placement, 14292
race & age, multiple placement in foster family care, children, 23459
recidivism in foster care, children, 18239
reunion with biological parents after return from foster care & receipt of community services adjustment, foster children, 23464
social casework using "life book" method, children being adopted or living in foster or residential care, 23470
type of contact with agency &/vs child in foster care & average number of contacts, length of stay in foster care, children, 12747
Foster Homes [See Foster Care]
Foster Parents
description of R. Homan's concepts of inclusive & exclusive fostering, 23461
development of Pennsylvania laws of foster care, custody conflicts, foster vs birth parents, 22508
effective foster parenting, foster parents, 17176
preparation for living with permanent substitute parents, short term foster parents of 3 yr old male, 15438
preparation for separation & family & parent-child relations prior to end of foster care, families of foster adolescents in time limited placement, 14292
residential workshop, professional foster parents, 23431
role perceptions of foster parents, mothers & fathers vs social workers, Canada, 17199
training program, amelioration of role conflicts, foster parents, 31626
use of psychodynamic vs task-oriented model by social services department, assessment, foster parents, 23436
Fovea
brightness of red & orange & green stimuli, foveal visual EPs, 25–35 yr olds, 16648
color-opponent r–g units of X-cell pathway, spatial & spectral sensitivity, primates, 567
extrafoveal vision, loss of spatial phase relationships, 30097
foveal & extrafoveal distribution of macular pigment, humans, conference presentation, 24420
foveal load & retinal eccentricity & left vs right visual field, peripheral line orientation discrimination accuracy & tunnel vision, college students, 29884
foveal stimulus presentation, discrimination of curvature, human Ss, 5749
foveal vs peripheral visual field presentation, thresholds for onset asynchrony between vertical line stimuli & flicker, male 23–24 yr olds, 11290
foveally stabilized target, suppression of optokinesis, 20–40 yr olds, 29887
low spatial frequency, foveal spatial limit of sensory fusion of binocular disparity & relation to stereoscopic limit, human Ss, 8513
mesopic visual acuity & color vision & threshold sensitivity of central retina, 29–65 yr old patients with slight macular degeneration, diagnostic & treatment implications, conference presentation, 25940
orientation dependence & visual hyperactivity in discrimination of spatial frequencies & role of hexagonal symmetry of foveal photoreceptor organization, experienced Ss, 3279
pi-mechanisms & color increment thresholds, humans, 3287
presence & development of retinal drusen & color vision deficiencies as indication of potential subsequent macula degeneration, patients over 50 yrs old, conference presentation, 25949
presentation of nontarget columns, parafoveal target identification, college students, 19193
retinal eccentricity of stimulus, detectability amplitude modulation & frequency modulation of sine wave patterns, human Ss, 5717
role of blue fundamental in foveal color-matching functions, 8497
RT measurement, receptive field properties of fovea, humans, 8839
spatial interval in foveally presented lines, segmentation in line-separation acuity functions, human Ss, implications for hyperactivity, 11302
stabilized retinal image, visual field size, human Ss, 13664
wavelength discrimination & spectral sensitivity & color matching performance of fovea & at eccentricities in peripheral retina & relationship to congenital color blindness, adult Ss, 29875
Fowl [See Birds]
Fragmentation (Schizophrenia)
disturbances of expression & reception of nonverbal clues as deficits in encoding & decoding contextual information, schizophrenics, 22667
Frail [See Health Impaired]
France
adaptation of German computerized diagnostic system in psychiatry, France, 1454
application of reform from psychiatric hospital to preventive psychiatry, France, 26319
application of 1968 law for civil protection of individuals with major disabilities, France, 1135
assimilation effects, consecutive grading systems, France, 5361
asymmetry in word-inital stop production & strategy to circumvent difficulty with lead voicing, 1.9–2.8 yr olds, France, 19792
attitudes toward Black African college student males & interracial marriage, 20–25 yr old female college students, France, 30612
attitudes toward patients & doctor-patient relationship & psychiatrists, medical students with mean age of 20.5 yrs, France, 5141
biography & contributions to knowledge of aphasia, A. Dejerine-Klumpke, France, 11483
birth order & mental disorders, 1900 vs 1984, France, 6834
child welfare interventions by government, children with no family or at-risk due to family circumstances, France, 12739
clinical syndromes & personality problems associated with social psychiatry, France, literature review, 1760
demographic & personal variables & number of years in France, social representations of Venezuelans, Venezuelan students, France, 6432
discovery & history of use of neuroleptics, France, 1977
educational programs with mutual & self evaluation techniques, elderly, France, 29176
emergence of cadres & role in class conflicts & formation of labor organizations, 1930's, France, 19945
entrance qualifications, promotion & productivity, workers, France vs West Germany vs England, 18802

epidemiology of attempted suicide, males & females, France, 25621
establishment of sectorized psychiatric reception unit in general hospital, France, 21085
etiological correlations & symptoms, children with Gilles de la Tourette's syndrome, France vs US vs Malaysia vs Siberia, conference presentation, 4408
evaluation of visibility & quality of human development journals, members of national psychological associations, France vs West Germany vs Great Britain vs US, 22288
expansion of education giving rise to elite vs sub-elite vs counter-elite social categories, France, 19946
familial sex role attitudes, college students, France, 30741
French approach, linguistic issues in psychoanalytic thought and practice, 12525
general medicine training & popularity of optional certificate at Creteil Hospital Medical School, France, 5150
governmental measures taken for reduction of fear of crime, France, 30699
history & evaluation of halfway houses, France, 15407
impact of book promoting euthanasia & approaches to assisting suicidal patients, France, 18235
individual & cross cultural differences, antecedents & components of emotion, college students, France vs West Germany vs Italy vs Switzerland vs UK, 17397
individual & professional factors, absenteeism, female textile workers, France, 16047
influences of French & Russian revolutions on terminology of comparative education & collective psychology & structure of university systems, US vs France, 29119
institutional divisions of academic & technical studies within secondary education, France, 31958
language choice & participative & integrative relationships in terms of filiation recognition vs denial, Greek 10–14 yr olds, France, 27739
law & voluntary abortion consent forms, female patients, France, 20982
law of 1838, alienation & segregation, elderly patients, France, 28534
law on major disability, abuse of mental patients, France, 20220
laws increasing penalties for driving while intoxicated, accidents causing injuries or death, drunk drivers, France, 30704
life & research contributions of president of French Medical Psychological Society P. Lucas, 19th century, 18927
life & works of U. Trelat, France, 5535
lifestyle & quality of life, adults, Japan vs France, 9369
medical & interdisciplinary models of French psychoanalytic theory, 29641
methodology for studying effectiveness of anti-anxiety drugs, France, 1994
modification of English language instruction at technical university, college students & teachers, France, 21288
motivations & profile of sperm donors & incidence of artificial insemination, France, 1973–78, 2047
operational definitions of schizophrenia & nonaffective psychoses, France, 25582
organization & functions of social gynecology center & abortion procedures, France, 20980
perception of meaning of cultural identity, third-world students aged 20 yrs & older, France, 18633
practice & theory & personal experience of supervision in Paris Psychoanalytic Society, France, 10603
problems of field research in ethnic relations, France, 6465
proposal for integration into regular school program, mentally disturbed school age children, France, 7176
proposed changes to legislative process affecting psychiatric hospitals, France, 2140
psychiatric hospitalization statistics, Paris, 21067
psychiatric nursing education program at Saint Anne Hospital Center, France, 21169
psychology as profession, France, 2239
psychopathology, Maghrabian immigrants in urban areas, France, 20353
SES, health attitudes, Ss undergoing health examination, France, 7526
sociological aspects of identity disorders, Maghrebian immigrants, France, 17572
status of widows and spinsters, Britain & France, 18th century, 19993
strike participation in 1968 & changes in level of alienation, workers, France vs US, 1967 vs 1973, 32318
technological changes, personal space, village inhabitants of Haut-Alpes region, France, 30566
theoretical & practical implications of 1945 statute regarding treatment of juvenile delinquents, France, 30697
time-space dimensions of work & family & leisure, literature review, France vs Great Britain, 29486
uses & importance of attics & cellars as hidden spaces, rural & urban dwellers, France, 32340
wartime naval psychiatry, France, 17118

Frankness [See Honesty]

Fraternity Membership
alcohol drinking patterns, college fraternities, 26600

Free Recall
age differences & commonness of picture label, orienting response to & free recall of picture stimuli, 17–24 vs 60–88 yr old females, 8867
age, rate of free recall & speed of cued recall, 59–76 vs 27–38 yr olds, 14069
alcohol consumption, delayed free recall, 19–38 yr old male college students, 8989
alcohol intoxication, effects of semantic vs phonemic vs graphemic processing levels on verbal free recall & recognition, 21–32 yr old male students, 805
amount of embellishing details in text, free recall, college students, 27181
approximations to probability distribution of categorical clustering in free recall of words, 24341
articulatory suppression & information about item list length, recall, college students & staff, 24490
categorical representativeness of words & free recall vs repetition vs categorical processing instruction, word recall, 7–8.3 yr old 2nd graders vs 9.6–11.3 5th graders, 3661
closed head injuries, intrusions & confusions in free recall, 18–60 yr old male patients, 23025
complete vs discrete presentation & presentation rate, recall of categorized & unrelated lists, college students, 27167
development of organizational classification strategies, educable mentally retarded 13.6 & 17 yr olds, 4373
diazepam dosages, immediate & delayed free recall of word lists & serial number learning & semantic categorization, 18–30 yr olds, 6125
free recall of abstract vs concrete words, poor vs normal readers in 2nd vs 6th grades, 19867
free recall, 17–31 vs 39–52 vs 58–85 yr olds, 895
identical vs synonym repetition of abstract vs concrete words, free recall, college students, implications for dual coding theory, 27162
incidental vs intentional memory conditions, free recall of categorized & noncategorized lists of pictures, kindergartners vs 2nd graders, 27801
inhibition of transfer both by more frequent occurrence of target words in word completion exercise & by prior recall of target words, 11th graders, South Korea, experimental replication, 932
interactive presentation of words in multi-trial free recall, learning, college students, 24486
interitem association & automaticity, development of organization in free recall, 3rd vs 5th vs 7th vs 9th graders vs adults, 25076
minor vs severe closed head injuries, free recall, 16–60 yr olds, 17798
organization of semantic clusters, free recall of word lists, college students, 29956
phonetic coding, oral free recall & serial reconstruction of rhyming vs nonrhyming letter sets, 42–50 vs 60–68 mo olds, 14063
Piagetian developmental level, clustering in free recall of pictures, 64–75 mo olds, 25094
presentation format of TV program, free & probed recall & recognition, 18–23 vs 65–70 yr olds, 14021
processes involved in recognition & recall, college students, 13712
proportions & locations of difficult vocabulary, free recall & summary recall & sentence recognition, 6th graders, 10750

reading skill & text structure & paragraphing vs color cueing, oral reading speed & free recall & comprehension, 7th & 8th graders, 26513
reading topic & use of cohesive conjunctions & level of reference & presence of response rhetorical predicates, reading rate & free recall, college students, 11338
regression model for order of recall of items in free recall, 24342
relevancy & meaningfulness of names & age, free recall, college students vs elderly volunteers, 19817
relevant & irrelevant stimuli, attention & recall, adults with mean ages of 20.17 vs 67.33 yrs, 14083
retrieval in active rehearsal strategies for free recall task, 2nd vs 6th graders, 30466
scaling of output regularities in free recall & assumptions underlying attempted solutions for categorized & unrelated lists, literature review, 24301
serial learning tasks, practice effects & retrieval shift from primacy to recency items in free recall, college students, 27170
serial structure of facts-enumerating text, free recall, 18–25 yr olds, 414
SES based on parents' educational levels, classification & free recall, kindergartners & 1st graders, 19798
single vs repeated massed vs spaced presentation of pictorial stimuli, free recall performance, 4–7 yr olds, 6329
structure analysis, list of items recalled during free recall task, 16462
taxonomic organization, free vs cued recall of 2 & 4 category lists, 2nd vs 6th graders, 19819
taxonomic vs thematic clustering during free recall of pictures, Black vs White 7 vs 10 yr olds from low- vs middle-SES backgrounds, 9230
text topic structure, free recall of text, college students, 19279
verbal instruction alone vs with line drawings & visual vs nonvisual testing & cued vs free recall & order of testing, academic achievement, college students, 5275
words with auditory &/vs visual imagery, free recall, college students, 24510

Freedom
choice in selection of activities in individual vs group setting, college & graduate students, implications for occupational therapy, 6630
deterministic concepts of behavior vs libertarian views of freedom in psychoanalysis, 26891
development & reliability & validity of scales, measurement of perceived freedom in leisure, 11138
ethics, sexuality & masochism & egoism & responsibility & freedom, 11057
existential-behavior therapy in relation to phenomenology & death & freedom & isolation & meaninglessness, 49 yr old female & 31 & 34 yr old males, 20838
existential views of nausea & freedom, J. Sartre vs C. Lispector, 13963
free will & place in psychology, reply to comments by M. R. Westcott & A. Giorgi & D. A. Crosby, 16212
free will & psychology as science, comments on article by J. F. Rychlak, 16179
free will & relation to psychology, comments on article by J. F. Rychlak, 16192
free will & relation to use of causal description in psychology, 16213
mental & free will concepts in psychology, comments on article by J. F. Rychlak, 16218
natural vs human science approach to study of human freedom, 2776
organizational development, individual freedom & privacy & self esteem, 16112
principle of free speech in university communities, 30558
proposal of dependency rule & medical indications policy as alternatives to autonomy criterion & quality of life, decision-making in care of elderly patients, 28591
psychoanalytic interpretation of freedom & determinism & mental disorders, 14618

Frequency (Pitch) [See Pitch (Frequency)]
Frequency (Response) [See Response Frequency]
Frequency (Stimulus) [See Stimulus Frequency]

Frequency Distribution [See Also Skewed Distribution]
classification of multivariate response curves using configural frequency analysis, 24353
computer simulation of statistical power of maximum likelihood procedure, detection of mixture distributions in laterality data, 21803
convolution analysis of RT distribution, analysis of cognitive processes & differential behavior of analysis parameters in different tasks, college students, 24150
estimation of RT hazard functions, 19116
Microsoft BASIC program, accurate integration of t density function in parametric probabilities, 29715
mixtures of univariate & multivariate normal distributions, determination of biologically distinct subgroups, psychiatric patients, 22706
positive skew distribution in human performance, implications for educational theory & research, literature review, 7997
statistical estimation in bivariate semi-lognormal distribution, 2989

Freud (Sigmund)
analysis of C. Jung & S. Freud's relationship, antisemitism & transference, 21681
assimilation & accommodation & closed aspects of mind in works of Freud & Piaget, reply to comments by J. R. Morss, 16867
attack on Freud's method of free association & proposed alternative, comment on D. Spence's book "Narrative Truth & Historical Truth", 1847
change in Freudian thought regarding clinical psychoanalysis of personality disorders, 29612
clinical & historical & textual study of Freud's patient Dr S. Pankejeff "the Wolf Man", 12493
cocaine addiction of S. Freud & development of psychiatry as medical science, 2763
comments on neurosis & transference in relation to conferences initiated by Freud under collective title of "Introduction to Psychoanalysis", 18931
communication between A. Einstein & S. Freud regarding psychobiologic factors of war, 25259
concepts of assimilation & accommodation & closed aspects of mind in work of Freud & Piaget, comments on article by H. Furth, 16884
conceptual framework of consciousness derived from combination of Freud's conception of mind & theory of consciousness, 5542
contemporary approaches to Freud's concept of feminine psychology, implications for psychotherapy, 24106
contributions of Freud & D. P. Schreber & P. T. Flechsig to Fifth International Psychoanalytic Congress, 29616
cultural & historical factors in Freud's & S. Dali's divergent perceptions of their meeting, 4077
cultural factors, psychic development, discussion of D. W. Winnicott's criticism of Freud's work, 14085
cultural influences in life of Freud, 18936
discussion of inconsistency in Freud's theory of moral development, 16860
examination of Controversial Discussions of British Psychoanalytical Society, change in psychoanalytic movement, 29649
experience as assimilated Jew & development of psychoanalytic theories & similarities to Freud, S. Ferenczi, 18946
Freud & his interpretation of psychoanalysis as science, 2756
Freud & womb envy as parallel concept to penis envy, 28088
Freudian analytical framework, undischarged states of shame & guilt in development of symptoms, 13457
Freudian view of female psychosexual development, research on role of vagina in female heterosexuality, 6579
Freudian view that all psychosis is conflict between self & exterior world, 16173
Freud's aversion to maternity in his dream of "Irma", 21670
Freud's collaboration with J. Breuer on "Studies on Hysteria" & "Project for Scientific Psychology" as reaction, 24114
Freud's concepts of emotions in psychoanalysis, 15175
Freud's concepts of repression, 8323
Freud's dream of "Irma", development of theory of dreams, 21694
Freud's early formulations, creativity of literary artists, 9064
Freud's views on monotheism & Moses & reaction to Nazi period, 18938
hidden language in Jewish jokes & Freud's characterization of this language, 26895

implications of modern nuclear war & possibility of species annihilation for Freud's theories of death & individual human instincts toward war & peace, 26886
incongruities & misunderstandings in psychoanalytic theory & practice, effective repetition, 17910
Jungian analysis of Freud's "Irma dream", 11035
Kleinian theory of Freud's patient Dora's dreams, 16189
meeting between Freud & S. Dali & psychoanalytic analysis of resulting portraits, 4076
moral judgment in Freud's theory of homosexuality & bisexuality, 6583
myths & stories in psychoanalytic work, Freud, 15134
negative transference to Freud, S. Ferenczi, 21687
nuances & implications of Freud's writing style & shortcomings of J. Strachey's translations, 24116
origin of concept of latency period in works of Freud, 18934
origins of psychoanalysis & Freud's Irma dream, 31372
personal background & theoretical constructs, Jung vs Freud, 5552
political & social issues in Freud's essay on WWI, conference presentation, 17112
priority & deferral in displacement in Freud's "Beyond the Pleasure Principle", 5537
psychoanalytic conceptualizations of society, Freud vs W. Reich vs H. Marcuse, 30570
psychoanalytic theory & conceptualization of emotional & intellectual development of women, 29620
re-examination of Freud's & E. Jones's account of J. Breuer's case of Anna O., 7256
reconciliation of Freudian & humanistic/transpersonal views of human nature & development, 24122
relationship between Freud & case of Wolf Man as related in autobiographical writing of Wolf Man, 17933
review of Freud's case of Dora, hysteria & transference, 17929
scientific & social background of Freud's group psychology, 30804
summary of Freud's metapsychology in terms of current critical conceptions, implications for social casework, 21683
theatrical semiotics in therapeutic relations, 31403
themes of history in Freudian psychoanalysis, 29625
victim's age, analysis of protocol sentences in suicide notes as reflecting aspects of Freud's formulations on suicide, 18–74 yr old suicide attempters & completers, 14800
views of Freud vs S. Bernfeld, psychoanalytic process, conference presentation, 1877

Freudian Psychoanalytic School

Anti-Freudian literature, 5532
approaches to question of will, Freud vs H. S. Sullivan vs J. P. Sartre, 13461
contribution to early psychoanalysis, A. Muthmann, 18922
contributions in development of psychoanalytic construct, Freud vs H. S. Sullivan vs J. P. Sartre, 13432
contributions to modern rationales of conscience, Freud vs M. Weber, comments on article by D. N. Levine, 11056
critical analysis of Freudian concepts of gregariousness & sex, 21685
discussion of S. T. Coleridge's idea of psychoanalytic understanding & Freud's theory of psychoanalysis, 23155
excerpts from F. Deutsch's letters regarding Vienna Psychoanalytic Society, 1923 & 1935, 24125
Freudian psychoanalysis & pastoral counseling & religious family life education in rise of personal religion in 20th century American Protestantism, 26904
Freudian psychoanalytic principles in brief analytical psychotherapy, change in psychic functioning & transference, 4617
Freudian vs Christian identification with respect to formation & transcendence of superego, 22452
Freud's drive theory & psychoanalytic ego psychology, comment on G. Blanck & R. Blanck's discussions, 8315
Freud's vs Lacan's theory of psychoanalysis, affect & effect & repression, 8318
modern rationales of conscience, Freud vs M. Weber, 11051
relevance of J. Goethe's work in psychoanalysis & Freudian thought, 25024
themes of history in Freudian psychoanalysis, 29625
theories of M. Klein & S. Freud on anxiety & death instinct, 16207
use of term "destiny" in Freudian thought, 13463

Friendship

age & marital status, development of & changes in friendship, 25–34 vs 35–50 yr old males, 4015
age & mutual vs unilateral friendship, reciprocity in acknowledgment of each other's personal-social characteristics, 2nd vs 4th graders, 994
aggression or friendliness toward sibling, stability of relationship, 6 yr olds initially interviewed at 2–3 yrs old, 3–4 yr longitudinal study, 30543
amount of reward & type of relationship & salience of co-worker's distress, egocentric bias, college students, 17322
asociality, understanding of friendship, 9–17 yr old males vs females, 19927
attitudes toward friendship, males vs females of 21 yrs of age & older, 17396
barriers to friendship & understanding feminism, females, 11958
chumship relationships & altruistic behavior, loneliness, 12–14 yr olds, 9342
construction of test to define acquaintanceship, analysis of global patterns of acquaintanceship, 20–66 yr olds, critical comments & author's reply, 12003
cooperative-group intervention, interracial friendships, male vs female White vs Black 5th & 6th graders, 30506
factors in friendship formation & mutual attraction, male college students, India, 14502
feedback about own performance vs successful performance of other person on same characteristic, social comparison jealousy & desire for friendship & depression & anxiety, college students, 12033
feminist erotics & love & eros & transformation, 28003
friendship & family & church-related associations, personal well-being, elderly Blacks vs Whites, 3796
friendship, adaptation to prison, female prisoners, 26365
friendship choices in integrated primary school, Protestant vs Roman Catholic 7–11 yr olds, Northern Ireland, 14144
friendship development, college students, 1-yr longitudinal study, 21379
friendship expectations, 2nd vs 4th vs 6th graders, 973
friendship over course of life, 60–89 yr olds, 998
friendship similarity & mildly deviant behavior, male vs female adolescents, 17091
group career counseling with primary group members, 23942
homogeneous sexual behavior, friendship choice, male vs female 12–17 yr olds, 961
homogenous friendships, 60 yr old Blacks vs Whites, 6407
incidence of friendship & behavior toward close associates vs nonassociates, preschoolers, 17057
intimacy vs power motivation, patterns of friendship, male vs female college students, 12007
intimate vs nonintimate self disclosures to parents vs best friends, androgynous vs traditional vs undifferentiated male vs female college students, 17383
nature & comparability of resource exchange, perceptions of friendship vs exchange relationship, female nursing students with mean age of 20.8 yrs, 4013
peer counseling training program, social interest, 11th & 12th graders, 10687
perceptions of negatively assertive statements from audiotapes of males vs females identified as friends vs strangers, male vs female college students, 1216
perceptions of peer relations & friendship, 6th graders, 2-yr longitudinal study, 17028
physiological & sociological & behavioral distress & friendship networks, 9th–12th graders, 27848
preferred friend relationship, Italian & German 40–48 mo old kindergarten students, Italy, 14126
presence of confidants & their characteristics, self esteem & life satisfaction & psychological well-being, married males aged 60 yrs & over, 13992
questionnaire-assessed beliefs about being friendly vs friendly behavior & case in social situations, college students, 22591
requirements of love & friendship, male vs female college students, Australia vs Brazil, 9556
respondent sex & relationship type, strategies used to acquire information about state of interpersonal opposite-sex relationship, males vs females, 28020

seeking & providing social support from close friends, parents of children with cancer, 31140
self disclosure in friendships, male vs female White vs Mexican American adolescents, 3742
self reported themes in relational communication, couples & relatives & friends, 4004
similarities of personality & beliefs & social skills & needs, degree of interpersonal attraction, females with mean age of 19 yrs, 14561
social competence & peer friendship & likability, 1st vs 6th graders, 30489
sociometric status & physical attractiveness, 7–14 yr olds with physical handicaps vs chronic illnesses, 22981
stability of sociometric status & best friend choices & disliked peers, 5th graders studied after middle school entry, 965
stochastic modeling, social relationship network development & role of social parties & gatherings, 8451
verbal communication & social & personal relationships, conference presentation, 9046
verbal interactions with friends vs nonfriends, popular vs rejected 3rd vs 6th graders, 29302
widowhood, health & friendship support, aged, 22366

Frigidity
medical-hypnoanalytic methods, identification of suppressed subconscious conflicts & negative beliefs & treatment of impotence & frigidity, 27 yr old male to female transsexual, 18165

Frogs
adaptive significance of parental behavior, male neotropical frogs, 8730
auditory & somatosensory stimulation, vestibular nuclear neuron activity, frogs, 24630
generation & detection of impulsive seismic waveforms concomitant with putative advertisement calls, male frogs, 30034
kin preference before & after metamorphosis, frogs, 8669
male vocalization & selective phonotaxis & body size & female mate choice, spring peepers, 19356
olfactory discrimination & receptor cell responses, frogs, 591
perceptual preferences for background patterns of habitats & early experience, tadpole larvae of larval anurans vs Rana pipiens, 27247
photic stimulation & moving stimulus, neuronal responses of tectum, frogs, 5964
recognition of & association with siblings vs nonsiblings, wood frogs, 5948
similarities & interactions of calls, treefrogs, 5939
territoriality & mating calls, breeding male anurans, 5934
velocity of moving stimuli, activation of rod vs cone systems & structural & functional organization of ganglion receptive fields, frogs, 24646
vocal communication & response to conspecific calls, male treefrogs, 8735

Frontal Lobe [See Also Gyrus Cinguli, Motor Cortex]
age & brain damage & stress, immunoglobulin & cytoplasmic antibody binding to brain, mice with frontal cortex lesions, 19618
anatomical & functional structure of frontal cortex, rats vs human & nonhuman primates, literature review, 24658
auditory stimuli, response of auditory neurons in superior dorsolateral prefrontal cortex, monkeys, 11465
behavioral correlates of basal ganglia neuronal activity, literature review, 27344
diagnosis of frontal lobe syndromes using clinical instruments & computerized tomography, 55–84 yr olds with senile dementia of Alzheimer's type, 17739
dopamine denervation of frontal cortex vs nucleus accumbens, ACTH-induced grooming behavior, male rats, 19623
dopaminergic input to medial prefrontal cortex, self stimulation, rats injected neonatally with 6-hydroxydopamine, 24778
early protein undernutrition & later frontal cortex damage, sensory discrimination & reversal learning, rats, 22089
electrical stimulation of bulbar reticular formation vs prefrontal cortex, skeletal activity & behavioral inhibition, rats, 3381
electrophysiological evidence for involvement of prefrontal cortex neurons in short term memory & anticipatory set, behaving primates, 27351
extirpation of frontal &/vs parietal association cortical areas, alimentary CRs, cats, 8912
extraversion & intensity of auditory stimulus, auditory EPs from frontal sites, college students identified as perceptual augmenters vs reducers, conference presentation, 19440
frontal cortex ablation, glutamate & GABA levels in ipsilateral vs contralateral substantia nigra, rats, 27521
frontal cortex vs caudate nucleus lesions, dopamine- vs choline- vs GABA-ergic brain systems in organization of conditioned reflex to time, cats, 22025
frontal lobe dysfunction, schizophrenia, literature review, 6809
frontal lobe lesions, cognitive ability & memory, patients, literature review, 28472
functional role of neuronal activity of supplementary motor area, primates, 19527
functional specialization of premotor cortex, motor control, primates, literature review, 27414
inhibitory modulatory effect of mesocortico-prefrontal dopaminergic neurons, regulation of dopaminergic transmission in motor & cognitive processes & emotional responses, 27355
intracortical microstimulation, motor responses of single vibrissae & facial muscles, rabbits, 3375
language profiles & computerized tomography anatomy, 38–66 yr olds with transcortical motor aphasia or near-variant, 7048
left frontal interhemispheric hematoma, 59 yr old right handed female with transcortical motor aphasia, 23043
lesions of posterior septum &/vs prelimbic cortex, dispositional vs representational memory, male rats, 8925
lesions of ventral tegmental area & grafts of dopamine-rich tissue reinnervating nucleus accumbens vs medial prefrontal cortex, amphetamine-induced & spontaneous motor activity, female rats, 22076
medial prefrontal cortex & caudate nucleus lesions, spatial alteration & place response acquisition & reversal, rat pups, 712
modular organization of prefrontal cortex, implications for physiological analysis of cognitive functions at cellular level, literature review, 27356
motor & acoustic & visual & language & memory & intellectual behavioral tasks assessed by Luria-Nebraska Neuropsychological Battery, patients with left & right frontal vs posterior lesions, 25869
operant feeding task, unit activity in head of caudate nucleus & alteration by cooling of dorsolateral prefrontal cortex, monkeys, 580
opioid peptides, neurochemical substrates of self stimulation in medial prefrontal cortex, rats bilaterally implanted with monopolar electrodes, 13906
prefrontal cortex lesions with vs without lesions of anterior thalamus & mamillary bodies & subiculum, acquisition of visual-reversal & delayed alteration & active avoidance tasks, cats, 22114
prefrontal cortex, organization & activation of brain activity, 27396
prefrontal lesions, sequential behavior, male rats, 6083
prenatal vs postnatal protein malnutrition, spontaneous electrical activity of frontal cortex neurons, rats, 16707
presentation of food vs aversive stimulation during instrumental responding for food, long term neuronal unit activity in orbitofrontal cortex, female monkeys, 685
removal of sulcus principalis, memory for spatial locations, monkeys, 27526
role of frontal cortex in differentiation of conditioned stimuli, cats, 577
role of frontal eye fields in eye movements, monkeys, 27339
shock-induced fighting & social factors, dihydroxyphenylacetic acid levels & tyrosine hydroxylase activity in cortical & limbic areas, male rats, 3338
stimulus presentation contingent on occurrence of positive vs negative spontaneous shift in frontal lobe slow potentials, RT performance, right handed young adults, conference presentation, 19437
systemic glucose injection vs natural vs operant feeding, unit activity in orbitofrontal cortex & role of interoceptive information in satiety, monkeys, 578
target vs novel auditory stimuli, event-related brain potentials, normal right handed Ss with mean age of 52 yrs vs patients with unilateral prefrontal lesions with mean age of 54 yrs, 4466
unilateral depletion of norepinephrine in frontal cortex using DSP-4, spontaneous asymmetrical hyperkinesis, male rats, 27605

unilateral temporal- vs frontal-lobe lesions, melodic discrimination & recognition, surgical patients, 31276
visual discrimination of food & barpressing for access to food & ingestion, neuron activity in dorsolateral prefrontal cortex, monkeys, 24669
voluntary manual tracking, anticipatory activity of limbic & frontal cortex as measured by readiness potential & conditioned pre-movement positivity & directed attention & relaxation potentials, right handed Ss, conference presentation, 19450
Frost.g Development Test Vis Percept
modification of Frostig Test for Development of Visual Perception, mentally retarded children & adolescents, 6970
utility & efficacy of Frostig Developmental Test of Visual Perception & Frostig program for development of visual perception, children with learning problems, meta-analysis, 2912
Fruit Fly [See Drosophila]
Frustration
aggression & frustration & anxiety, male delinquents, India, 12229
alcohol dosages & frustration, aggression, college students, test of A. H. Buss's teacher-learner paradigm, 25381
assessment of frustration reactions through Rosenzweig Picture Frustration Study, literature review, 24154
caste system & age, reactions to frustration, adolescent vs adult scheduled vs non-scheduled caste males, India, 27893
dissatisfactions & frustrations, burnout, 23–62 yr old child protective service workers, 12903
goal frustration & life events, etiology of gastrointestinal disorders, 18–60 yr old patients, conference presentation, 28416
integration of frustration management component into language arts/reading curriculum, students, 21301
personality adjustment & body image & sex role development & reactions to frustration, children & adolescents with hypopituitarism, 7042
situational constraints, job performance & satisfaction & frustration & turnover, 20–65 yr old store & district managers & supervisors, 10973
situational reactions of hostility, primary vs secondary psychopaths vs conforming vs inhibited nonpsychopaths in offender patient psychiatric security hospital, 26352
teaching techniques, teaching of reading at student's frustration level, learning disabled 8–11 yr olds, 8091
Fugue Reaction
family systems interpretation, 15 yr old female experiencing psychogenic fugue, 20363
Fulfillment [See Satisfaction]
Functionalism
analytic functionalism, definition of theoretical terms in behavioral science, 17
behaviorism vs functionalism, explanations of human behavior, 13448
conditions for admission into moral community, comments on D. Dennett's book "Brainstorms", 9079
formulation of type identity theory & token identity theory & critique of J. A. Fodor's functionalism, 5533
functionalism & analysis of mental states, 8312
Fund Interper Rela Orientat Beh Ques
age & sex differences, progressive stage development of interpersonal behavior measured by FIRO-BC 9–13 yr olds, 25172
Fundamentalism
attitudes toward homosexuality, female vs male fundamentalist born-again Christian vs nonfundamentalist college students, 11966
evidence for & against sin of homosexuality in Bible, fundamentalist Christians, 22448
Funerals [See Death Rites]
Furniture
bean bag chairs as play tools in latency group room, group therapy, 7–12 yr old males, 12542
Galvanic Skin Response
age differences, cardiovascular & electrodermal changes after visual & auditory stimulation, autistic vs normal vs retarded children, 4365
attentional & clinical & biochemical & computed tomographical & genetic factors of electrodermal nonresponding, 18–42 yr old schizophrenics, 4121
bilateral electrodermal recordings, assessment of hemispheric asymmetry, literature review, 11479
cardiac & electrodermal & EEG responses to active vs passive tasks with auditory clicks, 14–16 yr old high vs low aggressive males, 27718
differential cognitive hemispheric activation, bilateral electrodermal activity, 17–44 yr old right handed males, 556
electrodermal activity & orienting responses to auditive stimuli, autistic vs mentally retarded children vs child psychiatric patients, 1489
electrodermal activity during sleep, 25–73 impotent males, 20629
electrodermal activity to auditory stimulation, autistic vs mentally retarded vs normal 7–17 yr olds, 1479
electrodermal habituation rates, detection of deception, college students, 8830
electrodermal responding to tone series, assessment of antisocial behavior & schizoid tendencies, 15 yr old males, 12275
electrodermal responses, patient with multiple personality disorder, 4138
electrodermal responses to tones & bimanual cognitive processing times, cerebral hemispheric asymmetries under hypnosis, 18–22 yr old medical students & 45–62 yr old cardiac patients & 35–55 yr olds, 29970
EMG & GSR measurement of stress in nonvisual travel, blindfolded college students, implications for problems of visually handicapped travelers, 14977
external feedback, voluntary control of GSR amplitude, 6028
feedback on skin potential level, arousal change, 20–38 yr olds, ergonomic applications, Japan, 30136
GSRs & thresholds of recognition for neutral vs taboo words, replication of E. McGinnie's study on perceptual defense, 648
habituation of electrodermal orienting response, diagnosis, at risk & Huntington's disease patients, 17766
musical emotionality, GSR & respiration rate, female college students, 11527
palmar/dorsal effect in GSR, 24684
periods of rest or moderate vs loud bell stimulation, electrodermal activity, children with conduct disorder, 31066
prototype distance & range vs frequency of within category variation & feedback & differential forgetting of information values, categorization performance & uncertainty & GSR, male students, 29948
self disclosure & biofeedback situations, GSR & EKG responses, college students with good vs poor student-teacher relationships, 16684
skin conductance biofeedback &/vs desensitization, dental anxiety, college students, 4716
trait anxiety, GSR during problem solving tasks, college students, 3326
use of r-square correlation coefficient & comparison with other reliability coefficients, comments on article by E. Freixa i Baque concerning reliability of electrodermal activity parameters, 8459
use of r-square correlation coefficient as common basis for comparison, reply to comments by G. Vossel on reliability of electrodermal activity parameters, 8449
verbal & acoustic & color stimuli, electrodermal activity, 19–30 yr old male hypertensive vs duodenal ulcer patients, 31195
verbal & spatial & emotional & nonspecific stimuli, response latency & recovery time of electrodermal activity, literature review, 8781
Gambling
amount of capital on hand, betting & savings decisions under risky vs riskless conditions & proportion of capital saved, college students, 3985
brief therapy, wife of compulsive gambler, 28699
concepts & social meaning & attitudes toward gambling at race track & casinos, 8148
conjoint vs functional techniques, measurement of riskiness of gambles, college students, 249
diagnosis & treatment, pathological gamblers, conference presentation, 28307
effects & components of pathological gambling, development of methods for detection & preventive strategies, self reported compulsive gamblers, implications for diagnosis & treatment, 28369
failure of insanity plea, pathological gambler, case law, 3863

feedback & number of trials & sequence of outcomes, acquisition & maintenance of gambling behavior, college students, 9516
inpatient treatment program, male pathological gamblers, 1 yr followup study, 18323
insanity defense based on evidence of compulsive gambling disorder, case law, 14383
interest in bet-taking in cockfights & memory & mathematics ability & personal experience, 38–53 yr old bet-takers, Philippines, 17127
multiple objectives of gambling, experienced blackjack players, implications for decision research, conference presentation, 21878
participation & level of involvement, illusion of control in experimental gambling situation, college students, 9515
pathological gambling as basis for insanity defense, male on trial for robbery, case law, 14343
relationship between compulsive gambling & major depressive disorder, exiles with survivor syndrome, reply to criticism by W. G. Niederland, 14606
relationship between compulsive gambling & major depressive disorder, exiles with survivor syndrome, comments on article by R. A. McCormick et al, 14608
smoking & gambling & alcohol drinking & other leisure activities & habits, 7–16 yr old male delinquent residents of remand homes, India, 14763
wagering preferences, male 19–64 yr old problem vs social gamblers, 14804
Game Theory
coalitions in ignorance in game theory, 3 persons, 25395
equilibrium model of outcome stability in noncooperative game playing, 11224
game theory-based model, resolution of discrepancy between group objectives & individual behavior, implications for educational administration, 31975
prisoners dilemma game theory, communal breeding & reproductive success, pukeko birds, 3220
reverse role playing vs standard training, game-playing skill acquisition, human, 13646
static & dynamic noncooperative game theory & dynamic contract theory of conflict resolution, 30768
Games [See Also Chess, Childrens Recreational Games, Non Zero Sum Games, Prisoners Dilemma Game, Simulation Games]
acquisition & maintenance of video game initiation & sustaining & termination skills, 20 yr old female with Down's syndrome, 32121
analysis of covariance, scores on video game & carrier landing flight simulator, college students & military pilots, 236
cognitive processes & memory & semantics, performance on awele game, 9–15 yr old males, 22343
comparison motive & outcome valence & locus of control, competitive bridge players, 20071
computer games, cooperative play behavior, 4–5 yr olds, 11835
concentration & visual perception & motor coordination developmental levels, learning game & accelerated acquisition of perspective-operations, 4–6 yr olds, 25118
contrast of behavior in 2-person power game, college students, India vs Canada, 6625
cooperative games, interracial interactions, Black & White 5th & 6th graders in desegregated schools, 10786
demographic & personality characteristics & frequency of videogame use, female vs male high school students, 11821
desire for competition, development of endogenous conflicts within games, 20073
determinants of preferences for driving-type games in arcades & extended play, mood & motivation to play, 9–15 yr old college student males, 30527
development & application, large-scale competitive business games, 18858
exposure to pre- & posttest versions of reading games vs similar games, improvement of comprehension-monitoring skills, 4th–5th graders & college students with different levels of reading ability, 13076
games & stress & strain of society, criticism of book by M. McLuhan, 17107
games in management training for reinforcement of learning, 21592
games with rules emphasizing interindividual competition vs cooperation, interactive regulation processes, primary school students, 19875
Good Behavior Game Plus Merit, reduction of disruptive behavior & improved motivation, 2nd grade males designated as high risk for placement in behaviorally impaired classroom, 15737
intersubjective world & shared beliefs & common sense & language, 26885
knowledge of origin of 15 popular games, 6th graders vs college students, 14176
lack of awareness of noncontingent feedback in video game play, performance on lexical decision task & production of learned helplessness, college students, 3117
linguistic usage of terms play & game, scientific thought in examination of social phenomena, 6632
Marriage Contract Game & therapeutic instruction, problem solving & affective behavior & mood & marital happiness, spouses, 4690
mental images based on descriptive data of hypothetical person, judgment of social categories, adult Ss, 14505
microcomputers as plaything, orientation to technology & social interaction, children, 6241
modeling & verbal prompts & manual guidance, leisure skills & game playing, severely mentally retarded 15 & 19 yr old males, 31462
multidimensional scaling, similarity ratings of commercial electronic video games, male college students, implications for measurement of cognitive complexity & design of computer-based training devices, 13341
music games, learning of rhythms & musical terminology, 4th–5th graders, 18583
pairing with peers with similar vs higher on-task behavior, play on cooperative games, 18–19 yr old severely retarded high school students, 5260
perception & intelligence & split vision, teamwork in ball games, 14477
perceptual skills & recall of positions in Othello game, skilled players vs nonplayers, 24511
performance-contingent reward vs evaluation & feedback on pinball competence, intrinsic interest, college students, 422
personality & emotions & performance, enjoyment of games, college students with mean age of 25.6 yrs, 1285
play activities, mathematics education, 1st-yr secondary school students, UK, 32033
player-computer game relationship, 13503
positive & negative impact of video game playing on social & academic life, 10–20 yr olds, 22274
positive role of cooperation over competition in games & sports, psychosocial development, children, 27844
psychodramatic game workshops, psychotic & autistic 2–10 yr olds in day hospital, 7642
rationale for decision making, college students, West Germany, 13680
reverse role playing vs standard training, game-playing skill acquisition, human, 13646
social skills training program involving modified board game, teaching of skills relevant to vocational settings, institutionalized mildly or moderately retarded 19–41 yr olds, 7358
space invaders type video game & menstrual cycle, temporal stability of cardiac reactions, 17 & 24–38 yr old females & male college students, 27437
The Power Struggle Game & steps in evolution of passive-aggressive personality, implications for therapist-client interactions, 20707
TV viewing & videogame playing, gratification of needs, 10–14 yr olds, 3741
use of video games as psychological tests, 13563
video game practice, recovery of sustained attention, 17–48 yr olds with traumatic brain injury, 4572
video games, reading speed & scanning skills, children, educational implications, 29236
video games, side effects & distress associated with chemotherapy, 11 & 16 & 17 yr old pediatric oncology patients, 23102
videogame playing & watching violent TV programs & SES, aggression & self esteem, 10–11th graders, 3697

videogames, self esteem & affect, elderly residents of long term care facility, 26336

Gamma Aminobutyric Acid

alcohol motivation & glutamine, brain content of glutamate & GABA & taurine, rats, implications for treatment of alcoholism, 27627

altered GABA mechanisms using picrotoxin, habenular functions of locomotion & grooming & head dipping, rats, 16756

anticonvulsant drugs, GABA responses & electrical activity of spinal cord neurons, mice, 13892

antidepressive & antiepileptic action of GABA receptor agonist progabide & role in monoaminergic & dopaminergic & serotonergic limbic forebrain systems, rats, 16735

application of morphine vs GABA to nucleus reticularis tegmenti pontis, reversal of akinesia & release of festinating forward locomotion, male rats, 13877

benzodiazepines & barbiturates, GABAergic inhibition & responses to anxiogenic stimuli, rats, 13888

castration & brain GABA levels, aggression toward lactating intruders, strains of mice, 19630

chlordiazepoxide & serotonin & GABA levels, rewarded vs nonrewarded vs punished responding in conditioned conflict procedure, male rats, 8974

chlordiazepoxide & sodium valproate & muscimol & role of GABA, anticonflict activity, male rats, 30311

chronic administration of diazepam, EEG & coupling between GABA receptors & benzodiazepine binding sites, male rats, 27618

diazepam vs p-chloro-derivative Ro 5-4864, spontaneous & GABA-induced responses of spinal cord & dorsal root ganglion neurons, mice, 22219

dopamine vs noradrenaline vs serotonin vs acetylcholine vs GABA infusions into nucleus accumbens, hyperactivity, female rats selected as high- vs low-activity responders to levo-N-n-propylnorapomorphine, 3423

dose & reinforcement schedule effects & blockade of benzodiazepine & GABA receptors, self-injection of diazepam, male rats, 24913

effectiveness of carbamazepine vs valproate vs gammavinyl GABA, treatment of epilepsy, 12632

elevation of brain GABA by ethanolamine-O-sulfate, inhibition of overeating, rats, implications for treatment of eating disorders in humans, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 736

frontal cortex ablation, glutamate & GABA levels in ipsilateral vs contralateral substantia nigra, rats, 27521

frontal cortex vs caudate nucleus lesions, dopamine- vs choline- vs GABA-ergic brain systems in organization of conditioned reflex to time, cats, 22025

GABA & benzodiazepines, biochemistry of anxiety, conference presentation, 6763

GABA & endorphins, effect of benzodiazepines on feeding & drinking, rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 734

GABA & protein diet content, food intake & growth & plasma GABA & tissue amino acid concentrations, kittens, 3519

GABA agonist microinjection into pedunculopontine nucleus & nigrotegmental lesions, postural bias & circling behavior, male rats, 8878

GABA vs muscimol vs picrotoxin vs bicuculline into superior colliculus, circling & asymmetry, male rats, 30233

GABAergic agents, motor incoordination & hypothermic effects of acute & chronic ethanol, mice, 30218

GABAergic mechanisms, neurophysiological model of anxiety, conference presentation, 22751

gamma vinyl GABA vs nipecotic acid amide vs sodium n-dipropylacetate vs 4,5,6,7-tetrahydroisoxazolo (5,4-c)-pyridin-3-ol, mouse killing, male rats, 24817

haloperidol & fluphenazine, GABA synthesis & glutamate decarboxylase activity & tardive dyskinesia, monkeys, 11594

interaction between pentobarbital sodium & other modulators of GABAergic transmission, maximal electroshock seizures & righting reflexes, male rats, 30283

interactions of receptor binding sites for GABA & benzodiazepines & chloride channel blockers, literature review, 27404

isonicotinic hydrazide, speed of induced tonic/clonic seizures as indicator of effect on GABAergic system, scrapie-infected hamsters, 30279

long term diazepam administration, decrease in postsynaptic sensitivity to GABA in serotonergic dorsal raphe nucleus cells receiving GABAergic input, male rats, 748

measurement of GABA plasma levels, distinction between affective disturbances & alcoholism, psychiatric patients, 14610

monocular deprivation, GABA receptor activity, kittens, 11502

muscimal vs GABA vs strychnine vs glutamic acid vs acetylcholine vs norepinephrine, activation of mesencephalic locomotor region, cats, 30231

muscimol & picrotoxin & bicuculline in globus pallidus, spiperone-induced catalepsy & locomotor activity & stereotyped sniffing, male rats, 30277

muscimol, role & ontogenesis of GABA in visual cortex, cats, 24682

plasma GABA levels, patients with unipolar & bipolar affective disorder, replication of study by present authors, 6830

pretreatment with sodium valproate or ethanolamine sulphate & microinjection of tetanus toxin into nucleus mesencephalicus profundus, GABAergic mechanisms, fowls, 744

psychostimulant sydnocarb, brain GABA & aspartate levels & latent period of GABA-deficient thiosemicarbazide induced seizures, 749

psychotropic drugs, locomotor hyperactivity induced by nucleus accumbens injection of picrotoxin, male rats, implications for role of dopamine & acetylcholine & GABA transmission systems within nucleus accumbens, 22198

role of GABAergic mechanisms in nigrotectal projections in control of saccadic eye movements, monkeys, comments on study by O. Hikosaka & R. H. Wurtz, 24692

studies involving GABAergic systems & analgesia & opiates, rats & mice & humans, implications for drug addiction therapy, 24637

training in vestibular control, binding of GABA to vestibular nucleus Deiters's neurons, female rats, 8796

Gamma Aminobutyric Acid Agonists

benzodiazepines vs PK 9084 vs progabide, acquisition of passive avoidance, male mice, 6098

bilateral iv administration of GABA agonist muscimol into caudal substantia nigra, induction of self injurious behavior, rats, 27555

characteristics & distribution of muscimol binding sites in visual cortex, cats, 19503

chlordiazepoxide with vs without valproate, hyponeophagia, rats, implications for gamma aminobutyric acid mechanisms in benzodiazepine anxiolytics, 11619

chronic estradiol doses, stereotyped behavior induced by apomorphine & muscimol, female rats, 24813

GABA-ergic agents, opiate antinociception, conference presentation, 30289

GABA receptor agonists, basal ganglia & treatment of tardive dyskinesia, 12620

GABA vs muscimol vs picrotoxin vs bicuculline into superior colliculus, circling & asymmetry, male rats, 30233

GABAmimetic vs cholinergic agonist pilocarpine, inhibition of apomorphine-induced circling, male rats with unilateral substantia nigra dopamine depletion, 24869

homotaurine derivatives, voluntary intake of ethanol, male rats, implications for role of GABAergic system, 24800

injection of GABA agonist muscimol in somatosensory cortex, control of fine finger movements, monkey, 30240

kainate lesions of vs infusion of GABA agonists & antagonists in nucleus fastigii, symmetry of postural tonus, male rats, 3347

muscimol injections into medial septal nucleus, hippocampal theta rhythm & acetylcholine utilization, male rats, 27548

muscimol injections into ventral vs dorsal striatum, tonic activity in EMG & catalepsy & ipsiversive posture, rats, 27654

muscimol, role & ontogenesis of GABA in visual cortex, cats, 24682

norepinephrine vs muscimol vs bromergocryptine, food consumption, zinc-deficient male weanling rats, 6117

sodium valproate, visual EPs, 40–59 yr old chronic schizophrenic females treated with clozapine, 1417

Gamma Aminobutyric Acid Antagonists [See Also Picrotoxin]
application of N-methylaspartate receptor antagonist to lumbar spinal cord, locomotor & posture & central transmission of nociceptive information, conscious rats, 16740
application of strychnine & bicuculline & pentylenetetrazol onto mesencephalic reticular formation, neuronal responses to sensory stimulation, cats & rats, 13883
bicuculline-induced epileptiform activity, development of receptive field properties in striate cortex & lateral geniculate nucleus, rabbit pups, 16790
GABA vs muscimol vs picrotoxin vs bicuculline into superior colliculus, circling & asymmetry, male rats, 30233
injection of gabaculine into substantia innominata, reversible suppression of amygdaloid kindled convulsion, male rats, 11545
kainate lesions of vs infusion of GABA agonists & antagonists in nucleus fastigii, symmetry of postural tonus, male rats, 3347
muscimol & picrotoxin & bicuculline in globus pallidus, spiperone-induced catalepsy & locomotor activity & stereotyped sniffing, male rats, 30277
Ganglia [See Basal Ganglia, Spinal Ganglia]
Ganglion Blocking Drugs [See Hexamethonium, Mecamylamine, Nicotine]
Ganglion Cells (Retina)
fluorescent tube lighting, flicker response in retina & lateral geniculate nucleus, cats, 24642
retinal ganglion cell death, terminal field retardation in development of ipsilateral visual pathway, rats, 5982
retinotectal projection, rats, 571
spatial frequency of drifting sinusoidal grating, receptive field properties of retinal ganglion cells, cats, 599
spatial summation, protanopes vs deuteranopes, conference presentation, 25803
spectral properties of retinal ganglion cells & neurons of geniculostriate pathway, color vision, monkeys, conference presentation, 24638
velocity of moving stimuli, activation of rod vs cone systems & structural & functional organization of ganglion receptive fields, frogs, 24646
visual cortex damage, loss of retinal X-cells, kittens, 19620
Gangs (Juvenile) [See Juvenile Gangs]
Gastrointestinal Disorders [See Also Colitis, Colon Disorders, Constipation, Diarrhea, Fecal Incontinence, Gastrointestinal Ulcers, Ulcerative Colitis, Vomiting]
alexithymia, duodenal ulcer & irritable bowel patients, conference presentation, 28442
characteristics & predisposing factors of psychosomatic gastrointestinal tract diseases, 19–55 yr old patients, 14950
chlordiazepoxide, stress induced anterior cingulate cortex unit activity & gastric pathology, rats, 22172
development of dysphoric syndrome with somatic complaints after respiratory infection or gastroenteritis, 6–16 yr olds, 4405
family therapy, families of adolescents with ulcerative colitis & Crohn's disease, 4701
goal frustration & life events, etiology of gastrointestinal disorders, 18–60 yr old patients, conference presentation, 28416
group information & discussion as adjuvant to primary care, functional gastrointestinal disorders, 20–59 yr olds, 2063
hypnosis, upper gastrointestinal hemorrhage, 51 yr old female, 23373
hypnotic treatment, esophageal reflux, 21 yr old male, 2036
maintenance care & developmental needs & emotional support & coping behavior, children with gastrostomy tubes & their parents, 18198
role of life events & characteristics of abnormal illness behavior, 17–30 yr old female appendectomy vs depressed patients, 14904
toilet training, myelodysplasics aged 1 yr or older, 12408
Visual Analogue Scale vs Duration & Intensity & Behavior Scale, self recording of chronic epigastric pain, patients with mean age of 35.8 yrs, 5686
Gastrointestinal System [See Also Intestines, Stomach]
cholecystokinin octapeptide & ceruletide & analogs & carbachol, smooth muscle stimulation in intestinal preparations & gallbladders, guinea pigs & mice, 22234
choline deficient diet vs starvation, gastrointestinal adrenergic enzyme activity, male rats, implications for treatment of Alzheimer's disease & for patients undergoing fasting, 30154
lesions of esophageal nerves to interrupt communication between buccal ganglia & gut, learning to avoid inedible food, Aplysia, 3390
ostomy surgery, body image & perceived sexual attractiveness, 23–71 yr old patients, 12704
parenteral nutrition, food intake & gastric motility, monkeys, implications for clinical patients, 24737
Gastrointestinal Ulcers
activity wheel stress, regional brain norepinephrine & 3-methoxy-4-hydroxyphenylglycol content & gastric lesions, male rats, conference presentation, 30159
anxiety & gastric emptying, 31–62 yr old patients with duodenal ulcers, 31207
cimetidine, stress ulcers induced by restraint & cold, aged male rats, 22208
disturbances in interpersonal relations, onset of gastric ulcers, married gastric ulcer patients, 7140
early stress experience, subsequent activity-stress related ulcers, rats, 24738
etiology & symptoms & diagnosis of duodenal & gastric ulcers, 4486
food deprivation &/vs physical restraint & injection of noradrenaline, hypothermia & gastric stress ulcers & oxygen consumption, male genetically obese vs lean mice, 8882
gender & prior stress & immobilization-induced hypothermia, gastric disease, catheterized vs noncatheterized rats, 27475
immobilization, open field activity & shock avoidance learning & gastric lesions, rats, implications for studies of learned helplessness, 8887
immobilization stress & pairing with auditory stimulus & lesions of bed nucleus of stria terminalis, multiple unit activity in bed nucleus & escape responses & development of gastric pathology, male rats, 666
naltrexone & signaled vs unsignaled vs no shock conditions, nociception & stomach ulcer, male rats, 13851
personality traits & interaction with acid output & serum pepsinogen, 29–62 yr old patients with chronic duodenal ulcer, 25865
physical restraint & food deprivation & acute stress, gastric glandular ulcers, low- vs medium- vs high-ethanol preferring rats, 22215
prenatal maternal light restraint stress & supine cold restraint in adulthood, development of gastric lesions & role of adaptation vs predisposition, male vs female rats, 19579
psychosomatic & social & genetic factors in etiology & treatment, peptic ulcers & irritable bowel syndrome & inflammatory bowel disorders & anorexia nervosa, 4386
stress-inoculation therapy with vs without cognitive & relaxation therapies, plasma-cortisol value in morning vs evening, duodenal ulcer patients, 18035
supine restraint plus cold & access vs no access to aggressive response, gastric lesions & body temperature, female rats, 3364
use of cannabis, risk of chronic peptic ulceration, 18–80 yr olds from rural Canadian community, 9931
verbal & acoustic & color stimuli, electrodermal activity, 19–30 yr old male hypertensive vs duodenal ulcer patients, 31195
Gastropods [See Mollusca]
Gates MacGinitie Reading Tests
readability of Gates-MacGinitie Reading Tests, 5360
Gates Reading Readiness Tests [See Gates MacGinitie Reading Tests]
Gates Reading Test [See Gates MacGinitie Reading Tests]
Gay Liberation Movement [See Homosexual Liberation Movement]
Gazing [See Eye Fixation]
Geese
egg displacement & distance of retrieval, Canada geese, 21950
factor analysis, seasonal & behavioral & hormonal & body weight changes, male barheaded geese, 8681
timing of reproduction, recruitment of offspring as measure of fitness, female snow geese, 16528
Gender Differences [See Human Sex Differences]
Gender Identity
childhood gender identity, subsequent sexual orientation, 3.5–11 yr old males re-interviewed during adolescence & young adulthood, 17048

destereotyping of gender-typed activities & androgynous preferences, female tomboy vs nontomboy vs male 4th vs 6th vs 8th vs 10th graders vs adults, 9324
development of conscious gender identity & social competence, implications for concept of androgyny, 19879
development of gender constancy, number conservation, 7.5–8 yr olds, 17016
development of male gender identity, 4 generations of male pseudohermaphrodites, with 5-alpha-reductase deficiency, implications for role of androgens, 28448
development of sex role stereotypes & gender labeling & identity & sex-typed toy preference & family characteristics, 26 vs 31 vs 36 mo olds, 9338
discordant gender identity/role in childhood, adult homosexuality, males, 15–22 yr followup, 6582
experimental methodology, gender understanding & identity & sex-typed behavior, 18–54 mo olds, 17039
family dynamics & parental reactions at various stages of child's gender dysphoria, 21–31 yr old transsexual patients requesting surgery, 1078
feminine gender identity & preference for feminine activities & psychological adjustment, male transsexuals vs homosexuals, 25372
gender classification & constancy & behavioral & biological cues, development of gender identity, 2.6–4 yr olds, 14141
gynemimesis, 16 yr old male, 10-yr followup, implications for cross cultural manifestations, 4330
level of gender constancy vs social power of model groups, same- vs opposite-sex modeling, 29–70 mo olds, 11790
prenatal hormones, gender identity & sex role behavior & sexual orientation & cognitive ability, 5958
prenatal sex hormones, gender identity & sex role behavior & sexual orientation & cognitive ability, 27330
prepubertal discordance of gender identity & role, homosexuality & transvestism & transsexualism & psychopathology, young adult males, longitudinal followup, 28340
psychological & biological similarities, transsexuals & adolescents, 3957
psychotherapeutic & educational & psychopharmacologic & endocrinologic & surgical interventions, transsexualism & gender reassignment request, biological female at ages 15 through 18 yrs, 10054
psychotherapy, transsexuals, 4600
review of P. Grosskurth's biography of English anthropologist H. Ellis, 22267
sex, sex role orientation & ego identity & intimacy, college students, 14583
sexual identity & sexual relationships, 6570
sexual maturation & arousal & psychosexual identity & romantic responsiveness, erotic orientation development, males vs females, 9474
surgical gender reorientation, psychological adjustment, heterosexual vs homosexual males vs biological females, 25967
testosterone, formation of male gender identity, male pseudohermaphrodites with 5-alpha-reductase deficiency, 7065
validity of DSM-III & demographic & gender role & behavioral disturbances, preadolescent gender-referred children who did vs did not meet criteria for gender identity disorder, 4274
2- vs 1-parent family, gender identity & sex roles & toy choices, male vs female children, 25171
General Anesthetics [See Methohexital]
General Aptitude Test Battery
translations & worldwide use of General Aptitude Test Battery, 141
General Hospital Psychiatric Units [See Psychiatric Hospitals]
General Practitioners [See Also Family Physicians]
analysis & critique of prevention in child health, practitioners, 28545
assessment of hypnotizability, medical practitioners & psychologists & dental practitioners, Australia, 12425
attitudes toward psychiatric clinics in general practice, vs conventional outpatient clinics urban psychiatric patients from low SES, England, 18240
combination of teaching medical psychology & general practice, 5077
communication with terminally ill patients about illness outcome, 31–53 yr old general practitioners, 7577
computerized symptomatic profile & semi-standardized letter for use by general practitioners & medical inspectors, 5576
conventional model of general medical practice & increasing heterogeneity of society, determination & delivery of health care, Great Britain, 23420
economic & clinical outcomes of treatment by nurse therapist vs general practitioner, neurotic patients, 23262
evaluation of experimental training in doctor-patient communication, general practitioners, 21159
examination of attempted suicides in general practice using Continuous Morbidity Registration data, 1979–80, 17603
frequency of contact with different psychiatric services, opening of general practice psychiatric clinics, patients with low SES, England, 18241
frequency of depression, patients with mean age of 37.7 yrs visiting general practitioners, Canada, 4125
incidence of depression, 17–79 yr old patients visiting general practitioners, 4135
participation in continuing medical education, general practitioners, New Zealand, 18406
perception of ability & attitudes toward mainstreaming, provision of medical services to developmentally disabled children, general practitioners vs family practitioners vs pediatricians, 15638
preferences for journal vs commercial advertising in selection of new drugs for medical practice, general practitioners vs specialists, 2291
problems in diagnosis & treatment of depression, general practitioners, 20664
role of health education, general practitioners & patients with hypertension, Australia, conference presentation, 26250
screening for psychiatric disorders in general practice, England, 9724
sex of general practice patients, prescribing of psychotropic drugs, male physicians, Australia, 26184
training program in family treatment for management of psychosocial problems, general practitioners, 31837
Generalization (Cognitive) [See Cognitive Generalization]
Generalization (Learning) [See Also Response Generalization, Stimulus Generalization]
acquisition & overgeneralization of English dative alternation, 9 & 12 & 15 yr olds, 16967
active participation by S & teacher vs pictorial representation, language learning & generalization, severely retarded 14.4–18.2 yr olds, 8085
assertiveness training, assessment of role-play generalization in different situations, 18–65 yr old outpatients, 7388
classroom sign language training, generalization & maladaptive behavior, 11 yr old nonverbal male diagnosed as autistic, 23844
cognitive vs exemplar modeling, performance on Group Embedded Figures Test & Raven Advanced Progressive Matrices, college students, 415
contextual information, language remediation, mentally retarded children, 10334
delayed reinforcement, generalization & maintenance of nonverbal/verbal correspondence training, 4–5 yr olds, 16909
discrimination & generalization of rhythmic vs arrhythmic sound patterns, European starlings, 19311
discrimination & generalization of undamaged leaves vs leaf damage disguised vs not disguised by caterpillars, blue jays, 8652
discrimination training, discrimination of phenobarbital from dextroamphetamine & tetrahydrocannabinol & pentobarbital & generalization of response, pigeons, 24839
external & self instruction primary preventive approaches, generalization & transfer of fire emergency responding, Black 3rd graders, 10717
feedback vs self monitoring, small group conversational behaviors & generalization, 22 yr old male head trauma patients, 7359
final consonant generalization training, articulation, hearing impaired 10.2–13 yr olds, 20968
general vs specific self instruction training, generalization, academically deficient 7–11 yr olds, 32041
generalization between productive use & receptive discrimination of names in artificial visual language, chimpanzee, 3175
generalization from categorical memory tasks to prose, learning disabled 12–14.4 yr olds, 15868

generalization of adaptive coping behavior skills to home & school environment, mildly & severely mentally retarded 11–20 yr olds in self contained special school, 2493
generalization of conditioned aversion to whiskey vs bourbon vs rum vs ethanol, male rats, 22165
generalization of correct phoneme production, preschool age children with articulation disorders, 20969
generalization of response-stimulus expectancy in discrimination learning, male rats, 3194
generalization of verbal self regulative communication training to novel tasks, 1st graders, 938
generalization training within sets of toys, generalization of untrained toys, 4.2–7.8 yr olds with severe & moderate handicaps, 29365
generalization with Type A vs Type B vs mixed-type MAO inhibitors following dextroamphetamine discrimination training, male rats, 6148
inference task with vs without contradiction training & cognitive style, generalization of training to conditional reasoning task, 8th vs 10th vs 12th grade males, 30467
intermittent reinforcement, generalization & maintenance of language response to trainers at school & mothers at home, developmentally disabled 3–5 yr olds, 18049
key behavior distinctiveness, generalization & recall in behavior modeling training, college students, 11365
learning to read orthography based on subphonemic distinctive features, generalization of feature awareness, college students, 5809
limited capacity memory model, temporal discrimination & generalization learning, pigeons, conference presentation, 3164
LSD vs morphine, generalization of visual discrimination learning, male pigeons, 3496
matching-to-sample operant discrimination training, transfer of figure-matching to novel samples in multiple key discrimination task, pigeons, 21932
memory skill practice, generalization of improvement to dissimilar memory tasks & length of treatment gains, amnesiac alcoholic patients, 31797
modified alarm & pad procedure, treatment of nocturnal urinary incontinence & generalization to untreated normal hearing 12 yr old brother, deaf 14 yr old male, 20868
operant conditioning, food acquisition problem solving & role of insight, pigeons, replication of W. Kohler's 1925 experiment with chimpanzees, 446
operant conditioning of categorical judgments, distribution of judgments, chicks, 16510
pairing of arbitrary chemosensory stimulus with mother vs other female animals, investigatory & copulatory behavior in response to vaginal discharge of scented females, male rats, 24600
position object training, receptive acquisition & generalization of prepositional concepts, autistic 6–8 yr olds, 20256
posttrial stimulation of mesencephalic reticular formation, generalization performance of spatial learning problems, male rats, 19599
procedure for teaching parents to be reading tutors, generalization of reading skills from home to school, mildly retarded 8.8–10 yr olds, 5341
rehearsal & self instructional techniques, recall & skill generalization & maintenance, educable mentally retarded 25–35 yr olds, 1610
reinforcement for reading accuracy vs speed, generalized accuracy vs speed, learning disabled 9–12 yr olds, 20438
relevant psychomotor learning strategies, achievement in psychomotor tasks, college students, 24507
reward condition shift in discriminative learning using relevant but redundant CS, implications for S. J. Haggbloom's study of generalization decrement in unblocking effect, rats, 27210
self instruction skills training, generalization to proximal & distal problem solving tasks, 4 & 5 yr olds, 900
self instructional training vs skills training vs flooding & home practice & role of cognitions, public speaking incompetence & generalization of treatment effects, Ss with speaking anxiety, 10222
self management with token economy, productivity & generalization of tasks, 6–10 yr or old multiply handicapped & severely emotionally disturbed students, 18719
self monitoring, work productivity, mentally retarded adults in sheltered workshop, 7696
shared stimulus modality, association between 1st & 2nd order stimulus presented sequentially or simultaneously, rats, 24555
signal duration & modality as cues & relative signal duration & intertrial duration, transfer of learning in postreinforcement signal processing in discrete-trials choice procedure, male rats, 30005
social skills training program involving modified board game, teaching of skills relevant to vocational settings, institutionalized mildly or moderately retarded 19–41 yr olds, 7358
stimulus control of coding responses, generalization of relational matching to sample, 3.5–5.5 yr olds & college students, 19832
stimulus shaping vs fading procedures, learning word meanings, trainable vs educable mentally retarded vs normal 8–12 yr olds, 7387
structured learning therapy with vs without transfer enhancers, acquisition & maintenance of social skills, physically handicapped 13–18 yr olds, 26358
supplements to keyboard method instruction, strategy transfer, 8.9–13.2 yr old 5th & 6th graders vs 18.3–21.8 yr old college students, 5284
transfer of training in domestic skills from training site to home, moderately to severely retarded 9–11 yr olds, 23565
use of broad conversational targets in social skills training, generalization to actual interactions, 45 yr old male, 1969
use of photographs, training for generalization, 17–63 yr old mentally retarded males, 21108
visual identity matching training, generalization of matching rule to new samples, monkeys, 29998

Generalization (Response) [See Response Generalization]

Generalization (Stimulus) [See Stimulus Generalization]

Generation Gap

culture change, intergenerational relations & conflict, Arab families, implications for family therapy, 6482
interlinked historical change in genetics & culture, cost-benefit structure of parent-offspring conflict in cultural transmission, 11889
learning of consumption-related behaviors, mothers vs 8th grade males, India, 16146
perceived agreement with parents vs peers on moral & value issues, male vs female college students, Taiwan, 11840

Genes

artificial selection for positive vs negative phototaxis, frequency of sepia allele, drosophila melanogaster, 16588
DNA markers, defective genes & nervous system diseases, 5959
genes & neuropeptides, mediation of behavior, snails, 6002
major genes, vocabulary test performance, family members from different ethnic groups in Hawaii, 3250
neighboring gene analysis, detection of Huntington's chorea gene, carriers without manifest symptoms, 31272
problems of testing for inclusive fitness or genetic dominance or recessiveness, humans, 5960
retroviral integration at site close to cerebral dominance gene, etiological hypothesis regarding schizophrenia, 22685

Genetic Counseling

development of field of genetic counseling as interdisciplinary occupation, 4852
early diagnosis & genetic counseling & phenotype prevention in Duchenne muscular dystrophy, 28396
efficacy of genetic counseling & contraceptive use, pregnancy, married 15–44 yr old females, 28002
genetic counseling, predisposition for psychiatric disorders, 21055
prognosis & clinical genetic examination, 4528
sex of provider, counselor-patient relationship, female patients & genetic counselors, 23486

Genetic Disorders [See Also Albinism, Chromosome Disorders, Downs Syndrome, Hemophilia, Klinefelters Syndrome, Phenylketonuria, Porphyria, Sex Chromosome Disorders, Sex Linked Hereditary Disorders, Trisomy 21, Turners Syndrome]

clinical characteristics of psychopathological variants of hereditary purinosis, 12–15 yr old males, 14900
diagnosis & symptoms of propionic acidemia, 8.5 mo old, 4529
family therapy, life-threatening food refusal behavior, 7 yr old female with rare genetic disorder, 20794

genetic & clinical & morphological features of hereditary diffuse leucoencephalopathy with spheroids, 4 generations of relatives, 25767
genetic disorders in etiology of infantile autism, 30931
hospitalization & treatment with human calcitonin & art therapy, self image & physical well-being, 7 yr old male & his 5 yr old sister with chronic familial hyperphosphatasemia, 15088
indications & risks & limitations of prenatal diagnosis by amniocentesis, 31603
neuropediatric aspects, hereditary & sensory neuropathies, 2–15 yr olds, Sweden, 10026
pedigree analysis & lithium carbonate, familial hyperkalemic periodic paralysis & bipolar depression, 27 yr old male, 28788
presence of hyperkinesis & writing problems & aggression & mood changes, elementary school pupils with glucose-6 phosphate dehydrogenase deficiency, 23000
static charge-sensitive bed method, study of sleep disturbances, 14–28 yr old patients with juvenile neuronal ceroid lipofuscinosis, 25736
therapeutic abortion for genetic indications, family psychodynamics, families with 8 mo to 22.3 yr old child during mother's pregnancy, implications for social work services, 31585
visual evoked responses, family with progressive myoclonus epilepsy with dilated pupils vs 20 yr old female with Lafora-type epilepsy vs 27–62 yr olds with grand mal epilepsy, 31174
Genetics [See Also Related Terms]
ability to learn inhibitory task under positive & negative reinforcement & impact of dextroamphetamine & role of CSF & brain levels of dopamine & norepinephrine & homovanillic acid, purebred vs hybrid beagles, animal model of hyperkinesis, 16762
age at onset of depression among probands, risk of illness, relatives of patients with major depression, 9737
alcoholism & antisocial personality, male vs female adoptees with evidence of antisocial behavior or alcohol abuse in biological family members, 14771
alcoholism in 1st degree relatives, outcomes of alcohol rehabilitation, male alcoholic inpatients, 10535
alpha-2 receptor blockers yohimbine vs rauwolscine vs alpha-2 agonist clonidine, food intake, genetically obese vs lean mice, 8942
analysis of genetic linkage between major histocompatibility complex & bipolar affective disorder, relatives of 18 yr old male who committed suicide, 14647
analysis of replicated diallel cross between strains, mice, 3252
analysis of successful vs unsuccessful problem solving in genetics, college vs graduate students vs instructors, 26579
assessment of intellectual impairment, 5–45 yr olds of family with benign familial chorea, 20547
attention deficit disorder with hyperactivity, 6–71 yr olds with Tourette's syndrome with vs without positive family history, 4413
attention deficit disorder, 6.5–8 yr old male monozygotic twins, genetic implications, 9942
attentional & clinical & biochemical & computed tomographical & genetic factors of electrodermal nonresponding, 18–42 yr old schizophrenics, 4121
autosomal inheritance of autism, families with multiple incidences of autism, 14727
behavior genetics & biological basis of learning & behavior, animals, literature review, 16604
behavior genetics & R. B. Cattell's prediction of declining IQ average, Great Britain, 1296
behavioral development during childhood & genetics, 30405
behavioral studies, schizophrenic monozygotic female Genain quadruplets, followup study, 22746
beta-phenylethylamine, heritability & genetic transmission of locomotor effects, recombinant inbred mice strains, 30249
biochemical & genetic markers in depression & schizophrenia, conference presentation, 28249
biographical sketches & heredity vs environment controversy, F. Galton vs C. Darwin, 8331
biological & adoptive parental criminality & alcohol abuse, high frequency vs diversiform somatiform disorders, adopted 24–44 yr old females, Sweden, 7017
biological basis of human laterality & left-right maturational gradient, reply to comments by L. J. Harris & I. C. McManus, 30058
biological factors, obsessive compulsive disorders, literature review, 23048
biological preprograming, adaptation & behavior, infants, 30395
biological research in child psychiatry, pediatric psychopharmacology & neurodiagnostic techniques & psychogenetics, 7183
biological research on homosexuality, 21819
biological similarities & differences in alcohol preference, UChA vs UChB strains of rats, 27649
biological vs adoptive parents' conviction rates, conviction rates & criminal tendencies, adoptees, implications for adoption workers, comments on report by S. A. Mednick et al, 22828
biological/genetic markers & epidemiology, patients with bipolar & unipolar major depressive disorder & their 1st-degree relatives, conference presentation, 28189
bivariate path analysis, genetic & cultural & environmental transmission of fear, mono- vs dizygotic twins & their parents, 16592
catechol O-methyltransferase activity & lithium-sodium countertransport, Amish Ss with vs without bipolar illness, 1376
cellular aspects & CNS tissue responses to gonadal hormones, sexual differentiation, conference presentation, 30041
chronic morphine sulfate injections, acute stimulated feeding, genetically obese rats vs nonobese rats, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 800
Classical Mendelian cross, analysis of responses to ethanol, long & short sleep mice, 3253
comparative approach to genetic determination & physiological correlates, sensation seeking, humans, 8743
components of variation in normal personality, criticism of analyses by R. A. Price et al, 3255
concordance for alcoholism vs depression vs criminality vs psychopathology, hospitalized alcoholic mono vs dizygotic twins & their cotwins, 16578
concordance for syndrome of autism, monozygotic & heterozygotic twins, 14726
concordance rates for schizophrenia, monozygotic twins, criticism of methodology as biased toward probability of heritability, 17518
conditioned learning, Phormia regina vs Drosophila melanogaster vs Musca domestica, literature review, 27213
continuous noise, arterial blood pressure & heart rate, offspring of monkeys with high vs normal blood pressure, 19586
contributions of molecular & classical genetics & biochemistry & microbiology to evolutionary biology, 27329
criticism of data supporting linkage between genetic & cultural evolution, comments on precis of book by C. J. Lumsden & E. O. Wilson, 30042
cross between genetically different strains, circadian rhythms, flies, 3249
cytogenic & biochemical & clinical studies, genetic influences on mental retardation, 4–21 yr olds, 25718
degree of concordance for growth spurts & mental development, 3–6 mo old mono- vs dizygotic twins, 6-yr longitudinal study, 16603
dermatoglyphic patterns & chromosomal abnormalities & constitutional factors as markers in psychosis, India, conference presentation, 28257
diagnosis of bipolar II vs bipolar I vs nonbipolar disorders, 1st-degree relatives of patients with primary major depression, 17459
DNA markers, defective genes & nervous system diseases, 5959
early separation, personality development, mono- vs dizygotic adult twins separated before age 11 yrs, Finland, 16586
effect of genetic predisposition & family influences & other life events on expression or severity of schizophrenia or other affective disorder, schizophrenics, review of 3 long-term studies, 1442
electrophysiological & positron emission & X ray tomographic studies, schizophrenic 51 yr old female monozygotic Genain quadruplets, 22675
environment & genetic factors, health behavior & personality & height & weight, mono- vs dizygotic adult twins separated before age 11 yrs, Finland, 16587

epidemiological & clinical research as guide in search for risk factor & biological markers of mental disorders, conference presentation, 28206
epidemiology & cross cultural & family studies of panic & anxiety disorders, conference presentation, 20342
epidemiology & genetics & relationship to depressive disorders & compulsive characterologic traits, obsessive compulsive disorder, literature review, 25585
ethanol vs pentobarbital vs methyprylon, sleep time response, mice from long vs short sleep strains, 30244
ethological-social learning theory of development of altruism, humans, sociobiological implications, 11818
event-related potentials during syllable discrimination tasks, 18–40 yr old siblings of schizophrenics vs 19–39 yr old medicated vs 24–34 yr old unmedicated schizophrenics, 9714
evolutionary viewpoint in relation to interplay of genetic programming & maturational status & environmental influence, mental development, monozygotic vs dizygotic twin pairs, longitudinal study, 9250
familial aggregation & prevalence & presence of language disorder & agraphia, Alzheimer dementia, nursing home patients aged 50 yrs & older, 4401
familial alcoholism, 4315
familial environment vs heredity, intelligence & academic achievement, adult adopted siblings reared apart vs together vs unrelated adoptees reared in same family, 13787
familial genetic aspects of color vision defects, males, conference presentation, 25953
familial schizophrenia & ankylosing spondylitis, case report, 6717
familial sinistrality & strength of left-handedness, verbal vs mathematical SAT scores, female vs male college students, 30039
familial vs population transmission of emergenic traits, comments on view of D. Lykken, 30043
familial vs population transmission of emergenic traits, reply to comments of D. R. Vining, 30036
family history of alcoholism & sex differences & antisocial personality, alcohol dependence, inpatients, 4349
family history of illness & haloperidol treatment, platelet MAO activity, 16–55 yr old schizophrenics,, 18125
family history of sexual deviancy, 1st-degree relatives of male inpatients with pedophilia vs nonpedophilic paraphilia, 1523
family sinistrality, pathological left handedness, mildly vs moderately vs severely vs profoundly retarded, 25702
family study data, patients with endogenous vs melancholic vs autonomous vs delusional subtypes of nonbipolar depression, 6807
fear & restlessness & motion sickness & enuresis, 3 yr old same sex mono- vs dizygotic twin pairs, 16572
fostering by own mother vs crossfostering, locomotor activity, mice at 21 & 75 days of age, 3258
fragile X chromosomes, autistic mental retardation, mentally retarded patients, 31128
frequency of depression & substance use disorders, families of 10–27 yr old female patients with anorexia nervosa, 9708
fundamental maturational gradient favoring left side as explanation for structural & functional lateral asymmetries, humans & animals, comments on proposal by M. C. Corballis & M. J. Morgan, 30075
gene dosage effects in etiology of schizophrenia, exclusion of borderline personality from schizophrenia spectrum, comments on A. F. Mirsky & C. C. Duncan-Johnson's paper, 1397
gene transfer at per locus, circadian behavioral rhythms, Drosophila melanogaster, 24621
genetic & biochemical aspects of alcoholism, literature review, 17655
genetic & environmental factors, etiology of stuttering, Ss from families with vs without stutterers, 14874
genetic & environmental variance & performance on WAIS subtests, 30–57 yr old monozygotic vs same-sex dizygotic twins, 30040
genetic & social bases of family divisions, 30634
genetic aspects, Alzheimer's disease, comments on hypothesis of M. F. Folstein & D. Powell, 9900
genetic aspects, Alzheimer's disease, comments on hypothesis of M. F. Folstein & D. Powell, 9994
genetic aspects, Alzheimer's disease, comments on hypothesis of M. F. Folstein & D. Powell, 9933
genetic aspects, Alzheimer's disease, comments on hypothesis of M. F. Folstein & D. Powell, 9970
genetic aspects, Alzheimer's disease, literature review, 9926
genetic aspects, Alzheimer's disease, males with early vs late disease onset, comments on hypothesis of M. F. Folstein & D. Powell, 10001
genetic aspects of schizophrenia, literature review, 31000
genetic background & course of illness, schizophrenic syndromes & mood disorders, hospitalized siblings, 12196
genetic basis of individual differences in altruism, adult mono-vs dizygotic female vs male vs opposite sex twin pairs, 16596
genetic component to pathogenesis of Wernicke-Korsakoff syndrome & possible role of alcohol consumption, 28478
genetic determinants of aggressive behavior, humans & inbred mice strains, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 545
genetic differences in plasma progesterone levels, maternal nesting, pregnant mice, implications for role of thermoregulation, 5962
genetic factors, depression & suicide, 1341
genetic factors, development of temperamental characteristics, same sex monozygotic vs dizygotic twin pairs studied at 2 & 9 mo of age, 9335
genetic factors in temperamental individuality, monozygotic vs dizygotic same-sex twins at 2 vs 9 mo vs 6 yrs, longitudinal study, 27885
genetic factors, infantile autism, conference presentation, 6844
genetic factors, sexuality & attitudes toward marriage & reproduction, mentally handicapped, 22896
genetic linkage study of color blindness & red blood cell & related markers & human leukocyte antigen & Bf & GLO, Amish 6–87 yr olds with bipolar illness, 1418
genetic mechanisms in familial transmission of vulnerability to schizophrenia, literature review, 30926
genetic model of lateral asymmetries, implications for proposal by M. C. Corballis & M. J. Morgan, 30083
genetic predisposition & acquired defects in serotonergic inhibitory control, integration & relationship between animal model of aggression & human violent behavior, 20428
genetic program & plasticity in language development, 30392
genetic programing & cultural norms, social behavior & culture, 3783
genetic relationship between giver & receiver of feeding assistance, amount of aid provided & preferences in aiding, Australian Bell Miners, support for theory of kin selection, 3219
genetic similarity theory, altruistic behavior, 16597
genetic studies, medical & psychiatric diagnoses & classification of mental disorders & etiological concepts & therapeutic approaches, 20312
genetic vs environmental factors, susceptibility to alcoholism, literature review, 6899
genetic vs environmental influences, obsessional traits & symptoms, monozygotic vs dizygotic pairs of twins, 30918
genetic vulnerability & personality trait inheritability, alcoholism, literature review, 6917
genetic vulnerability markers in affective illness, conference presentation, 28164
genetics & identical twins, 21994
genetics & living together, obesity, family members, 9934
genetics & prognosis of endogenous vs exogenous depression, 28199
genetics & specific syndromes in communication disorders, literature review, 14879
genetics & temporal & socio-spatial patterns of behavior, efficiency in meat & dairy production, cattle, literature review, 3145
genetics, apomorphine-induced climbing behavior, AKR/J vs DBA/2J inbred mouse strains, 761
genetics of schizophrenia, examination of F. J. Kallman's research, 1938–53, 4209
genetics of schizophrenia, Iceland, 25554
genetics of schizophrenia, Iceland, comments on article by J. L. Jackson, 25545
genetics of schizophrenia, Iceland, comments on article by J. L. Jackson, 25562
genetics of schizophrenia, Iceland, comments on article by J. L. Karlsson, 25532

genetics of schizophrenia, Iceland, comments on article by J. L. Karlsson, 25591
genetics of schizophrenia, Iceland, comments on article by J. L. Karlsson, 25506
genetics vs home environment, shyness & sociability & introversion-extraversion, 12–24 mo olds & their adoptive vs biological mothers, 14142
heredity & clinical manifestations of depression & drug addiction, 30892
heredity & environment, behavioral development, normal Puerto Rican vs mildly mentally retarded vs multihandicapped children, longitudinal studies, 27832
heredity vs sociological theories of delinquency, adolescent monozygotic vs dizygotic twin pairs, 20417
heritability of blood concentration of uric acid & correlation with IQ, 6th grade twins & their parents & adult twins & their spouses & children, 16582
heritability of IQ, 5961
incidence of chronic schizophrenia & schizotypal & paranoid personality disorders, 1st degree relatives of chronic schizophrenics, 20219
incidence of major depression & alcoholism & anxiety disorders & antisocial personality, living & deceased 1st degree relatives of depressed persons with vs without alcoholism, 20313
independence vs interaction of genetic & environmental influences, criminal behavior, male nonfamilial adoptees, 1924–47, Denmark, 28316
influence of common genes on both sedative & stimulant responses to alcohol, long- vs short- sleep mice, test of plieotropic effect, 8951
inheritance & relationship of pendulum movements & audiogenic epilepsy to catalepsy, rats bred for predisposition to catalepsy, 30124
inheritance of stereotyped vocal patterns & great-calls, hybrids of white-handed & pileated gibbons, 27232
inseparability of genetic & cultural evolution, comments on precis of book by C. J. Lumsden & E. O. Wilson, 30030
intelligence, adopted children & their natural vs adoptive parents, methodological criticism of study by J. Horn, 25157
intelligence, adopted children & their natural vs adoptive parents, reply to criticism of E. Walker & E. Emory, 25099
interaction of heredity & environment, behavioral development, normal Puerto Rican & mildly mentally retarded & multihandicapped children, longitudinal studies, 6348
interests & influences of F. Galton, experimental applied psychology, conference presentation, 18956
interlinked historical change in genetics & culture, cost-benefit structure of parent-offspring conflict in cultural transmission, 11889
investigation of familial nature of alcoholism, review of twin & adoption studies, 14788
Iowa Child Welfare Research Station, 1940 debate over effects of heredity vs environment on intelligence, 9212
logic & methodology & evidence for explaining race differences in IQ, Blacks vs Whites, 25462
maternal mental health & quality of parental marriage, behavioral deviance, 13 yr old monozygotic vs same- vs mixed-sex dizygotic twins, 28320
model of assortative mating, specific abilities & socioeconomic variables, 19415
model of genetic & environmental components of environment-behavior correlations in child development studies, 12–24 mo olds in nonadoptive vs adoptive families, 25055
molecular genetic approaches to mental retardation & application of recombinant DNA techniques, 14858
multivariate behavioral genetic analysis of drug usage, Sweden, 22565
multivariate normal model for pedigree analysis, magnitude of correlations between family members for medical & psychological traits as result of genetic &/or environmental factors, 3257
mutationist & Darwinian theories of evolution & Piaget's tertium quid, 5529
narrowly defined diagnostic criteria, morbidity risk patterns, nuclear families of chronic schizophrenic probands, 28159
nature vs nurture, etiology of schizophrenia, comments on A. F. Mirsky & C. C. Duncan-Johnson's paper, 1468
nature vs nurture, etiology of schizophrenia, comments on A. F. Mirsky & C. C. Duncan-Johnson's paper, 1429
need for research on genetics & care & handling & temporal & socio-spatial patterns of behavior & behavioral observation, cattle production, comments on article by M. R. Strickland & C. C. Kautz-Scanavy, 3132
need for study of transformation of risk status into manifest disorder, nature & nurture in etiology of schizophrenia, criticism of A. F. Mirsky & C. C. Duncan-Johnson's paper, 1390
neuronal ceroid lipofuscinosis, mentally retarded 49 yr old male & his 51 yr old sister, 10013
neuropsychological & personality characteristics, delinquent male adolescents with alcoholic fathers, 9814
neuropsychological differences, 24–60 yr old male familial vs nonfamilial alcoholics & nonalcoholics, 17646
pain sensitivity, hypertensive vs normotensive hypertension-sensitive vs hypertension-resistant rats, 11458
performance of WISC subtests & Raven Progressive Matrices, 8–13 yr old mono-vs dizygotic twin kibbutz school children, 16591
perspectives of behavior genetics according to species, 16577
platelet MAO activity & red blood cell/plasma lithium ratio & tritiated imipramine binding to platelet membranes as trait markers for affective disorders, literature review, conference presentation, 28236
political conservatism, attitudes toward heritability of intelligence & social justice, college students, 1162
positive vs negative symptoms, concordance for schizophrenia, monozygotic twins, implications for etiology & diagnostic criteria, 12150
predisposition to psychosis, alcoholics with psychotic relatives, 17602
prevalence of affective disturbances, relatives of female 17–35 yr olds with bulimia, 4519
prevalence of affective disturbances, 1st degree adult relatives of patients with anorexia & bulimia & major affective disorder, 9649
problems of testing for inclusive fitness or genetic dominance or recessiveness, humans, 5960
psychosocial functioning & neuroleptic response & biochemical evaluations & course of schizophrenic illness, 51 yr old female monozygotic Genain quadruplets, followup study, 22690
ratings of temperament of self & spouse & each twin, parents of newborn through 5 yr old female vs male twins, 25234
reanalysis of data on inheritance of directional asymmetry in starry flounder, reply to comments by C. E. Boklage & I. C. McManus, 30095
reanalysis of National Merit Scholarship Qualifying Test using genetic analysis of covariance structure, criticism of analysis of R. Plomin & J. C. DeFries, 19418
relation of L. Szondi's vectors to Piagetian developmental stages, 30397
relationship of genetic differences to aging & dementia & Alzheimer's disease & Down's syndrome, 17821
REM sleep, genetic determination of behavior, humans & animals, 11524
reports of appetite disturbance & excessive guilt, risk of depressive symptoms, 1st degree relatives of Ss with major depression, 6806
research design & diagnostic techniques, social environments & etiology of schizophrenia, comments on A. F. Mirsky & C. C. Duncan-Johnson's paper, 1496
research strategies, genetic determinants of drug abuse, 30296
response to lithium therapy, affective illness in 1st-degree relatives, 11–60 yr olds with primary affective disorders, 7477
review of search for genetic markers in schizophrenia & major affective disorders, 9682
risk of alcoholism in parents & siblings, females with borderline personality disorders vs manic depression vs schizophrenia, 14699
risk of Tourette's syndrome & chronic multiple tics, relatives of Tourette's syndrome patients, 4500
role of genetic vs cytoplasmic mechanisms in asymmetric maturational gradient, human handedness & cerebral lateralization, comments on article by M. C. Corballis & M. J. Morgan, 30053
role of learning & memory in courtship behavior, drosophila melanogaster, literature review, 27304

sensory cues & sex appeal, courtship behavior, drosophila species, literature review, 27314
SES & genetics & other factors, selective survival in advanced ages, Blacks vs Whites vs Native Americans, literature review, 25273
sex-linked vs sex-limited gene expression, individual differences in spatial orientation, 13–19 yr old male vs female twins, 19416
single major locus hypothesis, susceptibility to affective disorders, patients with major depression or recurrent or bipolar disorder treated with lithium & 2nd degree relatives, 20346
social & physiological differences, at risk Ss with vs without psychopathology, comments on A. F. Mirsky & C. C. Duncan-Johnson's study & criticism of D. Rosenthal's study of adoptees with schizophrenic natural mothers, 1465
social interactions, XY gonadal dysgenetic chacma baboons & adult conspecifics, 543
species-specific song characteristics, male vs female hybrid gibbons, 24585
synthesis of genetic cultural coevolution & behavior genetics & personality psychology, comment on precis of book by C. J. Lumsden & E. O. Wilson, 30037
temporal changes in lifetime incidence of depression & effect of sex & birth cohort on age at onset, 1st degree re'atives of patients with affective disorders, 30947
testosterone, spatial ability & brain lateralization, males, implications for creativity, 11522
theories of nature-nurture in early mental development & individual differences, 27787
theory of genetic & cultural coevolution, reply to comments by J. S. Alper & R. V. Lange & J. P. Rushton & R. J. Russell & A. Vetta & J.-M. G. Almeida, 30035
theory of genetic & cultural evolution as inseparable, comments on precis of book by C. J. Lumsden & E. O. Wilson, 30031
theory of K. Horney on biocultural dialectic, interpersonal neurosis, conference presentation, 16210
thought organization & primary process mechanisms in dreams, parents of schizophrenics, genetic heritability implications, 20311
triple test-cross study & genetics, open field ambulation & defecation & rearing-up activity in nonstressful environment, wild rats, 3256
twin situation vs environment, similarity for abilities, mono-vs dizygotic twins, 16601
vulnerability to environmental influences vs genetic determinants, personality development, 20 yr old twin pairs, 4.5-yr longitudinal study, 25221
work of R. B. Cattell in development of intelligence tests, measurement of relationship between heredity & cognitive abilities, 131
X-chromosome markers, pedigrees of manic depressive patients, 25528
Geniculate Bodies (Thalamus)
acrylamide intoxication, optic tract fibers & linear summation of lateral geniculate nucleus units, rats, 30316
bicuculline-induced epileptiform activity, development of receptive field properties in striate cortex & lateral geniculate nucleus, rabbit pups, 16790
circadian rhythms in synaptic excitability of dorsal lateral geniculate nucleus, rats, 11554
color & luminance contrast, parvocellular & magnocellular cells in lateral geniculate nucleus, rhesus monkeys, 587
connections of retinal on & off pathways to lateral geniculate nucleus, monkeys, 24680
fluorescent tube lighting, flicker response in retina & lateral geniculate nucleus, cats, 24642
interruption of retinal input to lateral geniculate body & transection of cerebral commissures, visual EPs in lateral geniculate body, cats, 11562
light & dark adaptation, binding of flunitrazepam to benzodiazepine receptors in retina & lateral geniculate nucleus & superior colliculus & visual & frontal cortex, rats, 30099
postnatal eye removal, development of adrenergic projection from locus coeruleus to lateral geniculate nucleus, adult rats, 19640
REM sleep vs wakefulness, EEG wave amplitude recorded at visual cortex & lateral geniculate body & eye movement direction, cats, 19499
retinal ganglion cell death, terminal field retardation in development of ipsilateral visual pathway, rats, 5982
reverse suture at 3 wks after monocular deprivation, hypertrophy of initially deprived cells & shrinkage of undeprived cells, monkeys, 19645
sagittal transection of optic chiasm to separate competitive binocular interactions from deprivation factors, cell body size in lateral geniculate, cats, 16724
spectral properties of retinal ganglion cells & neurons of geniculostriate pathway, color vision, monkeys, conference presentation, 24638
strabismus, responsivity & spatial resolution & contrast sensitivity of lateral geniculate neurons, cats, 19583
Genital Disorders [See Also Amenorrhea, Dysmenorrhea, Endocrine Sexual Disorders, Gynecological Disorders, Hermaphroditism, Hypogonadism, Infertility, Klinefelters Syndrome, Male Genital Disorders, Menstrual Disorders, Pseudocyesis, Sterility, Turners Syndrome]
topical testosterone propionate, treatment during childhood, penis size, male 22–31 yr olds with micropenises, followup study, 12648
Genitalia (Female) [See Female Genitalia]
Genitalia (Male) [See Male Genitalia]
Geniuses [See Gifted]
Genotypes
determination of genetic basis of pharmacogenetic research methodologies, alcohol dependence susceptibility, 18975
genotype &/vs environment, phenotype, 30038
HLA-A & -B & -DR antigens, 14–58 yr old schizophrenic, Japan, 6818
phenotypic & genotypic markers in psychosis & alcoholism, conference presentation, 28143
pictorial & verbal & other visual stimuli, intrapair resemblance of EP parameters, monozygotic & same sex dizygotic adult twins, 22020
testosterone & estradiol benzoate & dihydrotestosterone proprionate exposure, pup-killing, C57BL/6J vs DBA/2J mice strains, 19730
Geographic Regions [See Geography]
Geographical Mobility
attitude-behavior relationship & parental influence, circular mobility, parent & postadolescent child dyads, longitudinal studies, Thailand, 9389
classroom activities, children's adjustment to relocation, teachers, 2455
correlates of willingness to relocate for career enhancement, male employees of municipal organization, 32298
crisis of emotional separation in geographical mobility & uprootedness, 14241
demographic characteristics & geographic mobility, offenders with mean age of 25.1 yrs, Canada, 14785
evaluation of individual needs, management of group relocation of workers, 10964
geographical relocation process, corporate families, literature review, 32216
involuntary interinstitutional relocation, health & morale, 31–85 yr old chronic care patients, 15495
occupational & geographical mobility, intergenerational family relations, 22–66 yr old urban residents, Finland, 14311
path model of social contact in saved vs liberated communities, prediction of residential mobility in urban area, Ss aged 18 yrs & older, literature review, 1019
role in adjustment of highly mobile students, school counselors, 13194
spouse's attitude toward transfer, adjustment to move, company employees, 11002
subsistence change, mobility & settlement pattern in tropical forest foraging economy, Batak tribe, Philippines, implications for archeology, 25269
theory of mobility, nonvisual stimuli & cognitive control processes in visual guidance, blind vs sighted, 20614
Geography
climate, homing orientation, homing pigeons, Germany vs Italy, 27252
computerized register, geographical analysis of psychiatric services, Sweden, 24181
early trade routes among southern communities, US, 9346

geographic patterns of funding for community mental health centers, 28879
governmental structures & policies & geographical conditions, mental health programs, Australia, 2074
impaired visibility & driving & waiting time, enjoyment of Grand Canyon, college student visitors, 32335
knowledge of geography as psychoanalytic metaphor for development of body ego & separation individuation, young homosexual male, 28653
Southern residence, sex role traditionalism, White married females, US, 1190
Geomagnetism [See Magnetism]
Geometry [See Mathematics]
Gerbils
development of olfactory bulb & olfactory perception, spiny mice vs Norway rats vs Mongolian gerbils, 570
development of spatial acuity for vertical visual gratings, gerbils, 21908
dynamic depth cues, distance estimation in jumping, Mongolian gerbils, 29984
food deprivation & dominance & isolation from mate, infanticide & pup cannibalism, male gerbils, 27249
odors of urine & sebum exudation of estrous vs proestrous vs diestrous females, sniffing & defecation & scent marking, male Indian desert gerbils, 19376
olfactory stimuli, scent marking in home vs clean vs conspecific cages, male vs female gerbils, 13778
ontogenetic changes, frequency mapping & hearing sensitivity, gerbils, 13772
opioid agonists, modulation of seizures mediated by mu & kappa & omega opiate receptors, seizure-sensitive gerbil, 6139
saline intake after shifts to water, hamsters vs gerbils, 21992
sex roles, development of social structure & pair formation, Mongolian gerbils, 8667
social & sexual preferences & interactions, sibling vs nonsibling gerbils, 5877
Geriatric Patients
administration methods for cognitive test batteries, diagnostic validity in assessment of dementia, elderly patients, 24195
administration of dexamethasone suppression test, geriatric patients with dementia vs pseudodementia vs endogenous vs nonendogenous depression, 17846
alprazolam, sleep performance, 61–75 yr old healthy insomniacs, 15303
analysis of practice interviews with elderly persons, medical students, 15645
anticipation of stress, newly admitted elderly nursing home patients, 31735
anxiety & depression, geriatric vs adult medical patients, 17775
assessment of concurrent validity of Clifton Assessment Procedures for the Elderly, discrimination of levels of dementia, geriatric psychiatric patients, 24270
assessment of dependency levels, geriatric patients, 18290
assurance of client comfort in outpatient clinic, geriatric patients, 4937
attitudinal blocks, rehabilitation patients & families & hospital staff, 25977
authority of guardian in consent-to-treatment for mentally ill 92 yr old female nursing home resident, case law, 14325
basic principles of successful care of older patients, medical & mental health & social services professionals, 31602
behavioral & symptomatic correlates of computed-tomographic scan assessment, 50–89 yr old psychiatric inpatients, 31611
brief health belief interview, assessment of health & treatment perceptions, ambulatory geriatric patients, 2942
choline, 26–29 yr old patients with tardive dyskinesia, 23343
cluster analysis of Brief Psychiatric Rating Scale data, profile patterns, 61–90 yr old geropsychiatric patients, 4129
community-based family/patient group program, geriatric outpatients with Alzheimer's disease & their primary caregivers, 18209
community-based psychogeriatric service, psychiatrically-impaired aged, Canada, 2114
concurrent & discriminant validity of Geriatric Depression Scale, male psychiatric patients, 156
confounding variables of confusion & medication side effects, diagnosis & treatment of depression, 79 yr old female, 28193
continuum of care in psychogeriatric day program, chronic psychiatric patients, application of G. W. Dalton's model of induced organizational change, 18218
correlates of longevity & predisposition to institutionalization, psychogeriatric patients, 15-yr followup, 17414
correlation of dexamethasone suppression test with measures of depression vs gender vs response to treatment, Ss over age 60 with major affective disorder & unipolar depression, 20213
decision to provide vs withhold mechanical &/vs chemical restraint &/vs use of alternative methods, nurses responsible for care of geriatric patients, 7694
demographic characteristics & diagnosis & treatment, 70–79 yr old psychiatric patients, 1-yr longitudinal study, 31318
dexamethasone suppression test, diagnosis of depression, elderly patients, comments on M. A. Jenike's article, 25792
dexamethasone suppression test, diagnosis of depression, elderly Alzheimer's patients, reply to comments by M. Carnes & N. H. Kalin, 25841
diagnostic assessment, dementia outpatients with mean age of 75.8 yrs, 7077
diclofensine treatment, 60–81 yr old depressed patients, 4776
disability levels & outcome, elderly patients with dementia admitted to psychogeriatric assessment unit, 1977–78 vs 1981–82, 10470
dosages for tricyclic antidepressants & benzodiazepines, anxiety & depression, geriatric patients, literature review, 31495
drug therapy, elderly patients with psychiatric vs organic illnesses, 1999
educational interventions, medication noncompliance & drug misuse, elderly, 31540
efficacy of ECT, 62–85 yr old psychiatric inpatients, 1789
engineered pool therapy program, health & attitude change, 18–72 yr olds with physical disabilities, 23573
environmental changes with vs without toilet training, incontinence, psychogeriatric patients, 10210
environmental remodeling of dayroom on psychiatric geriatric ward, improved adaptive behavior, 49–89 yr old female patients, 26346
ergoloid mesylates, symptoms of senile mental deterioration, institutionalized geriatric patients, 18155
evaluation & treatment & referral to geropsychiatric consultation-liaison service, patients aged 60 yrs & older, 18322
factor structure of Brief Psychiatric Rating Scale, assessment of psychopathology, 61–90 yr old geropsychiatry inpatients, 2931
family inclusion in psychiatric assessment, symptom understanding & lessening of stress, nursing home bound persons, 10454
febarbamate & pipamperone, agitational & aggressive states, psychiatric patients over 60 yrs of age, 20896
flurazepam therapy, falling as indicator of motor performance decrement, hospitalized aged, 7451
frequency of abnormal dexamethasone suppression test responses, 64–94 yr olds referred to psychogeriatric assessment service, 28227
functional & affective & community-integrative roles in geropsychiatry outpatient clinic, geriatric workers, 28901
functional approach, geriatric consultation, general hospital, 12813
functional assessment of mental & physical & social abilities, rehabilitation & clinical focus during phases of stroke care, elderly patients, 31766
functional status self ratings vs rating by significant other vs nurse, 65–92 yr olds, 25914
geropsychiatric outreach team, assessments of medical & psychological & social functioning, 60–94 yr olds at home, 15397
goals & admission criteria & activities of senior citizens center & geriatric transitional house at state psychiatric hospital, 67 yr old with diagnosis of chronic paranoid schizophrenia, 23499
group drama therapy, insight & transference phenomena, 64–96 yr old nursing home residents, 31427
group meetings for oral history project, nursing home residents & 3rd graders, 18319
history & development of geriatric department in psychiatric hospital, Netherlands, 1967–82, 4975
hospitalization, subsequent placement in nursing homes & supportive care, patients 75 yrs & older, 15482

human lymphocyte antigens, 45–89 yr old patients with senile vs presenile dementia of Alzheimer's type & their family members, 23024
impact of psychogeriatric day hospital care, patients & caregiving family members, 3–4 & 6–8 mo followups, 26237
incidence & nature & treatment of psychiatric symptoms of depression, elderly patients with chronic physical diseases, 14889
incidence & symptomatology & assessment & treatment of depression, elderly patients, 30993
incidence of hearing loss, 54–95 yr old nursing home residents, 4395
initiation & development & effectiveness of daycare hospitals, elderly, 28912
institutional drug prescribing patterns, 65–99 yr old patients in municipal hospitals & nursing homes, 18136
intellectual impairment & instability & incontinence & immobility & iatrogenic drug reactions, geriatric medicine, 4847
intra-hospital relocation, mortality rate & activities of daily living & drug management, long term acute care patients aged 65 yrs & older, 28926
intra-institutional relocation of long term care facility, changes in behavior patterns, residents with median age of 71 yrs & staff, 23519
involuntary interinstitutional relocation, health & morale, 31–85 yr old chronic care patients, 15495
law of 1838, alienation & segregation, elderly patients, France, 28534
lithium treatment, hyperactivity, 72–78 yr old psychiatric geriatric patients with neurological involvement, 18113
long term care information assessment process, assessment & projections of service need, elderly, 12698
low lithium dosage, 65–77 yr old geriatric patients with bipolar affective disorder, 18141
management of dehydration & incontinence, 59–96 yr old nonambulatory nursing home patients, 7685
medical & ethical issues, clinical testing, geriatric patients, 31312
medical & psychiatric issues involved in evaluation of falling, elderly patients, 25992
medical school behavioral science curriculum, improved health care for elderly, literature review, 26236
Medicare Prospective Payment System for diagnosis-relating groupings, geriatric medicine, frail elderly, 28815
medication prescriptions, aged in long term care institutions, US vs England, 31516
mental & physical impairment & quality of family & social contacts, geriatric nursing home vs old people's home residents over 65 yrs old, West Germany, 18289
milieu therapy, 54–87 yr old patients suffering from neurological disease or diabetes or effects of lobotomy, 21084
misdiagnosis of schizophrenia, 72 yr old female with progressive supranuclear palsy, 25941
modification of wandering behavior, 79 yr old female, 26096
morale, perceptions of control & health, institutionalized 60–94 yr olds, 10485
multidisciplinary stroke rehabilitation, 42–87 yr old stroke victims, 17879
multidisciplinary treatment teams in geriatric care, 26231
music activities to meet needs & treatment goals, geriatric patients in long term care facilities, 10495
music participation program, life satisfaction & music attitudes & self concept & quality of life, 60–95 yr old nursing home residents, 10492
need for caution in use of psychotropic drugs, treatment of agitation or psychosis or depression or anxiety or insomnia, geriatric patients, 31535
need for interdisciplinary teamwork, activity professionals working in nursing homes, 31714
need for occupational therapy, geriatric nursing homes, 18359
neurotropic drug vs placebo, mental & memory functions, patients over 65 yrs of age with organic brain syndrome, 4800
overview of Comprehensive Assessment & Referral Evaluation interview, assessment of health & social problems, elderly, 4099
paranoid delusional syndrome & hypothyroidism, 73 yr old female, illustration of complexity of inpatient geropsychiatric care, 31309
personal plush animals as therapeutic aid, psychological well-being & cognitive functioning & social competence & depression, intermediate care geriatric patients with mean age of 82 yrs, 12804
pharmacotherapy, treatment of depression, geriatric patients, conference presentation, 23297
placement criteria in outpatient multilevel psychogeriatric day care program at state psychiatric center, elderly psychiatric patients, implications for program evaluation & implementation, 2148
predictive validity of Burden Interview in intake procedures, families of Alzheimer's patients, 26256
predictive validity of short form of Category Test proposed by C. A. Calsyn, dementia, geriatric patients, 19053
predictive value of psychological tests & geriatric scales & interviews, eventual referral advice to nursing home, geriatric patients, 16312
Premack Principle, modification of hypochondriacal verbal behavior, 73 yr old institutionalized depressed female, 18088
prevalence & predictive factors of depression, middle aged vs geriatric hospitalized medical patients, 26334
primitive reflexes as normal vs related to cerebral atrophy & cognitive dysfunction, aged, 25112
problems with tamper-resistant packaging for nonprescription medications, aged, 31538
psychiatric care, elderly, psychiatric team, France, 2160
psychiatric morbidity & types of problems encountered, supporting relatives of patients attending geriatric vs psychogeriatric day hospitals, 26276
psychodrama group, depression & anger & abandonment & fear from grief for unresolved losses, elderly psychiatric patients in nursing home, 17979
psychomotor factors, psychiatric diagnosis & treatment of geriatric patients, health care professionals, 31244
psychopathology of anxiety & depression, female geriatric inpatients, implications for sociology & psychology & psychotherapy, 18326
psychosocial problems, patients over 65 yrs of age referred to community oriented psychogeriatric service, implications for family therapy, 23230
reactions to termination of group therapy, 88 & 80 & 90 yr old nursing home patients, 15209
reality orientation in geriatric community outpatient day treatment facility, elderly participants with mental status deterioration, 26284
recall of trigrams rated as liked or disliked & effect of therapy success, depressed outpatients over age 60, 6858
rehabilitation guidelines, geriatric patients with diabetes mellitus, 10518
reliability & validity of Standard Psychiatric Interview, indication of psychiatric disorders, patients over age 65 yrs, 16303
role of activity professionals, institutionalized geriatric patients, 31732
safety & efficacy of bupropion, depressed geriatric patients, 1992
safety & efficacy of multiple-monitored ECT, endogenous depression, 28–80 yr olds, 1796
scores on mental status tests & self care scale, patients with mean age of 87 yrs in long term care institution, 7692
selection of test batteries, assessment of dementia, elderly patients, 24190
self care model for gerontological nursing, promotion of independent functioning, elderly, 12696
sensory stimulation, reality orientation & personal hygiene & interests, 68–87 yr old geropsychiatric patients, 15545
side effects, choice & prescription of antidepressants including trazodone & imipramine, geriatric patients, 7429
signs & symptoms of clinical depression, elderly residents of long term care facility, 25551
standardized mental status examination vs nursing assessment techniques, identification of cognitive impairment, elderly patients, 28574
status of psychiatric day hospitals for aged, West Germany, 31736
strategic family therapy, unfriendly 81 yr old female geriatric patient, 26313
systems of institutional care & health status of residents & responses of staff, institutionalized elderly females & staff members, New York vs London vs Mannheim, 31707

thermal biofeedback & spouse contingency management training, cluster headaches, 69 yr old male, 26108
usage of hypnotic drugs, aged in residential care, Scotland, longitudinal studies, 26168
usage of psychiatric hospital beds over 4 yr period, younger vs older patients with depression, 10481
use & limitation of Hypochondriasis Scale for Institutional Geriatric Use, 16278
use of reminiscence-aids package in weekly group by social worker & occupational therapy aide, confused elderly psychiatric patients, 26329
usefulness of Stimulus Recognition Test for dementia, assessment of depression, geriatric patients, 24212
VA geriatric evaluation unit, functional & cognitive status & improved outcome, geriatric patients with mean age of 80.4 yrs, 15503
verbal exposure to feared stimuli & behavior modification & antidepressant drugs, obsessive-compulsive behaviors & cardiac response, 65 yr old female, 18051
wandering & parietal lobe dysfunctions, 70–92 yr old nursing home patients with senile dementia of Alzheimer's type, 20501
watch & diary & daily behavioral itinerary as memory aids, retraining of verbal & behavioral orientation, 84 yr old patient with senile dementia, 12588
zimeldine in once daily dosage, therapeutic efficacy & tolerability & pharmacokinetics, depressed 66–89 yr olds, 1982
zopiclone dose levels, insomnia, 60–93 yr old patients, conference presentation, 4774
zopiclone, geriatric patients with sleep problems, conference presentation, 4770

Geriatric Psychotherapy
development of cost- & space-efficient psychogeriatric services within teaching hospital, 15472
group therapy, elderly with depression, 10191
nomothetic vs idiographic perspectives, geriatric psychotherapy, 17899
psychomotor factors, psychiatric diagnosis & treatment of geriatric patients, health care professionals, 31244
psychotherapy, aged, 12468
therapy group facilitating adult development, 56–67 yr old patients from psychiatric facilities, 23188

Geriatrics
assertiveness training, nontraditional role assumption, geriatric nurse practitioner students with mean age of 37 yrs, 6-mo followup, 29024
basic principles of successful care of older patients, medical & mental health & social services professionals, 31602
changes in staffing & types of services offered, type of patient population referred to geriatric evaluation clinic, elderly patients, 1979–82, 28921
classification & diagnoses in practice of psychiatry, geriatric patients, 20194
clerkship involving home examinations of senior citizens, medical students, 2250
clinical issues in supervision, geriatric mental health trainees, 31883
construct validity of Sandoz Clinical Assessment-Geriatric scale, senile patients 60 yrs & older, 13589
current status of geriatric psychiatry, 12443
distinguishing between physical & psychiatric disorders, hospital emergency admissions, elderly vs middle aged patients, 12826
epidemiological perspective, psychogeriatrics, 4583
functional approach, geriatric consultation, general hospital, 12813
geriatric curriculum in medical education, US, 1983, 31833
geriatrics & common diseases, aged, bibliography, 30891
grouping alert patients with mentally impaired patients, nursing home residents, 10494
historical reasons for failure of geriatrics to become popular specialty, US, 10586
history & development of geriatric department in psychiatric hospital, Netherlands, 1967–82, 4975
implementation & evaluation of medical school geriatric programs, medical students, 7836
intellectual impairment & instability & incontinence & immobility & iatrogenic drug reactions, geriatric medicine, 4847
interdisciplinary geriatric care training, medical & nursing students, 7766
issues in clinical geriatric research, 28598
job satisfaction & impact on health care & problems in delivering service, geriatric nurse practitioners with mean age of 40 yrs, 2297
medical education, attitudes toward patient care, medical students, literature review, 26406
mental disorders & psychiatric staff in senior nursing institutions, China, 31728
need for & identification of psychogeriatric skills teaching in psychiatry, 26453
psychiatric evaluation & treatment in home, homebound elderly patients, 30956
revision of Geriatrics Bibliography, 7568
right of aged to medical services, ethical & legal responsibilities, physicians, 31884
role in psychogeriatric unit, occupational therapists, 21090
teaching nursing homes & benefits to public policy & patient care & physician training, conference presentation, 31943

German Measles [See Rubella]

Gerontology
development & evaluation of home-based family intervention training, gerontological practitioners, 31892
environmental factors in J. F. Gubrium's theory of aging, 30374
evaluation of national demonstration project on service-learning in aging, faculty & college students, 10703
gerontological content in curricula of graduate schools of social work, US, 15636
Gerontology Journal Club as continuing education modality in acute hospital setting, social workers, 31841
historical studies, interdisciplinary project on aging, 19th & 20th centuries, Sweden, 9321
integration of death related content pertaining to elderly into academic curricula, educational gerontologists, literature review, 21284
medical education, attitudes toward patient care, medical students, literature review, 26406
methodological problems, use of life satisfaction & happiness & morale as indicators of subjective well-being, gerontological studies, 2909
perception of goals & roles of gerontological counselors, gerontological counselors vs executive directors of aging agencies, 7798
problems of daily living & person-environment interaction, aged, review of gerontology & human factors research, 16128
role of L. Martin as early counselor & "mental hygienist" for aged clients, 10427

Gestalt Psychology
application of Gestalt theory, expressiveness in music perception & education, 839
combination of phenomenological & experimental approaches, reconstruction of methodology in gestalt theoretical research, 21707
computer vision & Gestalt theory, 8310
concept of structure in personality theory, 9557
development of gestalt theory & therapy, 20725
Gestalt concepts of isomorphisms & W. Kohler's theory of cortical currents in visual perception, 29622
gestalt laws of proximity & similarity, visual perceptual organization & tolerance spaces, 13661
gestalt theory & therapy, 10158
Gestalt theory of musical perception, implications for affective basis of musical interest, 838
history of concept of gestalt, 11050
isomorphisms in understanding brain function in visual perception, reply to discussion by M. Henle, 29638
nonlinearity model of human functioning in Gestalt therapy & theory, 26041
Pavlovian criticism of Gestalt psychology & its demise & influence, USSR, 18962
psychology vs physiology of higher nervous activity, 608
restructuring concept in Gestalt theory of problem solving, 371
W. Kohler's proposal of functional isomorphism between brain processes & phenomenal events, reply to comments by K. H. Pribram, 29621

Gestalt Therapy
Cleveland model vs dual focus model, Gestalt group therapy, 12547
cultural aspects of Gestalt therapy, US, 15172

development of gestalt theory & therapy, 20725
East vs West coast principles of Gestalt therapy & methodology, 20759
five maturational steps in Gestalt Therapy, 31370
Gestalt group therapy sessions, self concept, 25–35 yr olds, 1917
Gestalt group therapy, 16–18 yr old schizophrenic inpatients, 15509
gestalt skill-training group, acquisition of perceptual skills & use of 2-chair dialog intervention, counselors, 7787
gestalt techniques, posttraumatic stress disorder, Vietnam combat veterans, 12469
gestalt theory & therapy, 10158
Gestalt therapy in theory & practice, 23184
Gestalt therapy with deep relaxation, lack of energy & sadness & guilt & poor self image & guided fantasy & visual imagery & blaming & dreamwork, clients, 31353
integration of concepts & methodology & techniques in Gestalt therapy, 20784
interviewing micro strategies, behavior vs client-centered vs Gestalt therapists, 15070
major value claims in F. Perls's Gestalt theory as false & dangerous to society, professional criticism, 5527
model based on Gestalt therapy, group therapy, hospitalized schizophrenics with mean age of 28.4 yrs, 12560
nonlinearity model of human functioning in Gestalt therapy & theory, 26041
productive thinking & Gestalt therapy, 10147
research on Gestalt Therapy, 31365
responsibility for one's self in Gestalt therapy & Buddhist nonattachment, 45 yr old lawyer, 31396
role of paradox in Gestalt theory & technique, 31400
symbolic content of dreams, psychoanalysis & Gestalt therapy, 12481
theoretical foundations of Gestalt therapy, comments on J. Latner's article, 20783
theoretical principles of Gestalt therapy, reply to comments by G. Wright & G. Yontef, 20743
therapeutic work in Gestalt therapy focusing on spontaneous imagery & bodily sensations, 17920
therapist-client relationship in Gestalt therapy, 20742
Gestation [See Pregnancy]
Gestures
awareness of bodily functions through gestures & postures as expressions of living, implications for psychotherapy, 17959
development of gestural communication, deaf infants & preschoolers, criticism of S. Goldin-Meadow & C. Mylander's study, 28400
development of gesture systems, deaf vs hearing 10 mo to 4.1 yr olds, 31162
item familiarity & visibility & meaningfulness, gestural & vocal & verbal imitation, 10–16 mo olds, 11749
learning & retention of gestures, apraxic patients with vs without aphasia, 25824
manual activity during speaking, 37.1–81.1 yr old aphasics, 1665
methodological issues in study of parental input in development of gestural communication, deaf infants & preschoolers, comments on study by S. Goldin-Meadow & C. Mylander, 28423
pantomime & gestural processing & manual language training, aphasics, literature review, 18037
parental input, development of gestural communication systems, deaf infants & preschoolers, reply to comments by J. de Villiers & E. Bates & V. Volterra, 28435
parental input, development of gestural communication, deaf 1.3–4.1 yr olds, 28434
prelinguistic gestures & play patterns during interaction, development of referential language, severely handicapped 8–13 yr old males & their caregivers vs normal 12 mo olds & their mothers, 14949
relationships between gesture & language during acquisition of each, 2 yr olds, 11732
similar attitudes toward gesture-object as toward language-object, acquisition & appropriation & utilization of gestural system, 27673
spontaneous development of symbolic gestures in language development, female infant from 12.5–17.5 mo of age, 16906
subjective descriptions vs objective measurement, qualitative assessment of hand movements during psychiatric interview at admission vs discharge, lay judges, 25603
temporal & semantic & pragmatic & pathological & developmental parallels between speech & gestures, females, 30454
verbal & nonverbal communication & mime play, special education, deaf children, 10802
visual self recognition & object permanence & gestural imitation, 4.1–6.7 yr old autistic children, 12146
vocalizations & sounds & gestures, autistic & psychotic children, 4210
Gifted
academic achievement & cognitive skills & creativity & personality, gifted/learning disabled children, 2545
application of J. S. Renzulli's Enrichment Triad model to curriculum, development of investigative & analytical skills, gifted 5th graders, 10816
art as essential experience, encouragement of creative expression, gifted children, 11685
aspects of acceleration of gifted children, 18709
assessment of exceptional academic achievement using Washington Pre-College Test, junior high school students, 2564
assessment of giftedness with WISC-R & WAIS & Torrance Tests of Creative Thinking & Wide Range Achievement Test, delinquent youth, 12251
attitudes toward reading & classroom activities to foster positive attitudes, gifted vs average vs below average 6th–8th graders, 18652
attitudes toward reading acceleration & enrichment for gifted elementary school students, elementary school teachers, 5332
attitudes toward resource room program for gifted students, teachers, 10672
attitudes toward school programs for gifted, school administrators, 8055
attitudes toward science, gifted vs nongifted 5th graders, 8019
behavior modification, academically gifted students, literature review, 29340
books to implement triad enrichment activities, gifted elementary school students, bibliography, 18717
boundary management role, program supervisors for gifted & talented students, 29379
causal attributions for success & failure on WISC-R subtests, gifted vs low achieving elementary & junior high school students, 21371
characteristics of early readers, children identified as reading before age 4 yrs, 11762
collaboration model for special education of gifted students, physicians & teachers, 8072
comparison of Kaufman Assessment Battery for Children vs WISC-R vs Stanford-Binet Intelligence Scale, gifted 9.5–12.5 yr olds, 5400
conceptual level, identification of giftedness, high school students, 13145
concurrent validity of Creativity scale of Scales for Rating Behavioral Characteristics of Superior Students, Mexican American vs Anglo American 3rd & 5th grade gifted students, 15906
correlation between WISC-R & WRAT scores, gifted 1st–7th graders, 2573
correlation of WISC-R & physical fitness scores, gifted 4th–7th graders, 16956
correlations between WISC-R & Developing Cognitive Abilities Test, gifted 5th–8th graders, 159
counseling considerations, gifted students, 10905
counseling intervention methods with exceptional students, elementary & middle & high school counselors, 23906
course in study & written language skills, knowledge of study skills & written language proficiency & improved self concept, academically able 6th–9th graders performing below expectations, 2381
creative process & conditions necessary for liberation of creative ideas, young female artist & male lecturer, implications for counseling, 12095
creativity as criterion in identification, gifted & talented students, 23870
current & future directions of special education, gifted, 10799
curriculum extension from activities developed in classrooms, gifted children, 13164

daydreaming & IQ, moral reasoning ability, gifted vs average 9th–12th graders, experimental replication, 980
decision consequences & decentering prompts, evaluation of other's decision, intellectually gifted vs average 7–10 yr olds, 30544
description of Project Potentially Academically Talented Students, identification of gifted, middle school students, 26550
development & use of Gift Inventory for Finding Creative Talent, elementary school children, 23911
development of educational programs for creative excellence, gifted & talented students, 26673
drawing test, identification of gifted handicapped children, learning disabled 8 yr old male, 13162
effectiveness of teacher-based identification of high ability, 13 yr old secondary students, 13136
EMG biofeedback training vs progressive muscle relaxation, anxiety, gifted 11–14 yr old 6th–8th graders, 29380
emotional exhaustion & depersonalization & personal accomplishments, special education teachers of handicapped vs gifted students, 13025
encouragement to develop individual talent, motivation in regular classroom, gifted & talented students, 15857
enrichment program, self concept & creative thinking ability, gifted 3rd–6th graders, 13147
environment vs acceleration approaches to programing gifted education, 18696
environmental conditions & thought focusing & progressive relaxation & biofeedback techniques, stimulation of creativity, gifted students, 15902
errors of overinclusion vs underinclusion, screening gifted students, 1st–11th graders, 23898
ethical dimensions in education & educational diagnosis, gifted, 8037
evaluation of educational programs, gifted students, 13159
extended foreign language experience & ability, intellect & verbal & nonverbal abilities & motivation, gifted 5th–8th graders, Czechoslovakia, 21447
extracurricular programs, self concept changes, gifted White 8–12 yr olds, South Africa, 29383
factor analysis of Learning Styles Inventory, planning of individualized instruction, gifted 3rd–10th graders, 18692
factor structure of Mikulecky Behavioral Reading attitude Measure, assessment of reading attitudes, gifted 7th–8th graders, 13190
factors associated with aesthetic development, primary school students with talent in music vs fine arts, 11671
failure & expectations of parents & teachers & coping techniques, gifted students, 15877
family & career plans, male vs female 11–18 yr old gifted high school students, 29350
functions & roles, gifted education teachers, 2348
gifted, review of recent doctoral dissertation research, 18687
Gifted Students Institute summer program, self concept, gifted, 10–14 yr old middle school students, 29363
guidelines for administration & interpretation of intelligence test results & identification verification, gifted students, 23918
guidelines for increasing parental involvement in educational programs for gifted children, 26662
hemispheric specialization, creative & learning styles, verbally & nonverbally gifted & young children, educational implications, 10825
holistic synthesis in social studies education, enrichment programs, gifted students, 18712
identification & diagnosis of mathematically gifted students, 18677
identification techniques, gifted Mexican American children, 15920
important organizational characteristics in planning & implementing & maintaining education programs for gifted, administrators of gifted programs, 26659
indirect & direct mentoring of gifted talented creative students in initial student teaching practicums, preservice teachers, 13142
individual science curriculum extension projects, gifted high school students, 13166
influence of TV, gifted children, 16850
inservice program on gifted education, perception of competence, elementary & junior high school teachers, 10659
instructional strategies in modified social studies curriculum, creative thinking, gifted intermediate & secondary students, 10829
instructional techniques, gifted learning disabled students, 8076
intellectual giftedness, performance in Piagetian stages, 10–16 yr olds, 27762
internal barriers & personality characteristics & career potentials, gifted & talented sophomore females, implications for career counseling, 26649
jurisprudential approach to social studies instruction, analysis of political & ethical & moral issues, gifted, 10824
Kaufman Assessment Battery for Children, identification of giftedness, minority & majority children, 18745
knowledge about teaching gifted students following 2-wk summer institute, regular classroom elementary school teachers, 29207
learning style preferences, 7th & 10th grade gifted students, 26647
learning styles & preferred instructional strategies, 4th–6th grade regular vs gifted students, 26576
memory-metamemory correlations, intellectually gifted vs normal children with mean age of 13.3 yrs, 3648
memory scanning, intellectually above average vs average vs below average vs retarded 13–14 yr olds, 30478
methods for teaching critical reading skills, gifted children, 15863
modification of standard elementary school curriculum, gifted students, 2536
multidimensional instructional approach, remediation of handwriting deficiences, male gifted 1st grader, 29382
need for achievement & extraversion & emotional instability & level of anxiety, males vs females of different social status & success, Bulgaria, 20154
need for data on parents & developmental histories in creativity research, gifted children, 11834
need for reform in educational programs, gifted students, 2502
need for reform in educational programs, gifted students, 2497
need for replacement of current identification/placement paradigm, gifted & talented children, implications for school psychologists, 23827
needs & identification & enrichment activities, learning disabled gifted students, 10795
nuturance of creativity in education, disadvantaged gifted students, 8060
objectives & special features of IMPACT program, gifted high school students, 10801
parent recommendation vs performance on Woodcock-Johnson Psychoeducational Battery & Raven Progressive Matrices, educational diagnosis, gifted 4–6 yr olds, 10861
perceptions of desirable personal qualities of gifted students, teachers vs experts vs graduate students in gifted education, 2360
perceptions of family relations & intelligence scores, gifted 6–16 yr olds & their nongifted siblings, 25070
personal & social adjustment, gifted vs nongifted 1st–5th graders, 2477
personality profiles from High School Personality Questionnaire, fine & performing arts vs intellectually gifted high school students, 21478
personality traits, parents of gifted children, 1275
placement in segregated enrichment programs, self concept, gifted 4th graders with higher vs lower IQ, 18678
practical guidelines for development of curriculum extension activities, gifted students, 13165
predictability of giftedness identification measures & bias toward economically disadvantaged & minorities, gifted 2nd & 3rd graders, 18743
presence of & training program for insight skills involving selective encoding & selective combination & selective comparison, normal vs gifted 4th–6th graders, 13134
problems in identification, gifted & talented children, 23834
profiles on High School Personality Questionnaire, discrimination of students in leadership positions, intellectually gifted high school students, 10809
psychic overexcitability, assessment of developmental potential, gifted 12–17 vs 22–50 yr olds vs 18–59 yr old artists vs 22–50 yr old graduate students, 11698
reading education & parent-school relationship, gifted students, 18699
reading instruction, gifted students, 8053

Retrieval & Acceleration of Promising Young Handicapped & Talented Project, identification & education, gifted handicapped 3–5 yr olds, 10810
revolving door identification model & program planning, gifted & talented children, 23862
role of microcomputers, instruction, gifted students, 29169
school ability & achievement, self concept, educable mentally handicapped & learning disabled & achieving & academically gifted 9–12 yr olds, 1589
scope & structure & evaluation of educational programs, gifted students, 29348
scores on Slosson Intelligence Test vs McCarthy Scale of Children's Abilities, retarded vs gifted preschool children, 21458
scores on WISC-R & Stanford Binet Intelligence Scale, gifted 3rd–6th graders, 2602
self concept &/or locus of control as identifiers of giftedness, 2nd–5th graders, 18742
self selection or try-out procedures for identification, gifted students, 23838
self vs peer vs teacher nomination, identification of leadership giftedness, 4th–5th graders, 18684
special education, gifted students in rural schools, 10814
Special Program Responding to Intellectual Needs of Gifted project, individualized instruction & intellectual abilities, gifted elementary & middle school students, 3-yr longitudinal study, 18682
spelling rules for consonants following short vowel, gifted 2nd grade male, Denmark, 30445
statistical relationship between WRAT & California Achievement Test scores in reading & math & spelling, gifted 1st–6th graders, 2574
strategies for improving human relationships, gifted & regular classroom teachers, application of invitational theory, 26505
student interests & attitudes, reading education, gifted, 29184
subtest scores on Vane Evaluation of Language Scale & Vane Kindergarten Test, prediction of academic achievement & placement in special education or high achievement programs, students tested at beginning of kindergarten & end of 2nd grade, 21505
suggested functions & role, teachers of gifted children, 29338
summer residential educational programs, gifted 8th–12th graders, 18716
support group, self expression & coping with academic & social pressures, gifted college students, 26690
system-level screening procedures for identification, gifted-disadvantaged students, 13137
talent search identification model & screening & verification & placement, gifted & talented junior high school students, 23871
techniques for guided imagery Magic Island workshop, counseling, gifted Ss, 15236
techniques for teaching verbal presentations, gifted students, 2503
tension assessed with EMG level vs Children's Personality Questionnaire, intellectually gifted 4th–7th graders, implications for biofeedback training, 18052
themes & interacts & explorits challenge program, gifted students, 18701
thinking style, creativity, 9–11 yr old males vs females with gifted vs average IQs, 19822
types of self image & patterns of reaction in emotional development, gifted children, 30535
underachievement, students with superior intellect, implications for learning disabilities, 7971
use of contract activity packages in gifted education, children, 13138
use of microcomputers, kindergarten students with developmental & socialization problems & high intellectual capabilities, 2498
use of WISC-R subtest scores, identification of gifted handicapped children, 10842
use of 1981 vs 1961 norms in scoring Slosson Intelligence Test for Children & Adults, kindergarten through 6th grade applicants to program for gifted & talented, implications for selection of gifted, 15982
validity of Scales for Rating the Behavioral Characteristics of Superior Students, 3rd & 4th graders identified as candidates for gifted program, 5382
value of errors, learning & teaching processes, gifted children, 29378
variability of motivation & creativity & social awareness & social skills & preferred learning activities, gifted 2nd–5th graders, 29328
verbal vs spatial ability level, use of verbal vs spatial procedures in spatial task performance, verbally & spatially able 6th–10th graders, 11766
week-long leadership training course, gifted 9–15 yr olds, 18694
Women Mentor Project, development of self esteem & leadership abilities & career awareness, female elementary & middle & senior high school students, 29245

Gilles de la Tourette Disorder

advances in research & treatment of Tourette's syndrome, 4412
attention deficit disorder with hyperactivity, 6–71 yr olds with Tourette's syndrome with vs without positive family history, 4413
behavior therapy, multiple motor tics, 19 yr old female, implications for Gilles de la Tourette's syndrome, 4712
clinical & research shortcomings in Gilles de la Tourette syndome studies, literature review, 31135
clonidine &/vs mesoridazine, tardive Tourette-like syndrome, 60 yr old female chronic schizophrenic with tardive dyskinesia, 31521
clonidine, growth hormone response, 8–17 yr olds with Tourette's syndrome vs 4–16 yr olds with short stature, 4787
computed tomographic brain scanning, children with autism & developmental & attention deficit & language disorders & Tourette's syndrome, 6705
computerized axial tomography scan, patients with mean ages of 10.5–19.6 yrs with infantile autism vs attention deficit disorder vs developmental language disorder vs Tourette syndrome, 28138
CSF acetylcholinesterase activity as measure of central cholinergic function, 7–19 yr olds with Gilles de la Tourette's syndrome receiving vs not receiving haloperidol, 4513
description & treatment of Tourette's syndrome, 4402
development & reliability & validity of Tourette's syndrome global scale, rating of symptom frequency & disruptiveness, 6–56 yr old patients, 2903
diagnostic & assessment issues, tics & Tourette syndrome, children, 31161
EEG abnormalities, Gilles de la Tourette's syndrome, 6–49 yr old patients, 10023
etiological correlations & symptoms, children with Gilles de la Tourette's syndrome, France vs US vs Malaysia vs Siberia, conference presentation, 4408
etiological role of dopaminergic & cholinergic mechanisms, 10–14 yr olds with fast vs slow hyperkinesias, 1548
incidence of somnambulism, 5–21 yr olds with Tourette's syndrome, 14890
onset & symptoms of Gilles de la Tourette Syndrome, 20554
onset of tics following amphetamine treatment for narcolepsy, 3 yr old male, implications for linkage to Gilles de la Tourette's syndrome, conference presentation, 4814
paranoid delusions, 19 yr old male with Gilles de la Tourette syndrome, 20604
parotid salivary response to clonidine as indicator of adrenergic responsivity, 9–21 yr old males with Tourette's syndrome, 18145
pimozide, development of school phobia, 10 yr old male with Gilles de la Tourette's syndrome, 23333
pimozide vs placebo, treatment of Tourette's syndrome, patients, 4817
psychological & personality profile, male patient with Gilles de la Tourette's syndrome, 31223
responses to dextroamphetamine vs levoamphetamine vs haloperidol, 12–20 yr olds with Tourette's syndrome, 4403
risk of Tourette's syndrome & chronic multiple tics, relatives of Tourette's syndrome patients, 4500
sensitivity of Child Behavior Checklist to degree of dysfunction, parents of 6–16 yr old males with Tourette's syndrome, implications for measurement of treatment outcome, 190
somnambulism & night terrors, 5–21 yr old patients with Gilles de la Tourette syndrome with seizure disorders vs learning disabilities, 7006
tetrabenazine, tics & sleep, 10–48 yr olds with Gilles de la Tourette's syndrome, 7445

Girls [See Human Females]

Glands [See Adrenal Glands, Endocrine Glands, Hypothalamo Hypophyseal System, Ovaries, Pancreas, Pineal Body, Pituitary Gland, Salivary Glands, Testes, Thyroid Gland]
Glaucoma
glaucoma damage, color vision deficiencies, 20–84 yr old patients, conference presentation, 25929
validity of perimetry vs visual contrast tests, diagnosis & classification of glaucoma, 17–72 yr old glaucoma patients, conference presentation, 25823
Globulins [See Also Antibodies, Immunoglobulins]
C sub 3 & haptoglobin phenotype distribution, Alzheimer's patients with mean age of 73.5 yrs, 1660
corticosteroid-binding globulin, depressed 28–76 yr old patients, 28212
Globus Pallidus
bilateral globus pallidus lesions, reaching behavior & limb & body posture, rats, 19644
bursting activity in globus pallidus during grooming behavior & stereotyped jaw movements, rats, 19494
carbachol & glutamate antagonists & GABA injections into hippocampal-accumbens-subpallidal areas, locomotor activity, male rats, 24893
clinical & neuropathological study of degeneration of dentatorubral & pallido-luysian systems, 27–48 yr old patients, 28447
electrical stimulation of globus pallidus area, basal ganglia activity & arm movement RT, adolescent male monkeys, 24753
electrical stimulation of globus pallidus following injections of amphetamine, organization of stereotyped behavior, cats, 3336
food or nonfood presentation vs barpressing vs food acquisition & ingestion stages of operant feeding task, electrical activity of neurons in globus pallidus, monkeys, 30091
globus pallidus vs lateral thalamus vs substantia nigra vs midbrain central gray vs median raphe vs pontine reticular formation lesions, climbing detour problem solving behavior, male rats, 30190
glutamic acid diethylester hydrochloride injections into nucleus accumbens & GABA injections into subpallidal regions, exploratory locomotion, male rats, 24892
kainic acid induced lesions in globus pallidus, arm movement RT, adolescent male monkeys, 24765
levodopa or bromocriptine, motor behavior & body weight & food intake, rats with bilateral globus pallidus lesions, test of metabolic vs motor deficit hypothesis, 22084
muscimol & picrotoxin & bicuculline in globus pallidus, spiperone-induced catalepsy & locomotor activity & stereotyped sniffing, male rats, 30277
paleostriatal lesions, instrumental learning, pigeons, 6082
striato-pallidal infarction, loss of substance P & enkephalin immunoreactivity in substantia nigra, 38–86 yr old patients, 1706
Glossolalia
EEG profiles during religious experiences, 32 yr old female practitioner of Transcendental Meditation & 20 yr old female Pentecostal with episodes of glossolalia, 1045
nature & psychological impact & therapeutic elements, religious experiences of testimony & Holy Ghost possession & dancing & speaking in tongues as functional community mental health resources, 18–67 yr old Black church members, 6443
Glossopharyngeal Nerve [See Cranial Nerves]
Glucagon
induced development of pancreatic glucagon antibodies, food intake & body weight, female obese vs lean rats, 27473
Glucocorticoids [See Also Dexamethasone]
adrenalectomy, alcohol-stimulated activity & blood & brain alcohol content, female mice, 8926
basal vs medial vs cortical nuclei lesions vs global lesions of amygdala, plasma corticosteroid level before vs after dexamethasone, female rats, 676
neonatal 6-hydroxydopamine, disruptive effects of dexamethasone vs metyrapone on pituitary-adrenal system & avoidance acquisition, male rats with vs without norepinephrine depletion, 725
prenatal glucocorticoids, birth weight & psychological & motor development, 12–24 mo olds, 18123
rank order fights, time course of whole-body & blood concentrations of androgens & corticosteroids, male swordtails, 5979
stress, secretion of catecholamines & corticosteroids & ACTH from adrenal medulla & adrenal cortex & anterior pituitary respectively, 8852
synthetic vs ovine corticotropin releasing factor iv, ACTH & adrenal corticosterone & 11-deoxycortisol & cortisol & cortisone & dexamethasone suppression responses, 27–65 yr olds with severe endogenous depression, 17487
Glucose [See Also Blood Sugar]
cerebral glucose uptake, schizophrenics with mean age of 28.3 yrs vs patients with affective illness with mean age of 41.7 yrs, 9628
cerebral metabolic rate for glucose, 18–36 yr old males with history of infantile autism, 22768
cerebral metabolic rates for glucose, 18–56 yr old patients with unipolar depression vs manic phase vs mixed state vs depressed phase bipolar disorder, 22669
color-dependent errors in performing urine glucose test, 19–75 yr old diabetics with vs without color vision deficiencies, conference presentation, 25784
concentration of glucose vs saccharine, postingestive satiation behaviors, male rats, 27427
correlational methods, analysis of regional coupling of cerebral glucose metabolism, 18–29 yr old schizophrenic males under electrical shock stimulation, 9632
dextroamphetamine dosage levels, locomotion & stereotypic behavior & cerebral glucose utilization, male rats, 16792
environmental & physical stress, glucose intolerance & diabetes mellitus, 7130
estradiol benzoate & progesterone, 2-deoxy-dextro-glucose-induced feeding during estrus vs diestrus vs following ovariectomy, female rats, 19701
glucose & glycogen levels in liver & blood & cerebral cortex, susceptibility to audiogenic seizures, mice, 24740
glucose ingestion, palatability of sucrose solutions, dieting vs nondieting female college students, 19560
glucose tolerance testing, symptomatic hypoglycemia, female patients with panic & phobic disorders, 9734
glycerol & glucose & lysine, RNA content of ventromedial vs lateral hypothalamic neurons, male infant rats, implications for role of hypothalamus in food intake control, 22184
hemispheric asymmetry in cortical glucose metabolism, 55–75 yr old patients with Alzheimer-type dementia, 22984
human pancreatic growth-hormone releasing factor, growth hormone secretion & plasma glucose concentrations & behavioral & motor effects, rats, implications for neurotransmitter & neuromodulatory functions, 24949
induced glucose intolerance, oral ethanol intake, rats, 22235
lateral hypothalamic glucose-sensitive vs glucose-insensitive neurons, feeding-related neuronal activity, female monkeys, 11464
local cerebral metabolic rate of glucose before vs after somatic treatment, 28–53 yr old chronic schizophrenics, 22794
milk-based liquid diet, reinstatement of feeding following glucose satiation, female rats, 19593
monocular optokinetic stimulation, uptake of deoxyglucose in pretectal nucleus of optic tract & superior colliculus, male rats, 6042
pleasantness & intensity of taste of sugar & salt & quinine solutions, cigarette smokers allowed to smoke vs smokers not allowed to smoke vs nonsmokers, 24377
sc injection of glucose analogs 5-thio-dextro-glucose vs 2-deoxy-dextro-glucose, pregastric pouch emptying & hyperphagia, male hamsters, 24824
self measurement of blood glucose levels, diabetic patients, 7538
wakefulness vs sleep vs REM sleep, regional cerebral glucose utilization, males, 27358
Glue Sniffing
complications & suggestions for treatment, glue sniffing & abuse of turpentine & gasoline & anti-freeze & aerosols & content of fluorescent tubes, young persons, 14802
long-term glue sniffing, memory & nonverbal intelligence & attention & concentration, male adolescents, 17588
movement disorder, 27 yr old male with 15 yr history of glue sniffing, 25610
signs of brain damage in EEG responses to pattern reversal visual stimuli, 13–19 yr old glue sniffers, 31028

Glutamic Acid
acute ethanol administration, differential glutamate release in brain regions following potassium ion administration, long vs short sleep mice, 19669
behavioral & neuropathological effects of intrastriatal levopyroglutamate injection as animal model of Huntington's disease, male mice, 24925
biochemistry of synaptic processes, memory & information storage, mammals, 5988
chronic intracortical administration of levoglutamate, ocular dominance shifts, monocularly deprived kittens, 6159
frontal cortex ablation, glutamate & GABA levels in ipsilateral vs contralateral substantia nigra, rats, 27521
glutamate administration into periaqueductal gray or ventromedial medulla & serotonergic & noradrenergic & opioid receptor antagonist, tailflick & hot plate response, male rats, 27599
intra-accumbens injection of magnesium vs calcium, hypermotility response to N-methyl-aspartic acid vs kainic acid vs quisqualic acid, rats, 3429
monosodium glutamate, onset of changes in jump thresholds & hotplate latencies & body weight, 30 vs 60 vs 80 day old rats, 24789
neuroleptic vs neurotransmitter injections into brain regions, avoidance acquisition, male rats pretreated with atropine, 783
septal cholinergic & entorhinal glutaminergic inputs to hippocampus, modulation of hippocampal rhythmical slow activity during exposure to novel stimuli, rabbits, 27348
Glutamine
alcohol motivation & glutamine, brain content of glutamate & GABA & taurine, rats, implications for treatment of alcoholism, 27627
Glycine
glycine antagonist styrychnine injection, short & long term habituation of acoustic startle response, male rats, 27365
lithium, red blood cell glycine & choline & glutathione levels, manic depressive patients, comments on study by N. Pomara et al, 15277
serine vs glycine loading, glycine-serine conversion & plasma taurine levels, 15–48 yr old acute psychotic with induced psychedelic symptoms, 22674
strychnine binding to spinal cord & brain stem for determination of glycine binding deficits, adult mutant spastic mice, 30113
Glycogen
glucose & glycogen levels in liver & blood & cerebral cortex, susceptibility to audiogenic seizures, mice, 24740
Goals [See Also Educational Objectives, Organizational Objectives]
abstinence vs controlled drinking goal choice vs prescribed abstinence, goal achievement & treatment outcome, problem drinkers, 31788
attitudes toward due process & social service norms & goals in juvenile court dependency & neglect proceedings, judges vs prosecutors vs caseworkers vs referees vs intake workers, 20009
categories of actor's goals, organization of inferences, female college students, 28054
counseling goal-setting involvement, conduct problems & satisfaction with counseling, high school students referred for behavioral counseling, 5358
development of Superiority & Goal Instability scales, assessment of H. Kohut's constructs of self, college students, 16362
expectation of cooperative future interaction with negotiator & accountability to constituents, contentious behavior & joint benefits during bargaining, college students, 9508
factors in deciding what to do in future, 9th graders from small town, 1967 vs 1979, 19925
failure to achieve goals, suicide, Ss under 35 yrs of age, 1555
goal- vs non-goal-oriented role play, locus of control, Black 5th graders, 6402
goal achievement, delinquency, male 10th graders, implications for strain theory, 14761
goal attainment scaling, evaluation of long-term vs short-term psychotherapy, 20695
goal attainment scaling method, individual counseling, adolescents with conduct problems, 5397
goal clarity & difficulty & participation in goal setting & task complexity, work motivation & job satisfaction, utility company nonsupervisory employees, 32316
goal difficulty, success in reaching integrative solutions in competitive market simulation, college students, 17320
goal-directed informal sessions, communication between adolescents & parents, 11.5–18 yr old psychiatric patients & their parents, 2163
goal instability & achievement motivation & study behavior, college students in learning skills classes, 32071
goal instruction, production & integration of narrative sequences in picture story, 4–6 yr olds, 885
goal-risk behavior, males with mean ages of 14.6 & 15.3 yrs, 6387
goal setting & level of initiative, brainstorming, college students, 25400
goal setting & task difficulty & strategy, heuristic computer task performance, college students, 29966
goal setting, test performance, college students, 29297
goal specificity & temporal cues, pain tolerance, female college students, 275
goals & value orientation, ability-evaluative vs task mastery vs moral responsibility motivation systems, teachers & students, 10773
influence of goals & social situation on what is said & how it is said in social interaction, conference presentation, 9511
information & choice & task complexity, goal acceptance & performance & personal goals, college students, 29965
instruction in written behavior-based client objectives, vocational rehabilitation counselors, 7790
interdependence of understanding of task goals & personal qualities, partners in joint activity, 14503
level of difficulty of previously assigned goals, self set goals & performance, college students, 8583
multiple goals, conversational relevance & topic shift, college students, 25005
multiple objectives of gambling, experienced blackjack players, implications for decision research, conference presentation, 21878
objectives of vocational rehabilitation, 15554
participation in assigned vs delegative vs participative goal setting, goal acceptance & performance, college students, 20077
perceived goals & targets & tactics in persuasion situations, test of R. Schank & R. Abelson's assumptions about persuasion schema, 22593
perception of goals & roles of gerontological counselors, gerontological counselors vs executive directors of aging agencies, 7798
presentation of goals before reading instructional text, intentional vs incidental learning, meta analysis of research reports, 7969
private vs public goal setting, classroom on-task behavior, emotionally disturbed male 11.5–13.1 yr olds with conduct disorder, 2518
proximal vs distal goal setting, intrinsic motivation, female college students, 11390
pursuit of organizational goals, managers, 10977
rated valence of general goods, college students, implications for structural analysis of motivation based on hierarchies of goal inclusion, 20168
research model for measuring spread in response to imagined loss & goals, 18–47 yr old college students, 20159
self handicapping strategy & goal choice & self image, male college students, 30847
self regulation of goals & self rewards & self monitoring of performance, job performance, insurance salespersons, 32243
self selected vs E-imposed goals & goal difficulty & need achievement, task performance, college students, 13716
social goals, children, reply to comments on study by F. Gresham, 25228
social interaction contexts for & goals & procedures of language therapy, children with language disorders, 1812
specificity of goal instruction, motivational control of motor performance on auditory manual RT & visual-manual pursuit tasks, 18–24 yr old males, 11273
structuring goals via goal attainment scaling, occupational therapy in partial hospitalization settings, 10487
task-goal attributes, internal work motivation & job satisfaction & perceptions of inter- & intradepartmental conflict, nonsupervisory employees of large firm, 32317
text structure & reader's background knowledge & goals, text processing & memory, college students, 23776

trait anxiety & use of objectives, state anxiety & academic performance, college students, 13104
use of goal attainment scale, counseling, pregnant & single parent teenagers, 18268
utility of single case research methodology, study of intermediate goals as variables in treatment outcome research, 23120
wage system & complexity of work, wishful vs realistic aspiration levels, 5485
working alone vs in presence of observer, self set goals, college students, 9509
Goats
classical discrimination conditioning of heart rate & respiratory-motor activity, newborn & neonatal goats, 8624
latency & intensity of proximity-seeking to dam, infant goats, 5914
male-male mounting, mate choice & sexual performance, sexually-inexperienced yearling male goats, 27296
neural receptive fields underlying binocular vision, normal vs monocularly deprived sheep & goats, comparison with cat study by M. L. Cooper & J. D. Pettigrew, 27479
postpartum interaction with neonates, female feral goats, 5927
seclusion from conspecifics following birth & mother-infant relationship, Toggenburg goat newborns, 5913
sexual stimulation, sexual performance, male goats, 27295
social class & sex & age & ecological changes, home range variations, feral goats, 13777
spatial associations & role of infant, maintenance of mother-infant relationship, goat mothers & their kids, 27277
God Concepts
absence of female God symbolism, spiritual development & social consciousness, 14268
contingency & epistemic quantification criteria of intentionality & applicability to divine omniscience, comments on work by R. M. Chisholmm, 16195
development of concept of God, Jewish vs Protestant vs Catholic 5–16 yr olds, 9216
examination of perfectionistic tendencies & concept of God in psychotherapy, religiously committed middle aged female, 28649
Freud's views on monotheism & Moses & reaction to Nazi period, 18938
images & self communication & intimate experiences with God, personal growth, 27903
images of God & ambivalence about religion & experiences in infancy, 27924
Imago Dei & object relations theory, implications for model of human development, 19981
interpersonal & religious expression, meanings & processes of transference & psychotherapy, 20 & 32 yr old orthodox Jewish females, 31401
sources of awe & unchangeableness in S. Kierkegaard's sermon "Guds Uforanderlighed", 6214
Goldfish
acquisition & extinction & reacquisition of conditional discrimination, goldfish trained to avoid shock, 8666
body length, light transmitted through optic media, goldfish, 30116
food extract &/vs heated water as chemical feeding cue, chemoreception & attraction to water, goldfish, 24701
linear presentation procedure, classical conditioning of "avoidance" response, goldfish, 8631
model of decision making process, foraging, goldfish, 8705
patterns of rewarded vs nonrewarded operant discrimination trials, stimulus control & role of memory, goldfish, 16503
prostaglandin, oviposition & spawning behavior, female teleost fish, 24811
unilateral optic tectum ablation, recovery of visual function by invader vs resident axons, goldfish, 30180
Gonadotropic Hormones [See Also Luteinizing Hormone, Prolactin]
gonadotropin releasing hormone stimulation, plasma follicle-stimulating & luteinizing hormone concentrations, 18–30 yr old acute schizophrenics, 20236
prolactin & follicle stimulation & luteinizing hormone levels, epileptic patients with partial seizures with vs without psychopathology, 9915
Gonadotropin [See Gonadotropic Hormones]
Gonads [See Ovaries, Testes]
Goodenough Harris Draw A Person Test
abbreviated vs Harris' scoring system for Draw-A-Man-Test, prediction of school readiness, kindergarten students, 15974
common factors in Draw-A-Man & Draw-A-Tree tests, 4–9 yr olds, 16296
concurrent validity of Draw-A-Man Test with WISC-R & Bender Gesalt Visual Motor Test for Children, 6–12 yr olds with cerebral palsy, 2916
Draw-A-Person test, assessment of improvement in behavior & attitudes, learning disabled children, 15952
drawings of person under Draw-A-Person Test, fluctuations in IQ, female assessed between 4.6–10 yrs of age, longitudinal study, 19028
validity of Draw-A-Person & Bender Gestalt test, measurement of impulsivity, 12.1–18.8 yr old psychiatric inpatients & junior & senior high school students, 13587
Gorillas
abundance & distribution of foods in home range, movement patterns, free-ranging mountain gorillas, 21985
birth in captivity & maternal behavior, 7 yr old female lowland gorilla, 27228
caloric intake & weight gain, hand-reared lowland gorilla infant, 16544
cardiac startle & orienting in response to auditory & vibrotactile stimulation, infant chimpanzees & gorilla, 21902
communicative vocalizations, chimpanzees & pygmy chimpanzees & eastern gorillas, 3235
composition & diversity & temporal consistency of diets, mountain gorillas, Rwanda, 27322
hormonal fluctuations, overt social behavior, 10 yr old captive female gorilla, 24625
mother-infant separation and reunion, agitation & behavioral depression & detachment, orangutans vs gorillas vs chimpanzees, 24573
parturition, behavior, mother & immature & adult wild gorillas, 5941
social & aggressive behaviors during group formation, lowland gorillas in captivity, 8691
variables for regulation of reproductive behavior, captive gorillas, 16549
vocalization, apes & gorillas & other man-like primates, 502
Gossip
gossip, Hindi-speaking Indians, Fiji, 11631
Government
governmental structures & policies & geographical conditions, mental health programs, Australia, 2074
impact of locally televised council meetings, public, US, 25354
management of human resources in government organizations, 18825
newspeak in G. Orwell's "1984", political concept of language as vehicle of social control, 6183
participation in conferences & treaties & intergovernmental cooperation, Europe, 1816–1915, 6537
political views of K. Popper on incompatibility between violence & rationalism & between democratic & tyranic forms of government, 17225
public attitudes toward reliance on social security in retirement income, adults, 5440
role of federal government, promotion of excellence in education through instructional technology, 13060
Government Agencies
actions available in case of presidential threat, US Secret Service, 1151
attitudes toward effectiveness of rehabilitation counselor education programs, administrative personnel in state vocational-rehabilitation agencies, 31879
avoidance of direct training & administrative roles & emphasis of learning design & consultancy work, working with public sector & voluntary agency professional staff, trainers, 13273
certification of case as class action on behalf of all Supplemental Security Income & Social Security disability insurance beneficiaries in Massachusetts against Secretary of Health & Human Services, case law, 14331
complaint & grievance regulations of Massachusetts Department of Mental Health, 15422

coordination efforts of residential treatment centers & departments of social services & courts, prospective adoptees, 10480
court ruling on recovery of attorney's fees in Social Security & education & rehabilitation cases, case law, 14314
definition & identification criteria & operationalization procedures, learning disabilities, state departments of education, US, 17682
development & dissemination of printed information about needs of handicapped, state & federal government agencies, 22998
elimination of eligibility standards applied to chronically mentally ill workers in federal Social Security Disability Insurance & Supplemental Security Income programs in midwestern states, case law, 14619
ethical concerns in consultation in human service delivery & government/private business settings, literature review, 12969
factors affecting success & failure of quality circles, military maintenance vs medical facilities in US Department of Defense, 21589
interaction with US Secret Service regarding disturbed patients & mental health information, mental health professional, 1110
management of state legislative agency, psychologists, 10591

research on acquired immune deficiency syndrome, independent researchers vs Centers for Disease Control, 12331
social & behavioral research supported by National Institute on Aging, 16849
social policy in construction of intervention programs, children & their families, 2068
suggestion of combined government & industry & college support of basic scientific research, 18912
unemployment vs employment vs participation in government employment training schemes, emotional stability, 11th grade school leavers, England, 32028
US government assistance programs, quality of life & mental health & poverty cycle, chronic welfare recipients & street criminals & alcoholics & drifters & mentally ill street people, 9344

Gradepoint Average [See Academic Achievement]

Grading (Educational)
assimilation effects, consecutive grading systems, France, 5361
attitudes toward & behavior concerning marking, regular vs special education teachers, 32164
attitudes toward grade inflation, deans of colleges of education at private & public institutions, 13020
attractiveness of student's name, grade received on essay, college students, 29272
computerized adaptive testing, mastery testing & assignment of grades & measurement of changes in achievement, 29472
criterion-referenced grading models, Germany, 8116
criterion-referenced interpretation of norm-referenced examination grades, 2575
evaluation of course in personal development psychology & assessment of performance in experiential group activities, assessment of effectiveness of techniques for grading performance in experiential activities, college students, 2551
evaluation of vs grading academic achievement, 26709
experience level & need for social approval, grading behavior, female elementary school teachers, 31967
faculty- vs self-assessment of clinical clerkship performance, medical students, South Africa, 31878
global vs analytic correction technique, aggregation of marking criteria, field independent vs field dependent secondary school teachers, Poland, 15918
grade norms, psychological harm, school age children, 13174
grading standardization, secondary teachers, France, 10869
microcomputers & assessment of academic achievement & instructional performance, 2586
name attractiveness/unattractiveness, essay grading & stereotyped attitudes, college students, 2560
norm- vs criterion-referenced grading system & single test vs retest, performance & motivation, college students, 15734
pupil sex, grading science exercises, secondary school teachers under 30 vs 30–40 vs over 40 yrs of age, UK, 8136
reinforcement contingency & independent grading, maintenance of task accuracy, 6 yr old male with conduct disorders & learning delays, 18671
sex bias, project evaluations by faculty, male vs female college students, 15909
teacher-student match of emotional stability/neuroticism & introversion/extraversion, ratings of student interest & discipline & creativity & test taking ability & learning/reading ability, 10th graders & their teachers, 2480

Graduate Degrees [See Educational Degrees]

Graduate Education [See Also Clinical Psychology Grad Training, Graduate Psychology Education, Medical Education, Psychiatric Training]
admissions criteria, prediction of success in graduate clinical specialty programs, 18–57 yr old nursing program graduates, 31911
comprehensive examinations, graduate students, 2547
evaluation training program, graduate education, 12939
graduate education, form of group therapy practice, psychiatric mental health nurses, implications for other group practitioners, 29092
model for systematic review of mental health research & applications in graduate education, American Indians, 18579
model of mentoring based on developmental stage of mentee & functions valued by mentor, implications for mental health graduate education, 7817
off campus Master's degree program, child abuse workers, 31924
perceptions & observations & evaluations of formal vs informal instruction & academic & socialization issues of external educational doctoral program, 29–81 yr old students, 5304
predictive validity of cognitive skill tests, academic success, 23–55 yr old postbaccalaureate females in engineering training program, 8144
problems & solutions during education doctoral thesis-writing process, doctoral students, 31838
structural arrangements & mode of field instruction & preparation of supervisor, social work problem solving ability, part-time graduate student social workers, 7768
undergraduate vs graduate occupational therapy education, professional productivity, former undergraduate vs graduate students, 29016

Graduate Psychology Education [See Also Clinical Psychology Grad Training]
admissions' competitiveness for American Psychological Association approved vs nonapproved clinical vs industrial vs organizational psychology doctoral vs masters programs, 7846

approach to training in professional psychology using assessment counterparts of societal megatrends, 15598
attitudes toward financial incentives for teaching medical students & psychiatry residents & psychology interns, psychiatry faculty members, 31927
attitudes toward psychotropic medication, medical vs psychology students in clinical training, 26429
characteristics & history of free-standing & university-affiliated professional schools, 7755
consultation training, community psychology students, 12937
curriculum evaluation methodology, psychology graduates of National School of Professional Studies, Spain, 31826
curriculum issues & socialization of students, community psychology training programs, 12970
development of positive marginality in applied social psychology, implications for graduate education, 6615
development of training module on child abuse & neglect, preservice & inservice school psychologists, 26492
doctoral-nondoctoral issue, school psychologists, reply to criticism by G. M. Trachtman, 18528
doctoral vs nondoctoral & clinical vs nonclinical issues & policies of professional organizations, school psychologists, criticism of paper by J. I. Bardon, 18550
emotional adjustment, transition from graduate school to internship, psychology graduate students, 18499
employer hiring preferences, graduates of American Psychological Association approved vs non-approved programs, 29089
entry level in practicing school psychology, 18549
future job market, psychologists, Norway, training implications, 10562
graduate level course description, family therapy research, 18501
graduate psychology course, influences of self selected literature on projective lifestyle, 7772
guidelines from federal granting councils, support of scholarly research & research training in psychology, Canada, 7754
history of psychology in terms of undergraduate & postgraduate training & theoretical orientation, Brazil, 29640
integrated constructive processes & networks, evaluation of conceptual learning, graduate psychology students in apprenticeship program, 18468
issues of rural community psychology training programs, 12941
perception of competency in research & intervention skills, recent MA vs PhD graduates of community psychology training programs, 12973
perceptions of spirituality & religious affiliation & belief & theoretical orientations & educational & training experiences, clinical psychologists, 31932
perceptions of training, school psychologists & graduating students in school psychology, 5176
perceptions of training, school psychologists & graduating students in school psychology, comments on J. Graden et al's survey, 5191
quantitative growth of training programs, school psychologists, 1920 to present, 18536
rationale for PhD system in psychology, 5124
reformulation of social psychology to address real-world practical problems, implications for graduate psychology education, 6613
social policy process, community psychology training, 12942
substance misuse in curricula of graduate psychology training programs, 7829
techniques for teaching projective assessment, graduate psychology students, 2306
training for advocate role, community psychologists, 12904
training for work with bilingual/bicultural populations, school psychologists, 21277
trends & issues in community mental health training, 12880
trends in program descriptions, community psychology training, 12956
use of computers for training school psychologists, 15687
work in social policy areas, community psychology training programs, discussion of model proposed at 1975 National Conference on Training in Community Psychology, 12914

Graduate Record Examination

predictive validity of Graduate Record Examinations, graduate students in different academic disciplines, 29467
relationship between Graduate Record Examination scores & grades, Black vs White graduate students, implications for graduate school admissions policies, 29456
stability of partial correlation index vs comparisons of item characteristic curves vs comparisons of item difficulty, assessment of race & sex differences in Graduate Record Examination performance, Black vs White males vs females, 13226
validity of Graduate Record Examination as primary basis for admission, prediction of future academic performance, full-time graduate social work students, 13202

Graduate Schools

characteristics & history of free-standing & university-affiliated professional schools, 7755

Graduate Students

academic self concept, undergraduate vs graduate special education vs non-special education majors, 31974
age & gender & religion & undergraduate major & current area of study, Death Anxiety Scale scores, 1st-yr medical & graduate students, 26422
alcohol drinking patterns, social work vs business graduate students, 1212
alcohol drinking patterns, 21–60 yr old graduate social work students, 26460
algebra proficiency vs need for remediation, grades in calculus & statistics courses, Master's level business administration students with mean age of 32.3 yrs, replication of authors' previous study, 2447
attitudes toward psychotropic medication, medical vs psychology students in clinical training, 26429
attitudes toward religion & death, female vs male public health graduate students, 7767
clinical evaluation of self from memory vs videotape vs evaluation by peers vs supervisors, graduate student speech-language clinicians, 26415
decision curriculum with in-basket simulation, decision making knowledge & proficiency, graduate students in educational administration, 26507
demand for title & professional identity, psychology graduate students, 29063
frequency & location & circumstances & preference & levels of alcohol consumption, fully employed night-school graduate business students, 28016
Miller Analogies Test, prediction of academic achievement & success, education doctoral students, 23921
multidimensional scaling, measurement of occupational attitudes & preferences, postgraduates & 9th & 11th graders, 21503
perceived stress associated with academic & personal relationship & time & financial concerns, 2nd yr medical & law students & graduate psychology & chemistry students, 2264
perceptions & observations & evaluations of formal vs informal instruction & academic & socialization issues of external educational doctoral program, 29–81 yr old students, 5304
perceptions of supervisory conferences conducted according to student-planned agenda, speech-language pathology graduate students, 7819
perceptions of training, school psychologists & graduating students in school psychology, 5176
perceptions of training, school psychologists & graduating students in school psychology, comments on J. Graden et al's survey, 5191
performance on National Board of Medical Examiners Part III examination, clinical competence, medical school graduates, 31850
predictive validity of cognitive skill tests, academic success, 23–55 yr old postbaccalaureate females in engineering training program, 8144
problems & solutions during education doctoral thesis-writing process, doctoral students, 31838
procedures & criteria for evaluation & dismissal, unsuitable clinical psychology graduate students, 12879
psychiatric labels & professional training, bias in clinical judgments, 1st- vs 2nd-yr social work students vs social workers, 10554
relationship between Graduate Record Examination scores & grades, Black vs White graduate students, implications for graduate school admissions policies, 29456

self confidence & achievement motivation & academic achievement, 20–24 yr old male graduate students, 7984
traditional vs nontraditional vs androgynous fields of study, role congruence & perceived faculty & peer support, male vs female doctoral students, 29317
validation of classification of attributions of classroom motivation, undergraduate education vs psychology vs graduate education majors vs naive Ss over age 35, failure to support B. Weiner's theory, 15824
validity of Graduate Record Examination as primary basis for admission, prediction of future academic performance, full-time graduate social work students, 13202
validity of Student Study Time Survey, assessment of study time, graduate & undergraduate students, 13214
Grammar [See Also Morphology (Language), Phonology, Semantics, Syntax, Transformational Generative Grammar]
acquisition & overgeneralization of English dative alternation, 9 & 12 & 15 yr olds, 16967
acquisition & use of grammatical morphemes, hard-of-hearing 5.3–15.6 yr olds vs normal-hearing 1.8–6.8 yr olds, 1644
affix processing strategies & linguistic systems & language development, 1.7–2.6 yr olds, 6-mo longitudinal study, Poland, 19871
ambiguity & attraction between verb & number of complement, grammatical error, college students, 16829
comparative grammar & linguistic development in learning theory, 19748
comprehension of movie & use of cohesion in spoken narratives, normal vs language disordered 7.5–10.5 yr olds, 20465
Computer-Assisted Analysis System, analysis of conversation, conference presentation, 61
computerized grammar kit written in PROLOG, children interested in exploring language, 10718
development of errors in normal & agrammatic speech, implications for study of aphasia, 27695
dualistic conception of language as consisting of social norms & personal internalizations of grammar, reply to criticism of T. Pateman, 27686
encoding of prototypical events, acquisition of grammatical forms, children, conference presentation, 14106
evolution of grammatical categories from semantic categories, children, conference presentation, 14071
free time, grammar skills, 12–16 yr old mildly handicapped male students, 2496
language bioprogram hypothesis, invention of creole languages by children & structural similarities as derivative of biological program for language, 3618
mood & attitude, performance on grammatical reasoning test, college students, 19292
organization & distribution & control of interactive activities, prelinguistic communication & acquisition of grammatical knowledge, children, conference presentation, 14016
phonemic clause, grammatical encoding, criticism of D. S. Boomer's article, 27692
problematic errors in learning English, adolescents, Morocco, 25124
psycholinguistics & development of grammar, Basque-speaking 3–11 yr olds & adults, Spain, 3623
reflectivity style, performance on matching figures vs object-manipulation vs picture-pointing grammatical comprehension tasks, 4.5–5.5 yr olds, 14104
relevant grammatical cues in multiple-choice test items, sensitivity for item performance, students, 2938
Rotter Incomplete Sentences Blank-High School Form, assessment of grammatical skills, students with mean age of 13.8 yrs referred for diagnosis of learning problems, 2558
semantic analysis, resolution of quantificational ambiguities in TENDUM system, 21643
sorting task & word meaning, agrammatism, 42–72 yr old aphasics, 20516
spelling & grammatical errors, evaluation of language achievement, low vs middle class 3rd graders, 10768
story grammar approach, understanding & memorization of story structure, literature review, 368
syntactic rules of grammar used for natural language analysis in TENDUM dialog system, 21642
theory of grammar as psychological construct, 24980
unconscious vs conscious syntactical learning, grammatical judgments, college students, 29949
Grammar Schools [See Elementary Schools]
Grand Mal Epilepsy
phenobarbitone vs phenytoin vs carbamazepine vs sodium valproate as single drug therapy, grand mal seizures, 3–14 yr olds, 31500
Grandchildren
concepts of E. Berne, grandparental script influences & multigenerational family patterns, implications for psychotherapy & education, 9402
demographic characteristics, grandparent-grandchild interaction behaviors, Mexican American 3–12 & 43–76 yr olds, 17192
grandmothers, emotional & superego development, children & grandchildren, 17071
rearing by grandparents, personality development & ego ideal, grandchildren, 17031
Grandparents
age & educational level, sex role attitudes, college students vs their mothers vs maternal grandmothers, 22544
attitudes toward autistic child & child's impact on parents & relationship between parents & grandparents, mothers vs fathers vs maternal vs paternal grandparents, 28200
concepts of E. Berne, grandparental script influences & multigenerational family patterns, implications for psychotherapy & education, 9402
creative curriculum focusing on self improvement & role as grandparents, grandparents, 7351
demographic characteristics, grandparent-grandchild interaction behaviors, Mexican American 3–12 & 43–76 yr olds, 17192
emergence of 4- and 5-generation families, conference presentation, 22488
grandmothers, emotional & superego development, children & grandchildren, 17071
grandparent visitation rights, childhood development & family relations, 20012
perceptions of normal mother-child & grandmother-grandchild interactions, Black grandmothers & mothers & 8–14 yr old children, 9424
possibility of being psychoanalyst & grandfather simultaneously, 18475
rearing by grandparents, personality development & ego ideal, grandchildren, 17031
role in child custody matters, grandparents, 22496
role of contemporary grandmother, grandmothers with mean age of 65 yrs responding to divorces of their children, 985
sex role attitudes & mother's & grandmother's career statuses, career plans, female 16–18 yr olds, 3756
Graphical Displays
BASIC program for CBM & PET & C-64 microcomputers, spectral analysis technique with graphics for detection of biological rhythms, 29669
BASIC program, plotting data on Apple II series of computers, 29711
computer graphic techniques, terrain visualization training, military personnel with high vs low spatial ability, 26751
determination of compatibility functions for terms having pragmatic implications in communication of graphic display information, human Ss, 13355
graphical data analysis methods, assessment & evaluation of client progress during treatment in single-case studies, counselors, 20670
graphical illustration, complexity & extremity of nonrobustness effects, 8447
identification of burst & voicing & place of articulation of voiced vs voiceless stop consonants at various speech rates & rule for vocal tract size normalization using time varying linear prediction spectra, 9051
interactive graphic computer programs, transportation planning, 24141
lines of progress & semilogarithmic charts, interrater agreement & ratings of significance on changes in level & trend, female graduate students, implications for visual analysis of charted data, 8239

median or ulnar nerve stimulation, bit-mapped color imaging of somatosensory EPs from neck & esophagus & scalp, 21–27 yr old volunteers, 30059
microcomputer & on-line graphical displays, dispatching demand-responsive vehicles for pickup & delivery of passengers & parcels, 24185
microcomputer-based gaming assessment system, recognition of Soviet fighters & bombers, F-14 pilots & radar intercept officers, 29569
rigid vs nonrigid motion & parallel vs polar projection, 3-dimensional form perception, college students, 24435
variation of dot density vs intensity in printing of gray-scale graphics on conventional dot matrix printers, assessment of visual sensitivity, patients with multiple sclerosis, 2845
Graphology [See Handwriting]
Gravitational Effects [See Also Weightlessness]
centrifugation runs, tolerance, 41–58 yr old males with atherosclerotic symptoms, 27446
gravitationally-defined vertical & mental rotation & discrimination between left & right turns in maps, 29824
gravity induced loss of consciousness causing incapacitation & amnesia & clonic spasms, US Air Force aircraft crew, 32324
microgravity, Hoffman reflex & motion sickness, astronauts, 16705

trends in group work, 28702
typology of social work practice with groups, implications for teaching & theory development, experimental replication, 31664
use of "Let's Be a Group" activity in group counseling, 10174
use of metaphors & similes in group counseling, 17993
verbal vs activity group, self perception of communication skills, depressed & schizophrenic clients of occupational therapy clinic, 31756
workshop for development of acceptance of uncertainty in careers & transition process, college students, 29433
workshop for enhancement of interpersonal relationships, college student couples, 29439
workshop on coping with aged parents, middle aged adults & doctoral students, 26298

Group Decision Making

abstract mathematical model using complete distributive lattice to describe group choice behavior, 11239
aggression methods, judgment quality, quality control workers, 32214
amount of power of individual members, coalition formation & behavior in decision making groups, graduate students, 20083
application of majority rule in group decision making, 8 vs 10 vs 12 vs 14 yr olds, 3593
communication phases of decision making vs therapy, small groups, 28685
computer-aided pupil-teacher decision making system, adaptation of teaching-learning alternatives to decision making factors, 21392
conflict & quality & time in information use, program evaluation & decision making, graduate students simulating school board members, 2363
demonstration that Pareto optimal sharing rules imply that group decisions will be made unanimously, 30763
expected frequency & mean size, paradox of new members in voting body, 16453
fuzzy approach to multiattribute utility analysis for collective choice, 21875
gender, risky-shift phenomena in group decision making, male vs female college students, 30773
group cohesiveness & leader behavior, group discussion & decision making, college students, test of Janis' groupthink model, 20079
group decision making processes in evaluation of medical technologies, quality of outcome, medical experts, 30805
group decisions & amount of transmitted information & number of identified categories of pitch, college students, 8526
high vs low conflict of ideology vs conflict of interest, conflict resolution, college students, 4001
identical preferences & diverse & dependent decisional skills, group decision making rules, 16451
indirect social influence of majority vs minority & perceptual illusion/reality conditions, group decision making, 16–18 yr olds, 28032
individual identification ability & type of group response & practice, absolute pitch identification, adults, 8525
interacting vs consensus vs nominal group vs Delphi technique decision making formats, quality & acceptance of group decisions, college students, 30774
mathematical model of disaggregation of true vs false propositions into component propositions for evaluation of truth value, group decision making, 19132
model of individual decision making vs political processing under certainty, public officials & interest groups & industrial representatives, implications for government policy making, conference presentation, 22517
model of stages in high-level group decision making, government personnel, 13291
modification of nominal group technique, group decision making, members of religious order, 32281
nominal vs "staticized" vs interacting decision procedures, quality of group decisions reached on complex information evaluation task, college students, 14480
order effects & other factors in multiple decision making, members of mock juries, 14507
procedure for utilizing large numbers of members in decision making in professional associations, 32290
relative need & individual performance, individual & group reward allocation decisions, college students working individually vs in 4-person groups, 22594
rules governing individual vs group decision making in natural situation, college students, 27141
shared vs unshared information & consensus vs conflict condition, biased information sampling during group decision making, college students, 28037
social perception & role differentiation, efficiency in group decision making concerning level of problem difficulty, 14473
structurational theory of group decision making, 28035
theories of status characteristics & expectation states in decision processes of task group, junior college females, 30782
use of discourse approach, group interaction influences on individual intents in decision making, 6627
variables related to trial vote of guilty, jurors serving on criminal cases, 3926
varied cultural norms & arguments & discussion, risky vs cautious choice shift, college students, test of diffusion of responsibility vs social comparison vs persuasive arguments hypotheses, 30785
weak Borda effect, probability of plurality-majority disagreement in small decision making committees, reply to R. I. Gillet's criticism, 11210

Group Discussion

attitudes toward education & lecture vs discussion methods, rating of instructors, 10th graders, 21491
behavioral assessment of role in group mental health consultation with teachers, mental health consultants, Israel, 2361
communication phases of decision making vs therapy, small groups, 28685
controversy & concurrence seeking in cooperative learning groups, oral interaction, engineering college students, 5830
educational group discussion treatment group vs traditional care, rehabilitation, postmyocardial infarction patients, 28946
gender composition variations & task structure, communicative behavior in small groups, college students, 22584
gender, risky-shift phenomena in group decision making, male vs female college students, 30773
group cohesiveness & leader behavior, group discussion & decision making, college students, test of Janis' groupthink model, 20079
group discussion as means to raise level of moral judgment, 10 vs 13 vs 16 yr olds, Brazil vs US, implications for school psychologists, 3683
group discussion, equity vs ingroup bias in reward allocation, female college students, 30790
group discussions, moral decisions regarding altruism & honesty, 3rd vs 6th graders, 27823
group dynamics & discussion, program to optimize services & reduce complaints in hospital health care services, patients & their families & staff, 10338
group information & discussion as adjuvant to primary care, functional gastrointestinal disorders, 20–59 yr olds, 2063
group mental health consultation with teachers, mental health professionals, Israel, 2333
group size & gender composition & extent of prior acquaintance & members' leadership status, patterns of talk & silence, college students, 9501
guidelines for effective communication in small group meetings, hearing impaired & hearing professional educators, 26497
incubation discussion sequences, group problem solving, college students, 1237

inpatient community group meetings as aid to diagnosis of schizophrenia vs mania, 40–61 yr old patients, 2167
interactive effects of social cues & task experience, task related attitudes, college students, 20092
physical fitness &/vs group support programs, physiological & psychological health indicators, 46–64 yr old healthy females, 25974
poetry groups, aged, 10431
pro-self vs anti-other arguments in group discussion, Type A Ss, 25486
shared vs unshared information & consensus vs conflict condition, biased information sampling during group decision making, college students, 28037
social discussion support group, 1st-yr medical residents, 2315
social skills training vs behavior acquisition & anxiety reduction vs group discussion, anxiety & public speaking, female college students, 4720
spontaneous classroom discussion according to process of notion formation, mathematics education, 26531
staff discussion rounds, development of coping behavior & management techniques & treatment plans for problem patients who frequently visit emergency room, hospital emergency room staff, 7828
stress discussion group, medical interns, 2317
structured vs unstructured oral discussion in cooperative learning groups vs individualistic learning, daily & postinstructional achievement & retention, 2nd graders, 18609
study groups composed of medical students & practitioners, medical psychology instruction, 5109
success in group discussion, college teachers & students, 15781
vocal patterns of individual vs group turn & pause & simultaneous speech, male vs female groups, 30770
weekend retreat, 2nd-yr medical students, 5070
written & talking comprehension with vs without teacher assistance in small groups, 3rd graders, 13097
Group Dynamics [See Also Group Cohesion, Group Discussion, Group Participation, Group Performance, Group Size, Group Structure, Intergroup Dynamics]
age & size & sex composition of casual groups, group structure & pattern, children & adults, 3989
algebraic formulation of R. B. Cattell's personality theory, social psychology & group dynamics, 1278
amount of power of individual members, coalition formation & behavior in decision making groups, graduate students, 20083
anxiety heightened by organizational decline, group processes, employees in nonprofit organizations, 18848
applicability of radical therapy process, meetings of social change organizations, 15028
application of group-situation-theory, comments on study by C. Besthorn, 22595
attraction toward group as function of attitude similarity & perceived geographic distance, college students, 25419
centralized authority as factor in small group & family problem solving, reassessment of I. Tallman's propositions, 23196
changes in group size & membership, behavioral & biological processes, 28023
choice in selection of activities in individual vs group setting, college & graduate students, implications for occupational therapy, 6630
classification as newcomer, affective & cognitive & behavioral biases in discussion group behavior, college students who believed only they were new to group, 22586
communication phases of decision making vs therapy, small groups, 28685
comparative analysis of traditional crowd psychology & lay accounts of crowd events during street disturbances, England, 22589
conceptual problems in small group research, implications for sports sociologists, 4011
conflict & quality & time in information use, program evaluation & decision making, graduate students simulating school board members, 2363
Contextual Organization Model for Processing & Evaluating, assessment of individual & group development, 8311
cooperative-group intervention, interracial friendships, male vs female White vs Black 5th & 6th graders, 30506
cultural collectivism & Ss' input, reward allocation with in- vs out-group members, college students, US vs Hong Kong, 12005
demonstration that Pareto optimal sharing rules imply that group decisions will be made unanimously, 30763
developmental stages, group psychotherapy, 18002
differentiation between support groups & therapy & self help groups, 1930
dominance & affiliation, social organization of same sex groups, 1st & 2nd graders, 22376
dynamic therapy technique, enhancement of peer interactions in group psychotherapy, 12565
dynamics of group therapy, female partners of Vietnam veterans, 28680
dynamics of power, group environment, 14491
expected variations in feedback characteristics through different group development stages, graduate students, test of group development theory of W. A. Bennis & H. A. Shepard, 30771
expert vs novice leader & success vs failure feedback, group member attributions & self presentations after performance, college students, 25405
factor analysis of group process rating scale, 20–61 yr old Tavistock group members, implications for group therapy, 9503
field research in combat zones, comments on work by S. A. Stouffer et al, 8371
film &/or written presentations in pregroup training, understanding of group process & group therapy outcome, college students, 18007
friendship vs nonfriendship grouping, verbal behavior & collaborative learning, 7 yr old females, implications for group work in classroom situations, 27851
functions of group leaders & components of group process, group of persons in counseling for drinking driving offenses, 28692
games with rules emphasizing interindividual competition vs cooperation, interactive regulation processes, primary school students, 19875
group climate in stress discussion group, medical interns, 2270
group cohesiveness & drive & productivity, leader reward & punishment behaviors, municipal & state & mental health service employees, 21623
group composition, helping action in risky situations, 5–13 yr olds, 25178
group decision making processes in evaluation of medical technologies, quality of outcome, medical experts, 30805
group dieting & stigma of obesity, overweight adolescents, contributions of N. Allon to sociology of obesity, 10005
group discussion, equity vs ingroup bias in reward allocation, female college students, 30790
group dynamic concept of transitional derivative content, implications for group work, 28706
group dynamics & discussion, program to optimize services & reduce complaints in hospital health care services, patients & their families & staff, 10338
group dynamics & leadership, multiracial & ethnic clinical team, England, 2241
group homogeneity, outcome of weight loss treatment, obese males vs females, 23095
group identification & intergroup differentiation, 17–74 yr old workers in bread factory, 2668
group psychotherapy, cohesion & self disclosure & avoidance behavior, patients & therapists, 38-yr followup, 31437
group psychotherapy, depressed patients, 20786
group size, degree of norm regulation in group therapy, alcoholics vs neurotic patients in outpatient therapy, 17973
homomorphisms of Boolean matrix semigroups, analysis of group relations, 19137
icebreakers in workshop & training situations, 26754
impact of death of group member, group of breast cancer patients, 17996
incubation discussion sequences, group problem solving, college students, 1237
indirect social influence of majority vs minority & perceptual illusion/reality conditions, group decision making, 16–18 yr olds, 28032
individual & family & peer & social identity "fields", therapy groups, adolescents, 31434

information exchange, group polarization & choice shifts, college students working alone vs in 4-person group, 17313
integrational multidimensional approach for measuring & understanding small-group processes & cohesion, 21698
interdependence & leadership & joint decision & equal influence in organizational team building, 16113
intergroup cooperation & competition, in- vs outgroup cross-handicap relationships, learning disabled vs emotionally disturbed vs handicapped 4th graders, 32136
interpersonal dynamics in tasks of group development, psychotherapeutic treatment of depression in groups, depressed patients, 20809
Interpersonal Relations Scale, assessment of intimate behaviors & group outcome, college student clinical group members, 1918
jury size & polling method, process & outcome of jury deliberation, college students as mock jurors, 20023
laboratory research & symbolic interactionism, 2817
leader vs member delivered interpersonal feedback, message content & acceptance, 20–47 yr olds in personal growth groups, 15235
leadership style & group conflict, 20085
leadership, use & variance in social dilemma, group members, 6634
maintenance of high performance, managerial teams, 18822
management of group conflict in group counseling, 18006
matrix model of small group, 1223
memory ratings vs observational scoring of videotaped behavior of participants in marital counseling sessions in correctional environment, 33–48 yr old inmate husbands & their wives, 31784
meta-analysis of strength & immediacy of sources in group size research, validity of social impact theory, literature review, 28034
methods to improve acquisition of teamwork skills in medical education, 29032
mixed sex vs male anatomy dissection groups, self & peer ratings & evaluations of group process, medical students, 29009
model of employee selection process, reactions to new members, working groups, 18784
model of group process as drama, implications for group psychotherapy & training of group facilitators & therapists, 10181
multidimensional approach to scientific inquiry into small group processes, 14481
multivariate statistical technique for separation of individual & group effects, application to data on crowding in university residential environments, college students, 19136
mythology & ego psychology in groups, 14487
need dynamics using Maslow's hierarchy in leader-follower relationships, cliques of male college students, 20094
need for alternative techniques to break distance barriers in classroom setting, teacher & students, 32092
need for conceptualization of small group process, 14483
number of congregation members, participation in religious groups & level of self attention, members of religious groups, 25274
pairing of cotherapy team, group process & pairing, group psychotherapy patients, 18003
participant observation techniques & group dynamics, self help groups, 17994
patterns of social representation, feminist movement, Italy, 1975–77, implications for styles of minority group behavior, 22556
perceived group effectiveness & group role, attributions of group performance, military college students, 30762
PM leadership conditions, escape behavior in simulated panic situation, college students, 14496
potential influence structures, sources of interpersonal conflict in groups & organizations, 32305
procedures for group supervision involving dialog & role playing & observation, 7326
psychoanalytic perspectives, individual & group psychology, 1915
psychosocial & environmental factors, survival under extreme conditions, prisoners of war during World War II, 3761
race, group dynamics, Blacks, implications for group work, 18251
racial & ethnic composition of conference group & leadership, group dynamics & individual experience, Black vs White professionals, paper presented at March 1983 meeting of Transcultural Psychiatry Society, 1924
reactions to intervention statements, 19–45 yr old group leaders vs members, 1238
relations between individual members & their small group, college students, extension of coorientation measurement model, 17326
relationship & individual effects in dyads in groups, self disclosure & questions asked, graduate students, 20099
relationship between interpersonal trust & elements of influence in ambiguous group setting, graduate administration students, 14485
relationship to team in terms of structural centrality & cultural marginality, placekicker in American professional football, 15994
relative need & individual performance, individual & group reward allocation decisions, college students working individually vs in 4-person groups, 22594
relative task ability, relationship between group sex composition & motivation, college students, 12002
same- vs mixed-age groups, social & task behaviors, 3–8 yr olds, 14171
scientific & social background of Freud's group psychology, 30804
self confidence & heightened vs low level of self awareness & group similarity, polarization of opinions, college students, 12030
sequencing & coordination in individual & group activities, organization of work tasks, 17316
similarity between social groups, ingroup favoritism, male college students, replication of J. C. Turner's experiment, 9499
small group as bridge between social psychology & sociology, 3982
small group research, comments on concepts of G. P. Stone, 4002
small groups for expression of feelings about nuclear war, denial & actions consistent with beliefs, concerned individuals, 26082
social interaction in self analytic study group, field dependent vs independent college students & professor, 1233
social systems analysis of university vs medical college conference environment, group relations training, mental health professionals, 29042
socialization into therapy group culture in outpatient psychiatric setting, preadolescents, 28687
socio-mental systems, individual & group behavior, 14494
stage models of organizational socialization & small group development, 11007
status interventions to eliminate status disadvantages, multitask & multipartner situations, extension of theory of status characteristics & expectation states, 12006
steps of group appraisal process for individual job performance evaluation, 21577
structural differentiation model of social power in small- group relations, college students, 30779
study & support group, female family therapists, 7782
study & support group, strategic-systemic family therapists, 7809
study-group procedure of thought reform, Chinese Communists, 3910
symbolic social pressure & numerical majority, direct vs indirect influence on compliance, 16–19 yr olds, test of utility of S. E. Asch's paradigm, 30788
techniques for self help groups to avoid failure, 7599
techniques, harmony during information project developmental work, group members, 32315
trainer interventions, learning in small groups, counseling psychology graduate students, 1927
transition & cohesion & bonding in cargo & maturation & work groups, 30806
triaxial model of interdisciplinary teams, education & therapeutic service, handicapped children, 2495
types of love & communal organization, monasteries, 27915
use of ability to model appropriate behavior to establish norms & increase effectiveness, national volunteer short-term task force, 9490
use of group climate measures in outpatient schizophrenic group, comments on study by N. Kanas et al, 18001
use of "Let's Be a Group" activity in group counseling, 10174
variables in group dynamics & organizational climate, selection of leader, students & workers, 32257
Group Health Plans [See Health Maintenance Organizations]
Group Homes
application of R. Driekurs's principle of encouragement, hopelessness & disruptive behavior, 13–17 yr olds in shelter home for neglected or abused youth, 7614

approval of group homes for mentally retarded adults, case law, 14360
characteristics & service needs, mentally retarded residents of group homes, 28865
community-based group residence, recently discharged psychiatric patients & psychology & social work college students, 23665
efforts to regulate daily experiences & sexuality issues, home for adolescents, UK, 12748
evaluation of community-based residences & acquisition of independent living skills, mentally handicapped adults living in hostels vs hospitals vs home, 7600
exercise & recreation program, aged female residents of group home, 10462
group home as setting for initiation rites, disturbed female adolescents, 4932
inadequate social & psychological & medical assistance, 12–14 yr olds living in group homes for physically handicapped, Cuba, 2156
internal behavior control program, developmentally disabled residents in group home, 18283
life skills training, autistic 22–40 yr olds living in community group homes, 28880
loss of suit to enjoin operation of group home for mentally retarded, case law, 6519
needs & availability & sources & variations in resource provision by community group homes, developmentally disabled persons, 31628
private vs public space, spatial arrangements in residential group care institutions, residents & staff, 31706
program & occupant characteristics, clinical service provision, group homes for mentally retarded & developmentally disabled, 12750
ratings of social environments of community care homes, mental health workers, 31620
residence in community vs institutional setting & perceptions of peers' social desirability, group concept problem & social behavior, male vs female mentally retarded 16–40 yr olds, 31084
residence in large central vs regional institutions vs group homes & social deprivation, responsiveness to social reinforcement & wariness & expectancy of success, male vs female mentally retarded adults, 2-yr longitudinal study, 31675
residential environment quality & resident functioning, 18–81 yr old psychiatrically ill or mentally retarded persons in community residences & boarding homes & independent living units, 7594
role in group homes for mentally & physically handicapped children & adolescents, social workers, Cuba, 2128
size & location & ability to promote symbolic integration, small group-home facilities, mentally retarded, conference presentation, 15417
social integration & participation in community, mentally retarded 23–59 yr olds living in group homes vs intermediate group residents, 31621
usage of physical environment in community-based homes vs institutions, severely & profoundly mentally retarded 23–68 yr olds, 23441
validity of zoning ordinance excluding group homes for mentally retarded, case law, 15401
zoning disputes related to group homes for mentally retarded adults & community care facilities for juveniles & elderly, case law, 15469

Group Instruction

class vs individual tutoring vs minimal contact as psychoeducational approach, coping with depression, unipolar depressed 16–65 yr olds, 4711
computer-assisted vs small group learning, spelling skills, 8–9 yr olds, 21292
conceptions of student explanations as possible mediators of relation of instructional stimuli to seatwork achievement, 2nd & 3rd graders, 29231
cooperative group instruction, spelling skills, 4th grade academically deficient students, mainstreaming implications, 21421
cooperative learning, disruptive & nonmotivated 10th graders, 10730
cooperative small groups vs individualized learning, creativity in science education, 5th–6th graders, 29194
format for systemic instructional designs with small group activities, 10729
group cognitive-behavioral coping skills training, responses to dental treatment, 50–66 mo olds, 26130
group communication-skills training program, elementary school principals, 29124
group instruction, sight word recognition & acquisition & generalization of daily living skills using general instruction booklet, moderately retarded adults, 4982
group instruction, working with parents with pathological behavior, nurses in neonatal intensive care unit, conference presentation, 7516
group supervision in social work, 31868
learning LOGO in 3 person groups, abilities predictive of programing outcomes, 11–14 yr old junior high school students, 15819
model for development of structured group experience, skills in Chancellor's Leadership Class, college students, 29168
size of instructional group, learning of foreign language, students, 15759
small group instruction, attitudes toward gender stereotypes & cooperation, male vs female 4th–5th graders, 7913
structured vs unstructured oral discussion in cooperative learning groups vs individualistic learning, daily & postinstructional achievement & retention, 2nd graders, 18609
trainer interventions, learning in small groups, counseling psychology graduate students, 1927
workshop for induction into pastoral-care system, secondary school staff, England, 5169
1:1 vs 1:3 instruction, motor performance, multiply handicapped 7–8 yr old students, 2529

Group Participation

cooperative group tasks, subsequent cooperation & peer acceptance, learning disabled 10–15 yr olds, 15854
dynamic commitment design in group therapy, reversal of stagnation, involved vs uninvolved participants, 23204
gender composition variations & task structure, communicative behavior in small groups, college students, 22584
group formation & size & free-riding tendency & individual productivity, implications for management, 23993
group social preference strategies, 5th vs 8th graders vs college students, 992
model for assimilation into therapy groups, newcomers, 23211
number of congregation members, participation in religious groups & level of self attention, members of religious groups, 25274
number of expected participants & effectiveness of collective action, readiness to participate, revision of "free-ride dilemma", 22583
participation in interdisciplinary team meeting, professional vs paraprofessional vs direct-care staff of institution for mentally retarded, 15587
personal & structural & attitudinal factors, group participation, literature review, 9495
social identity & equity concerns, intergroup perceptions, psychiatric nurses & nursing students, partial support for social identity & strategic-response theories, 28055

Group Performance

ability & motivation, group performance, military crew members, 16055
application of theoretical framework of collective activity to analysis of teamwork, electricians, 23963
Army Training Battle Simulation System, command group performance, battalion command groups, 13283
attributional effects of group performance, perceptions & evaluation of female leaders, college students, 9523
definition of joint activity in group work, 20088
dependent vs independent personality orientation & self confidence & conscientiousness, performance during group vs individual work, 8th graders, 15811
explicit norm structuring procedure, task-group effectiveness, college students, 30801
group composition & structure & process behaviors & organization levels, self reported group effectiveness & satisfaction vs sales performance, communications industry sales teams, 16048
group placement model of industrial habilitation, 16–46 yr old developmentally handicapped workers, Canada, 18345
group-serving vs effacing attributions after success vs failure of group task, perception of group member, college students, 20104

individual differences in multiple task performance, subjective estimates of workload, 18–35 yr old females, 20076
individual vs more protective group efforts to earn money, distribution of work performance, 18–35 yr olds, 12001
personality & conflict handling modes of behavior, group task effectiveness, Masters of Business Administration students, 30783
proportion of untrained persons in team, individual & group performance, college students, 2632
sex differences, group task performance, college students, 17331
Group Problem Solving [See Also Brainstorming]
centralized authority as factor in small group & family problem solving, reassessment of I. Tallman's propositions, 23196
confirmatory vs disconfirmatory strategies, group problem solving, college students, 1231
development & validity & reliability of scale, measurement of preference for ideation, managers & professionals, 16295
development of teamwork & role of technical educators, 23996
effective family problem solving, families of school age children, 22460
friendship vs nonfriendship grouping, verbal behavior & collaborative learning, 7 yr old females, implications for group work in classroom situations, 27851
group vs individual hypothesis testing task, role of social combination & sequential transition & instructions in performance, college students, 20078
incubation discussion sequences, group problem solving, college students, 1237
quality circles & productivity, white collar workers, 5459
small group activities in industry, Japan, 5292
structured tasks in environments having both social & cognitive components, development of problem solving skills, 12–13 yr olds, 27875
team management synergy, 8200
techniques, harmony during information project developmental work, group members, 32315
typology of role behavior in situation of group problem solving, 30778
Group Psychotherapy [See Also Encounter Group Therapy, Marathon Group Therapy, Therapeutic Community]
application of object relations in group psychotherapy, developmental conflicts & therapist role, children, 31439
approaches to & focus of mixed-age group therapy, participants aged 15–23 yrs at start of therapy, 15-yr longitudinal study, 31412
bean bag chairs as play tools in latency group room, group therapy, 7–12 yr old males, 12542
behavioral & insight-oriented & feminist group psychotherapy, battered females, 10177
benefits of inpatient group psychotherapy, comments on articles by L. M. Russakoff & J. M. Oldham, 12808
body therapy as complement to group therapy, small group members, 10182
Cleveland model vs dual focus model, Gestalt group therapy, 12547
clinical sociological approach in group therapy, drug addiction, 15557
cognitive behavioral approach, group psychotherapy, adolescents, 10167
cognitive-behavioral vs nondirective group treatment, 18–46 yr old females with bulimia, 3-mo followup study, 20861
cognitive group therapy, depression, depressed patients, 20793
cognitive restructuring vs behavioral skills vs self help groups, treatment outcomes & bereavement, 30–65 yr old widows, 20826
cognitive vs interactional group therapy, therapeutic gains, male vs female psychiatric patients in private mental hospital, 15200
combat stress as adolescents, moral development, Vietnam veterans, implications for group psychotherapy, 4182
combined individual & group psychotherapy, transference & alliance formation, ego impaired vs ego intact 8–16 yr olds, 31388
contributions of clinicians, history of adolescent group psychotherapy, 12555
coping skills package vs group relaxation training, 17–58 yr old anxious patients in psychiatric outpatient setting vs general practice, 7356
coping with depression course as psychoeducational group treatment for depression, literature review, conference presentation, 28686
cotherapy couples groups during residency training, family practice residents, 2249
countertransference in group therapy, 17990
critique of religion by K. Marx, social functions of group therapy, 12536
cross cultural differences in verbal participation in group therapy, White vs Mexican American vs Native American alcoholic inpatients, implications for homogeneous or heterogeneous ethnic groupings in therapy, 28998
cultural & historical factors in group psychotherapy, Asian/Pacific-Americans, 17980
cultural factors in group work practice, Hispanic Americans, 17969
day treatment transition group in outpatient treatment program, readjustment, deinstitutionalized psychiatric patients, 12802
development of Group Leader Behavior Instrument & comparison with Group Leadership Questionnaire, 22–55 yr old practicing group therapists, 16311
developmental characteristics of adult psychotherapy groups, 18011
developmental processes of psychic organization & self congruence, cohesiveness of analytic forms of group therapy, 28690
developmental stages, group psychotherapy, 18002
diagnosis & group therapy & aftercare, cocaine abuse, 26392
dynamic commitment design in group therapy, reversal of stagnation, involved vs uninvolved participants, 23204
dynamic therapy technique, enhancement of peer interactions in group psychotherapy, 12565
dynamics of group therapy, female partners of Vietnam veterans, 28680
eclectic approach to group art therapy, 1815
educational-therapeutic group intervention, substance abuse problems resulting from attempts to control posttraumatic symptoms, Vietnam veterans, 12852
educative model with emphasis on coping rather than curing, group psychotherapy, psychiatric inpatients, 12814
effectiveness of group &/vs individual psychotherapy, psychiatric patients, followup study, conference presentation, 28651
efficacy of EMG biofeedback vs group psychotherapy vs cognitive retraining, stroke patients, 10062
efficacy of group psychoanalysis, management of forms of resistance, patients, 23244
efficacy of program of physical exercise with group psychotherapy, females, 7329
empathy & death expressions in therapy group, parents of hospitalized soldiers with noncombat psychiatric disorders, Israel, 18004
evaluation of systematic group training approach, verbal use & discrimination of leadership skills, female graduate students in counseling & guidance, 29036
experiences in conjoint individual & group therapy with different therapists, 26–57 yr olds, 31411
extensive group therapy vs vocational training, attitudes toward self & others, 19–24 male incarcerated drug abusers, 18340
family large group therapy, hospitalized psychiatric patients & their families, 15484
feminist therapy & self help & support groups, males & females, 23187
focusing as essential process of therapeutic change, group members, 1903
format for evaluation of group process & cotherapy functioning, residential adolescent inpatients & juvenile delinquents in detention facility, 31416
Gestalt group therapy sessions, self concept, 25–35 yr olds, 1917
goals of group therapy with music & case material of sessions, 20787
graduate education, form of group therapy practice, psychiatric mental health nurses, implications for other group practitioners, 29092
group analytic psychotherapy & growth of benign superego through love, conference presentation, 17988
group art therapy, short term psychiatric inpatients, 2138
group covert sensitization vs supportive group therapy, drinking frequency & urge to drink, alcoholic outpatients with mean age of 30.9 yrs, 7746

group day treatment, resolution of latency era deficits, adult schizophrenic patients, 7314
group drama therapy, insight & transference phenomena, 64–96 yr old nursing home residents, 31427
group process expectations, effectiveness of group therapy vs exercise training program, male 30–69 yr old post-myocardial infarction patients, 7337
group progressive relaxation training vs individual EMG biofeedback training, academic achievement & self control, hyperactive 3rd–5th graders, 31449
group psychoanalytic therapy, nonpsychotic psychiatric inpatients, 10468
group psychotherapeutic process, institutionalized 14–18 yr old females & their psychotherapists, implications for adolescent rites of passage, 4656
group psychotherapy, borderline patients, 17989
group psychotherapy, bulimia, college students, 7341
group psychotherapy, bulimia, college students, 10904
group psychotherapy, cohesion & self disclosure & avoidance behavior, patients & therapists, 38-yr followup, 31437
group psychotherapy, depressed patients, 20786
group psychotherapy, parents of schizophrenic children, 20797
group psychotherapy, schizophrenic 17–35 yr old outpatients, 12569
group psychotherapy techniques, females suffering from severe eating disorders, 4657
group psychotherapy vs running vs medication relaxation therapy, depression, depressed patients, 20662
group psychotherapy with interactive-process vs expressive-experiential vs behavioral orientation, patient behavior & discharge ratings, psychiatric patients, 4928
group psychotherapy, 14–17 yr old female anorexia nervosa inpatients, 18000
group size, degree of norm regulation in group therapy, alcoholics vs neurotic patients in outpatient therapy, 17973
group skills training, solving interpersonal problems, 24–45 yr old chronic psychiatric patients in partial hospitalization program, 1- & 4-mo followup, 23207
group therapy, agoraphobia, 26077
group therapy, body image & sexuality & parental symbiosis & treatment environment & peer relations & perception of future, female adolescent chronic dialysis patients, 15230
group therapy, elderly with depression, 10191
group therapy, fear of flying, humans, 28688
group therapy, Hispanics, literature review, 17984
group therapy, improvement of communication abilities, geriatric center patients with senile dementia, 28694
group therapy in cognitive rehabilitation program, patients with head injuries, 28945
group therapy including establishment of weight gain goals & staff enjoyment of food, anorectic & bulimic clients, 20806
group therapy, male adolescent sex offenders, 15216
group therapy program & meals/shelter/medication/transportation coordination service, physically disabled veterans & economically disadvantaged discharged hospital patients, 25978
group therapy, survivors of suicide victims, 17972
group therapy, trust & self concept & anger expression, females who had sexual involvement with former therapists, 20823
group therapy vs individual therapy, psychopathology, 16–59 yr old hemodialysis patients, 15109
group therapy with touch & action, violent & aggressive behavior & expression of feelings, adolescents, 12539
group therapy, 24–55 yr old agoraphobics, 10179
group therapy, 3rd–5th graders with behavior problems, Taiwan, 12533
group treatment, communication skills, 18–42 yr old head trauma patients, 28936
group treatment modalities, adolescents, 18016
group treatment program, peer relations, abused or neglected middle-school adolescents, 31425
group treatment with behavior modification & desensitization techniques, elective mute 6–9 yr olds, 20837
group treatment, 21–28 yr old schizophrenic males, 28678
holistic vs behavioral group psychotherapy, weight loss & personality & self concept, moderately vs substantially overweight 18–65 yr old females, 7344
impact of death of group member, group of breast cancer patients, 17996
individual & family & peer & social identity "fields", therapy groups, adolescents, 31434
individual & group crisis-oriented psychotherapy as adjunct to medically supervised fasting, 20–69 yr old obese patients, 23156
individual & group psychotherapy & pastoral counseling, histrionic personality, 22 yr old White female, 7617
inpatient group psychotherapy on short-term acute care units, 31709
integrated group therapy, bulimia, 14–44 yr old females completing vs not completing treatment program, 9-mo to 1-yr followup, 23199
integrated psychotherapy, 23–30 yr old females with bulimia, 15150
interpersonal dynamics in tasks of group development, psychotherapeutic treatment of depression in groups, depressed patients, 20809
Interpersonal Relations Scale, assessment of intimate behaviors & group outcome, college student clinical group members, 1918
interpretation & image of social world & self esteem prior to vs after intermediate treatment group, 15–17 yr olds with behavioral problems, 15205
interview with D. S. Whitaker & her contributions to group therapy, 18431
issues in group work, abused & neglected adolescent females & their social workers, 28700
leader interventions, resistance in group counseling, battered females, 10188
legislative efforts to provide confidentiality in group psychotherapy, 10596
linguistic data vs psychoanalytic interpretation of utterances, Balint group, 31421
long term play group psychotherapy, social interaction, 8.5–11 yr old diabetic females, 18008
male vs female therapists & group vs individual treatment, hypnotherapy outcome & weight loss, 18–66 yr old obese females, 12677
military installation for psychiatric treatment, combat reactions to war in Lebanon, military personnel, 4576
model based on Gestalt therapy, group therapy, hospitalized schizophrenics with mean age of 28.4 yrs, 12560
model for assimilation into therapy groups, newcomers, 23211
model of group process as drama, implications for group psychotherapy & training of group facilitators & therapists, 10181
models for types of group psychotherapy in hospital psychiatric unit, low- vs medium- vs high-functioning patients, 23502
models of group treatment of developmental issues, young school aged children, 28679
multidisciplinary approach in group psychotherapy, psychiatric patients in day hospital, 20814
multidisciplinary program involving self control techniques & education & group therapy & medical exams & pharmacological support, smoking cessation, smokers, 12866
multifamily group therapy, impending death within family unit, 7310
music, creative storywriting, 10–14 yr olds in group psychotherapy, 4698
music group therapy, self awareness, nursing home patients, 10096
nature & function of resistance, group therapy, adolescents, 28681
noetic curative factors, group therapy, 15491
object relations theory, group psychotherapy in short term inpatient psychiatric unit, 12819
object relations theory, psychodynamic group psychotherapy, 10162
outcome of psychoanalytically oriented group psychotherapy, 17–61 yr olds who completed or prematurely terminated treatment, 18021
outpatient group treatment & cognitive-behavioral therapy & combined individual & group treatment, bulimic patients, 10088
pairing of cotherapy team, group process & pairing, group psychotherapy patients, 18003
parent group, treatment of anorexia nervosa, adolescents, 4674

peer culture & organization of self & object representations in psychotherapy groups, school age children, 28689
personal & parental characteristics, negotiated vs nonnegotiated treatment termination, 11.8–16.6 yr olds in group therapy, 4673
personal construct approach to group therapy, depression, depressed patients, 20828
phenylpropanolamine & caffeine & group therapy & behavior modification program, weight reduction, 27–62 yr old obese physicians, 23065
problems with group behavior therapy, prisons, Scotland, 2193
procedures for group supervision involving dialog & role playing & observation, 7326
process & content issues during 1st 6 mo of outpatient group psychotherapy, schizophrenics, 17997
prospects for group psychotherapy in 1980's, 7333
psychoanalysis in groups, creative potential of diegophrenics, comments on A. Wolf & I. L. Kutash's paper, 1881
psychoanalysis in groups, creative potential of diegophrenics, criticism of A. Wolf & I. L. Kutash's paper, 1906
psychoanalysis in groups, creativity of diegophrenics, 1923
psychoanalytic perspectives, individual & group psychology, 1915
psychodynamic vs cognitive behavioral vs self help approaches to group therapy for bulimia, implications for membership & time frame & leadership & contract & content & goals, 28674
psychoeducational group treatment course, coping with depression, 20808
psychological adjustment manifested in personal cure fantasies, group psychotherapy processes, 28696
racial & cultural differences, group psychotherapy, psychiatric patients, paper presented at March 1983 meeting of Transcultural Psychiatry Society, 1908
reactions to termination of group therapy, 88 & 80 & 90 yr old nursing home patients, 15209
resistance, group psychotherapy, 7300
role model function in group psychotherapy & marital therapy & as participant in group therapy, female therapists, 31413
role of therapist in management & resolution of aggression in group therapy, 18009
role playing in group therapy game, drug abusers, 23600
sexuality in group psychotherapy, clients vs therapists, 17983
short-term group psychotherapy in private sector, children, 18015
short-term group therapy, feasibility & benefits, 26–68 yr old stroke patients, 20791
short term multifaceted group therapy, number of binge/purge episodes & psychological functioning, 21–30 yr old bulimic females, 12535
short term psychiatric occupational therapy groups, 18335
short-term psychodynamic group treatment, developmental crisis, adult children & their aging parent, 31282
social skills training & anxiety reduction & cognitive restructuring, social performance & social anxiety & self esteem, 18–40 yr old outpatients, 2-yr followup, 12593
socialization into therapy group culture in outpatient psychiatric setting, preadolescents, 28687
spouse involvement & outpatient group treatment, chronic pain, 23–69 yr old patients, 3- & 7-mo followups, 26079
standard couple therapy vs group therapy vs minimal contact bibliotherapy, secondary orgasmic dysfunction, couples married for 1–20 yrs, 25987
structured fantasy & drama in Clown Club, expression & resolution of conflict & interpersonal relationships, 8–10 yr old girls, 31438
synallactic collective image technique, group psychotherapy, Greece, 12568
techniques for improvement of motivation during individual & group psychotherapy, patients, 1829
techniques in residency training program, increasing effectiveness of co-therapy functioning in adolescent psychotherapy groups, cotherapist, 17982
thematic content in cognitive-oriented group treatment, depression, 27–44 yr old lower SES Puerto Rican females, 17981
theme-centered interactional method in group work, mildly to profoundly mentally retarded adult & adolescent inpatients, 23518
therapist reinforcement of positive & challenge of negative self statements & use of self disclosure & personal opinions in group cognitive-behavioral therapy, problem drinkers, 7740
therapy group facilitating adult development, 56–67 yr old patients from psychiatric facilities, 23188
time-limited group psychotherapy & children's play group, maternal behavior, mothers with borderline personality disorders & their 1–3 yr old children, 31423
time-limited group psychotherapy, perception of change, pre- & postparticipation adult patients, 17978
time-limited group psychotherapy with male-female co-therapists, anorexia nervosa & bulimia, college students, 10176
time-limited group therapy, 16–53 yr old female incest victims, 17995
training group model as preferred experiential aspect of training, group therapists, 18399
treatment & cost effectiveness of self help large-group therapy, alcoholic outpatients, paper presented at symposium "Alcoholism Treatment Through Systems Intervention", 2213
trends in group work, 28702
use of Alcoholics Anonymous concepts & reality oriented therapy in development of cocaine recovery support groups, 19–58 yr olds, 31795
use of cluster analysis algorithms, formation of psychosomatic therapy groups, patients suffering from essential hypertonia, 18020
use of group climate measures in outpatient schizophrenic group, comments on study by N. Kanas et al, 18001
use of Group Process Inventory in group psychotherapy training, psychiatric residents, 2259
use of positive labeling in group therapy, chronic hospitalized psychiatric patients, 10458
variable related to reported learning in general psychodynamic groups held at professional meetings, participants in 1981 & 1982 annual meetings of Canadian Group Psychotherapy Association, 18481
6-session behavioral group treatment for mild to moderate depression, 10168

Group Size

age & size & sex composition of casual groups, group structure & pattern, children & adults, 3989
changes in group size & membership, behavioral & biological processes, 28023
group formation & size & free-riding tendency & individual productivity, implications for management, 23993
group size & gender composition & extent of prior acquaintance & members' leadership status, patterns of talk & silence, college students, 9501
group size & neighborhood heterogeneity, intergroup conflict & interpersonal crime, examination of P. M. Blau's theory of social structure, 1973–78, 1239
group size, degree of norm regulation in group therapy, alcoholics vs neurotic patients in outpatient therapy, 17973
increase in number of people in greeted group, likelihood of having greeting returned by strangers, female college students, 25402
jury size & polling method, process & outcome of jury deliberation, college students as mock jurors, 20023
meta-analysis of strength & immediacy of sources in group size research, validity of social impact theory, literature review, 28034
multidimensional approach to scientific inquiry into small group processes, 14481
need for conceptualization of small group process, 14483
objectives & types of escalative interventions, conflict management, small groups, 18873
power & group size, bargaining behavior, college students, 2719
size of group & skill level of S, rule violations on golf course, male golfers, 21527
small group as bridge between social psychology & sociology, 3982
social motives & communication & group size, behavior in N-person multi-stage mixed-motive game, 20117
water vs food deprivation & squad size & S-rotation procedures, odor-based alleyway performance, male rats, 3366

Group Structure

age & size & sex composition of casual groups, group structure & pattern, children & adults, 3989
assessment of self help groups, nurses, 4862
changes in group size & membership, behavioral & biological processes, 28023

dance therapy group structure, individual reactions, schizophrenic vs character disordered Ss, 12550
expected variations in feedback characteristics through different group development stages, graduate students, test of group development theory of W. A. Bennis & H. A. Shepard, 30771
film &/or written presentations in pregroup training, understanding of group process & group therapy outcome, college students, 18007
gender composition variations & task structure, communicative behavior in small groups, college students, 22584
group composition & structure & process behaviors & organization levels, self reported group effectiveness & satisfaction vs sales performance, communications industry sales teams, 16048
group composition, helping action in risky situations, 5–13 yr olds, 25178
group formation & size & free-riding tendency & individual productivity, implications for management, 23993
individual vs equal/unequal role in paired task oriented group experience, subsequent prosocial behavior in different context, male college students, 25414
membership composition in closed vs open-ended counseling groups, delinquent males, 2180
model for prediction of structure in selected groups, 9497
paternalism's ideology of benevolence & benefits & negative effects on corporate integrity of groups in states & individuals, anthropological & social psychological research, 30568
reorganization of dissolved criminal gangs, Japan, 25658
social attention & group structure & attention structure theory of M. R. Chance, criticism of G. Schubert's paper, 22571
social attention & group structure & attention structure theory of M. R. Chance, reply to criticism by T. K. Pitcarin & F. F. Strayer, 22573
social interactions & sex roles, similarity to extended family, commune residents vs college students, 1194
team structure, leadership function, professional vs secondary-school association football teams, England, 12004
vocal behavior & leadership & group structure & idea production in brainstorming session, college students, 4007

Group Testing
administration time, performance on Witkin's Group Embedded Figures Test, 21–32 yr olds, 139
development & reliability & concurrent validity of group maze test with multiple choice answers, college students & applicants, 2930
stability of IQs from group- vs individually-administered tests, students tested in 1st & 4th grade, 2593

Group Therapy [See Group Psychotherapy]
Groups (Organizations) [See Organizations]
Groups (Social) [See Social Groups]
Grown Children [See Adult Offspring]
Growth [See Development]
Growth Centers [See Human Potential Movement]
Growth Hormone [See Somatotropin]
GSR (Electrophysiology) [See Galvanic Skin Response]

Guanosine
guanosine triphosphate vs cyclic guanosine monophosphate phosphodieterase, retinal rod membrane voltage, toads, 551
haloperidol, CSF concentration of cyclic guanosine monophosphate, male paranoid schizophrenics, 23319
serotonin agonists & antagonists, inhibition of labeled serotonin binding in frontal cortex in presence of guanosine triphosphate, rats, implications for presence of multiple receptor subtypes, 24938

Guatemala
communication & referential hierarchy of events precipitating & during feast for spirits of deceased relatives, Caribs, Guatemala, 6447
comparison of Guatemalan Mayan creation myth & psychoanalytic theory of J. Lacan, 17142
early cross-gender behavior & familial factors, heterosexual vs homosexual males, US vs Guatemala vs Brazil vs Philippines, 25379
higher pitch in baby talk, Quiche-speaking mothers & their infants, Guatemala, 9154
social & environmental deprivation, growth & development deficits, 3–6 yr olds, US vs Guatemala, 25146

Guessing
English proficiency & context, lexical guessing of foreign words, college students taking English as 2nd language, 13072
guessing & response style, validity & reliability of true-false tests developed for physician certification, 19063
majority vote technique, enhancement of reliability of forced choice ESP test performance & run score variance, 11024

Guest Workers [See Foreign Workers]
Guidance (Educational) [See Educational Counseling]
Guidance (Occupational) [See Occupational Guidance]
Guidance Counseling [See School Counseling]

Guided Daydreams [See Directed Reverie Therapy]
Guided Fantasy [See Directed Reverie Therapy]
Guilford Zimmerman Temperament Surv

factor score correlations from Guilford-Zimmerman Temperament Survey vs Eysenck Personality Inventory vs Eysenck Personality Questionnaire, college students, 28069
method for scoring & interpretation of Personal Orientation Device so as to predict Guilford-Zimmerman Temperament Survey scores, forensic evaluations, 166

Guilt
Adam & Eve syndrome, self punishment & self judgment, patients, 28258
concept of "potential" in counseling & psychotherapy, imposition of expectations & guilt, 7241
contrasting experiences & psychodynamics, shame & guilt, 18–65 yr olds, 12077
defendant's eye contact & speech errors & nonverbal fidgeting behavior & anxiety, perceived credibility & guilt, jurors, 14411
development & testing of conceptual model of sources of guilt, bereaved parents, 4065
face typicality, judgments of joy & shame in slides of human faces, male college students, implications for prototype structure based on family resemblance, 5834
Freudian analytical framework, undischarged states of shame & guilt in development of symptoms, 13457
Freudian interpretation, criminal behavior driven by guilt, 1556
guilt & other similarities in stories by L. Tieck & G. Flaubert, 13974
guilt & sexual intimacy after death of child & need for replacement children, couples, 19994
guilt feelings, structuring Friederike episode in J. Goethe's autobiography, 25023
impact of guilt arousing marketing communications, college students, 18891
incest salience & mother's age & attractiveness & intimacy with mother & son's sex needs, guilt about antisocial desires & denial as self defense, male college students, 28297
innocence & crime-relevant information, classification of guilty on Guilty Knowledge Test, college students, 27436
patient's suicide, emotional responses, psychotherapists, 26451
peer group & religiosity & sexual guilt, premarital sexual intercourse, college students, 6589
perpetuation of menstrual shame & experience of menarche & education, pubertal females, 25049
psychoanalytic treatment, shame, 7249
reports of appetite disturbance & excessive guilt, risk of depressive symptoms, 1st degree relatives of Ss with major depression, 6806
self esteem & sense of guilt & reactivity & neuroticism, anesthesiologists in intensive care vs internists in traditional hospital care, 5121
separation & depletion guilt, etiology of anorexia nervosa, 22958
sex & sex role orientation, perceived sex & hostility guilt for self & typical males vs females, college students, 3954
sex guilt & repression & sexual arousability & experience, sexual arousal during viewing of erotic film & fantasy, 18–53 yr old females, 30733
shame in mother-child relationship, borderline development, implications for psychotherapeutic treatment, 26027
shame vs guilt in relation to sense of self, narcissistic patients, 20317
success & guilt & need for therapeutic intervention, successful Black business people, 28658

unconscious guilt & transference phenomena in psychotherapy, posttraumatic stress disorder, survivors of Cambodian concentration camps, comments on study by J. D. Kinzie et al, 12203
use of existential guilt in logotherapy, 1870
views of K. Horney on ego & guilt & self idealization, conference presentation, 16204
Guinea Pigs
acoustic communication, domestic guinea pigs vs other rodents, 486
blinking & eye movements, human vs pigmented vs albino rabbits vs pigmented guinea pigs, 24641
intracranial estradiol, food & water intake & body weight, ovariectomized guinea pigs, 27570
noradrenergic regulation of hypothalamic progestin receptors, hormonal induction of sexual receptivity, ovariectomized guinea pigs, 30052
ontogenesis of circadian sleep-wakefulness rhythms & changes in sleep patterns, guinea pigs & rats aged 1 wk through adulthood, 6018
steroidal progestin receptor antagonist, inhibition of sexual behavior, female guinea pigs, 11582
Gulls [See Sea Gulls]
Gun Control Laws
attitudes on handgun control, police officers with mean age of 33.4 yrs, paper presented to annual meeting of Academy of Criminal Justice Sciences, 1983, 2689
deterrent effect on violent crime, Florida felony firearm law, 17216
exposure to weapons following positive vs neutral vs negative personal evaluation, aggressiveness, male college students, implications for gun control policy, 22598
mandatory sentencing for possession of firearm in commission of felony, sentencing practices & violent crime rate, violent felony cases processed in Detroit Recorder's Court, 1976–78, 1131
psychology & relationship of guns & aggression, conference presentation, 22845
Gustatory Perception [See Taste Perception]
Gymnastic Therapy [See Recreation Therapy]
Gynecological Disorders [See Also Amenorrhea, Dysmenorrhea, Menstrual Disorders, Pseudocyesis]
development of self report for assessment of sexual functioning after treatment for gynecological cancer, females with mean age of 56.5 yrs, 13533
diagnostic laparoscopy & MMPI testing, etiology & psychopathology of chronic pelvic pain, 16–52 yr old females, 23027
first pelvic examination & common gynecological problems, adolescent females, 12708
prepubertal pyometra, 12 yr old female with classical anorexia nervosa, 22953
reward strategy in intervention, compliance with gynecological examination, 14 yr old autistic female with dysfunctional uterine bleeding, 6754
Gynecology
clinic for assessment & treatment of chronic pelvic pain of obscure origin, female gynecology patients, 7553
fear of pain & of discovery of pathology & embarrassment as sources of anxiety about pelvic examinations, 14–20 yr old females, 4857
first pelvic examination & common gynecological problems, adolescent females, 12708
live model vs plastic model instruction, clinical & communication skills in conducting gynecologic examination, medical students, 21175
need for knowledge about reproduction before receiving advice about gynecological operations, Chinese females, Hong Kong, criticism of study by M. M. Tsoi et al, 7575
organization & functions of social gynecology center & abortion procedures, France, 20980
psychological research, understanding gynecological problems & patient reactions to hysterectomy & obstetrical complications & sterilization, 28509
psychosomatic aspects of obstetrics & gynecology with respect to changing views of femininity, literature review, 1702
relationship between society & gynecology, implications for professional ethics, conference presentation, 23645
surrogate patient program, pelvic examination skills, medical students, 7831
Gypsies
SES & ethnic group membership, values, gypsy apprentices, Czechoslovakia, 25282
Gyrus Cinguli
alimentary deprivation or conditioned reaction, fluorescence of dopaminergic nuclear receptors, in nigrostriate & mesolimbic systems, rats, 22041
chlordiazepoxide, stress induced anterior cingulate cortex unit activity & gastric pathology, rats, 22172
electrical stimulation of anteromedial cortex, head orienting behavior, male rats, 22104
REM sleep, electrical activity of basolateral amygdala & cingulate gyrus & dorsal hippocampus & thalamic nucleus & sensory motor cortex, cats, 19442
six-hydroxydopamine lesions of dopaminergic mesocorticolimbic cell bodies, self administration of dextroamphetamine, rats, 13878
Habitat Selection [See Territoriality]
Habits [See Also Hair Pulling, Nail Biting, Thumbsucking, Tobacco Smoking]
demographic & psychological factors, attitudes toward & habits of saving money, adults, Great Britain, 30816
reading habits, adults, literature review, 11329
social & personality factor, development of smoking habit, high school & college students & clerical workers, 3703
Habituation
ACTH analog ORG 2766, habituation as measured by EEG & auditory EPs & heart rate & blood pressure & behavioral performance during vigilance task, 25–40 yr old males, 22143
age & stimulus complexity conditions, within session habituation of exploratory behavior, 8 & 28 mo old male mice, 24569
age, effect of repeated presentation of novel auditory stimulus on FI behavior, monkeys aged 2–3 yrs vs 15 yrs & older, 5869
age, habituation of auditory event-related brain potentials, young vs old adult males, conference presentation, 19868
age of occurrence of habituation to visual stimulus & preference for novel vs familiar pattern, 18 hr olds to 6 day 19 hr olds, implications for role of retinal adaptation vs memory, 6325
between vs within trial changes in pitch & loudness, electrodermal orienting reaction & perceptions of movement & their interaction, college students, 8857
cholinergic system, habituation & learning & memory & tolerance development, animals & humans, literature review, 5995
clonidine vs prazosin vs propranolol, short- & long-term habituation of acoustic startle response, rats, replication of study by M. Davis et al, 8982
effects of 5-methoxytryptophol, novelty habituation, male rats, 27568
electrodermal habituation rates, detection of deception, college students, 8830
exposure to erotic material, habituation in sexual arousal, male 18–52 yr olds, 14438
exposure to loud vs normal tones, orienting & defensive responses assessed by EEG & EOG & GSR & EKG, twins, 13839
fixation parameters, habituation &/vs recovery patterns, 4 mo olds, 22311
glycine antagonist styrychnine injection, short & long term habituation of acoustic startle response, male rats, 27365
habituation of skin conductance orienting response, schizophrenic 18–64 yr olds, 6810
habituation, sexual behavior, male mosquitofish, 27260
habituation to irrelevant information, speeded classification task performance, college students, implications for automatic processing & attention, 27152
initial response magnitude & habituation rate to auditory stimulus, orienting response to stimulus omission, female vs male college students, 19291
instructions & distracting visual task, electrodermal habituation to loud tones, college students, 6034
instructions to attend to vs ignore stimuli, skin conductance orienting response & habituation, female college students, 27448
internal & external cues, habituation of auditory stimulus, rats, 13750
kinetic information, development of 3-dimensional form perception, 98–138 day olds, 30444
long term synaptic habituation in neurons, snails, 27400

olfactory bulbectomy, cardiac & ventilatory arousal responses & habituation to illumination onset, goldfish, implication for role of lower brain centers, 27532
painless shock application to supra-orbital nerve, eyeblink reflex habituation, mentally retarded 21–41 yr olds, 25714
phencyclidine, tactile startle & habituation, male rats, 19674
physostigmine, high- vs low-frequency movement vs habituation of moderate-frequency movements, male rats, 22167
piracetam &/vs choline, habituation of exploratory activity & experimental model of memory, male mice, 24914
postconditioning of habituation & counterconditioning aversive effects transfer of conditioned inhibition, rats, 30007
postsynaptic dendrite membrane vs postsynaptic inhibition vs transmitter exhaustion in presynaptic endings, dendritic potential habituation in association cortex, cats, 27369
priming model of habituation of A. R. Wagner, development of tolerance to morphine, 15275
repeated confrontation between residents & intruders & habituation, aggressive behavior, mice housed in male/female pairs & groups of males, 11457
repetition of moving visual stimulus, differential sensitization & habituation of elicited cardiac disturbance & motor response, blowflies, 6027
retention of orienting response extinction, 6–28 yr olds with night terrors, 9996
sensory adaptation model of habituation, newborns & older infants, comments on proposals of J. L. Dannemiller & M. S. Banks, 25150
sex differences, cerebral asymmetry in visual discrimination & habituation, chickens, 16606
simple & choice RT tasks, cognitive processing & habituation of amplitude & latency of auditory EPs, 19–40 yr old neurotic depressives, conference presentation, 20329
somatic & autonomic habituation responses, male vs female 18–54 yr olds, 16681
spatial frequency of stimuli & habituation, preferences for novel visual stimuli, newborns, 19859
standard vs deviant tones, short term habituation & dishabituation of mismatch negativity of event related potentials, college students, 11500
tactile vs auditory vs visual stimulation & atropine vs pentobarbital, activation vs habituation of EEG in hippocampus & neocortex, male rabbits, 3306
weakening of monosynaptic neural pathways, development of habituation of caudal tailflips, crayfish, 27349
widely-spaced exposures to female urine, habituation to individual odors, male guinea pigs, 5847

Hair
hair mineral content & learning disabilities, 5–12 yr olds, 1605
magnesium & calcium concentrations in hair, autistic children with mean age of 8.9 yrs, 4208
personality traits & catecholamine & steroid hormone responses to performance stress, 21–29 yr old females with hirsuitism/oligomenorrhea, 7083
scalp hair trace element concentration, 2–11 yr old autistic & autisticlike children, diagnostic implications, 25741
serum & hair concentrations of copper & zinc & magnesium & calcium & albumin & manganese, 55–79 yr old outpatients with Alzheimer's disease vs 55–72 yr old healthy spouses, 28495
vanadium content of hair, female manic patients vs recovered manics, 9690

Hair Loss [See Alopecia]

Hair Pulling
behavior therapy, hair pulling, comments on review by P. C. Friman et al, 28707
behavior therapy, hair pulling, 29 yr old female, 26127
behavioral therapy, hair pulling, reply to comments by S. M. Ames, 28716
habit reversal treatment, hair pulling, 19 yr old female with trichotillomania, 1948
hypnosis & habit reversal techniques, trichotillomania, 24 yr old female, 15044
MAO inhibitor isocarboxazid, treatment of depression & associated trichotillomania, 32 yr old male, 10286
praise & education & response prevention as treatment of trichotillomania & hair growth assessment method, 9 yr old female, 2- & 6- & 10-mo followups, 18040
psychoanalytic interpretation, hair pulling, 25 yr old female, 9587
relaxation training vs competing response training, hair pulling & nail biting, 17 yr old female, 18041

Halfway Houses
acceptance of mentally ill in foster placement homes, urban & rural community, 18233
alcohol rehabilitation, changes in self regard & masculinity & femininity at 30 vs 90 days after intake, 20–62 yr old female alcoholics in halfway house, 18390
causes of premature departure from halfway houses & engagement of new residents, problem drinkers with mean age of 43.8 yrs, 2229
development & transitional periods of halfway house, Spain, 21035
goals & admission criteria & activities of senior citizens center & geriatric transitional house at state psychiatric hospital, 67 yr old with diagnosis of chronic paranoid schizophrenia, 23499
history & evaluation of halfway houses, France, 15407
personal support networks, 18–70 yr old former mental patients in board-&-care facilities, 10404
ratings of social environments of community care homes, mental health workers, 31620

Hallucinations [See Also Auditory Hallucinations, Drug Induced Hallucinations, Hypnagogic Hallucinations, Visual Hallucinations]
antiseizure medication, theme of death in depersonalization phenomena & complex partial seizures, 36–67 yr old medical patients, 12638
concept of form in work with psychoses, 1797
disturbances of perception with vs without hallucinations, depressed patients, implications for treatment, 17516
family history & diagnosis, 5.7–12.5 yr old psychiatric patients with vs without hallucinations, 28168
frequencies of auditory & visual & olfactory hallucinations, English vs African vs Asian vs Caribbean vs Indian schizophrenic patients, England, 28237
functional analysis of delusional speech & hallucinatory behavior based on nonlinear contingency analysis & Skinnerian concepts, 28214
hallucinations, children with emotional & conduct disorders, 17-yr followup, 22701
hallucinations, 8–16 yr olds with conduct & emotional disorders, 22702
historical analysis, concept of hallucination, literature review, 9722
metrizamide myelography, intermittent hallucinatory activity, 47 & 61 yr old females, 9927
naloxone, severity of hallucinatory & maniacal symptoms, 19–41 yr old patients with endogenous psychoses, 18124
out-of-body experiences as hallucinations caused by traumatic events surrounding near-death, 26866
retrospective study of hallucinations, psychotic 10–16 yr olds, 17469
self control procedures, treatment of behavior disorders, hearing impaired 17 yr old female, 1962

Hallucinogenic Drugs [See Also Lysergic Acid Diethylamide, Mescaline, Phencyclidine]
biochemistry & pharmacology of hallucinogenic tryptamines & betacarbolines, literature review, 16784
differential diagnosis, schizophrenic disorders & drug-induced hallucinations, 30886
epidemiology & diagnosis & treatment & medical factors, abuse of hallucinogens & inhalants, 31027
icv vs ip administration of LSD vs dimethoxy-4-methylamphetamine vs mescaline vs lisuride, FR operant responding, male rats, 24894
ketamine anesthesia, facilitation of debridement, 20–58 yr old burn patients, need for preparation of patients for hallucinogenic effect of drug, 31517
naloxone, effects of LSD & 2,5-dimethoxy-4-methylamphetamine & quipazine on operant behavior, rats, 27620
pharmacological mechanisms of ayahuasca & myristicaceous hallucinogens, 30269

Hallucinosis [See Alcoholic Hallucinosis, Delirium Tremens, Korsakoff's Psychosis]

Halo Effect
multiple regression approach, exclusion of halo variance in rating scales, criticism of study by F. J. Landy et al, 29792
physical attractiveness & sex of ratee & previous performance, judgments in academic performance appraisal context, college faculty, 2322
priming on specific attribute, tendency of attribute toward halo error in social perception task, college students, 20126
rater error &/vs accuracy vs no training, halo & leniency & accuracy of performance evaluations, college students, 10954
rater-ratee familiarity, halo error in evaluation of instructors, college students, 19025
rating scale format & rater training & personal characteristics, rating errors in instructor & course evaluation, college students, 18735

Haloperidol
acute vs subacute effects of haloperidol vs chlorpromazine vs clozapine vs chlordiazepoxide, operantly conditioned motor control, male rats, 24832
administration schedule, development of tolerance to haloperidol, male rats, 3417
alpha-flupentixol & haloperidol, place preferences produced by morphine vs dextroamphetamine sulfates vs cocaine, adult male rats, 30266
apomorphine or haloperidol or levo-3-PPP, sexual behavior & stimulation of central dopamine autoreceptors, male rats, 27545
apomorphine vs dextroamphetamine-induced stereotypy & locomotor activity & haloperidol-induced catalepsy, mutant strain of Wistar rats, 11623
apomorphine vs haloperidol, buccolingual dyskinesia, ovariectomized monkeys with upper midbrain lesions, 27456
blood concentration & clinical effects of haloperidol, 1989
bupropion with & without haloperidol, psychotic depression, females 55 & 29 yrs old, 15309
cesium chloride alone vs in combination with haloperidol or chlorpromazine, acquisition & attenuation of pole-climbing conditioned avoidance response, male mice, 3413
chemical vs radioreceptor assays of plasma levels of haloperidol & prolactin response, prediction of clinical improvement, schizophrenic patients with mean age of 28.7 yrs, 10310
chlorprothixene vs haloperidol vs trifluoperazine, delayed-matching-to-sample performance, pigeons, 24915
clomipramine or haloperidol treatment & thyrotropin-releasing hormone tests, thyroid-stimulating hormone responses as indicators of antidepressant & neuroleptic drug mechanism, female patients with depressive or paranoid hallucinatory syndrome, 28776
concentrations of haloperidol & reduced haloperidol in postmortem brain tissue, haloperidol-treated schizophrenic patterns, 7450
concomitant use of lithium & haloperidol, toxicity syndrome, 44 yr old male with bipolar affective disorder, 28765
continuous administration of haloperidol vs sulpiride, striatal dopamine function, male rats, 30287
decanoates of haloperidol vs fluphenazine, symptoms & side effects, 21–63 yr old schizophrenic patients, 7491
depot haloperidol decanoate once per mo, side effects & effectiveness, patients with schizophrenia & schizoaffective disorder & mania & bipolar disorder & depression, 1985
dextroamphetamine, locomotion & rearing & head movements & sniffing & catalepsy, rats pretreated with haloperidol &/or ascorbic acid, implications for action of antipsychotic drugs, 27633
dietary lithium, biochemical & behavioral indices of dopamine receptor supersensitivity during haloperidol withdrawal, male rats, 6146
dopamine receptor blockage by prenatal chronic administration of haloperidol, striatal dopamine & opiate receptor development, rats, 27622
dosage of chronic haloperidol or apomorphine, behavioral hypersensitivity, rats, implications for risk of tardive dyskinesia as side effect of neuroleptic treatment in humans, 24858
dosage of phencyclidine &/vs haloperidol &/vs naloxone, biphasic effect on operant responding rate for water on FI schedule, male rats, 24961
dosage schedule & radioimmunoassay monitoring of haloperidol serum levels, clinical & adverse effects, chronic psychiatric patients, 7443
doses of lithium &/vs diazepam &/vs haloperidol, suppression of stereotyped behavior, rats, 16775
droperidol vs haloperidol treatment, 18–65 yr old acutely agitated patients, 18135
DSP-4 & parachlorophenylalanine & haloperidol, noradrenaline & serotonin & dopamine depletion & hippocampal rhythmic slow activity & exploratory behavior, male rabbits, 8956
ECT treatment or haloperidol, pre- & postsynaptic dopamine receptors, rats, 11547
experimental parameters, haloperidol-induced catalepsy, male rats, 5581
family history of illness & haloperidol treatment, platelet MAO activity, 16–55 yr old schizophrenics,, 18125
haloperidol & aminooxyacetic acid, consumption of etonitazene vs alcohol vs diazepam vs barbitol, female rats, 24834
haloperidol & fluphenazine decanoate treatment, information processing, acute vs stabilized schizophrenic patients, 23336
haloperidol & fluphenazine, GABA synthesis & glutamate decarboxylase activity & tardive dyskinesia, monkeys, 11594
haloperidol & metoclopramide vs clozapine & sulpiride & stimulation of putamen & caudate nucleus, head-turning, cats, 30143
haloperidol & pimozide & tiapride, hyperkinesia & motor performance, 31–59 yr old patients with Huntington's chorea, 20907
haloperidol, barpress response after training on levers with varying force requirements, male rats, 3400
haloperidol, behavioral symptoms & acquisition & retention of discrimination learning, autistic 2.3–6.9 yr olds with mild to profound mental retardation, 4755
haloperidol, CSF concentration of cyclic guanosine monophosphate, male paranoid schizophrenics, 23319
haloperidol dose & plasma concentration, psychotic symptoms, 24 yr old male schizophrenic patient, 15321
haloperidol dose, differential clinical improvement, high- vs low-energetic level schizophrenics, 26179
haloperidol doses, serum prolactin levels, 18–45 yr old schizophrenic patients, 2005
haloperidol, impulsive activity of locus ceruleus noradrenergic neurons, rats, 16753
haloperidol, MAO activity in vivo & in vitro, 6127
haloperidol or thiothixene, akathisia, schizophrenic patients, 10314
haloperidol overdose without usual symptoms, 23 yr old male, 4275
haloperidol serum levels & clinical response & length of illness, schizophrenic patients, 15300
haloperidol, serum levels of lithium, 18–60 yr old manic patients with bipolar affective disorders, 28792
haloperidol, tonic immobility & dorsal immobility response & catalepsy, 10 vs 15 vs 20 day old rats, 11607
haloperidol vs clozapine, attention & investigation of novel objects, gerbils, 24808
haloperidol vs clozapine, detection thresholds for electrical brain stimulation of midbrain or forebrain, male rats, 22229
haloperidol vs clozapine, horizontal component of amphetamine head-turning stereotypy, cats, 30304
haloperidol vs ECS withdrawal, CSF levels of dopamine metabolites dihydroxyphenylacetic & homovanillic acids, male rats, 24727
haloperidol vs estradiol, striatal dopamine receptors, ovariectomized vs hypophysectomized female rats, 27580
haloperidol vs propericiazine, maintenance treatment of schizophrenia, symptom-free outpatients, 4798
haloperidol vs propranolol vs thymoxamine pretreatment, dextroamphetamine induced behavioral & cardiovascular & hormonal responses, 21–37 yr olds, 24901
haloperidol vs trifluoperazine vs thioridazine vs fluphenazine decanoate vs thiothixene perphenazine vs chlorpromazine, plasma neuroleptic & homovanillic acid levels, psychotic patients, 15297
haloperidol with & without drug-free intervals, oral movement, female rats, implications for time-course of neuroleptic-induced tardive dyskinesia, 790
higher plasma haloperidol concentrations, schizophrenic patients, China vs US, 18133

in vitro chlorpromazine vs fluphenazine vs haloperidol vs imipramine vs lithium administration, microviscosity of hydrocarbon layer of blood platelet membrane, 24972
intracaudate injections of haloperidol vs apomorphine, switching motor patterns with vs without exteroceptive stimuli, cats, implications for treatment of basal ganglia disorders, 30248
intrastriatal grafts of adrenal medulla & location of grafts, rotational behavior & modulation by haloperidol & flupenthixol, rats with unilateral dopamine-denervated striatum, 6077
levels of haloperidol, partial seizure with complex symptoms, 26 yr old male chronic schizophrenic, 18117
levodopa vs apomorphine vs haloperidol, disruption/facilitation of long vs short chains of intermale fighting, ferrets, 27643
long term haloperidol vs sulpiride, brain substance P-like immunoreactivity, mice, 22222
melanotropin release-inhibiting factor prolyl-leucyl-glycinamide & its analog cyclo(Leu-Gly), dopamine receptor supersensitivity in brain induced by chronic haloperidol, male rats, tardive dyskinesia implications, 6094
molindone vs haloperidol, stereotyped behavioral responses in animal model of tardive dyskinesia, male guinea pigs, 24861
monitoring of haloperidol plasma concentrations, therapeutic management, 18–60 yr olds with schizophrenia vs acute mania vs severe borderline states, 10246
morphine vs haloperidol vs chlorpromazine vs scopolamine, discriminative responding with alternating discriminative stimuli, male rats, 3471
naloxone injections, sleep patterns, 18–39 yr olds pretreated with haloperidol, 11583
naloxone pretreatment, methamphetamine-induced stereotypy & haloperidol-induced catalepsy, male rats, 3402
neuroleptic treatment using haloperidol or fluphenazine decanoate, impulsive suicide attempts with akathisia, 25 yr old male schizophrenic & 22 yr old female with schizoaffective disorder, 20902
oral haloperidol followed by im haloperidol decanoate, patients with chronic schizophrenia, 28778
phencyclidine, milk intake, male rats pretreated with naloxone vs haloperidol, 3442
phenylethylamine & dextroamphetamine following withdrawal from chronic haloperidol administration, behavioral supersensitivity to phenylethylamine, male rats, 799
plasma homovanillic acid & methoxyhydroxyphenyl glycol & serum haloperidol & prolactin levels on admission vs after 10 days, 16–52 yr old good vs poor responders to haloperidol treatment for acute psychosis, 10254
plasma prolactin vs drug plasma levels vs dopamine receptor blocking activity, clinical responses, 19–68 yr old acute schizophrenics treated with pimozide vs haloperidol, 23360
prenatal exposure to haloperidol vs apomorphine vs alpha-methylparatyrosine, demasculinization of sexual behavior & perinatal & adulthood testosterone levels, male rats, 11596
responses to dextroamphetamine vs levoamphetamine vs haloperidol, 12–20 yr olds with Tourette's syndrome, 4403
serum prolactin & haloperidol concentrations, clinical response, acutely psychotic 16–64 yr olds treated with haloperidol, 4819
thiothixene & haloperidol therapy, borderline & schizotypal patients, 10308
thiothixene vs haloperidol treatment, rapid tranquilization, manic & schizophrenic patients with mean age of 36 yrs, 7449
tiapride & haloperidol, recurrent episodes of neuroleptic malignant syndrome, 51 yr old female, 10274
total vs free plasma levels of haloperidol vs chlorpromazine, schizophrenic patients under 35 yrs of age, 31546
treatment & differential diagnosis, neuroleptic malignant syndrome vs neuroleptic induced catatonia, 69 yr old female treated with haloperidol, 7480
unilateral vs concurrent electrical stimulation of substantia nigra or ventral tegmental area & apormorphine & haloperidol, locomotor activity & contraversive circling behavior & postural asymmetry, male rats, 22092
use of 3-way configural frequency analysis, assessment of effects of high vs low dosages of haloperidol, acute paranoid schizophrenic patients, 28781
Halstead Reitan Test Battery [See Neuropsychological Assessment]
Hamsters
arousal response during artificial hypobiosis, rats vs hamsters, 16670
attack satiation, attack on novel target, female hamsters, 27293
behavioral adaptation, Djungarian hamsters, 24530
chamber illumination & time of day & mild electric shock, food hoarding & response maintenance in operant lever pressing, male hamsters, implications for alternatives to food deprivation in operant responding, 16502
Coolidge effect & role of female flank glands & vomeronasal organ & accessory olfactory system, male sexual arousal & preference, hamsters, 19373
copulation & sexual behavior, intact vs ovariectomized female golden hamsters given hormonal replacement, 6084
estrous cycle, agonistic & dominant/subordinate social interactions, female golden hamsters paired with ovariectomized animals, 16562
exposure to odor of vaginal secretion & pairing with female that did vs did not match odor, sniffing & licking & time spent with female, male hamsters, 8603
injection of arginine vasopressin vs oxytocin vs neurotensin vs angiotensin II into hypothalamus, stereotyped scent marking, hamsters, 8954
insulin injection & hyperphagia, food consumption & plasma glucose levels & stomach emptying & neurological impairment, male golden hamsters, 19668
light-dark cycle & lesions of medial preoptic area & suprachiasmatic nuclei, diurnal modulation of copulatory & sexual behavior, male hamsters, 662
pairing of arbitrary chemosensory stimulus with mother vs other female animals, investigatory & copulatory behavior in response to vaginal discharge of scented females, male rats, 24600
prediction of male dominant status via urinary odors, female estrous hamsters, 27205
preferences for conspecific salivary odor cues, estrous vs diestrous female hamsters, 27201
preferences for odors of dominant vs submissive males, female hamsters in estrus vs diestrus, 16568
presence of multiple males, inability to conceive, female Djungarian hamsters, 8607
protein concentration of vaginal discharge, facilitation of copulatory behavior, male hamsters, 24615
proximity vs contact with high molecular weight fraction of vaginal discharge, sexual investigation & copulation, male hamsters, 24614
responsiveness to newborn pups during gestation, nulliparous female hamsters, 5886
saline intake after shifts to water, hamsters vs gerbils, 21992
saliva from dominant vs submissive males vs diestrous female, odor discrimination, adult male hamsters, 11401
separation of male-female pairs as model of depression, hamsters, 434
sex & sexual maturity & parental experience, caretaking behavior toward strange pups, Siberian hamsters, 27255
social dominance & interindividual distance, male & female golden hamsters, 13779
spectral sensitivity of novel photoreceptive system, mediation of entrainment of circadian rhythms, hamsters, 625
taste aversion conditioning, predatory attack responses & comparison with grasshopper mouse, golden hamsters, 16492
use of visual & tactile information in depth perception, golden hamsters, 439
vaginal discharge from ovariectomized vs hypophysectomized vs estrous hamsters, investigatory & copulatory responses, male hamsters, 24599
volatile &/vs nonvolatile chemical signals & lesions to main vs vomeronasal olfactory systems, attraction to female & mating behaviors, male hamsters, 27476
vomeronasal organ removal & high molecular weight fraction vs unfractionated vaginal discharge, copulatory responses, male hamsters, 24572
Hand (Anatomy)
classification of manipulative hand & digital patterns, 13651
development of visually guided hand & finger movements in grasping & reaching, 18 wk olds, 16-wk followup, 3675

fusion thresholds for vibratory stimulus for tongue & thenar eminence of hand, college students, 8473
hand behaviors during crisis situation of childbirth, 17–34 yr old primigravida & multigravida Ss from different ethnic groups, 23425
interfering tactile stimulation of hand, somatosensory EP of scalp, 22–35 yr olds, 13801
promotion of bilateral hand use in daily activity, children with mild hemiplegia, 2191
spontaneous hand movements during verbal vs nonverbal block assembly tasks, right handed college students, 5818
subjective descriptions vs objective measurement, qualitative assessment of hand movements during psychiatric interview at admission vs discharge, lay judges, 25603
surgically implanted stimulator & stimulation of radial nerve, improvement of function of paretic hand, 56 yr old male with cerebral hemorrhage & right lateral hemiplegia, 31767
temperature & wearing of gloves & task characteristics, performance of manual tasks, US marines, 11271
vibrotactile thresholds in right hand, power function exponent derived from magnitude production scaling, 16–24 yr olds, 3329

Handedness

absence of left hemisphere damage following myocardial infarction, Broca's aphasia, right handed 51 yr old male, implications for interdependence of speech lateralization & handedness, 4449
abstract vs concrete word recognition in dichotic listening paradigm, right handed 18–45 yr olds, 8817
adequacy of M. Annett's right-shift model of skill asymmetry & genetics of handedness, 30085
age & dominant vs nondominant hand movement & motor control, cortical motor-readiness potentials, right vs left handed 8–19 yr olds, conference presentation, 19801
age & sex & handedness, left vs right ear advantage for verbal vs nonverbal stimuli & verbal vs spatial ability, 29–64 mo olds, 16958
alcohol consumption, right vs left handed males aged 40 yrs & younger, 6607
alexia without agraphia, 68 yr old left handed female with infarct in right occipital lobe & splenium of corpus callosum, 25956
analysis of neolithic bone & antler implements, determination of handedness data during 4th millenium before Christ, Southern Germany & Switzerland, 24685
anxiety & handedness, college students, 9531
assessment methods, distribution of handwriting posture, left handed male college students, 11484
bimanual motor interactions in rapid pointing movements, college students, 24379
bimanual thumb-positioning, left- vs right-handed college students & faculty, 8764
birth stress & intellectual ability, development of hand preference, children studied at birth & 2 & 4 & 7.5 yrs, 22290
body perception & somatic discomfort, right- vs left-handed college students, 8780
callosotomy, hemispheric control of writing hand, 20 yr old left handed male with intractable seizures & left hemispheric language, 15373
cerebral dominance & handedness, writing, adults with hemispheric lesions, 1694
changes in unimanual handedness following duplicated syllable babbling onset, 4.9–8.8 mo olds, 14-wk longitudinal study, 16983
development of hand preference, adopted vs nonadopted infants at 12 vs 24 mo of age, 3662
development of lateralized handedness, autistic Ss with mean age of 8.1 yrs, followup study, 12219
dichotic presentation of CV syllables, immediate recall, 16–48 yr old dextral vs sinistral Ss, 8795
discrimination of handedness & language laterality, dichotic CV task, left- vs right-handed college students, 19493
drugs, EEG changes, right vs left handed college students, 30247
examination of M. Annett's right-shift theory of handedness & superiority of symmetric bimodal model of handedness, reply to comments by I. C. McManus, 30045
familial sinistrality & strength of left-handedness, verbal vs mathematical SAT scores, female vs male college students, 30039
familial sinistrality, speed of color naming, female vs male 5–7 yr olds, 16982
familial sinistrality vs dextrality, visual positioning adjustments to prismatic displacement & transfer of training, right handed female college students, 16645
family sinistrality, pathological left handedness, mildly vs moderately vs severely vs profoundly retarded, 25702
fine motor skills, 4 yr olds identified as right vs left handed vs lacking hand preference, educational implications, 16992
frequency of left handedness, 47–64 vs 65–90 yr old males with Alzheimer's dementia, vulnerability & life span implications, 4511
grasping with left vs right hand, 6 mo to 3 yr olds, 14122
hand & eye dominance, age of onset & course of illness & premorbid functioning, 20–56 yr old newly admitted chronic schizophrenic males, 28232
hand difference in face touching, college students, Japan vs Great Britain, 16631
hand posture during writing & presence vs absence of left-handedness in family, possible artifacts from dicotomous self report forms, college students, 22002
handedness & eye dominance, perception of disappearing visual targets, 1st graders vs college students, 9206
handedness & sex differences, pedal asymmetries, 16–69 yr olds, replication of findings by J. Levy & J. M. Levy, 19506
handedness & sex, intellectual abilities on WAIS-R, 16–74 yr olds, 22016
handedness, field independence, 19–30 yr old high school & college graduates, replication of studies by C. Culver et al & A. Silverman et al, 24666
handedness in picking up food, rhesus monkeys, 13782
handedness, rationalistic vs intuitive style of information processing, college students, 16624
handedness, reading achievement & symbol reversal, 6–7 yr old 1st graders, 2433
hemispheric language dominance & handedness, patients with temporal lobe epilepsy, 9992
individual differences, hemispheric involvement in visuo-spatial & verbal stimuli, right handed adults, 16640
lateral dominance & hand inversion, sinistrals, criticism of study by A. Searleman et al, 24661
lateral dominance, braille tasks, 6–11 yr olds, 9211
left handedness, dementia patients with age at onset below vs above 65 yrs, criticism of study by B. Seltzer et al, 25809
Left handedness, dementia patients with age at onset below vs above 65 yrs, reply to criticism by E. D. Drexler et al, 25925
mathematical model, prediction of probability of pathological left vs right vs ambiguous handedness, severely retarded & brain damaged & autistic Ss, 17420
performance & preference measures of handedness & footedness, right vs left handed college students, 8757
performance on peg placement section of Purdue Pegboard Test in unimanual vs bimanual conditions, normal vs dyslexic 9–12 yr olds, 20442
preference for pictures with principal object on right side, right handed college students, 30050
reliability & validity of Target Tests of Speed & Accuracy, measurement of motoric lateralization of speed & accuracy, right- vs left-handed Ss, 2877
right-hemispheric activation during waking vs awakenings from REM vs NREM sleep, left-hand superiority in tactile recognition, right handed male college students, 11466
right-shift theory of handedness, reply to comments by M. Annett, 30084
seasonal variations of births of left handedness, males & females, replication of A. Leviton & T. Kilty's study of females, 19783
sex & age differences, hand & eye preference patterns, elementary & junior high school students, 22296
sex & age, neuropsychological manifestations, right handed unilaterally brain-damaged patients, 25960
sex differences & handedness & lateral eye movement, dream recall, 17–30 yr old college students, 27408
sex differences, handedness, students taking admissions examinations for college & professional & graduate school, 16655
spatial frequency & orientation & viewing condition, duration of visible persistence, right- vs left-handers with right- vs left-eye dominance, 8788

speech perception, auditory EPs, right vs left handed college students, 30086
stimulus presentation in contralateral vs ipsilateral visual field, RT to target stimuli, left handed inverters vs noninverters, attempted replication of M. Moscovitch & L. C. Smith's findings, 24650

methodological problems, use of life satisfaction & happiness & morale as indicators of subjective well-being, gerontological studies, 2909
mood & relative performance, resource allocation, college students, 12029
perceptions & attributions about self & spouse's behavior & effects of viewing videotapes of self & spouse from different perspectives, 20–62 yr old happy vs distressed married couples, 22467
perceptual differences in marital communication practices, happily married vs counseling couples, 9425
pet ownership & well-being, White married 65–75 yr old females, 3729
proposal of eudology as science of happiness, 16178
psychoanalytic interpretation of unconscious mental processes in psychical suffering, patients, 6720
reactive facial patterning, expression of happiness & surprise & fear, 10–12 mo olds, 6369
reactive facial patterning, expression of happiness & surprise & fear, 10–12 mo olds, 27849
retirement & marital status changes, happiness, 58–63 yr old males, implications for necessity of considering other status changes in retirement research, 27882
social relations as predictor of well-being, elderly, 27820

Haptic Perception [See Cutaneous Sense]

Hashish

hashish-induced near-death experiences, 12
tobacco & alcohol & marihuana & hashish usage, 9–17 yr olds, 36-mo longitudinal study, 3692

Hate

psychoanalytic view of love & hate & narcissism, male patients with paranoid schizophrenia & borderline disorder, implications for treatment, 28646

Hawaii

cultural diversity, psychotherapy, feminist psychotherapist practicing in Hawaii, 7270
ecological factors associated with residential setting, activity & social interaction & freedom from constraint & life satisfaction & attachment to ethnic community, elderly Filipino males, Hawaii, 17157
ethnicity & SES & age, sociolinguistic variation & accommodation, 5–12 yr olds, Hawaii, 939
ethnicity & sex differences, conversational time patterns, 8 yr olds, Hawaii, 25162
family interaction patterns, Japanese American vs White families, Hawaii, 22471
Kamehameha Early Education Program, provision of culturally compatible educational experiences, low SES primary grade students, Hawaii, 21312
migration, Puerto Ricans, Hawaii, 9383
perinatal stress & family environment, mental disorders & learning disabilities, multiracial children tested at 2 vs 10 vs 18 yrs, Hawaii, longitudinal studies, 28149
therapy preparation vs placebo intervention, expectations & satisfaction & termination of treatment, immigrant clients of community mental health center, Hawaii, 10391
translation of High School Personality Questionnaire into local idiom, primary personality factor structure & item validity, 12–17 yr olds, Hawaii, 21748

Hay Fever

astemizole, allergy symptoms & motor steadiness & coordination & manipulative dexterity, 14–67 yr olds suffering from hay fever, 20904

Head (Anatomy)

biofeedback with vs without social reinforcement, poor head positioning, 5–17 yr old patients with cerebral palsy, 15240
climate & head shape & brain size, 122 ethnic groups, 1031

EEG & videotaping, evaluation of localizing significance of head turning as 1st sign of epileptic seizures, 12–46 yr old patients, 14971
head control & locomotor ability, athetoid 3.5–7 yr olds, 9982
head temperature, time estimation, conference presentation, 3324
mechanical resonance oscillation of orbital apparatus, eye movements induced by high frequency head rotation, baboons, 6060
visual targets, rapid horizontal gaze shifts within & beyond oculomotor range, adult cats, 19309
Head Banging
behavioral sequelae of head banging & rolling & breath holding, 3 yr olds, 5-yr followup, 28285
overcorrection & rewards, nocturnal head banging, 7 yr old female, 4751
Head Injuries [See Also Brain Concussion]
acoustic measurement of voice quality, 17–75 yr olds with central dysphonia, 14935
acoustic parameters, evaluation of recovery of phonation in dysphonia following severe head trauma, 17–32 yr old patients, 17694
age at time of noncompound skull fracture, behavioral & cognitive functioning & personality/temperament, monozygotic twin with fracture occurring between 12 & 36 mo vs 36 & 48 mo of age vs uninjured twin, 2–5 yr followup, 14957
autobiographic experience structuring home environment & facilitating psychosocial progress, mother of head injured child, 15527
behavior modification techniques, cognitive rehabilitation, mentally handicapped & head injured, 20852
behavioral approach in rehabilitation, traumatically head injured patients, 7398
behavioral manifestations & consciousness & resolution of traumatic event, transitional vs long-term recovery of moderate vs severe head injury, 1676
biofeedback therapy, muscle contraction headache, patients with or without depression & head trauma, 23273
clinical course & prognosis of closed head injury, 3–14 yr olds, 20470
closed head injuries, aphasia & dysarthria, 16–78 yr old patients, replication of author's study, 1716
closed head injuries, intrusions & confusions in free recall, 18–60 yr old male patients, 23025
closed head trauma, schizophrenia & affective disorders & personality change, 22987
cognitive functioning as measured by Wechsler-Bellevue Intelligence Scale, head-injured adults, 20599
comprehensive rehabilitation center, head trauma center, 10520
correlation between computerized axial tomography & psychological test scores, patients with severe head injuries, 25866
description of ideomotor & ideatory apraxia, 5.1–8.5 yr olds with head injuries, 22991
disturbances in memory & language & beliefs following head injury, 26 yr old male, 4448
educational level & IQ, attrition in longitudinal study, head-injured veterans, 40-yr longitudinal study, 25932
EMG biofeedback assisted relaxation & stress reduction therapy, ability to decrease muscle tension & pain, 24–61 yr old patients with posttraumatic head & neck pain, 20871
feedback vs self monitoring, small group conversational behaviors & generalization, 22 yr old male head trauma patients, 7359
Greenery's interdisciplinary team approach, assessment of stages of cognitive recovery & physical ability, head injured patients, 2174
group therapy in cognitive rehabilitation program, patients with head injuries, 28945
head injury & stroke, family & interpersonal relations & employment & leisure activities, patients, 9984
intellectual deficits & rate of recovery & personality or occupational change, 16–58 yr olds with minimal to mild closed head injuries without neurological signs, 4497
interdisciplinary cognitive rehabilitation, cognitive deficits, school age children with head injuries, 18347
Luria-Nebraska Neuropsychological Battery, forensic assessment of head injured plaintiff, 1114
medical & psychological factors of adaptive physical functioning at discharge & length of rehabilitation stay, 16–55 yr old patients with traumatic brain injury, 21126
memory & posttraumatic amnesia & cognitive performance, adult patients with severe closed head injuries, 20480
minor vs severe closed head injuries, free recall, 16–60 yr olds, 17798
nature of memory impairment after head injury, literature review, 20616
neuropsychological rehabilitation program, cognitive & emotional functioning, 18–44 yr old closed head injury patients, 21115
neurorehabilitation unit & Comprehensive Outpatient Education Program in Southfield Rehabilitation Center, brain trauma, survivors of head injuries, 28961
pre- vs post-accident behavior & psychiatric disorders, children with severe vs mild head vs orthopedic injuries, followup study, 28410
pre- vs post-accident behavior & psychiatric disorders, children with severe vs mild head vs orthopedic injuries, 7027
psychological complications, recovery from head trauma, 12376
psychological functioning measured by Rorschach protocols, 17–29 yr olds with severe closed head injury, 25811
self monitoring, heterosexual conversational behaviors, 20 & 21 yr old males recovering from head trauma, 31474
severe blunt head trauma, physical impairment & memory & dysarthria & psychosocial adjustment, patients who suffered head trauma at 15–44 yrs of age, 10–15 yr followup, 15004
severe head injury, self concept, 17–34 yr old patients, 7-mo followup, 10014
severity of head injury, behavior, 1672
speeded vs nonspeeded performance on motor & visual-motor & visual-spatial measures, 4.7–17.6 yr olds with mild vs moderate vs severe head injuries, 20479
substance abuse history & type of injury & DSM-III diagnosis & drug therapy, patients with head injuries referred for psychiatric consultation, 15078
team approach to home therapy in cognitive rehabilitation, head trauma outpatients, 28968
ventricular volume & cerebral cortical atrophy as measured by computed axial tomography & neuropsychological test performance, post-head-injury patients, 25775
visual & auditory thresholds, 17–28 yr olds with closed head injuries, 12412
visual recognition memory assessed by Kimura Recurring Figures Test, head injured adults, 12333
visual 4-choice RT measurement at 24 hrs vs 6 wks after injury, 16–55 yr olds with minor head injuries, 28458
Head Start [See Project Head Start]
Headache [See Also Migraine Headache, Muscle Contraction Headache]
age differences, characteristics of headache, patients 7 yrs of age & older, 4479
apathy & asexuality & adiposity & headaches, male adult patients with prolactin-secreting pituitary adenomas, implications for diagnosis, 28414
benzodiazepines, treatment of sleep disorders associated with headache symptoms, 1980
biofeedback-assisted self regulation techniques, control of onset & symptoms, 7–17 yr olds with headaches, 2-mo to 3-yr followup, 7396
classification & causes & treatment, headaches, 1753
cognitive stress vs noise vs relaxation, EMG & GSR & respiration & heart rate & mood & headache intensity, chronic headache patients, 31196
computerized behavioral assessment, headaches, patients 22 yrs of age or younger, 22992
counseling & relaxation techniques, severe headaches, 16 yr old female, 4735
disco music, auditory & vestibular systems & production of Tullio effect, college students, 3058
EMG & thermal biofeedback, mixed headache, outpatients, 12581
etiological role of affect, headache activity, 17–60 yr old chronic headache patients, 7004
facial temperature pattern, cluster vs migraine headache patients, implications for diagnostic value of thermography, 31198
functions & properties of trigeminal Substance P neurons, etiological role in cluster headache symptoms, 25829
headache-related etiological factors revealed during psychiatric consultation, 11–81 yr old patients, 25844

headaches during 1st postpartum wk, 17–40 yr old mothers, 1726
health locus of control, efficacy of psychotherapy & biofeedback in treatment of headache, patients with mean age of 33.5 yrs, 4542
incidence of female headaches vs male backaches, Appalachian community residents, 22978
intracranial hypertension, vascular headache onset, 23 yr old male, 1725
levels of frontalis tension, discrimination & RT task performance, headache sufferers, 25883
Millon Behavioral Health Inventory, prediction of response to behavioral treatment, chronic headache sufferers, 31160
oral behavior patterns, patients with facial pain vs tension vs migraine vs combined headache vs no pain, 12383
perceptions of headache pain & coping & relief, 8–78 yr old patients, 1632
psychosocial assessment, 56 yr old female with chronic headache, 25913
reduction of glare vs attenuation of stripe patterns, eye strain & headache while reading, 19–60 yr olds, 3057
self-help vs therapist assisted relaxation, migraine or muscle contraction or mixed headache, headache patients, 1-mo follow-up, 18087
self hypnotic suggestion, awareness of interpersonal aspects of pain complaints, 40 & 48 yr old males with chronic headaches, 26219
self management procedures in biofeedback treatment of headaches, literature review, 1952
stressful life events, pathogenesis of primary headache, cephalalgic vs normal 17–59 yr olds, 7117
temporal blood volume pulse biofeedback treatment, 61 yr old male with chronic cluster headache, 1–21 mo followup, 7363
thermal biofeedback & spouse contingency management training, cluster headaches, 69 yr old male, 26108
validity of Headache Assessment Questionnaire, discrimination between chronic vs occasional tension headache sufferers, college students, 29759
voluntary frontal muscle tension increases through biofeedback, tension headache, 23–53 yr old patients, 22931
Health [See Also Community Mental Health, Holistic Health, Mental Health]
acid rain, health, humans, 26836
activity programing, health & well-being, aged, 31330
age & sex, perceived health, 20–75 yr olds, 11682
age vs marital status vs personal income vs need for functional assistance, living arrangements, single White females 65 yrs & older, 14204
aging & ethnicity & sex & SES & marital status, health, Mexican Americans vs Anglos 60 yrs of age & older, 4-yr longitudinal study, 11692
alcohol, general health, 19–48 yr olds, Sweden, 3976
analysis & critique of prevention in child health, practitioners, 28545
assessment of physical & mental & psychosocial health, Vietnamese refugee children in adoptive vs foster vs initial family units, US, 5-yr followup, 20200
attitudes toward threat of nuclear war, health & well-being, elderly, 16881
base rate, correlations of select stressors with illness variables, hospital nurses & food processors at various sites, 8455
beauty norms & role of media, body image & self esteem & development of eating disorders & other health problems, female adolescents, 11799
bereavement, self perception of physical health, 55–83 yr old widows vs widowers, 6404
cocaine abuse, adverse effects on health & psychosocial functioning, 22–59 yr olds, conference presentation, 4355
confirmed vs presumed death bereavement vs loss of home vs leisure residence in volcanic eruption, stress levels & health status, 18–72 yr olds, 24053
degree of internal vs external locus of control beliefs & stressful job & economic events, psychophysiological well-being, males with mean age of 50.8 yrs, longitudinal study, 6673
demographic & health & social service needs, developmentally disabled 53 yr olds & older, 4100
development & reliability & validity & factor structure of Self Evaluation of Life Function Scale, assessment of physical & emotional & social function, elderly adults, 19080
development & validity of Perceived Well Being Scale, 61–93 yr olds, 13592
diet, weight gain & health & litter size, captive cotton-top tamarins, 3349
double work load, psychosocial & health risks, working wives & mothers, 17252
efficacy of health maintenance measures, aged, 12442
employment status & hemodialysis at home vs facility vs peritoneal dialysis, health status & locus of control, chronic renal disease patients, 26244
engineered pool therapy program, health & attitude change, 18–72 yr olds with physical disabilities, 23573
environmental noise, academic performance & cognitive development & hearing & health, children & teachers, literature review, 31950
evaluation of effectiveness of holistic care program, Ss over 62 in retirement community, 15392
evolutionary-based model of health & viability, 14549
forced residential relocation, health, 50–90 yr old urban hotel dwellers, 25810
general health & illness-related absences from work, primary school teachers, New Zealand, 29135
general systems theory applied to biopsychological & ecological structure of human functioning, implications for health psychology, 25980
health & abuse or maltreatment, 3 yr olds from abusive vs neglectful vs failure to thrive families, 9806
health & handicaps & size & development status, small- vs average- vs large-for-dates children, 7-yr followup, 11696
health & mental health issues, Asians & Afro-Caribbeans & ethnic minorities & Blacks, Great Britain, literature review, 22641
health & physical fitness program & demographic factors, US Navy personnel, 5458
health & psychological distress levels, male vs female 63–84 yr olds, 17027
health & support & personality & adaptability to environmental press, 60–92 yr olds, 4066
health care, children in labor force, conference presentation, 22298
health of spouse, prediction of health, White residents aged 60 yrs & over, 1343
health risks & behaviors & health care issues, females, 18177
health status & characteristic play activities, children in rural areas, Nepal, 22270
health status & health services, Taiwan, 23412
health status, behavioral diversity & use of public spaces, aged nursing home residents, 4931
health, White elderly males vs females, US, literature review, 16902
health, 45–54 yr old employed vs unemployed females vs full-time homemakers, conference presentation, 25497
history & themes & functions of medical advice books, literature review, 7190
housing conditions & cohabitation with children & sickness, desire to leave home, urban aged, 4927
housing, stress & plasma corticosteroids & health, adult pigs, animal welfare implications, 5846
immigration patterns, health, immigrants, Australia, 9351
incidence of physical & mental disorders, future psychiatrists vs surgeons vs internal medical specialists, Switzerland, 26462
individual psychology as means to help make nutritional changes, 20681
industrialization of society, work life & health, aged, 25257
industrialization, physical & mental health, children & adolescents, Sweden & Sudan & other Third World countries, 19766
informal networks, health status indicators & self assessment, elderly, 22299
interaction with dogs as pets, health, human Ss, implications for therapy, 23133
interpersonal networks & health status & well-being, 65–88 yr old residents of planned housing facilities, 3610
intervention group on coping with life challenges, reported illness & disability days, college students previously having high life change & high illness ratings, 26078
involuntary interinstitutional relocation, health & morale, 31–85 yr old chronic care patients, 15495
job-related stress & individual ill-being, school teachers, 5193

legal & legislative developments arising from allegedly disabling health problems associated with CRTs, 6549
life change & adaptation & health status, Vietnamese refugees, 3-yr longitudinal study, 12109
life experiences & changes, physical health & psychic balance, 16871
life stress, health, India, 17135
long term stability of System of Multicultural Pluralistic Assessment's Health History Inventories, 6–12 yr old middle- & lower-class Anglos & Blacks & Mexican-Americans, 4-yr longitudinal study, 8443
magnitude of perceived physical fitness improvement in basic training, esprit de corps & performance & health & attrition, US Marine Corps recruits, 26772
measurement of social support, 14–66 yr olds, 9493
medical complications, anorexia & bulimia, 12382
medical epidemiological approach, lifestyle & health & role of social support in emotional adjustment, male patients suffering from myocardial infarctions, conference presentation, 25769
meditation, workplace health & occupational stress & productivity & job satisfaction, employees, literature review, 21599
mental health & life stress & personality traits, self perceived health, 65–90 yr old females, South Africa, 851
militarization, underdevelopment & exploitation of underdeveloped countries, criticism of A. Gellhorn's article, conference presentation, 25255
military & economic development, national security & health & other threats, less developed countries, criticism of A. Gellhorn's article, conference presentation, 25253
military & economic development, national security & health, conference presentation, 25246
military & economic development, national security & health, criticism of A. Gellhorn's article, conference presentation, 25248
military & economic development, national security & health, criticism of A. Gellhorn's article, conference presentation, 25245
military & economic development, national security & health, criticism of A. Gellhorn's article, conference presentation, 25254
military development, national security & health, reply to criticisms by C. K. Cassel, M. Jefferys, F. M. Mburu & P. J. McEwan & V. Navarro & H. L. Smith & P. Wood, conference presentation, 25247
military service, health status, females, US, 18844
minority status & health risks, Black vs White male vs female US Navy officers, 1331
need for separation of health & illness status in research on health related behavior, elderly, 27741
neuroticism & physician-rated vs self rated health & subjective well-being, 46–71 yr old White males vs females, 25577
nonverbal expressiveness & personality & health, 42–64 yr olds with Type A vs Type B personality, 22625
occupational & psychosocial stressors, mental & physical health, managerial/professionals & blue collar workers, implications for rehabilitation counseling, 29557
occupational exposure to organic solvents, narcosis & other nerve dysfunctions & physical symptoms, workers, 16134
open vs enclosed office design & air conditioning, health problems, office workers, 24051
organization of research on health effects from aversive physical aspects of environment, implications for nurses, 11018
perceived control in health care situations & physiological processes & illness, elderly nursing home & senior citizen housing residents, 4-stage model of coping & control, 7676
perceived health in family of origin, rationality & positive perceptions of marriage, college students, implications for premarital counseling & marital therapy, 9399
personal tempo & time perception & self appraisal of health, 60–91 yr old White females, 16864
physical & mental health status, clients referred to social workers in local social services vs general practice setting, 4844
physical & psychological health concomitants, stresses, entering medical students, 12944
physical fitness &/vs group support programs, physiological & psychological health indicators, 46–64 yr old healthy females, 25974
physical health vs psychosocial variables as predictors of RT & serial learning performance, 65–85 yr old males, 25125
power & life stress & personality & psychiatric symptomatology, health assessment, 6708
preoperative vs postoperative mental state & subjectively assessed mental & physical health, healthy multiparous females having elective internal or postpartum sterilization, 10335
prevalence of psychiatric & medical & social problems, health care needs, Hispanic 60–75 yr olds & over, 1336
psychological & physical & social dimensions of recreational activity & leisure time, adolescents, 6272
psychosocial stressors, psychic & somatic health, unemployed male vs female 16–30 yr olds, 27433
quality & quantity of social participation & social traits, physical & psychological health, female vs male college students, 20086
quality of upbringing & work values & physical health, psychiatric impairment, unemployed vs apprenticed young males, 4212
rapid urbanization, behavior & health, female vs male, 3–15 yr olds, Sudan, 6258
recency of retirement & widowhood & annual income & number of physician contacts in 1975, physical health, 58–63 yr olds, 10-yr longitudinal study, 28516
reliability & validity of questionnaire assessing psychic & somatic complaints, aged, 16322
religious institution attendance & self rated religiosity, functional health, Mexican Americans, 30596
self evaluation of health, 40–55 yr old females, 17369
self help groups & participative management, involvement in occupational health & safety, industrial workers, 15996
sensitivity to noise, health & personality adjustment, college students, 25456
SES, morbidity, 22–80 yr olds, Belize vs Kenya vs Nepal vs American Samoa, 25275
sex & age & health & marital & income status & level of education, life satisfaction, elderly, 3576
sex role orientation, self perceived health status, 40–59 yr old males, 17034
single subject methodology, assessment of maternal satisfaction with psychological clinic-referred child, 7.3 & 3.4 yr olds & their mothers, 7163
social factors & conditions, personal & public health, implications for bourgeois nonsocialist medical systems, 18205
social integration & health & age & marital status & SES, mental health assessed by MMPI, urban elderly, 27715
social network relationships, health status & use of health services, aged 65 yrs and older, 18182
social support & health, 1235
social support networks, health status & health care utilization, 60–94 yr olds, 31587
stress & Type A personality, health, Polynesian immigrants to New Zealand, 17374
stressful life events & coping strategies & health, rural 60–92 yr olds, implications for development of support programs & policies, 22653
subjective past & present & future cognitive & motivational fit, affective & somatic strain & well-being, college students, 17364
supervisor's task vs relationship orientation, job satisfaction & stress & health problems, 21–58 yr old rehabilitation workers in mental health & retardation settings, 28969
surgery for nonacute medical disorders, perceived health status, 16–80 yr old patients, 2-mo-followup, implications for patients & doctor expectations, 10348
threat of nuclear war & promotion of mutual security & peace, criticism of A. Gellhorn's article, conference presentation, 25258
threat of nuclear war, national security & health & role of medicine, comments on A. Gellhorn's article, conference presentation, 25260
under- vs overreport of illness, association between psychosocial factors & physical health, college students, 28405
unemployment, physical & mental health & mortality, implications for economic & human service policies, conference presentation, 21567
use & misuse of health risk appraisal, 20990
widowhood, health & friendship support, aged, 22366
working conditions, stress & health, conference presentation, 26801

Health Attitudes

acculturation & health & illness beliefs, Mexican vs Mexican-American vs Anglo-American females, 30582

aerial pesticide spray, perceived health risk & environmental risk & number of precautions taken & acceptability, 15–74 yr old urban residents during 1981–82 Mediterranean fruitfly crisis, 5503
assessment of nutrition status & mothers' perceptions of quality of life & immunization & cause of infant death, 21–39 yr old mothers & their 3–14 yr olds, rural Nigeria, 20573
attitudes toward causes of illness, healthy kindergarten students & 1st & 4th & 5th graders, 11675
attitudes toward childhood diarrhea & utilization of health services for treatment, adolescents & adults in rural areas, Zimbabwe, 23403
attitudes toward health & illness & behavior, physicians vs teachers vs school nurses vs 6th–8th graders, implications for health care delivery, 22283
beliefs about health & illness, 6–17 yr olds with diabetes, 1661
brief health belief interview, assessment of health & treatment perceptions, ambulatory geriatric patients, 2942
cigarette smoking, perceptions of health & self esteem & social contacts, severe cigarette smokers, implications for theory of subjective competence, 9475
cognitive development & conceptualizations of health & illness & understanding of their disability, 6–13 yr olds with spina bifida, 25815
demand for health during preretirement years, Black vs White 45–59 yr old males, 22626
dental beliefs & acceptance of daily fluoride mouthrinsing at home, 7th graders, 27856
development of Child's Health Self-Concept Scale, measurement of collection of health perceptions & behaviors, 5–13 yr olds, 16328
discriminant validity of 3 self report measures, assessment of desire for control over health care processes, adult Ss, 205
employment status & desire to return to work & health outlook, females under 55 yrs old with disabling health conditions, 25852
ethnicity, trait anxiety & self esteem & health locus of control & impact of illness, 10–21 yr old Hispanic vs White cancer patients, implications for use of behavioral intervention in cancer treatment, 28527
evaluation of program for instillation of knowledge & attitudes & behaviors to improve health, 5th–7th grade students & teachers, 7894
factor structure & analysis & internal consistency & correlation with Marlowe-Crowne Social Desirability Scale, Health Locus of Control Scale, college students, 27010
health beliefs & psychological variables, male diabetic patients, 20519
health beliefs & self concept & self efficacy, prediction of compliance with acne medication, college students, 26163
health beliefs & sociodemographic data, attendance at breast self examination class & subsequent compliance with instructions, 45–64 yr old females, 15364
health beliefs assessed by questionnaire, prediction of successful rehabilitation following surgery, laminectomy patients, 10360
health beliefs, causal explanations of illness, heart patients, 17758
health beliefs, compliance & psychosocial adjustment to illness, controlled vs uncontrolled hypertensives, 10340
health locus of control & self esteem & behaviors & intentions, 5th & 6th graders, 9095
health locus of control, efficacy of psychotherapy & biofeedback in treatment of headache, patients with mean age of 33.5 yrs, 4542
health locus of control, health values & preventive health behavior, college students, 12039
health satisfaction, 18–34 vs 35–49 vs 50–64 vs 65 yr olds & older, 3588
lithium therapy, health attitudes & physiological distress, patients with bipolar affective disorder, 28751
locus of control expectancies, surgical patients, correction of previous article on health locus of control, 2049
models of factors that predict performing breast self examination & obtaining Pap test, 18–70 yr old females, 28081
patterns of perceived health during 1st yr of recovery, 40–64 yr old cardiac patients, 7060
perception of food flavor & health value & prestige of foods, acculturation to Canadian foods, 14–16 yr old Chinese males, Canada, 22280
perceptions of illness & physiological aging & coping behavior, 50–80 vs 20–74 yr olds, 9117
personality traits & health attitudes & behavior, insulin-dependent diabetic adults, 22946
persuasive messages about breast cancer & self examination with varying emphases on severity & susceptibility, attitudes & fear & intent to perform self examination, 35–70 yr old females, 7573
preventive health-related behavior & attitudes, 45–64 yr old females who decline breast screening, 26248
principles of humoral pathology, avoidance illness, Mexico, 20655
proxy responses to symptom survey, report of illness of absent person, wives vs husbands, 26920
psychic status & cognitive processes & attitudes toward work & social adaptation during remission, epileptic patients, 4478
psychological reactions to chronic health problems, aged, 16896
psychometric properties of Multidimensional Health Locus of Control Scales, chronic cigarette smokers in smoking cessation program, 24217
racism & concepts of physical & mental health & experiences with health care systems, Pathan mothers, England, 1036
relationship between health locus of control scale & multidimensional locus of control scale, medical students, 209
relationship between preventive dental behavior & dental health beliefs, wives in White families, US, 28816
role of health beliefs, compliance with therapeutic regimens to quit smoking, 17–85 yr old patients with pulmonary disease, test of M. H. Becker's health belief model, 21146
self reliance regarding recovery from breast surgery, relationship between stress & social support & adjustment, 29–92 yr old females with breast cancer, 7535
SES, health attitudes, Ss undergoing health examination, France, 7526

incentives for containment of health care costs, 15365
income & severity & type of problem, professional help-seeking, Blacks aged 18 yrs & older, 23417
intergenerational welfare use, attitudes toward illegitimate pregnancy & educational achievement & marriage & family size preferences, mothers & adolescent daughters, 15434
letters stressing value of continuous pediatric care & lack of continuity in emergency facilities, health care visits, parents of patients with acute illness, 20996
mental health treatment, subsequent cost of medical utilization, meta-analysis of cost-offset studies & analysis of health insurance claims files, 4861
Millon Behavioral Health Inventory, assessment of frequent users of ambulatory health care services, 25–65 yr olds, 28834
mortality rate, persons born in 1905 & having depressive symptoms & those who did vs did not attend health check-ups, 1378
motivational variables & interventions, treatment entering & compliance & outcome, people suffering from addictive behaviors & alcoholism, literature review, 31806
need for appropriate mental health services to lessen health care overutilization, acute psychiatric patients, 10380
opinions & preferences regarding formal vs informal care for aged, elderly Hispanics vs Anglos enrolled in case management system, 26278
parental anxious concern, birth order differences in frequency of visits to emergency departments, 1st vs laterborns with approximate age of 2.3 yrs, 26243
patient characteristics & medical care utilization & expenditures, clients of psychiatrists' vs psychologists' practices, 28590
patient characteristics & receipt of outpatient services, readmission to inpatient care, suburban alcoholics, 28999
patient characteristics, utilization of mental health services, Ss aged 55 yrs & over, 10370
patient office visits for mental disorders, nonpsychiatrist physicians, 15390
patient's definition of problem & expectancy for treatment, prediction of initiation of therapy, adults seeking outpatient psychiatric treatment, 2096
patterns of mental health care, aged patients over 65 yrs, Netherlands, 23443
physicians & hospital utilization, noninstitutionalized adults aged 60 yrs & older, 7583
prevalence of requests & types of outpatient mental health services requested, Blacks vs Whites, 12769
previous experience with mental health services, utilization of school psychological services, college students, 23889
profile of utilization of outpatient psychiatric services, females, implications for rehabilitation, 21030
prospective payment method, pattern & cost of mental health care, psychiatric inpatients, 7681
psychiatric needs & professional referrals for psychiatric services, sexually abused Ss aged 17 yrs or less reported to child protection agency vs clinically evaluated, 26265
psychology, improved effectiveness & reduced cost of health care services, 15400
reasons for referrals & type of disorders & utilization, mental health services, 9–75 yr old Southeast Asian refugees, Canada, 12720
reexamination of typology of social network relationships by T. G. Rundall & C. Evashwick & use of physician services, noninstitutionalized elderly 65 yrs & older, 15366
response to mental disorders & social norms & attitudes regarding mental health & nonmental health referrals, 2nd & 3rd generation Japanese-Americans, 23139
rural vs urban environments, health care utilization, Ss aged 65 yrs & over, Canada, 15391
self reported mental health status, use of outpatient mental health services, implications for validity of self report mental health surveys, 28883
service provision & client utilization of public service organizations, clients, implications for comprehensiveness of care, 2054
SES & family composition & other factors, utilization of health & education services, children from birth to 5 yrs, New Zealand, 31584
severity of depression & propensity to seek help & availability of alternate resources & demographic characteristics, help seeking behavior, depressed college students, 6828
sex & marital status & age as social selection factors, utilization of psychiatric treatment, 25–74 yr olds, 28615
social comparison information & symptom severity & sex, evaluation of depression symptoms & willingness to seek counseling, college students, 7633
social network relationships, health status & use of health services, aged 65 yrs and older, 18182
social support networks, health status & health care utilization, 60–94 yr olds, 31587
social support, use vs nonuse of home care services, elderly, 31619
sociocultural factors, health care utilization & health locus of control beliefs, US vs other Western Countries, 3771
sources of help seeking, behavior therapists, comment on J. C. Norcross & J. D. Prochaska's study, 2268
specialist mental health treatment, utilization of & charges for subsequent nonspecialist health care services, patients with mental disorders, 31575
strength of components of ethnic medical system, Mexican Americans, 28837
usage of psychiatric hospital beds over 4 yr period, younger vs older patients with depression, 10481
use & expenditure patterns of specialty mental health vs general medical sectors of ambulatory mental health services, 31629
use & need for & experience with & knowledge of & preference for social services, gays & lesbians with mean age of 32 yrs, 12746
use & reluctance to use specialist alcohol services, females, literature review, 29002
use of mental health services & prevalence of emotional disorders & suicide rates, college students, US, 8133
use of noncommercial promotional strategies, enhancement & maintenance of utilization of telephone support service, ex-smokers, 12868
use of population-based variables to predict alcoholism service needs, 2210
use of prenatal care & preventive health programs, rate of fetal loss, low SES adolescent mothers pregnant 1 vs 3 times, 26259
use of primary care services & specialty mental health services, Ss aged less than 18 yrs, 10345
use of psychiatric hostels & day care & sheltered workshops & residential care, 19–89 yr old patients, 2-yr followup, 18237
utilization & coverage of mental health services in health maintenance organizations, 1979–80, 28853
utilization of health & mental health services based on data from Epidemiologic Catchment Area program, US, 10362
verbal client-therapist contact prior to 1st appointment & pretherapy orientation, utilization of service & completion of treatment, clients at community mental health center, 2090

Health Education [See Also Drug Education, Sex Education]
Alcohol Alert Week, 8-day voluntary alcohol abstention program, Department of Health employees, New Zealand, 23608
audiovisual peer modeling procedures, reduction of self reported medical fears, male vs female 3rd vs 5th graders, 18568
back education, prevention of low back pain, employees doing manual labor, 24045
basic child health & development education, knowledge level & health behavior, 3rd & 5th & 7th graders & their guardians, rural Jamaica, 32019
behavior modification &/vs dietary control/nutrition education & exercise, obesity, students, literature review, 21520
Bigge's 2-family classification system of learning, health education programs, 18603
childbirth & pregnancy education, blind & visually handicapped 16–50 yr olds, 21397
class stratified societies, problems in interclass communication & interactions, Jamaica, implications for community health education, 19982
client-centered health education & health care change, 21004
college course on holistic health, 2414
community beliefs & health education & acceptance of & response to treatment & psychosocial implications, outpatients under 16 yrs old with leprosy, India, 28911
drug compliance & comprehension of disease, hypertension or diabetes patients, Zimbabwe, 4802
education in preventive health behaviors, parents & children, 20979
ethnography & early program planning & implementation, oral rehydration therapy for diarrheal disease, families, Honduras, 18190
evaluation of free clinic providing preventive health education & counseling, 62–76 yr old female participants, 28872
evaluation of program for instillation of knowledge & attitudes & behaviors to improve health, 5th–7th grade students & teachers, 7894
expressed interest vs participation in breast self examination program, female patients, 4850
food & nutrition education, knowledge of nutrition, 6.9–12.8 yr old educable mentally retarded vs 8.2–11.2 yr old trainable mentally retarded, conference presentation, 15898
health beliefs & sociodemographic data, attendance at breast self examination class & subsequent compliance with instructions, 45–64 yr old females, 15364
health education curriculum, learning & health-related behavior, preschool age children, 18587
health problems & health education & care, female vs male adolescents, 12694
health promotion & independent living programs, chronically ill & disabled, conference presentation, 26354
health promotion & wellness medicine in workplace & Adlerian themes, 21633
health promotion in school setting, 5243

insurance coverage for occupational therapy in mental health programs, 12723
marketing strategies & provision of health services via employee assistance programs, business & industry, 2678
Medicare Prospective Payment System for diagnosis-relating groupings, geriatric medicine, frail elderly, 28815
method of estimation of costs of mandatory private health insurance coverage of outpatient mental health care, 31624
peer review for 3rd-party payment & psychoanalysis, 35 yr old female writer, 26067
perception of nature & scope & internal structure of health insurance plan, users, 18903
prospective payment method, pattern & cost of mental health care, psychiatric inpatients, 7681

prospective payment system, evaluation of diagnosis-related groups for mental disorders & alcoholism & drug abuse, 7687
prospective payment system, psychiatric hospitalization, 7657
prospective payment systems, psychiatric hospitalization, 7690
reimbursement & fiscal issues, consultation-liaison psychiatry, 56 yr old male admitted to hospital for coronary artery bypass surgery, 25975
Health Locus of Control [See Health Attitudes]
Health Maintenance Organizations
health care seeking, expectant married male members of health maintenance organization with mean age of 29.8 yrs, 7561
professional opportunities in health maintenance organizations, social workers, 26445
role in health maintenance organizations, physicians, US, 7779
utilization & coverage of mental health services in health maintenance organizations, 1979–80, 28853
Health Personnel Attitudes [See Also Therapist Attitudes]
acceptance of problem-oriented medical record system innovation, mental health professionals, Canada, 23640
actual vs perceived patient knowledge of medical terminology, 15–82 yr old patients & medical staff, 10337
age & educational level & amount of time spent working with elderly, stereotyped attitudes toward elderly, nurses from intermediate & skilled care nursing homes & hospitals & home health agencies, 31845
andragogical educational experience, andragogical orientation, 25–61 yr old nurses, 26421
assessment of attitudes & stressors & coping strategies relating to role adoption & work environment & personal life, physicians in residency training, 23619
attitudes & behavior toward aged nursing home residents, 18–65 yr old nurses & aides & professional staff & housekeeping staff, 21077
attitudes & beliefs about providing care for terminally ill, hospice & psychiatric & intensive care unit & pediatric nurses, 12925
attitudes & beliefs, domestic violence, service providers, 12891
attitudes toward & diagnostic evaluation of suicide attempters, emergency room physicians, 26449
attitudes toward accountability programs, social workers, comparison of studies by K. Sung & R. Weatherley et al, 21227
attitudes toward child psychiatrists & consultation, pediatricians, 29028
attitudes toward children's rights & deinstitutionalization, mental health facility administrators, 5130
attitudes toward divorce mediation & counseling, psychiatrists & psychologists & social workers & marriage counselors, 17873
attitudes toward elderly patients with normal aging vs disease-related symptoms, health care providers, 23616
attitudes toward good adjustment to chronic hemodialysis, nurses vs patients, 20988
attitudes toward intensity of medical needs of adult institutionalized mentally retarded patients, families & institutional staff, 21064
attitudes toward need for death counseling training & confidence in providing psychosocial support to dying patients & families, resident physicians in postgraduate pediatric specialty training, 26400
attitudes toward patient seclusion, psychiatric inpatients & staff, criticism of S. M. Soliday's study, 23497
attitudes toward patient seclusion, psychiatric patients & staff, criticism of S. M. Soliday's study, 23505
attitudes toward patient seclusion, 18–66 yr old psychiatric inpatients & staff, 23534
attitudes toward patient seclusion, 18–66 yr old psychiatric inpetients & staff, criticism of S. M. Soliday's study, 23516
attitudes toward physical & psychological & social & health state patient characteristics, internal medicine residents & staff physicians, 31877
attitudes toward prenatal screening with alpha-fetoprotein, midwives, 7797
attitudes toward psychosurgery, adult & geriatric psychiatrists, 10627
attitudes toward responsibility of the care of demented elderly persons, caretakers, 18304
attitudes toward staff development programs, psychiatric nurses & psychiatric care workers, 12907
attitudes toward teamwork in general practice, community & district nurses & health visitors, England, 5117
attitudinal blocks, rehabilitation patients & families & hospital staff, 25977
availability of consultation-liaison trained psychiatrist, attitudes toward psychiatric consultation, internists, 23621
avoidance of alcoholic clients, social workers, 7727
client's age as source of bias, diagnosis of depression vs senile dementia, 26–49 yr old clinical psychologists, 4109
clinical experience in caring for elderly, attitudes about aged, 19–41 yr old nursing students in 1st clinical course, 31873
concept of normal adolescent, clinical psychologists & psychiatric residents & psychiatric nurses & psychiatric social workers, diagnostic implications, 7816
concept of normal adolescent, mental health professionals & graduate students, diagnostic implications, 27737
coping style & reactions to & experience with physical assaults by patients, nurses, followup study, 7805
defensive behavior toward mental health advocates for patient rights, hospital staff, 31895
development of Physician Belief Scale, assessment of attitudes about psychosocial aspects of patient care, primary care physicians, 29731
development of semantic differential instrument, measurement of attitudes toward Black Americans vs Black American patients, White nursing students, 21766
differential attitudes toward female vs male alcoholics applying for treatment, male vs female alcoholism treatment facilities staff, 31810
expectations & attitudes of health personnel regarding treatment & prognosis & sex role stereotypes, barriers to alcohol rehabilitation, alcoholic females, 5063
factors influencing preference for brand vs generic drug prescribing, cardiologists, India, 29011
influence of information about patient, attitudes & behavior toward patient member of stereotyped group, female nursing students, 23630
integration, behavior & attitudes, staff of integrated day care center & physically & mentally & psychiatrically handicapped clients, 10527
knowledge & beliefs about diabetes management strategies, success in diabetic patient management, in-house physicians, 28844
level of training & speciality nowledge of opiate abuse & attitudes toward opiate abusers, medical students & residents & physicians, 12960
malpractice litigation, attitudes & personal & professional life, physicians who had vs had not been sued, 21165
medical education, attitudes toward patient care, medical students, literature review, 26406
national priorities for mental health care, state mental health directors, 31615
need for self examination of attitudes & preconceptions, mental health workers dealing with lesbian mothers, 7837
objections to insanity defense, psychiatrists, 30695
opinions concerning factors related to failure rate of foreign medical graduates on Royal College examination, psychiatric residents vs Royal College examiners, Canada, 10549
opinions regarding etiology & prevention & treatment & responses to illness, 25–73 yr old mental health professionals with relatives with long-term psychiatric disorders, 31889
patient needs & attitudes of staff in intensive care units, quality of care, attempted suicide patients, 4968
perceived insensitivity of psychologists & social workers & physicians, parents of handicapped children, 1657
perceived use of Rorschach Test in criminal forensic work, forensic psychiatrists & other mental health professionals, 5134
perception of ability & attitudes toward mainstreaming, provision of medical services to developmentally disabled children, general practitioners vs family practitioners vs pediatricians, 15638
perception of affective states of patients, staff vs patients on physical rehabilitation ward, 23549
perceptions of & reactions to rehabilitation & patient behaviors, female physiotherapists & occupational therapists & nurses, Australia vs Sweden, 29090
perceptions of dying patients, general practitioners caring for patient at home & family members, 4859

perceptions of life changes & loss of cancer patients, 18–73 yr old cancer patients & oncologists & nursing staff members, 2158
perceptions of temperament & activity of high risk or developmentally delayed infants, mothers & early intervention program home visitors, 9882
personal characteristics & professional attitudes & organizational & clinical needs, admission rates, pediatricians in neonatal care units, 2144
personal qualities & values & attitudes desirable in physicians, selection of medical students & faculty role models, 29096
psychiatric labels & professional training, bias in clinical judgments, 1st- vs 2nd-yr social work students vs social workers, 10554
responses to pregnancy of therapist on inpatient psychiatric unit, psychiatrists & psychologists & social workers & nurses & psychiatric technicians, 23650
staff misconception of population, failure of alcohol rehabilitation center, Mexico, 7747
stereotyped attitudes toward different age groups, 18–48 yr old student nurses, 5088
support for citizen involvement in health planning, health care professionals vs general public, 7525
training model, organizational defense mechanisms against anxiety, staff of chronic care hospital, 5094
videotape presentation with guided participation vs other training methods, development of positive attitudes toward crisis intervention, community college students in paraprofessional education program, 12927
views on criteria for psychiatric commitment & prediction of dangerousness, psychiatrists, Canada, 4923
work environment characteristics & attitudes toward job & clients, job satisfaction & stress, human service workers, 23632
Health Psychology [See Health Care Psychology]
Health Service Utilization [See Health Care Utilization]
Hearing Aids
assessment of candidacy for cochlear implants, profoundly deaf, 10339
cochlear hearing device implants, profoundly deaf, 10355
evaluation of frequency transposing hearing aid &/or training aid, sensory neural deaf adults with high frequency losses, 23426
extra- vs endocochlear electrode stimulation, auditory perception, hearing impaired & deaf patients, 20493
insertion gain vs frequency preference, 63–75 yr old untrained hearing aid users, 23410
methodology for electrical stimulation of auditory nerve, humans, implications for deaf, 19610
monosyllabic vs sentence stimuli, discrimination of true binaural vs pseudobinaural speech in noise & aided binaural squelch, 22–77 yr olds with bilateral sensorineural hearing loss with binaural hearing aids, 9912
multi- vs single-channel auditory implants vs tactile aids, speech perception, profoundly deaf, literature review, 20999
parental perception of total communication ability of child, social & emotional & educational growth & speechreading & speech & hearing aid use, hearing impaired 5–20 yr olds, 28462
personality & behavioral & ergonomic factors for non- & underuse of hearing aids, hearing impaired, 23400
use of FM system microphone vs hearing aid, speech recognition in noise, hearing impaired 8.3–13.8 yr olds, 10346
use of hearing aids, sound-field behavioral threshold & acoustic-reflex threshold, 7–66 yr olds with vs without sensorineural hearing loss, 15388
Hearing Disorders
application of traditional assessment methodology & assessment of reading skills, hearing impaired children, 29390
articulation characteristics, judgment of adequacy of spontaneous conversational speech, 8–12 yr olds with severe hearing impairment, 4485
auditory & speech perception research conducted at Institute of Electroacoustics, 29899
auditory brain stem response, 8–18 yr old patients with congenital/early acquired sensorineural hearing loss & abnormal stapedius reflex thresholds & speech retardation, 9897
auditory deficits, multiple sclerosis patients, literature review, 4492
caloric & oculomotor tests, neuroaudiological diagnosis, 11–80 yr olds with unilateral sensorineural hearing disorders or vertigo or acoustic tumors, 14894
consonant identification patterns & rates in filtered or attenuated natural speech simulation of hearing impairment, 3rd & 6th graders, classroom noise implications, 23872
decrease in auditory sensitivity to frequency shifts, 18–60 yr olds with multiple sclerosis, 7109
diagnosis & treatment & communication techniques, hearing impaired aged, 14958
dichotic speech, ear advantages in listening, 21–67 yr olds with sensorineural hearing loss, 20608
discrimination of compressed vs noncompressed speech, normal hearing vs hearing impaired 21–68 yr olds, 14969
educational assessment & test selection for skill & ability, profound sensorineural hearing loss children, 29359
forced choice testing in evaluation of speech production, hearing impaired 13–19 yr olds, 28406
frequencies on slope in loudness recruitment, 40–52 yr olds with abrupt drop sensorineural hearing impairment, 4540
functional grouping of handicaps with emphasis on etiology & management needs & education, multiply hearing-impaired children, 29343
hearing & vision loss & family support, depression & anxiety, 60–92 yr olds, 25892
hearing loss, gap detection & temporal resolution, normal 20–50 yr olds vs hearing impaired 20–57 yr olds, 1666
hearing problems, mental states & depression & anxiety & disability, elderly patients aged 70 yrs & older, 4460
hearing tests, 9 mo to 2 yr olds vs children over 2 yrs of age with hearing loss, 80
incidence of hearing loss, 54–95 yr old nursing home residents, 4395
job-related noise exposure, prevalence of hearing loss, 18–59 yr old male US Army engineers, 12336
language development, 3–5 yr olds with mild conductive hearing loss & history of otitis media, 1-yr followup, 23031
measurement by play audiometry with peep show test &/or electrophysiological audiometry by auditory brain stem response, incidence of hearing impairment, 10 mo through 15 yr olds with Down's syndrome, 4377
monosyllabic vs sentence stimuli, discrimination of true binaural vs pseudobinaural speech in noise & aided binaural squelch, 22–77 yr olds with bilateral sensorineural hearing loss with binaural hearing aids, 9912
ototoxic drugs in treatment of gram-negative bacterial sepsis, risk of permanent hearing loss, neonates, 18095
pattern of sensorineural hearing loss, frequency selectivity & consonant intelligibility, 18–43 yr olds, 28484
physiological aging, changes in hearing & development of presbycusis, implications for research, 31143
presentation level & frequency-gain characteristics, intelligibility difference between clear vs conversational speech, 24–64 yr olds with sensorineural hearing loss, 20581
pure tone, maturation & decline in cochlear microphonic & action potential thresholds, normal-hearing vs hearing impaired mice, 16632
reliability of threshold & slope & maximum intelligibility for monosyllabic words, 63–58 yr olds with mild/moderate sensorineural hearing loss, 25772
reverberation, perception of vowels & diphthongs, 47–79 yr olds with moderate sensorineural hearing loss, 25886
school screening program for early identification of hearing problems, female 5th–8th graders, India, 18734
sensorineural hearing loss, tone-glide discrimination of CV & VC syllables, normal vs hearing impaired 23–38 yr olds, 1651
SES & hearing loss, speech perception & mental health & personality structure & family life, adults with severe sensorineural hearing loss, 28507
systematic procedure for development of residential design statements, hearing impaired elderly, 32333
toluene concentration & exposure duration, hearing loss, rats, implications for industrial exposure & solvent abuse, 22214
tone frequency & amount of hearing loss, excursion size of Bekesy fixed-frequency tracings at hearing threshold level vs most comfortable loudness, males with cochlear-impaired ears, 12339

TV usage, 6–18 yr olds with visual or auditory or locomotor or learning handicaps, 22928
ultrasound exposure, birth weight & hearing loss & congenital anomalies & dyslexia, human fetuses, 20998
use of FM system microphone vs hearing aid, speech recognition in noise, hearing impaired 8.3–13.8 yr olds, 10346
use of hearing aids, sound-field behavioral threshold & acoustic-reflex threshold, 7–66 yr olds with vs without sensorineural hearing loss, 15388
1st-formant masking & attenuation vs dichotic presentation, discrimination of transition in 2nd formant, 61–91 yr olds with borderline-to-moderate sensorineural hearing loss, 4461
Hearing Impaired (Partially) [See Partially Hearing Impaired]
Hearing Measures [See Speech and Hearing Measures]
Heart [See Also Heart Valves]
biological functions & emotional & spiritual meanings of heart, implications for disease processes & heart transplant surgery, 28468

Heart Disorders [See Also Angina Pectoris, Arrhythmias (Heart), Bradycardia, Fibrillation (Heart), Myocardial Infarctions, Tachycardia]
association of psychological symptoms & psychiatric syndromes with heart disease, 12418
cardiac arrest, neurological & neuropsychological symptoms, 22–66 yr old patients, 5–18 mo followup, conference presentation, 20539
cardiac illness & surgery, sexual activities & satisfactions, 28–74 yr old cardiac surgery patients, implications for counseling, 12707
cardiopulmonary arrest, amnesia with hippocampal lesions, 53 yr old right handed male, 7037
cognitive impairment, patients with carotid lesions with vs without heart disease vs with generalized cerebrovascular disease with vs without heart disease, 20597
congenital heart disease vs respiratory infection mortality, deceased Down's syndrome patients, 25705
coronary heart disease, family adjustment, families of cardiac patients over 60 yrs of age, 17728
diagnosis & physician reluctance in treatment, depression, cardiac patients, 31202
evaluation of Caerphilly & Speedwell studies of ischemic heart disease, 45–59 yr old males, Wales & England, 22939
factor analysis of Beck Depression Inventory scores, 36–76 yr old male cardiac patients, 110
group intervention program & variables that discriminate between successful vs nonsuccessful quitters, male cigarette smokers at high risk of coronary heart disease, 4 yr followup, 2201
health beliefs, causal explanations of illness, heart patients, 17758
home based vs hospital emergency care for heart attack, Great Britain vs US, 2040
logotherapeutic support groups, rehabilitation of cardiac patients, 49–55 yr old males, 15063
long-term psychological consequences of congenital heart disease following corrective surgery, young adult patients, 14-yr follow-up, 18178
medical & psychiatric & social problems in evolution of psychiatric illness, physician-patient relationship & coordination of services & treatment compliance, abusive patient with heart disease & alcoholism, 25535
mepindolol sulfate, heart rate & blood pressure, males with hyperkinetic heart syndrome, 28738
mitral valve prolapse, psychiatric outpatients with panic & general anxiety & phobic disorders, 17453
music therapy, 2–16 yr olds hospitalized for cardiac catheterization, 17871
nursing care, infants with congenital heart disease receiving prostaglandin E1, 31610
pace of life & punctuality & coronary heart disease, Japan vs Taiwan vs Indonesia vs Italy vs England vs US, 17767
patterns of perceived health during 1st yr of recovery, 40–64 yr old cardiac patients, 7060
presence of thoracic pain & personal & sociocultural factors, prevalence of mental illness & depression & anxiety neurosis, outpatients with ischemic heart disease, 4531
prevalence of mitral valve prolapse, 22–65 yr old patients with unipolar vs bipolar affective disorder, 14672
psychiatric evaluation, depression & anxiety & organic mental disorders, 18–45 yr old heart transplant patients, 1669
psychological ramifications of serious heart disorders, 26–77 yr old survivors of sudden cardiac death vs patients with heart rhythm disorders, 7045
psychological traits & uses of body & forms of social relationships as factors in coronary heart disease, 31237
psychosocial factors, psychiatric morbidity, cardiac patients over 40 yrs old, 31267
psychosocial stress & cardiac mortality, implications for diagnosis & treatment, 20512
role of endorphin system reactivity & denial of ischemia in survival of coronaries, sufferers of silent coronaries, 25900
role of psychosomatic factors in coronary heart disease, literature review, 20603
sex differences in catecholamine reactions, coronary heart disease, 10018
single dose of trazodone, complete heart block, 77 yr old depressed alcoholic male, 10300
social support networks & SES, surviving & coping with heart attack, 32–60 yr old patients & their spouses, 25806
symptoms & catecholamine levels & response to isoproterenol, male vs female mitral valve prolapse patients, implications for relationship with anxiety states, conference presentation, 7019
tension as link between polarizing personality & heart attack, 10017
test-retest reliability & psychometric correlates of Bortner scale, assessment of Type A behavior, patients with chest pain & possible coronary heart disease, 24208
trazodone, cardiovascular safety, depressed cardiac patients over 18 yrs of age, 7439
Type A behavior & physiopathological stressors, onset of cardiopathy, humans vs animals, literature review, 31148
Heart Rate
abstinence for 1–6 wks vs 27 mo, cardiac vagal reflexes, alcoholic 47–62 yr olds, 28362
aerobic fitness, cardiovascular & catecholamine responses to stressors, 21–64 yr olds, 641
age & cardiac reactivity to auditory vs somatosensory vs visual stimuli & adaptive behavior, preschool age children with developmental delay vs trisomy 21 vs cerebral palsy, 14843
age differences & inescapable vs escapable aversive early training experience, heart & respiration rate & amplitude & somatic activity during classical conditioning, kittens, 30008
age differences, cardiovascular & electrodermal changes after visual & auditory stimulation, autistic vs normal vs retarded children, 4365
air vs car vs train transportation, subjective stress & heart rate & dysrhythmia & urinary catecholamines, male vs female 30–50 yr olds, 27450
anticipatory stress, heart rate & T-wave amplitude, comments on study by G. B. Penzien et al, 19563
arithmetic task difficulty & Type A personality, heart rate & systolic & diastolic blood pressure, college students, 27439
arterial pressure & autonomic regulation of heart during strenuous operator activity, 25–35 yr old males, 3319
baroreceptor role in control of classically conditioned decelerated heart rate responses, restrained rats, 19629
bilateral of dentate & interpositus cerebellar nuclei, conditioning of heart rate & nictitating membrane/eyelid responses, rabbits, 11568
bilateral skin conductance & heart rate & CSF monoamine metabolite levels & psychotic symptoms & habituation, 19–44 yr old unmedicated schizophrenic vs paranoid patients, 9614
biofeedback & voluntary control procedures, systolic blood pressure & heart rate during postural change, 18–30 yr olds, 27454
biofeedback in presence of music vs pure tone vs silence, heart rate, college students & nurses, 22062
biofeedback training of heart rate & pain expectancy & aversive cold pressor water temperature, heart rate control, 17–32 yr old college students, 26128
birth weight & gestational age & fetal heart rate, neonates classified as fetal heart rate decelerators vs accelerators, 9098
blood pressure changes induced by sodium nitriprusside vs phenylephrine, classically conditioned heart rate & blood pressure, male rats, 22163

box length & width & frequency & height & body twist in lifting vs lowering task, acceptable weight load & heart rate & oxygen consumption, male college students, 22055
cardiac & electrodermal & EEG responses to active vs passive tasks with auditory clicks, 14–16 yr old high vs low aggressive males, 27718
cerebral lateralization, heartbeat discrimination, right handed male college students, 640
change in semantic category & interpolated tones in proactive inhibition task, skin conductance & heart rate, college students, 8874
circadian rhythms in heart rate, shift vs day factory workers, 22049
classical discrimination conditioning of heart rate & respiratory-motor activity, newborn & neonatal goats, 8624
classically conditioned heart rate, anesthetized rats, 24936
clomipramine vs clorgiline, skin conductance & heart rate responses, 19–44 yr old obsessive compulsive patients, 18157
cognitive motor activity operations during keyboard task, heart rate, high- vs low-anxiety 18–55 yr olds, 644
coronary prone behavior, heart rate & blood pressure, female 18–25 yr olds, 16683
CS & commercial video game as UCS, arterial pulse & EKG initiated transit time & interbeat interval response, college students, 30127
daily activities & heart rate, 20–30 yr old Zen priests, Japan, 22071
delta-aminolaevulinic acid, nociception & CNS excitability & motor coordination & grip & blood pressure & heart rate & median effective dose for noradrenaline & acetylcholine & isoprenaline, mice & rats, 6112
development of behavioral inhibition & heart rate in unfamiliar situations, 4 yr olds, longitudinal study, 14173
different levels of aerobic fitness, heart rate & skin conductance & cognitive ability under demanding tasks, 35–45 yr olds, 11525
dynamic vs static exercise, systolic & diastolic blood pressure & interbeat interval & pulse transit times, 20–29 yr old males, 19545
electrical stimulation of anterior medial cortex cardio-control sites, regional forebrain & thalamic metabolic activity as measure of other cardioactive centers, rabbits, 24749
electrophysiologic characteristics & heart rate of spontaneous respiratory suspension during practice of Transcendental Meditation program, 21–43 yr olds, 5953
examination of sleep-wake stages through continous recording of heart rate & motor activity, poikilothermic vs homoiothermic vertebrates, 612
exercise at different times of day, circadian rhythms in heart rate, 19–22 yr old athletes, 22069
exposure to psychoemotional factors, use of EKG rest-relaxation intervals in prediction of error-free performance on tracking operation, 19–24 yr old males, 3334
eye burst vs quiescent intervals of REM sleep, heart rate, 21–51 yr olds, 29980
facial & limb muscle tension training, peak expiratory flow rate & respiration & heart rate, male 18–25 yr olds, 8859
feedback from product of interbeat interval & pulse transit time vs relaxation training vs habituation to task, product feedback & self control of cardiovascular response to exercise, 18–34 yr olds, 7374
foreperiod RT task, differential tonic effect in interbeat interval, college students, replication of previous findings, 30128
heart & breathing rates & muscle tone & eye movements & blinking, 21–61 yr old depressed patients, 4252
heart rate & eye movements & EMG during foreperiod in simple auditory RT task, 18–37 yr olds, implications for cardiac-somatic coupling hypothesis, 11523
heart rate & finger & ambient temperature & EKG & self reported anxiety, 24–62 yr olds with panic disorder, 20265
heart rate & letter cancellation speed, 19–24 yr old high- vs low-arousal situation smokers, 11626
heart rate & postural tremor response to isoprenaline injection, assessment of adrenergic beta-receptor sensitivity, 20–48 yr old male patients with essential tremor, 25939
heart rate & pupillary response to cold pressor vs ego threat, Type A vs Type B 18–24 yr old males, 6675
heart rate acceleration, belief perseverance & private self-attention & restricted cue range & relative left hemispheric activation, implications for research on persuasion, 3320
heart rate changes during sleep & induction of propranolol & atropine, healthy males with mean age of 25.6 yrs, 631
heart rate control during different sleep stages, male patients with ischemic heart disease & with mean age of 49.8, 1752
heart rate deceleration & primary bradycardia in orienting response context, college students, 6029
heart rate perception & biofeedback training, anxiety & control of heart rate, college students, 11520
heel lance vs noninvasive tactile stimulation, changes in heart rate & crying, male vs female neonates, implications for clinical assessment of pain, 22338
hemispheric specialization & emotionality, individual differences in visceral perception, 18–24 yr olds, 11490
high intensity auditory stimulation, cardiac responses, medical students & staff, 638
high intensity auditory stimulus, latency acceleration peaking of heart rate responses, normal vs alcoholic 24–56 yr olds, 12258
high vs low performance on rotor pursuit motor skills task, ability to change heart rates, male college students, 24703
human/animal bonding, blood pressure & heart rate & respiratory rate, 24–74 yr olds, 8853
hypnosis with vs without heat suggestions, rectal & skin temperature & heart rate, college students, 22068
imipramine &/vs behavior therapy, heart rate & physiological arousal, 18–65 yr old severe & chronic agoraphobics, 23114
in vivo exposure treatment, heart rate & subjective anxiety, 27–57 yr olds with acrophobia, 23257
increasing false heart rate feedback vs steady feedback, reactions to emotional visual stimuli, college students, 11519
individual differences & response styles & lead-by relationships, heart rate & behavioral ratings of social anxiety, college students, 6622
individual differences, voluntary heart rate control, male college students, 24713
intensity of white noise & interstimulus interval & attention, EEG & eyeblink & skin conductance & heart rate, male college students, 11497
intermittent pink noise during performance of complex task, blood pressure & heart rate & respiration & pulse, volunteer Ss, 13852
locus of control & biofeedback instruction vs creation of own control strategy, magnitude of voluntary acceleration vs deceleration of heart rate, adults, 633
long-term industrial noise, blood pressure & heart rate & plasma catecholamines, sub-adult male baboons, 19597
mental effort in digit span testing & incentive, phasic T-wave amplitude & heart rate, college students, 642
methodology using polygraph & microprocessor, time-series analysis of stereotyped movements & relationship of body rocking to cardiac activity, severely mentally retarded & autistic 24–54 yr olds, 9847
neonatal handling vs maternal separation, developmental changes in heart rate & behavioral reactivity & adult blood pressure regulation, spontaneously hypertensive vs normotensive rats, 24706
neutral vs heterosexual vs explicit male homosexual visual presentations, cardiac responses, male college students with high vs low homonegative attitudes, 30737
operant conditioning of blood pressure, heart rate & water intake, baboons, 13764
performance on sensorimotor tasks of varied difficulty, reaction of cardiac rhythm evoked by motor response or acoustic stimuli, college students, 3332
phasic forearm blood flow & heart rate responding prior to voluntary muscle contraction in stressful vs nonstressful RT task, male college students, 11529
physical fitness & strenuousness of exercise, cardiac awareness, male Ss, 8866
predictability vs nonpredictability of shock in presence vs absence of tone, blood pressure & heart rate & plasma levels of norepinephrine & epinephrine & corticosterone, male rats, 30172
procedures of J. Brener & J. M. Jones vs W. E. Whitehead et al, assessment of cardiac awareness, college students, 8862

psychophysiological & physiological aspects of T-wave amplitude, implications for scientific study of behavior at various levels of investigation, 27441
purposeful vs nonpurposeful physical activity, perceived exertion & heart rate, 19–37 yr old females, 3118
ratings of pleasantness of emotional slides, heart rate & skin conductance & judged facial expression intensity, male college students, 6039
recognition memory for numbers vs shapes, heart rate, 18–28 yr old males, 11526
repetition of moving visual stimulus, differential sensitization & habituation of elicited cardiac disturbance & motor response, blowflies, 6027
respiratory sinus arrhythmia, prediction of cardiac attentional responses during attention to visual stimuli, 14 & 20 wk olds, 30388
resting vs ice water immersion vs alpha biofeedback vs being touched on wrist, heart rate & EMG & skin resistance response & respiration, 18–34 yr olds, 30132
reward level & stimulus intensity & drug condition, heart rate response morphology, attention &/or learning disordered 8–11 yr old male augmenters vs reducers referred for trial on menthylphenidate, 15271
role of awareness of responses, success in biofeedback training for control of heart rate & sudomotor laterality, male college students, 8869
role of crawling experience & fear, development of visual cliff performance, infants, comments on J. Richards & N. Rader's article, 11720
routine change of shift report & communication with group vs individual nurse, blood pressure & heart rate, 21–56 yr old nurses, 11530
security of mother-infant attachment, heart rate response to stranger's presence & impending separation, mothers & their 1 yr olds, 27716
self control techniques & relaxation therapy & biofeedback, reduction of stress associated with cardiovascular arousal, 28720
self report vs heartbeat tracking vs signal detection methods, heart rate perception & detection, college students, implications for biofeedback, 29702
self reported awareness of cardiac activity, self control of heart rate, experimental replication, 649
separation from peers, agitated behavior & heart rate, 7.5–10.5 mo old nursery-reared chimpanzees, 8896
simulated heartbeat, enhancement of imagery response to color pictures, high vs low imagers, 29902
sodium lactate vs isoproterenol, skin conductance & heart rate & anxiety & finger temperature, patients with panic disorder, conference presentation, 6771
standardized psychomental stress model, hemodynamic response & plasma catecholamine, 20–55 yr old tetraplegic patients, 17744
stress, EMG & cardiac rate, extraverts vs introverts vs neurotics, 24718
stressful task, self report & heart rate responses, college students, 22063
Subjective Anxiety Scale, assessment of subjective anxiety & heart rate & peripheral vasoconstriction, college students, 16690
success & failure experiences, RT & cardiac rhythm, mentally retarded 13–15 yr old males, 28373
systematic desensitization, subjective anxiety & heart rate, 21–61 yr old agoraphobics, 12612
temporal arrangement of discriminative stimuli relative to R-wave, heartbeat discrimination, 16–35 yr olds, 8856
tonic heart rate levels & social class, antisocial behavior, 14–16 yr old males, 6259
Type A personality & percentage of soluble anagrams in task set, systolic & diastolic blood pressure & heart rate, male college students, 19556
unsignaled shock avoidance RT & cold pressor tasks, cardiovascular stress response, female college students in follicular vs luteal phase of menstrual cycles, 27443
vasopressin neuropeptides & ACTH fragments, functional state & capacity of cardiovascular & respiratory systems at rest vs during exercise & memory, human Ss, 6092
verbal instructions vs interbeat interval feedback vs feedback of product of interbeat interval & pulse transit time, control of cardiovascular activity during exercise, college students, 8864
water as UCS & light as CS, appetitive conditioning of heart rate, thirsty pigeons, 3174
work record & shift work, circadian vibrations of heart rate, 18–21 yr old construction workers, 6036
yoga, anxiety & intelligence & memory & attention & blood pressure & pulse & respiration, female college teachers, India, 30129

Heart Rate Affecting Drugs [See Also Caffeine, Epinephrine, Theophylline]
alprazolam related digoxin toxicity, 72 yr old female, 12663

Heart Surgery
adaptation to 1 wk through 36 mo old infant's heart surgery, mothers, 21001
biological functions & emotional & spiritual meanings of heart, implications for disease processes & heart transplant surgery, 28468
coronary bypass & Type A behavior & depression & anxiety, postoperative arrhythmias, male patients, 18188
coronary bypass surgery, sexual & psychological & vocational adaptation, 46–72 yr old females, 26226
duration of chronic hypoxemia, cognitive function, children with mean age of 5.8 yrs with d-transposition of great arteries & intact ventricular septum, 9983
heart valve replacement surgery, postoperative psychic behavior, patients, 12692
preoperative mental state & social adjustment & neuroticism & other factors, psychosocial outcome after coronary by-pass surgery, 34–65 yr old patients, 1-yr followup, 26228
prostacyclin vs placebo, postoperative cognitive deficits, open heart surgery patients, 4804
quality of life, 35–65 yr old male coronary artery revascularization patients at 3–5 & 6–8 mo postoperation, 7558
quality of recovery from cardiopulmonary bypass surgery & personality factors & level of postoperative vocational & psychosexual readjustment, Ss awaiting open-heart surgery, 6-mo follow-up, 2051
regional cerebral blood flow during coronary bypass surgery, cognitive performance, 47–67 yr old patients undergoing bypass grafting, 15370

Heart Transplants [See Organ Transplantation]

Heart Valves
heart valve replacement surgery, postoperative psychic behavior, patients, 12692

Heartbeat [See Heart Rate]

Heat Effects
age differences & exposure to extreme heat, lymphocytic MAO activity, 26–35 vs 65–79 yr old males, 6043
arginine-vasopressin, tolerance of hot & dry environment, 29–35 yr olds, 3401
heat & noise stress, project indication of personal space permeability, male vs female college students, 21653
heat UCS in autoshaping paradigm, rats, 16506
hypnosis with vs without heat suggestions, rectal & skin temperature & heart rate, college students, 22068
time presentation of external heat load, physiological response & perceived effort & thermal sensation during exercise, Ss with mean age of 21.4 yrs, 3355
warm & painful stimuli, event related potentials, 21–28 yr old right handed medical students, 22024
warm humid vs hot dry atmospheres & level of luminance, body temperature & heart rate & visual acuity, 19–34 yr old males, implications for heat stress in working environment, 16092

Hebephrenic Schizophrenia
low vs high dosages of sulpiride, antiautistic vs disinhibitory effects, hebephrenic patients, 12653

Hedonism
validity of hedonism construct of P. K. Burgess, assessment of propensity to commit criminal acts, college students, 14575

Heels (Anatomy) [See Feet (Anatomy)]

Height (Body) [See Body Height]

Helicopters
automatic vs hand-held navigation systems, workload & performance, US Army helicopter pilots & copilots, 21644

Help Seeking Behavior
academic vs financial vs family vs personal stressful events & preferences for sources of help, male vs female Black vs White vs Hispanic vs Asian-American college students, 32104
analysis of mindlessness in compliance with confederate request, reply to comments by V. S. Folkes, 20116
attitudes toward persistence vs help seeking in solving difficult problems, elementary school teachers vs preschool students vs kindergartners vs 1st graders, 26609
characteristics of crime & relationship to assailant, reporting of rape, female rape victims, 14840
community mental health empowerment strategies, barriers to seeking & receiving help, White Polish/German urban communities, US, 11874
community tolerance & detection, mentally ill, USSR, 6811
controllable vs uncontrollable reason for use of copying machine 1st, compliance with request & role of verbal behavior as cognitive vs automatic, criticism & partial replication of study by E. J. Langer et al, 20109
cost & lack of medical insurance & lack of childcare & difficulties in speaking English, use of health services, Hispanics, US, 7552
counselor gender preferences & presenting problems, college students using counseling center services, 10846
education & social resource availability & mental health & functional status, use of in-home care services, Ss aged 75 yrs & over, 7554
evaluation of self referral program, referral to social work services, 4th vs 5th vs 6th graders, 32166
extent of seeking & receiving help, emotionally disturbed adolescents, 9697
factors affecting participation in 1st & 2nd rounds of community-based colorectal cancer screening, 41–71 yr olds, 7539
factors affecting return for aftercare services following discharge from intermediate care facility, alcoholics with mean age of 45.5 yrs, 4-yr followup, 2206
factors of failure to follow through with initial inquiry, clients of child & family community mental health treatment center, 10398
injuries & property damage & presence of Os, summoning police to spousal violence scene, female victims, 27959
lay consultation practices related to health concerns & social support, 66–97 yr olds, 6360
letters stressing value of continuous pediatric care & lack of continuity in emergency facilities, health care visits, parents of patients with acute illness, 20996
mathematics vs reading help seeking classroom behaviors, male vs female 1st & 3rd & 5th graders in high vs average vs low ability classrooms, 15846
morbidity & vulnerability to disease & perception & evaluation of symptoms of illness, males vs females, Hong Kong, literature review, 28145
outreach methods for contacting pregnant adolescents for mental health services, implications for social workers, 2093
prevalence of requests & types of outpatient mental health services requested, Blacks vs Whites, 12769
previous experience with mental health services, utilization of school psychological services, college students, 23889
psychological aspects of illness, human females, comments on papers by G. Tang & M. Tsoi & I. Sharp, 28142
racial & ethnic differences & age & sex, reported pain & emotional distress & requests, Italian American vs Anglo American patients, 7546
satisfaction & dissatisfaction with doctors & medical care services, care seeking behavior, consumers, 7581
sex of available helper, willingness to seek & receive help, male vs female & androgynous vs sex-typed college students high vs low in self evaluation, 14522
sociodemographic & personal problem characteristics, patterns of help-seeking & illness behavior, Black 18 yr olds & older, US, 30601
systems analysis of dominant sexual ideology, seeking sexual therapy, human females, 10098
treatment requests, treatment outcomes, alcoholic outpatients, 1-yr followup, 18386
unemployment rate & self report of undesirable job & financial events, psychosomatic symptoms & help-seeking for emotional problems, Anglos, 1978–80, 14599
use of traditional social service agencies vs women's groups in help seeking, battered women with mean age of 38 yrs free of marital violence for 1 yr or more, 15410
validation of 42-item Mooney Problem Check List scale for counseling, college students who sought vs did not seek counseling, implications for student outreach programs, 10898
Helping Behavior [See Assistance (Social Behavior)]
Helplessness (Learned) [See Learned Helplessness]
Hematologic Disorders [See Blood and Lymphatic Disorders]
Hematoma
amyloid angiopathy, lobar cerebral hemorrhage, deceased patients undergoing necropsy, 25839
left frontal interhemispheric hematoma, 59 yr old right handed female with transcortical motor aphasia, 23043
mental illness, 13–86 yr old patients with subdural hematoma, 17709
neuropsychological aspects of thalamic hematomas, 61–79 yr olds, 25837
Hemianopia
moving visual scene, tilting effect, 54–71 yr olds with right vs left lateral homonymous hemianopia, 9987
unilateral neglect syndrome, bisection of lines of various lengths, comments on study by E. Bisiach et al, 12335
Hemiopia [See Hemianopia]
Hemiplegia
hemispheric dominance for speech perception, 3–12.5 yr old with congenital or infantile hemiplegia vs recently brain damaged nonaphasic adults, 9892
method for studying writing ability in both hands, agraphic aphasics with hemiplegia, 17765
operant conditioning procedure of pressure-transductor stimulation for rehabilitation of impaired limbs, 47 yr old with left hemiplegia, 1936
promotion of bilateral hand use in daily activity, children with mild hemiplegia, 2191
surgically implanted stimulator & stimulation of radial nerve, improvement of function of paretic hand, 56 yr old male with cerebral hemorrhage & right lateral hemiplegia, 31767
Hemispherectomy
chronic footshock stress & hemispherectomy with vs without thalamic lesions, adrenocortical response, pigeons, 19612
chronic low doses of morphine, behavioral response & movement patterns, intact & caudate nuclei lesioned & hemispherectomized cats, 30239
Hemispheric Specialization [See Cerebral Dominance]
Hemodialysis
attitudes toward good adjustment to chronic hemodialysis, nurses vs patients, 20988
chronic hemodialysis, psychiatric symptoms & trauma, patients, 12705
doctor-patient relationship, chronic hemodialysis patients, 12685
group therapy vs individual therapy, psychopathology, 16–59 yr old hemodialysis patients, 15109
hemodialysis, exertion of mauve factor, schizophrenics, 18185
home-infusion treatment program, self esteem & locus of control, 6–24 yr old hemophiliacs, 22993
long-term hemodialysis, sexual function disturbances, males, literature review, 2064
maintenance hemodialysis, sexual performance, male patients with advanced uremia, 25902
perception of obtrusiveness & sense of personal control, 19–68 yr old hemodialysis & continuous ambulatory peritoneal dialysis & posttransplant patients, 4845
preventive & therapeutic intervention program, depression, hemodialysis patients, 14976
psychological problems & stress, dialysis patients, 4854
psychosocial stress, patients surviving by dialysis, implications for psychological intervention in kidney units, 10354
role of family, compliance behavior, 22–72 yr old hemodialysis patients, 2061
role of psychiatrist in hemodialysis unit, 4971
social casework with home hemodialysis patients, social workers, 18273

Hemoglobin
aging & social understimulation, hemoglobin & fasting blood glucose, elderly in senior citizens apartment building, implications for institutionalized elderly, 15522
long term repeated centrifugation stress, white & red blood cell counts & hemoglobin, rats, 668
Hemophilia
advances in treatment of & coping with hemophilia & its effects on education & employment, 9968
development of teaching model by nurses, education in self care teaching techniques & coping, patients with hemophilia & their families, 31580
diagnosis & genetics & clinical manifestations & treatment of hemophilia, children, 1719
family systems approach to treatment, hemophilia, 23235
home-infusion treatment program, self esteem & locus of control, 6–24 yr old hemophiliacs, 22993
hypnosis, hemophilia, literature review, 20955
transcutaneous electrical nerve stimulation, pain relief of internal bleeding into joints, patients with hemophilia, 31604
Hemorrhage [See Also Cerebral Hemorrhage, Hematoma]
hypnosis, upper gastrointestinal hemorrhage, 51 yr old female, 23373
transcutaneous electrical nerve stimulation, pain relief of internal bleeding into joints, patients with hemophilia, 31604
Hemp (Cannabis) [See Cannabis]
Hepatic Disorders [See Liver Disorders]
Hereditary Disorders [See Genetic Disorders]
Heredity [See Genetics]
Hermaphroditism
development of male gender identity, 4 generations of male pseudohermaphrodites, with 5-alpha-reductase deficiency, implications for role of androgens, 28448
sperm sharing, freshwater pulmonate snails, 5923
testosterone, formation of male gender identity, male pseudohermaphrodites with 5-alpha-reductase deficiency, 7065
Heroin
nucleus accumbens lesions, role of mesolimbic dopamine neurons in iv heroin vs cocaine self-administration, male rats, 24775
relative reinforcement properties of buprenorphine & methadone & heroin, monkeys, conference presentation, 3486
social structure of heroin black market at Kensington Market, England, 22558
urban marketing of street heroin, 22822
ventral tegmentum priming with morphine, reinstatement of iv heroin & cocaine self administration behavior, rats, implications for activation of mesolimbic appetitive motivational systems, 9025
Heroin Addiction
acupuncture, detoxification, heroin abusers, 18 yrs old & older, 10541
alcohol consumption & abuse & liver impairment, adolescent heroin addicts on methadone maintenance, 4.5-yr longitudinal study, 14796
analysis of factors underlying successive relapse & remission time distributions, heroin addicts, implications for treatment, 15574
Box-Jenkins interrupted time series design, evaluation of effectiveness of methadone maintenance, male heroin addicts, 5674
childhood & adult life experiences, heroin addicts vs their nonaddicted brothers with median age of 39 yrs, 4320
clonidine, secretion of growth hormone & beta endorphins, 17–30 yr old heroin addicts, 31022
collaboration of methadone maintenance programs & therapeutic communities, treatment of heroin addiction, literature review, 31818
construct validity of factor analytic estimation procedure & log-linear-based capture-recapture method, estimation of prevalence of heroin abuse, 13524
criminal behavior, male heroin addicts, 4277
daily vs occasional heroin use, lifestyle, male vs female heroin users with mean age of 28 yrs, 4298
decrease in heroin & increase in cocaine as treatment method, heroin addiction, 24–42 yr old heroin addicts, 18380
defense mechanisms & background characteristics, reactance to & acceptance of labeling, Black vs White heroin addicts in treatment, 28306
demographic characteristics & etiology & criminality & treatment, Mexican American heroin addicts, literature review, 31030
effectiveness of civil commitment vs methadone maintenance, heroin addicts, implications for development of civil commitment program, 12851
ethanol & quinine levels as revealed by toxicologic analysis of postmortem blood, heroin related-death epidemic, US, 1976–1982, 22863
family therapy, adolescent heroin drug addicts, 31820
heroin & narcotic addiction, criminal behavior, 17635
heroin & other opiate use vs abuse, 18–45 yr old moderate opiate users vs 20–42 yr old compulsive users, 1530
heroin addiction as initiation rite, adolescents, 4286
high methadone maintenance dosage, chronic heroin usage during rehabilitation, heroin addicts with mean age of 33 yrs, 7730
levo-alpha-acetylmethadol maintenance, alcohol & diazepam use & sexual behavior & cardiovascular functions, males with mean age of 31 yrs, 18378
lysine acetylsalicylate, withdrawal syndrome, 18–34 yr old heroin addicts, implications for drug rehabilitation, 7749
naltrexone & behavior therapy, heroin addicts with mean age of 26 yrs, 5-yr posttreatment followup, conference presentation, 5053
naltrexone during postmethadone period, heroin addicts, 31798
neonatal & developmental behavioral characteristics, children born to heroin- & methadone-addicted females, 17651
parents as accomplices in child's addiction, parents of heroin addicts, 4301
perceptions of readiness to detoxify from & problems associated with methadone maintenance, methadone maintained females, 23611
periods of active addiction vs nonaddiction, criminal activity, male narcotic addicts, 12278
personality traits, 17–21 yr old male prisoners addicted to heroin, 14815
preference for self vs physician regulated methadone maintenance detoxification, heroin-dependent patients, 31813
rehabilitation, heroin addicts, 1-yr followup study, 5042
role of drug associated environmental cues, heroin overdose, former heroin addicts who had survived overdose, 28357
tripelennamine in conjunction with pentazocine, potentiation of antinociception, morphine-tolerant vs drug-naive mice, implications for drug abuse by heroin addicts, 6166
typology of Black female heroin addicts entering inner city methadone maintenance program, 7733
validity of hypothetical personality trait of health care & self sentiment measure & psychoticism, heroin addicts vs alcoholics, 20407
Herpes Simplex
attitudes toward acquired immune deficiency syndrome & herpes II & toxic shock syndrome, college students, 25926
coping mechanisms & blame & social support & psychological adjustment, Ss with genital herpes & mean age of 33.4 yrs, 12378
fluent aphasia, 57 yr old female with herpetic viral encephalitis, 14887
hypnotherapy, treatment of lesions & emotional symptoms of herpes simplex II, 26 & 32 yr old females, 15348
mild herpes encephalitis treated without antiviral chemotherapy, 42 & 56 yr old female & 37 yr old male, 26175
retrospective electron microscopy & immunoperoxydase study of brain tissue, herpes simplex virus encephalitis, patient with Korsakoff's syndrome & other medical patients, 25896
spot hybridization, postmortem brain analysis of DNA extracts for herpes simplex I virus, Ss with Alzheimer's disease at death & herpes-infected mice, 25936
Heterogeneity of Variance [See Variance Homogeneity]
Heterosexuality
behavioral & personality differences, 20–45 yr old homosexual vs heterosexual males vs females, 30723
characteristics of courtship preferences in personals column advertisements, male vs female homosexuals vs heterosexuals, 20048
cultural differences, sexual & nonsexual interactions, males & females, 30720
demographics & gender-related & familial & early sexual experience factors, heterosexual & homosexual & bisexual behavior & preferences, adults, 25378

estrogen injections, subsequent luteinizing hormone levels, heterosexual vs bisexual vs homosexual males, comments on article by G. Dorner et al, 25377
father-daughter incest, sex role functioning & attitudes toward heterosexual interaction, female college students, 28332
frequency of classification in sex-role categories & androgyny & psychological adjustment, 17–59 yr old homosexual males vs lesbians vs heterosexual males vs females, Ireland, 14427
Guttman scale, measurement of heterosexual behavior, 16–50 yr olds, 11143
heterosexual panic, 29 yr old White homosexual male, 6573
pedophilia, male heterosexual vs homosexual offenders, 25630
psychological status, male heterosexuals vs transvestites vs pre- vs post-operative transsexuals, 25612
sentiment & trait categories, interpersonal phenomenology in long-term dyadic relationships, female vs male partners in gay male vs lesbian vs heterosexual couples, replication of study by B. L. Alperson & W. J. Friedman, 14446
Heterozygotic Twins
assessment of cerebral ventricular volume, monozygotic vs dizygotic twin pairs, 27332
bivariate path analysis, genetic & cultural & environmental transmission of fear, mono- vs dizygotic twins & their parents, 16592
concordance for alcoholism vs depression vs criminality vs psychopathology, hospitalized alcoholic mono vs dizygotic twins & their cotwins, 16578
concordance for schizophrenia vs neuroses vs alcoholism, female vs male mono- vs dizygotic twin pairs aged 15 yrs & older, Finland, 16583
concordance for syndrome of autism, monozygotic & heterozygotic twins, 14726
concordance of developmental transformations of temperament, identical vs fraternal 12–24 mo old twins, longitudinal study, 16589
cooperation vs competition vs altruism, 5.4–13.28 monozygotic vs dizygotic twin pairs, 22396
degree of concordance for growth spurts & mental development, 3–6 mo old mono- vs dizygotic twins, 6-yr longitudinal study, 16603
early separation, personality development, mono- vs dizygotic adult twins separated before age 11 yrs, Finland, 16586
environment & genetic factors, health behavior & personality & height & weight, mono- vs dizygotic adult twins separated before age 11 yrs, Finland, 16587
environment & lifestyle & other health related psychosocial correlates, neuroticism, adult male mono-vs dizygotic twins, Finland, 16584
evolutionary viewpoint in relation to interplay of genetic programming & maturational status & environmental influence, mental development, monozygotic vs dizygotic twin pairs, longitudinal study, 9250
factor structure of Bayley's Infant Behavior Record profiles, 3–24 mo old identical vs fraternal twins, 6251
fear & restlessness & motion sickness & enuresis, 3 yr old same sex mono- vs dizygotic twin pairs, 16572
genetic & environmental variance & performance on WAIS subtests, 30–57 yr old monozygotic vs same-sex dizygotic twins, 30040
genetic aspects of temperamental differences, monozygotic & dizygotic same-sex twins at 2 & 9 mo, 6-yr followup, 6406
genetic basis of individual differences in altruism, adult mono-vs dizygotic female vs male vs opposite sex twin pairs, 16596
genetic factors, development of temperamental characteristics, same sex monozygotic vs dizygotic twin pairs studied at 2 & 9 mo of age, 9335
genetic vs environmental influences, obsessional traits & symptoms, monozygotic vs dizygotic pairs of twins, 30918
information processing abilities, adult reared-apart monozygotic & dizygotic twin pairs or triplets, 21995
mother reports of developmental differences, personality & social behavior, fraternal vs identical twins from birth to 6 yrs old, longitudinal study, 6383
performance of WISC subtests & Raven Progressive Matrices, 8–13 yr old mono-vs dizygotic twin kibbutz school children, 16591
pictorial & verbal & other visual stimuli, intrapair resemblance of EP parameters, monozygotic & same sex dizygotic adult twins, 22020
self- vs teacher-rated school adjustment, mono- vs dizygotic same vs opposite sex twins in grades 3–6, longitudinal study, 16576
syntactic & interactive language development, 3.6 yr old language impaired male & normal female heterozygous twins, 2-yr longitudinal study, 31114
twin situation vs environment, similarity for abilities, mono-vs dizygotic twins, 16601
Heuristic Modeling
fundamentals of linear structural relationships, fitting best causal model to data based on theory, 27062
heuristic model, practice principles in social casework, 18255
heuristic vs social psychological models for detection of malingering & deception, 1562
heuristics, development of decision aids used for structuring decision problems, 8359
Hexamethonium
hexamethonium, sympathetic nerve responses following interruption of baroreceptor reflex, spontaneously hypertensive vs normotensive rats, 777
hypothalamic pretreatment of atropine sulphate vs hexamethonium & intrahypothalamic injections of carbachol, hippocampal EEG & oculomotor activity & vocalization, cats, 8967
Hibernation
arousal response during artificial hypobiosis, rats vs hamsters, 16670
Hidden Figures Test
eye movement analysis system, identification of cognitive processes on figural tasks, applications to Embedded Figures Test & Hidden Figures Test, 2846
High Risk Populations [See At Risk Populations]
High Sch Personality Questionnaire
correlations between Hand Test & High School Personality Questionnaire variables, 9th–10th graders, 173
translation of High School Personality Questionnaire into local idiom, primary personality factor structure & item validity, 12–17 yr olds, Hawaii, 21748
High School Diplomas [See Educational Degrees]
High School Equivalency [See Adult Education]
High School Graduates
counseling & guidance in vocational integration, 17–22 yr old immigrant high school graduates in preparatory educational program, Israel, 15971
job clubs, job seeking skills, youth, 10921
perception of important specific skills for successful employment of entry-level employees, corporate personnel managers, implications for counseling in high schools, 13294
prediction & estimation of enrollment redistribution effects of closure of higher institutions, high school students, administrative cost implications, 2325
quality of high school education, survey of personnel officers' opinions, US, 13274
self concept, vocational choice, male vs female high school graduates, South Africa, 8168
stability of interests, high school students after graduation, 3740
unemployment vs employment vs participation in government employment training schemes, emotional stability, 11th grade school leavers, England, 32028
value images of smokers vs nonsmokers & terminal vs instrumental value systems, recent high school graduates vs junior high school students, 17050
High School Students
ability & social class & sex & achievement, grades, high school students, 23790
ability to decode printed words, reading comprehension, 9th graders, 10754
academic achievement in secondary school, alternative vs public school students, Canada, 7889
academic achievement, social status & self esteem, high school seniors, 5299
academic self concept & personal adjustment, 14–17 yr old high school students placed in work experience classes due to learning disabilities or mental retardation or behavioral or emotional problems or physical handicaps, 32144

academic/vocational directions & sociopolitical self description & attitudes & political party preference, high school students, Sweden, 27866
accelerated instruction, achievement, elementary & secondary school students, meta analysis of controlled studies, 23744
achievement in labor market orientation training program, male vs female Black 11th–12th graders, 7929
action orientation & objective stressors, perceptions of school stress & achievement anxiety, high school students, 21369
aesthetics in physical education, female vocational high school students, 10691
affect & expectancy shift, attributions for academic achievement, high school & college students, 13078
affirmative action program on sex equity, recruitment & enrollment of nontraditional students in vocational education, middle & high school students, 13183
age & sex & educational category, estimates of category width, normally achieving vs learning disabled vs emotionally disturbed vs mentally impaired, 7th–9th vs 10th–12th graders, 21419
alcohol education program, knowledge & arguments & compliance & riding with drinking drivers, 9th graders, 6-mo followup study, 15740
amount & level of course work, mathematics learning, 17 yr old students, 7967
analog tasks, analysis of difficulties in mole-concept tasks, high school students, 29273
anxiety neurosis & anthropophobia & personality traits, refusal to go to school, male junior high school & male & female senior high school students, 8036
application of linear structural equation models to compliance theory, effect of powerlessness to school involvement on juvenile delinquency, 10th graders, 2463
appropriateness of Self-Directed Search inventory, Native American Indian high school students, 5619
attitude-behavior reciprocity in relation to aggressive behavior toward teachers, high school students, 5308
attitudes toward charity to beggars, 16–21 yr old secondary school students, Senegal, 8008
attitudes toward education & lecture vs discussion methods, rating of instructors, 10th graders, 21491
attitudes toward English as second language, 17 yr old high school students, Puerto Rico, 21384
attitudes toward open education & achievement of program goals, high school seniors who participated in open-education program in grades 2–6 & their parents, followup studies, 29210
attitudes toward school & self & others & reading achievement, 10th–12th graders in alternative high school, 5287
attitudes toward schooling as instrumental vs terminal value & orientation toward life & work, students assessed at 15–16 & 18–19 yrs of age, longitudinal study, Finland, 29329
attitudes toward slow learners, high school students in peer tutoring program, 5311
attitudes toward standardized achievement tests, performance on Stanford Achievement Test, female vs male 6th–9th graders, 15813
attributions about unemployment & perceptions of useful job search strategies, male vs female middle vs working class school leavers with mean age of 16 yrs, England, 8014
attributions for expected vs actual examination outcome, secondary school students, New Zealand, 29304
attributions of effort & ability & context & luck & achievement motivation measures, prediction of high school algebra achievement, 14–18 yr olds, 13089
availability of occupational information in interest inventory, reliability & validity of computerized career decision program, high school students, 13224
behavioral instruction procedures, employment application completion & resume writing skills & building capacity for job candidacy, learning disabled high school students, 10922
Bereiter-Engelmann vs DARCEE vs Montessori vs traditional prekindergarten preschool education, academic achievement & IQ, low income Black Ss followed through 9th & 10th grades, 10728
birth order & time of measurement, academic self concept, female vs male 1st–12th graders, 13103
career education curriculum, career maturity, 9th & 11th graders, 5257
career guidance needs, Black secondary school students, South Africa, 13177
categorization strategy, retention of literary vocabulary, 10th–12th graders, 5204
Catholic school education, cognitive development & ability, high school students, 13026
choice of course work, male vs female high school students enrolled in vocational education programs, Canada, 8015
choice of study & other factors, completion vs abandonment of educational plans, secondary school students, 1- & 2-yr followup, 5307
classification of aggression in written scenarios of social episodes in school, 13–19 yr old high school students, 21382
classmates' patterns of absence, performance on standardized algebra examination, 9th graders, 7977
cognitive intervention program, problem solving skills, hearing impaired secondary students, 10815
cognitive processes in multiplication & division of fractions, 6th & 8th & 10th graders, implications for teaching objectives, 26569
college enrollment, high school seniors from public vs Catholic vs other private schools, 7852
comparison of classroom behavior, decisions on placement in least restrictive environment, handicapped vs nonhandicapped high school students, 5322
completion of "new basics" curriculum, academic performance, high school seniors, 7883
computer assisted career exploration with vs without counselor assistance, high school students, 32187
computer-based response-sensitive sequencing, concept learning, high school students, 7928
conceptual level, identification of giftedness, high school students, 13145
congruency of vocational programs & Self Directed Search codes & level of academic achievement, high school students in vocational programs, 13054
construct validity of Self Description Questionnaire III, multidimensional self concept assessment, college students & female 11th graders, 10877
construction & validation of group test of formal operational logic in content area of environmental science, 13–18 yr old science students, 21512
construction of Fear of Success Consequence scale, measurement of fear of social consequences of academic success, 7th–12th graders, 2571
contact with & knowledge & attitudes toward psychology, high school students, UK, replication of study by P. K. Smith et al, 13117
content & methods of program of group lessons & activities, cognitive planning abilities & social skills, 9–16 yr old students, 29203
cooperative learning, disruptive & nonmotivated 10th graders, 10730
cooperative vs competitive vs individualistic science laboratory interaction patterns, science achievement & acquisition of practical skills, 9th graders, 26543
correlation of affective & cognitive & moral school motivation & approaches to studying & attainment, male vs female 13–17 yr olds, Great Britain vs Hungary, 32053
counseling goal-setting involvement, conduct problems & satisfaction with counseling, high school students referred for behavioral counseling, 5358
counseling needs assessment, secondary school students, Nigeria, 23875
counselor-directed relationship enhancement training, interpersonal communication, teachers & underachieving & poorly communicating 8th–12th graders, 23912
Craig Alternative Middle/High School, academic/therapeutic multicategorical exceptional education program, high-risk students with atypical behaviors, 5337
criterion-related & predictive validity of Academic Ability Scale of Armed Forces Vocational Aptitude Battery, academic achievement prediction, Yakima Indian high school students, 29410
curriculum on discussion of nuclear arms race & other controversial issues, high school students, 7938

data from Third National Assessment of Educational Progress in Mathematics, White vs Black vs Hispanic 9 & 13 & 17 yr old students, 2440
demographic characteristics & academic achievement & motivation, mainstreamed hearing-impaired high school seniors, reanalysis of national survey, 2508
description & application & evaluation of DURABLE approach to group counseling, high school students & school psychologists, 21487
development & implementation of model secondary education followup study, high school students, literature review, 10652
development & validation of test of biology-related attitudes, high school students, Indonesia, 8131
development of academic anxiety scale, 13–16 yr olds, 5417
development of criterion-referenced test of basic writing skills, 7th & 9th & 12th graders, 13212
development of formal thought at beginning vs end of science course, high school students, Papua New Guinea, 8001
development of stereotype measure using bipolar adjectives, English vs West Indian vs Pakistani vs Indian 14 yr old secondary school students, 21775
development of Structured Learning Program, handicapped high school students overreactive in mainstream settings, 8071
dropout intervention program, dropout rates at beginning of next school yr, 9th–11th graders, 5208
economic knowledge & attitudes toward American economic system, 10th–12th graders, Hawaii, 2471
education progress, learning disabled students with mean age of 15.2 yrs who entered special program in 9th grade, followup study, 13149
effect of testing & nature of information provided, vocational maturity, 13–15 yr old high school students, 26708
effectiveness of Self-Directed Job Search Materials Package, job search skills & confidence & motivation, high school & adult students' in occupational training classes, 15942
efficacy of behavioral peer tutoring training, reading achievement, 12 yr old remedial readers tutored by 16 yr old low achievers, 23873
efficacy of computer assisted instruction & microcomputers as instructional aids, mentally retarded adults & secondary school students, 7926
elementary school grade retention or participation in junior 1st grade, attitudes toward early school experience & academic achievement, high school students, 21358
empathy, GPA level, 9th–12th graders, 2425
employment, study time & free time spent at school & class rank & knowledge of occupational tasks & dropping out, high school students, 18613
errors of overinclusion vs underinclusion, screening gifted students, 1st–11th graders, 23898
ethnic group & yr, performance on SAT, American Indian vs Black vs Mexican American vs Oriental vs Puerto Rican vs White high school students, 1976–82, 10901
ethnicity, stability of Stanford Achievement Test reading & mathematics scores, Black vs White vs Hispanic hearing impaired students, 5-yr followup study, 15989
evaluation of alcohol education curriculum, 7th–12th graders, 7893
evaluation of tutoring program using college students in elementary & junior & senior high science & mathematics & engineering courses, students & tutors & teachers, 32014
examination of efficacy of program for teaching general solution strategies, 8th–10th graders, 7932
expectancy confirmation vs egotism models, causal attributions for expected vs actual examination outcome, high school students, New Zealand, 2428
experience & verbal comprehension level, learning from 3 models of periodic table, high school students, 26570
experience of being only White member of all Black basketball team, self esteem & peer relations, male high school student, 23795
explanations for economic & social inequity, urban 13 & 21 yr old Blacks & Hispanics with histories of academic failure & students of alternative high schools & 20–64 yr old counselors of high risk youth, 10781
exposure time & dissolve time, use of lap dissolve control unit for teaching visualization of spatial transformations, 14–15 yr olds, 21333
factor analysis of Learning Styles Inventory, planning of individualized instruction, gifted 3rd–10th graders, 18692
factors affecting high school leaving, language minority students, literature review, 8039
family & career plans, male vs female 11–18 yr old gifted high school students, 29350
family consultation in school setting, secondary school students referred to educational psychologist, 15978
gender & SES, employment status, students who left postprimary school, Ireland, 23794
group boundary maintenance, mental health professionals & students in alternative high school programs, 23721
group counseling combined with English coursework, understanding personality, female high school students, 21456
group discussion work, communication, 4th yr female comprehensive school students, 13216
guide for career/college planning, 8th–12th graders & their parents, 5359
hierarchical model, intellectual development in science, elementary & secondary school students, implications for teaching methods, 29201
hierarchical model of intellectual development in science, primary & secondary science students, 2432
high school curriculum, decisionmaking approach to nuclear education, high school students, 23763
High School for Health Professions & Research Apprenticeships of Minority High School Students, career opportunities for minorities in medicine & science, 18600
high vs average vs low student performance, wait-time in developing answers vs revisions to answers in classroom solicitation, high school foreign language students, 29293
home & family life & school experiences & self concept & interests, successful Black 8th–12th graders in rural school system, 18651
homework & homework strategies, academic achievement & attitudes, elementary & secondary school students, 29287
impact of national project recommendations on biology textbook content & effect of textbook content on academic achievement, 17 yr old students, 21296
implementation of delinquency prevention research & development program, secondary teachers & students, 15727
importance of understanding concepts & principles & processes in secondary education, high school students, literature review, 32069
improvement of reading skill, writing skill, 9th & 10th graders, 26562
incorporation of Marxist-Leninist world outlook theories into basic subjects, technical high school students, Czechoslovakia, 10720
individual & home & school environmental variables, learning using achievement test scores, 10th graders, India, 26582
individual science curriculum extension projects, gifted high school students, 13166
inductive vs deductive instruction, summarization skills, low income minority high school students, 10711
instructional strategies in modified social studies curriculum, creative thinking, gifted intermediate & secondary students, 10829
instructional validity as measured by proportion of students receiving instruction in competencies measured on Alabama High School Graduation Examination, teachers of grades 7–10, 21468
integration of subjects based on facts & relation to each other & time sequence, natural sciences, high school students, Czechoslovakia, 10707
intellectual cathexis & personality functioning, school achievement, 12–15 yr old secondary school students, 15815
intensive training program, job hunting skills, culturally different secondary school students, 7902
interests in natural sciences & technology & academic achievement & vocational preferences, high school students, Sweden, 2488
interethnic contact in alternative educational environments, ethnic stereotypes, 12th graders of Western origin, Israel, 26598
intergenerational activities, nursing home residents & preschool & high school students, 31682

internal barriers & personality characteristics & career potentials, gifted & talented sophomore females, implications for career counseling, 26649
internal consistency & predictive validity of Career Information Request, observation of career information-seeking behavior, 11th graders, 5387
intrinsic vs extrinsic motivation, academic achievement, high school students, England & Wales, 8000
IQ, mechanical & technical understanding, male vs female learning disabled 7th–10th graders, implications for curriculum development, 26628
Keymath Diagnostic Arithmetic Test vs California Achievement Test, assessment of mathematics performance, learning handicapped 7th–11th graders, 2589
knowledge about & attitudes toward sexuality & sexuality research, 14–17 yr old mildly mentally retarded students, 32117
language & cultural barriers & intervention strategies, employment, Indochinese high school students, 32205
language comprehension, academic problems, secondary school students, 5268
learning style preferences, 7th & 10th grade gifted students, 26647
lesson series on death & dying, death anxiety & attitudes toward aged, high school students, 15750
locus of control & career maturity & occupational information seeking & sex, 9th graders, implications for career education programs, 13091
locus of control & family relationships & attitudes toward school & self esteem, academic success, 13 & 14 yr olds, Philippines, 2452
locus of control, occupational choice behavior, male high school students, 2461
main idea instruction, summary writing & general reading comprehension, Black & Hispanic high school students, 29247
making & breaking lies in pastoral care in modern mass schooling, high school students & teachers, 10893
mastery learning & student teams, mathematics achievement, 9th graders, 29248
matching of behavioral cues with salient standard before achievement situation, self regulatory behavior, 9th graders, 18612
mathematics achievement & self perceptions of ability, children tested at Grades 2 vs 5 vs 10, longitudinal study, 10759
mathematics participation & achievement, Black high school students, literature review, 2435
mathematics problem solving strategy, knowledge acquisition, 9th & 10th grade novice problem solvers, 29286
mental fatigue & overload in educational process & extracurricular activities, high school students, 2451
methods for estimation or approximation of standard error of measurement for various ability levels from single test administration, high school students, 21485
minimal competency concept in French short-secondary program, achievement in vocational education, students, Canada, 7942
mixed- vs ability-grouped classes, academic achievement, 4th–9th graders, Sweden, 29216
mnemonic strategy vs direct instruction, vocabulary learning, learning disabled 7th–9th graders, 18700
modification of service provision role from direct service to students to teacher consultation, school psychologists in high schools, New Zealand, 21501
motivation & attributions for school success & failure, 6th vs 7th vs 8th vs 9th vs 11th graders, 23786
multidimensional scaling, measurement of occupational attitudes & preferences, postgraduates & 9th & 11th graders, 21503
need for integration of vocational assessment & special education triennial reevaluation, facilitation of better instructional programming, secondary handicapped students, 29372
nontraditional role modeling, preference for nontraditional occupation & occupational exploration & career salience, female middle & high school students, 32008
note-taking instructions & studying, recall & recognition performance, high school students, 18602
objectives & special features of IMPACT program, gifted high school students, 10801
on & off field attitudes & involvement in interracial interactions, Black vs White male varsity high school athletes, 18667
pairing with peers with similar vs higher on-task behavior, play on cooperative games, 18–19 yr old severely retarded high school students, 5260
parallel multiple-choice vs matching tests, assessment of student knowledge & test anxiety reduction, high school students, 13222
paranormal & religious beliefs & GPA, high school vs college students, 13120
parental vs professional referrals, educational placement, kindergartners through 10th graders, 23891
parenting programs in public schools, knowledge & attitudes, pregnant students with mean age of 16.1 yrs, 5247
parents & career interests & comprehension, decisions to take technology courses, high school students, UK, 7979
participation in extra curricular activities, postsecondary aspirations & academic achievement, high school students, 2491
patterns of self concept conducive to delinquent behavior, junior & senior high school students, 25683
peer counseling training program, social interest, 11th & 12th graders, 10687
peer influence in group meetings, problem behavior, 7th–12th graders, 15936
peer ratings of social status, orthopedically handicapped mainstreamed 9th–12th graders, 15827
perceived competence & length of involvement in interscholastic sports, female vs male 12–18 yr old participants vs dropouts, 18641
perceived impact of exemplary sex education programs, high school students & alumni, 10719
perceived incompatibilities in school evaluation & authority systems, engagement in school activities, high school students, 5312
perceived interest & ability & effort in natural sciences & technology & vocational preferences, secondary school students, Sweden, 29332
perceived self efficacy, subtraction task performance, learning disabled 14 yr old male, implications for teaching methods, 23858
perceptions of truancy & court referral process, middle & high school students with unexcused absences or court referrals for truancy & school staff members, 8046
performance profiles on informal reading inventories, 1st–9th graders & adults attending Adult Basic Education, 5392
personality profiles from High School Personality Questionnaire, fine & performing arts vs intellectually gifted high school students, 21478
persuasion skill training, job interviewing skills & anxiety, 10th–12th grade job seekers, 8143
position played, prediction of game performance, high school football players, 13122
pre- vs postemployment work values, high school students vs newly hired female telephone operators & male iron workers with mean ages of 19 & 21 yrs, 8172
preparation for college admissions essay by guidance counselors or teachers, 11th–12th graders, 5375
presence of bulimia, 14–18 yr old female high school students, 17658
presentation mode & color, teaching visualization of rotation in diagrams of molecular structure, 15–16 yr old high school students, 26551
prior knowledge & abstract &/or realistic visual presentation methods, academic achievement, 10th graders, 5224
private vs public schools, academic achievement, high school seniors, 10-yr longitudinal study, 23760
procedures for phasing out token economy programs, special education students with academic & motor & social problems, 32137
profiles on High School Personality Questionnaire, discrimination of students in leadership positions, intellectually gifted high school students, 10809
psychosocial factors, academic achievement, Black rural 8th–12th graders, 29282
psychosocial vs primary prevention models of school social work practice, work study programs, high school students, 23737
ratings of teachers' domain appropriate vs inappropriate responses to student social transgressions, 3rd & 5th & 7th & 9th graders, 8026

readiness to help others in school setting & tolerance toward socially deviant & handicapped people, 10–15 yr olds & teachers, 1969 vs 1979, 29308
reasoned action & decision to drop out of high school, 10th graders, 26615
reductions in size of average academic achievement differences, White vs Black elementary & secondary school students, 26568
regard for language vs attitude of scholastic achievement, literacy, high school students, 29300
regression & school-to-school differences, mathematics achievement, 13–17 yr old Black vs White students, 1975–76, 2436
reimbursement by school district for psychotherapy, high school student, case law, 14365
relationship between school-based prevention activities & drug abusing behaviors, 9th–12th graders, 15789
relaxation training program, stress, 12th graders, 23893
reliability & validity of Mathematics Attribution Scale-Algebra, 14–18 yr old students, 5409
reliability of single rater judgments of cloze test responses, assessment of reading comprehension, 3rd & 5th & 7th & 9th & 11th graders, 23887
remedial instruction in depth cues, understanding diagrams of 3-dimensional spatial relationships, 10–17 yr olds, Nigeria & Kuwait, 13088
remediation & compensation/accommodation education, learning disabled elementary & secondary school students, 5324
responsibility for younger siblings, school grades, Black vs White 6th & 8th & 10th & 12 graders, 7992
review of Basic Achievement Skills Individual Screener, norm & criterion referenced information on mathematics & reading & spelling & writing performance, 1st–12th graders & post-high-school Ss, 18741
role of extracurricular activities, promotion of cross-race contact from high school to college, White students, 26587
role of mathematics & science instruction vs development, reasoning skill, 6th vs 8th vs 10th vs 12th graders, 7910
RT vs tachistoscopic training in identification of high- and low-frequency words, time required to read simple sentences containing trained words, elementary & high school students, 5205
satisfaction & perceptions of school environment, city vs suburban public high school students, 32083
scholastic ability & success & intelligence, 16–17 yr old students, 18624
school absenteeism, educational & occupational aspirations, male vs female high school students, Canada, 21374
school size, attitudes toward school & communication & change, elementary & secondary school students, 29307
school size, individual & society section scores on statewide test, elementary & secondary school students, 29271
"schooling" socialization process, identity & behavior & mental health, Black primary & secondary & college students, 29316
science class attitudes & image of teacher, science achievement & perceptions of science & self confidence & extracurricular activities, high school students, 23815
second language learning, high school students, Spain, 5279
secondary school influences, reading achievement & intelligence & behavior, 10 yr old students, longitudinal study, England, 8034
self appraisal, academic performance, male high school students, 3-yr longitudinal study, 15806
self confidence in regular classroom, mainstreamed 4th–10th form students, Denmark, 32135
self lesson report form, study & evaluation of teaching, high school science students & teachers, 2597
sense of academic purpose & commitment in social organization of school, 9th–12th grade college bound private school students, implications for public education, 5303
SES & bias in interschool sports programs & educational achievement/aspirations, high school students, Canada, 2399
sex & age & type of school & emotional maturity, self confidence, high school students, India, 8041
sex & ethnic status & birth order & father's absence & occupations, scores on Scholastic Aptitude Test, high school seniors, 7956
sex & general vs college preparatory curriculum & evaluation of Career Development Survey, career skills, 12th graders, 29423
sex differences & single sex vs coeducational school setting, subject preference & perception of importance, high school students, 29315
sex differences, spatial ability & mathematics achievement, 10th & 12th graders, 10761
social & personality factor, development of smoking habit, high school & college students & clerical workers, 3703
social desirability & achievement motivation & attribution of academic outcomes, female vs male high school & college students, Nigeria, 13098
social skills training, social performance & academic achievement, high school students experiencing academic difficulties, 7958
sociometric status in regular classroom, behaviorally disordered 9th–12th graders, 26665
sociopedagogical counseling program, student social isolation & social competency & teacher-student interaction, parents & teachers & students in junior & senior high schools, West Germany, 10872
stability of attitudes toward science, junior vs senior high school students, 26596
strong vs average vs weak academic achievement level, perceptions of needs, secondary school students & their parents, 23806
structural organizers, comprehension & recall of expository text, high- vs moderate- vs low-ability 9th graders, 15793
student & school characteristics, realism of occupational choice, high school students, implications for quality of work life research, 8012
study skills program designed by school counselors within English curriculum, high school students, 13035
study skills programs to aid transitional demands of higher education, 16–19 yr old high school & college students, 2415
subtest scatter on Tests of Cognitive Ability for Woodcock-Johnson Psycho-Educational Battery, 1st–12th graders, 13198
summer residential educational programs, gifted 8th–12th graders, 18716
systemic/behavioral strategies employed in behavior disorder program, public high school students, 26667
task time, achievement & learning, high school students, 21361
teacher education in generic primary prevention drug abuse program, male vs female 7th–9th graders, 5230
teacher-student match of emotional stability/neuroticism & introversion/extraversion, ratings of student interest & discipline & creativity & test taking ability & learning/reading ability, 10th graders & their teachers, 2480
teacher training & student age, effectiveness of alcohol/drug education curriculum, 7th–9th graders, 7924
teacher vagueness & use of lecture notes, comprehension & performance, high school social studies students, 29249
teacher's concerns & anxieties, student's perception of teacher characteristics, 9th–12th grade students & teachers, 32090
teachers' reasons for referral to special education services, kindergarten through 12th grade students, 15875
teaching technique encompassing relaxation & visualization & meditation & activation, health education, female 9th graders, 21306
text adaptation, reader rated interest & difficulty, low-achieving junior & high school reading students, 32007
textbook lookback training, reading comprehension & question-answering accuracy, minority low income high school vs middle school students, 18572
training model, preparation of secondary school teachers, Austria, 15702
understanding of vector concepts of position & displacement & velocity, 10th graders, 7950
use of model essays, reduction of context effects in essay scoring, college student scorers of essays by 13–14 yr old high school students, 21473
use of speech-output system, foreign language learning, 15–19 yr old secondary school students, 21290
validity & internal consistency of short form of Coopersmith Self-Esteem Inventory, assessment of general self esteem, 13.4–15.8 yr old persistent secondary school nonattenders, 21467
validity of CA & standardized algebra prognosis test & standardized scales of verbal & quantitative abilities & measure of Piagetian cognitive development, prediction of success in algebra, 9th–10th graders, 13172

validity of Clinical Evaluation of Language Functions, assessment of language development, 5–17 yr old recommended for special education classes, 8129
validity of cloze procedure as alternative to readability formulas, measurement of reading comprehension, adolescents vs young adults, 26677
validity of Lewis Counselling Inventory, identification of students in need of guidance & counseling, 4th form secondary school students, 21497
validity of Minnesota School Attitude Survey, assessment of attitudes & feelings about school experiences, 1st–12th graders, 18731
validity of WISC-R & WAIS, IQ assessment & academic achievement prediction, 12–19 yr old Native American students, 15953
values, cognitive & affective computer literacy, 11th & 12th graders in business education classes, 32085
values, 10th–12th graders, 29303
verbal-mediated modeling presented in mass vs spaced format, transfer to criterion referenced paper/pencil test of concrete-operational reasoning, educable mentally retarded & learning disabled high school students, 26664
views on educational & professional future, high school students, France, 21370
views on future parental role, further education, secondary school students in 1st 2 yrs of technical vs professional training, 18634
views on knowledge & science & ignorance, 14–23 yr old high school vs college students, 32107
vocational exploration activity, vocational self awareness, 10th vs 11th graders, 13191
vocational guidance & counseling, vocational decision making & job finding, 8th & 9th graders in general & prevocational & lower commercial schools, Austria, 32198
vocational information-seeking behavior, high school & work-study students with mean ages of 16.3 & 18.4 yrs, implications for counseling, 13223
vocational maturity & self concepts & identity, high school students, implication for guidance & counseling, 2469
vocational program, emotionally disturbed secondary school students, 8069
week-long leadership training course, gifted 9–15 yr olds, 18694
West African Examination Council vs newly developed alternative syllabus, biological science achievement & interest, high school students, Nigeria, 26533
Women Mentor Project, development of self esteem & leadership abilities & career awareness, female elementary & middle & senior high school students, 29245
writing revision program, high school seniors with learning disabilities, 23831
2nd language attrition, high school & college students, implications for programmatic research, 3093

High School Teachers

analysis of readability of science worksheets vs textbook materials, secondary school teachers, 26546
anxieties, male vs female secondary schoolteacher trainees, 31998
attitudes toward & usage of testing for instructional purposes, 3rd & 7th & 10th grade teachers, 7900
attitudes toward global education, secondary school social studies teachers, 5194
behavior characteristics & intervention methods, integration of socioaffectively maladjusted students into regular classrooms, primary & secondary school, 32119
change in instructional effectiveness generated by mastery learning strategies, responsibility for student achievement & affect toward teaching & teaching self concept, intermediate & high school teachers, 7870
development of 2 forms of instrument, assessment of perceived leadership styles of high school orchestra conductor-educators, music teachers & student ensemble members, comments on T. W. Russell's study, 2368
efficacy of inservice microcounseling program, secondary school teachers, 29137
factors affecting desirability as partner in cooperative project, elementary & secondary teachers, 21274
global vs analytic correction technique, aggregation of marking criteria, field independent vs field dependent secondary school teachers, Poland, 15918
grading standardization, secondary teachers, France, 10869
implementation of audio-tutorial biology course, attitude toward role change, high school teachers, 21282
information on time variable research & nonjudgmental feedback, academic engagement rate of target disruptive students vs nontarget peers, junior high & high school teachers, Australia, 32021
interpersonal communication skill development videotape program vs stimulus vignettes, empathy & affective sensitivity, teachers in summer school guidance program, 18551
involvement & interest & expertise in decision making issues & job satisfaction, high school teachers, 13011
making & breaking lies in pastoral care in modern mass schooling, high school students & teachers, 10893
modeling of consistency & rational thinking & genuine concern, junior & senior high school teachers, 23796
modification of service provision role from direct service to students to teacher consultation, school psychologists in high schools, New Zealand, 21501
occupational socialization patterns, male vs female head coaches of men's vs women's high school basketball teams, 15683
participation in decision making, teacher loyalty & job satisfaction & perception of authority, high school principals & teachers, 23710
personality correlates, creativity, 18–47 yr old high school teacher trainees, India, failure to replicate previous studies, 5175
personality correlates of effectiveness, secondary school teachers, India, 15711
preferences for continuing education activities, elementary & junior & senior high school teachers, 29138
preferred sociocultural backgrounds of students, high school teachers, France, 18544
psychosocial methodology, group therapy, secondary school teachers, 18737
pupil control ideology & perceived power, secondary school teachers, 21275
quality of tasks assigned, teachers of junior high & high school students, 13049
self lesson report form, study & evaluation of teaching, high school science students & teachers, 2597
sources of knowledge & effective teaching methods, teaching mainstreamed learning disabled students, secondary teachers, 23840
teacher-student match of emotional stability/neuroticism & introversion/extraversion, ratings of student interest & discipline & creativity & test taking ability & learning/reading ability, 10th graders & their teachers, 2480
teacher vagueness & use of lecture notes, comprehension & performance, high school social studies students, 29249
teacher's concerns & anxieties, student's perception of teacher characteristics, 9th–12th grade students & teachers, 32090
time spent with learning disabled students, elementary & high school teachers, 8063
use of prescribed guidelines for post hoc analysis of teacher made tests, 3rd & 7th & 10th grade teachers, 29415
work behavior, 30–42 yr old secondary school teachers, 12990
years of teaching experience, attitudes toward discipline & agreement with psychologists, elementary vs secondary school teachers, 5200

High Schools

gender segregation in high school course enrollment, female students, Canada, 32013
secondary school influences, reading achievement & intelligence & behavior, 10 yr old students, longitudinal study, England, 8034

Higher Education [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Graduate Education, Graduate Psychology Education, Medical Education, Medical Internship, Medical Residency, Postgraduate Training, Psychiatric Training, Undergraduate Education]

accrual mobility as form of job mobility through responsibility accrual, employees of institutes of higher education, 31985
career guidance in continuing & higher education institutions, UK, 32199
career guidance in higher education, conference presentation, 10863
causes of admission & retention problems in postsecondary education, Hispanic students, implications for counseling, 8024

changing roles in career guidance in higher education & use of computers in counseling, counselors, conference presentation, 29471
college attendance & moral judgment development, Ss tested 4 vs 6 yrs after high school graduation, 30387
computer-based guidance in higher education, US, 10867
empirical identification of criteria for effective affirmative action programs, affirmative action officers in higher learning institutions, 2392
expectations & evaluation of & training in career guidance in higher & continuing education, conference presentation, 29431
humor as effective teaching method in higher education, 32029
importance to higher education of dual role of teacher & clinician in private practice, psychologists, 26448
income expectations & labor market prospects, decision to enter or continue higher education, male vs female college students in various disciplines, England, 32079
institutional research function & decision making process in higher education, literature review, 15695
log models for measurement of qualitative data in higher education, 2320
multiple regression analysis, development of involvement scale & prediction of academic achievement, 206
new framework for planning & information management in higher education, 26500
perception of self actualization as major purpose of higher education, university students vs faculty vs administrators, 29107
perceptions of activity & participation in college student role, older persons auditing college courses & other older persons, 10778
prediction & estimation of enrollment redistribution effects of closure of higher institutions, high school students, administrative cost implications, 2325
racial imbalance of representation in universities & professions, Maoris people, New Zealand, 27922
sex bias in evaluations for awarding 1st class & honors degrees, male vs female college students, Great Britain, comments on E. Rudd's paper, 32048
sex differences in abilities & psychological characteristics vs sex bias, awarding of university honors degrees, males vs females, Great Britain, reply to C. Bradley's criticism, 32070
social & economic factors, participation in higher education, 1974–78, 18523
social class & religion & study destination, female vs male beginning college students, Northern Ireland, 1973 vs 1979, 12983
themes of working groups sessions on career guidance in higher education, conference presentation, 18752

Highway Safety
analgesic drugs, driving behavior & traffic safety, 30209
antidepressant drugs, driving behavior & traffic safety, 30264
antihistaminic drugs, driving behavior & traffic safety, 30301
antipsychotic drugs, driving behavior & traffic safety, US & Sweden, 30252
British Road Safety Act of 1967, drunk driving & highway casualities, Great Britain, reply to comments by J. Cohen, 6551
British Road Safety Act of 1967, highway casualties & drunk driving, Great Britain, 6550
California driving-under-the-influence law of 1981, alcohol related accidents in 1982, drunk drivers, 31018
deterrence of alcohol-impaired driving, US vs Scandinavia, 8158
driving behavior & history & traffic conflicts, probability of accident, 32217
errors of self estimates of blood alcohol context, road safety, social drinkers, 30744
evaluation of safety of flashing amber signal for all directions at off-peak hrs at urban intersection, 23934
film portrayal of graphic documentary scenes of automobile accident victims & autopsy, emotional & motivational states & motor skills, college students, 21524
human factors in traffic safety, literature review, 13237
mandatory car passenger restraint law, number of injuries, children, US, 1978–83, 22537
mandatory seat belt use laws, seat belt use & fatality & injury rates, drivers, Canada, 21532
marihuana usage, driving behavior & traffic safety, literature review, 30273
operator probation violator hearing formats, traffic safety, 1166
perceived driving ability & social norms & other factors, seat belt usage, college students, Sweden vs US, 32220
prompting & feedback & enforcement, increasing yielding & signaling, drivers & pedestrians, 29490
recidivism-level-specific licensing actions, subsequent driving under influence, 1st vs 2nd vs 3rd drunk driving offenders, 20041
risk homeostasis theory, automotive safety, 24040
safety measures, highway accidents & fatalities, 32219
selective traffic enforcement programs, seat belt use & motor vehicle accident casualties, drivers, Canada, 23929
special traffic problems & needs, drivers & pedestrians aged 55 & over, implications for driver education, 21541
survey of factors in child safety restraint use, 20–51 yr olds, 32210

Hinduism
analysis of Thaipusam ritual trances & ceremonial possession & self mortification practices within psychoanthropological framework, Hindus, Malaysia, 17154
authoritarianism, rural vs urban 14–20 yr old Hindi, India, 6401
indigenous feminism, Brahma Kumari sect, India, 1170
maternal behavior, 20–40 yr old Hindu vs Sikh mothers & their 4.5–5.5 yr olds, India, 30639
perceptions of affiliation & aggression needs of Hindus & Muslims, Muslims vs Hindu college students, India, 14258
psychosocial factors, Sati or widow burning as sacrificial suicide, India, 1535
religion & age & sex, death anxiety, Indian high school & university students, South Africa, 16878
religious affiliation of target, altruism regarding academic grades vs salary, Hindu vs Muslim vs Christian female college students, India, 30797
religious orientations & adjustment patterns, Hindi vs Muslim 14–18 yr old males, India, 6399
techniques of sound meditation, yogic Hinduism vs Mahayana Buddhism, 11903
transcendental meditation & testability of Vedic psychology of Bhagavad-Gita, 14250

Hippies [See Subculture (Anthropological)]

Hippocampal Commissure [See Fornix]

Hippocampus
ACTH & alpha-melanocyte stimulating hormone, performance on operant task, pigeons with bilateral lesions of hippocampus, 30161
adrenalectomy, circadian rhythm of long term potentiation of hippocampal granule cells, rats, 19622
afferent stimuli & phase relationships with phasic events, hippocampal theta rhythm during paradoxical sleep, rats & cats, 30173
age differences & ORG 2766 active analog of ACTH, spatial learning & hippocampal corticosterone receptor system, 6 mo vs 26 mo old male rats, 19721
age, spatial memory & speed of hippocampal kindling, 22005
amygdalo-hippocampal lesions & 24-hr intertrial intervals, object discrimination learning, rhesus monkeys, 22119
amysyl application to hippocampus, delayed spatial choice & differentiation of time intervals, rhesus monkeys, 3293
analysis of neuronal mechanisms of conditioned reflex switching in hippocampus, rabbits, 601
anisomycin, induction & maintenance of long term potentiation of synaptic transmission in dentate gyrus, male rats, 19693
behavioral effects of hippocampal lesions, rats, literature review, 6072
behavioral learning tasks, uptake of radioactive choline into acetylcholinergic neurons of nucleus basalis magnocellularis vs medial septal area, male rats, 24691
bilateral hippocampal lesions, acquisition of & performance on no-delay vs delayed pair comparison recognition task, pigeons, 709
bilateral hippocampal vs cortical lesions & context, discrimination learning & retention & reversal learning, male rats, 715
bilateral hippocampal vs neocortical lesions, acquisition & retention of CR based on simple associations vs conditional vs nonconditional discrimination, male rats, 3388
bilateral hippocampectomy, topography of conditioned nictitating membrane responses, rabbits, 27525
bilateral lesions of hippocampus & amygdala, performance on memory-delayed retention tasks, monkeys, 27543

carbachol & glutamate antagonists & GABA injections into hippocampal-accumbens-subpallidal areas, locomotor activity, male rats, 24893
cardiopulmonary arrest, amnesia with hippocampal lesions, 53 yr old right handed male, 7037
centrally active drugs & evoked potentials, hippocampal EEG, freely moving rats, 30262
chronic lithium, electrophysiological activity in hippocampus, male rats, 16734
chronic stimulating electrode in granule cell layer of dorsal dentate gyrus, electrical self-stimulation, rats, 24750
classical conditioning with rewarding brain stimulation, neural activity in dentate & hippocampus & septum & medial forebrain bundle, male rats, 3278
cortical & hippocampal EEG activity, cerveau isole vs pretrigeminal rats, 24694
decortication with vs without hippocampectomy, place learning vs cue learning in navigation, rats, 714
dopamine, long-lasting modification of population responses & cell membrane properties of hippocampal CA1 pyramidal cells, rats, 563
dorsal hippocampal lesion, thresholds for ventral tegmental area self stimulation reward, rats, 27488
dorsal hippocampal lesions, reference & working memory, male rats, 27523
dorsal hippocampal stimulation with single vs trains of pulses, activity of subicular neurons, anesthetized cats, implications for memory process, 30171
dorsal noradrenergic bundle destruction, spontaneous alternation & response to stimulus change in T-maze & low & high stress field tests, male rats, implications for anxiolytic drug mechanisms, 24771
DSP-4 & parachlorophenylalanine & haloperidol, noradrenaline & serotonin & dopamine depletion & hippocampal rhythmic slow activity & exploratory behavior, male rabbits, 8956
electrical stimulation of dorsal dentate gyrus granule cells & naloxone, selective impairment of spatial memory processes, male rats, 24731
electrical stimulation of hippocampal perforant path, shaking behavior, rats, 19604
electrical stimulation of hippocampus, passive avoidance learning, male rats, 13861
electrical stimulation of ventral subiculum of hippocampus & mesolimbic dopamine pathway, signals reaching nucleus accumbens, male rats, 27508
electrolytic vs 6-hydroxydopamine hippocampal lesions vs electrolytic cortical lesions, schedule-induced drinking & plasma corticosterone levels, rats, 8924
electrophysiological properties of opioid peptide morphiceptin in hippocampal slice, rats, 24629
eserine & sodium pentobarbital & phencyclidine, theta phase shift of hippocampal CA1 region, freely moving rats, 27612
estradiol benzoate vs testosterone propionate vs delta-9-tetrahydrocannabinol, organization or activational hormone mechanism in hippocampal sexual dimorphism, castrated male rats, 27585
eye movements & body acceleration, hippocampal EEG, cats, 13789
fimbria-fornix lesions, cognitive mapping vs spatial working memory, male rats, evaluation of 2 theories of hippocampal function, 3394
fimbrial vs cortical lesions, sensory preconditioning, rabbits, implications for role of hippocampus, 13871
firing repertoires of hippocampal theta cells during voluntary vs automatic motor behaviors & alert immobility, rabbits, 8754
fornix transection, associative memory & learned action & role of hippocampus, cynomolgus & rhesus monkeys, 19625
functional integration of rat septum & hippocampus xenotransplanted into brain, rabbits, 27472
growth patterns of dentate gyrus & hippocampus, precocial murids, 24632
high arousal stimuli, immobility & hippocampal type 2 theta & generalized sensory sensitivity, male guinea pigs, 24678
high magnesium diet, hippocampal frequency potentiation & reversal learning, 25 vs 9 mo old rats, 27607
hippocampal & septal lesions, negative transfer, rats, 27533
hippocampal EEG recordings during REM sleep vs active waking behaviors, time changes in theta power & frequency & coherence & phase, rats, 30078
hippocampal electrical stimulation & training to drink water on VI reinforcement schedule, EEG sharp waves during drinking, male rats, implications for long term neuronal excitability changes, 8900
hippocampal function & psychological processes, literature review, 30102
hippocampal lesions, acquisition of matching-to-sample behavior, rhesus macaques, 699
hippocampal lesions, patterned alternation & partial reinforcement extinction, infant vs adult rats, 27524
hippocampal stimulation, acquisition & performance of food-reinforced learning, male rats, 19600
hippocampal stimulation, retention & extinction of 1-way active avoidance responses, male cats, 16714
hippocampal theta-driving septal stimulation, proactive behavioral effects on conditioned suppression & punishment, rats, 27498
hippocampal uptake of norepinephrine, maze acquisition & performance, spontaneously hypertensive vs normotensive 6 mo old rats, 19487
hippocampectomy, overshadowing & blocking, male rats, 11564
hippocampus & caudate lesions, radial arm maze performance, male rats, 11571
in utero ethanol exposure, hippocampal mossy fiber development, rats, 19735
interstimulus interval, trace conditioning of nictitating membrane,, 717
intrahippocampal ibotenic acid injection, EEG changes & seizures & stereotypic behavioral activity & reversal by levo-2-amino-7-phosphonoheptanoic acid, rats, implications for epilepsy, 719
intrahippocampal septal grafts, spatial learning ability, aged rats, 16723
investigatory sniffing & rhythmic slow wave activity in dorsal hippocampal formation, 3 vs 18 vs 30 vs 36 mo old rats, 13796
kainic acid injections into pyramidal sections of hippocampus, electrophysiological & behavioral & neuroanatomical changes & functional recovery, male rats, 24764
kindling of nucleus accumbens vs amygdala vs dorsal hippocampus areas, spontaneous & amphetamine-induced interictal & postictal locomotor behavior, male rats, 30167
lesions of main connections of hippocampus & related areas, place vs cue learning & working vs reference memory, male rats, 27519
lesions of nucleus basalis magnocellularis, spatial memory task performance & role of acetylcholine, male rats, implications for Alzheimer's disease, 22124
light conditions & perforant path stimulation, circadian rhythms in hippocampal responsiveness, male rats, 30166
LSD, behavior & electrical activity of dorsal hippocampus neurons, rabbits, 13913
mecamylamine injections into posteroventral hippocampo-entorhinal area, passive avoidance learning, 11–20 day old rats, 3412
mefenamic acid, bioelectric activity in cerebral cortex & hippocampus & mesencephalic reticular formation, cats, 22211
midline division of optic chiasm & corpus callosum & anterio & hippocampal commissures, viewing time & facial expressions during videotape recordings, rhesus monkeys, 19632
modification of hippocampal circuitry with levothyroxine at birth through 17th day, avoidance learning, rats, 13891
mossy fiber terminal distribution in hippocampus, rats selected for high vs low avoidance scores & excitability thresholds, 5955
muscimol injections into medial septal nucleus, hippocampal theta rhythm & acetylcholine utilization, male rats, 27548
naloxone hydrocholoride & butorphanol tartrate, opiate-induced feeding, rats with vs without hippocampal lesions, 19679
need-informational theory of emotions, role of frontal neocortex & hippocampus & amygdala & hypothalamus in genesis of emotional states & behavioral organization, rats, 6004
neocortical & hippocampal lesions, detour problem solving behavior, rats, 22128
neuropsychology & role of hippocampus in anxiety, comments on article by J. A. Gray, 30103
neuropsychology of anxiety, reply to comments by R. K. Pitman & N. A. Schmajuk & P. Willner, 30069

neurotoxin AF64A injections into lateral cerebral ventricles, passive avoidance & radial arm maze deficits & depletion of acetylcholine in cortex & hippocampus, male rats, 24962
noradrenaline depletion, long term potentiation at hippocampal dentate synapses, male rats, 30098
noradrenaline, electrical self stimulation of hypothalamus & hippocampal response, 24796
norepinephrine neurotoxins DSPR, norepinephrine depletion in hippocampus vs cortex vs locus ceruleus vs hypothalamus & escape disturbances engendered by inescapable shock, male mice, 6091
normal synaptic density & axonal sprouting & reinnervation of dentate gyrus following lesioning, male rats at 6 vs 12 vs 18 vs 24 mo of age, 8810
omega-phosphono-alpha-carboxylic acids as antagonist, N-methyl-dextro-aspartate depolarization & long term potentiation in hippocampus, male rats, 27594
patterns of discharge by hippocampal neurons during delayed-response task, monkeys, implications for working-memory hypothesis of hippocampal function, 30111
perforant path stimulation during classical conditioning of nictitating membrane response, responsivity of dentate gyrus granule cells, rabbits, 13817
phenylacetate, numbers of apica dendritic spines on hippocampal CA1 pyramidal cells, 2–21 day old rats, 30260
prefrontal cortex lesions with vs without lesions of anterior thalamus & mamillary bodies & subiculum, acquisition of visual-reversal & delayed alteration & active avoidance tasks, cats, 22114
relations of biopotentials of hippocampus & amygdala & neocortex during instrumental alimentary behavior or brain self stimulation, dogs, 21996
REM sleep, electrical activity of basolateral amygdala & cingulate gyrus & dorsal hippocampus & thalamic nucleus & sensory motor cortex, cats, 19442
role of septo-hippocampal system in neuropsychology of anxiety, comments on article by J. A. Gray, 30094
septal cholinergic & entorhinal glutaminergic inputs to hippocampus, modulation of hippocampal rhythmical slow activity during exposure to novel stimuli, rabbits, 27348
septo-hippocampal lesions, role of response strategy changes on spatial working memory deficits, male rats, 8921
stimulation of dorsal hippocampus with carbachol & dioxolane vs electricity, head-eye-body turning, cats, 19707
stimulus novelty & environments related to attention & emotionality, behavioral & hippocampal electrical activity, rabbits, 30060
tactile vs auditory vs visual stimulation & atropine vs pentobarbital, activation vs habituation of EEG in hippocampus & neocortex, male rabbits, 3306
time between learning & test in short term memory task, EEG activity of dorsal hippocampus, cats, 8833
transection of classical & commissural pathways, visual EPs in hippocampus, cats, 11563
trimethyltin dose, response rate during DRL & role of hippocampal neurotoxic effects, male rats, 22195
trimethyltin, recurrent inhibition using electrical stimulation of perforant path, rats, 27582
ultrasonic vocalization during copulatory behavior & correlation with hippocampal & cortical electrophysiological activity, male rats, 27383
unilateral intrahippocampal injections of ACTH & dextro-Ala 2-Met-enkephalinamide, spreading depression & EEG & DC potentials & locomotor activity & grooming, male rats, 16788

Hips
EMG biofeedback vs relaxation treatment, flexibility of hip joint & sprinting performance, 13–21 yr old sprinters, 31447

Hiring [See Personnel Selection]

Hispanics [See Also Mexican Americans]
academic vs financial vs family vs personal stressful events & preferences for sources of help, male vs female Black vs White vs Hispanic vs Asian-American college students, 32104

design criteria, passive solar vs woodburning households, implications for accommodation of household & individual behavior, 26831
development of classification scheme for family lifestyles, families with slow-learning child in educable mentally retarded program, 4369
early malnutrition, social behavior in home environment, school age children, Barbados, 28431
effectiveness of psychotherapy in home or other chosen environment, clients, 31406
ethnic origin & gender & home environment, academic achievement, Black vs White preschool age children, UK, 32047
evaluation of instructional program for teachers & staff to increase manual sign use of students in classroom vs ward environment, teacher & residential staff & severely/profoundly mentally retarded 11.6–14.3 yr olds, 29353
evolutionary viewpoint in relation to interplay of genetic programming & maturational status & environmental influence, mental development, monozygotic vs dizygotic twin pairs, longitudinal study, 9250
extreme deprivation in early childhood, cognitive & emotional & social development & prognosis, children, literature review, 6721
extreme social & emotional deprivation, social & emotional development, daughters of mentally retarded & microcephalic & mentally disordered mother, 6978
factors affecting lack of suitable funding for home purchase or renovations, elderly, implications for mortgage policy, 28857
factors in decision to return to batterer vs live apart, 20–49 yr old females leaving battered women's shelter, 20397
factors in preference to die at home vs in hospital, community residents aged 18 yrs & older, 14594
false beliefs & issues in home-based education, England, 29113
family background vs collective educational environment, creativity, preschool students raised at home vs in day care centers, 25208
family behavior & home discipline & marital relations of parents & parental rejection, 4th & 7th & 10th grade males who fight at home &/or school, treatment & prevention implications, 3720
family environment, drug use, adolescents, literature review, 14162
family problems & parental interaction, delinquency behavior, female 8th–12th graders, 6949
food preferences, dogs housed in testing kennels vs consumers' homes, 13742
forced residential relocation, health, 50–90 yr old urban hotel dwellers, 25810
genetic & environmental variance & performance on WAIS subtests, 30–57 yr old monozygotic vs same-sex dizygotic twins, 30040
home- vs school-based speech stimulation programs, speech development, 3–4 yr olds, 22327
home & landscape characteristics, prediction of scenic beauty judgments, college students, 13368
home environment & childrearing practices & perceptions of infant's temperament, single mothers vs 2-parent families of high risk & developmentally disabled infants, 9390
home environment & self concept & academic achievement, 14–15 yr olds, South Korea, test of 4 structural equation models, 15818
home environment in single- vs 2-parent Black family & mother's educational level, IQ, 3 yr olds, longitudinal study, 25078
home environment, sensorimotor development, 6.5–24 mo old nonretarded vs Down's syndrome infants, 4374
home environments, non-organic failure-to-thrive infants from low-SES backgrounds aged 12 wk & older, 12101
home life & parent child relations & personality traits, runaway females with mean age of 16 yrs, India, 6947
home vs preschool environment, social interaction, 3 & 4 yr olds, 14168
household crowding & loneliness, suicide ideation, urban residents with mean age of 31.3 yrs, 25691
individual & home & school environmental variables, learning using achievement test scores, 10th graders, India, 26582
infant functioning & parental personality & home environment, difficult temperament in infancy & later behavioral problems, adopted vs nonadopted infants studied at 12 & 24 mo, 9270
intercorrelation of factors associated with problem drinking, 22817
intermittent reinforcement, generalization & maintenance of language response to trainers at school & mothers at home, developmentally disabled 3–5 yr olds, 18049
Kierkegaardian synthesis of phenomenology & symbolism of leaving home, 18921
language use in school vs home & function of schooling in social stratification, children in lower- vs middle-class families & ethnic minority groups, 18519
level of retardation & living environment & race, excessive body weight, male vs female mentally retarded 18–74 yr olds, 31081
life cycle events & change in household composition, community residents with mean age of 72 yrs, longitudinal study, 6485
major residential fire, acute & chronic phases of stress, family, 20190
marital status & living arrangements, well-being, community residents aged 65 yrs & older, 19900
mother child interaction & home environment & demographic variables & maternal attitudes, development of causal models for classroom & achievement test performance, Mexican American 7–9 yr olds, 27789
need structures, retired persons living in retirement homes vs with family members, 6350
noise, sleep in laboratory vs home, 20–58 yr olds, 13826
nonshared within-family environmental variation, IQ, children, 30452
parent child relations & home educational environment, academic achievement, children, literature review, 27797
parent-child relations & home environment, developmentally delayed children, 4112
parental affective style & treatment with behavioral family therapy vs individual psychotherapy, social functioning, schizophrenics with mean age of 25.6 yrs, 15112
parental childrearing practices & parent child relations & family environment, children of alcoholic parents, 6952
parental intelligence & home environment, rate of communicative development, infants, comparison with adoption study, 16872
parental vs adolescent rating of separation indicators, difficulty in leaving home, college students, 30524
perceived control, Ss over 68 yrs of age living in health care facility vs with family members vs in own homes, 3753
perception of family environment, 11–19 yr old children of alcoholic parents, 28348

perinatal stress & family environment, mental disorders & learning disabilities, multiracial children tested at 2 vs 10 vs 18 yrs, Hawaii, longitudinal studies, 28149
perinatal stress & quality of family environment, minimal brain dysfunction & childhood mental health problems & learning disabilities, children followed from prenatal period to age 18 yrs, longitudinal study, 6727
personality & behavior & family environment, Black vs White 6–10 yr olds, 17045
personality characteristics & life circumstances & psychodynamics, suicidal children, literature review, 25662
phenomenological exploration of transition, 13451
phobic family rituals, disruptive classroom behavior, adolescent, 4339
physical design & service environment, social & activity behavior, elderly in public housing, 29573
predictive efficiency of Home Observation for Measurement of Environment, Black infants at risk for developmental retardation assessed at 6 & 18 mo of age, 4358
psychomotor vs cognitive vs linguistic development & family environment, reading & writing readiness, 4 vs 5 vs 6 vs 7 yr olds from city vs small town vs village, 19799
psychosocial atmosphere & political interest in home, deviation from parents' political ideology, male vs female high school students, Sweden, 25184
race & knowledge of child development & home environment, parenting & childrearing practices, Black & White & Hispanic teenage mothers, 14174
recall of childhood home environment, alcoholic & depressed patients vs their siblings, 17419
reliability & validity, Home Environment Questionnaire for 1- vs 2-parent families, families of 4th–6th graders, 5652
residence at home vs institution, body weight, birth to 18 yr olds with trisomy 21, 14915
sibling & parental relationships & attitudes toward home/family delinquent behavior, delinquent males, 25686
skills training within own staffed apartment vs adult center, community living skills, moderately retarded Ss with mean age of 31 yrs, 12846
teacher-parent interaction, linkages between preschool handicap classrooms & homes, 15867
uses & importance of attics & cellars as hidden spaces, rural & urban dwellers, France, 32340
vulnerability & at-risk conditions & parent child relations, emotional development & mental health, infants, 9136
work & nonwork aspects of working at home with computers, 24020

Home Reared Mentally Retarded
factors in continued institutionalization vs community placement vs family living, mentally retarded Ss age 22 yrs or younger, 9858

Home Visiting Programs
agency-based treatment vs less comprehensive home-visiting program in Thresholds Mothers' Project, parenting abilities & child development, mothers who experienced psychiatric hospitalization during their children's early yrs, 21033
assistance provided to elderly after termination of chore services, primary family caregivers whose relatives are receiving vs not receiving in home service, 26345
demographic & functional characteristics, 65–97 yr olds discharged to home health care vs nursing homes following hospitalization, 18219
effectiveness evaluation of friendly visitor programs, increase in life satisfaction, isolated community elderly, 18214
evaluation of home-based early learning project for dissemination of ideas on child care & development, parents of young children, 13050
expansion of social work services in hospital based home care programs, 18306
family factors interfering with prenatal & postpartum nurse home visitation program, 17–18 yr old mothers with at risk children, 18229
geropsychiatric outreach team, assessments of medical & psychological & social functioning, 60–94 yr olds at home, 15397
home advisory service, mental development, Down's syndrome children during 1st yrs of life, 10422
home care vs hospitalization in psychiatric clinic, 27 yr old chronically ill female with asthenic-cenostropathic syndrome, Italy, 31589
home visits, crisis situation, male 27 yr old undergoing psychotic crisis, 10421
in-home health services, sustenance in community, frail elderly, implications for education of health care providers, 18215
in-home services & legal issues & health services & funding & community facilities & services as salient issues, senior citizens, implications for political mobilization, 14417
multidisciplinary team approach, short term respite care & framework for research & evaluation, families & their mentally handicapped children, 10377
need for early identification & services & home-based intervention programs, visually handicapped infants, 29377
outpatient home treatment & family therapy, 27 yr old female patient with chronic psychosis, implications for psychiatric social casework, Italy, 31573
retrospective analysis of home care hospice program, 48–88 yr old patients, 7520
social support, use vs nonuse of home care services, elderly, 31619
team approach to home therapy in cognitive rehabilitation, head trauma outpatients, 28968
time limited goal focused parent aide service, parenting skills & emotional adjustment & other factors, 27-yr-old single mother, 12788

Homemaking [See Household Management]

Homeostasis
concordance among verbal & behavioral & physiological systems & awareness of internal cues in dysfunction, literature review, 1329
disorders in central & peripheral regulatory processes, development of depression, 4250
electrolytic vs radiofrequency lesions of ventromedial hypothalamic area & food restriction, weight gain & set-point increase, female rats, 27518
homeostatic control of hypothalamus, ingestive behavior, 22050
need for sleep, neuronal firing patterns in barpressing, cats, 573
neurochemical psychiatry as source for hypotheses concerning role of homeostatic mechanisms in brain function, implications for development of therapeutic drugs, 24676
partial trigeminal lesions of oral somatosensory afferents & total food deprivation vs intragastric protein or carbohydrate supplementation, dietary self selection of protein vs carbohydrate, male rats, 8917
partial trigeminal lesions of oral somatosensory afferents, ad libitum dietary protein intake impairment, male rats, 8916
physiological effects of endorphins, 11510
physiological mechanisms, drinking elicited by eating, literature review, 3312
potassium homeostasis & membrane potential of sensory neurons in CNS, leeches, 8823
thermal lesions & neuropsychiatric disorders & body responsiveness, literature review, 4467

Homicide [See Also Infanticide]
abuse in childhood as cause of homicidal adult, psychoanalytic interpretation of F. R. Schreiber's "The Shoemaker", 9067
alcohol blackout & homicide, Alaskan Natives, followup study, 1580
aspects of inner-species destruction, psychiatric patients & mentally retarded children, Nazi Germany, 1939–41, 13469
attitudes toward theft & murder & appropriate means of punishment, adolescents, Senegal, 3575

capital punishment, homicide rate, 1977–81, US, implications for deterrent hypothesis, 9437
case accounts of victim provocation, legal responsibility & years of imprisonment for homicide attributed to offender, college students, 14517
changes in patterns of criminal homicide behavior, 1950–80, Japan, 12283
city & police department characteristics, murder rates, police officers, 1970-78, US, 6923
counseling problems & issues & techniques, school class that witnessed murders of 6 classmates, 31655
death penalty, homicide rate, implications for deterrent hypothesis, 9427

definition & theory of serial murder, 9764
deterrence effect of execution, 1st-degree murders & homicides, 1915–21, 9428
development & cross validation of MMPI typology, male accused vs convicted murderers with no mental disorder vs alcoholism vs antisocial personality vs paranoid schizophrenia vs mental retardation, 27015
displaced sexuality & test of masculinity in terms of aggressive behavior which leads to murder, analysis of Shakespeare's "Macbeth", 6209
dynamics of domestic homicide illustrated by forensic interviews, male in dissociative state & 15 yr old female with feelings of depression & helplessness, 14767
emotional development & motivations for matricide, 21–63 yr old males with schizophrenia & substance-induced psychosis & impulse disorder, 17596
epidemiologic characteristics of homicide-followed-by-suicide events in Los Angeles, 1970–79, longitudinal study & comparison with findings of D. J. West's study, 4276
executions & death penalty, homicides, 1933–80, US, 14396
homicide & suicide rates, Cherokee & Lumbee Indians in North Carolina, 1534
importance of Rorschach content in work with psychopaths & psychotics, discussion of teenage sex murderer in "The Fifty-Minute Hour" by R. M. Lindner, 10135
income inequality, rates of homicide & property crime, test of R. K. Merton's anomie theory, 1571
inequality poverty, homicide, US, review of studies by S. F. Messner & J. R. Blau & P. M. Blau, 6956
judgment criteria in legal testimony for homicide, adolescent psychiatrists, 11948
legitimate vs nonlegitimate self defense in homicide cases involving breaking & entering, 19934
liability & immunity issues in failure to warn public about patient who later kills 3rd party, state or state agent or private mental health center, case law, 6522
loss of relative through homicide, bereavement & cognitive & behavioral & affective reactions, 30–61 yr olds, 9713
mass media broadcasting of punished vs rewarded violence, homicide rate, US, 13928
mens rea & partial responsibility variants of diminished capacity doctrine, mother who drowned 6 yr old son in bathtub, 17220
number of homicides committed, mentally ill, 22791
preschool mental health intervention following murder of mother & child in community, grief & anxiety & fear, preschoolers & their parents & teachers, 32167
presidential elections, suicide & accident & homicide rates, comments on report by M. Boor, 30711
presidential elections, suicide & accident & unemployment rates, reply to comments by I. M. Wasserman, 30656
psychiatric diagnostic label use & judicial decisions described in 19th century articles published in "American Journal of Insanity" on murder & insanity, 14819
psychiatric evaluation, filicidal vs abusive mothers, 28326
psychodynamics, domestic homicide, college student & 24 yr old housewife, 31019
psychological & political perspective, homicide victimization, Blacks, conference presentation, 9797
racial aspects of homicides, discretion in request of death penalty, prosecutor, 27976
relations between perpetrators & victims of homicide, East Germany, 4351
risk factors, suicide & homicide & accidental death, 13–15 yr old delinquents who died violently, 4323
role of violence & application of epidemiologic techniques used by Centers for Disease Control to study problems of child abuse & homicide & suicide, 17620
rurality, homicide rate, 28367
schizophrenia & incomplete acculturation, matricide, Muslim males in rural environment, Morocco, 6701
serum cholesterol levels, violent behavior under alcohol intoxication, 20–50 yr old male homicidal offenders, Finland, 4268
societal development, homicide, criticism of S. F. Messner's study, 28302
societal development, homicide, reply to C. R. Chandler's criticism, 28338
underlying conflicts & psychodynamics of murder, offenders acquitted by reason of insanity, 6895
viability of defense in battered wife syndrome, females who murder their husbands, 22497
witnessing homicide of parent & legal testimony, children, 3936

Homographs
presentation intervals between homographs & context words, recognition memory of homographs, 11369

Homonyms
presentation of homophones vs homonyms, decision time, college students, 3068

Homophobia [See Homosexuality (Attitudes Toward)]

Homosexual Liberation Movement
early plan for homosexual organization, translation of letters by E. F. Elmhurst & M. Hirschfield & H. Benjamin, 30726

Homosexuality [See Also Bisexuality, Lesbianism, Male Homosexuality]
attitudes toward & development of & treatments for homosexuality, literature review, 22553
attitudes toward sex & sexual aggression in federal prisons, male prisoners, 28960
behavioral & personality differences, 20–45 yr old homosexual vs heterosexual males vs females, 30723
biological research on homosexuality, 21819
characteristics of courtship preferences in personals column advertisements, male vs female homosexuals vs heterosexuals, 20048
classification of homosexuality & sexual disorders in DSM III, 22658

development of homosexual identity, 6386
developmental differences, homosexuality, male vs female college students, 9463
essentialist vs constructionist views of sexual identity, implications for therapy, 23090
evidence for & against sin of homosexuality in Bible, fundamentalist Christians, 22448
government action & reports on homosexuality, US, bibliography, 30738
history of psychoanalytic theory linking alcoholism & homosexuality, literature review, 1536
homosexuality & homophobia before & after revolution, Cuba, 6565
moral judgment in Freud's theory of homosexuality & bisexuality, 6583
moral reasoning as primary determinant in diagnosis of homosexuality & sexual disorders, 22654
need for definition of homosexual identity, 6567
objectivity in psychoanalysis, homosexual clients, 15182
pedophilia, male heterosexual vs homosexual offenders, 25630
prenatal hormonal programing & postnatal social programing, gender transposition & etiology of homosexuality, 11968
revision of predictive concepts related to diagnosis of homosexuality with Rorschach Test, 17586
sexual identity, 3–20 yr olds raised by homosexual or transsexual parents, 9287
social & developmental aspects of homosexuality, adolescents, 883
social casework with acquired immune deficiency patients, social workers, 18254
social values & discrimination, psychosocial development, gay adolescents, 3722
socio-historical perspectives on theory of homosexuality, 22545
sociobiological & evolutionary theories of sexual orientation, 6572
theories of homosexuality, 6588
trait anxiety & self concept & locus of control & repression-sensitization & depression, social anxiety, college students & homosexuals, 1307
use of psychoanalytic approach in social work, homosexual clients, 12776
validity of 6-stage theoretical model of homosexual identity formulation, males & females, 6568

Homosexuality (Attitudes Toward)
attitudes toward & development of & treatments for homosexuality, literature review, 22553

attitudes toward homosexuality, female vs male fundamentalist born-again Christian vs nonfundamentalist college students, 11966
attitudes toward homosexuality, males vs females, meta-analysis, 30731
client defense mechanisms & therapist's attitudes, treatment, gay & lesbian alcoholics, 23592
conceptualizations of homosexual behavior which preclude homosexual self-labeling, 22552
demographic characteristics & attitudes toward homosexuals & Blacks & women & elderly, male vs female 17–45 yr olds, 30580
discussion of American Psychiatric Association's decision to delete homosexuality as psychiatric disorder, 28000
factors of variability in attitudes toward lesbians & gay men, college students, 30728
gender differences & religion, attitudes toward homosexuality, male vs female 17–54 yr old college students, 1188
homosexuality & homophobia before & after revolution, Cuba, 6565
homosexuality education with role playing, homophobic attitudes, college students, 32037
need for self examination of attitudes & preconceptions, mental health workers dealing with lesbian mothers, 7837
neutral vs heterosexual vs explicit male homosexual visual presentations, cardiac responses, male college students with high vs low homonegative attitudes, 30737
polytheistic vs monotheistic cosmologies, attitudes toward male homosexuality, 6575
psychotherapy, homophobia, lesbians, 10128
self reported sex role characteristics & attitudes toward homosexuality, male vs female college students, 30719
sex & age & church attendance & education, attitudes toward homosexuality, 21–50 yr old residents vs college students, Australia, 9464
sexual beliefs & attitudes & experience & homophobia, male vs female college students, 30716
social psychological perspective on "homophobia" & attitudes toward lesbians and gay men, 30729
social reactions to homosexuality & theories of deviance, 30735
social values & discrimination, psychosocial development, gay adolescents, 3722

Homovanillic Acid

acute cannabis use, urinary noradrenaline & dopamine & 5-HT metabolite levels, 21–44 yr olds, 24882
apomorphine vs haloperidol, buccolingual dyskinesia, ovariectomized monkeys with upper midbrain lesions, 27456
auditory & visual EP amplitude & urinary homovanillic acid, autistic children, implications for dopamine metabolism, conference presentation, 20267
bombesin, dihydroxyphenylalanine & dihydroxyphenylacetic & homovanillic acids & dopamine metabolites in brain regions, male rats, 804
concentrations of 5-hydroxyindoleacetic & homovanillic acid in CSF during depression vs after recovery, 30–63 yr old depressed patients, 6868
concentrations of 5-hydroxyindoleacetic acid & homovanillic acid & 4-hydroxy-3-methoxyphenyl glycol in CSF, 23–80 yr old melancholia patients, 4123
CSF amine metabolites & homovanillic acid & cortisol & dexamethasone suppression, 21–71 yr old depressed & schizophrenic & alcoholic patients & suicide attempters, 9748
CSF homovanillic acid & cyclic adenosine 3',5'-monophosphate & serum prolactin, 40–60 yr old male chronic paranoid schizophrenics with tardive dyskinesia vs symptoms of chronic neuroleptic parkinsonism, 6732
CSF homovanillic acid & 5-hydroxyindoleacetic acid, adults with residual type of attention deficit disorder treated with methylphenidate, 1709
demographic & clinical & psychological characteristics, CSF levels of 5-hydroxyindoleacetic acid & homovanillic acid & 3-methoxy-4-hydroxyphenylglycol, low back pain patients, 31182
des-tyr1-gamma-endorphin, CSF homovanillic acid & 3-methoxy-4-hydroxyphenylglycol & cortisol & growth hormone levels, neuroleptic-free patients with paranoid vs hebephrenic vs other schizophrenias, 7487
dextroamphetamine, well being & blood levels of growth hormone & prolactin & homovanillic acid & dextroamphetamine, 19–37 yr olds, 22155
fluphenazine treatment, plasma homovanillic acid & psychotic behavior, 20–29 yr old chronic schizophrenics, 18131
haloperidol vs ECS withdrawal, CSF levels of dopamine metabolites dihydroxyphenylacetic & homovanillic acids, male rats, 24727
haloperidol vs trifluoperazine vs thioridazine vs fluphenazine decanoate vs thiothixene perphenazine vs chlorpromazine, plasma neuroleptic & homovanillic acid levels, psychotic patients, 15297
metoclopramide & fluphenazine & loxapine & molindone, plasma & brain homovanillic acid, rats, 22181
plasma homovanillic acid & methoxyhydroxyphenyl glycol & serum haloperidol & prolactin levels on admission vs after 10 days, 16–52 yr old good vs poor responders to haloperidol treatment for acute psychosis, 10254
postmortem brain weight & neurochemical concentrations, 67–85 yr old Alzheimer patients, 4441
sleep EEG investigation & CSF 5-hydroxyindoleacetic acid & homovanillic acid & dexamethasone suppression & urinary 3-methoxy-4-hydroxyphenylglycol before vs after ECT treatment, 31 yr old catatonic male, 3-mo followup, 15067
vitamin B6 & magnesium treatment, urine levels of homovanillic acid & autistic behavior & other dysfunctions, autistic 3.5–16.5 yr olds, 7401

Honesty

group discussions, moral decisions regarding altruism & honesty, 3rd vs 6th graders, 27823

Hong Kong

age & sex & marital status, perception of life events, 18–60 yr old university staff vs students, Hong Kong, 1035
choice of Cantonese or English or Mandarin by E, ethnic affirmation & perception of E, Chinese trilingual college students, Hong Kong, 30581
client characteristics, medication compliance, 17–53 yr old psychiatric outpatients, Hong Kong, 2076
cognitive distortion, depression, college students, Hong Kong, 14651
Confucian social philosophy, aggressive behavior in society, Chinese populations, 11877
cultural collectivism & Ss' input, reward allocation with in- vs outgroup members, college students, US vs Hong Kong, 12005
death anxiety, 6–10 yr olds with leukemia, Hong Kong, implications for psychological treatment of terminally ill children, 4476
development of Chinese Sex Role Inventory, assessment of identification with sex role stereotypes, 13 & 16 yr olds, Hong Kong, 161
development of medical psychology, Hong Kong, conference presentation, 15064
development of psychology & psychology education, Hong Kong, 16154
dimensions of extraversion & agreeableness & conscientiousness & emotional stability, behavior intentions, male college students, Hong Kong vs Australia, 19953
divergent thinking, 9–17 yr olds, Hong Kong vs US, 3642
expert witnesses in criminal trials, psychologists, Hong Kong, 3905
family relations & needs & emotional states & information seeking related to disorder & treatment, 18–75 yr old Chinese females with ovarian cancer, Hong Kong, implications for management strategies, 28839
indigenous psychology, Asia including Hong Kong & Philippines, 16158
knowledge about female reproductive organs, gynecological patients with mean ages of 31 vs 46.4 yrs, Hong Kong, 7578
life event frequencies co-occurrence of events & physical illness, 19–60 yr old college students & staff, Hong Kong, 31139
morbidity & vulnerability to disease & perception & evaluation of symptoms of illness, males vs females, Hong Kong, literature review, 28145
multivariate prediction, academic performance, college students, Hong Kong, 32186
need for knowledge about reproduction before receiving advice about gynecological operations, Chinese females, Hong Kong, criticism of study by M. M. Tsoi et al, 7575

orientations toward privacy, adults, Hong Kong, 20166
patient-physician communication & interview training, physicians & outpatients & medical students, Hong Kong, conference presentation, 15360
preparation for working in child day care & kindergartens, adults, Hong Kong, 23656
psychiatric care & services, psychiatric patients aged 20 yrs & older, Hong Kong, 23074
psychological adjustment, females with tubal ligation, Hong Kong, 12736
public vs anonymous responding, attributions for success & failure in competitive game, male Chinese college students, Hong Kong, 14530
role of family & social support networks, adjustment to postnatal emotional changes, mothers, Hong Kong, 27944
selection & timing & preparation of food, prevention & lay treatment of disease, clinic patients, Hong Kong, 7171
sociocultural factors, problems in training parents to be behavior therapists, Hong Kong, 12599
visual perception & Chinese character recognition & auditory perception, 7.8–9.9 yr old dyslexic males, Hong Kong, 28379
Hormones [See Also Adrenal Cortex Hormones, Aldosterone, Androgens, Cholecystokinin, Corticosterone, Corticotropin, Deoxycorticosterone, Epinephrine, Estradiol, Estrogens, Glucagon, Gonadotropic Hormones, Hydrocortisone, Insulin, Luteinizing Hormone, Melatonin, Norepinephrine, Oxytocin, Pituitary Hormones, Progestational Hormones, Progesterone, Prolactin, Sex Hormones, Somatotropin, Testosterone, Thyroid Hormones, Thyrotropin, Thyroxine, Triiodothyronine, Vasopressin]
aggression & reproductive & hormonal activity, behavioral endocrinology research, 11459
brain mechanisms, food intake & absorption, 6017
calcitonin vs prostaglandin E2, anorexia & gastrointestinal motility, male rats, 16757
effects of 5-methoxytryptophol, novelty habituation, male rats, 27568
endocrine activity associated with autumn migration, sedentary & migratory European blackbirds, 16675
factor analysis, seasonal & behavioral & hormonal & body weight changes, male barheaded geese, 8681
haloperidol vs propranolol vs thymoxamine pretreatment, dextroamphetamine induced behavioral & cardiovascular & hormonal responses, 21–37 yr olds, 24901
hormonal fluctuations, overt social behavior, 10 yr old captive female gorilla, 24625
hospitalization & treatment with human calcitonin & art therapy, self image & physical well-being, 7 yr old male & his 5 yr old sister with chronic familial hyperphosphatasemia, 15088
human pancreatic growth-hormone releasing factor, growth hormone secretion & plasma glucose concentrations & behavioral & motor effects, rats, implications for neurotransmitter & neuromodulatory functions, 24949
injections of juvenile hormone & 20-hydroxyecdysone, achievement of dominance rank, paper wasps, 19724
medroxyprogesterone acetate treatment, male sex offenders, literature review, 28782
noxious cold stimulation, release of endorphins & cortisol & prolactin & growth hormone & opioids & relationship to pain appraisal & coping, normal adult volunteers, 16679
personality traits & catecholamine & steroid hormone responses to performance stress, 21–29 yr old females with hirsuitism/oligomenorrhea, 7083
psychiatric symptoms, elderly patients with common endocrine disorders, 12354
solvent sniffing, hormone levels, 16–20 yr olds, 22857
termination of hormonal treatment for suppression of growth, psychosis, 15 yr old female, 28266
thyrotropin releasing hormone with vs without ethanol, locomotor activity, rats, 729
use of hormonal contraceptives, neuropsychic disorders, literature review, 14902
Horses
avoidance of close kin in sexual & social behavior, Camargue horses, 8686
daily estradiol vs progesterone administration, sexual receptivity & behavior, stallions & ovariectomized mares, 27550
grazing & resting distribution, sheep & cattle & horses, 27224
large interaural distance & binaural localization cues, localization thresholds for clicks vs brief noise bursts, horses vs other mammals, 8597
time budgets & circadian patterns of maintenance activities, sheep & cattle & horses grouped together, 27223
time spent suckling & mother-foal behavior, unmanaged herd of Camargue horses with lactating mares, 489
twitch, decrease in pain perception, horses, implications for acupuncture, 19588
Hospice
burnout, hospice workers, 26252
contributions of family physician, hospice care, 4842
coping techniques for occupational stress, 22–64 yr old hospice staff members, 31945
death anxiety & purpose in life, persistence in hospice program, trained & experienced volunteers, implications for selection of hospice volunteers, 5067
evaluation of resident performance in hosptial based hospice, nurses & medical residents, 4940
hospice care, terminally ill children, 12681
hospice concept & nontreatment & devaluation of human life, mentally retarded, comments on D. Gibson's contentions, 1599
hospice concept & nontreatment & devaluation of life, mentally retarded, 1596
hospice concept & nontreatment & devaluation of life, mentally retarded, comments on D. Gibson's contentions, 1613
hospice concept & nontreatment & devaluation of life, mentally retarded, comments on D. Gibson's contentions, 1595
hospice concept & nontreatment & devaluation of life, mentally retarded, reply to J. Ellis & R. Luckasson & A. Gordon & W. Wolfensberger, 1597
hospice services, terminally ill patients, 15369
integration of hospice programs into medical mainstream, organizational structure & patient services, 15385
occupational therapy in hospice care, 78 yr old male cancer patient, 7710
physical & psychological & spiritual care in hospice movement, 31623
place of death & social & demographic & hospice characteristics & days in hospital, elderly patients who died at home vs returned to facility where they died, 12682
retrospective analysis of home care hospice program, 48–88 yr old patients, 7520
sources of stress in hospice work, nurses & social workers & psychologists & directors of volunteers, 15661
writing, coping with grief, bereaved Ss cared for by hospice followup services, 7549
Hospital Accreditation
history of Joint Commission on Accreditation of Hospitals, accreditation of psychiatric hospital services, 26333
incorporation of psychiatric & substance abuse standards & modification of medical staff standards in Accreditation Manual for Hospitals, accreditation of psychiatric hospitals, 26348
psychiatric hospital regulation & accreditation, 26328
Hospital Administration
development & implementation of plan for rural psychiatric facilities, Norway, 31582
history & organization of day-care hospital, psychotic adolescents, 23535
management practices & interactions with residents in long-stay psychiatric unit, staff members & 26–59 yr old chronic patients, 4938
role within community mental health delivery system & group approach to patient management & personnel work, general hospital psychiatric units, 10475
room management vs small group as alternative methods of staff organization, promotion of purposeful activity, severely retarded 21–32 yr olds, 23498
study of alcoholism treatment units' policies & activities, UK, 28985
Hospital Admission [See Also Psychiatric Hospital Admission, Psychiatric Hospital Readmission]
multiple checkpoints in childcare institution admission, children with childhood psychoses, France, conference presentation, 7686

personal characteristics & professional attitudes & organizational & clinical needs, admission rates, pediatricians in neonatal care units, 2144
preadmission self instructional information, postadmission exercise performance & time to achieve mastery level, presurgical cholecystectomy & herniorrhaphy patients with mean ages of 48.4 & 47 yrs, 10358
routine hospital admission screening protocol, identification & treatment of physical disorders, 56–94 yr old psychiatric patients, 4948
symptoms mislabeled as asthma, rehospitalization, 15–72 yr old former inpatients, 6-mo followup, replication of study by present authors & S. K. Robinson, 7649
Hospital Attendants [See Attendants (Institutions)]
Hospital Discharge [See Also Psychiatric Hospital Discharge]
ambulation & discharge & return to work, patients with myocardial infarction, 1730
construct validity of perceptual measures of Cerebral Vascular Accident Evaluation Battery, relationship of scores to discharge disposition status, patients, 2904
demographic & functional characteristics, 65–97 yr olds discharged to home health care vs nursing homes following hospitalization, 18219
group therapy program & meals/shelter/medication/transportation coordination service, physically disabled veterans & economically disadvantaged discharged hospital patients, 25978
intensive relational therapy, separation problems from transitional residential therapeutic community, hospitalized psychiatric patients, 31586
lottery procedure for obtaining self reports after discharge, 20–59 yr old alcohol abusers, 6 mo & 1-yr followup, 26380
noncompliance rates for followup after psychiatric consultation in general hospital, patients, 7643
pamphlets containing Medicare & Medicaid entitlement information & social worker's name & telephone number presented at discharge, perception of helpfulness, hospital patients, 15474
personality & sociopsychological characteristics during illness process & premorbid state, duration of hospitalization, schizophrenic patients, 4976
psychiatric consultation-liaison in discharge planning, high-risk 13 wk old male infant & his parents, 7661
recognition of regressive reactions to hospital discharge, treatment outcomes, hospitalized adolescent psychiatric patients & their family & therapist & hospital staff & aftercare organization, 4970
role in discharge planning, social workers in physical rehabilitation hospital, 23526
VA geriatric evaluation unit, functional & cognitive status & improved outcome, geriatric patients with mean age of 80.4 yrs, 15503
written home instruction sheet, knowledge & compliance with medical instructions for home care, parents of preschool age children discharged from pediatric unit, 23509
Hospital Environment
change of hospital environment, daytime incontinence, profoundly mentally retarded adults, 7683
cognitive & psychosocial & intrapsychic processes accompanying psychological regression, patients in intensive care units, implications for staff intervention, 28913
critical care unit noise, cardiovascular & respiratory systems & psychological comfort during sleep, 20–24 yr old females, 31733
difficulties in balancing freedom & need for control of patients, staff members in open psychiatric residential treatment setting, 31743
dynamics of hospital care of newborn, relationship between parents & professionals & institutions, conference presentation, 7574
environment & routine, self confidence & behavior dependent behavior patterns, institutionalized patients in day hospital setting, 26310
environmental remodeling of dayroom on psychiatric geriatric ward, improved adaptive behavior, 49–89 yr old female patients, 26346
episodic weekend psychotic outburst on psychiatric intensive care unit, 32 yr old institutionalized paranoid schizophrenic, 26339
factors in hospital psychiatric ward environments, suicidal urges, psychiatric patients, conference presentation, 26322
functions of therapeutic vs nontherapeutic settings in treatment, psychotic hospitalized children, 7655
group instruction, working with parents with pathological behavior, nurses in neonatal intensive care unit, conference presentation, 7516
hospital parking lot design, turning behavior, hospital visitors, 26830
hospital room with window view of natural setting vs brick wall, postoperative recovery, cholecystectomy patients, 10491
intra-hospital relocation, mortality rate & activities of daily living & drug management, long term acute care patients aged 65 yrs & older, 28926
level of retardation & living environment & race, excessive body weight, male vs female mentally retarded 18–74 yr olds, 31081
Mary Sheridan hospital unit, development, 4.3–13.11 yr old visually handicapped & multiply handicapped hospitalized patients, 23539
mixed adult-adolescent hospital treatment units with ancillary adolescent programs, hospitalized adolescent psychiatric patients, 4929
mixed age hospital treatment milieu & therapeutic techniques, adolescents & latency aged children, 4958
neonatal intensive care unit open to mothers 1 hr vs 24 hrs per day, mother-infant relations & maternal interest, 15498
organization of hospital nursing units, nursing personnel, 2231
patient characteristics & contextual variables, violence in psychiatric institutions, implications for prevention & intervention programs, 31700
patient characteristics & hospital factors, suicide, psychiatric inpatients, England, 1972–81, conference presentation, 25645
patient-staff interaction & patient activities & medication practices & ward physical environment & nursing staff rotation, outcome of psychiatric hospital treatment, male psychiatric patients, 3-mo followup, 26320
patient-staff ratios & staff perceptions of work environment, state psychiatric hospital staff, 2254
perceptions of treatment environment & clinical improvement, psychiatric inpatients with mean age of 34 yrs, 4933
private vs public space, spatial arrangements in residential group care institutions, residents & staff, 31706
psychotherapeutic intervention, functioning of neonatal intensive care unit, nurses, 7653
sensitivity to & objective measure of noise, prediction of disturbance due to hospital noise, male postoperative VA patients, 15515
staff support & coping mechanisms, mothers with infants in intensive care units, conference presentation, 7534
styles of hospital maternity nursing care, maternal behavior, 21–35 yr old mothers, 21083
therapeutic space design for psychiatric inpatient unit for children, 8254
traditional vs progressive care hospital unit, perceptions of confinement & depression & anxiety & boredom & pleasantness, medical patients, 26341
training & duties as monitors in stute mental hospital, family members of patients, 31723
treatment characteristics & ward environment, effective psychiatric hospital programs, male patients, 10464
ward layout & staffing & patient characteristics, suicide, 16–66 yr olds who committed suicide by jumping, conference presentation, 25673
Hospital Programs [See Also Psychiatric Hospital Programs, Therapeutic Community]
characteristics of inpatient alcoholism treatment program, treatment outcomes, male veterans, 23584
child psychiatric teamwork & maintenance of enthusiasm & burnout, general hospitals, 4974
clinical & demographic characteristics, patients in medical-psychiatric unit vs liaison-consultation service vs psychiatric inpatient unit, 31712
combined in- & outpatient long term treatment, 17–74 yr old psychiatric patients with endogenous psychoses, 18330
community hospitalization preparation program, medical fears & knowledge, nonpatient 1st graders, 18295
development of emergency psychiatric treatment services in general hospital emergency room, 26330

developmental therapy, intensive care units, neonates, 2139
drop-in crisis intervention support group, cancer patients & their families, implications for clinical social work in hospital oncology units, 28910
early intervention during hospital stay, mother-infant interaction & maternal perceptions, mothers & their preterm infants, 15478
educational & research role of hospital emergency psychiatry department, 4955
effectiveness of teaching psychosocial aspects of patient care on medical-psychiatric unit, internal medicine & psychiatric residents, 31846
emphasis on spirituality in hospital alcoholism treatment, 5030
evaluation of strategy to encourage staff to help residents use self help skills, male mentally handicapped 27–66 yr olds, 31699
expansion of social work services in hospital based home care programs, 18306
experiential therapeutic outdoor adventure program, psychiatric patients, 10489
family systems theory & psychoanalysis & hospital psychiatry & pharmacology in integrative hospital treatment program, 4949
financial impact of pregnancy program on university hospital, teenage mothers, 28914
full-family orientation, child psychiatric inpatient unit, 2151
functional approach, geriatric consultation, general hospital, 12813
goals & admission criteria & activities of senior citizens center & geriatric transitional house at state psychiatric hospital, 67 yr old with diagnosis of chronic paranoid schizophrenia, 23499
group counseling, self esteem & family relations & parenting skills, parents of hospitalized disturbed adolescents, 4965
group instruction, working with parents with pathological behavior, nurses in neonatal intensive care unit, conference presentation, 7516
historical development & functions of consultation-liaison outpatient psychiatric clinics, 7693
hospital-based psychosocial rehabilitation Veterans Resource Program, recidividism rate, veterans, 23489
hospital eating disorders treatment unit, anorexic & bulimic patients, 10476
hospital mental health services, children, Japan, 1977–83, 12805
hospital program for instruction & evaluation of medical interviewing skills, physicians, 15653
hospital services & inpatient treatment, eating disorders, 21069
individualized hospital treatment programs, substance abusers, 28979
liaison clinic, provision of psychiatric evaluation & care for medical patients & training & research & funding in tertiary care setting, 7678
management of psychiatric programs in general hospitals, Italy, 7638
medical & psychiatric diagnosis of depressive disorder, 18–82 yr olds in combined medical-psychiatric unit, 30999
mixed adult-adolescent hospital treatment units with ancillary adolescent programs, hospitalized adolescent psychiatric patients, 4929
mixed age hospital treatment milieu & therapeutic techniques, adolescents & latency aged children, 4958
multidisciplinary team approach, 9–15 yr old females with anorexia nervosa with their families, Norway, 12823
multimodal treatment design for short term residential hospital-based program, drug abusers, 21135
neurorehabilitation unit & Comprehensive Outpatient Education Program in Southfield Rehabilitation Center, brain trauma, survivors of head injuries, 28961
overview of Perinatal Positive Parenting program, parent training, 20975
parent support groups in Perinatal Positive Parenting program, parent training, 20973
Perinatal Positive Parenting program, parent training, 21079
placement criteria in outpatient multilevel psychogeriatric day care program at state psychiatric center, elderly psychiatric patients, implications for program evaluation & implementation, 2148
prevention strategy & case management program evaluation criteria, chronically mentally ill suicide attempters, 4954
psychoeducational program & ward management plan, adolescents hospitalized for anorexia nervosa, 18287
psychotherapeutic intervention, functioning of neonatal intensive care unit, nurses, 7653
regional residential center program, 1–14 yr olds with chronic asthma, 7652
role & training, hospital play specialists for hospitalized children, 23639
short term inpatient unit at Mount Sinai School of Medicine's Medical Center, patients with combined psychiatric & medical illnesses, 31695
support group in urban pediatric hospital, coping, parents of chronically ill children, 21088
supportive therapy, adjustment following childbirth, mothers in maternity ward, Norway, 12815
treatment program of Adolescent & Family Treatment Unit, separation issues, hospitalized adolescent psychiatric patients and their families, 4947
volunteer-family relationship in Perinatal Positive Parenting program, parent training, 20986
volunteer service of Perinatal Positive Parenting program, parent training, 21094

Hospital Staff [See Medical Personnel]

Hospitalization [See Also Commitment (Psychiatric), Hospital Admission, Hospital Discharge, Psychiatric Hospital Admission, Psychiatric Hospital Readmission, Psychiatric Hospitalization]
age & cause of death & length of hospital stay, medical treatment orientation & amount of work effort expended, 18–86 yr old patients who died, 28922
age & education & prior hospitalization & seriousness of illness & uncertainty about treatment & outcome, stress resulting from hospitalization, medical patients, 23517
age & pay grade & educational level, hospitalization for accidents vs respiratory diseases vs mental disorders, high risk White US Navy enlisted males, 23928
age-specific rates of medical board appearances & physical evaluation board actions & mortality, US Navy enlisted divers, 1968–79, 29488
antecedents of violent acts, 17–60 yr old male patients in prison hospital, conference presentation, 22873
audiovisual peer modeling procedures, reduction of self reported medical fears, male vs female 3rd vs 5th graders, 18568
availability of social support, adjustment, parents of hospitalized low birthweight infants, 23522
balance between societal & research benefits vs physical & psychological effects of hospitalization, diabetic children, 29658
community hospitalization preparation program, medical fears & knowledge, nonpatient 1st graders, 18295
components of precrisis curriculum for providing stress immunization to hospitalization, healthy nursery & elementary school children, 29234
coping with hospitalization & pediatric clinic visits, 6 yr old female with chronic constipation due to Hirschsprung's disease, 15481
development & characteristics of intensive care unit syndrome, 4946
factors in preference to die at home vs in hospital, community residents aged 18 yrs & older, 14594
factors influencing in- vs outpatient treatment decision, therapists & 35 yr old male alcoholic, 26377
general guidelines for timing of preparation for impending hospitalization, 5–12 yr olds, 12729
home based vs hospital emergency care for heart attack, Great Britain vs US, 2040
hospital room with window view of natural setting vs brick wall, postoperative recovery, cholecystectomy patients, 10491
hospital services & inpatient treatment, eating disorders, 21069
hospitalization & life change, severity & ability to cope with chronic asthma, 19–72 yr olds, 18316
hospitalization & presurgical stress, plasma beta endorphin levels, 25–70 yr olds hospitalized for aphthalamic surgery, 15494
hospitalization & treatment with human calcitonin & art therapy, self image & physical well-being, 7 yr old male & his 5 yr old sister with chronic familial hyperphosphatasemia, 15088
hospitalization, nonpsychiatric adolescent patients, literature review, 26323
hospitalization of infant, impact on parents, 28908
hospitalization, subsequent placement in nursing homes & supportive care, patients 75 yrs & older, 15482

incidence of chronic mental illness, patients admitted to hospital emergency room, Italy, 31688
inpatient treatment, "Peter Pan Syndrome", 14 yr old anorexic female & her family, 12554
inpatient vs outpatient treatment, alcoholic patients, 23586
Mary Sheridan hospital unit, development, 4.3–13.11 yr old visually handicapped & multiply handicapped hospitalized patients, 23539
minority status & health risks, Black vs White male vs female US Navy officers, 1331
neonatal hospitalization, psychomotor development & behavior problems, twins & triplets studied at 4 mo & 4 yrs & 5 yrs, 875
nursing intervention in preparation programs for hospitalization & health care procedures, parents & children, literature review, 15375
parental involvement & classroom programs & play activities, preparation for hospitalization, children, 21092
perception of need for hospitalization, psychiatric emergency patients, 18332
play, adjustment to hospitalization, children, 12827
previous hospitalization experience, medical fears, female vs male 1st vs 4th vs 7th graders, 30486
problems with inpatient treatment, asthmatic patients, 15501
protracted hospitalization with emotional & educational intervention, parental fear & recurrence of hospitalization, disabled 7–30 mo olds & their parents, 15471
psychiatry & occupational therapy in short term general hospital unit, 18303
psychological aspects of home vs hospital vs semi-assisted treatment, dialysis patients, 31595
psychopathology & treatment outcome & attitude toward mental illness, 19–67 yr old low SES European American vs Mexican American psychiatric inpatients, 1424
racial and ethnic differences, health risks & hospital admission rates, male Black vs White enlisted US Navy personnel, 1339
therapeutic starvation & behavioral management techniques, severe refractory obesity, 35 yr old female, 12601

Hospitalized Patients

abuse by police & psychiatric interventions, institutionalized female, 23523
achievement of ambivalence & integration as treatment goal, hospitalized borderline patients, conference presentation, 4967
actual vs perceived patient knowledge of medical terminology, 15–82 yr old patients & medical staff, 10337
age-based transition periods, outcome of brief inpatient psychiatric treatment, 20–77 yr old male veterans, 23533
aggressive behavior & use of seclusion & physical restraint, children in inpatient psychiatric facility, 18298
art therapy & ward government in interdisciplinary program, long term institutionalized mental patients, 2150
assertiveness & apprehension & assessment & treatment issues, adult male arsonists with mean age of 28.9 yrs vs other offenders in maximum security psychiatric institution, 14792
assessment & management problems, suicide risk, 17–75 yr old inpatients or recently discharged psychiatric patients who committed suicide, conference presentation, 25657
assessment of behavioral change using Devereux Child Behavior Scale, 4.9–13.1 yr old psychiatric inpatients, 23536
assessment of health & mental health needs & satisfaction in VA psychiatric hospital, female patients, 15502
assessment using McGill Pain Questionnaire, in- vs outpatients with arthritis, 20492
attachment theory, treatment planning, hospitalized borderline patients, 7662
attitudes about body integrity & autonomy & caretaking & violence & intrusion, acutely vs chronically ill hospitalized vs healthy 2–5 yr olds, 28925
attitudes toward patient seclusion, psychiatric inpatients & staff, criticism of S. M. Soliday's study, 23497
attitudes toward patient seclusion, psychiatric patients & staff, criticism of S. M. Soliday's study, 23505
attitudes toward patient seclusion, 18–66 yr old psychiatric inpatients & staff, 23534
attitudes toward patient seclusion, 18–66 yr old psychiatric inpatients & staff, criticism of S. M. Soliday's study, 23516
attitudes toward psychiatric hospitals, chronic psychiatric patient, implications for discharge, 12807
behavioral & stress management strategies, coping behavior, hospitalized adolescents & young adults with cystic fibrosis, 15513
benefits of inpatient group psychotherapy, comments on articles by L. M. Russakoff & J. M. Oldham, 12808
brief psychological interventions by liaison psychiatrist, medical & surgical patients, 15475
change of hospital environment, daytime incontinence, profoundly mentally retarded adults, 7683
changes in Texas mental hospitals based on Civil Rights of Institutionalized Persons Act, case law, 15459
client characteristics & change in hospital treatment plan & loss of social support, predisposition to violent self destructive & suicidal acts, psychiatric inpatients, 10488
client characteristics & diagnosis & prediction of length of hospitalization, actual length of stay, general psychiatric inpatients, 18312
client characteristics, delayed psychiatric hospital discharge, 10–91 yr old psychiatric patients, 18285
client diagnostic & demographic characteristics & trends in voluntary admission for treatment, psychiatric patients, Nigeria, 4960
client education, reduction of stress, hospitalized patients, literature review, 10496
clinical & moral problems, confidentiality & secret-keeping in inpatient psychiatric unit, psychiatric patients, 7682
clinical & psychological impact of injury & strategies for recovery process, severe burn injury patients & staff & family, 31164
cognitive & psychosocial & intrapsychic processes accompanying psychological regression, patients in intensive care units, implications for staff intervention, 28913
cognitive &/or behavioral therapy, depression, inpatient alcoholics, literature review, conference presentation, 29003
collective interviews & observations of family relations, creation & revelation of psychotic state, young psychotic inpatients, 4131

Community Connections aftercare program, reduction of hospitalization, chronic psychiatric patients, 4-yr followup, implications for extended time frame in evaluation of community based programs, 26282
Community Supports & Skills Checklist, psychosocial assessment & decisions on treatment pathways, short-stay psychiatric inpatients, 11139
competence to give informed consent to medical procedures, male nonpsychiatric hospitalized patients with mean age of 59.1 yrs referred for psychiatric consultation, 2066
components of countertransference, doctors & patients in medical hospital, 7571
concern about disclosure of confidential information, psychotic inpatients vs 20–67 yr old outpatients, 1759
construction & validation of BUMP scale, assessment of behavioral regression or upset, hospitalized medical patients, conference presentation, 29783
construction of suicidal risk scale, hospitalized depressive & suicidal adults, 2-yr followup, 27032
conversion disorders in general hospital, patients, 9643
coping strategies, 3 yr old male hospitalized for abdominal surgery, 7689
creative writing as therapeutic tool, hospitalized adolescents, 4944
crisis intervention counseling, short vs long term change in anxiety & anger & self perceptions & depression, 18–60 yr old hospitalized patients, 12-mo followup, 15516
cross cultural communications problems & treatment & adjustment to therapeutic milieu, self-correction remedial technique, psychiatric patient & college student dialect speakers of varied ethnic origins, 26317
decision to provide vs withhold mechanical &/vs chemical restraint &/vs use of alternative methods, nurses responsible for care of geriatric patients, 7694
defensive behavior toward mental health advocates for patient rights, hospital staff, 31895
delay in rehabilitation in hospital treatment, schizophrenic patients, East Germany & USSR, 15492

demographic & treatment factors & post-hospital community adjustment, research dropout in psychiatric setting, older nonresponders vs older completers & older vs younger nonresponders, 5571
demographic factors & length of hospitalization & diagnostic category, academic abilities, 20–77 yr old psychiatric inpatients, 18325
dependency needs, hospitalized paranoid schizophrenics vs those from rehabilitation centers, 7191
depressive symptomatology, general hospital patients, Spain, 9685
depressive symptoms & abnormal illness behavior, general hospital patients, Italy, 18296
development of coping behavior, children in intensive care units, 4936
dexamethasone suppression test results before & after treatment, hospitalized depressed patients, 10455
diagnosis & prevalence of depression, 18–70 yr old oncology inpatients, 7028
diagnosis of depression valve of DSM-III criteria, chronically medically ill hospitalized patients, 14906
diagnostic accuracy of dexamethasone suppression test, 20–78 yr old hospitalized depressed patients, 31001
discussion of "you must speak" injunction, patients in psychiatric hospitals, 10490
dynamics of hospital care of newborn, relationship between parents & professionals & institutions, conference presentation, 7574
education in hospital wards, multiply handicapped 5–16 yr olds in long-stay hospitals, 10817
educational interventions during active psychotic states, hospitalized schizophrenic elementary & secondary school students, 21078
educative model with emphasis on coping rather than curing, group psychotherapy, psychiatric inpatients, 12814
effectiveness of screening & professional referral in treatment of alcoholism, 15559
emotional care, at-home & hospitalized bedridden patients, 12828
epidemiology of tardive dyskinesia, chronic schizophrenia patients hospitalized for 2 yrs or more, Japan, 6788
episodic weekend psychotic outburst on psychiatric intensive care unit, 32 yr old institutionalized paranoid schizophrenic, 26339
estimation of levels of disturbed behavior using general linear model, adult psychiatric patients admitted to medical model ward vs therapeutic community ward, 10460
evaluation & treatment & referral to geropsychiatric consultation-liaison service, patients aged 60 yrs & older, 18322
external variables vs individual discretion, treatment outcome, 21–64 yr olds admitted to state mental hospitals during 1956–65, 28923
factors in hospital psychiatric ward environments, suicidal urges, psychiatric patients, conference presentation, 26322
frequency & type of patient-analyst contact, suicide, psychiatric inpatients & outpatients, 9711
frequency of anxiety, hospitalized patients of various cultural backgrounds, England, 17530
group art therapy, short term psychiatric inpatients, 2138
group psychoanalytic therapy, nonpsychotic psychiatric inpatients, 10468
group psychotherapy with interactive-process vs expressive-experiential vs behavioral orientation, patient behavior & discharge ratings, psychiatric patients, 4928
history of fire-setting & other nonlethal self-injurious behavior, 15–64 yr old hospitalized psychiatric patients, 20268
hopelessness & eventual suicide, patients hospitalized for suicidal ideation, 5–10 yr followup, 22803
hysteroid dysphoria, 18–65 yr old depressed inpatients, 6737
in-hospital interpersonal relationships, prediction of posttreatment outcomes, 13–17 yr old hospitalized psychiatric patients, 4950
incidence & extent, assaults, patients of psychiatric vs general hospitals, US vs Canada vs England, 1-yr longitudinal study, 31721
incidence & factors affecting falling, psychiatric inpatients aged 50 yrs & over, 31724
increased familiarity & interpersonal attraction, ratings of client clinical adjustment, 22–40 yr old hospital staff members & their 13–65 yr old psychiatric inpatients, 2170
informational feedback on food intake, protein & caloric consumption, 18–50 yr old severely burned hospitalized males, 7375
inpatient community group meetings as aid to diagnosis of schizophrenia vs mania, 40–61 yr old patients, 2167
inpatient psychiatric treatment, effectiveness, 4.2–10.7 yr olds, 2159
inpatient treatment program, male pathological gamblers, 1 yr followup study, 18323
institutional treatment approaches, childhood psychoses, conference presentation, 7248
interdisciplinary protocol, mother-infant bonding, new mothers hospitalized for psychosis or depression, 23504
intervention techniques, therapeutic growth & facilitation of ward-appropriate behavior, 17 yr old female inpatients in love with each other, 18288
interventions to alleviate stress, hospitalized patients, literature review, 7691
intra-hospital relocation, mortality rate & activities of daily living & drug management, long term acute care patients aged 65 yrs & older, 28926
length of illness & hospitalization, vocabulary & concept formation, chronic schizophrenic vs nonpsychiatric patients, 6799
level of involvement with child & parental role, fathers of hospitalized 5–12 yr olds, 31701
lithium therapy, alcoholism, 20–60 yr old inpatients, 28986
live vs tape-recorded music, anxiety & physical discomfort & mood, 17–69 yr old cancer inpatients, 10456
loss of family or hospital support system & communication of loss, suicide, psychiatric inpatients, implications for hospital & program management, 4288
lymphocyte function, 21–66 yr old depressed outpatients vs hospitalized schizophrenic vs herniorrhaphy patients, 14734
management of parents of neonates in intensive care units, hospital staff, 15512
marital situation, nature & prevalence of mental illness, 18–55 yr old, female psychiatric patients in polygamous marriages, Kuwait, 14650
medical model approach, treatment of psychiatric inpatients, chaplains at VA psychiatric facility, 15487
medications, assaultive behavior, 17–65 yr old psychiatric patients, conference presentation, 23366
mixed adult-adolescent hospital treatment units with ancillary adolescent programs, hospitalized adolescent psychiatric patients, 4929
mixed age hospital treatment milieu & therapeutic techniques, adolescents & latency aged children, 4958
models for types of group psychotherapy in hospital psychiatric unit, low- vs medium- vs high-functioning patients, 23502
multiple personality disorder, 40 yr old male & 30 & 40 yr old female inpatients, 6836
music therapy, trait & state anxiety, chronically ill hospitalized patients with mean age of 58.4 yrs, 15065
music therapy, 2–16 yr olds hospitalized for cardiac catheterization, 17871
need to maintain sense of self & existence, undermedication of patients for pain, burn patients & medical staff, 23347
neuroleptic serum levels & admission symptoms & act leading to admission & military experience & childhood discipline as correlates of dangerous behavior, hospitalized male schizophrenics, 22795
noetic curative factors, group therapy, 15491
operation of inpatient medical-psychiatric unit, provision of acute-level medical & psychiatric care & postgraduate training in psychiatry, 7660
oral sodium chloride, treatment of hyponatremia resulting from self induced water intoxication, schizophrenic patients hospitalized for 15–30 yrs, 4 case reports, 28800
pamphlets containing Medicare & Medicaid entitlement information & social worker's name & telephone number presented at discharge, perception of helpfulness, hospital patients, 15474
paranoid delusional syndrome & hypothyroidism, 73 yr old female, illustration of complexity of inpatient geropsychiatric care, 31309
patient characteristics & chronicity & prognosis, young adult psychiatric inpatients, 10493
patient characteristics & hospital factors, suicide, psychiatric inpatients, England, 1972–81, conference presentation, 25645

patient characteristics, mental hospital inpatients & outpatients, Sierra Leone, 7656
patient needs & attitudes of staff in intensive care units, quality of care, attempted suicide patients, 4968
patterns of depression, hospitalized patients from different cultural backgrounds, England, 17532
per-service vs per-case payment methods, length of hospital stay, patients with mental disorders, 31727
personality & sociopsychological characteristics during illness process & premorbid state, duration of hospitalization, schizophrenic patients, 4976
phenomenology of nursing experience & therapeutic processes, nurses working with hospitalized medical patients, 7644
plasma homovanillic acid & methoxyhydroxyphenyl glycol & serum haloperidol & prolactin levels on admission vs after 10 days, 16–52 yr old good vs poor responders to haloperidol treatment for acute psychosis, 10254
play activities, food intake & sense of control, hospitalized children, 31684
poetry therapy, mentally ill patients, 12489
prediction of violent interpersonal behavior, 7–15 yr old males in inpatient psychiatric facility, 26326
prevalence & predictive factors of depression, middle aged vs geriatric hospitalized medical patients, 26334
prevalence of medical problems as determined by chest X-rays & laboratory findings, 13–82 yr old psychiatric inpatients, 22708
prevalence of multiple personality & hypnotic susceptibility, psychiatric in- & outpatients, 14636
prevalence of physical abuse, psychiatrically hospitalized 3–17 yr olds, 26340
prevention of assaults on psychiatric inpatient hospital wards, 26325
procedural & clinical impact of dexamethasone suppression test in psychiatric hospital practice, psychiatric patients, 20243
prohibition against separation from family & defining nature of own difficulties, female inpatients, 23183
prospective payment method, pattern & cost of mental health care, psychiatric inpatients, 7681
psychiatric & psychosomatic disorders, 15–65 yr old nonpsychiatric inpatients, conference presentation, 28455
psychiatric consultation, drug-abusing hospitalized chronic pain patients, 15581
psychic contact with life stress, coping strategies, 22–76 yr old primarily depressed patients, 30904
psychoanalytical constructs of developmental profiles of self concept, psychotic 1–5 yr olds in daycare hospital, 10 yr longitudinal study, conference presentation, 6812
psychodynamics of consultant-patient relationship, psychiatric vs nonpsychiatric consultants & patients in general hospital, 7645
psychoeducational program & ward management plan, adolescents hospitalized for anorexia nervosa, 18287
psychoeducational treatment program, aggressive & prosocial behavior, hospitalized conduct disordered 6.4–11.5 yr olds, 7666
psychological problems & doctor-patient relationship, patients & staff in dialysis & intensive care & oncology units, 4939
psychopathological pattern of depressive-paranoid syndrome, hospitalized patients, 6797
psychopathology of anxiety & depression, female geriatric inpatients, implications for sociology & psychology & psychotherapy, 18326
psychosomatic parameters with problem-oriented approach to biopsychosocial management, medical inpatients, 31303
psychotherapeutic purpose of psychiatric inpatient unit community meeting, 15519
rate of aggressive & assaultive & destructive behavior, mentally disordered civil admission vs forensic patients, 10457
rates & patterns of assaultive behavior & patient characteristics, private psychiatric hospital patients, 4972
rates of diagnosis of schizophrenia & affective disorders, hospitalized psychiatric patients, implications for adherence to DSM-III criteria in diagnosis, 31704
readmission rates & posthospital employment rates & adjustment & prognostic variables, Mexican American psychiatric inpatients, 18299
recall vs recognition memory, adult hospitalized depressives, 26318
rejection of right to refuse antipsychotic medication on religious grounds, involuntary committed psychiatric patient, case law, 3893
reliability of Diagnostic Interview for Borderline Patients, 13–18 yr old hospitalized psychiatric Ss, 26337
Renard Diagnostic Interview, differential diagnosis, primary vs secondary affective disordered inpatients, 12211
reviews malpractice suits filed due to psychiatric treatment or iatrogenically induced traumatic neurosis in which damages were claimed, hospitalized patients & psychiatrists, Finland, 29008
role & training, hospital play specialists for hospitalized children, 23639
role of activity professionals, institutionalized geriatric patients, 31732
role of analytic psychologist in helping female breast cancer patient accept surgery, 4930
role of nurse-therapist & patient-nurse, psychotherapy in therapeutic community, inpatients, 18307
Rorschach indicators of psychological instability & perceptual sensitivity, prediction of therapeutic outcome, hospitalized 5.6–13 yr old psychiatric patients, 25985
self amputation & psychiatric issues of replantation surgery, comments on article by G. W. DeMuth et al, 15394
self concept & age & disability & institutional residency, residents of VA medical center, 18308
self reported anxiety, depression, hospitalized emotionally disturbed children with mean age of 11.5 yrs, 25575
sensitivity to & objective measure of noise, prediction of disturbance due to hospital noise, male postoperative VA patients, 15515
sensory overload & noise as environmental stressors, patients in intensive care units, 4925
serum creatine phosphokinase levels & assaultiveness, 21–61 yr old psychotic inpatients, 4945
sex differences, mortality rates, long term psychiatric inpatients, 10466
sexual practices, mentally ill in open & institutional settings, 20974
short term social intervention, depressive symptoms, middle aged hospital patients with primary diagnosis of acute or chronic or life-threatening illnesses, 15493
social skills training & contingency management, interpersonal functioning, seriously emotionally & socially impaired 7.5 yr old male with conduct & attention deficit disorder, 21093
spiritual & religious concerns, hospitalized 11–19 yr olds, implications for training in adolescent health care, 18327
stress & emotional state, hospitalized patients before & after cadaver renal transplantation, conference presentation, 28838
stress & needs, families with members in intensive care units, 4951
stress inoculation training, anger control, 27 yr old Black female hospitalized for extreme anger & aggressive behavior, 15238
subjective feelings of hospital staff, symptoms, chronic psychotic inpatients, 7674
suicide, psychiatric inpatients, 22816
symptoms of major depression, female vs male depressed inpatients, 9745

implementation of medical information system, attitudes toward computerization & job satisfaction & role tensions & work activities, 21–59 yr old hospital employees, 23998
information system, confrontation of prospective payment for hospital care, hospital social work departments, 2147
institutional drug prescribing patterns, 65–99 yr old patients in municipal hospitals & nursing homes, 18136
interactions with medical staff, parents of children with cancer, 2146
interview in hospital, assessment of deliberate self harm, patients, 2137
lecture-demonstration vs filmed modeling procedure in preventive hospital education, fear & knowledge of hospitals, well 4th–5th graders, 5244
medical & psychiatric patient evaluations in inner city hospital emergency room, psychologists vs psychiatrists, 18331
medical psychology in hospitals, 4961
Michigan Alcoholism Screening Test administration, inmates in prison hospital, 28972
personal & relational approach to treatment in pediatric oncology ward, 4977
police accident reports vs hospital emergency room monitoring service records, extent of motor vehicle occupant injuries, children, 23924
professional dominance theory, hospital decisions to adopt new medical technologies, hospital personnel & physicians, 7658
psychiatric consultations/referrals in university hospital, Netherlands, 23503
psychiatric referral process in teaching general hospital, India, 23513
psychopharmacology in intensive care unit, 31789
registration vs nonregistration of patients with psychosocial problems in general hospital emergency room, nursing staff & 15–65 yr old patients, 10467
role as family medicine consultants, resolution of problems between families & medical systems, hospital social workers, 23514
role of child psychotherapist in major teaching hospital, 7688
roles in medical settings, clinical social workers, 15431
self esteem & sense of guilt & reactivity & neuroticism, anesthesiologists in intensive care vs internists in traditional hospital care, 5121
self perceived role definitions, hospital chaplains, 7639
smoking cessation treatment program, 30–62 yr old hospital employees, 15560
staff & patient characteristics & diagnosis, disposition decisions in general hospital, psychiatric emergency patients, 23508
staff discussion rounds, development of coping behavior & management techniques & treatment plans for problem patients who frequently visit emergency room, hospital emergency room staff, 7828
stress & hospital size, executive succession, 10590
stress management training & biofeedback & reeducation, 54 yr old female with chest pain repeatedly visiting emergency room, 10486
suspension of hospital privileges, psychiatrist, case law, 3900
training model, organizational defense mechanisms against anxiety, staff of chronic care hospital, 5094
Hostages [See Crime Victims]
Hostility
achievement striving & time urgency & hostility, male vs female college students of arts vs commerce vs science faculties with Type A vs Type B behavior pattern, India, 26601
analysis of lyrics of calypso songs, antagonism toward women, Trinidad, 1969–79, 1168
anger & hostility & aggression, close relationships & treatment, children & adolescents, 4550
anxiety & depression & hostility, rural females with mean age of 44 yrs, 17375
assessment & intervention, hostility associated with Type A behavior, 28102
compulsive eating & dieting & stress & hostility, college students, 10782
dealing with incompetent vs authoritarian vs hostile boss, employees, 21600
derivation of generalized hostility toward youth, parents & helpers & therapists, implications in therapeutic processes, 31378
evaluation of measures of Type A behavior & anger & hostility, assessment of cardiovascular disease risk, 27029
exposure to weapons following positive vs neutral vs negative personal evaluation, aggressiveness, male college students, implications for gun control policy, 22598
expression of hostility & violence in psychoanalysis, 10126
expression of hostility, male vs female 17–35 yr old Catholics vs Protestants, 17137
hopelessness & locus of control & hostility & length of treatment, depression, outpatients of rural mental health center, 4215
hostile attributions in social task, aggressive vs nonaggressive male vs female adolescents, 1009
hostile vs instrumental aggression, Type A vs Type B male college students & females in treatment for child abuse, 12091
hostility & destructive aggression in mother-infant dyad, reactive attachment disorders & child abuse & neglect, infants, 9755
latent hostility, adoptive parents & their adopted adolescents, 30643

meditation training, sense of time urgency & hostility, college students, 1964
parental hypertension associated with hostile affect & inhibition of affect, family conflict management & susceptibility to hypertension, 8–13 yr olds with hypertensive fathers, 1630
perceived qualifications, level of resentment about deprivation when resources are abundant vs scarce, unemployed nurses vs college students, 22611
primary commitment to family vs career, anxiety & depression & hostility, 21–63 yr old full-time employed females, 11963
psychic function of having enemies, 28072
psychometric evaluation of Hostility & Direction of Hostility Questionnaire, 15–76 yr old psychiatric outpatients, 8388
rational behavior training, beliefs & attitudes, hostile former criminals, 10524
relationship of coronary prone behavior to forearm blood flow & vascular resistance & epinephrine & cortisol & role of hostility in coronary heart disease, male college students & patients, conference presentation, 20632
sex & sex role orientation, perceived sex & hostility guilt for self & typical males vs females, college students, 3954
sex role stereotypy, anger expression & report of psychosomatic symptoms, college students, 9461
situational reactions of hostility, primary vs secondary psychopaths vs conforming vs inhibited nonpsychopaths in offender patient psychiatric security hospital, 26352
suspicion & hostility & feelings of displacement, Chinese minority vs White majority, US, 30583
two- vs multiple-choice response format, structure & scoring of Buss-Durkee Hostility Inventory, college students, 29780

Hot Line Services
brief empathy training program, reflective responses & understanding & interest, student hotline volunteers, 12902
degree of frequency & comfort in dealing with suicide & obscene calls & client anger & positive affect toward counselor & resistance & physical & sexual abuse, telephone crisis counselors with mean age of 34.6 yrs, training implications, 5151
effectiveness evaluation, telephone counseling & crisis intervention, literature review, 4901
evaluation of counseling style, novice vs experienced paraprofessional telephone counselors, 12741
survey of cocaine use & abuse, 22–59 yr old helpline callers, 20429
tele-accueil centers in neuropsychiatry & crisis telephone services, Belgium, 4574

Household Management
demographic variance & decision procedures, household management & fertility behavior & sex composition of families, families, India, 11914
division of labor in families, Australia, 1940–70, 1054
domestic information manipulation systems, 29560
employment, family life & child development & marital quality & parent-child relations & household labor & power, females, 25303
involuntary childlessness & 1-child parities, perception of home & work in context of family development & choice exchange frameworks, female studied from 1947 to 1971, 11916
job performance & stress & household management, single mothers, 1077
motivation & self esteem & reduction of learned helplessness, discarded homemaker despair, female 27–47 yr olds, 2–11 yr followup, 9398
nature of & attitudes toward household work, females, 25356
participation in labor force vs male participation in housework & attitudes toward female employment, working-class married females, 25362
power dependence & division of family housework, spouses, literature review, 14296
sexual division & hired labor, on- vs off-farm labor, farm households, 11858
stress, working females, West Germany, 5469
test of model for prediction of contribution to household work, male vs female adolescents in 2 parent 2 child households, 17093
validity of My Vocational Situation, assessment of vocational identity & need for occupational information & perception of barriers to vocational goals, 19–86 yr old female members of homemaker clubs & clients of displaced homemaker centers, 27034
working conditions & psychological consequences, housework vs paid employment, husbands vs wives, 6591

Housewives
attitudes & perceptions toward drug usage assessed by "informer" method, lower class 14–62 yr old homemakers & laborers & students, 30750
attitudes toward food shopping & preparation, working wives vs housewives, 29586
career & life planning, displaced female homemakers, 3-mo followup, 16003
chronic depression, middle aged housewives, 4132
depression & well-being & life satisfaction, mothers of preschool children employed outside home vs homemakers, implications for W. Gove's social role theory, 27996
factors contributing to etiology & treatment outcomes, 21–65 yr old alcoholic employed vs homemaking females in treatment program, 4-yr followup, 31799
family law, displaced homemakers, 11942
home/career orientation, appeal of career vs homemaker vs neutral magazine advertisement, females, 24058
leisure roles & income & health problems & employment background, life satisfaction, female homemakers vs retirees with mean age of 73 yrs, 12086
mental health, 25–44 yr old married working vs nonworking females, Japan, 30885
motivation & self esteem & reduction of learned helplessness, discarded homemaker despair, female 27–47 yr olds, 2–11 yr followup, 9398
roles as housewives & employment status & psychosocial environments, females with handicaps, West Germany, 31251
sex & occupational prestige & family status, depression, 25–40 yr old employed males & females & housewives, 12199
sex role identity & part- vs full-time homemaking, adjustment, White suburban mothers, 27994
social work services, role conflicts, homemakers, 26304
varying appliance brand information, brand choice & consumer confidence & satisfaction & assumptions, female homemakers, 16150

Housework [See Household Management]

Housing
analytic research methods, temporal & sociocultural significance of domestic space, couples, 18884
attitudes toward housing for elderly, residents & shopkeepers in neighborhood, 28866
behavioral science research in physical planning, 24049
care & staff & environment & hospital administration, adaptive behavior, mentally retarded 9–13 yr olds living in bungalow on hospital grounds vs mentally retarded 10–15 yr olds on long-stay ward, 7663
changes in living arrangement following hospital discharge, rehospitalization, 18–55 yr old chronic schizophrenics, 23495
community & societal contexts, alternative housing environments, aged, literature review, 16127
criminal victimization, Anglo & Mexican-American & Black elderly residents of public housing, 28310
development of Multiphasic Environmental Assessment Procedure, measurement of environmental resources of supportive residential settings, aged, 16137
factors affecting lack of suitable funding for home purchase or renovations, elderly, implications for mortgage policy, 28857
fear & aggression & interpersonal activity & disengagement from social role activities, retired aged living in independent units vs hostel accommodations in retirement villages, 4052
forced movement from urban core being redeveloped, assessment of changing social service use & need patterns, poor 50–90 yr olds living in single room occupancy hotels, 15411
futuristic prefabricated concrete city, "new town blues" & vandalism & public response, London, implications for environmental planning, 2712

housing aspirations & willingness to consider fertility limitation & childlessness, college students, test of R. A. Easterlin's theory of relative income & E. W. Morris & M. Winter's theory of family adaptation, 11917
images & experiences of high-rise housing, urban middle-class females, Israel, 8253
interest in senior citizen housing, elderly community residents, 18244
interpersonal networks & health status & well-being, 65–88 yr old residents of planned housing facilities, 3610
kin availability & living arrangements, 65–69 yr old females, 3843
method & application of analysis of domestic architecture & relationship with inhabitants, 18885
myths & realities concerning reasons for homelessness, 17125
need for combined disability & income & age criterion for eligibility for housing assistance programs, elderly, conference presentation, 31633
neighborhood satisfaction & architectural & other factors as predictors of housing satisfaction, urban 60–81 yr old males, 16130
parent's home ownership & income, home ownership, Black vs White adult children, 1071
personal/demographic & housing characteristics & attachment to home, housing satisfaction, Ss over age 60 yrs who own vs rent home, 868
physical design & service environment, social & activity behavior, elderly in public housing, 29573
place & type of residence & SES, semantic representation of words, elementary school students, 16966
postwar housing complexes, mental health, Western Europe, 21656
protected senior housing & independent & helpful personality, need for long term institutional care & compression of morbidity, aged, 4941
provision of living arrangements on college campuses & reciprocal volunteer work in departments of their expertise, retired & elderly professionals, 23732
public housing policies, housing problems due to urbanization, Brazil, 14240
racial successions in individual housing units, 1974–77, 27921
residential & activity behaviors, environmental experiences, aged, 16129
self perception & preferred type of housing, college students, 20122
temporal & sociocultural significance of constructed environment of domestic space, 18888

Hue

Abney effect, 25–32 yr olds, 3104
adaptation to dim long wavelength background, relative supersensitivity in red-green & yellow-blue equilibrium hues, human Ss, implications for mechanisms other than cone sensitivity & postreceptor effects, 8517
color preferences, perceived potency of medication capsules of various hues, males & females with mean ages of 26.3 & 24.1 yrs, implications for patient compliance, 2998
color-specific discrimination training on only or both matching-to-sample & oddity-from-sample, categorical coding of colors from different tasks, pigeons, 24560
duration of short vs long wavelength vs achromatic stimuli, colorimetric purity thresholds as measure of temporal integration functions of cone mechanisms, human Ss, 8518
hue shifts, color discrimination, normal Ss, 294
illuminance level, red-green vs yellow-blue opponent-color responses, human Os, 29841
interaction of hue & brightness dimensions, preattentive field segregation, college students, 24391
same vs different color stimuli, RT for discrimination & matching within & between hues, Os, 19188

Human Biological Rhythms

alterations in circadian rhythms & desynchronies as result of flight, human physiological & psychological functions, 13370
atropine, diurnal prolactin response to thyrotropin releasing hormone, 25–29 yr old males, 22200
bilateral synchronous ultradian EEG rhythms, 19–65 yr olds, 572
biorhythms, traffic accidents & intellectual performance, drivers & students, 22052
causality & Jung's concept of sychronicity & biofeedback, 3325
circadian changes in frequencies & powers of close-eyed waking EEG, 16–28 yr olds, 5978
circadian regularities, synchronized rhythms of sleep-wake cycle, males vs females with free-running & synchronized rhythms, 629
circadian rest-activity rhythm, 17 yr old male school refuser, 9759
circadian rhythm of plasma melatonin, 30–66 yr olds with endogenous depression, conference presentation, 30967
circadian rhythm of serotonin uptake in blood platelets, 24–40 yr olds, 30115
circadian rhythms in heart rate, shift vs day factory workers, 22049
circadian rhythms of plasma melatonin & cortisol secretion, depressed 26–58 yr olds, 22681
cognitive performance over 24-hr period, workers on 8-hr & 12-hr shifts, 16052
construction & validation of questionnaire, selection of morning- vs evening-type persons, 19073
continuous work & exercise over 45 hrs with 3 hr nap, cognitive performance, US marine reconnaissance personnel, 26765
cyclical rhythms in social & organizational contexts, entrainment of behavior, 24014
daily & annual variability in blood pressure & plasma aldosterone levels, risk of mesor hypertension, 15–59 yr old females, 30120
date of psychiatric admission, phases or critical days in biorhythm cycle, patients with major vs bipolar depression vs schizophrenia vs other diagnoses, 20372
detection of behavioral state cycles & classification of temporal structure, 76
diurnal rhythm of plasma tryptophan levels, 28–75 yr old manic depressives, 4151
endogenous circadian rhythms & applications to psychiatry, 16677
exercise at different times of day, circadian rhythms in heart rate, 19–22 yr old athletes, 22069
exposure to bright light, melatonin secretion & circadian rhythms & photoperiodism, normal & blind Ss & seasonal manic depressive patients, paper presented at Canadian College of Neuro-Psychopharmacology 1983 meeting, 1335
factors affecting consistency of circadian distribution of interictal epileptiform EEG activity, epileptic 20–66 yr old patients, 14960
factors in development of shift maladaptation syndrome, rotating shift workers, 32313
Fliess-Swaboda Biorhythm Theory, prediction of suicide occurrence, 14–78 yr old VA hospital patients, 1514
geometric activity, subjective telepathic experiences concerning death & sickness, 26876
human "biorhythmic" cycle, academic performance & neuroticism, college students, 10755
long term temporal structure of stereotypy, mentally retarded, literature review, 25704
mood variations during days of week, married males, 30866
morning vs evening, laterality in verbal vs nonverbal dichotic tasks, 33–60 yr olds, 11508
oral temperature circadian rhythm, tolerance to shift work, 21–58 yr old males, 3330
partial sensory deprivation, periodicities in basic rest-activity cycle during waking stage, 20–40 yr olds, 613
pattern of urinary excretion of testosterone glucuronide, 36–66 yr old males with Type A vs Type B behavior pattern, 6040
psychological & physiological body cycles, learning ability, 4th–12th graders, France, 5286
radiotelemetric method for measurement of vaginal temperatures, 28 yr old females, 13821
reliability & validity of sleeping behavior scale & social- & self-perceptions of personality differences, college students identified as morning vs evening people, 5627
REM & delta wave analysis, testing of two-process model of sleep regulation in assessment of abnormal sleep patterns, 20–45 yr old normal Ss vs depressed patients, 30951
rhythmicity of occurrence of endogenous depression, comments on chronological model proposed by U. Supprian, 30982
rhythms in activity of head & wrist & ankle, 23–38 yr olds, test of N. Kleitman's theory of basic rest-activity cycle, 19549
secretion patterns & circadian rhythmicity of beta-endorphin & beta-lipotropin & ACTH & response to insulin stimulation & dexamethasone suppression tests, 23–64 yr olds with chronic hebephrenic or paranoid schizophrenia, 4136

self-measurement vs automatic monitoring, circadian variability of blood pressure, 9–72 yr olds, 30118
sleep, learning & recall of nonsense syllables, sleep deprived vs nondeprived college students, 24359
suprachiasmatic vasocative intestinal polypeptide & vasopressin neurons, circadian rhythm, humans, 6006
test expectations & time of day, recall & recognition, 16–18 yr olds & college students, 385
theory of biorhythm, labor accidents, 8738
time of day & self reported mood, changes in cortisol & noradrenaline & adrenaline & dopamine levels, male graduate students, 24699
time of day, operational efficiency in tasks relevant to bridge operations on ship, college students, 2694
time of day, scores on Myers Briggs Type Indicator, college students, 220
time of day, sucking behavior during bottle feeding & interactions with mothers, neonates, 874
triazolam vs flurazepam, sleep & mood & performance, 20–33 yr olds following 12 hr shift in sleep schedules, 679
ultradian & circadian rhythms, time perception & psychomotor performance & physiological processes, humans & animals, conference presentation, 3309
ultradian cycles of eating & drinking, 18–39 yr old smokers vs nonsmokers, conference presentation, 3972
variability of blood pressure, literature review, 30119
vigilance fluctuations during regular daytime activity reflected in EEG & psychological rating scores, 16–30 yr olds, conference presentation, 619
watchkeeping schedules & circadian rhythms & efficiency, personnel of ocean going vessels, literature review, 29536
work record & shift work, circadian vibrations of heart rate, 18–21 yr old construction workers, 6036

Human Channel Capacity
concurrent memory load & problem difficulty, reasoning task performance, college students, 21885
consistent stimulus-response mapping in visual search tasks, analysis of central capacity limits, college students, test of visual information processing model, 27145
development of theory of working memory, effects of concurrent memory load & phonemic similarity & articulatory suppression & word length & unattended speech on recall & storage capacity, college students, 407
divided attention during performance of simultaneous visual search tasks, slowing of processing stages, college students, 5791
exposure to psychoemotional factors, use of EKG rest-relaxation intervals in prediction of error-free performance on tracking operation, 19–24 yr old males, 3334
information processing demands, performance on combinational ordering problems, 2nd–5th graders, 16998
information processing load of task, synchronic development of concrete operational structures, children, 11769
level of perceptual discrimination & short term memory in repetitive work, tension in neck muscles assessed by EMG & subjective feelings, college students, 13833
maintenance rehearsal & cognitive capacity, long term recognition of words, college students, 19281
mental workload construct theory vs decision making model, supervisory control of flexible manufacturing system, college students, 26826
motoric levels of subsidary task & levels of memory load, immediate memory performance, 14–20 yr old male industrial school students, 16473
neurosis-based overexertion of perception as possible cause of migraine headaches, 23019
ontogenetic approach to stress & psychological load, 9113
recall & manipulation of information in working memory, college students with good vs poor writing skills, 10774
recognition memory for numbers vs shapes, heart rate, 18–28 yr old males, 11526
recognition task manipulating cognitive load & event rate, event related desynchronization of alpha rhythm, college students, 30110
single channel theory & recent theoretical variations of cognitive central capacity & concurrent information processing, 27156
waiting time for RT experiment on CRT display, effort of preparation, Ss aged under vs over 65 yrs, 19174

Human Courtship [See Also Social Dating]
arousal & stimulus-seeking as psychobiological mechanisms underlying cultural rules & rituals associated with mate selection, literature review, 20055
assortative mating patterns, species with biparental care, 5887
attitudes toward courtship & marital role behaviors & premarital sexual behavior, Anglophones vs Francophones, Canada, 1968 vs 77, 17260
body weight & courtship behavior & self esteem, White never-married college students, 9466
characteristics of courtship preferences in personals column advertisements, male vs female homosexuals vs heterosexuals, 20048
needing & choosing a partner & collusion & satisfying aspects of relationships, males & females, 20087
physical & demographic & personal factors of romantic attraction, male vs female college students, 20084
sociological analysis of content in matrimonial advertisements in newspaper, India, 13927
spouse selection & correspondence of attributes & interpersonal behaviors, married couples, 1056

Human Development [See Also Related Terms]
absence of female God symbolism, spiritual development & social consciousness, 14268
birth cohorts, methods for study of sequences of & environmental changes in lives of individuals, 5569
clinical & Eastern philosophical viewpoints on process of growing beyond limited view of self, 15194
development of action models based on evolutionary vs mechanistic principles, 8342
developmental trends characteristic of changes in human activities throughout life cycle, 6267
dialectic-materialistic model of human development, 9138
evaluation of visibility & quality of human development journals, members of national psychological associations, France vs West Germany vs Great Britain vs US, 22288
female development & separation-individuation process, battered females, 9808
growth & development theories & mid-life counseling, 2132
Imago Dei & object relations theory, implications for model of human development, 19981
implications for person-environment interactional paradigm for research on human development, review of empirical studies from longitudinal program, 29693
interbehavioral approach of J. R. Kantor, human development, 25029
knowledge of meaning & prevention & management of obesity, eating & feeding behaviors throughout life, females, 9104
life cycle theory, pastoral premarital & marriage counseling, 4915
plasticity of human development, physically handicapped children, 9906
prediction of human behavioral development, 9092
reconciliation of Freudian & humanistic/transpersonal views of human nature & development, 24122
relationship between developmental principles of individual vs societal history, 13453
social consciousness & spiritual formation, bibliography, 14254
theory of human development & paranormal cognition, 3–70 yr olds, comments on paper by F. Spinelli, 16163
trends in theory of human psychological development, literature review, 6266
use of human development theory in professional work, entry level college student personnel administrators, 26494
views of historical development of humans, 13450

Human Factors Engineering
activities of North Atlantic Treaty Organization Human Factors Program, 1967–83, 5499
adjustable furniture, perceived comfort, telephone operators who work at video display terminals, 2707
advancement in flexible voice output techniques for man-machine communication, 21649
application of ergonomic principles to study & development of sports training equipment, 18880
artificial intelligence research & applications to human factors & automation & robotics, 24149

auditory information systems in military aircrafts, 21645
automation systems for transacting & documenting & telephoning & meeting functions in business offices, 26819
behavioral research, design & use of decision-making assistance computer software, 8362
communication of expert knowledge & information, human factors engineering, 11013
comprehensibility & recall of miniature computer programs, nonprogramer college students, 5492
comprehensive maximum acceptable weignt of lift data for 8-hr work shifts, male & female industrial workers, 13349
computer aid to history taking & diagnosis in hospital outpatient clinic, physicians, 2788
conventional facia vs facia picture vs text annunciator systems, task performance & ratings of associated difficulty, 19–27 yr old trainee operators, 5495
courseware development & screen display design & instructional management, computer-based personnel training, 10932
CRT display saturation & contrast & field size & adaptation level, color discrimination under conditions of ambient illumination, 18881
current photographic techniques in measurement of motion in sports, 18876
design criteria, passive solar vs woodburning households, implications for accommodation of household & individual behavior, 26831
design of computer-based learning programs in terms of courseware ergonomics, 11010
determination of stereotypes for lever control of object motions using computer generated graphics, college students, 5494
development of ergonomics in industry, East Germany, 8249
development of Human Resources Research Organization, 26817
development of organizational cooperation in ergonomics, Council for Mutual Economic Aid member countries, 8245
development of wide-field-of-view helmet-mounted infinity display system for use in combat mission training, US Air Force pilots, 29562
economics & implementation of high technology methods & psychology, UK, 8247
factors affecting acceptability of liquid crystal displays with typical line degradations, 21641
fatigue & cognitive skills & information processing & attention & emotional state, possible air traffic accidents, 26.5–42.5 yr old Air Force C-5 pilots, 26822
female revolutionary personality in career of R. Luxemburg, 6548
full work day of lifting psychophysically selected loads, cardiovascular & metabolic & subjective fatigue, male soldiers, 24039
function allocation in design & development of systems, humans vs machines, 26824
human factors research needs, effects of individual differences on job performance, 10949
importance of description & assessment of posture tolerability in analysis of posture in work settings, 24033
job analysis method, assessment & comparison of job demands characterized by different human activities, car engine assembly workers, 24041
knowledge of failure odds & smoothed outputs, human failure detection in dynamic systems, college students, 24044
lines of progress & semilogarithmic charts, interrater agreement & ratings of significance on changes in level & trend, female graduate students, implications for visual analysis of charted data, 8239
measurement of disability & discomfort glare from automotive rear-view mirrors, Ss less than 25 yrs & over 64 yrs old, 8246
media in instructional design, job performance, employees, 10928
mental workload construct theory vs decision making model, supervisory control of flexible manufacturing system, college students, 26826
model for assessment of keyboard communication techniques for scanning-input systems, severely disabled, 18877
model for postoccupancy evaluation, severely mentally impaired elderly residents of nursing homes, 13363
opinion vs secondary task vs physiological vs primary measures, assessment of perceptual workload, pilots, 13342
optimization of design of computer systems menu page index, naive computer users, 13347
perceptual structure cueing aspects of spatial layout & typeface in command language design, college students, 5497
performance aids, interface design & performance strategy in optimization task, 20–30 yr olds, 26816
possibilities for low-cost voice-input aids, severely physically disabled, 26818
postural condition & time on circuit board inspection, posture & postural comfort & stress & task performance, 24–36 yr old engineering students, 32323
posture, knowledge of work space & gauging of actions, high-speed precision work operators, 24038
problems of daily living & person-environment interaction, aged, review of gerontology & human factors research, 16128
progress in automated speech recognition technology & relevance for human-machine interfaces, 21647
psychophysical constraints, establishment of acceptable maximum work loads, industrial workers, 24042
psychophysical methods, development of recommendations for permissible lifting work loads, implications for incidence of low back pain & disability & compensation, 24043
psychophysiological factors, pilot errors & accident rates, Air Self Defense Force, Japan, 2698
reliability & validity of physical effort index, assessment of metabolic & ergonomic costs of task performance, 2893
research in human-computer interaction, human factors engineering, 11011
research on use of applied methods in human factors engineering, 11012
review of controversy surrounding Hawthorne studies on social influences in work place, 21632
safety of infant high chairs in restaurants, 2704
semantic complexity of program modules, recall & hand execution performance, college students, 7978
signs with airplane silhouette &/vs route arrow & congruence of silhouette's orientation & arrow direction, response times & accuracy of derived directional information, urban drivers, 32332
simulated Seidel aberrations, visual target discrimination, 23–43 yr olds, implications for assessment of visual image quality for afocal instrument design, 3042
speech recognition & generation, human control of machine systems & information display, literature review, 32331
standardized ergonomic job analysis methods, Luxembourg, 24046
supervisory control systems, human factors engineering, 11014
telecommunications perspective of interaction with machines by voice, males & females, 21651
text displayed on CRT vs paper & type of error annotation, proofreading performance, 34–61 yr olds, implications for computer applications, 29492
theoretical model of framework for studying & planning performance improvement programs for multifunctional workstations, program users, 29571
use of ergonomics, developing countries, 13353
work station lighting & screen quality, visual accommodation, visual display unit operators with mean age of 27 yrs, 13354

Human Females [See Also Adolescent Mothers, Daughters, Female Criminals, Female Delinquents, Housewives, Mothers, Sisters, Unwed Mothers, Widows, Wives, Working Women]
absence of female God symbolism, spiritual development & social consciousness, 14268
abuse by police & psychiatric interventions, institutionalized female, 23523
acceptance of nuclear technology, women from areas with nuclear power stations, Japan, 13359
accommodation & resistance in response to stereotypical sex-role expectations, affluent & working-class & middle-class females, 6564
acculturation & health & illness beliefs, Mexican vs Mexican-American vs Anglo-American females, 30582
achievement motivation & performance & personality, female high vs low achieving college students, 29281
acute marihuana smoking during menstrual cycle phases, pulse rate & mood states, 21–36 yr old females, 24874
adjectives used to describe ideal significant figures, female students, 6650
adjustment to postgraduation roles as officers, 1st women to graduate from US Military Academy at West Point, 16115

Aequus principle, male & female equality, implications for pastoral counseling, 30727
aerobic/circuit weight training vs aerobic/calisthenic training, physical fitness, female, naval personnel, 21535
affective disorder & alcohol or drug abuse, females with bulimia, 22972
age & income level, attitudes toward & significance of family-related issues regarding marriage & childrearing, female 18–34 vs 35–59 yr olds vs females over age 60, 9469
age at menarche, spatial ability & verbal fluency, female college students, 9127
age differences & preferred type of stimulation, orgasmic experiences, 18–59 yr old females, 6593
age differences, field independence, creative 23.7–77.1 yr old females, 30500
age, husband-wife communication & adjustment during menopausal phase, 40–55 yr old females, 27727
age vs level of education & degree of assimilation, fertility patterns, 15–49 yr old migrant Hispanic farm females, 19976
age vs marital status vs personal income vs need for functional assistance, living arrangements, single White females 65 yrs & older, 14204
alcohol & nicotine & marihuana use 1 yr prior to & during pregnancy, females, 1978–79 vs 1980–82, 6604
alcohol consumption during pregnancy, fetal damage, pregnant females, Scotland, 3977
alcohol consumption, females 18 yrs & older, 17283
alcohol consumption, 15–44 yr old Mexican American vs White females, 6606
alcohol ingestion, sleep-disordered breathing, 20–40 yr old premenopausal females, 16736
alcohol rehabilitation, changes in self regard & masculinity & femininity at 30 vs 90 days after intake, 20–62 yr old female alcoholics in halfway house, 18390
alcoholism & depression among 1st degree relatives & clinical depression, females with idiopathic pelvic pain, 31206
alcoholism, treatment outcomes, females, literature review, 1972–80, 26394
alcoholism treatment program use model of L. Beckman & K. M. Kocel, use of alcohol treatment agencies, females, 26375
American Council on Education Fellows Program, ascent toward administrative posts, women & minorities, 16008
amniocentesis & female infanticide, implications for policy making, India, 30563
analysis of lyrics of calypso songs, antagonism toward women, Trinidad, 1969–79, 1168
anthropological view of marihuana use, 17–48 yr old rural females, Jamaica, 17286
antiandrogen therapy, sexuality, females with hyperandrogenism, conference presentation, 28733
antiandrogen treatment with cyproterone acetate & ethinylestradiol, responses to induced stress, 21–29 yr old hirsute females with oligomenorrhea, 23334
anxiety & depression & hostility, rural females with mean age of 44 yrs, 17375
application of Gottfredson's circumscription-compromise theory, campaign to change occupational sex role stereotypes, high school age females, 30534
assertiveness & cognitive processing in heterosexual interpersonal situations, female college students, 25409
assertiveness training, self esteem, female adolescents, 4750
assessment of health & mental health needs & satisfaction in VA psychiatric hospital, female patients, 15502
assessment of self esteem & psychological androgyny, 23–81 yr old clergywomen, 22548
athletic similarity & attitudes toward women, perceived physical attractiveness & liking of female varsity athlete, male & female college athletes, 20119
attentional & cognitive styles, hyperactive 1st & 2nd grade females, 7039
attitude & behavioral determinants, coital & masturbatory orgasmic responsiveness, 18–52 yr old sexually active females, 30734
attitudes toward Black African college student males & interracial marriage, 20–25 yr old female college students, France, 30612
attitudes toward breast feeding, 14–18 yr old female high school students, United States vs Israel, 27869
attitudes toward contraception & relationship with mother & presence of father in home, prediction of contraceptive use, 12–16 yr old females who had been pregnant once vs twice in 2 yrs, 22371
attitudes toward enforcement & stress & social causation, policewomen, 18837
attitudes toward female executives, male vs female graduate business students, 1975 vs 1978 vs 1983, 21544
attitudes toward female police officers, male vs female police officers, 5441
attitudes toward friendship, males vs females of 21 yrs of age & older, 17396
attitudes toward women, junior high school females, 9292
attitudes toward young female's vs male's education & husband's perceived control over decisions relating to women's rights to education & work, Muslim females of Pakistani Punjabi background, Scotland, 14277
attribution & meaningfulness of pregnancy & expectations for coping, females undergoing 1st trimester abortion, 20054
attributional effects of group performance, perceptions & evaluation of female leaders, college students, 9523
bank loans, poor females, India, 22419
barriers to friendship & understanding feminism, females, 11958
beauty norms & role of media, body image & self esteem & development of eating disorders & other health problems, female adolescents, 11799
behavior & attitudes regarding sexuality & abortion & contraception, 37–46 yr old females, Sweden, 27986
behavioral & insight-oriented & feminist group psychotherapy, battered females, 10177
beliefs & attitudes toward sex discrimination & female economic opportunity & racial equal opportunity, survey respondents over 18 yrs of age, 3770
binge eating & self-induced vomiting & laxative abuse, female respondents to documentary on bulimia nervosa, 9923
biofeedback provided by Sims-type EMG probes & psychotherapy, vaginismus, 24–30 yr old women & their spouses, 31443
biography & contributions to knowledge of aphasia, A. Dejerine-Klumpke, France, 11483
biological & adoptive parental criminality & alcohol abuse, high frequency vs diversiform somatiform disorders, adopted 24–44 yr old females, Sweden, 7017
biological & social & psychodynamic factors, etiology of anorexia nervosa, female patients, 4430
biological & social determinants, responsiveness to infants, 10–15 yr old females, 9282
biological vs environmental factors, depression, females, 12201
birth order & sex & work values, attitudes toward women as managers, male vs female college & graduate business students, 30718
blood pressure, rural vs urban females, India, 3314
breast reconstruction immediately vs within vs after 1 yr, psychological adjustment & social adaptation & satisfaction with reconstruction, female mastectomy patients with mean age of 48 yrs, 15389
broad suggestion framework & behavioral program, vaginismus, 7360
Buddhist view of female gender, Thailand, 14261
business organizations & advancement to top management, females, 32274
career & family plans, female college students, 30622
career & marital status & personality, 29–39 vs 40–55 yr old females, 970
career values & beliefs & personal & professional commitments, 35–60 yr old female executives, 10965
changes in feminine role, 18–55 yr old married females, Italy, 3968
